# 1. Preface

## 1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

## 1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

## 1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

## 1.4 Structure

This manual is organized into the following categories:

*Preface* gives information on the intended audience. It also describes the overall structure of the User Manual.

*Introduction* provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

## 1.5 Related Information Sources

For more information on Oracle Banking Digital Experience Patchset Release 22.2.1.0.0, refer to the following documents:

- Oracle Banking Digital Experience Licensing Guide
- Oracle Banking Digital Experience Installation Manuals

## 3. Accounts

Current and savings accounts are the most basic and critical products of retail banking. Most banking customers hold either a current or a savings account with their banks. Banks, in turn, encourage the use of current or savings accounts as it results in a higher profit margin for the bank.

This application provides a platform by which banks are able to offer their customers an enriching online banking experience in performing activities on their accounts.

Through the online banking application, customers can perform various activities on their accounts. Customers can view account balances and statements, initiate service requests and perform other inquiries as well as perform financial transactions on their accounts.

### **Features Supported In the Application:**

The retail accounts module of the application supports the following features:

- Overview Widget
- Current & Savings Accounts Summary
- Current & Savings Account Details
- Debit Card Limits
- Apply for New Debit Card
- Block/ Unblock Debit Card
- Upgrade Debit Card
- Update Debit Card Limits
- Re-issue Debit Card
- Request for new Debit Card PIN
- Reset Debit Cards PIN
- Cheque Book Request
- Cheque Status Inquiry
- Stop/Unblock Cheque
- View Account Statement
- E-Statement Subscription
- Request Statement
- Download Pre-Generated Statements
- Sweep-In

### Pre-Requisites

- Transaction access is provided to retail users
- CASA (Current and Savings Account) accounts are maintained in the host system under a party ID mapped to the user

---

**Note:** In application

- 1) Account searchable drop-down will allow user to search the account number basis on the Account Number, Account Name, Account Currency or Branch Code.
  - 2) Bank can configure the fields to be shown as additional values in the accounts drop-down.
  - 3) International Bank Account Number (IBAN) is now available in account searchable drop-down in place of current and savings account (CASA) number.
- 

## 3.1 Overview Widget

The retail dashboard page displays an overview of the customer's holdings with the bank as well as links to various transactions offered to the customer. The **Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans, Credit Cards, and Investments. It is a container and user can scroll from left to right, right to left. On clicking on any account type record, the widget displays details specific to that account type. One such example is that of Current & Savings accounts.

On selection of account type **Current & Savings**, details of the current and savings accounts held with the bank are displayed on next page. The Current & Savings Accounts summary page provides users with a holistic view of all their both Islamic and Conventional active/dormant accounts along with the basic details of each current & savings account.

General details such as the total amount due for bill payment, the total count of current & savings accounts and the total net current balance, Total debit cards linked to the account are also displayed.

On Summary page the basic details of individual accounts are displayed as record. Each record displays basic information of the account which comprises of the account number, Available Balance and the kebab menu. Each record also has a kebab menu which enables the customer to quickly access related screens.

---

Note: The Overview widget is available on both desktop and mobile (responsive) view.

---

### How to reach here:

*Dashboard > Overview Widget > Current and Savings*

The screenshot shows the 'Overview' section of a Futura Bank account. At the top, there is a search bar with the placeholder text 'What would you like to do today 😊?' and a user profile icon labeled 'JD'. Below the search bar, the 'Overview' section is divided into three main cards: 'Current & Savings', 'Credit Cards', and 'Term Deposits'. Each card displays key financial metrics. Below these cards, there are three smaller sections: 'Bills' (showing an overdue bill for GBP 104.50), 'Recent Transactions' (with a dropdown menu for account selection), and 'Quick Insights' (displaying a message: 'You have made partial credit'). A notification bell icon with a red '1' is located on the right side of the dashboard.

