1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

For more information on Oracle Banking Digital Experience Patchset Release 22.2.2.0.0, refer to the following documents:

3. Portal Page

A bank's landing page should be designed in a manner that connects with its customers and also leads to quick conversions of prospects into customers of the bank. The bank's portal page designed in a manner that enable existing customers can easily login to the system and register themselves for channel access. Which helps customers to enable self-service channels for their banking needs as it makes transactions and inquiries accessible anywhere anytime. In order to access online banking, users need to have login credentials. This feature enables users to register themselves for channel access.

Portal page

3.1 Overview Page

Overview page provides users to perform tasks such as to view and apply for the bank's product offerings, register for online banking access, track existing product applications, search for the bank's ATMs and branches etc.

The date format will be configured at bank level as long or short e.g. DD/Month/YYYY or DD/MM/YY. The date in all alerts/reports sent to the users displays the date as per the format defined in locale.

The **Oracle Banking Digital Experience** portal overview page displays various options that enable users to undertake required tasks and gain information about the bank and its products. The different sections and features provided on the portal page are documented as follows:

How to reach here:

Bank's Portal Page > Open a new account > Register > Click on Futura Bank icon

Portal Page Overview

The screenshot displays the Futura Bank portal page with the following sections:

- Overview:** A promotional banner for Alexa integration with the text: "Hey Alexa, ask Futura Bank how much is my Account balance?". Below it, a small image of an Alexa device is shown.
- Futura Wallet:** A section titled "Futura Wallet" with a "Sign Up" button. It includes a mobile app interface showing a "Transfer Money" screen with options for "Transfer Type" (Existing Here, New Party) and "Wallets".
- Product Offerings:** A grid of product categories:
 - Personal:** Savings Accounts (Secure your savings for a strong future).
 - Business:** Checking Accounts (Open a checking account today).
 - Certificates of Deposit:** Get fixed returns on your investments!
 A call-to-action box says: "Create your own bundle! Select products from across various categories to add to your bundle. Track or complete applications."
- Achieve your Dream with us:** A section with a mobile app image and the text "Achieve your Dream with us".
- Calculators for all your Money Goals:** A section with the text "Use our tools and calculators to calculate interests and repayments for your loans." and links for:
 - Term Deposit Calculator
 - Loan Installment Calculator
 - Loan Eligibility Calculator
 - Consumer Finance
- Banking at your Fingertips:** A section with a desktop dashboard image and the text "Futura Bank caters to your banking needs across the devices. From conventional Desktop to your Mobile Application and from your watch to your..."
- Easy and Secured Banking:** A section describing the mobile app's security features:
 - Face / Fingerprint / PIN / Pattern based authentication
 - Quick Snapshot
 - Chatbot
 - QR based Payment
 An image of the mobile app interface is shown on the right.
- Footer:** A grid of links for:
 - Company: Home, About Us, Privacy
 - Legal: Terms and Conditions, Privacy Policy, Terms
 - Helpful Links: Sign Up, Contact Offices, Member Help Office
 - Contact Us: Grade Location, 100 Durgam Cheruvu, Business Hours, Call us at 4405

Click **Sign Up** to apply for a Futura Wallet.

Our Product Offerings

This section displays the products offered by the bank for retail user as well as for small and medium size business users. Users can select any product category in order to view the products under that specific category and can proceed to apply for a product of choice. This section also provides options to apply for bundled products and to the application tracker.

Achieve your Dream with us

Click **Apply Now** to access the Goal Calculator

Calculators for all your Money Goals

- **Term Deposit Calculator** - Click to access the deposit calculator.
- **Loan Installment Calculator** - Click this option to access the loan instalment calculator.
- **Loan Eligibility Calculator** - Click here to access the Loan Eligibility Calculator.

Forex Calculator – Click here to access foreign exchange calculator to calculate foreign exchange conversion amounts and to view the exchange rates (for supported currencies).

Easy and Secured Banking

Following mobile transactions are present in the application.

- **Face/ Fingerprint/ PIN/ Pattern based authentication**
Allows user to login to the mobile application by drawing a pattern on screen instead of entering his user id and password
- **Quick Snapshot**
User can view the account summary from mobile application and get important account information in a single view without going on the dashboard.
- **Chatbot**
Chatbot is an artificial intelligence system that interacts with users over a messaging platform.
- **QR Based Payment**
QR Based payment allows the user to initiate a payment to a beneficiary by scanning the QR code.
- **Siri Payments and Balance Inquiry**
This feature harnesses Apple's voice command assistant, Siri, to enable users to initiate voice based payments to registered payees from their mobile devices.
- **iMessage Payments**
iMessage payment allows the user to initiate a payment to a beneficiary i.e. the contact in context of the conversation by launching the app from iMessage.
- **Push Notification**
Push notification is a way of propagating message to the user device(s) registered with the bank. Through push notifications, user can be notified of any event/transactions that has occurred in the user account.

4. Log-In & Log-Out of Oracle Banking Digital Experience

A user can access online banking services by logging in to the system from the login page. By enabling user login through entry of user name and password, the bank can ensure that its customers' financial information is always accessed in a safe and secure manner.

Once a user is done accessing the online banking system, he/she can log out by selecting the Log Out option provided. Logging out enables users to exit from the system in a secure manner, thus ensuring that no one else can gain access to the user's online banking services (without supplying valid credentials).

Users with multiple relationships (Retail and Business relationships) will be able to login using single login credentials. Users will be landed on the default relationship maintained as day 0, however, will be able to switch between the different relationships by selecting the specific party mapped at each entity level.

Note:

- No consolidated view of multiple parties will be available for Retail and Business users.
 - For retail profile, 'Personal' will be shown in the party expansion. On selecting 'Personal', the Party Name will be shown next to the user initials.
 - For all business profiles, the Business Names will be shown in the party expansion as well as next to the user initials.
-

Pre-requisites

- The user must be registered for online banking access and must have valid login credentials.
- The user must have a valid account with bank that is enabled for online banking access.
- Other features related to accounts must be supported by the host system.

Features Supported In the Application

- Log-in to the application
- Log-out of the application

In case the user has forgotten their username or password, they can use the Forgot Username and Forgot Password links to retrieve these details. For more information, refer the Forgot Username and Forgot Password sections respectively.

4.1 Log-in to the application

The user can log in to the **Oracle Banking Digital Experience** application by entering his/her login username and password in the provided fields.

To log in to the application:

1. Access the bank's portal page.

Login Page

Field Description

Field Name	Description
Username	Enter your login user name.
Password	Enter your login password.

2. In the **Username** field, enter your user name.
3. In the **Password** field, enter your login password.

Note:

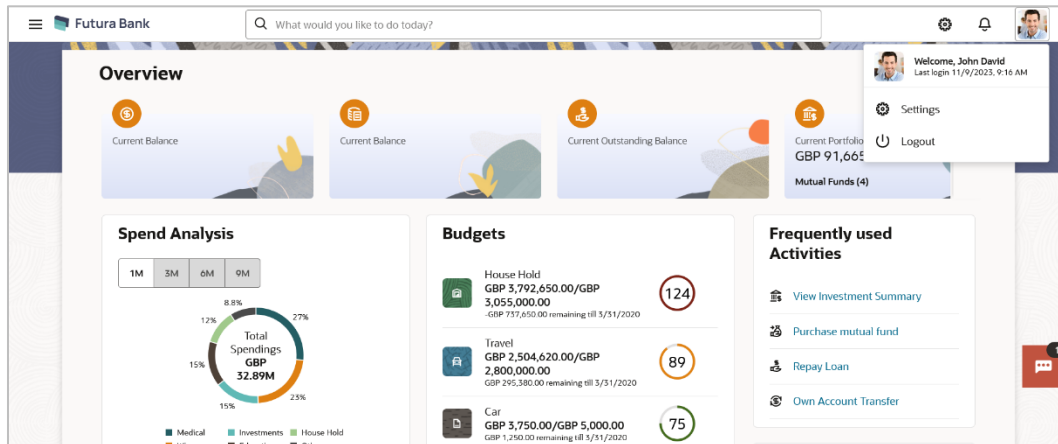

- 1) Click inside the field, the Virtual Keyboard link appears. Click on the link to use virtual keyboard to enter the Username/Password.
- 2) The characters typed in the Password field appear masked (•••••) for security reasons.
- 3) Click the  eye icon while typing passwords, it will enable you to check the typing of your password to show you what you have typed.
4. Click **Login**.
The **Dashboard** screen appears.

4.2 Log-out of the application

To log out of the application:

1. In the top right corner, click  icon.
The drop-down with the options to change entity, Settings and logout appears.

Logout

2. Select the **Logout** option.
The user is logged out of the system and a message confirming successful logout appears.

4.3 Session Timeout

Session timeout represents the event occurring when a user does not perform any action on an application during a configured interval.

The below configurations are provided:

- To configure the inactive screen time. It is a backend configuration where the inactive time after which a warning message will be shown can be configured. This time needs to be lower than the configured active timeout.

Note: Default inactive screen time is configured as 10 minutes

- To configure if timeout warning needs to be shown or not. Session timeout warning configuration flag is added on the System Configuration screen

The session timeout feature is available across Oracle Banking Digital Experience product i.e., for Retail User, Corporate User and Administrator screens.

A timeout warning message will be shown when the configured inactive time is reached. The user can view the time remaining for timeout in the warning message. The below actions will be visible to the user on the timeout warning message:

1. Stay Connected
2. Logout

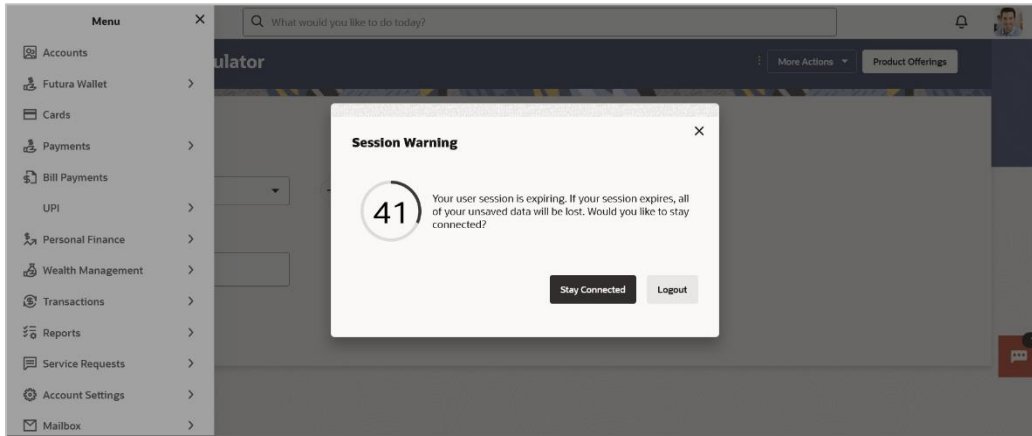

When the user clicks on 'Stay Connected', whichever transaction the user was on will be shown with any pre-filled information previously captured. When the user clicks on 'Logout', the user will be logged out of the application. At the end of timeout, the 'Login' option will be shown to the user as the session is expired.

Note:

- In case the user clicks on 'x' (right hand side top corner on popup), then the popup will close but the timer would continue in the backend. If any action is performed, then timer will reset

- On timeout, if the user clicks on 'x' (right hand side top corner on popup) or login button, the login page will appear.

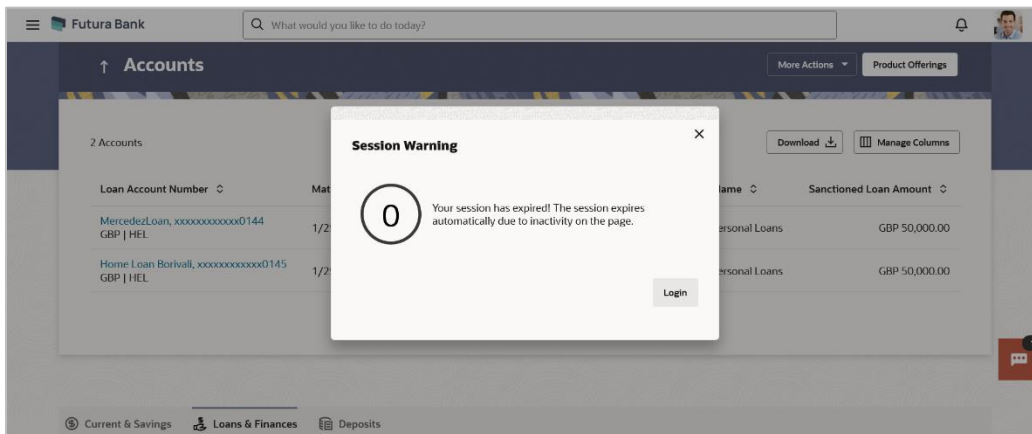

Session Warning – Pre Session Timeout Message

1. Click **Stay Connected** to continue.
OR
Click **Logout** to log out of the application.

When the session expires, the **Session Warning** popup appears.

Session Warning- Post Session Timeout Message

2. Click **Login** to re-login to the application.

[Home](#)

5. Channel On-boarding

In the current scenario, bank customers are comfortable and adept at using digital channels, which have increasingly become the primary mode of banking. Customers prefer self-service channels for their banking needs as it makes transactions and inquiries accessible anywhere anytime.

In order to access online banking, users need to have login credentials. This feature enables users to register themselves for channel access.

5.1 Self-Register

This feature enables customers to register themselves for channel access. Customers who do not have access to online channels can onboard themselves without having to approach the bank physically. Bank customers who have existing savings accounts, term deposits Loans or Credit Cards can onboard themselves by authenticating their relationship with the bank. Customer authentication is done on the basis of primary details registered with the bank.

On the successful authentication of the details provided by the user, user receives a link to set up his user ID and password on his registered email ID.

Pre-requisites

In order to be able to register oneself, a user must have any of the following existing relationships with the Bank:

- Demand Deposit
- Loan
- Term Deposit
- Credit Card

How to reach here:

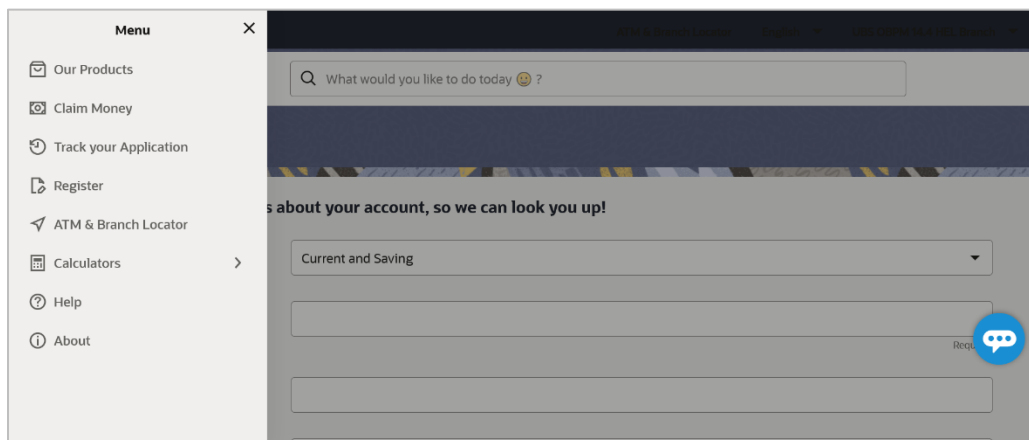

Bank's Portal Page > Open a new account > Register

OR

Bank's Log-IN page > Click Register

To register for access to banking channels:

1. Access the bank's portal page, click ☰ to expand the toggle menu and click on **Register**.

- The **Channel Onboarding - User Registration** screen appears. Enter the relevant information.

Channel Onboarding - User Registration

14. To accept the terms and conditions, select the check box.

15. Click **Sign Up**.

OR

Click **Cancel** to end the registration process.

16. The success message appears.

A mail is sent to the user's email ID containing his login user name and password.

17. Click **Login** to start using online banking.

Note: Click **Up** arrow to go to **Portal Overview** page.

[Home](#)

6. Calculators

Financial calculators are tools used to arrive at a certain calculation helping to take a decision with some predefined criteria. Banks can provide details of their products and offers such as loan interest rates, fixed deposit interest rates, loan tenure etc. through calculators. Users can also use these calculators to compare different offers and products offered by the bank.

