1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

3. Payments

The following sections in this document detail all the features offered to users through the payments module of the digital banking application.

A Note on Domestic (Local) Payments:

Local Payments are very region specific. For example NEFT is a network supported for local payments within India. The same will not be of any relevance in Europe. Similarly, SEPA is a network supported within Europe and will not have any relevance in Asia for local payments.

For Domestic (Local) Payments, the base product of Oracle Banking Digital Experience supports some local payments out of the box as mentioned in the Transaction Host Integration Matrix. Therefore more often than not, there will be a need for the implementation team to step in and implement the local network specific to the region that the bank is in.

Note: Payment Screens are NOT supported in the landscape mode of mobile applications and mobile browser.

Features Supported in the Application

Payment features supported in application includes:

- Favorite Transactions
- Payee Setup
- Repeat Transfer
- Make Single Payment
- Make Multiple Payments
- Adhoc Payment
- Demand Draft Issuance
- Payment Inquiries

[Home](#)

4. Manage Payees

The online banking application enables users to register and maintain payees (beneficiaries) towards whom payments are to be made frequently.

The 'Manage Payee' feature enables users to register payees, view and delete the existing payees.

Payee Maintenance is provided for following payment transactions:

- Bank Account
 - Internal Bank Account
 - Domestic Bank Account
 - International Bank Account
- Demand Drafts
 - Domestic Bank Account
 - International Bank Account

Payee Access Type:

User can specify payee access type while maintaining a payee. Payee access type decides if only creator of a payee or all users of a party can access a payee. Payee access type is categorized as 'Private' and 'Public'.

- Public: A Payee marked as 'Public' is visible to all the users mapped to the Party ID's for which access is provided by the creator of the payee. These users can use the payee while initiating payments, modify or delete the payee.
- Private: A Payee marked as 'Private' is available to only the creator of the payee. Only the creator of the payee can use such payees while initiating payment and modify or delete the private payees.

Pre-Requisites

- Transaction access is provided to corporate user
- Approval rule set up for corporate user to perform the actions

Workflow

Features Supported in the application

Functions available on Payees are as follows:

- Create Payee
- View Payee
- Edit Payee
- Delete Payee

How to reach here:

Toggle menu > Menu > Payments > Payee > Manage Payees

OR

Search Bar > Payees - Manage Payees

4.1 Payee Summary

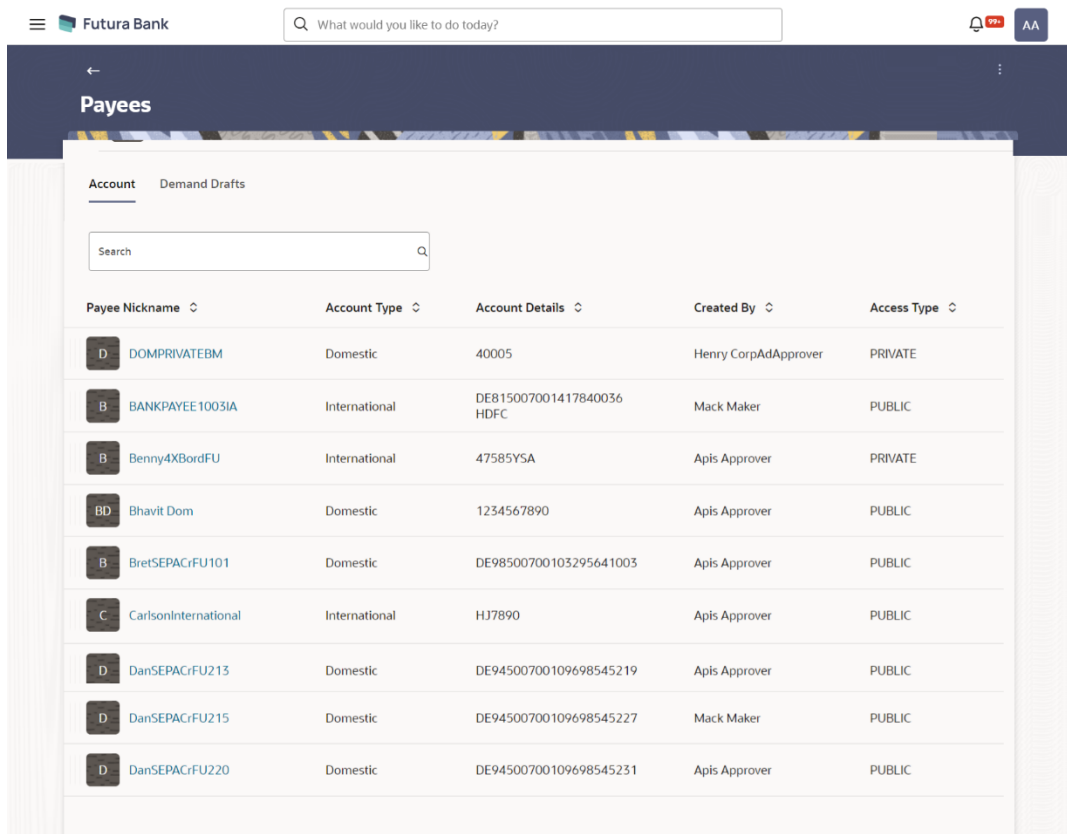

A summarized view of all the Payees maintained by the logged in user, along with the public payees created by other users and accessible by the Party of logged in user, are listed on the Payee Summary screen. A separate section is provided on the screen to view the 'Accounts' payees and 'Demand Drafts' payees. By default, all the accessible payees of logged in user for 'Accounts' are listed on the screen.

Users can search for a specific payee by entering the name of the payee in the search field provided. The user is able to view payee details by selecting the provided option and is also able to edit or delete a payee record. Moreover, the option to add new account payees or new demand draft payees is also provided on this screen.

To manage payees:

1. Click on the Account/ Demand Draft tab, respective **Payees** summary page appears. All the payees accessible to the logged in user are listed down by their names, photos (if uploaded) and other details defined at the time of payee creation.

Payees

City	The name of the city in which the draft is payable. This field is editable.
Delivery Location	The option to identify where the draft will be delivered. This field is editable. The values are: <ul style="list-style-type: none"> • Branch Near Me: On selecting this option, the fields by which you can select a branch of the bank at which the draft is to be delivered will appear. • My Address: Select this option to have the draft delivered at any of your addresses (work, residence or postal) registered with the bank. • Other Address: Select this option to have the draft delivered at an address other than that of a branch of the bank or your registered address. On selecting this option, the fields in which you can enter an address appear.

The following section appears if the **Branch Near Me** option has been selected as draft delivery location.

City	The name of the city in which the branch at which the draft is to be delivered is located. This field is editable.
Branch Near Me	The branch at which the draft is to be delivered. This field is editable.
Branch Address	The complete name and address of the selected branch is displayed.

The following section appears if you select the **My Address** option as draft delivery location.

Address Type	The address at which the draft is to be delivered. This field is editable. The options are: <ul style="list-style-type: none"> • Work Address • Residential Address • Postal Address
---------------------	---

Address Details	The details of the selected address are displayed.
------------------------	--

Field Name	Description
------------	-------------

The following section appears if you select the **Other Address** option as draft delivery location. These fields are editable.

Address Line 1-2 Address line 1 and 2 of the address at which the draft is to be delivered.

Country The country in which the draft is to be delivered.

City The name of the city in which the draft is to be delivered.

State The name of the state in which the draft is to be delivered.

Zip Code The zip code of the address at which the draft is to be delivered.

Nickname The nickname assigned to the payee at the time of creation appears. This field is editable.

Access Type The access type of the payee. This field is editable.

The values can be:

- Public
- Private

Following fields appear for all types of payees

Primary Party The primary party associated to the user.

Accessible to Parties Accessible parties associated to the user. During payee creation a corporate user can define the parties within his GCIF to whom this payee will be accessible, if the payee is public. The primary party users will always have access to the payee if it's **Public**.