**Overview**

**Current & Savings** (4 Accounts)  
Current Balance: GBP 19,206,287.50  
Linked Debit Cards: 4  
Bills Due: GBP 416.50

**Credit Cards** (3 Cards)  
Current Dues: GBP 16,700.00  
Minimum Due: GBP 0.00  
Available Credit Limit: GBP 18,300.00

**Term Deposits** (17 Deposits)  
Current Balance: GBP 16,506,549.00  
Principal Amount: GBP 16,521,509.00  
Maturity Amount: GBP 17,085,942.24

**Bills**  
Engie: GBP 104.50 (Due On 4/1/23) - Overdue - Pay Now

**Recent Transactions**  
Accounts: xxxxxxxxxxxxxxx0022

**Quick Insights**  
You have made partial credit

## 4. Current & Savings Accounts Summary

The Current & Savings Accounts summary page provides users with a holistic view of all their current and savings accounts held with the bank.

All the active & dormant Current & Savings accounts of the user are listed as records. Each record comprises of information such as account number, status (only in case of dormant accounts), account nickname (if assigned), product name, current balance, and available balance. The user can view further details of each account or view the summary of transactions undertaken through that account, by selecting the provided option under the kebab menu of each account record.

The user can also navigate to other Current and Savings account related screens from the general kebab menu provided on the screen.

Bank can configure and enable customizable UI display/download option for the end users. Using this feature, users can personalize the information to be displayed/downloaded from search grid displayed on the screen.

By clicking on 'Preference' option available on the screen, user can

- Rearrange columns
- Remove specific columns.

---

Note:

- 1) The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
  - 2) The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.
- 

### How to reach here:

*Dashboard > Toggle Menu > Menu > Accounts > Current & Savings > Current & Savings Accounts*

*OR*

*Dashboard > Overview Widget > Current & Savings Cards*

*OR*

*Access through the kebab menu of transactions available under the **Current & Savings** module*

## 6. Debit Cards

Debit cards are used for funds withdrawal at ATMs and for making purchase transactions at Point of sale (POS) terminals. Since debit cards are used for most basic banking transactions, it is essential for the bank to provide a means by which customers can view the details of their debit cards as well as apply for new debit cards online.

This feature enables customers to view details of debit cards linked to their current or savings accounts and also to apply for a new debit card on any of their accounts.

### How to reach here:

*Dashboard > Toggle menu > Menu > Accounts > Current & Savings > Debit Cards*  
OR

*Access through the kebab menu of transactions available under the **Current & Savings** module*

### Debit Cards

The screenshot displays the 'Debit Cards' section of the Futura Bank customer portal. The interface includes a navigation bar with 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. The user is identified as 'Jesal Bohr' with a last login time of '15 Aug 01:19 PM'. The main content area lists five debit cards:

Card Product	Card Number	Customer Name	Expiry Date	Status	Account Number

<b>Customer Name</b>	Name of the debit card holder.

<b>Field Name</b>	<b>Description</b>
<b>Card Expiry Date</b>	The date on which card will expired.
<b>Account Number</b>	Displays the account number to which debit card is linked.

- Click on the kebab menu available against the individual cards to access debit card related transactions.  
OR  
Click on the general page level kebab menu to access current & savings account related transactions.

[Home](#)

## 7. New Debit Card

This feature enables customers to submit requests for new debit cards to be issued against their operating accounts. Customers can request for new debit cards to be issued against any of their current or savings accounts. While initiating the request for a new debit card, the customer must specify the reason for which a new card is being requested and also define the name to be embossed on the card. The customer must also specify where the new card has to be delivered.

This feature acts as a service request (SR) and an SR number is generated when the customer submits the request. Customers can track the status of their service requests by clicking on the Track Request link provided on the Service Request widget or by directly selecting the Track Request option from the toggle menu.

### How to reach here:

*Dashboard > Toggle menu > Menu > Accounts > Current & Savings > Debit Cards > kebab menu > Apply for New Debit Card*

*OR*

*Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen*

## 8. Debit Card Limits

A customer can view the limits of an existing debit card linked to his current or savings account. The customer can view the existing limits and has the option to update the limits of active debit cards. In addition to the existing limits, the screen also displays the maximum limit count/ amount that can be set for the card.