Oracle Banking Digital Experience provides calculators which banks can offer to their users on their digital channel. Calculators can be used by customers as well as prospects.

Features Supported In the Application

The different calculators are:

- Loan Eligibility Calculator
- Loan Installment Calculator
- Term Deposit Calculator
- Forex Calculator
- Goal Calculator

6.1 Loans Installment Calculator

The loans instalment calculator is a simple installment calculator which identifies the monthly installment amount payable on a loan based on the loan amount, tenure in years and interest percentage.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Loans & Finances tab > More Actions > Loan Calculator > Loan Installment Calculator

OR

Dashboard > Overview widget > Loans & Finances card > Accounts > More Actions > Loan Calculator > Loan Installment Calculator

OR

Dashboard > Toggle Menu > Menu > Calculators > Loan Calculator > Loan Installment Calculator

OR

Dashboard > Toggle menu > Menu > Calculators > Loan Installment Calculator

OR

Bank's Portal Page > Calculators for all your Money Goals > > Loan Calculator > Loan Installment Calculator

OR

Bank's Portal Page > Toggle Menu > Menu > Calculators > > Loan Calculator > Loan Installment Calculator

Loan Installment Calculator

The screenshot displays the Futura Bank Loan Calculator interface. At the top, there is a search bar and a user profile icon. The main heading is 'Loan Calculator' with an 'Apply for Loan' button. Below this, there are two tabs: 'Loan Installment Calculator' (active) and 'Loan Eligibility Calculator'. The 'Loan Installment Calculator' section contains three input fields: 'Loan Amount' (GBP 41,420.00), 'Loan Tenure' (3 years), and 'Rate of Interest' (0.31%). A 'Calculate' button is positioned below these fields. To the right, the results are displayed: 'Loan Installment' (GBP 1,356.12), 'Total Interest Payable' (GBP 7,400.18), and 'Total Payment (P41)' (GBP 48,820.18). Below the results, there is an 'Apply Now' button and a 'Frequently Asked Questions' section with three expandable items.

Field Description

Field Name	Description
Loan Amount	The user is required to specify the amount that he/she wants to borrow from the bank.
Loan Tenure (Years)	The user should specify the desired tenure of the loan in terms of years.
Interest Rate	The user must specify the desired interest rate that is to be charged on the loan.
Loan Installment	The monthly installment payable on the loan calculated on the basis of the loan amount, tenure and interest rate specified by the user.
Total Interest Payable	Total Interest Payable amount.
Total Payment	Total Payment amount.
Apply Now	Link to apply for a new loan.
Frequently Asked Questions	A list of questions and answers that are most frequently asked about a topic.

1. In the **Loan Amount** field, type or drag the slider to enter the loan amount.
2. In the **Loan Tenure (Years)** field, type or drag the slider to enter the loan tenure in years.

3. In the **Interest Rate** field, type or drag the slider to enter the interest rate.
4. Click **Calculate**. The application calculates and displays the monthly installment along with the total interest payable, and the total payment need to be done for the loan required.

6.2 Loan Eligibility Calculator

Loan eligibility calculator plays an important role in helping a customer understand their current position with respect to their borrowing capacity. The calculator enables customers to gain an understanding of their loan eligibility, considering their average monthly income and expenditure. It computes the loan amount and repayment amount based on income, expense, interest rate and tenure of the loan. Loan eligibility is calculated by the application and is displayed to the customer.

The eligibility is calculated on the basis of:

- The customer's average monthly income
- The customer's average Monthly Expenditures
- Tenure of the loan being inquired applied
- Estimated rate of interest

Loan Eligibility Calculator

The screenshot shows the 'Loan Eligibility Calculator' interface on the Futura Bank website. The page has a dark blue header with the bank's logo and a search bar. Below the header, there are two tabs: 'Loan Installment Calculator' and 'Loan Eligibility Calculator', with the latter being active. The main content area contains four input fields with sliders and text boxes: 'Gross Monthly Income' (85460), 'Monthly Expenses' (38710), 'Duration (In Years)' (8), and 'Rate of Interest' (0.04). A 'Calculate' button is located below these fields. To the right, the results are displayed: 'Eligibility Amount' (GBP 5,834,236.00) and 'Average Installment' (GBP 46,750.01 / Month). There is also an 'Apply Now' button and a 'Frequently Asked Questions' section with several expandable items. At the bottom, there are navigation links for 'Current & Savings Accounts', 'Loans & Finances', and 'Term Deposits', along with a chat icon.

Field Description

Field Name	Description
Gross Monthly Income	The user is required to specify his gross monthly income.
Monthly Expenses	The user is required to specify the total amount spent per month towards expenses.
Duration (In Years)	The user is required to specify the desired loan tenure in years.
Rate of Interest	The user should specify the desired interest rate of the loan.
Eligibility Amount	Based on all the values defined by the user in the previous fields, the system will calculate the amount of loan that the user is eligible to borrow.
Average Installment	The system will display the estimated monthly installment amount.
Apply Now	Link to apply for a new loan.
Frequently Asked Questions	A list of questions and answers that are most frequently asked about a topic.

1. In the **Gross Monthly Income** field, enter your monthly income.
2. In the **Monthly Expenses (Monthly)** field, enter your monthly expenses.
3. In the **Duration (In Years)** field, enter the desired loan tenure.

4. In the **Rate of Interest Rate** field, enter the rate of interest.
5. Click **Calculate**. The application (In %) calculates and displays the eligible loan amount and the average installment amount.

6.3 Term Deposit Calculator

The Term Deposit calculator gives an indication to the user about the maturity amount which will be available, if a particular amount is invested at the bank and left for a fixed period of time. It calculates the total amount of the term deposit at the end of maturity period. The user can choose amongst different products which suits his requirements best.

Current & Savings | Loans & Finances | Deposits

Field Description

Field Name	Description
TD Product	The name of the product under which the term deposit is to be opened.
Currency	Currency in which the deposit is to be held.
Term Deposit Amount (Gross Monthly Income)	The customer is required to specify the amount for which the deposit is to be opened.
Tenure	Option to specify tenure in terms of Years / Months / Days.
Maturity Amount	The value of your deposit at maturity.
Total Interest	Displays the calculated amount as interest on the principal amount of deposit.
Interest Rate (In %)	Rate Interest applicable to the TD account to be opened.
Pie Chart	Displays the Principle Amount and Total Interest Amount in percentage (%).

To calculate deposit value at maturity:

1. From the **TD Product** drop-down list, select the term deposit product under which the TD is to be opened.
2. From the **Currency** drop-down list, select the desired currency in which the deposit is to be held.
3. In the **Term Deposit Amount (Gross Monthly Income)** field, type or drag the slider to enter the deposit amount.
4. In the **Tenure** fields, enter the relevant information in the **(Years/ Months / Days)** fields.
5. Click **Calculate**. The application calculates and displays the deposit value at maturity.

Note: Click on the **Apply Now** to open a new term deposit.

6.4 Forex Calculator

The foreign exchange calculator calculates the rate at which one currency can be exchanged for another. The Calculator displays the converted amount and the currency exchange rate applied. Exchange rates of only predefined currencies can be viewed by the customer.

Exchange rates for the currency will be fetched online from the host system and calculations will be done based on the exchange rate retrieved.

Features Supported In the Application:

This section enables user to see the value expected for a conversion of currency into other.

- Exchange rate of currencies
- Calculation of amount of currency converted to the other

Pre-Requisites

- Support for the currencies provided by host

How to reach here:

Bank's Portal Page > Calculators for all your Money Goals > Forex Calculator
OR

Bank's Portal Page > Toggle Menu > Menu > Calculators > Forex Calculator
OR

Dashboard > Toggle Menu > Menu > Calculators > Forex Calculator

Forex Calculator

Field Description

Field Name	Description
From	
Currency	Currency to be sold for which the exchange rate is to be inquired.
Amount	Amount for which conversion is required.

Field Name	Description
------------	-------------

To	
-----------	--

Currency	Buy currency for which the exchange rate is to be inquired.
-----------------	---

Amount	Amount which you will get post conversion.
---------------	--

To calculate currency exchange amount:

1. From the **From – Currency** list, select the appropriate currency.
2. In the **Amount** field, enter the amount to be converted.
3. From the **To - Currency** list, select the currency and enter the amount in the next field.
4. Application calculates, and displays the currency exchange value.
The exchange rate for both the buy and sell options for currency pair entered, appears.

6.5 Goal Calculator

The goal calculator helps users to calculate how much money they will need to contribute at a regular frequency in order to arrive at a specific savings goal.

This option allows the user to identify the amount of money that will need to be saved regularly in order to achieve a certain goal. This feature, hence, enables the user to figure out the feasibility of creating a goal based on the regular contribution amount for a defined period.

The user needs to enter the goal details along with his/her targeted amount. The outcome will be based on the values entered by the user.

Field Description

Field Name	Description
Goal Category	Select a goal category, e.g. Shopping, Education, Vacation etc.
Goal Fulfilment period in Years	Specify the tenure of the goal in years.
Goal Fulfilment period in Months	Specify the tenure of the goal in months.
Goal Amount	Enter the targeted amount of your goal.
Initial Contribution	Enter an amount, if any, that you are willing to contribute upfront towards the goal.
Remaining Amount	Application calculates and displays the amount that is remaining after deducting the initial contribution amount from the goal amount.

Field Name	Description
Frequency of Contribution	Select the frequency in which you will be making regular contributions towards the goal. The options are <ul style="list-style-type: none"> • Quarterly • Monthly • Weekly
Amount To be contributed	Application calculates and displays the amount you will be required to contribute monthly/quarterly/weekly, as generated by the system, based on your entries, will be displayed.
Goal Tenure	Displays the tenure to achieve the goal.
We are here to help you achieve goal	Displays the contribution of user in percentage. Also the bar displays the amount paid by you, the amount paid by the bank, and the total savings percentage in the specified period.

To calculate a goal:

1. From the **Goal Category** list, select the desired goal category for which calculation is to be done.
2. From the **Goal Fulfilment Period in Years** list, select the tenure of the goal in years, i.e. the time frame in which you plan to achieve the goal.
3. From the **Goal Fulfilment Period in Months** list, select the tenure of the goal in months, i.e. the time frame in which you plan to achieve the goal.
4. In the **Goal Amount** field, enter the targeted goal amount.
5. In the **Initial Contribution** field, enter the amount that you are willing to contribute upfront towards the goal. The **Remaining Amount** is calculated and get displayed.
6. In the **Frequency of Contribution** field, select the desired option.
By default, the **Monthly** option appears selected.

The system calculates and displays the amount that you will be required to contribute regularly in order to achieve your goal. The percentage of the amount that you will be required to contribute towards the goal, as well as the percentage of amount that the bank will contribute towards your goal, will be displayed alongside a bar graph.

7. Click **Set your goal Now!**, to create the goal. If you have accessed the goal calculator from the pre-login portal page, you will be prompted to log in to the system so as to arrive at the **Create a Goal** screen where all the values as already defined, will be prefilled.
OR
Click **Cancel** to cancel the transaction.

FAQ

1. What do the “you pay”, “We Contribute” fields suggest?

You pay is the amount in percentage, the customer contributes towards his goal, while the **We Contribute** component is the interest contributed by the bank towards fulfilment of the goal.

2. Can the customer calculate how much time he will need to achieve a Goal, if he pays x amount every month for 2 years?

The goal calculator helps the customer to identify the amount he needs to contribute frequently so that he can achieve his goal within the desired time frame. Reverse calculation is not possible.

7. First Time Login

When a new user logs into the application for the first time with the user name and password provided by bank, there are certain tasks that he/she needs to fulfill before being able to access the online services of the bank. These steps are configured by Bank and can include accepting Terms and Conditions, Setting up Security Question, My profile and limit information.

Note: The steps and sequence for 'First Time Login' may vary for different users as defined or configured by System Administrator.

Each step will either have **Next** or **Skip** button basis on the configuration done by Bank Administrator.

Prerequisites:

- The bank administrator has enabled the First time login steps for Retail users.

How to reach here:

Portal Page > Login

To log in to the application:

1. Open an internet browser to access the application.
2. Type the Oracle Banking Digital Experience URL in the Address bar, and press Enter. The **Portal** page appears.
3. Click **Login**.
The Login screen appears.

Login

Field Description

Field Name	Description
Username	Enter your login user name. Note: Usernames are case insensitive i.e. User can login in OBDX with any case.
Password	Enter your login password.

1. In the **Username** field, enter your user name.
2. In the **Password** field, enter your password.

Note:

- 1) Click inside the field, the Virtual Keyboard link appears. Click on the link to use virtual keyboard to enter the Username/Password.
- 2) The characters typed in the **Password** field appear masked (•••••) for security reasons.
3. Click **Login**.
The next **configured** screen appears.

Note: Force Change password is not a part of First Time Login flow wizard, this screen will appear for every new user.
The Force Change Password screen will only appear for users for whom the password is set by administrator and not for the users who have self-registered themselves.

First Time Login - Terms and Condition

The screenshot shows the Futura Bank login interface. At the top, it says "Welcome, Jones Smith" and "Last login: 21 Nov 2019 16:46". Below this is a "Terms and Conditions" section. The text reads: "These Terms mentioned herein form the contract between the User using the Internet Banking services and the Bank. By applying for Internet Banking Services and accessing the service the User acknowledges and accepts these Terms of Service (Terms and Conditions). Any conditions relating to the account of customer other than these Terms will continue to apply except that in the event of any conflict between these Terms and the account conditions, these Terms will continue to prevail. The agreement shall remain valid until it is replaced by another agreement or terminated by either party or account is closed, whichever is earlier."

1. APPLICATION FOR INTERNET BANKING SERVICES
The Bank may offer Internet Banking Service to selected customers at its discretion. The customer would need to be Internet User or have access to the Internet. The acceptance of the application and the acknowledgement thereof does not automatically imply the acceptance of application for Internet Banking Services. The Bank may decide to provide from time to time. These facilities shall be offered in a phased manner at the discretion of the Bank. The Bank at its sole discretion may also make additions/changes to the Internet Banking Services being offered without giving any prior intimation or reasons. The availability/non-availability of a particular service shall be advised through the web page of the Bank or written communication or any other mode as the Bank thinks fit. The Bank shall take reasonable care to, ensure the security of and prevent unauthorized access to the Internet Banking Services using technology reasonably available to the Bank. The User shall not use or permit to use Internet Banking Service or any related service for any illegal or improper purposes.

The USER would be allotted a User-ID and a password (to be used at the time of login) by the BANK in the first instance. The USER will be required to mandatorily change the User-ID and password assigned by the BANK on accessing Internet Banking Services for the first time.

As a safety measure the USER shall change the password as frequently as possible, at least once in 90 days. In addition to User-id and Password the BANK may, at its discretion, advise the USER to adopt any other means of authentication including but not limited to One Time SMS Password and/or Digital certification issued by Bank, licensed or approved Certifying Authorities or vendors.

The USER shall not attempt or permit others to attempt accessing the account information stored in the computers and computer networks of the BANK through any means other than the Internet Banking Services.

3. USER-ID AND PASSWORD
The USER shall:

1. Keep the User-id and password totally confidential and not reveal them to any third party.
2. Create a password of at least 8 characters long and shall consist of a mix of alphabets, numbers and special characters which must not relate to any readily accessible personal data such as the USER's name, address, date of birth, telephone number, vehicle number, driver license etc. or easily guessable combination of letters and / or numbers.
3. Commit the User id and password to memory and not record them in a written or electronic form, and
4. Not let any unauthorized person have access to his computer or leave the computer unattended while using Internet Banking Services.
5. Not disclose/reveal his/her personal or confidential information to anyone over email/SMS/phone call even if it's purportedly from our bank. Our bank or any of its representatives will never send you email/SMS or call you over phone to seek your personal information like Username, passwords, One Time SMS passwords etc. For tips on safe usage of password(s), "Password Management" displayed as a link on the login page of our bank may be referred.
6. Not access internet banking if his/her computer device is not free of malware (Viruses, Trojans, etc.).

In the event of forgetting of User-id and/or password or any/ disability of password(s) USER can request for change of the password by sending a written request to the BANK or call up the customer care. The selection of a new password and/or the replacement of User-id shall not be construed as the commencement of a new contract. The User agrees and acknowledges that BANK shall in no way be held responsible or liable if the User incurs any loss as a result of compromise of User-id and password by the User himself or User has failed to follow the Internet Banking Service Instructions as published by the BANK on the site from time to time. User agrees to fully indemnify and hold harmless BANK in respect of the same.

