3. Checking Account Application

A checking account is a deposit account held with a bank or a financial institution that allows the account holder to make withdrawals and deposits. The checking account application of OBDX has been created to enable customers to apply for checking accounts easily by providing minimal personal details. Applicants can quickly apply for checking accounts by simply specifying their basic personal information and defining account preferences, if required.

The application form is OCR (Optical Character Recognition) enabled so as to save the applicant's time and effort in filling out the application form. The inline document upload feature that is provided on various sections of the form, enables the applicant to upload supporting documents to have the specific section prefilled with information.

Online KYC of the prospect can also be conducted by means of liveness check or through integration with third party identity verification service providers. For more information, please refer **User Manual Oracle Banking Digital Experience Originations - KYC Modes**.

Once the applicant's identity is verified successfully through online KYC, he/she will be able to proceed with the application form. The personal information section will also be prefilled with information as fetched on the basis of the identification provided.

Existing digital banking customers can simply provide their online banking credentials to have the personal information section of the form prefilled with information as maintained with the bank.

The application form also has the feature of QR code scan enablement which can be used to continue applications on mobile devices.

The application tracker has been built so as to enable tracking of the application once it has been submitted. The application tracker also enables the applicant to retrieve and complete an application that has been saved. Additionally, the applicant can view documents that have been uploaded as part of the application form and can also view details as defined in the application form in PDF format.

Note: OBDX is integrated with Oracle KYC to fetch the applicant's risk level (high risk or low risk) along with the reference number for the same as generated in the Oracle KYC system, at the time of application submission. OBDX will further send this information to the mid office system to be utilized as required.

Following are the steps involved in the application submission:

- **Product Selection:** All the products belonging to the selected product category will be listed here. Each product will be listed as a separate card which will display the name and image of the product along with a short description, features and the options to view further details, or to apply for the product. The additional option to select the product so as to compare it with others within the same category will also be provided on each card. You can select a maximum of three products for comparison.
- **Kick Off:** This page serves as an introduction to the application form. You can also view the documents required to be uploaded as part of the application. As an applicant, you can identify how you are going to proceed with the application. If you are a new/unregistered user, you can continue as a guest, or if you are an existing online banking customer you can login with your online banking credentials to have your information pre-populated in the application.
- **Mobile Verification:** This step is applicable if you are filling out the application as a new/unregistered user. You will be instructed to enter your mobile number, after which the system will identify whether your mobile number is already registered with the bank or not.

You will then be required to enter the OTP sent to this mobile number in order to proceed with the application form.

- **Online KYC:** Online KYC of the applicant can be done through any of the following modes, depending on which mode has been enabled by the bank in the Originations Workflow Maintenance screen available to bank administrators.
 1. Liveness Check – Assisted
 2. Liveness Check – Unassisted
 3. (National) ID Verification

For more information on Online KYC and modes, please refer to the user manual **User Manual Oracle Banking Digital Experience Originations - KYC Modes.**

- **Personal Information:** This section captures information pertaining to your personal information which will include your full name, date of birth, address details, etc. You can opt to upload an identity proof document to have the information on this section pre-populated or you can alternately enter the required information manually.
- **Checking Account Preferences:** The bank may offer certain add-on services for the account. These might include a Debit Card, Passbook, Cheque Book, Access to Direct Banking, Phone Banking, etc. In this section, you can define your preferences with regards to these features. You can also specify the currency in which you would like the account to be maintained and define your preferences regarding account statement frequency and mode of delivery.
- **Nominee Information:** If you wish to do so, you can specify details of your nominee in this section. Nominee details will include basic information such as name, date of birth, address etc. In case the nominee is a minor, you will have to mandatorily also specify information of the nominee's guardian.
- **Employment Information:** You can provide information pertaining to your employment, in this step. In addition to defining information of your primary employment, you can also furnish past employment details and/or other current employment details.
- **Financial Profile:** In this section, you can furnish details pertaining to your Income, Expense, Assets and Liabilities. This step will be part of the application form only if you have identified that you are currently employed by selecting the provided option on the disclaimer modal window.
- **Review and Submit:** Once you have filled out all the information required in the account application form, you will be displayed this information on the review page. You can verify the details provided and if required, can edit the information in any sections by selecting the option provided against each section.
- **Terms of Service:** On having reviewed the application, you can then proceed to view the terms and conditions of the account application you are applying for. You can also add a digital signature by means of uploading a document containing your signature or by physically signing the provided space if you are filling out the application from a touchscreen device.
- **Fund your account:** This step will be part of the application form if it has been configured for Checking Account applications. Through this step you will be able to fund your new account if you wish to do so. If you opt to fund your account, you will be required to specify the initial deposit amount and then proceed to furnish information regarding mode of transfer. If you are a prospect applicant, you will be navigated to the payment gateway where you will be able to specify information related to the mode of transfer. If you are an existing customer you will be provided with the additional feature of being able to select any of your existing savings or checking accounts that you hold with the bank, from which to transfer funds.

Note: In case a prospect is applying, this step will be part of the application form only if host integration is third party.

- **Confirmation:** Once you have submitted your application after having reviewed it and having accepted the terms and conditions, a confirmation page will be displayed. This page will display a success message along with the application reference number. You can track your application on the basis of this reference number. Additionally, this page will also contain a button, by clicking on which you can navigate to the application tracker.

Apart from the **Review and Submit** and **Confirmation** steps, the sequence of the remaining steps may vary based on the configuration maintained for the product applications, by the bank.