The customer can view the various transaction limits associated with the debit card. The system displays limits in terms of count and amount in each category, which are as defined below:

- Own ATM Limits
- Remote ATM Limits
- Own Point of Sale Limits (PoS)
- Remote Point of Sale Limits (PoS)
- E-commerce Limits

The customer also has the provision to configure a combined limit on his debit card. It is the maximum allowed limit across all sections and if this limit is breached, user will not be allowed for any further transaction on the day irrespective of the individual daily limits set under various categories.

---

**Note:** Combined Limits will be applicable only for third party host system.

---

### How to reach here:

*Dashboard > Toggle menu > Menu > Accounts > Current & Savings > Debit Cards > kebab menu > Debit Card Limits*

*OR*

*Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen*

### 8.1 View Daily Limits

#### To view the debit card limits:

1. From the **Card Number** list, select the debit card whose limits you wish to view. The **Debit Card Limits** screen displaying the **Daily Limits** applicable on the selected card, appears.

## 9. Block Card

Debit card fraud costs individuals and businesses millions of dollars every year globally. The speed at which fraudulent transactions can be performed on a stolen debit card is incredible; hence customers need a means by which to communicate the status of a lost or stolen card to the bank in the fastest possible manner with least amount of friction.

The Block Debit Card feature enables users to report stolen or lost debit cards to the bank, so that the bank can block the processing of any transaction performed on the debit card immediately.

This feature also enables the user to replace damage cards or stolen/lost cards with new card by requesting request for a replacement debit card which will have the same attributes as that of the debit card that is being blocked.

### How to reach here:

*Dashboard > Toggle menu > Menu > Accounts > Current and Savings > Debit Cards > kebab menu > Block Card*

*OR*

*Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen*

## 10. Upgrade Card

Using this option, the user can upgrade his existing debit card. The user might wish to upgrade his debit card in order to avail better benefits and facilities.

### How to reach here:

*Dashboard > Toggle menu > Menu > Accounts > Current and Savings > Debit Cards > kebab menu > Upgrade Card*

OR

*Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen*

### Upgrade Card

The screenshot shows the 'Upgrade Card' interface in the Futura Bank mobile app. At the top, there's a navigation bar with 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. Below that, the user is logged in as 'Welcome, keron Bohr' with a last login time of '17 Aug 12:20 PM'. The main form area is titled 'Upgrade Card' and contains several sections: 'Card Number' (XXXXXXXX3801ACTIVE), 'Account Number' (XXXXXXXXXXXX0011), 'Card Type' (GOLD), 'Upgrade To' (PLATINUM EDGE), 'View Details' (link), 'Delivery Location' (radio buttons for 'My Address' and 'Branch Near Me'), and 'Postal' (Flat No 34, sector 34, Goregaon 12, Mumbai, IN, 516132). There is a checkbox for 'I accept Terms and Conditions' which is checked. At the bottom of the form are 'Submit' and 'Cancel' buttons. A 'Note' box on the right side of the form provides additional information about the upgrade process.

### Field Description

Field Name	Description
<b>Card Number</b>	The card number in masked format.
<b>Account Number</b>	Account number in masked format.
<b>Card Type</b>	The current product name of the card.

<b>Upgrade To</b>	Select a variant of the debit cards available to upgrade the debit card.
<b>View Details</b>	Link to view the features of the debit card selected in the <b>Upgrade Card</b> list.
<b>Delivery Location</b>	Select a location where the new card is to be delivered. The options are: <ul style="list-style-type: none"> <li>• My Address</li> <li>• Branch Near Me</li> </ul>

This section appears if you select the **My Address** option in the **Delivery Location** field.

<b>Select Address</b>	The address at which the replacement card is to be delivered. The options are: <ul style="list-style-type: none"> <li>• Residence</li> <li>• Postal</li> <li>• Work</li> </ul>
-----------------------	---

<b>Address</b>	The complete address of the primary account holder's work place, residence or that defined as postal address will be displayed based on which option has been selected in the address selection field.
----------------	--

This section appears if you select the **Branch Near Me** option in the **Delivery Location** field.