Locking of User ID
Internet Banking Password / User ID shall get locked after a number of incorrect attempts, up to such number (at present 5 failed attempts) as may be decided by the Bank from time to time. The same shall be available on the next day. In case of emergency, the User ID / password can be unlocked through the branch.

Deactivation of User ID
The Bank has the discretion to deactivate a User Internet Banking ID, if the same has not been used for a period defined by the Bank. Also the Bank has the right to deactivate the Internet Banking login of user due to unsatisfactory behavior in the account.

At the bottom, there are "Accept" and "Skip" buttons. The footer contains "Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security information | Terms and Conditions".

4. Read the terms and conditions.
5. Click **Accept** to accept the Terms and Conditions.
The next configured screen appears.

-  **Leave Feedback** : Click this menu to leave your feedback about the user interaction of the application.
-  **ATM & Branch Locator** Click to view the address and location of the ATMs and the branches of the Bank. For more information click here.
-  **Help** : Click this menu to launch the online help.
-  **About** : Click this menu to view the information about the application like version number, copyright etc.
-  **Logout** : Click this menu to log out of the application.

Overview

This section displays an overview of the customer's holdings with the bank as well as links to various transactions offered to the customer. The **Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans Credit Cards, and Mutual Funds. The user can select an account type in order to view details of each account belonging to that specific account type. It is a container and user can scroll from left to right, right to left.

The account types the can be listed in this widget are as follows:

- Overview
- Recent Transactions
- Financial Advisor
- Special Offers
- Spend Analysis
- Budgets
- Quick Insights
- Bills
- Calculators
- Credit Score

RewardsThe **Overview** widget displays cross sell cards i.e. cards which enable the user to navigate to the other modules of the bank. The **Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans, Credit Cards, and Mutual Funds as well as links to various transactions offered to the customer. The widget displays details specific to that account type, such as summary of that specific module which consists of information like the total count of accounts/loans/cards, etc. held by the customer with the bank along with information such as the current balance across all accounts of that module, total dues (in case of credit cards), the total amount of loan outstanding, etc.

On clicking on any account type card, the summary page gets displayed which consist of information such as the total count of accounts/loans/cards, etc. held by the customer with the bank, along with information such as the current balance across all accounts of that module, total dues (in case of credit cards), the total amount of loan outstanding, etc. on next page.

Note: The **Overview** widget is applicable for both desktop and mobile (responsive) view.

Quick Insights

This widget will display notifications to the user based on events such as when the user's term deposit is nearing maturity or has matured, an upcoming credit card bill due date, etc. A separate card will be displayed for each event and the user will be able to take actions as provided on each card. Multiple cards can be displayed at a time in the widget and the user will be able to scroll through the cards. Following are the insights are added for retail user:

- Personal Loan to Credit Card user: If a credit card customer is making partial credit card payment or if the credit card payment is overdue, an Insight will be shown to the customer to avail a Personal Loan from the bank to pay the credit card outstanding amount.
- Investment advice on deposit maturity: If a user's Deposit account has just matured, an Insight will be shown to invest the proceeds in another Deposit account to get better returns as compared to just keeping the funds in the savings account.
- Investment advice on Excess funds: If a user's Savings Account has some excess funds (amount threshold defined by the bank admin), an Insight will be shown to invest the excess amount in a Deposit account to get better returns as compared to just keeping the funds in the savings account.
- Renewal advice for deposit nearing maturity: If a user's Deposit account is nearing maturity and auto-renew is set to 'Off' for the deposit, then an Insight will be shown to user to enable auto-renew for the deposit
- Warning on insufficient funds: If the user's account does not have sufficient funds for upcoming payments scheduled for the current month, then a warning is shown to the customer. There are options to see the details of the upcoming payments as well as to add funds to the account.
- Relevant activities for the customer: There is a widget that lists the frequently used activities by the user. It allows the user to quickly navigate to the desired section of the application.

Recent Transactions

This widget displays the recent activity in the user's Savings, Term Deposit and Loans accounts. It displays the date of transaction, a description of the transaction and the debit / credit amount. The user can select an account number of a particular account type, to view the recent account activity of that account.

Click the **View All** link to view the statements of the selected account type.

Bills

The Bills widget enables the retail user to access the Electronic Bill Payments and Presentment related transactions. Different bills are placed on the widgets, which enables the users to pay utility bills towards various types of billers such as 'payment', 'payment and presentment or recharge. All the bills, that are due to be paid are listed in this widget, users can pay their bills easily and quickly. The bill payments widget enables the user to gain easy access to the following transactions and features:

- **Pay Now:** This feature enables users to pay utility bills towards various types of billers like 'payment', 'payment and presentment, recharge.
- **View All :** This feature enables users to view all the billers.

Spend Analysis

This section displays the spending analysis of the customer. The user can view the total expenditure incurred during the past 1/3/6/9 months. Click the **View All** link to open the **Spend Analysis transaction** screen.

Goals

This widget displays all the active goals that are created by the user. Click the **Add Goal** link to open the My Goal transaction screen from which the customer can view, modify, contribute to a goal or even withdraw some amount from a goal.

Budgets

This widget displays the all the budgets created by the user. Click the **View All** link to open the Budgets transaction screen where all budgets are listed. It allows user to view, edit and delete budget.

Calculators

This widget showcases financial calculators which helps users to do certain calculation helping to take a decision with some predefined criteria. Banks can provide details of their products and offers such as loan interest rates, fixed deposit interest rates, loan tenure etc. through calculators. Users can also use these calculators to compare different offers and products offered by the bank.

Oracle Banking Digital Experience provides calculators which banks can offer to their users on their digital channel. Calculators can be used by customers as well as prospects.

The different calculators offered are:

- Loan Calculator
- Term Deposit Calculator
- Forex Calculator

Credit Score

This widget **assists** users in comprehending their current credit status more effectively.

Rewards

This widget presents the rewards points, vouchers, and total cashback accumulated by the user, enabling them to redeem these for merchandise, gift vouchers, or air miles as desired. **Financial Advisor**

This widget displays the names and contact details of the user's relationship manager. If the relationship manager is not assigned to the user, then bank's contact details are displayed .

Note: Click  arrow to go back to the **previous** page.

9. Forgot Password

The login password is the password using which the user can log into the internet banking platform. The user cannot access his bank accounts without this password. The Forgot Password feature enables users to reset their login password. While resetting password system displays the password policy block as a popup message.

The user is required to enter his User ID and Date of Birth. Post successful validation of the user's details, user is asked to enter the second factor authentication details (as per the authentication mode maintained by the Bank).

Once the user is authenticated, user will receive a link to generate the new password, on his registered email ID.

Pre-requisites

- The user must have valid login credentials to access the digital banking platform.
- The system administrator must have setup 2 factor authentication for Forgot Password.

Features Supported In the Application

- User Verification
- New Password Creation

How to reach here:

Portal > Forgot Password

To reset the password:

1. In the **Login** page, click **Forgot Password**. The **Forgot Password** screen appears.

Forgot Password - User Verification

Field Description

Field Name	Description
Username	Enter your login username.
Date of birth	Enter your date of birth.

2. In the **Username** field, enter your login username.
3. In **Date of birth** field, enter your date of birth.
4. Click **Submit**.
OR
Click to **Cancel** the transaction.

Note: Click Up arrow to navigate back to Dashboard.

5. The **Verification** screen appears. The user has to enter the 2factor authentication, before he can proceed. 2 factor authentication (OTP/Security question/Soft Token) will be displayed as per the setup done by the system administrator.
A **Confirmation** screen appears, along with a message stating that the link to reset password has been sent to user's registered email.
6. Click the link received in your email to reset the password. The **Reset Password** screen appears.

Reset Password – New Password Creation

The screenshot displays the 'Reset Password' interface for Futura Bank. At the top, there is a navigation bar with the bank's logo, 'ATM/Branch', 'English', and 'UBS 14.3 AT3 Branch'. The main content area is titled 'Reset Password' and contains the following elements:

- A heading: 'Please enter your new password'.
- A label: 'Password'.
- An input field with a toggle icon for password visibility.
- A label: 'Re-enter Password'.
- Another input field with a toggle icon for password visibility.
- Two buttons: 'Submit' and 'Cancel'.

At the bottom of the page, there is a footer with the text: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Password Policy popup

Field Description

Field Name	Description
Please enter your new password	
Password	Enter a new password for channel access.
Re-enter Password	Re-enter the new password to confirm the same.

7. In the **Password** field, enter a new password.

8. In the **Re-enter Password** field, re-enter the new password.

Note: Click inside the field to use  virtual keyboard to enter the Re-enter Password/Password

9. Click **Submit**.

OR

Click **Cancel** to cancel the transaction.

10. A message confirming the successful reset of the password appears. Click **Login** to log in to the application.

[Home](#)

10. Forgot Username

Using this feature user can retrieve his channel banking Username, in case he has forgotten the same.

Pre-requisites

- The user must have valid login credentials to access the digital banking platform.
- The system administrator must have setup 2 factor authentication for Forgot Username.

How to reach here:

Portal > Forgot Username

To reset the username:

1. In the **Login** page, click **Forgot Username**. The **Forgot Username** screen appears.

Forgot Username - User Verification

Field Description

Field Name	Description
Email	Enter your email ID that is registered with the bank.
Date of birth	Enter your date of birth.

2. In the **Email** field, enter your email ID that is registered with the bank.
3. In **Date of birth** field, enter your date of birth.

Note: Click Up arrow to navigate back to Dashboard.

4. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
5. The verification screen appears if the transaction is configured for 2 Factor Authentication.
6. Enter the details required for second factor authentication.
The **Forgot Username** confirmation screen appears.
7. A message stating that the username has been sent to your registered email address appears. Click the **Click here** link to log in to the application.

Note: If a user has more than one user ID with the same email ID and DOB, then he/she will not be able to retrieve his/her User ID using the above function. In that case, the user will have to contact the bank for retrieving his/her user ID.

[Home](#)

11. Live Chat

Multi-Modal Assisted Banking allows you to initiate a video or voice call and can share his / her screen with the Bank user in case they face an issue while completing a transaction or have any queries pertaining to their account. The multi-modal assisted banking feature is configurable. Below are the features being provided as part of the current release:

- Integration with Oracle Live Experience for assisting customer.
- An assisted banking icon across the application for end user, by clicking on which he/she can start the call.
- Business user can enable and disable this option from his user preferences.

Note: Live Chat is supported only when the user is logging from desktops.

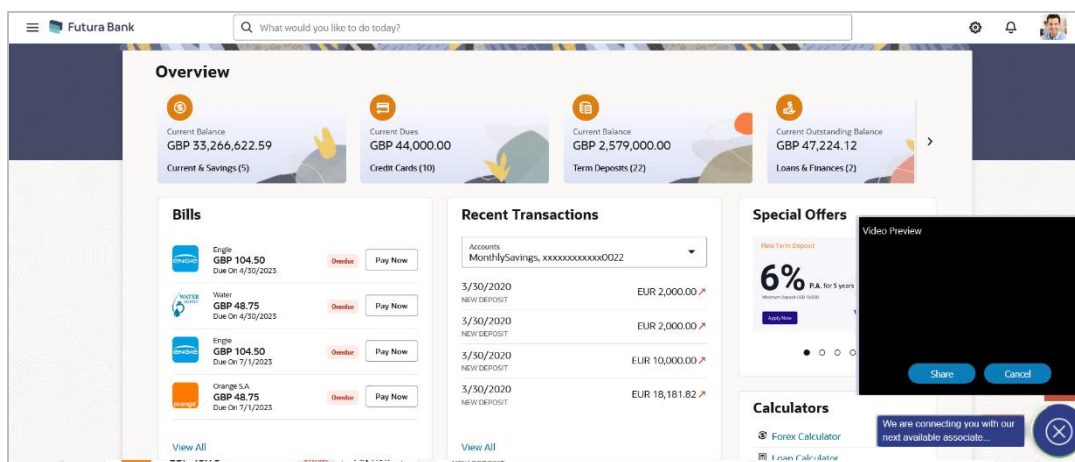

How to reach here:

Bottom right corner of the application

To start a meeting:

1. Click  icon.
2. The session recording message is displayed, Click **Yes** to continue with the modal assisted banking session.
OR
Click **Cancel** to close the session.

Live Chat

3. Application prompt user to give access to the devices like camera, microphone. Click **Allow** to give access.
OR
Click **Block** to disallows the access to devices.
4. Share your screen message is displayed. Select the application and click **Share**.
OR
Click **Cancel** to abort the live chat session.
5. The screen is shared with the customer support representative.

6. Business user can voice or video chat with the Bank executive basis on the configuration done by bank.
7. Screen shows the confirmation message once the session gets ended.

12. FATCA & CRS Form

The Foreign Account Tax Compliance Act (FATCA) is a United States federal law that was introduced to enable the Internal Revenue Service (IRS) to obtain detailed account information of US tax payers that invest and earn income through non U.S. institutions.

The Common Reporting Standard (CRS), is a global reporting standard developed by the Organization for Economic Cooperation and Development (OECD). This information standard was brought into effect for the purpose of combatting tax evasion at a global level.

The goal of both FATCA and CRS is to enable tax authorities to obtain information pertaining to the financial assets held by their citizens in foreign or overseas financial institutions, thereby greatly strengthening global tax compliance.

The FATCA and CRS Self – Certification Forms for Individuals and Entities has been created so as to capture required information for the purposes of complying with both FATCA and CRS.

A FATCA & CRS check is maintained under system configurations by the system administrator to identify if FATCA & CRS is to be enabled or not. If enabled, every time a business user logs into the banking application, the system will identify whether the user is required to fill out the form or not and further identify the type of form to be provided to the user based on the type of user. Individuals and sole proprietors will be displayed the FATCA & CRS Self – Certification form for Individuals and Corporates and other business entities will be displayed the FATCA & CRS Self – Certification form for Entities. Moreover, the FATCA & CRS Self – Certification form for Entities will be made available only to users that are accessing the online banking services of the entities in the capacity of trustees, sole owners or authorized signatories.

This section documents the information captured in the FATCA & CRS Self – Certification forms for both Individuals and Entities.

Workflow

The following workflow identifies the steps involved in the process of capturing customer information required from the view point of complying with FATCA & CRS, considering that the FATCA & CRS check in system configuration is set to Enabled.

How to reach here:

Retail Dashboard > FATCA and CRS Self - Certification Form link > FATCA and CRS self - certification Form

12.1 **FATCA & CRS Self - Certification Form for Individuals**

The FATCA and CRS – Self Certification form for Individuals is displayed to those users that are required to fill out the FATCA and CRS form and are either individuals or sole proprietors. The sections that consist of this form are documented as follows:

To fill the FATCA & CRS Self - Certification Form for individuals:

1. Select the **FATCA & CRS** link displayed as part of a message on the dashboard.
The FATCA & CRS Self - Certification Form for Individuals appears.

12.1.1 **Customer Identification**

In this section, enter basic personal details that includes your name, primary address, identification information, etc.

Customer Identification

The screenshot shows the 'FATCA & CRS Self-Certification Form For Individuals' in the Futura Bank interface. The form is titled 'Customer Identification' and includes the following fields:

- Title: Mr
- Full Name: Steven George Gerrard
- Address Type: Permanent, Current Residential, Other
- Country: India
- City: Mumbai
- Address: 401, Island Parkway, RedWood Shores
- Zip Code: 755011
- Mailing Address: Same as above
- Country: India
- City: Mumbai
- Address: 111, Avenida Victacure, Parkway
- Zip Code: 755012
- Nationality: India
- Country of Birth: India
- City/Place of Birth: Mumbai
- Identification Type: Passport
- Identification Number: 122221111
- Father's Name: John Smith
- Spouse's Name: Mary Jones

A 'Continue' button is located at the bottom left of the form. On the right side, there is a sidebar titled 'What is FATCA & CRS? & Why are you being asked to fill this form?' which contains explanatory text about FATCA (Foreign Account Tax Compliance Act) and CRS (Common Reporting Standard) and their purpose in combatting tax evasion.

