19. Account Nickname	19-1

1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

3. Accounts

Current and savings accounts are the most basic and critical products of Business banking. Most banking customers hold either a current or a savings account with their banks. Banks, in turn, encourage the use of current or savings accounts as it results in a higher profit margin for the bank.

This application provides a platform by which banks are able to offer their customers an enriching online banking experience in performing activities on their accounts.

Through the online banking application, customers can perform various activities on their accounts. Customers can view account balances and statements, initiate service requests and perform other inquiries as well as perform financial transactions on their accounts.

Features Supported In the Application:

The Small & Medium Businessaccounts module of the application supports the following features:

- Overview Widget
- Current & Savings Accounts Summary
- Current & Savings Account Details
- Debit Card Limits
- Apply for New Debit Card
- Block/ Unblock Debit Card
- Upgrade Debit Card
- Update Debit Card Limits
- Re-issue Debit Card
- Request for new Debit Card PIN
- Reset Debit Cards PIN
- Cheque Book Request
- Cheque Status Inquiry
- Stop/Unblock Cheque
- View Account Statement
- E-Statement Subscription
- Request Statement
- Download Pre-Generated Statements
- Sweep-In

Pre-Requisites

- Transaction access is provided to Small & Medium Businessusers
- CASA (Current and Savings Account) accounts are maintained in the host system under a party ID mapped to the user

Note: In application

- 1) Account searchable drop-down will allow user to search the account number basis on the Account Number, Account Name, Account Currency or Branch Code.
 - 2) Bank can configure the fields to be shown as additional values in the accounts drop-down.
 - 3) International Bank Account Number (IBAN) is now available in account searchable drop-down in place of current and savings account (CASA) number.
-

3.1 Overview Widget

The Small & Medium Businessdashboard page displays an overview of the customer's holdings with the bank as well as links to various transactions offered to the customer. The **Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans, Credit Cards, and Investments. It is a container and user can scroll from left to right, right to left. On clicking on any account type record, the widget displays details specific to that account type. One such example is that of Current & Savings accounts.

On selection of account type **Current & Savings**, details of the current and savings accounts held with the bank are displayed on next page. The Current & Savings Accounts summary page provides users with a holistic view of all their both Islamic and Conventional active/dormant accounts along with the basic details of each current & savings account.

General details such as the total amount due for bill payment, the total count of current & savings accounts and the total net current balance, Total debit cards linked to the account are also displayed.

On Summary page the basic details of individual accounts are displayed as record. Each record displays basic information of the account which comprises of the account number, Available Balance and the kebab menu. Each record also has a kebab menu which enables the customer to quickly access related screens.

Note: The Overview widget is available on both desktop and mobile (responsive) view.

How to reach here:

Dashboard > Overview Widget > Current and Savings

The screenshot shows the 'Overview' section of a Futura Bank account. At the top, there is a search bar with the placeholder text 'What would you like to do today 😊?' and a user profile icon labeled 'JD'. Below the search bar, the 'Overview' section is divided into three main cards: 'Current & Savings', 'Credit Cards', and 'Term Deposits'. Each card displays key financial metrics. Below these cards, there are three smaller sections: 'Bills' (showing an overdue bill for GBP 104.50), 'Recent Transactions' (with a dropdown menu for account selection), and 'Quick Insights' (displaying a message: 'You have made partial credit'). A notification bell icon with a red '1' is visible on the right side of the dashboard.

4. Current & Savings Accounts Summary

The Current & Savings Accounts summary page provides users with a holistic view of all their current and savings accounts held with the bank.

All the active & dormant Current & Savings accounts of the user are listed as records. Each record comprises of information such as account number, status (only in case of dormant accounts), account nickname (if assigned), product name, current balance, and available balance. The user can view further details of each account or view the summary of transactions undertaken through that account, by selecting the provided option under the kebab menu of each account record.

The user can also navigate to other Current and Savings account related screens from the general kebab menu provided on the screen.