1. Click the **Change** link appearing against the payee photo to modify the uploaded payee photo.
OR
Click **Remove** to delete the uploaded payee photo.

Note:

If a photo has not been uploaded against the payee, the option to upload a photo is made available. Click the **Upload Photo** link to upload a photo against the payee.

OR

If a photo has already been uploaded against the payee, the user will be provided with the option to change the photo or to delete it.

2. In the **Draft Favouring** field, edit the draft favouring information, if required.
3. From the **Draft Payable at** field, change the country at which the draft is payable, if required.
4. If payee transfer type is **Domestic Demand Draft**;

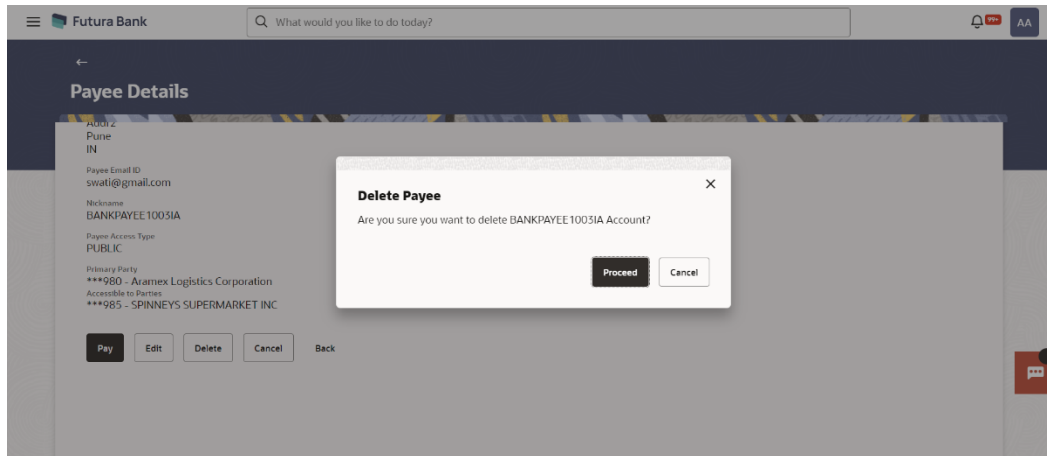

- a. In the **Delivery Location** field, change the delivery location of the draft by changing the selection, if required.
 - b. Change corresponding fields pertaining to draft delivery based on selection in the **Delivery Location** field, if required.
 - c. Update the fields as per the requirement.
5. If payee transfer type is **International Demand Draft**
- a. From the **Draft Payable at Country** field, change the country at which the draft is payable, if required.
 - b. From the **City** field, change the city at which the draft is payable, if required.
 - c. In the **Delivery Location** field, change the delivery location of the draft by changing the selection, if required.
 - d. Change corresponding fields pertaining to draft delivery based on selection in the **Delivery Location** field, if required.
6. Click **Submit** to save the changes.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to return to the payee summary screen.
7. The **Review** screen appears. Verify the details and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
8. A success message appears along with Reference Number, Status and account details.
9. Click **Home** to navigate back to the 'Dashboard'.
OR
Click the **Pay Now** link to initiate a fund transfer towards the edited payee.

4.4 Delete Payee Account/ Demand Draft

To delete the payee:

1. From the **Payees** summary page, click on the **Payee Nickname** link for the payee record whose details you want to delete. The **Payee Details** screen appears.
2. Click **Delete**. The **Delete Payee** pop up window appears with a warning message prompting the user to confirm the deletion.

Delete Payee

- a. Click **Proceed** to proceed with the deletion request.
OR
Click **Cancel** to cancel the deletion process.
3. The screen confirming payee deletion appears. The details of the account/draft deleted are also displayed on this screen.
 4. Click **Home** to navigate to the dashboard.

[Home](#)

5. Add Payee - Bank Account

While adding a payee, the user is provided with the option to either assign an account number to the payee or to define a demand draft template to be used while issuing demand drafts towards the payee.

This section documents the addition of a payee with transfer type as bank account.

- Internal
- Domestic
- International

How to reach here:

Toggle menu > Menu > Payments > Payee > Manage Payees > Kebab menu > Click Add Account Payee

OR

Toggle menu > Menu > Payments > Payee > Add Account Payee

OR

Search Bar > Payees - Add Account Payee

To add new payee:

1. The **Add Bank Account Payee** screen appears.

5.1 Add Bank Account Payee – Internal Account Transfer

An Internal Bank account type of payee is a payee who holds an account within the same bank as the remitter.

Note: In case of Internal Payees, only the Account Number of the payee is validated in the host system and not the Account Name.

Add Payee – Internal Account

The screenshot shows the 'Add Bank Account Payee' form in the Futura Bank mobile app. The form is titled 'Add Bank Account Payee' and includes the following fields and options:

- Payee Photo:** Upload Photo (Max image size - 1000 KB, File format - .JPG and .PNG)
- Account Type:** Internal (selected), Domestic, International
- Account Number:** [Redacted]
- Confirm Account Number:** HELQ253100010
- Account Name:** Samd
- Payee Email ID:** samd@example.com
- Add Email ID:** [Empty]
- Nickname:** SAMD
- Access Type:** Private (selected), Public
- Primary Party:** ***980 - Aramex Logistics Corporation
- Select All Accessible Parties:**
 - Accessible to Parties:
 - ***531 - Columbia Pictures Incorporated x
 - ***985 - SPINNEYS SUPERMARKET INC x
- Buttons:** Submit, Cancel, Back

Field Description

Field Name	Description
Upload Photo	Select this option to upload a photo against the payee.
Account Type	Select Internal.
Account Number	Specify the account number of the payee.
Confirm Account Number	The user is required to re-enter the payee's account number in this field so as to confirm the same.

Field Name	Description
Account Name	Enter the name of the payee as maintained against the payee's bank account.
Payee Email ID	Email address of the payee. Please note that this field is provided simply as a base product feature and will be available to send across to the backend Payments Processor during posting a payment. There will be no notifications sent to the payee on this email address by OBDX. Doing any processing of this field would be an implementation time activity.
Nickname	Specify a nickname to be assigned to the payee for the purpose of easy identification.

Note: If, while creating an international account payee, the user enters an account number and SWIFT code or NCC combination or payee nickname that has already been assigned to a registered payee, an error message will appear informing the user that a payee with the specific details already exists and the user will not be able to create the payee.

13. In the **Intermediary Bank** field select the desired option to select another bank for international transaction as an intermediary bank.
 - a. If you select **Yes** in the **Intermediary Bank** field;
 - i. In the **Pay Via** field select the network for payment type.
 1. In the **SWIFT Code** field, enter the value of SWIFT code, if required. This field appears if SWIFT Code was selected in the **Pay Via** field at the time of payee creation.
OR
In the **NCC** field, edit the value of NCC, if required. This field appears if NCC was selected in the **Pay Via** field at the time of payee creation.
OR
In the **Bank Details** field, enter the values of bank details, if required. This field appears if Bank Details was selected in the **Pay Via** field at the time of payee creation.
14. In the **Nickname** field, enter the nickname to be assigned to the payee.
15. Select the appropriate **Access Type** for payee.
16. In the **Accessible To Parties** field, click and add the accessible parties associated to the user from the list.

17. Click **Submit** to add a payee.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to previous screen.
18. The **Add Payee - Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to return to the **Add Payee** screen.
19. The success message appears along with the transaction reference number and payee details.
20. Click **Home** to navigate to the dashboard.
OR
Click **Pay Now** to initiate draft issuance to the added payee.