FATCA & CRS Instructions

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 90 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

Substantial Presence Test

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
 - All the days you were present in the current year, and
 - 1/3 of the days you were present in the first year before the current year, and
 - 1/6 of the days you were present in the second year before the current year.

Declaration

The screenshot shows the 'FATCA & CRS Self-Certification Form For Individuals' in the futura bank portal. The navigation bar includes 'My Dashboard', 'ATM/Branch', and 'English'. The user is identified as 'Welcome, RyanN Bohr' with a last login of '11 May 04:51 PM'. The form is divided into four main sections: Customer Identification, Additional KYC Information, Tax Residency Information, and Declaration. The Declaration section contains the following text:

I acknowledge and agree that information contained in this form and information regarding income above may be reported to the tax authorities of the country in which such income arises and that those tax authorities may provide the information to the country or countries in which I am a resident for tax purposes.

Zigbank is not able to offer any tax advice on FATCA or CRS or its impact on me. I shall seek advice from a professional tax advisor for any tax related questions. I undertake to notify Zigbank of any change in circumstances that causes any information on this form to become incorrect and to provide Zigbank with updated information within 30 days of said change.

I authorize Zigbank to close or suspend my account(s) without any obligation of advising me of the same if any information provided by me in this form or hereafter is found to be false, untrue or misleading. I have understood the FATCA and CRS instructions and the requirement of information collected through this form and hereby confirm that the information provided by me in this form is true, correct and complete to the best of my knowledge.

I, Steven George Gerrard declare acceptance of all statements above

A 'Submit' button is located below the declaration section. To the right of the form is an informational box titled 'What is FATCA & CRS? & Why are you being asked to fill this form?'. This box explains that FATCA (Foreign Account Tax Compliance Act) and CRS (Common Reporting Standard) aim at combatting tax evasion on a global level. It also states that as per the Inter-governmental agreement (IGA) with the US and OECD, all financial institutions including Zigbank are required to obtain self-certification and to carry out due diligence of all accounts held with the bank. It further advises to complete all sections of the form and to consult a professional tax advisor if there are any questions.

Below the form, there are sections for 'FATCA & CRS Instructions' and 'Substantial Presence Test'. The instructions mention that the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. The Substantial Presence Test section states that you will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
 - All the days you were present in the current year, and
 - 1/3 of the days you were present in the first year before the current year, and
 - 1/6 of the days you were present in the second year before the current year.

A 'View More' link is provided at the bottom of the Substantial Presence Test section. The footer of the page contains the copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

7. Select the check box to provide consent of the FATCA & CRS terms and conditions and to provide consent to the declaration.
8. Click **Submit**. The Review screen appears.

12.1.5 Review

The review screen displays all the information that you have entered in the form. You can review this information and if required, select the option to edit the information of any section. Once you have verified all the information defined in the form, you can click on the option provided to submit the form, after which the form will be submitted and the confirmation page will be displayed.

Review

The screenshot shows the 'FATCA & CRS Self-Certification Form For Individuals' review screen. The page header includes 'My Dashboard', 'ATM/Branch', and 'English'. The user is logged in as 'Ryan N Bohr' with the last login on '11 May 04:51 PM'. The form title is 'FATCA & CRS Self-Certification Form For Individuals'. A message at the top says: 'Please review the following details before you submit the FATCA & CRS Self-Certification Form.' The form is divided into four sections, each with an edit icon:

- Customer Identification:**
 - Title: Mr
 - Full Name: Steven George Gerrard
 - Address Type: Permanent
 - Address: 401 Island Parkway, Redwood Shores, Mumbai, India, 7550011

FATCA & CRS Instructions

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

Substantial Presence Test

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
 - All the days you were present in the current year, and
 - 1/3 of the days you were present in the first year before the current year, and
 - 1/6 of the days you were present in the second year before the current year.

12.2.4 Declaration

This section displays the FATCA & CRS declaration for which you are required to provide consent on behalf of the entity, by selecting the provided checkbox. You are also required to enter your name in full and also specify your designation in the provided fields.

The screenshot shows the 'FATCA & CRS Self-Certification Form For Entities' in the Futura Bank portal. The form is divided into several sections: 'Identification of the Entity', 'Tax Residency', 'Entity Certification', and 'Declaration'. The 'Declaration' section contains a paragraph of text, a checked checkbox for 'Zig International Services declare acceptance of all statements above', and input fields for 'Full Name of Representative' (John Smith) and 'Designation' (Director). There are 'Submit' and 'Cancel' buttons. To the right, an informational box explains FATCA and CRS, stating that they aim to combat tax evasion and that all financial institutions, including Zigbank, are required to obtain self-certification. It also advises users to complete all sections and consult a tax advisor if they have questions.

Field Description

Field Name	Description
Declaration	Select the check box to provide consent to the FATCA & CRS terms and conditions and to provide consent to the declaration on behalf of the entity.
Full Name of Representative	Enter your name in fill.

Field Name	Description
Designation	Specify the designation / position that you hold in the organization /entity.

14. Select the check box to provide consent of the FATCA & CRS terms and conditions and to provide consent to the declaration.
15. In the **Full Name of Representative** field, enter your full name.
16. In the **Designation** field, specify the current designation or position that you hold in the organization.
17. Click **Submit**. The **Review** screen appears.

12.2.5 Review

The review screen displays all the information that you have entered in the form. You can review this information and if required, select the option to edit the information of any section. Once you have verified all the information defined in the form, you can click on the option provided to submit the form, after which the form will be submitted and the confirmation page will be displayed.

Review

The screenshot shows the 'FATCA & CRS Self-Certification Form For Entities' review screen. At the top, there is a navigation bar with 'My Dashboard', 'ATM/Branch', and 'English'. The user is identified as 'RyanN Bohr' with a last login of '11 May 04:51 PM'. The form title is 'FATCA & CRS Self-Certification Form For Entities'. A message states: 'Please review the following details before you submit the FATCA & CRS Self-Certification Form.' The form is divided into three main sections: 'Identification of the Entity', 'Tax Residency', and 'Entity Certification'. Each section has an edit icon. The 'Identification of the Entity' section shows: Legal Name of Entity or Organization: JUST EAT; Current Legal Address: 1022, Redwood Shores Island Parkway, CA, Idaho, United States, 94065; Country of Incorporation or Organization: United Kingdom. The 'Tax Residency' section shows: Is the entity a tax resident of any country other than <country name>?: Yes; Country of Tax Residence: United Kingdom; TIN Available: Yes; Tax Identification Type: TIN/TIN Equivalent; Is the entity incorporated in the United States of America?: No; Does the entity have any ultimate beneficial owners (incl. controlling persons) who are tax residents (incl. U.S. citizens/green card holders) of countries other than <country name>?: No. The 'Entity Certification' section shows: Please select a category to which the entity belongs: Non-Financial Institution; Non-Financial Institution: Active Non-Financial Entity (NFE); Name of the related corporation whose stock is traded: Example Coporation; Nature of relation: Subsidiary of the listed company; Name of the established securities market on which the stock of the related corporation is regularly traded: ABC Traders. The 'Declaration' section contains a text area with a disclaimer and a checkbox for 'Zig International Services declare acceptance of all statements above', which is checked. Below the declaration, the Full Name of Representative is 'John Smith' and the Designation is 'Director'. At the bottom, there are three buttons: 'Confirm', 'Cancel', and 'Back'. The footer contains the copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

18. Verify the details, and click **Confirm**.
OR
Click  against any section that you wish to edit, if required.
OR
Click **Cancel** to close the form.
OR
Click **Back** to navigate to the previous page.
19. The success appears along with the status of submission of the form.

12.2.6 Confirm

The confirmation page will be displayed once you have submitted the form. This page will display a message identifying whether the form was successfully submitted or not.

20. Click **Go to Dashboard** to navigate to the dashboard.

FAQ

1. What is FATCA, why I have to fill the FATCA & CRS form?

FATCA stands for 'Foreign Account Tax Compliance Act' and is a legislation designed to prevent tax evasion. Introduced by the United States Department of Treasury and the US Internal Revenue Service (IRS), the purpose of FATCA is to encourage better tax compliance by preventing US Persons from using foreign banks and other financial organizations in order to avoid US taxation on their income and assets.

2. What is a tax identification number (TIN)?

This is your unique number issued in your jurisdiction to you as a tax payer. However we are aware that some jurisdictions do not issue a specific tax numbers. UK residents can use their National Insurance number.

3. Does the Co-Applicant also need to login for the system to populate the information if he/she is an existing channel user?

No. The co-applicant's customer ID needs to be entered by the primary applicant if he/she is an existing user. A verification code will be sent to the co-applicants email ID and/or mobile number. Once the verification process is successful, the co-applicant's details will be populated.

4. Why am I asked to capture previous residential address details?

The bank has a resident stability policy in place wherein if the applicant is staying at the current address for less than a defined term then he/she needs to define the previous residential address.

5. My co-applicant and I live in the same house, do I need to enter address details again while defining co-applicant information?

No. There is an option in the co-applicant contact information section to default the primary applicant's address in that of the co-applicant's residential address fields.

6. Why am I being asked to capture previous employment details?

The bank has a employment stability policy in place wherein if the applicant has not completed a defined term in the current organization then he/she needs to define previous employment details.

7. I have saved the application. Can my co-applicant resume the application from the application tracker?

Yes. The co-applicant needs to be a registered channel user to login to the application tracker and resume the application.

8. Can the co-applicant perform all the pending tasks (if applicable) in the application tracker?

Yes, the co-applicant has all the rights as that of the primary applicant.

13. Product Showcase and Application Tracker

This option serves as a means by which the retail user can view the bank's online product offerings and also apply for any products of choice. Alternately, if the user has already applied for a product or if the user has a product application in draft, on selecting the Product Offerings option from the hamburger menu, the Application Tracker listing page will be displayed. The user will be able to track the status of any submitted applications and also retrieve applications that are in draft from the Application Tracker listing page. If the user wishes to apply for any other product, he/she can select the Start a New Application option provided on the Application Tracker Listing screen.

Note: To view detailed information about the Application Tracker as well as product offerings, please refer the **Oracle Banking Digital Experience Retail Originations Application Tracker** user manual.

Features Supported In Application

- Application of bank's online product offerings
- Tracking of submitted application status
- Accessing saved/in draft applications

14. Interest Certificates

An interest certificate is a summary of the interest credited or debited on an account. Banks issue interest certificates against accounts held by users, so that they can ascertain how much interest they have gained on their balances in their CASA or deposit accounts, or how much interest they have paid on their loans.

Interest certificates are widely used to complete tax returns.

Using this option, the user can view and download interest certificates for current and savings accounts, deposits (Term Deposits and Recurring Deposits) and loans.

Note: Interest certificates prior to 3 years are not available.

How to reach here:

Toggle Menu > Menu > Accounts > Certificates > Interest Certificates

OR

Access through the kebab menu of Certificates (Balance Certificates & TDS Certificates)

16. TDS Certificates

TDS or Tax Deducted at Source, is a means of indirect tax collection by Indian authorities according to the Income Tax Act, 1961. As per the Act, any company or person making a payment is required to deduct tax at source if the payment exceeds certain limits. TDS has to be deducted at the rates prescribed by the tax department. The concept of TDS was introduced with an aim to collect tax from the very source of income. TDS is applicable on the various incomes received such as salaries, interest received etc. which is deducted when income is generated rather than at a later date.

TDS is deducted when the interest payable or reinvested on Recurring Deposits or Fixed Deposits is above the government specified limit in a financial year. A retail user can view the TDS deducted from his account for the financial year. This option provides a consolidated view of TDS for all user's accounts and deposits. For taxation purposes, the retail user can download the TDS report for all his accounts.

How to reach here:

Toggle Menu > Menu > Accounts > Certificates > TDS Certificates

OR

Access through the kebab menu of Certificates (Balance Certificates & Interest Certificates)

TDS Certificates

The screenshot shows the 'TDS Certificates' page in the Futura Bank portal. At the top, there is a navigation bar with 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. Below this, the user is logged in as 'Jesal Bohr' with the last login time '06 Sep 09:45 PM'. The main content area has a 'TDS Certificates' heading and a 'Select Financial Year' dropdown menu currently set to '2017-2018'. There are 'Apply' and 'Reset' buttons below the dropdown. To the right, a 'Note' box states: 'TDS is deducted when interest payable or reinvested on RD and FD is above Rs. 10000 in a financial year. For TDS waiver, please submit form 15 G H when you open a Fixed Deposit/Recurring Deposit and subsequently at the beginning of each financial year, you have maintained deposit.' 17. Service Requests

This feature enables users to initiate service requests as well as to view all the service requests initiated by them along with the updated status of each service request.

17.1 Raise a New Request

The user can view all the service requests defined by the System/ Bank administrator on this screen. These service requests are grouped under Product and Request Category so that the user can easily locate and raise a service request according to their requirement. A free search is also provided on the screen that enables the user to search for a specific service request on the basis of the service request name.

Using this screen the users can raise a new service request by inputting the data in the fields (fields chosen by the System/ Bank administrator while creating Service Request Definition).

Pre-Requisites

- Transaction access is provided to the Retail User.

Features Supported In Application

The module supports the following features:

- Raise New Request – Summary
- Schedule an Appointment for Branch Visit
- Raise New Request

How to reach here:

Dashboard > Toggle menu > Menu > Service Requests > Raise a New Request

OR

*Access through the kebab menu of **Track Requests** transaction*

17.1.1 Raise a New Request - Summary

To raise a service request:

1. The page from which the user can select the service request form on the basis of product and category appears.

Raise a New Request – Service Request Form Selection

The screenshot shows the 'Raise a New Request' page. At the top, there's a navigation bar with 'futura bank' logo, a search bar, and user information: 'Welcome, keron Bohr', 'Last login 16 Sep 09:10 AM'. Below the navigation bar, the page title is 'Raise a New Request'. There's a search bar for 'Service Request Form'. Below that, there's a section titled 'Service Request from organized by Product and Category'. On the left, there's a list of products: 'Loan', 'CASA', 'Credit Card', 'Debit Card', and 'Product'. The 'Loan' product is selected, and a dropdown menu shows 'Loan Topup' with a list of categories: '1228286', '23b1980', '38296d4', '38d07d6', '605e418', and 'c7c544d'. On the right, there's a 'Note' box with a lightbulb icon and the text: 'Want to raise a new Service Request? Simply type what you are looking for in the search bar and click on the search results to raise a new request. In case you want to select the request from the available list of Requests, select a Product and Category under it to view the same.' At the bottom, there's a copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Note

This page lists all the Service Requests raised by you.

You can simply search a particular request and view the details of it by clicking on the same. In case you are not satisfied with the resolution provided for your request, please contact Branch or Customer Care.

Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions

Field Description

Field Name	Description
Search Criteria	
Product Name	The name of the product for which the service request is to be searched.
Category Name	The service request category name related to the product selected.
Date Range (From Date – To Date)	The user can search for service requests initiated between two dates by specifying a date range.
Status	The user can search for service requests based on status.
Search Results	
Date	The date on which the service request was raised.
Request Name	The name of the service request.
Reference Number	The reference number generated at the time the service request was raised.
Status	The current status of the service request.

To search for a service request:

1. Enter search criteria in the service request search fields.
2. Click **Apply**. The search results based on the search criteria appears on the **Track Requests** screen.
OR
Click **Reset** to clear the search parameters.
3. Click the **Request Name** link of the specific service request record to view the details of that service request.
OR
Click on the  icon to change filter criteria. The search results based on the new defined search criteria appears on the **Track Requests** screen.

17.2.2 Service Request Details

Once the user clicks on a service request record from the search results page, an overlay page opens displaying all the details of the service request, along with the status.

To view the details of a service request:

1. In the **Track Request** search results screen, click the **Request Name** link of the specific service request record to view the details of that service request. An overlay displaying the details along with the status of the specific service request appears.

Service Request Details

The screenshot shows the 'Service Request Details' overlay. The main window displays a table of 'Track Requests' with columns for Date, Request Name, Reference Number, and Status. The overlay is positioned over the top-right of this table. The overlay has a title bar 'Service Request Details' and a close button. Below the title bar is a 'Status History' section with a progress indicator showing two steps: '1' (PENDING TO RETAIL) and '2' (COMPLETE TO RETAIL). Below that is a 'Details' section with the following fields:

- Reference Number: 911
- Date Requested: 09 Sep 2021
- Request Type: Update Card Limits
- Credit Card ID: 624700*****0001
- Credit Card Limit Type: Credit

Field Description

Field Name	Description
Status History	The status history of the service request, highlighting the current status is displayed.
Details	
Reference Number	The reference number generated at the time the service request was raised.
Date Requested	The date on which the service request was raised.
Request Name	The name of the service request.
Comments from Bank	Any comments made by the bank are displayed here.
Request Details	The details of the requested service. All the fields captured at the time of raising the SR will be populated.