<b>City</b>	The customer can filter branches based on city.
<b>Branch Near Me</b>	The customer can select a branch at which the new card is to be delivered. The names of all the branches in the city selected in the previous field will be displayed.
<b>Branch Address</b>	The complete address of the branch selected will be displayed once the customer selects a branch.

The following section appears, if the user selects a debit card variant in the **Upgrade Card** list and clicks on the **View Details** link.

<b>Name of the Debit Card Variant</b>	The name of the debit card variant available for selection.
<b>Domestic</b>	The limits applicable on the debit card for use within the country.
<b>POS Limit</b>	The daily usage limits on the cumulative amount allowed for payment at a Point of Sales (PoS) terminal of own bank.

---

**Daily cash withdrawal limit** The daily limits on the cumulative amount allowed for withdrawal at an ATM of own bank.

### International

The limits applicable on the debit card for international usage.

**Remote ATM Limits** The daily usage limits on the cumulative amount allowed for withdrawal at an remote ATM.

**Daily purchase limit** The daily limits on the cumulative amount allowed for purchase.

**Remote POS Limits** The daily limits on the cumulative amount allowed for payment at a Point of Sales (PoS) terminal of another bank.

**E COMMERCE Limit** The daily Usage limits on the cumulative amount allowed for e-Commerce.

**Offers** Displays the offers available on the debit card variant.

## 12. Request PIN

A debit card PIN is required to authenticate any debit card transaction. Without a PIN, the customer will not be able to withdraw funds from his account or make any Point of Sale purchases. This feature enables a customer to request for a new debit card PIN to be delivered at the address of his choice.

The debit card PIN request is a service request transaction and on initiating the request, an SR number is generated, which can be used by the customer to track the status of the request. Duplicity checks are done by the system to ensure that no duplicate requests are being initiated.

### How to reach here:

*Dashboard > Toggle menu > Menu > Accounts > Current and Savings > Debit Cards > kebab menu > Request PIN*

*OR*

*Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen*

### Request PIN

### Field Description

Field Name	Description
Card Number	The card number in masked format.
Account Number	Account number in masked format.

Field Name	Description
------------	-------------

<b>Delivery Location</b>	Select the location where the debit card PIN is to be delivered. The options are: <ul style="list-style-type: none"> <li>• My Address</li> <li>• Branch Near Me</li> </ul>

## 15. Cheque Status Inquiry

The **Cheque Status Inquiry** transaction enables customers to view the status of cheques written by them at any point of time. The customer can view the status of either a single cheque by providing a cheque number or that of a cheque series by defining a cheque range.

Customers can also search for cheques based on their status i.e. used, not used, stopped, etc.

---

**Note:** The **Range** and **Status** fields are displayed if the Oracle Banking Digital Banking Experience application is integrated with **Universal Banking Solutions** and the region is not **India**.

---

### How to reach here:

*Dashboard > Toggle menu > Menu > Accounts > Current & Savings > Cheque Status Inquiry*  
OR

*Access through the kebab menu of transactions available under the **Current & Savings** module*

### Cheque Status Inquiry

The screenshot displays the 'Cheque Status Inquiry' page in the Oracle Banking Digital Banking interface. The page header includes 'futura bank' and a search bar. The user is logged in as 'tata sup' with the last login time '17 Aug 10:57 AM'. The page title is 'Cheque Status Inquiry'. The main content area shows the following fields and options:

- Account Number:** xxxxxxxxxxxx0014
- Account Balance:** EUR298,700.00
- Search By:** Radio buttons for 'Number', 'Range', and 'Status' (selected).
- Cheque Type:** Not Used
- Buttons:** 'Apply' and 'Reset'

A 'Tips' box on the right side of the page contains the following text:

**Tips**  
Always ensure that you have a record of cheque serial numbers for cheques you have issued.  
The more payments you make on Online Banking the fewer cheques are likely to go astray and need stopping.