6. Add Payee - Demand Draft

A Demand Draft is a pre-paid negotiable instrument. The issuing bank undertakes to make payment in full when the instrument is presented by the payee. The demand draft is made payable at a specified center and can be issued in local currency as well as in (allowed) foreign currencies. A foreign currency demand draft can be requested using International Demand Draft while a pay order or local currency demand draft can be requested using Domestic Demand Draft transaction. A Demand Draft, unlike a cheque is issued by the Bank against the Bank's own funds and hence there is a reduced risk of the draft not clearing. Application allows user to save the payee details of the draft through payee maintenance. Payees for demand drafts are of two types:

- Domestic Demand Draft
- International Demand Draft

The application also provides an additional option to have the demand draft delivered at the customer's convenience. The following options are provided for the same:

- Branch Near Me – This option enables the user to select a branch of the bank (issuing bank) at which the draft is to be delivered.
- My address – This option enables the user to specify which registered address of the user (out of the user's work, residential or postal address) the draft is to be delivered at.
- Other Address – This option enables the user to specify an address at which the draft is to be delivered. The user can select this option if he wishes to have the draft delivered to an address that is different from that of any of the bank's branches or any of the user's registered addresses.

How to reach here:

13. The success message appears along with the draft details.
14. Click **Home** to navigate to the dashboard.
OR
Click **Pay Now** to initiate draft issuance to the added payee.

FAQ

1. Can I delete payees that I no longer need to make payments to?

Yes. You can choose to delete the payees that you no longer need.

2. When can I make the payment to newly added payee?

After successfully adding a payee, you may proceed to transfer funds immediately or set a future date for the transaction to take place.

3. Who can access the payees created with access type as 'Private'?

Private payees can only be accessed by creator of the payee. Only creator of the payee can use such payees while initiating payment.

4. Who can access the payees created with access type as 'Public'?

Payee marked as 'Public' are visible to all the users mapped to the Party ID of the user which has been given access. All users of the party will be able to view and use these payees while initiating payments.

5. If I delete or edit a payee, what will happen to the in-flight transactions?

Payee modification or deletion will not have any impact on the transactions which are initiated with a same payee and are pending for further processing. In-flight transactions will continue to progress with the data with which the transaction was initiated.

[Home](#)

7. Transfer Money (Make Payment)

The Transfer Money feature enables the user to initiate online payments between his own accounts or perform one of the following types by using an existing payee:

- Internal Transfer
- Domestic Transfer
- International Transfer

On selecting the option, 'Existing Payee', the user has to simply select a payee towards which the transfer is to take place. The user is not required to explicitly select the transfer type (internal, domestic or international) since this categorization is undertaken at the time of payee creation.

The kebab menu is provided to access other payment related transactions.

Prerequisites:

- Transaction and account access is provided to corporate user
- Approval rule set up for corporate user to perform the actions
- Payees are maintained
- Transaction limits are assigned to user to perform the transaction

Features supported in the application

The 'Transfer Money' feature enables users to make payments towards:

- Existing Payee – Internal, Domestic and International transfers are supported and are triggered based on the payee and specific payee account selection.
- My Accounts – Users are able to transfer funds within their own accounts held in the bank.

Workflow

7.1 Transfer Money - Existing Payee

The 'Transfer Money' feature enables users to initiate payments for Existing Payee, supporting Internal, Domestic, and International transfers. The specific type of transfer is triggered based on the selected payee and the corresponding payee account details.

How to reach here:

Toggle menu > Menu > Payments > Transfers > Transfers – Existing Payee

OR

Search Bar > Transfers - Transfers – Existing Payee

OR

*Access through the kebab menu of transactions available under the **Payments** module*

Transfer Money - Existing Payee

The screenshot shows the 'Transfer Money' screen in the Futura Bank mobile app. The interface is titled 'Transfer Money' and features a dark blue header with the bank's logo and a search bar. Below the header, there are two radio buttons for 'Transfer Type': 'Existing Payee' (selected) and 'My Accounts'. A dropdown menu shows the selected payee as 'INTERNALPUBLIC'. To the right, a promotional message states: 'Transferring money has never been easier! Transfer money to registered payees across the globe from your Futura Bank savings or current accounts. You can also transfer money to your friend's Mobile, Email ID and Facebook accounts. Haven't registered your payee yet? No Problem! Use the Adhoc Payment Service'. The main form area includes fields for 'Account Number' (HELO253000027), 'Payee Type' (INTERNAL), and 'Account Name' (SB). There are dropdowns for 'Transfer From' (XXXXXXXXXXXX0054) and 'Play By' (Credit Account Currency). A 'Current Balance' of GBP 1,037,677.21 is displayed. Below these are fields for 'Currency' (GBP) and 'Transfer Amount' (GBP 1,200.00). A 'View Limits' link is present. The 'Transfer When' section has radio buttons for 'Now' (selected) and 'Later'. A checkbox for 'Charges to be debited from Debit Account' is checked. There are input fields for 'Customer Reference Number' (23454) and 'Note' (Delivery charges). A 'Compliance Questions' section with a question mark icon is also visible. At the bottom, there are four buttons: 'Pay', 'Cancel', 'Back', and 'Save As Draft'.

Note	Narrative for the transaction. This will be internal to the bank.

Note: Interpreting the success message on the Confirmation Screen:

Please note that Payment Processors can work in different ways. Some Payment Processors will respond with the final status of the submitted payment synchronously. Some Payment Processors work in an asynchronous mode and respond back with a host reference number only to indicate that the payment has been accepted for processing, but there is a chance that it may get into an Exception Queue during the actual processing itself. Therefore the final status of the payment can be viewed using the transaction called [Payment Status Inquiry](#).

To transfer funds to a payee:

1. From the **Transfer Type** field, select the payee as **Existing Payee**;
2. From the **Payee** list, select the payee towards whom you wish to transfer funds.

3. From the **Pay By** list, select the currency type in which amount is transferred.
4. From the **Currency** list, select the appropriate currency.
5. In the **Transfer Amount** field, enter the transfer amount.
6. In the **Transfer When** field, select the option to indicate when the transfer is to take place.
 - a. If you select the option **Now**, the transfer will be made on the same day.
OR
If you select the option **Later**, from the **Transfer When** field, select the appropriate future date for when the transfer is to take place.

7. In the **Charges to be debited from debit account** field, select the appropriate option.
If not selected this option;
 - b. From the **Account from which charges will be debited** list, select debit account to use for paying the charges.
8. In the **Note** field, specify a note or remarks.
9. Click **Save As Draft** to save the payment record.
OR
Click **Back** to navigate back to the previous screen.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Pay** to make a payment.
10. The **Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
11. A success message along with Reference Number, Status and account details appear on the confirmation page.
12. Click **Home** to navigate to the dashboard.

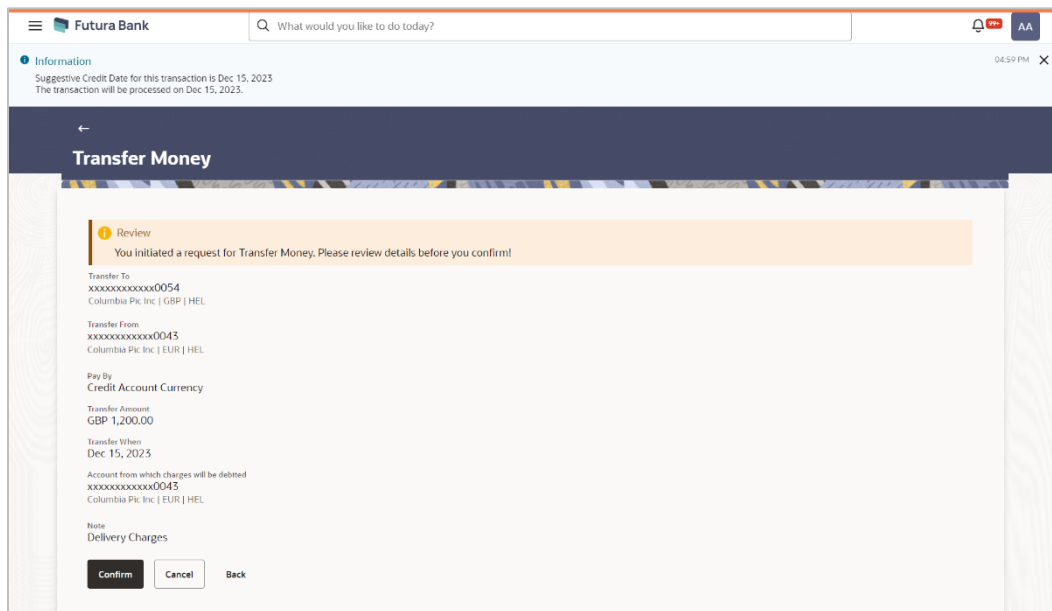

7.3 Suggestive Credit Value Date

The Payment framework provides the facility to display the suggestive credit value date on the review screen of a payment. This date is an indicative date only and it gives the end user an idea of when the payment would get credited to the payee's account, before he can confirm the transaction.