Bank can configure and enable customizable UI display/download option for the end users. Using this feature, users can personalize the information to be displayed/downloaded from search grid displayed on the screen.

By clicking on 'Preference' option available on the screen, user can

- Rearrange columns
- Remove specific columns.

Note:

- 1) The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
 - 2) The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.

Note: If a nominee is already defined for the account, then the **Edit Nominee** option is displayed in kebab menu to modify it.

- Click on the kebab menu to access account related transactions.

[Home](#)

6. Debit Cards

Debit cards are used for funds withdrawal at ATMs and for making purchase transactions at Point of sale (POS) terminals. Since debit cards are used for most basic banking transactions, it is essential for the bank to provide a means by which customers can view the details of their debit cards as well as apply for new debit cards online.

This feature enables customers to view details of debit cards linked to their current or savings accounts and also to apply for a new debit card on any of their accounts.

How to reach here:

Dashboard > Toggle menu > Menu > Accounts > Current & Savings > Debit Cards
OR

*Access through the kebab menu of transactions available under the **Current & Savings** module*

Debit Cards

The screenshot shows the 'Debit Cards' section of the Futura Bank customer portal. The page header includes 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. The user is identified as 'Jesal Bohr' with a last login of '15 Aug 01:19 PM'. The main content area displays five debit cards in a grid:

- Card 1:** GOLD, XXXXXX9603, Moister Kevin, 3/22, Status: **HOTLISTED**, Account Number: xxxxxxxxxxxx0026
- Card 2:** VISA, XXXXXX9607, Raju S, 3/22, Status: **ACTIVE**, Account Number: xxxxxxxxxxxx0026
- Card 3:** GOLD, XXXXXX9608, RyanCCBohr, 3/22, Status: **ACTIVE**, Account Number: xxxxxxxxxxxx0026
- Card 4:** VISA, XXXXXX9609, Adam Porero, 3/22, Status: **ACTIVE**, Account Number: xxxxxxxxxxxx0026
- Card 5:** GOLD, XXXXXX9610, Ram chandra, 3/21, Status: **CANCELLED**, Account Number: xxxxxxxxxxxx0026

At the bottom of the page, there is a copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security | Information | Terms and Conditions'.

7. New Debit Card

This feature enables customers to submit requests for new debit cards to be issued against their operating accounts. Customers can request for new debit cards to be issued against any of their current or savings accounts. While initiating the request for a new debit card, the customer must specify the reason for which a new card is being requested and also define the name to be embossed on the card. The customer must also specify where the new card has to be delivered.

This feature acts as a service request (SR) and an SR number is generated when the customer submits the request. Customers can track the status of their service requests by clicking on the Track Request link provided on the Service Request widget or by directly selecting the Track Request option from the toggle menu.

How to reach here:

Dashboard > Toggle menu > Menu > Accounts > Current & Savings > Debit Cards > kebab menu > Apply for New Debit Card

OR

Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen

8. Debit Card Limits

A customer can view the limits of an existing debit card linked to his current or savings account. The customer can view the existing limits and has the option to update the limits of active debit cards. In addition to the existing limits, the screen also displays the maximum limit count/ amount that can be set for the card.

The customer can view the various transaction limits associated with the debit card. The system displays limits in terms of count and amount in each category, which are as defined below:

- Own ATM Limits
- Remote ATM Limits
- Own Point of Sale Limits (PoS)
- Remote Point of Sale Limits (PoS)
- E-commerce Limits

The customer also has the provision to configure a combined limit on his debit card. It is the maximum allowed limit across all sections and if this limit is breached, user will not be allowed for any further transaction on the day irrespective of the individual daily limits set under various categories.

Note: Combined Limits will be applicable only for third party host system.

How to reach here:

Dashboard > Toggle menu > Menu > Accounts > Current & Savings > Debit Cards > kebab menu > Debit Card Limits

OR

Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen

8.1 View Daily Limits

To view the debit card limits:

1. From the **Card Number** list, select the debit card whose limits you wish to view. The **Debit Card Limits** screen displaying the **Daily Limits** applicable on the selected card, appears.