At the bottom of the page, there is a copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. |Security|Information|Terms and Conditions'

## 16. Stop/ Unblock Cheque

Cheques are physical instruments used for the purpose of making payments. A customer might require to block a cheque payment in case the cheque has been lost or stolen. Hence it is critical to provide an option to stop such cheques so that they cannot be misused.

The Stop/ Unblock cheque feature enables a customer to stop a cheque that has been issued for making payment. In order to request for a cheque to be stopped, the customer will have to specify the account number from which the cheque has been issued as well as the cheque number and the reason for which the request is being raised. In addition to requesting for a stop cheque on a specific cheque, the customer can also request for a stop cheque to be performed on a cheque series by specifying the cheque range.

Additionally customers can also request for a cheque or cheque range that has been stopped or blocked to be unblocked.

Both stop cheque as well as unblock cheque requests are online i.e. do not require manual intervention by a bank official and the specific cheque or cheque range is immediately stopped or unblocked based on the request raised.

### How to reach here:

*Dashboard > Toggle menu > Menu > Accounts > Current & Savings > Stop/Unblock Cheque*  
OR

*Access through the kebab menu of transactions available under the **Current & Savings** module*

## 17. Transactions

Customers can track the transactions taking place in their accounts. This feature enables customers to view the details of all the transactions performed in their accounts. All the debit and credit entries along with each transaction amount and reference details are displayed.

Bank can configure and enable customizable UI display/download option for the end users. Using this feature, users can personalize the information to be displayed/downloaded from search grid displayed on the screen.

By clicking on 'Preference' option available on the screen, user can

- Rearrange columns
- Remove specific columns.

---

Note:

- 1) The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
  - 2) The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.
- 

Customers can also undertake the following from this screen:

- Request for Statements – The customer can access this option by selecting the **Request Statement** option from the kebab menu. The user will be able to define the period for which he/she requires to receive statements at his/her registered address.
- Download Pre-Generated Statements – The customer can select the **Pre-Generated Statement** option from the kebab menu on this page, in order to be provided with the facility to define the period for which he/she would like to download pre-generated statements.
- Subscribe for E-Statements – By selecting the **E-Statement** option from the kebab menu, the user will be able to either subscribe or unsubscribe (if subscription is active) for e-statements for the specific account. If the user opts to subscribe for e-statements, he/she will receive monthly e-statements on his/her registered email address.

**How to reach here:**

*Dashboard > Overview Widget > Current & Savings > Current & Savings Account Kebab menu > Transactions*

OR

*Dashboard > Toggle Menu > Menu > Accounts > Current and Savings > Transactions*

OR

*Access through the kebab menu of transactions available under the **Current & Savings** module*