The service takes into account parameters like the network of payment, the currency etc. before arriving at the suggestive credit value date.

This service is currently available out of the box integrated only with Oracle Banking Payments. For other product processors a customization would be required.

Message with Suggestive Credit Value Date

7.4 International Low Value Payment

SWIFT GPI enables financial institutions to provide fast and frictionless cross-border payments for small and medium sized businesses and consumers.

International Low Value Payment

Field Description

Field Name	Description
Payee	Payee Details will come in the dropdown. Select the Payee to whom you wish to initiate a transfer.

Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen..
12. The **Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
13. A success message along with Reference Number, Status and account details appear on the confirmation page.
14. Click **Home** to navigate to the dashboard.

8. Transfers - Adhoc Payee

An adhoc transfer is one which is used to transfer funds from the user's account to a beneficiary/payee account which is not registered with the bank. Since the transfer is towards an unregistered beneficiary, the user is required to specify all the details of the beneficiary including bank account details (depending on the type of transfer) along with transfer details while initiating an adhoc transfer. The kebab menu is provided to access other payment related transactions.

Pre-Requisites

- Transaction and account access is provided to the corporate user.
- Approval rules are set up for corporate user to perform the required actions.
- Transaction limits are assigned to the user to perform the transaction.

Workflow

Features Supported In the application

The following types of transactions are supported under Adhoc Payments

- Internal Transfer
- Domestic Transfer
- International Transfer

How to reach here:

Toggle menu > Menu > Payments > Transfers > Transfers – Adhoc Payee

OR

Search Bar > Transfers - Transfers – Adhoc Payee

OR

*Access through the kebab menu of transactions available under the **Payments** module*

8.1 Adhoc Payment – Internal Fund Transfer

An Internal Bank Account transfer is a transfer to an account which is maintained within the Bank.

Compliance Questions ⓘ

Pay Cancel Back Save As Draft

What are the benefits?

Transfer money to any bank account by simply specifying the account number and supporting bank and branch information. You can transfer money to accounts held within Futura Bank as well as to other bank accounts held both within the country and internationally.

The Adhoc Transfer service also allows you to register your payee for future use, once you have made the transfer.

The data fields are almost the same as the ones seen in the **Transfer Money – Existing Payee(Internal Account)** transaction. The only additional data that needs to be input is the beneficiary account details.

1. Click **Save As Draft** to save the payment record.

The system will let you assign a name to the Draft.

Save As Draft

- OR
- Click **Back** to navigate back to the previous screen.
- OR
- Click **Cancel** to cancel the transaction.
- OR
- Click **Pay** to make a payment towards the payee.

2. The **Review** screen appears. Verify the details, and click **Confirm**.

- OR
- Click **Cancel** to cancel the transaction.
- OR
- Click **Back** to navigate back to the previous screen.

Review Screen

3. A success message along with Reference Number, Status and account details appear on the confirmation page.
Click the **e-Receipt** link to download the e-receipt.
4. Click **Home** to navigate to the dashboard.
OR
Click **Add as Payee** to add new payee, system redirects to the **Add Bank Account Payee** screen.

The data fields are almost the same as the ones seen in the **Transfer Money – Existing Payee(Domestic Account)** transaction. The only additional data that needs to be input is the beneficiary account details. Also, the user needs to select the network only once, as opposed to twice during the Transfer Money flow (Once during Payee Creation and once during the actual Payment)

8.3 Adhoc Payment – International Fund Transfer

For International Transfers the screen lets the user attach documents. OBDX supports configuring a list of mandatory/non-mandatory documents. Once configured, the list will show up on the screen.

Note: There would be some operational and implementation effort required for document upload to work.

When the payment is submitted, the documents will be stored to a configured Document Store (DMS or DB or any other repository depending on the implementation). The document reference numbers will be passed to the back end payment processor along with the payment request.

Adhoc Payment – International Fund Transfer

The screenshot shows the 'Transfers - Adhoc Payee' form in the Futura Bank interface. The form is titled 'Transfers - Adhoc Payee' and has a search bar at the top. It is divided into several sections:

- Payment Type:** Includes tabs for 'Internal', 'Domestic', and 'International'.
- Account Information:** Fields for Account Number, Counter Account Number, Account Name, Address Line 1, Address Line 2, City, and Country.
- Payee Information:** Fields for Email ID and Add Email ID.
- Payment Method:** Radio buttons for NCC, Bank Details, and SWIFT Code.
- Bank Details:** Fields for Bank Name, Payment Purpose, Transfer From, and Transfer Currency.
- Transfer Limits:** A 'View Limits' link.
- Transfer When:** Radio buttons for Now and Later.
- Compliance Questions:** A dropdown menu.
- Payment Details:** Fields for Payment Details, Add Payment Details, and International Reference Number.

At the bottom, there are buttons for 'Pay', 'Cancel', 'Back', and 'Save As Draft'.

The data fields are almost the same as the ones seen in the Transfer Money transaction (for more information, refer **Transfer Money – Existing Payee(International Account)** section).

9. Issue Demand Drafts

The Issue Demand Draft transaction enables users to request the bank to issue demand drafts towards payees. In order to initiate a demand draft issue request, the user has to first ensure that the payee i.e. the recipient of the demand draft is registered as a demand draft payee through the Manage Payees feature. Once the payee is registered, the user can initiate a request to the bank to issue a demand draft by specifying details such as the amount for which the draft is to be drawn, the account from which the funds are to be debited as well as the date on which the draft is to be drawn.

A user can initiate a request for a Demand Draft using this transaction. All Demand Draft payees (Domestic and International Demand Draft payees) available to the user are listed for selection. Details of the payee are auto populated on the transaction screen once a selection has been made. The user is then required to fill in details such as the source account to be debited, the amount for which the draft is to be drawn and the date on which the draft is payable, in order to initiate the demand draft request. An E-Receipt gets generated on the successful completion of the transaction. The kebab menu is provided to access other draft related transactions.

Prerequisites:

- Transaction and account access is provided to corporate user
- Approval rule set up for corporate user to perform the actions
- Transaction working window is maintained
- Required payees are maintained
- Transaction limits are assigned to user to perform the transaction

Features supported in the application

User can request for two types of drafts:

- Domestic Demand Draft – Where the draft is payable within a country
- International Demand Draft – Where the draft is payable outside country

How to reach here:

Toggle menu > Payments > Demand Draft > Issue Demand Drafts

OR

Search bar > Demand Draft - Issue Demand Drafts

OR

Toggle menu > Payments > Demand Draft > Adhoc Demand Draft > Click on kebab menu > Issue Demand Drafts

Issue Demand Draft

Field Description

Field Name	Description
Favouring	Select the payee to whom the demand draft is to be issued. All the demand draft payees maintained will be listed for selection.
Draft Details	The delivery details of the draft that include the mode of delivery and address at which the draft will be delivered are displayed once the payee is selected. On selecting a payee, the selected payee's photo will also be displayed.
Currency	Select the currency in which the draft is to be issued. In case the draft being issued is a domestic demand draft, the currency will be the local currency of the country.
Amount	Specify the amount for which the draft is to be issued.
View Limits	Link to view the transaction limits. For more information on Limits, refer View Limits section.

