U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are “commercial computer software” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate failsafe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited. The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

This software or hardware and documentation may provide access to or information on content, products and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services.

1. Release Notes

1.1 **Background**

Oracle Financial Services Software Limited has developed Oracle FLEXCUBE Universal Banking, which enable banks to create a distributed network of branches for effective marketing and efficient handling of customer transactions.

1.2 **Purpose**

The purpose of this Release Note is to propagate the enhancements in Oracle FLEXCUBE Universal Banking 14.6.1.0.0.

A patch release is an official Oracle patch release for Oracle FLEXCUBE Universal Banking. The fourth & fifth digit in a patch release string indicates the patch release number. The first three digits indicate the release to which the patch is applied. For example, release 14.6.1.0.0 is the first patch for Release 14.6.0.0.0 each patch release includes libraries and files that have been rebuilt to implement one or more fixes. Each patch release is incremental. In other words, the latest patch release includes new fixes released after last patch released for the same release.

1.3 **Patch Requirements**

Customers installing this release should refer to 14.6_Patchset_Deployment_Guidelines.docx and 14.6.1.0.0 Java Services Deployment Guidelines.docx included in the Patch Release zip file. Confirm this patch release applied after applications of previous patch releases up to 14.6.0.0.0 completed successfully.

1.4 **Applying the Patch Release**

Customers installing this patch release should refer to the "Installation Guide" chapter in the Oracle FLEXCUBE Universal Banking Release 14.6 Install and Upgrade Guide, which is available here:

https://docs.oracle.com/cd/F42208_01/install.htm

Customers installing this patch release should refer to the Readme, Patch set and Java Services deployment guides included in the Patch Release zip file

1.5 **Release Highlights**

The rationale for the product release of Oracle FLEXCUBE Universal Banking version 14.6.1.0.0 is to support regulatory requirement and enhance features that are essential in competitive market.

Following are the features included in the release along with forward porting of applicable fixes related to the incidences reported in previous versions and technical qualification to comply with approved Tech Stack.

- Composite MIS replication in Common Core
- Technical changes to product for as part of quality improvement and support
- Latin America Localization Features enhancement

1.5.1 Composite MIS replication in Common Core

- For customer creation and modification at FCUBS there would be a replication of composite MIS in common core along with customer.

1.5.2 Technical changes to product for as part of quality improvement

- Multiple changes are introduced as part of quality improvement and support of the product processors
 - Issues Resolved: Please refer FLEXCUBE bug lists which has been appended with the new bugs for the overview of the bugs which were addressed part of this release.
 - Forward Porting has been applied to manage the solutions provided against CCB and other customer request/concerns
 - Changes to Common Core modules are introduced where impacts for the CORE modules are originating from FLEXCUBE and other product processors

1.5.3 Latin America Localization Feature Enhancements

- Following features are introduced in the LATAM localisation pack
 - Cheque Book Cheque Types
 - Cheque Book Numbering
 - Cheque Book Personalization
 - Issuing Continuous Cheques and Emergency Cheques
 - Cheque book Delivery Instructions
 - Cheque book Delivery Status and Cheque Book Status Mapping
 - Cheque book Replacement Slips
 - Blocking of Cheque Book Delivery and Replacement
 - Cancellation/Destruction of Cheque Book
 - Cheque Stop Payment
 - Reversal of Cheque stop payment
 - Cheque book Life Cycle Query