2. Click  icon to close the overlay and to navigate back to the **Service Request Summary** screen.

[Home](#)

18. Settings

This option lets the user disable login through any of his registered devices. If the user disables login from any device, the system disables all login modes (Touch ID/ PIN/ Pattern) for that device. This feature is beneficial to users, as a user can easily disable his alternate login modes if he loses his phone/ device (on which his mobile application is installed). The user can, thereby, prevent anyone from logging into his online banking account from any of the lost/stolen devices.

This option also lets the user disable receiving alerts via push notification, disable his alternate login from all his wearable devices and disable feedback popup that appears after every transaction for security reasons.

Through this screen, user can set their preferred delivery mode for receiving One Time Password (OTP). By default 'Both' (SMS and email) mode is selected, the user can disable any of the option. It also allows the user to set his preferred language after logging in, so that whenever the user logs in, the preferred language will be automatically selected.

How to reach here:

Dashboard > My Profile icon > Settings

OR

*Access through the kebab menu of any other **Preferences** screens*

To update the settings:

1. The **Profile** screen appears under **Settings**.

18.1 Profile

Using this option, the customer can view and edit his profile details. Profile details include the user's personal and contact details.

Pre-requisites

The user must be a customer of the bank and have valid login credentials.

Features Supported In the Application

- View the profile details and preferences of user
- Edit the profile details and preferences of user

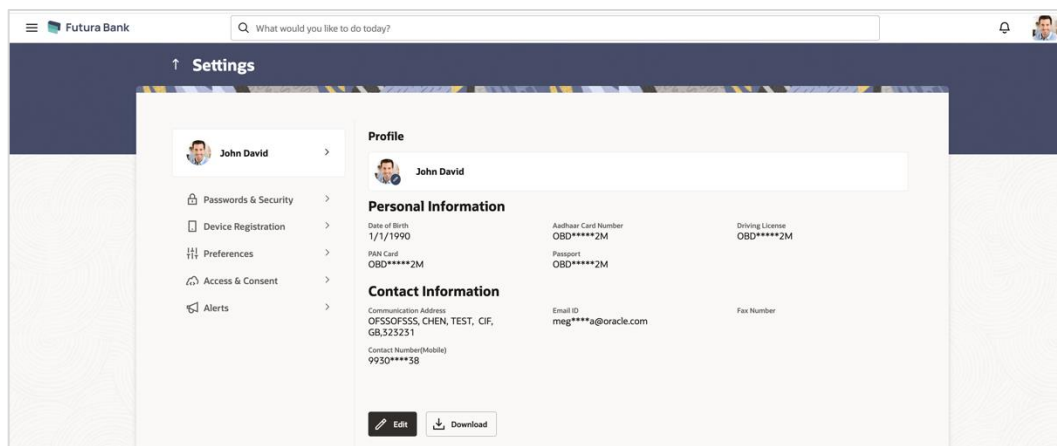

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Profile

OR

Dashboard > My Profile icon > Settings > Profile

Profile

Field Description

Field Name	Description
User ID	Name of the logged in user gets displayed.
Personal Information	
Date of Birth	Date of birth of the user gets displayed.
Aadhaar Card Number	Aadhaar number of the user, as maintained with the bank gets displayed in masked format. It is an identification number issued by government of India. Note: This identification type is applicable for India region. Bank can configure the identification types to be displayed and to be available for modification as per their region.
Driving Licence	Driving licence number of the user, as maintained with the bank gets displayed in masked format.
PAN Card	PAN number of the user, as maintained with the bank gets displayed in masked format. It is issued by the income tax department of India. Note: This identification type is applicable for India region. Bank can configure the identification types to be displayed and to be available for modification as per their region.
Passport	Passport number of the user, as maintained with the bank gets displayed in masked format.
Contact Information	

Field Name	Description
Communication Address	Address of the user, as maintained with the bank, will be displayed.
Email ID	Email ID of the user, as maintained with the bank, in masked format.
Fax Number	Fax number of the user, as maintained with the bank, in masked format.
Contact Number (Mobile)	Phone number of the user, as maintained with the bank, in masked format.

1. Click on  icon on profile picture;
 - a. Click on the **Upload Image** link to update the profile picture.
 - b. Click on the **Delete** link to delete the profile picture
2. Click **Edit** to update the personal or contact details.
3. Click **Download** to download the profile.

Note: Click  arrow to go back to the **previous** page.

18.1.1 Profile - Edit

The user can edit any his personal information as well as contact information, except his date of birth.

To edit any information in Profile:

1. Click **Edit** to update the personal or contact details. An overlay on which you can edit the desired information, appears.

Profile - Edit

The screenshot shows the 'Edit Profile' overlay on the Futura Bank settings page. The overlay has two tabs: 'Personal Information' and 'Contact Information'. The 'Personal Information' tab is selected and contains the following fields:

- Passport: OBDXM2222M
- Date of Birth: 1/1/1990
- Pin Card Number: OBD****2M

The 'Contact Information' tab contains the following fields:

- Communication Address: DESSOFSS, CHEN, TEST, CF, GB,3252521
- Email ID: meg****a@oracle.com
- Contact Number (Mobile): 9920****58

At the bottom of the overlay, there are 'Cancel' and 'Save' buttons.

Field Description

Field Name	Description
Field Names in editable format	All the fields applicable for the specific option selected to be edited, are displayed in editable format.

2. Update the field with the required information.
3. Click **Save** to save the changes.
OR
Click **Cancel** to cancel the transaction.
4. The success message appears.

FAQ

1. Can the user edit his profile information?

Yes, user can edit his profile information except date of birth.

18.2 Password & Security

Using this option user can update the Change Password, Passkey, Alternate Login, Wearable PIN, Security Questions, Soft Token Authentication, Facial ID, and OTP Delivery Mode details.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security

Settings-Password & Security

18.2.1 Change Password

This feature enables existing users of the bank to change their login password.

Pre-requisites

- User must have existing login credentials.

Features Supported In Application

- Changing the login password.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Change Password

Change Password

Field Description

Field Name	Description
Current Password	Enter your current login password.
New Password	Enter a new password to replace your current login password.
Confirm New Password	Re-enter the new password to confirm the same.

To reset the password:

1. In the **Current Password** field, enter your current login password.
2. In the **New Password** field, enter a new password.

(Read the conditions defined under the **Password Conditions** section on the application screen to view the password policy.)

3. In the **Confirm New Password** field, re-enter the new password.
4. Click **Save**.
OR
Click **Cancel** to cancel the transaction.
5. A message confirming successful change of login password appears.
6. As the login user changed his password using 'Change Password' option, system will logout the user and user will be shown a confirmation message of password change along with an option to login again. Click **Login** on confirmation screen to log in to the application.

Note:

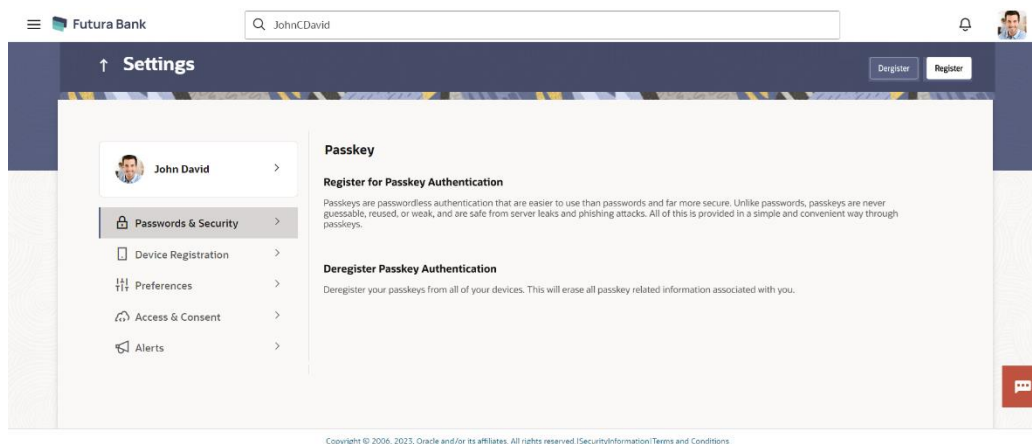

- 1) Password Conditions gets highlighted in green if the user's password is meeting the Password Policy criteria and similarly in Red if the password is not as per the Password Policy maintained.
- 2) Click inside the **Password** field, the Virtual Keyboard link appears. Click on the link to use virtual keyboard.

18.2.2 Passkey

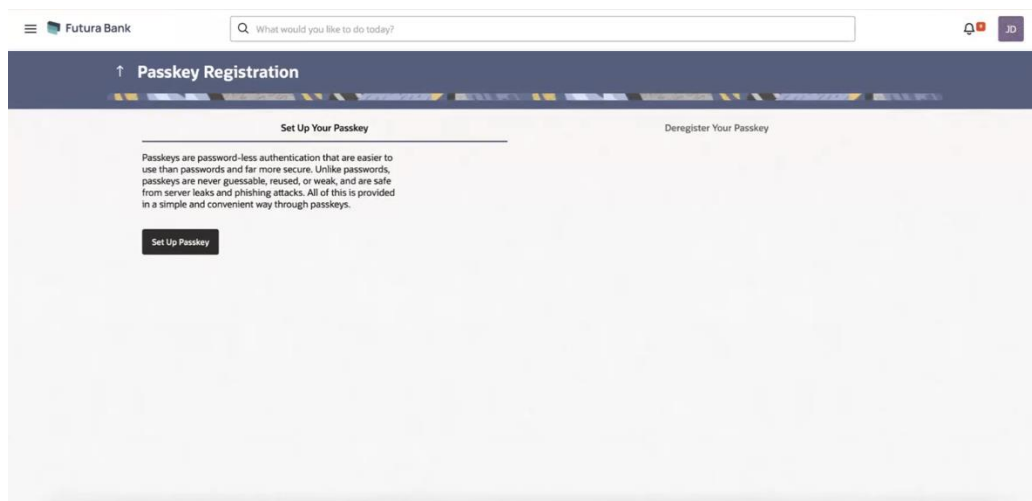

Passkeys work only on their registered websites and apps. Using this option you can register/de-register the passkey. For more details, refer **User Manual Oracle Banking Digital Experience Passwordless Login through Passkeys**.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Passkey

Passkey

2. Click **Setup Passwordless Authentication**. The **Passkey Registration** page appears.

Passkey Registration screen

3. Click on the **Setup Passkey**.
4. System prompts the user to save passkey in the device itself or in other mobile or table device with camera or in any security key.
5. Select a desired device.
Click **Continue with Password**.
OR
You can select **Security Key** or select **Save a passkey on a device with a camera**.
 - 1) **QR Code** is displayed on the device, and it needs to be scanned with a device with camera that supports passkey authentication.
 - 2) Open the Camera app on your device. Point the camera at the QR code on the screen of the device you want to connect to.
6. Click **Save Passkey**.
7. Click **Continue** on the device.
8. The operating system may ask for authentication mechanism such as Face ID/Fingerprint/device password for registering passkey. The same mechanism will be used during login through stored passkey.

Note : For this feature to work, Bluetooth on both the devices needs to be turned ON.

9. On successful registration, passkey will be saved.

18.2.3 Alternate Login

Using this option you can set PIN / Pattern / Face ID as an alternate login method for authentication and can be used instead of entering their user ID and password. For more details, refer **User Manual Oracle Banking Digital Experience PIN Pattern Touch and Face Authentication**.

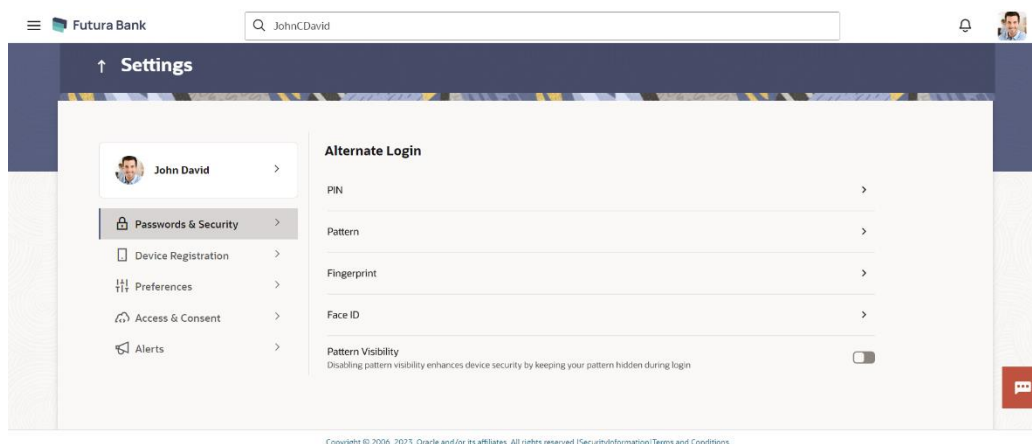

Following are the alternate method for authentication:

- PIN- define a 4 or 6 digit numeric PIN for login
- Pattern- define a pattern for authentication
- Face ID- define Face ID for login
- Touch ID- define a fingerprint (touch ID) for login

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Alternate Login

Alternate Login

10. Click on the > icon of the method to be set as alternate login method.

- a. If **PIN** option selected;
 - i. In the **Set PIN** field, enter the PIN of 4 or 6 digit that needs to be set for login.
 - ii. In the **Confirm PIN** field, re-enter the pin for confirmation.
 - iii. The success message of PIN set appears.
- b. If **Pattern** option selected;
 - i. Select the **Pattern** option as the login method. The **Set Pattern** screen appears.
 - ii. Set the **desired** pattern. Draw a pattern connecting a minimum of 4 dots.
 - iii. Click **Confirm**. The **Confirm Pattern** screen appears.
OR
Click **Undo** to reset the pattern and redraw it.
OR
Click **Cancel** to cancel the transaction.
 - iv. The success message of pattern set appears.
- c. **Pattern Visibility**
 - i. Toggle **Pattern Visibility** button to make the pattern visible.
Next time you draw the pattern at the time of login, you will able to see it on the screen.

Note: By default, the **Pattern Visibility** option is disabled. If you keep the pattern visibility as disabled, you will not be able to see the pattern that you are drawing at the time of login and this will prevent any unauthorized access to the application.

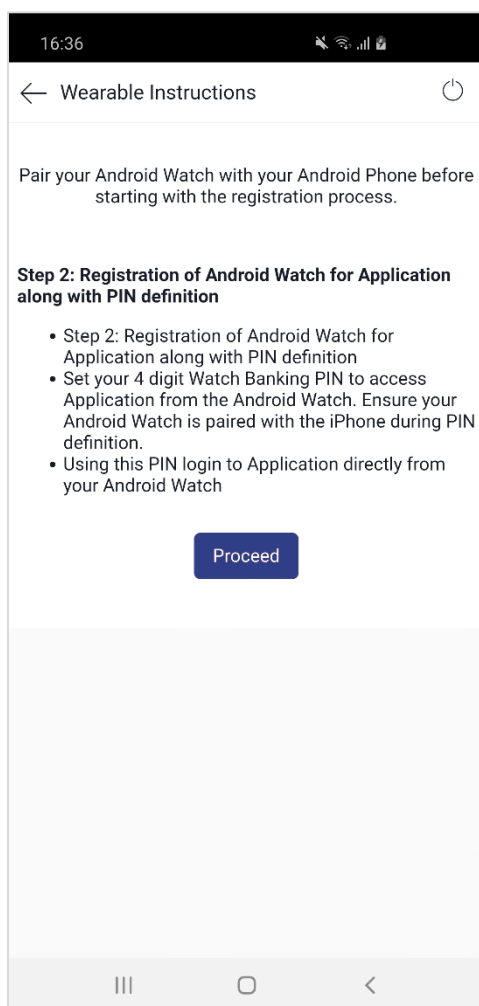

- d. If **Face ID** option selected;
 - i. A message is displayed prompting you to use the Face ID.
 - ii. Click **OK**. The **Set Face ID** confirmation screen is displayed.
 - iii. Once the face ID recognition is successfully set as an alternate login, you will get an option to login with Face ID on the login page.
- e. If **Touch ID** option selected;
 - i. A message is displayed prompting you to use the Touch ID.

