3. Certificates of Deposit Application

A Certificates of Deposit is a fixed term investment held at a bank or a financial institute. It involves the investment of an amount at an agreed rate of interest for a fixed amount of time.

The Certificates of Deposit application has been built so as to capture the information that is essential to open a Certificates of Deposit for the applicant. Additionally, the applicant is also required to provide basic personal, employment and financial information required for the processing of the Certificates of Deposit application.

The application form is OCR (Optical Character Recognition) enabled so as to save the applicant's time and effort in filling out the application form. The inline document upload feature that is provided on various sections of the form, enables the applicant to upload supporting documents to have the specific section prefilled with information.

Online KYC of the prospect can also be conducted by means of liveness check or through integration with third party identity verification service providers. For more information, please refer **User Manual Oracle Banking Digital Experience Originations - KYC Modes**.

Once the applicant's identity is verified successfully through online KYC, he/she will be able to proceed with the application form. The personal information section will also be prefilled with information as fetched on the basis of the identification provided.

Existing digital banking customers will be navigated to the OBDX servicing screen from which they can open a deposit, once they have specified their login credentials after having selected the option to apply as an existing customer of the bank, provided on the Kickoff page.

The application form also has the feature of QR code scan enablement which can be used to continue applications on mobile devices.

The US region application form has been designed in a manner that ensures that the information being captured adheres to all the regulations imposed by the US government. Additionally, all required disclosures and notices are also displayed as part of the application form.

The application tracker has been built so as to enable tracking of the application once it has been submitted. The application tracker also enables the applicant to retrieve and complete an application that has been saved. Additionally, the applicant can view documents that have been uploaded as part of the application form and can also view details as defined in the application form in PDF format.

Note:

1. In this release, OBDX is integrated solely with Oracle FLEXCUBE Onboarding (OBO), for the submission and processing (including tracking) of US region application forms. Third party integration is not supported.

2) OBDX is integrated with Oracle KYC to fetch the applicant's risk level (high risk or low risk) along with the reference number for the same as generated in the Oracle KYC system, at the time of application submission. OBDX will further send this information to the mid office system to be utilized as required.

Following are the steps involved in the application submission:

- **Zip Code Specification:** Once you select the **Certificate of Deposit** product category from the Product Offerings section, you will be displayed a modal window in which you will be

required to specify the zip code of your home address. All products with details for the specific location (based on your zip code) will be listed down on the Product Listing page.

- **Product Selection:** All the **Certificate of Deposit** products, available for your location (as per zip code specified) will be listed on the Product Listing page. Each product will be listed as a separate card which will display the name and image of the product along with a short description, features and the options to view further details, or to apply for the product. The additional option to select the product so as to compare it with others within the same category will also be provided on each card. You can select a maximum of three products for comparison.
- **Kick Off:** This page serves as an introduction to the application form. The various steps involved in an application are displayed on this page. You can also view the documents required to be uploaded as part of the application. As an applicant, you can identify how you are going to proceed with the application. If you are a new/unregistered user, you can continue as a guest, or if you are an existing online banking customer you can login with your online banking credentials.

Note: If you are an existing online banking customer, you will be navigated to the OBDX servicing screen from which you can open a deposit, once you have successfully logged in to the application after having selected the option to apply as an existing customer of the bank, provided on the Kickoff page.

- **Mobile Verification:** This step is applicable if you are filling out the application as a new/unregistered user. You will be instructed to enter your mobile number, after which the system will identify whether your mobile number is already registered with the bank or not. You will then be required to enter the OTP sent to this mobile number in order to proceed with the application form.
- **Online KYC:** Online KYC of the applicant can be done through any of the following modes, depending on which mode has been enabled by the bank in the Originations Workflow Maintenance screen available to bank administrators.
 1. Liveness Check – Assisted
 2. Liveness Check – Unassisted
 3. (National) ID Verification

For more information on Online KYC and modes, please refer to the user manual **User Manual Oracle Banking Digital Experience Originations - KYC Modes**.

- **Personal Information:** This section captures information pertaining to your personal information which will include your full name, date of birth, address details, etc. You can opt to upload an identity proof document to have the information on this section pre-populated or you can alternately enter the required information manually.
- **Employment Information:** You can provide information pertaining to your employment, in this step. In addition to defining information of your primary employment, you can also furnish past employment details and/or other current employment details.
- **Financial Profile:** In this section, you can furnish details pertaining to your Income, Expense, Assets and Liabilities.
- **Deposit Details:** In this section, you can specify details pertaining to the deposit which will include the deposit amount, tenure and maturity instructions.
- **Deposit Specifications:** The bank may offer certain add-on services for the account. You can define your preferences with regards to features like the currency in which you would like the account to be maintained and define your preferences regarding statement frequency and mode of delivery.

- **Beneficiary Information:** If you wish to do so, you can specify details of your beneficiary in this section. Beneficiary details will include basic information such as name, date of birth, address etc. In case the beneficiary is a minor, you will have to mandatorily also specify information of the beneficiary's guardian.
- **Review and Submit:** Once you have filled out all the information required in the Certificates of Deposit application form, you will be displayed this information on the review page. You can verify the details provided and if required, can edit the information in any sections by selecting the option provided against each section.
- **Terms of Service:** On having reviewed the application, you can then proceed to view the terms and conditions of the certificate deposit you are applying for. Additionally, all other disclosures and notices related to your application will also be displayed on this page. You are required to read through each disclosure and notice and provide your consent wherever required.