Field Name	Description
Scheduled On	The facility to specify the date on which the demand draft is to be issued. The options are: <ul style="list-style-type: none"> • Now: Select this option if you wish to have the draft drawn on the same day. • Later: Select this option if you wish to have the draft drawn at a future date. If you select this option you will be required to specify the date on which the draft is to be drawn.
Transfer On Date	Specify the date on which the draft is to be issued. This field appears if the option Later is selected from the Scheduled On list.
Transfer From	Select the source account from which the funds are to be debited towards the issue of the demand draft.
Current Balance	The net balance in the selected source account is displayed against the Transfer From field once an account is selected.
Remarks	Specify a note or remarks for the transaction, if required.

To issue a demand draft:

20. From the **Favouring** list, select the payee to whom the demand draft is to be issued. The details of the selected payee along with the payee's photo appear.

Note : Click on search icon to search specific payee.

21. From the **Currency** list, select the preferred currency.
22. In the **Amount** field, enter the amount for which the draft needs to be issued.
23. In the **Scheduled On** field, select the option to indicate whether the draft is to be issued for the same day or a date in the future.
- b. If you select the **Now** option, the draft will be issued on the same day.
OR
If you select the option **Later**, select the date for when the draft is to be drawn.
24. From the **Transfer From** list, select the account from which funds need to be drawn.
25. In the **Remark** field, specify a note or remarks.
26. Click **Issue** to initiate the request for the issue of the demand draft.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to previous page.
27. The **Demand Draft - Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR

- Click **Back** to navigate back to previous page..
28. The success message appears along with the transaction reference number, host reference number, status and draft details.
Click the **e-Receipt** link to download the e-receipt.
For more information refer the **e-Receipt** section in the *Corporate Customer Services User Manual*.
29. Click **Home** to go to the **Dashboard** screen.
OR
Click **Add Favorite** to mark the transaction as favorite. The transaction is added in the favorite transactions list. For more information on the favorite transactions feature, refer the section **Favorites** in this user manual.

FAQ

1. Can I initiate future dated demand draft issuance request?

You can initiate future dated demand draft issuance request using scheduling later option.

1. What happens if I have set up a future dated draft issuance request, but don't have enough funds in my account on the transaction date for the transfer?

Balance check will not be performed at the time of transaction initiation with future date. The transaction will get declined in case of insufficient funds in the account on the given transaction date.

2. What happens if the transaction amount is less than set Transaction Limit?

If the transaction amount is less or more than transaction limit set by the Bank, user cannot proceed to initiate demand draft issuance request.

3. Can I request for demand draft issuance a payee registered as my payee but Demand draft favouring name is different?

No, using this transaction, you can initiate a demand draft issuance request to existing payee and demand draft favouring details cannot be edited while initiating a request.

4. What happens when I add a transaction in my favorite list?

Once a transaction is marked as favorite it is displayed in customer's favorite list. Customer can directly initiate a transfer using favorite transactions; all the transaction details are displayed on screen auto populated. User can make required changes in the details and submit the transaction for processing.

5. How will I receive a physical copy of a demand draft?

Bank will operationally issue a draft and mail it to the address specified while maintaining a payee.

6. When can I generate an e-receipt?

The user can generate an E-receipt of the transaction, after transaction has been processed, in the Core Banking application.

[Home](#)

10. Adhoc Demand Draft

Users can initiate requests for demand drafts to be payable towards beneficiaries that are not registered as payees in the system, via the adhoc demand draft feature. Since the demand draft request is for an unregistered beneficiary, the user is required to specify details of the beneficiary along with demand draft details at the time of adhoc demand draft request.

Once the request for the demand draft is initiated, the user can register the beneficiary as a payee by selecting the Add as Payee option provided on the confirm screen. The kebab menu is provided to access other draft related transactions.

Pre-Requisites

- Transaction and account access is provided to the corporate user.
- Transaction working window is maintained.
- Transaction limits are assigned to the user to perform the transaction.

How to reach here:

Toggle menu > Payments > Demand Draft > Adhoc Demand Draft

OR

Search bar > Demand Draft - Adhoc Demand Draft

OR

Toggle menu > Payments > Demand Draft > Issue Demand Draft > Click on kebab menu > Adhoc Demand Draft

10.1 Adhoc Demand Draft - Domestic

A Domestic Draft initiation request is a request to issue a draft which is payable at a location within the same country.

To initiate an adhoc domestic demand draft request:

1. From the **Draft Type** field, select the option **Domestic**.

The fields in which the user can enter details required to initiate a request for a domestic demand draft appear.

Adhoc Domestic Demand Draft

Field Description

Field Name	Description
Draft Favoring	The name of the payee as it is to be printed on the demand draft.
Draft Payable at City	Specify the name of the city in which the draft is payable.
Delivery Location	Select the option to identify where you would like the draft to be delivered. The options are: <ul style="list-style-type: none"> • Branch Near Me: On selecting this option, the fields by which you can select a branch of the bank at which the draft is to be delivered will appear. • My Address: Select this option to have the draft delivered at any of your addresses (work, residence or postal) registered with the bank. • Other Address: Select this option to have the draft delivered at an address other than that of a branch of the bank or your registered address. On selecting this option, the fields in which you can enter an address appear.

OR
Click **Cancel** to cancel the transaction.

OR
Click **Back** to navigate back to previous page.
12. The success message appears, along with the reference number and draft details.
Click the **e-Receipt** link to download the e-receipt.
13. Click **Home** to go to the **Dashboard** screen.
OR
Click **Add as Payee?** to register the beneficiary as a payee.
The **Add Payee** screen appears with all the beneficiary details pre-populated in the required fields.

Note: For more information on payee creation, refer the **Add Payee-Demand Draft** section.

10.2 **Adhoc Demand Draft - International**

An international demand draft request is a request to issue a draft which is payable at a location outside the country. To initiate an adhoc international demand draft request, the user is required to specify details of the beneficiary towards whom the draft is payable as well as draft details such as amount and delivery specifications.

To initiate an adhoc international demand draft request:

1. From the **Draft Type** field, select the option **International**.

The fields in which the user can enter details required to initiate a request for an international demand draft appear.

- Postal Address

Address Details The details of the selected address are displayed.

The following section appears if you select the **Other Address** option as draft delivery location.

Field Name	Description
Country	Select the country in which the draft is to be delivered.
Address Line 1-2	Enter lines 1 and 2 of the address at which you wish to have the draft delivered.
City	Enter the name of the city in which the draft to be delivered.
State	Enter the name of the state in which the draft is to be delivered.
Zip Code	Enter the zip code of the address at which the draft is to be delivered.
Currency	Select the currency in which the draft is to be issued.
Amount	Specify the amount for which the draft is to be issued.
View Limits	Link to view the transaction limits of the user. For more information on Limits, refer View Limits section.
Scheduled On	The facility to specify the date on which the demand draft is to be issued. The options are: <ul style="list-style-type: none"> • Now: Select this option if you wish to have the draft drawn on the same day. • Later: Select this option if you wish to have the draft drawn at a future date. If you select this option you will be required to specify the date on which the draft is to be drawn.
Transfer Date	Specify the date on which the draft is to be drawn. This field appears if the option Later from the Scheduled On list is selected.
Transfer From	Select the source account from which the funds are to be debited towards the issue of the demand draft.
Balance	The net balance in the selected source account is displayed against the Transfer From field once an account is selected.
Note	Specify a note or remarks for the transaction, if required.