- ii. Once the fingerprint is authenticated, a message confirming the fingerprint recognition is displayed.
- iii. Click **OK**. The **Set Touch ID** confirmation screen is displayed.
- iv. Once the touch ID as an alternate login is successfully set, you will have an option to **Login with Fingerprint** on the login page.

Wearable PIN

User needs to register the wearable along with PIN definition so that he/she can perform inquiries and transactions using the wearable. You will need to install the application on the wearable and start the registration process by pairing the wearable with the mobile application i.e. pair your Apple/Android watch with iPhone / Android phone.

Wearable Registration (Mobile)

11. Click **Proceed**. The **Verify User** screen is displayed.
12. Enter the **Password**. The message is displayed prompting that the Device ID will be stored.

13. Click **Allow** to proceed with storage of device ID.
OR
Click **Deny** to disallow storage of device ID.
14. You will be prompted to define the **PIN** for the wearable.
15. Re-enter the **PIN** in the **Confirm** screen.
16. Once the **PIN** is confirmed, a pop-up message is displayed with confirmation of PIN setup.
17. Click **OK**, The **PIN** successfully submitted message is displayed.
18. Once the wearable is registered and the PIN is set, you can login to the application (with access to limited features) through the wearable by entering the PIN.

18.2.4 Security Questions

Using this option, the user can setup security question maintenance. Security question maintenance entails selecting questions from a pre-defined list and defining answers for each selected question. This list of security questions and answers becomes the user's security question set and the user will be asked to answer these questions while initiating certain transactions (as defined by the bank administrator) as a second level of authentication.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Security Questions

OR

*Access through the kebab menu of **Preference** transactions*

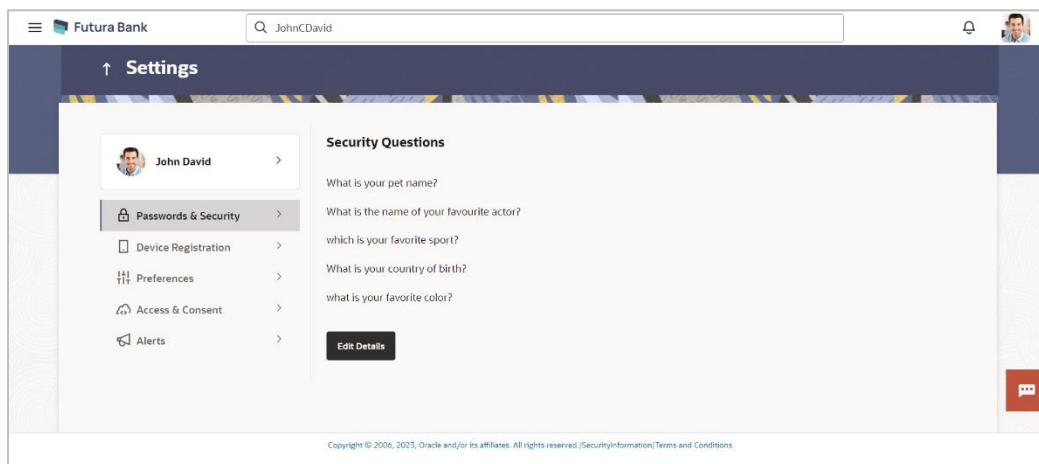

Security question setup is part of the first time login steps. The user can opt to skip setting security questions during first time login and can instead complete security question setup from the Security and Login screen.

To set up security questions:

Note: If security questions have not been set-up by the user, the following message will be displayed - "Security Questions have not been set up yet". The user will be provided with the option to set up security questions.

1. Click **Set up now** to set-up security questions. The **Set Security Question** screen appears.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous page.

Security Question Maintenance

Field Description

Field Name	Description
User Security Questions	
Security Question	Select a question to be assigned as a security question. The security questions will be numbered, e.g. Security Question1, Security Question 2 and so on. The number of security questions and answers available will be dependent on the number configured by the bank administrator.
Answer	Specify an answer for the selected security question. The fields in which you can specify answers to selected security questions will be displayed below each security question and will be numbered, e.g. Answer 1, Answer 2 and so on.

2. From the **Security Question** list, select the appropriate security question to be added in the security question set.
3. In the **Answer** field, enter an answer for the corresponding security question.
4. Click **Submit** to save the security questions.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
5. The **Security Question Maintenance – Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR

Click **Back** to edit the security question setup.

The **User Security Question – Edit** screen with values in editable form appears.

- The success message of submitting the request appears.
Click **OK** to complete the transaction and navigate back to '**Dashboard**'.

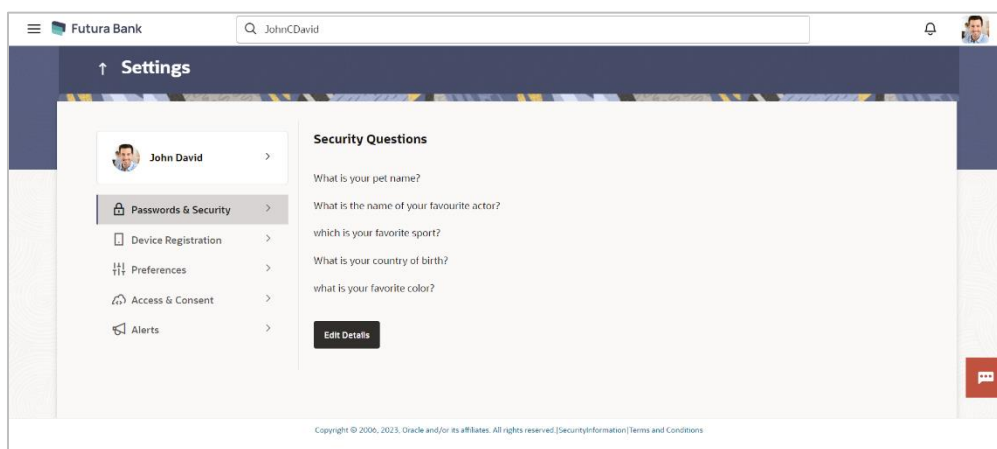

Security Questions – View and Edit

If the user has already set-up of Security Questions, the application displays the list of security questions. It also enables the user to modify the set of security questions.

To edit the set of security questions:

- Navigate to **Set Security Questions** screen, the **Set Security Question - View** screen appears.

Set Security Questions - View

Field Description

Field Name	Description
Security Questions	The list of security questions, which is the existing set of the user

- Click **Edit** to make changes, if required. The **Security Question Maintenance – Edit** screen with values in editable form appears.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.

Security Question Maintenance - Edit

Field Description

Field Name	Description
Questions	The list of security question, which is the existing set of the user.
Answer	Specify an answer for the selected security question.

- From the **Security Questions** list, select a different question from the currently set question, if required.
- In the **Answers** field, enter the answers corresponding to the security questions.
- Click **Submit** to save the changes made.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
- The **Security Question Maintenance – Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to make changes, if required.
The **Security Question Maintenance – Edit** screen with values in editable form appears.

- The success message of security question setup appears along with the transaction reference number.
Click **OK** to complete the transaction and to navigate back to the **Dashboard**.

18.2.5 Soft Token Application

This option enables Multi-factor authentication for a specific user and for a specific device. This same device must be used to generate the time-based one-time passcode every time the user signs in.

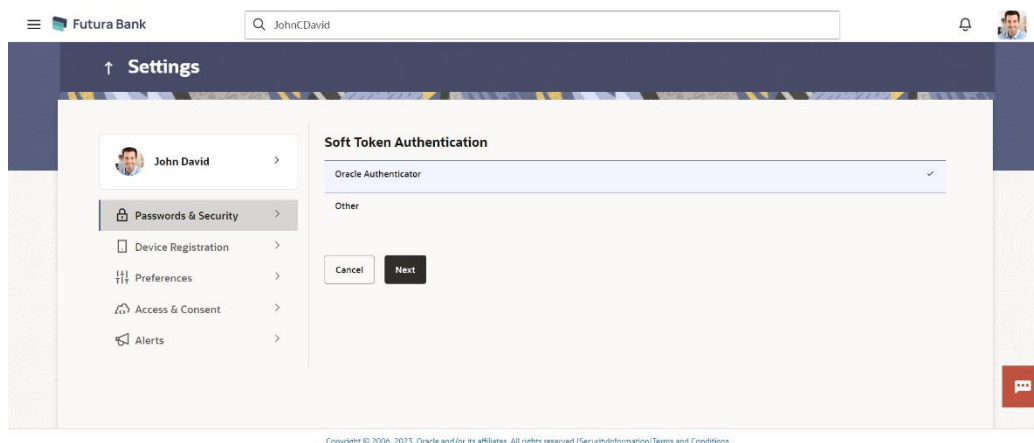

A Soft token authentication is a two - factor authentication based on Passcode or PIN. Using this option, the user can generate security token i.e. a single-use 6 digit login PIN or passcode.

If you set up 2-Step Verification, you can use the Oracle Mobile Authenticator(OMA), Google Authenticator, Microsoft Authenticator with TOTP only app to receive QR codes.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Soft Token Application

Soft Token Application

Field Description

Field Name	Description
Choose Authentication Type	Specify the authentication type for to generate the time-based one-time passcode every time the user signs in. The options are: <ul style="list-style-type: none"> Oracle Mobile Authenticator Other Mobile Authenticator
Can't scan? Copy the key	Click on the link to generate the key to authenticate.
QR Code	Generated QR code to authenticate.

- In the **Choose Authentication Type** field, select the desired authentication type.

2. Click **Next** to generate QR Code. QR code is generated by application.

Scanning QR Code

3. Get the authenticator app from the **App Store**.
4. Install the authenticator app on iphone or android device.
5. Open authenticator app.
6. Click on the + icon of the authenticator.

Authenticator

7. Choose option to scan the QR code or enter authentication key.
8. Scan the QR code by authenticator app.

Note: If you can't scan the QR Code, click on the **Can't scan? Copy the key** link to generate the key to authenticate.

9. The success screen appears as user is all set to use authenticator to authorise.

18.2.6 Facial ID

This option allows the user to login to the Futura Bank application using Face ID instead of user ID and password. The user also has the option of changing their alternate login from Face ID to any other method.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Facial ID

Facial ID

1. Click on the link **Continue on Mobile Device** to take selfie from your mobile camera.
OR
Click **Take Selfie** to set the face ID from the desktop.
2. The success message of face ID for authentication appears.

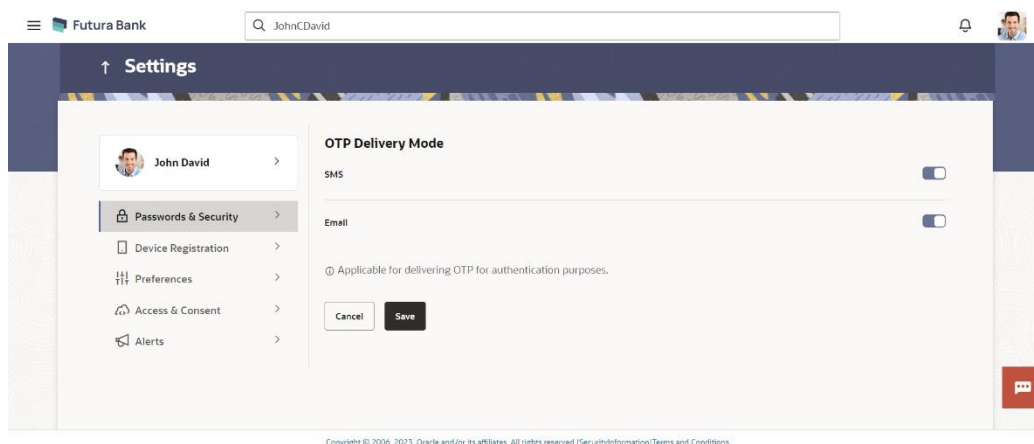

18.2.7 OTP Delivery Mode

You can define delivery preference for dispatch of OTP i.e. whether you want it delivered on SMS or Email or Both. If there is a preference defined, system will dispatch the OTP on preferred delivery mode.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > OTP Delivery Mode

OTP Delivery mode

Field Description

Field Name	Description
Preferred Delivery Mode (Only for OTP)	
Dispatch Method	<p>Select the preferred delivery mode to receive the one-time password (OTP).</p> <p>The options are:</p> <ul style="list-style-type: none"> • SMS • Email

Note: The preference is applicable only for OTP defined as authentication mode for transactions by the bank.

1. Toggle specific delivery mode to set as an OTP delivery mode for authentication.
2. Click **Save** to save the changes.
OR
Click **Cancel** to cancel the transaction.
3. The success message appears.

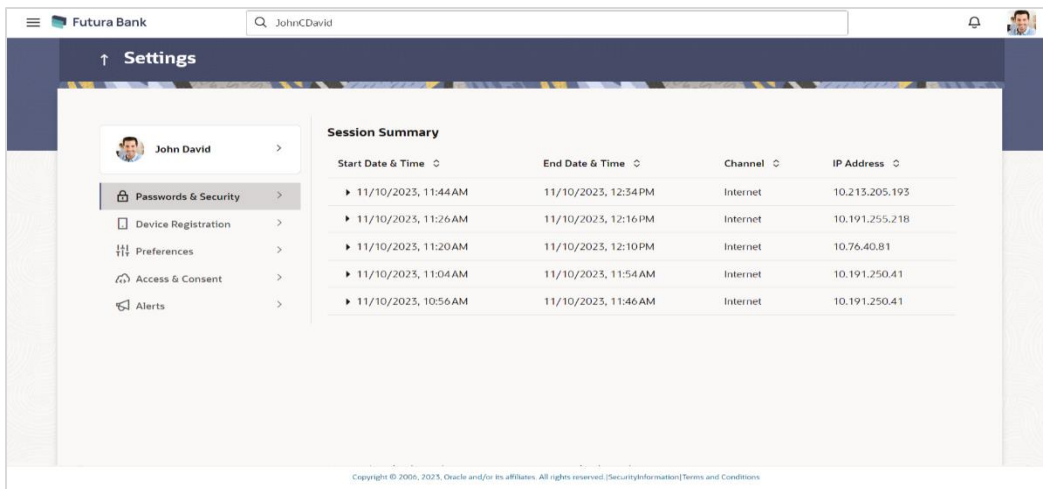

18.2.8 Session Summary

This option is used by the user to check the log of transactions and login details for the previous five logins. The user can view the entire session summary of the previous five logins, login and logoff date and time for each session, channel in which transactions are carried out in each session along with the IP address of the channel.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Session Summary

Session Summary

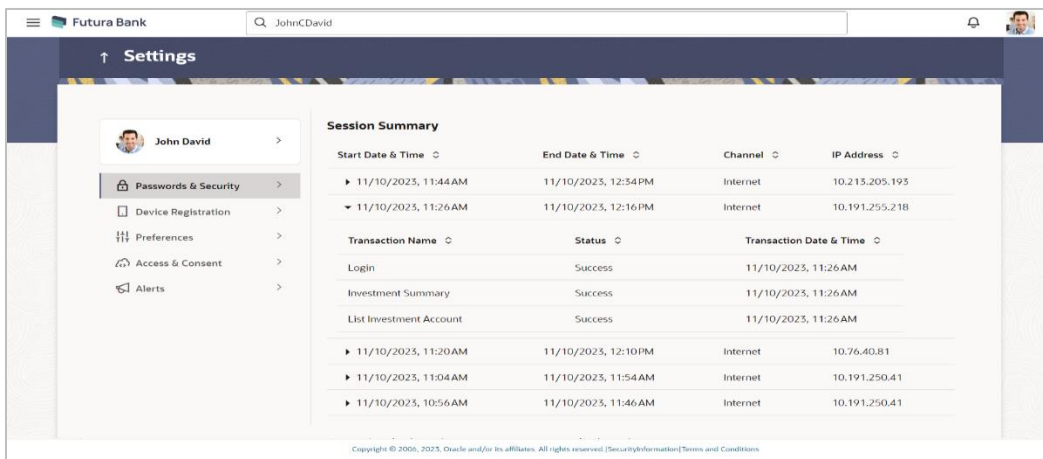

Field Description

Field Name	Description
Start Date & Time	The date and time at which the particular session was started.
End Date & Time	The date and time at which the particular session was ended.
Channel	The channel of access for the session (Desktop Browser / Mobile / Application etc.)
IP Address	The IP address of the channel.

