3. Term Deposit

As the name suggests, a Term Deposit is a deposit held at a bank for a fixed term, generally ranging from a month to a few years. If compared to regular savings accounts, the interest earned on a term deposit is higher.

Customers opt to invest in term deposits as they are a safe and secure mode of investment and yield higher returns than regular checking or savings accounts.

Pre-requisites

- Transaction access is provided to Small & Medium Business customers.
- Term Deposit accounts are maintained in the host system under a party ID mapped to the customer.

Note: In application

1) Account searchable drop-down will allow user to search the account number basis on the Account Number, Account Name, or Account Currency.

2) Bank can configure the fields to be shown as additional values in the accounts drop-down.

Features Supported In the Application

The Small & Medium Business module of the application supports the following features:

- Overview Widget
- View Term Deposits Summary
- View Term Deposit Details
- Edit Maturity Instructions
- Top Up Term Deposit
- Redeem Term Deposit
- View Term Deposit Statement
- Request Statement
- Apply for a New Term Deposit
- Calculate Deposit Maturity Amount

3.1 Overview Widget

The Small & Medium Business overview widget displays an overview of the customer's holdings with the bank. The **Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans, Investments and Credit Cards. It is a container and user can scroll from left to right, right to left. On clicking on any account type record, the widget displays details specific to that account type. One such example is that of **Term Deposits**. On selection of account type **Term Deposits**, details of the term deposit accounts held with the bank are displayed on next page This Term Deposit summary page displays the of both Islamic and Conventional active term deposit accounts held by the customer along with the basic details of each term deposit. General details such as the total count of term deposit accounts, the total current balance, the total principal and maturity amounts across all term deposits held with the bank, are also displayed.

Basic details of individual term deposits are displayed as records. Each record displays basic information of the deposit which comprises of the term deposit account number, the product name, current balance, maturity amount, maturity date, and the **More Actions** menu.

Note: The number of cards to be displayed in the Overview widget will remain the same across all modules and is configurable.

How to reach here:

Dashboard > Overview Widget > Term Deposits card

The screenshot shows the Futura Bank dashboard. At the top, there is a search bar and a user profile icon. The main content area is divided into several sections:

- Summary Cards:** Four cards showing key financial metrics:
 - Current Balance: GBP 34,829,178.59 (Current & Savings (5))
 - Current Dues: GBP 44,000.00 (Credit Cards (10))
 - Current Balance: GBP 1,272,869.00 (Term Deposits (21))
 - Current Outstanding Balance: GBP 47,226.85 (Loans & Finances (2))
- Bills:** A list of bills due for payment, including Engie, Water, and Orange S.A. Each bill includes the amount and a 'Pay Now' button.
- Recent Transactions:** A table showing recent account-to-account transfers with dates and amounts.
- Quick Insights:** A warning message about a critically low account balance for a savings account, with a 'Fund Account' button and 'Show Details' link.

4. Term Deposits Summary

The Term Deposits summary page provides users with a holistic view of all the term deposits they hold with the bank.

All the active term deposits of the user are listed as records. Each record comprises of information such as the term deposit account number, account nickname (if assigned), product name, current balance, maturity date and maturity amount. Click on the specific account to view further details of that account or view the summary of transactions undertaken through that account.

The **More Actions** menu on the right top corner of the page lists the relevant allowed actions based on the account status .

Using the **Manage Columns** feature, bank can configure and enable customizable UI display/download option for the end users. Using this feature, users can personalize the information to be displayed/downloaded from search grid displayed on the screen.

By clicking on **Manage Columns** option available on the screen, user can

- Rearrange columns
- Remove specific columns.

Note:

- 1) The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
 - 2) The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.

5. New Term Deposit under Oracle FLEXCUBE Core Banking

The New Deposit page enables the customer to apply for a new term deposit. All the term deposit offerings of the bank are available for selection on this page. The customer can select any product offered in order to apply for a term deposit of choice.

While applying for a term deposit, the customer is required to identify the amount for which the deposit is to be opened, the tenure i.e. the term of the deposit and the holding pattern i.e. single or joint. Additionally, the customer is also required to define maturity instructions and also to select the savings account from which funds are to be debited in order to fund the deposit.