You can also add a digital signature by means of uploading a document containing your signature or by physically signing the provided space if you are filling out the application from a touchscreen device.

- **Fund your Deposit:** This step will be part of the application form if it has been configured for Certificates of Deposit applications. Through this step you will be able to fund your new account if you wish to do so. If you opt to fund your account, you will be required to furnish information regarding mode of transfer from the payment gateway page.
- **Confirmation:** Once you have submitted your application after having reviewed it and having accepted the terms and conditions, a confirmation page will be displayed. This page will display a success message along with the Certificates of Deposit account number, and application reference number. You can track your application on the basis of this reference number. Additionally, this page will also contain a button, by clicking on which you can navigate to the application tracker.

Apart from the **Review and Submit** and **Confirmation** steps, the sequence of the remaining steps may vary based on the configuration maintained for the product applications, by the bank.

3.9 Beneficiary Information

This step enables you to add beneficiary information while applying for the Certificate of Deposit. This step is not mandatory and if you do not wish to add a beneficiary, you can opt to skip this step. If you do opt to add a beneficiary, you will be required to provide information pertaining to the beneficiary’s name, date of birth, address etc. In case the beneficiary is a minor, you will also be required to specify information about the beneficiary’s guardian.

Beneficiary Information – Basic Details

The screenshot shows the Futura Bank application interface. At the top, there is a search bar with the text "What would you like to do today?". Below this is a header for "Normal Simple Fixed Deposit". A progress bar indicates the current step is "Beneficiary Information", which is highlighted with a red circle and the number 3. Other steps include "Personal Information", "Deposit Details", "Account Preferences Term Deposit", "Financial Profile", and "Employment Information".

Below the progress bar, there is a section for "Beneficiary Information" with the instruction "Please add beneficiary information". There is a link to "Upload supporting documents to prefill this section. View list of supporting documents".

The "Beneficiary Details" section is divided into "Basic Details" and "Contact". The "Basic Details" section contains the following fields:

- Title: Mr. (dropdown)
- First Name: Tim (text input)
- Middle Name (Optional): (text input)
- Last Name: John (text input)
- Suffix (Optional): Jr. (dropdown)
- Date of Birth: 3/24/11 (calendar icon)
- Relationship with Applicant: Child (dropdown)

At the bottom of the form, there are three buttons: "Continue", "Back", and "Skip this Step". Below the buttons, there is a note: "Scan QR-code anytime to continue on mobile." At the very bottom, there is a copyright notice: "Copyright © 2006, 2023, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions".

FAQ

- 1. Can I proceed with the application if I am an existing customer of the bank but do not have online banking access?**

You will need to first onboard yourself on the digital banking platform. You can do so by selecting the 'An existing customer of the bank' option on the kick off page. Once you have logged in, you can open a new deposit from the screen available within the servicing module.

- 2. Can I add a joint applicant while applying for any of the products?**

No, as of now you can apply only as a single applicant. Adding joint applicants is not supported currently.

- 3. I am applying for the product as a guest user. The address that is mentioned in the document that I have uploaded in support of the application is different from my current home address. Can I update that information in the application form?**

Yes, all the information that is fetched from your document is displayed in editable format in the Personal Information section. You can update the required details and submit your application. However, please note that once your mobile number, as provided in the Mobile Verification page, is verified, you will not be able to modify it in the Personal Information section.

- 4. How many products can I apply for as part of a bundled application?**

Out of the box, you can add a maximum of three products in a bundle. This number is configurable by the Bank and may change. Please note that you cannot apply for a certificate of deposit as part of a bundle if you are applying as an existing customer of the bank.

- 5. In case my application is saved as a draft, can I request a bank executive to complete this application on my behalf?**

Only you can resume and complete a draft application.

- 6. Can I cancel one of the product applications that has been submitted as part of a bundled application?**

No. Currently, it is not possible to cancel a specific product application that is part of a bundled application. You can however, cancel the entire bundled application, if you wish to do so.

7. For how long can I access and resume my applications that are saved as drafts?

This is based on the Bank's purging policy. The draft applications will be available for x days in the application tracker before they are purged by the bank.

8. Can I apply for a product that I have already applied for and that the bank is currently processing?

Yes, you can still submit an application for the same product. The decision to process or reject either of the two (or more) applications will rest on the bank.

9. I have started my application on my laptop. However, I have realized that some of the documents that I need to upload are available on my tablet. Do I need to abandon the application that I started on my laptop to restart the entire process on my tablet?

No, you can scan the QR code available on every step of the application form, post the Mobile Verification step, and resume the application from your tablet or mobile device.

10. Can bank administrators define the sequence in the steps of the application forms?

Yes, bank administrators can configure the sequence of steps in the application forms of all product categories supported for online application, through the Origination Workflow Maintenance feature available on the OBDX platform.

11. How does National ID verification work?

The bank can integrate with government or other third party systems (which store and maintain data of National ID holders), through available hook points. Online authentication will be performed to verify the identity claim of the ID holder and to fetch the required personal information.

12. How does OCR work?

The bank can integrate with the third party adapters that provide OCR services, through available hook points. The system will be able to prefill certain fields in the Personal Information section from data fetched from the applicant's uploaded documents.

Similarly, an out of box integration is available with the internal 'Document verification framework'.

Extensibility hooks can be used to support OCR for most identity and financial documents.