9. Block Card

Debit card fraud costs individuals and businesses millions of dollars every year globally. The speed at which fraudulent transactions can be performed on a stolen debit card is incredible; hence customers need a means by which to communicate the status of a lost or stolen card to the bank in the fastest possible manner with least amount of friction.

The Block Debit Card feature enables users to report stolen or lost debit cards to the bank, so that the bank can block the processing of any transaction performed on the debit card immediately.

This feature also enables the user to replace damage cards or stolen/lost cards with new card by requesting request for a replacement debit card which will have the same attributes as that of the debit card that is being blocked.

How to reach here:

Dashboard > Toggle menu > Menu > Accounts > Current and Savings > Debit Cards > kebab menu > Block Card

OR

Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen

12. Request PIN

A debit card PIN is required to authenticate any debit card transaction. Without a PIN, the customer will not be able to withdraw funds from his account or make any Point of Sale purchases. This feature enables a customer to request for a new debit card PIN to be delivered at the address of his choice.

The debit card PIN request is a service request transaction and on initiating the request, an SR number is generated, which can be used by the customer to track the status of the request. Duplicity checks are done by the system to ensure that no duplicate requests are being initiated.

How to reach here:

Dashboard > Toggle menu > Menu > Accounts > Current and Savings > Debit Cards > kebab menu > Request PIN

OR

Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen

Request PIN

The screenshot shows the 'Request PIN' form in the Futura Bank mobile app. The form is titled 'Request PIN' and includes the following fields:

- Card Number:** XXXXXXXX5801ACTIVE
- Account Number:** xxxxxxxxxxxx0011
- Delivery Location:** My Address (selected), Branch Near Me
- Postal:** Flat No 34, sector 34, Goregaon 12, Mumbai, IN 516152

At the bottom of the form are 'Submit' and 'Cancel' buttons. To the right of the form is a 'Tips' section with the following text:

Tips

- Do not keep the PIN issued by the Bank together with your Credit/Debit Card.
- Change your PIN immediately and destroy any documents containing PIN information.
- Do not share your PIN or card with anyone including Bank employees, merchant, not even your friends or family.
- Change your PIN at regular intervals.

14. Cheque Book Request

Cheques are the most widely used instruments that are used to make different kinds of payments.

The **Cheque Book Request** feature enables customers to request for a new cheque book online. This feature is enabled only for those accounts for which cheque book facility is enabled.

Customers can specify the number of cheque books required, leaves per cheque book, cheque book type and also the delivery location as to where the cheque book is to be delivered, while initiating a cheque book request. User can access account related transactions on the kebab menu.

How to reach here:

Dashboard > Toggle menu > Menu > Accounts > Current & Savings > Cheque Book Request
OR

*Access through the kebab menu of transactions available under the **Current & Savings** module*

Cheque Book Request

The screenshot shows the 'Cheque Book Request' form in the Futura Bank interface. The form is titled 'Cheque Book Request' and includes the following fields and options:

- Account Number:** xxxxxxxxxxxx0011
- Account Balance:** GBP302,375.13
- Type of Cheque Book:** CHEQUEGBPSN
- Number of Cheque Books:** 1
- Number of Leaves per Book:** Cheque Book with 25 Leaves
- Delivery Location:** My Address (selected), Branch Near Me
- Residence:** Flat No: 64, N M Street 113, Near Mahadev Complex, Goregaon (west), Mumbai, IN, 516132

At the bottom of the form are 'Submit' and 'Cancel' buttons. A callout box on the right side of the form provides the following information:

Cheque book
First delivery will be attempted within 5 working days at your communication address updated in our records.
There will be two cheque books of 10 leaves each which will be issued free of charge every quarter.
After that, there is a charge of Rs. 20.00 plus 15.00% Service Tax per cheque book.

Tips

Always ensure that you have a record of cheque serial numbers for cheques you have issued.

The more payments you make on Online Banking the fewer cheques are likely to go astray and need stopping.