14. In the **Draft Favouring** field, enter the name of the payee as it is to be printed on the draft.
15. In the **Draft payable at Country** field, select the country at which the draft is to be payable.
16. In the **Draft payable at City** field, enter the name of the city at which the draft is to be payable.
17. In the **Delivery Location** field, select the appropriate draft delivery option.
 - e. If you select the **Branch Near Me** option;

- v. From the **City** list, select the city so as to filter the branches based on city of choice.
 - vi. From the **Branch Near Me** list, select the branch at which you want the draft to be delivered.
The complete address of selected branch appears.
- f. If you select the **My Address** option;
- vii. From the **Select Address** list, select the option of choice.
The complete address of the user as maintained corresponding to the selected address appears.
- g. If you select the **Other Address** option; specify the address at which the demand draft is to be delivered.
- viii. From the **Country** list, select the country in which the draft is to be delivered.
 - ix. In the **Address Line 1-2** fields, enter the address at which the draft is to be delivered.
 - x. In the **City** field, enter the name of the city at which the draft is to be delivered.
 - xi. In the **State** field, enter the name of the State in which the draft is to be delivered.
 - xii. In the **Zip Code** field, enter the zip code of the address at which the draft is to be delivered.
18. From the **Currency** field, select the currency in which the draft is to be issued.
19. In the **Amount** field, enter the amount for which the draft needs to be issued.
20. In the **Scheduled On** field, select the option to indicate whether the draft is to be issued for the same day or a date in the future.
- h. If you select the **Now** option, the draft will be issued on the same day.
OR
If you select the option later in the **Scheduled On** field, specify the date at which the draft is to be issued.
21. From the **Transfer From** account list, select the account, which is to be debited for the demand draft issuance.
22. In the **Note** field, specify a note or remarks, if required.
23. Click **Issue** to initiate the request for the issue of the demand draft.
OR
Click **Cancel** to cancel the transaction.
24. The **Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to previous page.
25. The success message appears, along with the reference number and draft details.
Click the **e-Receipt** link to download the e-receipt.
26. Click **Home** to go to the **Dashboard** screen.
OR
Click **Add as Payee?** to register the beneficiary as a payee.
The **Add Payee** screen appears with all the beneficiary details pre-populated in the required fields.

11. Multiple Transfers

The Multiple Transfers feature enables the corporate user to initiate transfers towards a group of people as part of a single transaction. Through this feature, users can initiate transfers towards registered payees of different transfer type's i.e. internal, domestic and international transfers, with different transfer dates, all at once from a single screen. The kebab menu is provided to access other payment related transactions.

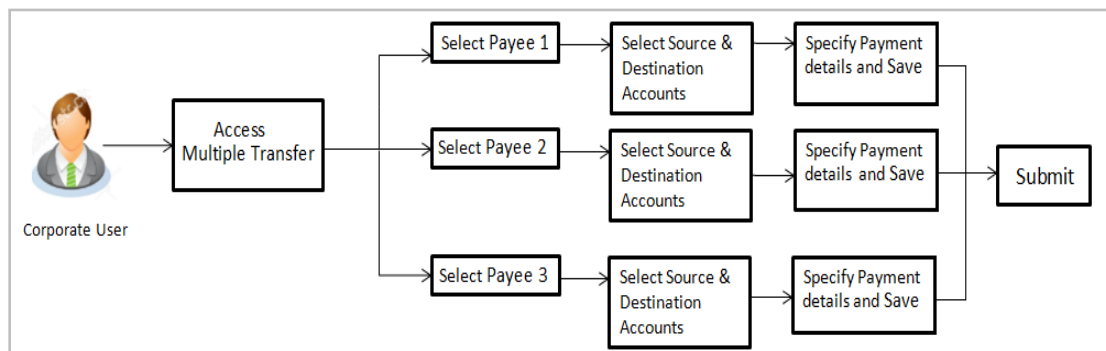

Prerequisites:

- Transaction and account access are provided to the corporate user
- Approval rule set up for the corporate user to perform the actions
- Payees are maintained
- Transaction limits are assigned to the user to perform the transaction

Features supported in the application

- Multiple transfers allow the user to make payments
- To Existing Payees – by selecting registered payees

Field Description

Field Name	Description
------------	-------------

The following fields are applicable for each individual transfer record that comprises the multiple transfers transaction:

Payee Record Number	Payee Record Number. The payee record number appears on the top of each record so as to identify the number of payees being added.
----------------------------	--

Field Name	Description
Payee	Select the payee to whom funds transfer needs to be made. Each payee is identified by the payee nickname defined at the time of payee registration. Once a payee has been selected, the details of the payee including the payee photo, payee nickname, account number, account type, etc. will be displayed on the screen.
Account Number	On selecting the payee, the account number associated with the payee appears.
Account Type	The type of account or transfer type associated with the payee appears, once a payee is selected.
Account Name	The name of the payee in the bank account appears.
Payee Address	Address of the payee in the bank account. This field appears for International type of payee.
Bank Details	The details of the bank i.e. the name and address of the bank's branch in which the payee's account is held appears. <hr/> Note: Bank Details do not get displayed for Internal Payees <hr/>
Transfer From	Select the source account from which the funds are to be transferred.
Balance	On selecting a source account, the net balance of the account appears below the Transfer From field.
Currency	Select the currency in which the transfer is to take place. <hr/> Note: Currency is defaulted to the destination account currency for Own and Internal Account Transfers and to the local currency for Domestic Transfers. For International transfers, the user can select the currency from the list. <hr/>
Amount	Specify the amount to be transferred.
View Limits	Link to view the transaction limits applicable to the user. For more information on Limits, refer <u>View Limits</u> section.
Transfer When	The facility to specify when the funds are to be transferred. The options are: <ul style="list-style-type: none"> • Now: transfer funds on the same day • Later: transfer funds on a future date

Field Name	Description
Pay Via	Select the network through which the transfer is to take place. This field displays the networks available for payment, for domestic payments.
Transfer Date	The date on which the transfer is to take place. This field appears if the option Later is selected from the Transfer When list.
Correspondence Charges	The facility to select the party by whom transfer charges are to be borne. The options are: <ul style="list-style-type: none"> • Payee: transfer charges are to be borne by the beneficiary • Payer: transfer charges are to be borne by the ordering customer • Shared: transfer charges are to be borne by both the payee and payer This field appears against a record where the transfer is being made towards an international payee.
Transfer via Intermediary Bank	Specify whether the fund transfer is to be done through intermediary bank. <hr/> Note: This field appears only for International Payee. <hr/>
Pay Via	Network for payment. The options are: <ul style="list-style-type: none"> • Swift Code • NCC (National Clearing code) • Bank Details This field appears if you select Yes option from Transfer via Intermediary Bank field.
SWIFT / National clearing code value	SWIFT code /National Clearing code value.
SWIFT code Look up	
Below fields appears if the SWIFT Code option is selected in Pay Via field.	
Lookup Swift Code	Link to search the SWIFT code.
SWIFT Code	SWIFT code value.

Field Name	Description
Bank Name	Bank name to search the SWIFT code.
Country	Country name to search the SWIFT code.
City	City name to search the SWIFT code.
SWIFT Code Lookup - Search Result	
Bank Name	Name of the bank.
Address	Displays complete address of the bank.
SWIFT Code	SWIFT code /National Clearing code value.
National clearing code Look up	
Below fields appears if the National clearing code option is selected in Pay Via field.	
Lookup National clearing code	Link to search the National clearing code.
NCC Type	NCC type of the bank branch.
NCC Code	NCC code of the bank branch.
Bank Name	Name of the bank.
City	City to which the bank belongs.
NCC Lookup - Search Result	
Bank Name	Name of the bank.
Branch	Bank branch name.
Address	Address of the bank.
NCC Code	NCC code of the bank branch.
Bank Details	Bank details based on the Swift / National clearing code selected for the bank.
Below fields appears if the Bank Details option is selected in Pay Via field.	
Bank Name	Name of the bank.

Field Name	Description
Bank address	Complete address of the bank.
Country	Country of the bank.
City	City to which the bank belongs.
Payment Details	Specify payment details. This field appears against a record where the transfer is being made towards an international payee.
Add Payment Details	The link to add more details of the transfer. This field appears only for International Payee.
Customer Reference Number	The unique customer reference number for the transaction.
Note	Specify a note or remarks against the transfer.
Compliance Questions	The questions appears in compliance popup for regulatory purpose to avoid frauds.