1. Click ▶ against a specific record to view the details of that session. The session details appears.

Session Summary - Details

Field Description

Field Name	Description
Start Date & Time	The date and time at which the particular session was started.
End Date & Time	The date and time at which the particular session was ended.
Channel	The channel of access for the session (Desktop Browser / Mobile / Application etc.)
IP Address	The IP address of the channel.

Session Summary – Details

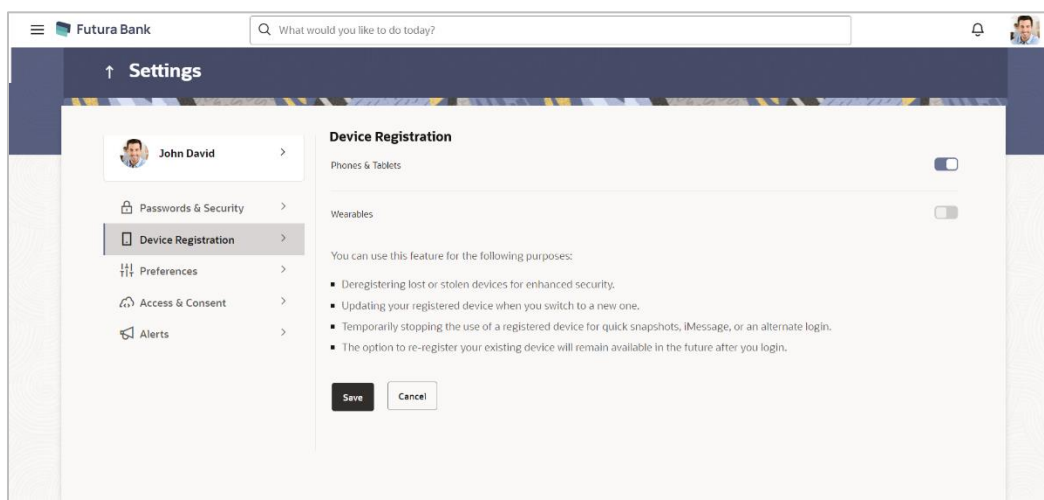

All the transactions initiated during the selected session are listed down one below the other. The fields documented below form part of a transaction record.

Transaction Name	The name of the transaction that was performed during the session.
Status	The status of the transaction.
Transaction Date & Time	The date and time at which the transaction was performed.

18.3 Device Registration

This option lets the user to deregister lost or stolen devices for enhanced security, update registered device when user switch to a new one, temporarily stopping the use of a registered device for quick snapshots, iMessage, or an alternate login, and allow to re-register existing device in the future after login.

Device Registration

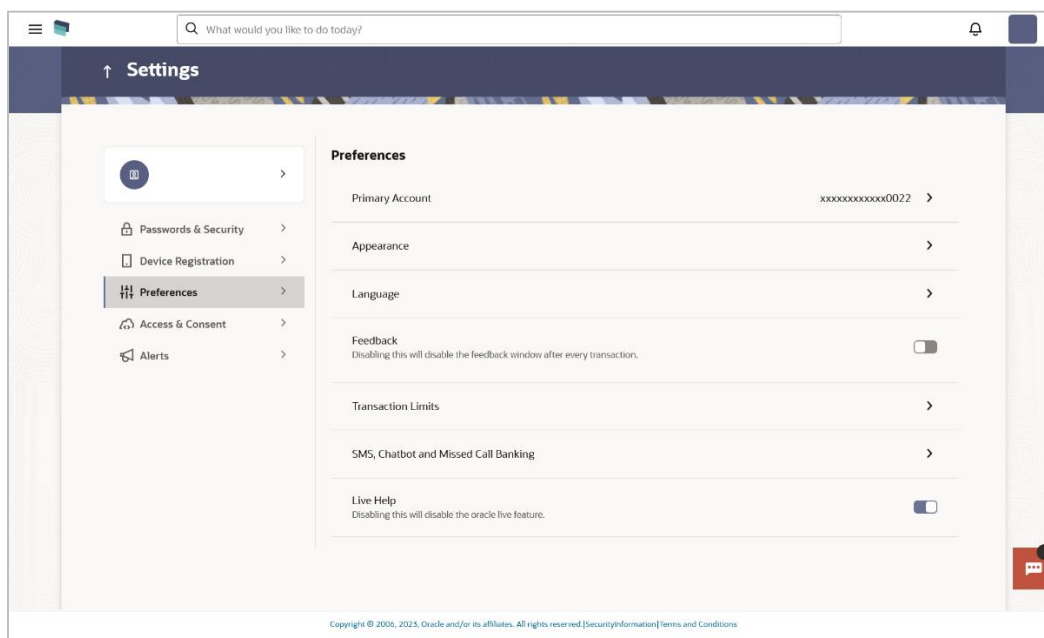

Field Description

Field Name	Description
Phones & Tablets	This feature permits the user to deregister all their iOS and Android mobile devices, eliminating the device mapping from their mobile. As a result, alternative login methods like PIN, pattern, or facial recognition won't function on those devices.
Wearables	This feature enables the user to de-register their wearable devices, effectively removing the device mapping by turning off the wearable option. As a result, PIN login will not work on the wearables.

1. Under the **Phones/ Tablets** section, click the toggle button to deregister IOS/Android devices.
Your alternate login gets disabled from all the android devices on which you have installed the banking application.
2. Under **Wearables**, click the toggle button to deregister your IOS/Android wearable devices.
Your alternate login gets disabled from all the android wearable devices on which you have installed the banking application.
3. Click **Save** to save the changes. The success message appears.
OR
Click **Cancel** to cancel the transaction.

18.4 Preferences

Preferences

18.4.1 Primary Account Number

This option enables the user to define his primary account number.

Note: The account number selected in this screen will appear as a default account in all the account number selection fields (applicable for all existing and new transactions).

Pre-requisites

- The user must have a valid login credential to access the digital banking platform.

Features Supported In the Application

- Definition of Primary Account Number

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Primary Account Number

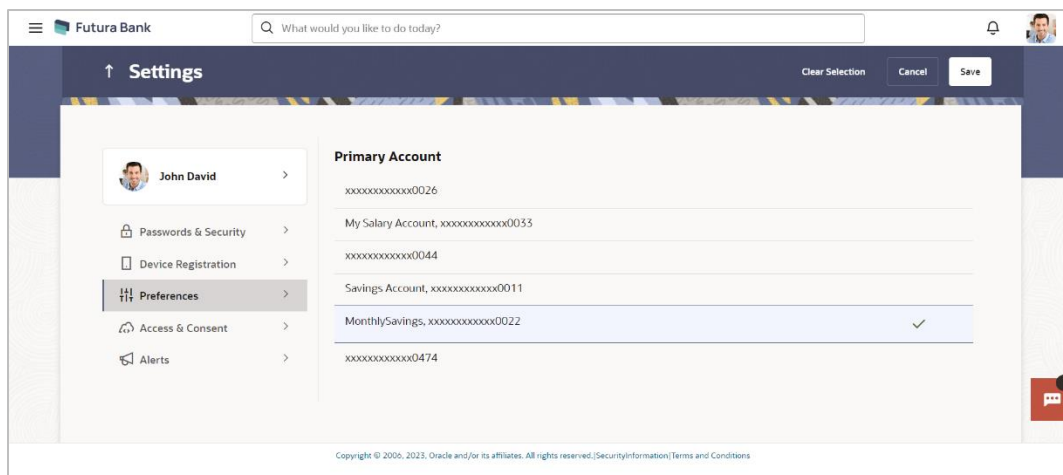

OR

Dashboard > My Profile icon > Settings > Preferences > Primary Account Number

To select the primary account number:

- All the user's account numbers with account type, party name and nickname (if added) appears on the **Primary Account Number** screen.

Primary Account Number

Field Description

Field Name	Description
Select	The option to select any account number to be marked as primary account number.
Account Type and Number	The account numbers (in masked format) and the type of accounts are displayed as records.

Field Name	Description
Party Name	The party name of the account is displayed against the account record.
Nickname	The nickname given to the account by the account holder, is displayed against the account record.

2. Click on the account number that you wish to be marked as the primary account number.
3. Click **Save**.
A message confirming definition of primary account number appears.
OR
Click **Clear Selection** to deselect the selection.
OR
Click **Cancel** to cancel the transaction.

18.4.2 Appearance

Using this option, business user can personalize the view of their application with the desired themes. The list of theme templates are available to the business users for selection, the user can select the desired theme and activate it by clicking the Apply button.

At any point in time, the user can deactivate a theme and activate another one or revert to the default theme.

Pre-requisites

- The user must be a customer of the bank and have valid login credentials
- Bank Administrator has created the themes that are available for business user for personalization

Features supported in application

- Apply Theme
- Switch to default Theme

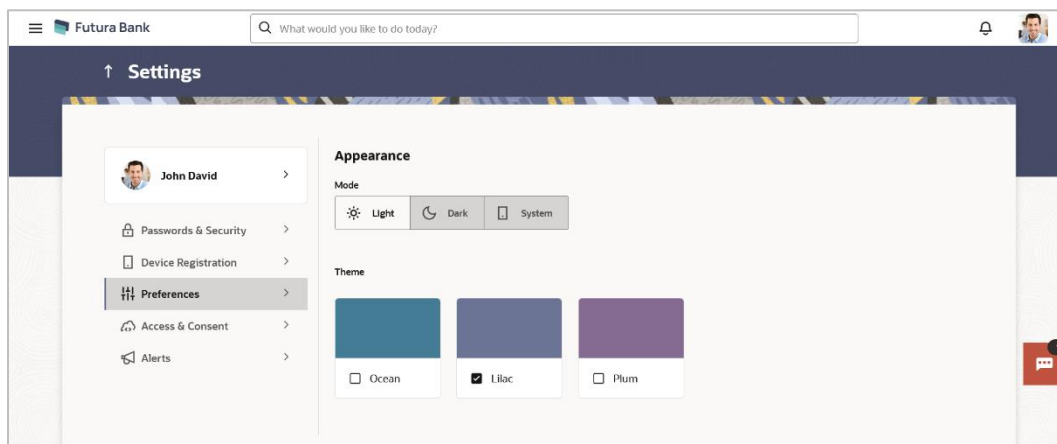

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Appearance

OR

Dashboard > My Profile icon > Settings > Preferences > Appearance

Themes

To apply the theme:

1. All the themes defined by the bank users get listed here. User can view the colors of the themes in the theme templates being displayed.
2. Select the required theme from the list of available themes.

18.4.3 Language

Using this option user can set desired language to use in the application.

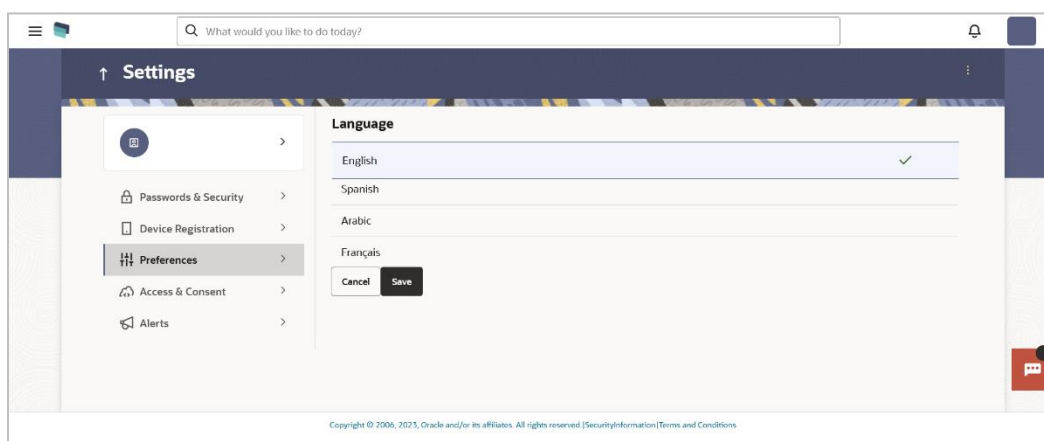

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Language

OR

Dashboard > My Profile icon > Settings > Preferences > Language

Language

Field Description

Field Name	Description
Preferred Language	The option to set the user/s preferred language to use the application.

To set the preferred language:

4. Click **Save**. A success message appears.
OR
Click **Cancel** to cancel the transaction.

18.4.4 Feedback

Using this option, users can disable the feedback window, which is an option to provide feedback on generic aspects about the application.

How to reach here

Dashboard > My Profile icon > Settings > Preferences > Feedback

Feedback

1. Under the **Feedback** section, click the **Feedback** toggle button to disable the feedback option provided for transactions.

18.4.5 Transaction Limits

The bank can put restrictions on the transactions initiated by customers from the online banking channels. The bank applies different types of limits on different transactions. These limits may vary depending on the user / customer type.

The different types of limits are as follows:

- Permitted number of transactions in a day
- Cumulative amount of transactions in a day
- Minimum amount for a transaction
- Maximum amount for a transaction

The limits function enables a retail user to view the daily limits (applicable at specific transaction level and at transaction group level) assigned by the bank for a specific channel or for a group of channels. The user can edit and reduce the cumulative transaction amount limit offered by the bank for individual transactions. The user can also reduce the maximum transaction count limit offered by the bank for individual transactions.

Further modification of limits will be enabled up to the limits offered by the bank for each transaction. Updated limits will be applicable from the next calendar day.

Pre-requisites

The user must have an active Current and Savings Account relationship with Bank.

Features supported in the Application

- View Transaction Limits: Daily and monthly
- Reduce cumulative daily/monthly amount limit for each transaction
- Reduce cumulative daily/monthly count limit for each transaction

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > My Limits

18.4.5.1 Transaction Limits – View

The logged in Retail user can view the transaction limits offered by the bank for each transaction using this option.

Limits

Field Description

Field Name	Description
Channel	Select the channel for which user limits are to be displayed.
Transactions	Select the transaction for which user limits are to be displayed.
Transaction Name	The name of the transaction as selected in the above field is displayed.
Min Amount	The per transaction limit - minimum amount.

Field Name	Description
Max Amount	The per transaction limit - maximum amount.
Transaction Limit - Daily Limits	<p>The daily amount limit and transaction count limit (available and utilized) of a transaction is displayed.</p> <p>This is also represented in a graph - with a (colored) utilized amount (numeric figure below it) and the available limit allocated by the Bank (numeric figure below it) and the total of utilized and available limits.</p> <p>This section will be displayed if a limit package with selected channel and transaction is mapped to the user.</p>

3. You can define delivery preference for receive all the alerts and notifications. If there is a preference defined, system will dispatch the it on preferred delivery mode.

FAQ

1. **If I have more than one iOS devices and I need to deregister one of my devices from the Futura Bank application, can I do so using the 'Registered Device' option?**

If you disable 'iOS Devices' in the 'Register Device' option, it will disable your alternate login from all the devices. You need to re-install the application if you want to use it again on that device.

2. **Why would I need to unregister a device?**

The unregistering of devices is done in case you have lost your device and you want to disable your alternate login from that device to prevent any misuse of your Bank account.

20. Personalize Dashboard

Dashboard personalization feature provides an ability to the business users to reconfigure and customize their dashboards around the tasks and information they use most frequently. This feature will enable business users to create their own dashboard that is easier to navigate, making every visit more efficient.

Retail users can reconfigure/ customize their dashboards by dragging and dropping the desired widget at desired location while configuring new dashboard to add more widgets. The users can also move the widgets already present in the dashboard to the desired location using this function. The user can also change the size of the widget (expand and compress) and can remove the widget if desired. The widgets on the dashboard auto adjust itself according to the place available on the dashboard.

OBDX dashboards are responsive and can adapt to any size of device that Bank wants to enable for the customers. User can preview his dashboard for different form factors i.e. desktop, mobile and tablet. An option to revert to the default dashboard (configured by bank) is also provided.