16. Stop/ Unblock Cheque

Cheques are physical instruments used for the purpose of making payments. A customer might require to block a cheque payment in case the cheque has been lost or stolen. Hence it is critical to provide an option to stop such cheques so that they cannot be misused.

The Stop/ Unblock cheque feature enables a customer to stop a cheque that has been issued for making payment. In order to request for a cheque to be stopped, the customer will have to specify the account number from which the cheque has been issued as well as the cheque number and the reason for which the request is being raised. In addition to requesting for a stop cheque on a specific cheque, the customer can also request for a stop cheque to be performed on a cheque series by specifying the cheque range.

Additionally customers can also request for a cheque or cheque range that has been stopped or blocked to be unblocked.

Both stop cheque as well as unblock cheque requests are online i.e. do not require manual intervention by a bank official and the specific cheque or cheque range is immediately stopped or unblocked based on the request raised.

How to reach here:

Dashboard > Toggle menu > Menu > Accounts > Current & Savings > Stop/Unblock Cheque
OR

*Access through the kebab menu of transactions available under the **Current & Savings** module*

17. Transactions

Customers can track the transactions taking place in their accounts. This feature enables customers to view the details of all the transactions performed in their accounts. All the debit and credit entries along with each transaction amount and reference details are displayed.

Bank can configure and enable customizable UI display/download option for the end users. Using this feature, users can personalize the information to be displayed/downloaded from search grid displayed on the screen.

By clicking on 'Preference' option available on the screen, user can

- Rearrange columns
- Remove specific columns.

Note:

- 1) The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
 - 2) The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.
-

Customers can also undertake the following from this screen:

- Request for Statements – The customer can access this option by selecting the **Request Statement** option from the kebab menu. The user will be able to define the period for which he/she requires to receive statements at his/her registered address.
- Download Pre-Generated Statements – The customer can select the **Pre-Generated Statement** option from the kebab menu on this page, in order to be provided with the facility to define the period for which he/she would like to download pre-generated statements.
- Subscribe for E-Statements – By selecting the **E-Statement** option from the kebab menu, the user will be able to either subscribe or unsubscribe (if subscription is active) for e-statements for the specific account. If the user opts to subscribe for e-statements, he/she will receive monthly e-statements on his/her registered email address.

How to reach here:

Dashboard > Overview Widget > Current & Savings > Current & Savings Account Kebab menu > Transactions

OR

Dashboard > Toggle Menu > Menu > Accounts > Current and Savings > Transactions

OR

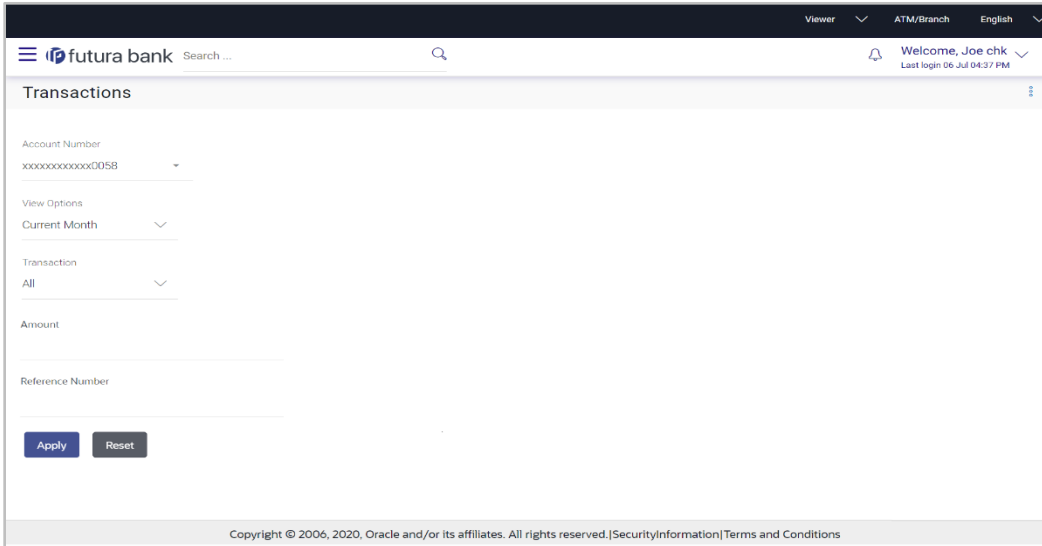

*Access through the kebab menu of transactions available under the **Current & Savings** module*