**To view transactions:**

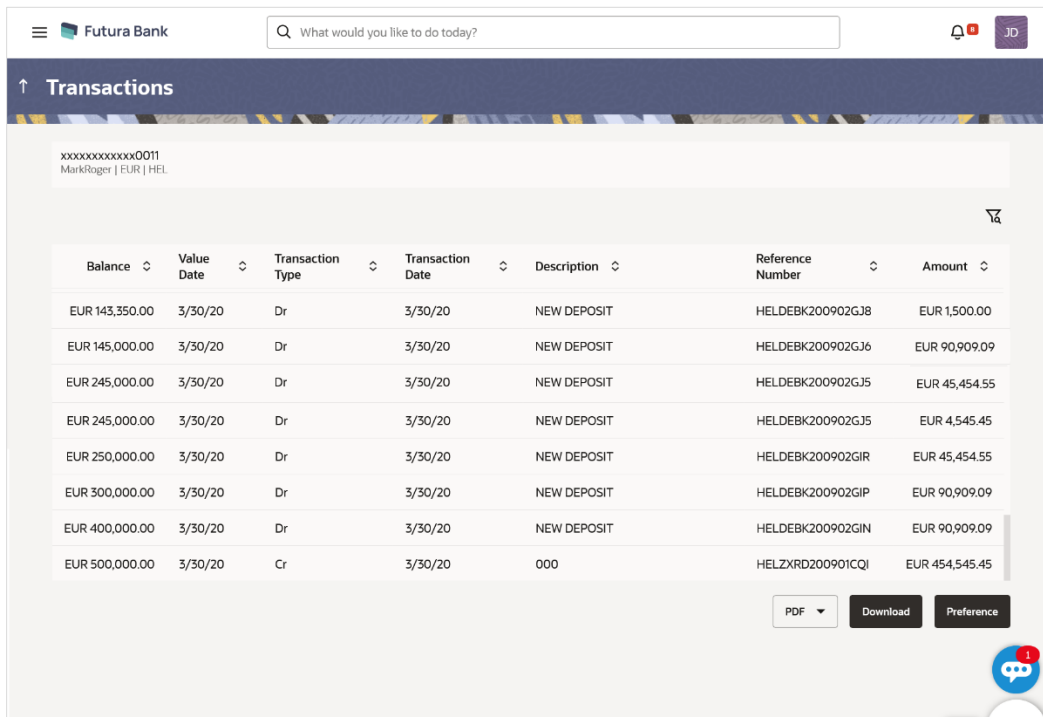

1. From the **Account Number** list, select the account of which you wish to view transactions.
2. From the **View Options** list, select the desired transaction period.
  - a. If the option **Date Range** has been selected in the **View Options** list, specify the date range in the **From Date** and **To Date** fields.
3. In the **Amount** field, enter the specific transaction amount matching to which you wish to view transactions.

4. From the **Transaction** list, select the types of transactions to be displayed i.e. either debit or credit or all transactions.
5. In the **Reference Number** field, enter a transaction reference number if you wish to view a specific transaction record.
6. Click **Apply** to view transactions based on the defined criteria.  
OR  
Click **Reset** to clear the details entered.

Click **PDF** and select the format in which the statement is to be downloaded.  
The statement gets downloaded.  
Click on the **Download** to download the records in CSV & PDF format.  
OR  
Click **Preference** to setup a column preferences by rearranging or removing columns.
8. The following actions can also be performed in the screen:
  - Subscribe for E-Statements.
  - Request for a specific statement
  - Download Pre-Generated Statements.

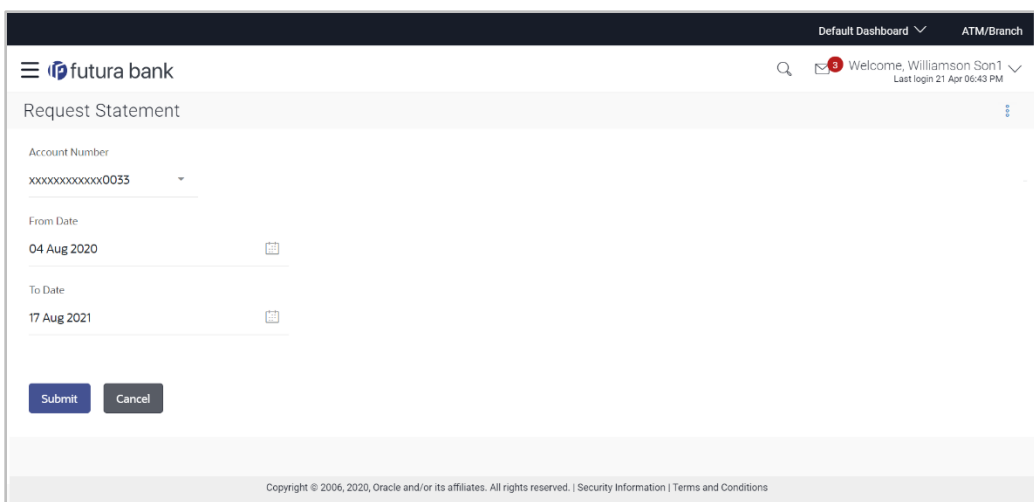

## 17.1 Request Statement

A user may require the physical copy of an account statement for a certain period. The statement request feature enables users to request the bank for a physical copy of the statement of an account for a specific period. This physical copy will be mailed to the user's address registered with the bank.

### To request for a Statement

1. Click on the  icon on the **Transactions** screen, and click **Request Statement** to request for an account statement.