Note:

- 1) Dashboard personalization feature is currently not supported by mobile and tablet devices.
 - 2) Widgets available for selection for users are on the basis of the widget access given to the associated application role of the user for Internet touch point.
-

Prerequisites

- Transaction access is provided to the retail user
- Widgets are available for designing the dashboard

Features supported in application

- Personalize/ Customize the Dashboard
- Revert to default dashboard

How to reach here:

Dashboard >  icon > Personalize Dashboard

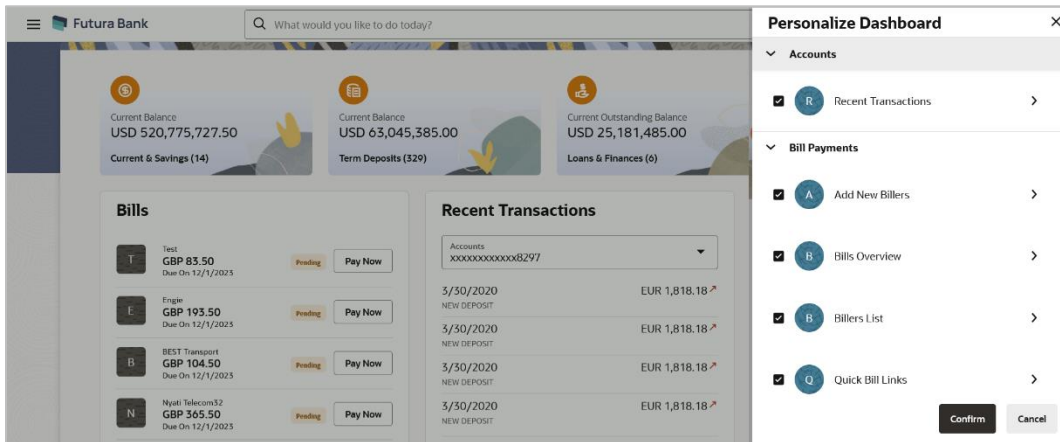

20.1 Personalize Dashboard

Using this option retail users can customize their dashboard according to their convenience. A default dashboard is displayed as the user navigate to the Personalize Dashboard option.

To customize the dashboard:

1. Navigate to the **Personalize Dashboard** screen. The **Personalize Dashboard** overlay screen appears.

Personalize Dashboard

- The success message along with the transaction reference number appears. Click **OK** .

FAQ

1. Which alerts can the retail user subscribe or unsubscribe, for himself?

The alerts, which are not mandatory, can be subscribed or unsubscribed, by the retail user.

2. What if a retail customer wants to opt-out of alerts?

The retail user can unsubscribe the alerts as per his requirement. Please note that the customer will continue to receive the mandatory alerts irrespective of his choice on the subscribed alerts.

22. Mailbox

Mailbox helps in two way communication between the bank administrator and the business user. Mailbox displays the list of messages to the user with date and time and message subject. Users can send mail messages to bank administrators with specific pre-defined subjects for their queries/complaints/feedback.

Prerequisites:

- The user must have a relationship with Bank.
- User must have login credentials.

Feature supported in the Application:

- **Inbox** – This folder displays all the messages sent by bank administrators to the user. The user can reply to any of these mail messages or can delete any message.
- **Compose** – This enables the user to select a predefined subject and to initiate a mail with a query/ complaint/ feedback.
- **Sent Mail** – This folder lists down the mails sent by the user. An option is provided to delete any or all sent mails.
- **Deleted Mail** – This folder displays the mails deleted from the user's **Inbox** and **Sent Mail** folders. The user can opt to permanently delete any or all of these mail messages.
- **Alerts** – This folder lists down the alerts sent by the bank to the user. The user can opt to delete any or all of these alerts.
- **Notifications** - This section enables the user to view all the notifications sent by the bank.

22.1 Mails

The following features are available under Mails:

- **Inbox:** This folder displays all the mail messages received by the user.
- **Compose Mail:** This option enables the user to create and send a new mail message.
- **Sent Mails:** This folder displays the list of mail messages sent by the user to the bank.
- **Deleted Mails:** This folder contains the list of mail messages deleted by the user from the inbox and the sent mail folders.

How to reach here:

Dashboard > Toggle Menu > Menu > Mailbox > Mails
OR

Dashboard > Click  > Mails > View All

22.1.1 Inbox

Using this feature, the user can view the messages received in his Inbox. The user can view an individual message by clicking on the subject of the specific mail.

How to reach here:

Dashboard > Toggle Menu > Menu > Mailbox > Mails > Inbox

OR

Access through the kebab menu of any other screens available under Mailbox

To view received mails:

1. The list of received messages appears on the **Inbox** screen. Click on the subject link of an individual message to view the details of that message.

Inbox

Field Description

Field Name	Description

OR
Click **Refresh** to refresh the folder.
OR
To delete one or multiple messages, select the specific check boxes against the mail and click **Delete**.
OR
Click on kebab menu to access mailbox related transactions.

Inbox - Message Details

The screenshot shows a mailbox interface for 'futura bank'. The inbox list on the left contains three items: 'Subject', 'Re:Reissue Debit card PIN', and 'Re:Block Debit / ATM card'. The detailed view on the right shows a message chain for 'Re:Reissue Debit card PIN'. The chain consists of three messages:

- From: **admingroup11**
Sent: 11 Oct 2021 12:40:48 PM
Welcome
- From: **keron Bohr**
Sent: 11 Oct 2021 12:39:23 PM
thank U
- From: **admingroup11**
Sent: 11 Oct 2021 12:34:18 PM
Approved

The last message in the chain is titled 'Reissue Credit Card' and has 'Reply' and 'Delete' buttons below it.

Field Description

Field Name	Description
Message Details	
Message Heading	The subject of the received mail.
From	The name of the sender of the mail.
Sent	The date and time on which the mail was received.
Content	The content of the mail.
Mail Chain	<p>All the mails forming part of the mail chain being viewed are displayed one below the other with the mail received most recently displayed on top.</p> <p>Each mail in the chain contains the following:</p> <ul style="list-style-type: none"> The name or ID of the sender of the mail. Mails sent by you will have your name displayed against the From field and those sent by a bank administrator will have the ID of the bank administrator displayed. The date and time at which the mail was sent. The content of the mail as sent by you or the administrator. <p>Note: A mail chain is formed when a user sends a mail to the bank and a bank administrator responds to the mail.</p>

- An overlay containing the details of the mail appears. Click **Reply** if you wish to respond to the mail.
OR
Click **Delete** to delete the message.
OR
Click  to close the overlay window.

Inbox - Reply

Field Description

Field Name	Description
Message - Reply	
Message	Enter a response to be sent to the bank.
Attach File +	Browse and select the reference document file sent along with an email message.
	<hr/> Note: Maximum allowed file size 5MB and allowed file types are JPEG, PNG, DOC, PDF, TXT, ZIP. <hr/>

- Click **Send** to send the response to the bank.
A message confirming that the mail has been sent successfully appears.
OR
Click **Attach File +** to add an attachment to the response mail.

22.1.2 Compose Mail

Using this option the user can initiate a mail communication with the bank. The mailbox is a communication channel between the bank and the user. In order to send a mail to the bank, the user needs to first select a category which identifies the purpose for which the message is being sent. The specification of a category enables the bank to appoint the user's concern / query to the desired team which ensures a timely and accurate response.

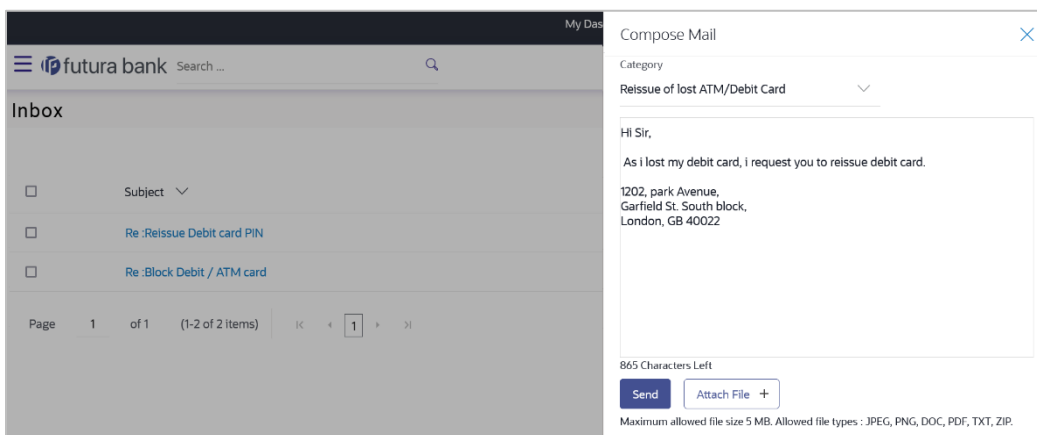

How to reach here:

Access through the kebab menu of transactions available under the Mailbox

To send a message:

1. Click **Compose Mail**. The overlay window on which you can compose and send a mail to the bank appears.

Compose Mail

Field Description

Field Name	Description
Category	Select a category/ subject related to which the message is to be sent.
Message	Enter the message that is to be sent to the bank.
Attach File +	Browse and select the reference document file sent along with an email message.

Note: Maximum allowed file size 5MB and allowed file types are JPEG, PNG, DOC, PDF, TXT, ZIP.

2. From the **Category** list, select the desired option.
3. In the **Message** section, enter the message.
4. Click **Attach File +** if you want to attach any reference document.

- Click **Send**.
The success message appears.
OR
Click **X** to close the overlay window.

22.1.3 Sent Mail

This folder displays all the messages sent by the user to the bank.

How to reach here:

Access through the kebab menu of transactions available under the Mailbox

To view the sent messages

- Click **Sent Mail**. The list of sent mails appears on the screen. Click on the subject link of an individual message to view the details of that message.

23. Feedback Capture

Feedback option enables you to provide feedback on various aspects of the application as well as specific to transactions. You will be asked a feedback question on which you need to rate on a rating scale and answer subsequent questions if defined for a scale weight that you rate. The feedback captured is analyzed by the bank administrator to decide on the course corrections in case of issues.

Feedback can be provided by the user through the following options in the system:

- General Feedback
- Transaction Specific Feedback

23.1.1 General Feedback

General feedback is available as an option to provide feedback on generic aspects about the application.

How to reach here

Dashboard > Toggle Menu > Leave Feedback

To provide general feedback:

1. Click **Leave Feedback**. The **Feedback** pop-up screen appears.
2. A feedback question appears along with a rating scale.
3. Select an appropriate rating on the scale.
4. Depending on the rating, the system will provide you with a question along with a set of options.
5. Select an appropriate option corresponding to the question.
6. You can also add comments, if required.

General Feedback

The screenshot shows a feedback form titled 'What did you like the most with us?' with a 5-star rating scale. Two options are checked: 'Add-On-Features' and 'More features'. There is a text input field for 'Your comments (Optional)' and a 'Submit' button. The background shows the Futura Bank interface with a user profile for Ravindra Thapa.

7. Click **Submit**. A message confirming successful submission of feedback appears.

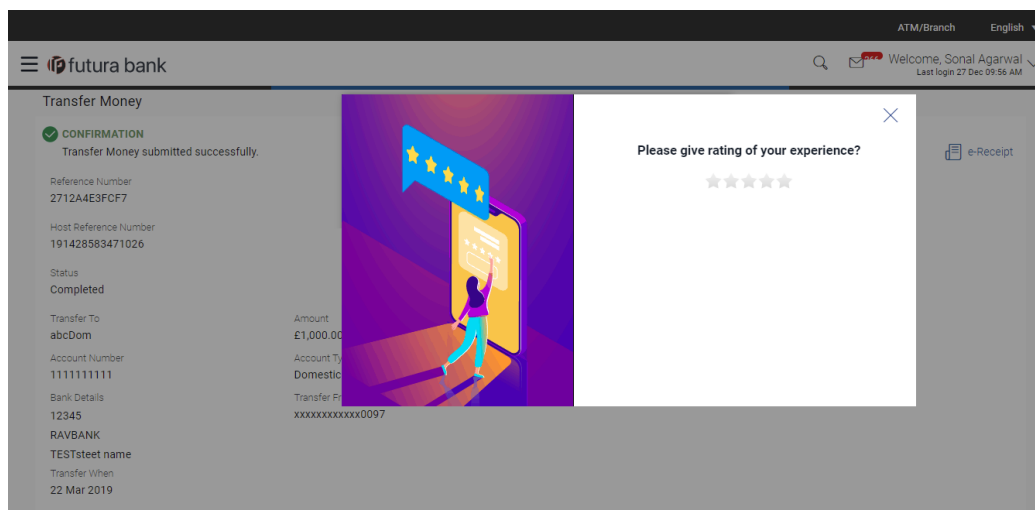

23.1.2 Transaction Specific Feedback

You can capture feedback specific to a transaction provided the transaction has been enabled for feedback capture by the bank. Feedback will be available as an option post transaction confirmation. Transaction specific feedback is recorded and stored for further analysis.

To provide transaction specific feedback:

1. Once the transaction is successfully submitted, feedback as an option is displayed on confirmation page.
2. Click **Feedback**. The **Feedback** pop-up screen appears.
OR
Click **Go to Dashboard** link to navigate to the Dashboard.
3. A feedback question appears along with a rating scale.
4. Select an appropriate rating on the scale.
5. Depending on the rating, the system will provide you with a question along with a set of options.
6. Select an appropriate option corresponding to the question.
7. You can also add comments, if required.
OR
Click **Skip** to skip the feedback process. The **Dashboard** screen is displayed.
OR
Click **Never ask me again** if you do not wish to be asked to provide for any transaction. The system will suspend the feedback process for all transactions and you can enable the same again (if required) through 'My Preferences' from the toggle menu.

Transaction Feedback

The screenshot shows the Futura Bank website. At the top right, there are links for 'ATM/Branch' and 'English'. The user is logged in as 'Sonal Agarwal' with a last login time of '27 Dec 09:56 AM'. The main content area is titled 'Transfer Money' and displays a 'CONFIRMATION' message: 'Transfer Money submitted successfully.' Below this, there are details for the transfer: Reference Number (2712A4E3FCF7), Host Reference Number (191428583471026), Status (Completed), Transfer To (abcDom), Amount (£1,000.00), Account Number (1111111111), Account Type (Domestic), Bank Details (12345, RAVBANK), and Transfer When (22 Mar 2019). A feedback survey overlay is positioned on the right side of the screen. It features a five-star rating system with four stars selected. The question is 'What did you like the most with us?'. There are two checked options: 'Add-On-Features' and 'More features'. Below the options is a text input field for 'Your comments (Optional)' and a 'Submit' button. An 'e-Receipt' icon is visible in the top right corner of the survey overlay.

8. Click **Submit**. A message confirming successful submission of feedback appears.

25.1.2 Add Nominee - Replicate Existing Nominee

To add a nominee from the existing nominee list:

1. In the **Nominations** screen, click the **Add** link against the account for which you want to add a new nominee.
The **Add Nominee** screen with options, **Add New Nominee** and **Replicate Existing Nominee** appears.
2. If you select **Replicate Existing Nominee** option, the **Select Nominee** overlay screen appears.

Add Nominee - Replicate Existing Nominee

The screenshot shows the 'Add Nominee' screen in the Futura Bank app. The 'Add Nominee' form is visible in the background, with the 'Replicate Existing Nominee' option selected. An overlay titled 'Select Nominee' is displayed in the foreground. The overlay contains a table of nominees with columns for 'Nominee Name', 'Account Type', and 'Account Number'. The first nominee, 'Ms Meenal', is selected with a radio button. The second nominee is 'Mr Meekesh' and the third is 'Ms Meena'. Below the table is a pagination bar showing 'Page 1 of 1 (1-3 of 3 items)' and an 'Ok' button.

Nominee Name	Account Type	Account Number
Ms Meenal	Current and Savings	xxxxxxxxxxxx0014
Mr Meekesh	Term Deposit	xxxxxxxxxxxx0047
Ms Meena	Recurring Deposit	xxxxxxxxxxxx0048

3. Select a nominee record that you want to replicate and click **OK**.
The **Add Nominee** screen with pre-populated nominee details of the selected nominee appears. You can modify information as required.
4. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
5. The **Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
6. The success message appears.
Click **Home**, to navigate to the dashboard.
OR
Click **View Nominee** to go to the **Nominations** page.