To view transactions:

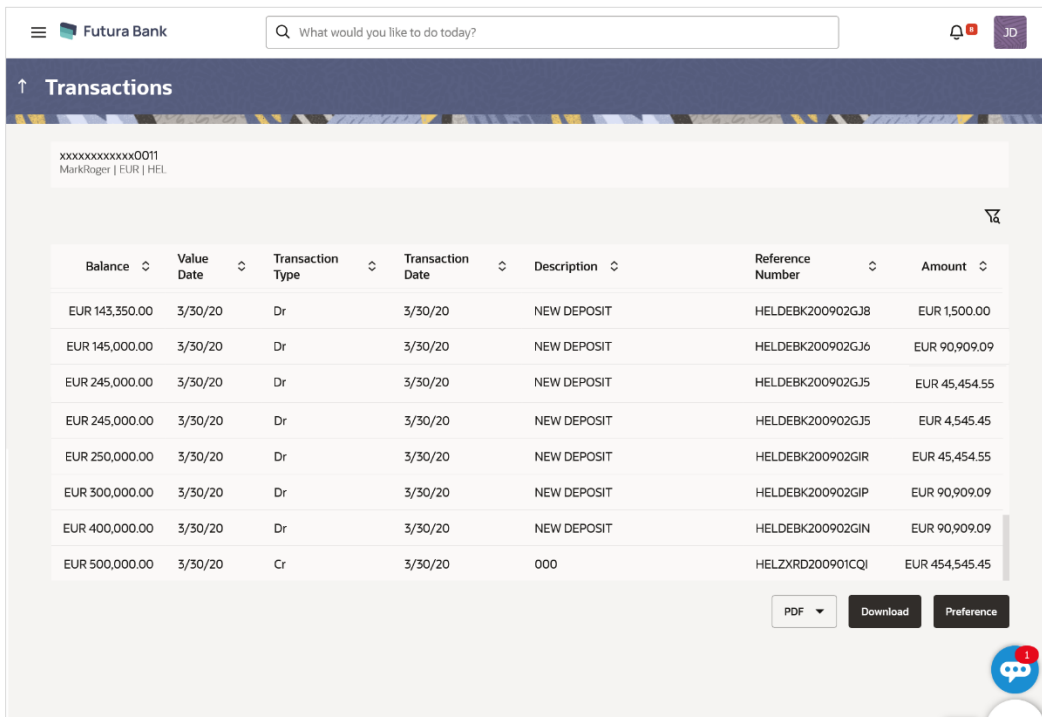

1. From the **Account Number** list, select the account of which you wish to view transactions.
2. From the **View Options** list, select the desired transaction period.
 - a. If the option **Date Range** has been selected in the **View Options** list, specify the date range in the **From Date** and **To Date** fields.
3. In the **Amount** field, enter the specific transaction amount matching to which you wish to view transactions.

4. From the **Transaction** list, select the types of transactions to be displayed i.e. either debit or credit or all transactions.
5. In the **Reference Number** field, enter a transaction reference number if you wish to view a specific transaction record.
6. Click **Apply** to view transactions based on the defined criteria.
OR
Click **Reset** to clear the details entered.

Transactions – Filter Criteria

Transactions – View Transactions

18. Sweep-In

A sweep in facility enables customers to link their Current and Savings/Term Deposit account to another Current and Savings account held with the bank. Whenever there is insufficient funds, the shortfall in the account is swept in from the linked Term Deposit/Current and Savings account, thereby providing the customer the convenience of getting payments processed with ease.