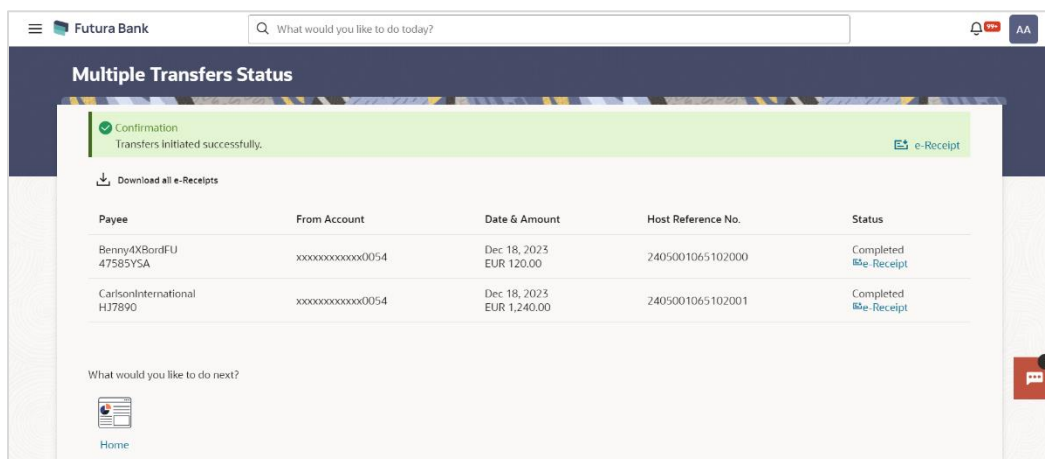

To transfer funds to multiple payees:

1. From the **Payee** list, select the payee towards whom you wish to transfer funds. The payee details of the selected payee appear.
2. From the **Transfer From** account list, select the account from which the transfer needs to be made.
3. From the **Currency** list, select the appropriate currency.
4. In the **Amount** field, enter the transfer amount.
5. In the **Transfer When** field, select the option to indicate when the transfer is to take place.
 - a. If you select the option **Now**, the transfer will be made on the same day.
 - OR
 - If you select the option **Later**, from the **Transfer When** field, select the appropriate future date for when the transfer is to take place.
6. If the transfer type is **Domestic**, in the **Pay Via** field, select the network through which the transfer is to be processed. If the transfer is a domestic (India region) transfer, only those networks that are enabled on the basis of transfer details specified, will be selectable.
7. If the transfer type is **International**,
 - a. From the **Correspondence Charges** list, select the appropriate option.
 - b. In the **Transfer via Intermediary Bank** field, select the appropriate option.
 - c. If you have selected **Yes** option in the **Transfer via Intermediary Bank** field, select the appropriate network for payment in the Pay Via field.

- i. If you select **Swift** option:
 1. In the **SWIFT code** field, enter the SWIFT code or search and select it from the lookup.
 2. Click **Verify** to fetch bank details based on Bank Code (BIC).
- ii. If you select **National Clearing code** option:
 1. In the **National Clearing code** field, enter the National Clearing code or search and select it from the lookup.
 2. Click **Verify** to fetch bank details based on Bank Code (BIC).
- iii. If you select **Bank details** option:
 1. In the **Bank Name** field, enter the bank name.
 2. In the **Bank Address** field, enter the complete address of the bank.
 3. From the **Country** list, select the country of the bank.
 4. From the **City** list, select the city to which the bank belongs.
- d. In the **Payment Details** field, enter the details of the fund transfer.
8. If you have selected **International** payee, select the appropriate remarks from the **Note** list.
9. In the **Customer Reference Number** field, enter the customer reference number for the transaction.
10. In the **Note** field, specify a note or remarks.
11. Click in the **Compliance Questions** field, the system displays the overlay window. Add the answer the question and **Submit**. This field is enabled only for **Internal & Domestic** payee.
12. Click **Save** to save the payment record.
OR
Click **Make a Copy and Save**, if you want to save a copy of the transaction.
OR
Click **Reset Fields** to clear the entered data.
13. Repeat Steps 1 to 9 for Payee 2.
OR
Click **Add Another Payment** if you want to add another payment record.
14. Click on the  icon against a saved record to edit the transfer details of that record.
OR
Click on the  icon against a record to delete that record.
15. Click **Submit** to submit all the transfer records to the bank.
OR
Click **Cancel** to cancel the transaction
OR
Click **Back** to navigate back to the previous page.

16. The **Multiple Transfer - Review** screen appears. Verify the details, and click **Confirm**.
 OR
 Click **Expand All** to view the payment details.
 Click **Collapse All** to hide the payment details.
 OR
 Click **Cancel** to cancel the transaction.
 OR
 Click **Back** to edit the transfer details. The **Multiple Transfers** screen with saved fund transfer details appear in editable form.
17. The success message appears along with the status of transaction.
18. Click **Home** to navigate to the dashboard.
 OR
 Click **Click Here** to view the status of each transfer.
 The **Multiple Transfer - Status** screen appears.

Multiple Transfers – Status

Field Description

Field Name	Description
Payee	The payee towards whom fund transfer has been initiated. The payee nickname and the payee's account number are displayed.
From Account	The source account from which the funds are transferred.
Date & Amount	The date of transfer along with the amount that is transferred towards the payee's account.
Host Reference Number	The unique number generated on completion of the transaction in the Core Banking application.
Status	The status of the transaction.
Action	The link to download the e-receipt of transaction.

Field Name	Description
Failure Reason	The reason for which a transfer failed is displayed against the specific transfer record.

19. Click the **e-Receipt** link against a particular record for which you want to download the e-receipt.
OR
Click **Download all e-Receipts** link to download the e-receipts for all the transactions.

FAQ

1. Is there any limit on the number of payments that can be initiated at a time through multiple transfers?

Yes, the limit as defined by the bank will be in place. You will be displayed an error message if you try to add another transfer record once this limit has been met.

2. What happens if the transaction amount is less than set Transaction Limit?

If the transaction amount is less than the minimum limit or more than the maximum transaction limit set by the Bank, the user will not be able to initiate the transfer.

[Home](#)

12. MT101 Bilateral Agreement Upload

The MT101 module facilitates the transfer of funds, domestically and/or internationally by sending SWIFT MT101 instruction to the user’s bank. A bank can play one of 2 possible roles in an MT101 instruction:

1. Executing Bank
2. Forwarding Bank

Executing Bank Agreement Upload

In this role, the MT101 instruction ends at the bank and it in turn leads the bank to initiate a payment (either a SWIFT or a local payment or an internal transfer)

For this case, the bank needs to have an agreement in place with the sender bank.

The screenshot shows a web interface for uploading an inbound agreement. The header includes a search bar, a notification bell with '4/4', a user profile for 'Parag C', and a welcome message with the last login time '11/26/22, 11:16 AM'. The main content area is titled 'Inbound Agreement' and contains the following fields and tables:

- Party ID:** ***930
- Party Name:** PARAGCORPNEW
- Start Date:** 11/28/22
- End Date:** 11/30/22
- Cut Off Hour:** 1
- Cut Off Minute:** 1
- Allowed Accounts Table:**

Account Number	Currency	Selected
xxxxxxxxxxxx0016	EUR	<input checked="" type="checkbox"/>
xxxxxxxxxxxx0027	EUR	<input type="checkbox"/>
xxxxxxxxxxxx0038	EUR	<input type="checkbox"/>
- Allowed Senders Table:**

Sender Code	Sender Name	Action
DEUTDEFFXXX	DEUTSCHE BANK AG	<input type="button" value="Delete"/>

At the bottom of the form, there are three buttons: 'Submit', 'Cancel', and 'Back'. The footer contains the copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. [SecurityInformation] Terms and Conditions'.

A corporate user can define the debit accounts for which the agreement is to be in place and also the sender banks from whom instructions can be accepted for execution purposes.

The agreement will have a time period defined during which it will be treated as a valid agreement.

The agreements initiated from OBDX will be stored in OBPM and therefore will be effective for incoming MT101 transactions that hit OBPM for the executing bank scenario.