### Request Statement

The screenshot shows the 'Request Statement' form in the Futura Bank mobile application. The form is titled 'Request Statement' and includes the following fields:

- Account Number:** A dropdown menu showing 'xxxxxxxxxxxx0035'.
- From Date:** A date picker showing '04 Aug 2020'.
- To Date:** A date picker showing '17 Aug 2021'.

At the bottom of the form, there are two buttons: 'Submit' and 'Cancel'. The app's header displays 'futura bank' and a user greeting 'Welcome, Williamson Son1' with a last login time of '21 Apr 06:43 PM'. The footer contains copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

### Field Description

Field Name	Description
<b>Account Number</b>	Islamic savings account number in masked format for which statement has to be requested.
<b>From Date</b>	The user is required to specify the start date from which the account statement is required.
<b>To Date</b>	The user is required to specify the date until when the statement is required.

2. From the **Account Number** list, select the account number for the account statement.
3. From the **From Date** list, select the start date of the account statement.
4. From the **To Date** list, select the end date of the account statement.
5. Click **Submit**.  
OR  
Click **Cancel** to cancel the transaction.

6. The **Review** screen appears. Verify the details and click **Confirm**.  
OR  
Click **Cancel** to cancel the transaction.

## 18. Sweep-In

A sweep in facility enables customers to link their Current and Savings/Term Deposit account to another Current and Savings account held with the bank. Whenever there is insufficient funds, the shortfall in the account is swept in from the linked Term Deposit/Current and Savings account, thereby providing the customer the convenience of getting payments processed with ease.

The Sweep-in option enables the user to manage all his linked current and savings accounts and term deposit accounts. With this option, the user can add his Current and Savings / Term Deposit account held with the bank, as a sweep-in account. There is also an option to delete or delink sweep-in from an existing Current and Savings account / Term Deposit accounts, which has sweep in facility. After logging in to the application, when the user clicks the Sweep-in option, the user has to select his provider account, which directs him to the Sweep-in summary page. This page has options to add and delete the sweep-in accounts.

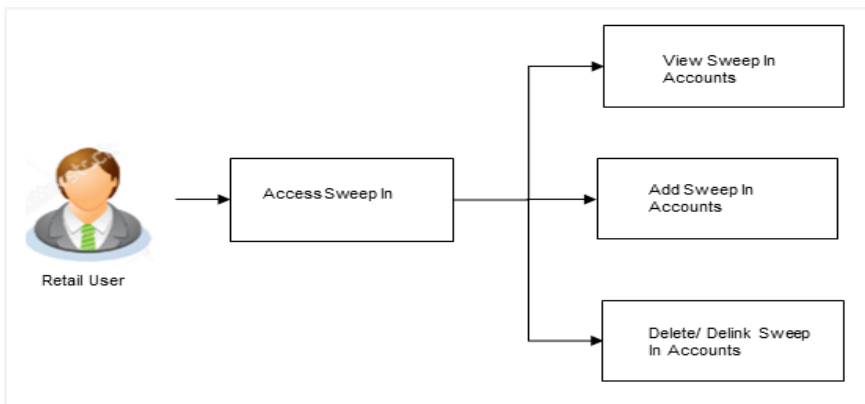

### Pre-Requisites

- Transaction access is provided to the retail user

### Features supported in the application

- View Sweep In
- Add Sweep In
- Delete Sweep In

### Workflow

### How to reach here:

*Dashboard > Toggle Menu > Menu > Accounts > Current and Savings > Sweep-In*  
OR

*Access through the kebab menu of transactions available under the **Current & Savings** module*

**To manage sweep-in accounts:**

1. Select the beneficiary account number from the **Account Number** list.
2. Select an account type from the **Linked Account Type** option. All the linked accounts of the account type selected are listed under the **Linked Accounts** table. All the accounts available for linkage of the selected account type are listed under the **Link Accounts** table.