The Sweep-in option enables the user to manage all his linked current and savings accounts and term deposit accounts. With this option, the user can add his Current and Savings / Term Deposit account held with the bank, as a sweep-in account. There is also an option to delete or delink sweep-in from an existing Current and Savings account / Term Deposit accounts, which has sweep in facility. After logging in to the application, when the user clicks the Sweep-in option, the user has to select his provider account, which directs him to the Sweep-in summary page. This page has options to add and delete the sweep-in accounts.

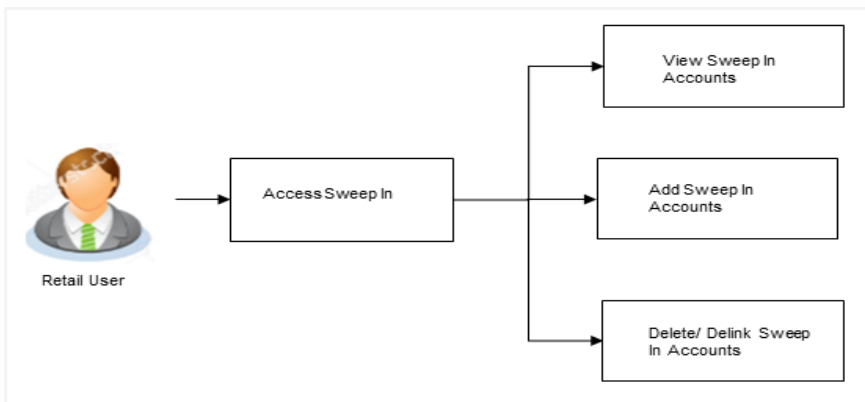

Pre-Requisites

- Transaction access is provided to the SMALL & MEDIUM BUSINESS user

Features supported in the application

- View Sweep In
- Add Sweep In
- Delete Sweep In

Workflow

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current and Savings > Sweep-In
 OR

*Access through the kebab menu of transactions available under the **Current & Savings** module*

To manage sweep-in accounts:

1. Select the beneficiary account number from the **Account Number** list.
2. Select an account type from the **Linked Account Type** option. All the linked accounts of the account type selected are listed under the **Linked Accounts** table. All the accounts available for linkage of the selected account type are listed under the **Link Accounts** table.

19. Account Nickname

Customer can assign a specific name to a current or savings account. This is useful if customer wishes to remember accounts with a particular name instead of account numbers. Once a nickname is assigned to an account, it is displayed on various transactions instead of the standard account description. The application also allows customer to modify or delete the nickname whenever required.

The customer can access this option by selecting the **Add/Edit Nickname** option from the kebab menu.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current & Savings > Current & Savings Account Details > kebab menu > Add/Edit Nickname

To add/edit nickname against an account:

1. Click on the  icon on the screen, and click **Add/Edit Nickname** option to add/edit nickname against an account. The **Add/Edit Nickname** popup appears.

Add/Edit Nickname

Field Description

Field Name	Description
Nickname	Specify a nickname to be assigned to the account. If a nickname has already been assigned to the account, it will be displayed in editable mode.

2. In the **Nickname** field, enter the nickname you want to use.

3. Click **Save** to save your changes.
Nicknames will be displayed on various transactions instead of the standard account description.
OR
Click **Delete** to delete the nickname.

FAQs

1. What is the advantage of assigning a nickname to an account?

You can personalize your account by giving it a nickname. This way you will be able to easily identify it when viewing account summary.

2. Can I assign a nickname to a joint account?

Yes, you can add nickname to any account of which you are the primary holder.

3. Can I have multiple debit cards linked to a CASA account?

This depends on the features of the specific current or savings account. Generally, in joint accounts, both the primary account holder as well as the joint holder are provided a debit card each.

4. If a lost debit card is found and restored to the cardholder, can it be reactivated?

If the card is hotlisted, it cannot be reactivated, you can make a request for a new debit card. However, if the card was blocked, it can be unblocked and reused.