In certain cases, such as specific to India region, banks might require the customer to specify his/her PAN (Permanent Account Number) while applying for a new term deposit. These could be mandatory if the customer is creating a new term deposit that exceeds a value defined by the bank or if, at any given point in time, while creating a new term deposit, the cumulative value of the deposits (Fixed as well as Recurring Deposits) held by the customer exceeds a certain amount.

The Small & Medium Business user will get only the corresponding products to choose from while creating the term deposit.

The term deposit offerings of the bank available are:

6. Redemption under Oracle FLEXCUBE Core Banking

In times of financial emergencies, the primary source of funds for most people is their savings and investments. The facility to liquidate funds becomes imperative in such cases. The redeem term deposit feature enables customers to quickly liquidate their term deposits in any such situations.

Using this option, the customer can redeem either the entire amount or a partial amount of a term deposit.

Customers can choose to payout the funds from a deposit through any of the following methods for premature withdrawal or full redemption:

- Transfer to own account
- Transfer to internal account
- Transfer to a domestic account
- Transfer to international account

Note: Transfers to only Own and Internal Accounts are supported when the host is Oracle FLEXCUBE Core Banking.

In case of premature withdrawal or on deposit maturity of Term Deposit, the following transfers are permitted:

- Conventional term deposit transfer is permissible to Current and Savings account with same local currency
- RFC term deposit transfer is permissible only to RFC accounts with same currency

7. New Term Deposit under Oracle FLEXCUBE Universal Banking

The New Deposit page enables the customer to apply for a new term deposit. All the term deposit offerings of the bank are available for selection on this page. The customer can select any product offer in order to apply for a term deposit of choice.

While applying for a term deposit, the customer is required to identify the amount for which the deposit is to be opened, the tenure i.e. the term of the deposit and the holding pattern i.e. single or joint. Additionally, the customer is also required to define maturity instructions and also to select the current or savings account from which funds are to be debited in order to fund the deposit.

Certain cases, specific to India region, might require the customer to specify his/her PAN (Permanent Account Number) while applying for a new term deposit. These could be if the customer is creating a new term deposit that exceeds a value defined by the bank or if, at any given point in time, while creating a new term deposit, the cumulative value of the deposits (Fixed as well as Recurring Deposits) held by the customer exceeds a certain amount.

The term deposit offerings of the bank available are:

1. Opening conventional Term Deposit account

Note: The Product mapping should be done for the user segment, so that concerned TD products are available for the user.

FAQs

1. What is the advantage of assigning a nickname to an account?

You can personalize your account by giving it a nickname. This way you will be able to easily identify it.

2. What is Total Maturity Amount?

The total maturity amount is the amount that the deposit is worth at the time of maturity.

3. How does a term deposit work?

A term deposit offers a fixed interest rate for a fixed term. Interest rates differ based on the deposit term, the amount of the deposit and the interest payment frequency.

4. When will I start earning interest on my term deposit?

You will begin to earn interest from the day your term deposit is opened with the bank and not on the day the application is submitted.

5. Can I open a term deposit in joint names?

Yes, it is possible to open the term deposit with joint holders. Details of the holders have to be provided while opening the deposit. The maximum number of joint holders that can be added depends on the bank's offerings.

6. Can I modify the term deposit details?

Yes, you can modify the maturity instructions defined for your term deposit as well as top up the deposit amount. Both these options are provided on the Term Deposit Details screen.

7. What happens to my term deposit at maturity?

This will depend on the maturity instructions defined by you at the time the deposit was opened. Based on your selection at that point, at the time of maturity, the deposit would either be renewed or the amount will get credited to a specified account. If the funds are to be withdrawn at maturity, you can provide the details of the account to which the maturity proceeds are to be credited.

8. Can I add funds to my term deposit?

If the term deposit product has a facility for top up, then an option will be provided to add funds into the term deposit. The maximum amount with which you can top up the deposit will be defined by the bank and displayed on the top up page.

9. Can I redeem the term deposit before the maturity date?

Yes, depending on the bank's offerings, it is possible to redeem the term deposit amount either partially or fully before the maturity date.

10. Can the maturity amount be credited into my account held with another bank?

Yes, it is possible to setup instructions to credit the maturity amount into another bank account.