3.15 Existing User

An application form being initiated by an existing online banking customer of the bank (registered user) will differ from that of one being initiated by a new/unregistered user.

You will be able to apply as an existing customer either by selecting the provided option on the kickoff page and proceeding to specify your login credentials (applicable if you have applied via the bank portal page) or by selecting the product of choice from the product showcase available to you post login via the hamburger menu. In either case, the application form will vary from that of a prospect applicant's.

The system will identify your KYC status and depending on the status, you will either be allowed to proceed with the application or not i.e. if your Re-KYC is active you will be allowed to enter and submit your application form but if your Re-KYC is pending, you will not be allowed to apply for the product and will be displayed a message informing you of the same.

The checking account application form for existing customers will comprise of the following sections:

1. **Employment Information** – This section will only be part of the application form if employment information is to be captured for the product you have selected and if your employment information is either not maintained with the bank at all or if the information is maintained but is not current.
2. **Financial Profile** – Like employment information, the financial information section will also be part of the application form only if you have specified that you are currently employed by having selected the provided option on the disclaimer modal window displayed once you select a product for application. Subsequently, if you have identified that you are currently employed, this section will be part of the application form only if financial profile is configured for the product you have selected as well as certain factors such as whether your financial information is already maintained with the bank or not and if maintained whether the information is current or not. Hence, the financial information section will only be part of the application form if your information is either not maintained with the bank at all or if the information is maintained but is not current.
3. **Account Preferences** – This section will be part of the application form and you will be required to define the currency in which you would like the account to be maintained and define your preferences regarding account statement frequency and mode of delivery.
4. **Nominee Information** – This section will be part of the application form if it is configured for the product that you are applying for. You can add information pertaining to the nominee that you wish to add to the account in this section.
5. **Terms of Service** – You will be required to read through and accept the terms and conditions related to the online application of the product you have selected.
6. **Fund your Account** – If this step is configured for checking account applications, it will appear as part of your application form. You will be able to specify your preference with regards to funding your account. If you opt to fund your account, you will be required to specify the amount that is to be deposited in your account and also select the mode through which you will be making the transfer.

7. **Confirm** – Once you have submitted your application, you will be displayed a confirmation page. If the application is processed instantly, the account number as generated by the bank will be displayed along with the link to access the Current & Savings Accounts (summary) page. In case the application is being processed through the non-insta or manual processing mode, the application reference number along with the link to access the Application Tracker will be displayed.

FAQ

- 1. Can I proceed with the application if I am an existing customer of the bank but do not have online banking access?**

You will need to first onboard yourself on the digital banking platform. You can do so by selecting the 'Register for online banking access' link on the kick off page or by selecting the 'Register Now' option provided on the login page. Once you have completed the registration process, you can login and proceed with application initiation.

- 2. Can I add a joint applicant while applying for any of the products?**

No, as of now you can apply only as a single applicant. Adding joint applicants is not supported currently.

- 3. I am applying for the product as a guest user. The address that is mentioned in the document that I have uploaded in support of the application is different from my current permanent address. Can I update that information in the application form?**

Yes, all the information that is fetched from your document is displayed in editable format in the Personal Information section. You can update the required details and submit your application. However, please note that once your mobile number, as provided in the Mobile Verification page, is verified, you will not be able to modify it in the Personal Information section.

- 4. How many products can I apply for as part of a bundled application?**

Out of the box, you can add a maximum of three products in a bundle. This number is configurable by the Bank and may change.

- 5. In case my application is saved as a draft, can I request a bank executive to complete this application on my behalf?**

Only you can resume and complete a draft application.

- 6. Can I cancel one of the product applications that has been submitted as part of a bundled application?**

No. Currently, it is not possible to cancel a specific product application that is part of a bundled application. You can however, cancel the entire bundled application, if you wish to do so.

- 7. If I am applying for a product as an existing user, can I update my personal information while initiating an application?**

No, you cannot update any personal details while applying as an existing online banking customer. You may contact the bank to update your personal information before applying for a new product.

8. For how long I can access and resume my applications that are saved as drafts?

This is based on the Bank's purging policy. The draft applications will be available for x days in the application tracker before they are purged by the bank.

9. Can I apply for a product that I have already applied for and that the bank is currently processing?

Yes, you can still submit an application for the same product. The decision to process or reject either of the two (or more) applications will rest on the bank.

10. I have started my application on my laptop. However, I have realized that some of the documents that I need to upload are available on my tablet. Do I need to abandon the application that I started on my laptop to restart the entire process on my tablet?

No, you can scan the QR code available on every step of the application form, post the Mobile Verification step, and resume the application from your tablet or mobile device.

11. Can bank administrators define the sequence in the steps of the application forms?

Yes, bank administrators can configure the sequence of steps in the application forms of all product categories supported for online application, through the Origination Workflow Maintenance feature available on the OBDX platform.

12. How does National ID verification work?

The bank can integrate with government or other third party systems (which store and maintain data of National ID holders), through available hook points. Online authentication will be performed to verify the identity claim of the ID holder and to fetch the required personal information.

13. How does OCR work?

The bank can integrate with the third party adapters that provide OCR services, through available hook points. The system will be able to prefill certain fields in the Personal Information section from data fetched from the applicant's uploaded documents.

Similarly, an out of box integration is available with the internal 'Document verification framework'.

Extensibility hooks can be used to support OCR for most identity and financial documents.