## Multiple Sweep-In Instruction Status

The screenshot shows the 'Multiple Sweep-in Instruction Status' page. At the top, there is a navigation bar with 'wallet' and 'ATM/Branch' dropdowns. The Futura Bank logo is on the left, and a search icon, a notification bell, and a welcome message 'Welcome, LAURA PETER' with the last login time 'Last login 21 Apr 07:22 PM' are on the right. The main content area displays a table with the following data:

Account Number	Primary Holder Name	Host Reference Number	Status
Wallet	LAURA K PETER	OBDXSI876258909702	Completed

Below the table is a link 'Back to Dashboard'. At the bottom, there is a copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

## Sweep In – Add – Term Deposit

The screenshot shows the 'Sweep-In' screen for adding a term deposit. The top navigation bar includes 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. The Futura Bank logo and a search bar are on the left, and a notification bell and a welcome message 'Welcome, Keron Bohr' with the last login time 'Last login 25 Aug 11:51 AM' are on the right. The main content area is divided into several sections:

- Account Number:** A dropdown menu showing 'xxxxxxxxxx0501'.
- Account Balance:** 'EUR100,050.40'.
- Linked Account Type:** Radio buttons for 'Current and Savings' and 'Term Deposit' (selected).
- Linked Deposits:** A section stating 'No linked deposits to display.'
- Link Deposits:** A table with columns 'Account Number', 'Primary Holder Name', and 'Action':
 

Account Number	Primary Holder Name	Action
xxxxxxxxxx0849	KeronBohr	<input checked="" type="checkbox"/>
xxxxxxxxxx0838	KeronBohr	<input checked="" type="checkbox"/>
xxxxxxxxxx0805	KeronBohr	<input type="checkbox"/>
xxxxxxxxxx0452	KeronBohr	<input type="checkbox"/>
xxxxxxxxxx3108	RyanCCBohr	<input type="checkbox"/>

At the bottom, there is a pagination control showing 'Page 1 of 4 (1-5 of 18 Items)' and a 'Submit' button next to a 'Cancel' button. A 'Note' box on the right side contains the following text: 'Only the Clear Credit Balance amount in the account will be considered for the Sweep in facility. One single Savings/Current account can be linked to more than one provider accounts. In case of unavailable funds in one provider account, funds can be swept in from other provider accounts.'

At the bottom, there is a copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

## 19. Account Nickname

Customer can assign a specific name to a current or savings account. This is useful if customer wishes to remember accounts with a particular name instead of account numbers. Once a nickname is assigned to an account, it is displayed on various transactions instead of the standard account description. The application also allows customer to modify or delete the nickname whenever required.

The customer can access this option by selecting the **Add/Edit Nickname** option from the kebab menu.

### How to reach here:

*Dashboard > Toggle Menu > Menu > Accounts > Current & Savings > Current & Savings Account Details > kebab menu > Add/Edit Nickname*

### To add/edit nickname against an account:

1. Click on the  icon on the screen, and click **Add/Edit Nickname** option to add/edit nickname against an account. The **Add/Edit Nickname** popup appears.

### Add/Edit Nickname

### Field Description

Field Name	Description
<b>Nickname</b>	Specify a nickname to be assigned to the account. If a nickname has already been assigned to the account, it will be displayed in editable mode.

2. In the **Nickname** field, enter the nickname you want to use.

3. Click **Save** to save your changes.  
Nicknames will be displayed on various transactions instead of the standard account description.  
OR  
Click **Delete** to delete the nickname.

## **FAQs**

**1. What is the advantage of assigning a nickname to an account?**

You can personalize your account by giving it a nickname. This way you will be able to easily identify it when viewing account summary.

**2. Can I assign a nickname to a joint account?**

Yes, you can add nickname to any account of which you are the primary holder.

**3. Can I have multiple debit cards linked to a CASA account?**

This depends on the features of the specific current or savings account. Generally, in joint accounts, both the primary account holder as well as the joint holder are provided a debit card each.

**4. If a lost debit card is found and restored to the cardholder, can it be reactivated?**

If the card is hotlisted, it cannot be reactivated, you can make a request for a new debit card. However, if the card was blocked, it can be unblocked and reused.