Forwarding Bank Agreement Upload

The screenshot shows a web interface for uploading an MT101 Outbound Agreement. At the top, there is a navigation bar with a search field, a notification bell, and a user profile for 'Parag C' with the last login time '11/26/22, 11:16 AM'. The main heading is 'MT101 Outbound Agreement'. Below this, the form contains the following fields:

- Party ID:** ***930
- Party Name:** PARAGCORPNEW
- Start Date:** 11/28/22 (with a calendar icon)
- End Date:** 11/30/22 (with a calendar icon)
- Charge Account Number:** xxxxxxxxxxxx0016 (with a dropdown arrow)
- External Account Validation Required:** Yes (with a dropdown arrow)
- Receiver Bank:**
 - Receiver Bank Code:** DEUTDEFFXX
 - Receiver Bank Name:** DEUTSCHE BANK AG

At the bottom of the form, there are three buttons: 'Submit' (blue), 'Cancel' (grey), and 'Back' (blue). On the right side of the form, there is a blue chat bubble icon and a blue arrow pointing up.

The above screen lets a corporate user define the bilateral agreement in the outward leg of an MT101 instruction, when the bank is playing the role of a forwarding bank.

13. MT101 Instruction

The MT101 module facilitates the transfer of funds, domestically and/or internationally by sending SWIFT MT101 instruction to the user's bank. This allows users to debit funds from a single account and credit to multiple domestic and/or international accounts in a single transaction. On the MT101 Instruction screen, all tag option fields will be replaced with channels banking user friendly options. An MT101 Instruction consists of two parts:

3. **General Information (Sequence A):** This is mandatory and contains debit party information like Sender's Reference, Instructing Party and Requested Execution Date.
4. **Transaction Details (Sequence B):** This component is repetitive and must be present at least once in the message.

Standard approval flow (Maker -> Checker) is supported by the system, however, 'Send To Modify' feature is not supported. Bulk Uploads for MT101 Instructions are not in Oracle's scope. Please note, this transaction will only be supported on desktop/laptop devices.

Prerequisites:

- Transaction and account access are provided to the corporate user
- Approval rule set up for the corporate user to perform the actions
- Transaction working window is maintained
- Transaction limits are assigned to the user to perform the transaction
- External accounts to be added and mapped. Refer to section '16 - External Account'

14. Repeat Transfers

Repeat Transfers, also referred to as Standing Instructions or Standing Orders, are instructions given by a payer (bank account holder) to the bank to transfer a specific amount to another account at regular intervals.

Once initiated, these transfers are executed repeatedly till the end date.

The application has simplified the user's task of initiating repetitive payments by introducing the **Repeat Transfers** feature. Through this feature, users can set instructions for funds to be transferred at regular intervals towards registered payees or to the user's own accounts. Once initiated, the details of these transfers can be viewed in the View Repeat Transfers screen. The user can also cancel a repeat transfer instruction, if so desired, from the View Repeat Transfers screen. The kebab menu is provided to access other payment related transactions.

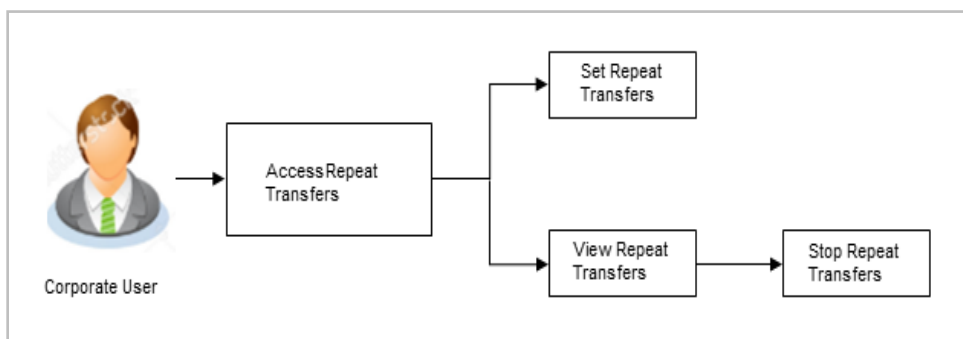

Pre-Requisites

- Transaction and account access is provided to the corporate user
- Approval rule set up for the corporate user to perform the actions
- Transaction limits are assigned to the user to perform the transaction

Features supported in the application

- Set Repeat Transfers
- View Repeat Transfers
- Stop Repeat Transfers

Workflow

14.1 Repeat Transfers - Existing Payee

Using this feature a user can initiate an instruction for repeat transfers to be executed towards a payee for a specific amount at a certain frequency.

How to reach here:

Toggle menu > Menu > Payments > Transfers > Repeat Transfers – Existing Payee

OR

Search Bar > Transfers - Repeat Transfers – Existing Payee

OR

*Access through the kebab menu of transactions available under the **Payments** module*

This is applicable only if the repeat transfer being raised involves transfers to an internal or domestic payee.

15. Repeat Transfers Inquiry

Repeat Transfers, also referred to as Standing Instructions or Standing Orders, are instructions given by a payer (bank account holder) to the bank to transfer a specific amount to another account at regular intervals.

Once initiated, these transfers are executed repeatedly till the end date.

The application has simplified the user's task of initiating repetitive payments by introducing the **Repeat Transfers** feature. Through this feature, users can set instructions for funds to be transferred at regular intervals towards registered payees or to the user's own accounts. Once initiated, the details of these transfers can be viewed in the View Repeat Transfers screen. The user can also cancel a repeat transfer instruction, if so desired, from the View Repeat Transfers screen. The kebab menu is provided to access other payment inquiry related transactions.

How to reach here:

Toggle menu > Menu > Payments > Payment Inquiries > Repeat Transfers Inquiry
OR

Search Bar > Payment Inquiries – Repeat Transfers Inquiry
OR

*Access through the kebab menu of transactions available under the **Payments Inquires***

Repeat Transfers Inquiry – Search Criteria

The screenshot shows the 'Repeat Transfers Inquiry' search criteria form in the Futura Bank mobile application. The form is titled 'Repeat Transfers Inquiry' and contains the following fields:

- Transfer Type:** A dropdown menu with 'SEPA' selected.
- Debit Account Number:** A dropdown menu with 'main Account Vashi, xxxxxxxxxxxxxx0036' selected.
- Status:** A dropdown menu with 'Active' selected.
- Reference Number:** An empty text input field.

At the bottom of the form, there are two buttons: 'Search' and 'Reset'. The form is displayed on a mobile device screen with a dark blue header and a white background.

Field Description

Field Name	Description

Payment Type	Displays the type of payment transfer i.e. internal, domestic or international transfer.
Transfer Network	The network used for the transfer. This can vary based on the region and the destination. Examples of networks in India are NEFT, IMPS, and RTGS. The network used for international transfers is SWIFT.
Transfer Amount	The currency and amount of the transaction.
Initiated On	The date and time of payment initiation.
Transaction Date	The date and time at which the transfer was processed.
Exchange Rate	The exchange rate in case of a multi-currency transfers.
Charges	Any charges that were involved in the transfer.
Note	Any reference note that has been entered by the user at the time of transfer initiation as well as any note as defined by the bank.
Remitter Details	
This section displays the sender's details as fetched from the host system. The fields listed below may vary depending on the type of payment and what the host system renders.	
Account Number	The account number from which funds have been transferred. The account number appears in masked format.
Source Account Branch	The branch at which the source account is held.

4. Additional following actions can be executed from the kebab menu available on the screen:
- Initiate Again- System is redirected to the **Transfers- Adhoc Payee** screen to transfer the payment. For more information, refer **Transfers- Adhoc Payee** section.
 - Cancel - System is redirected to the **Payment Cancellation** screen to cancel the payment. For more information, refer **Payment Cancellation** section.

Note: This option is not available for the Transactions with the status as a **Processed**.

- Download E-receipt – to download the e-receipt in pdf format

OR

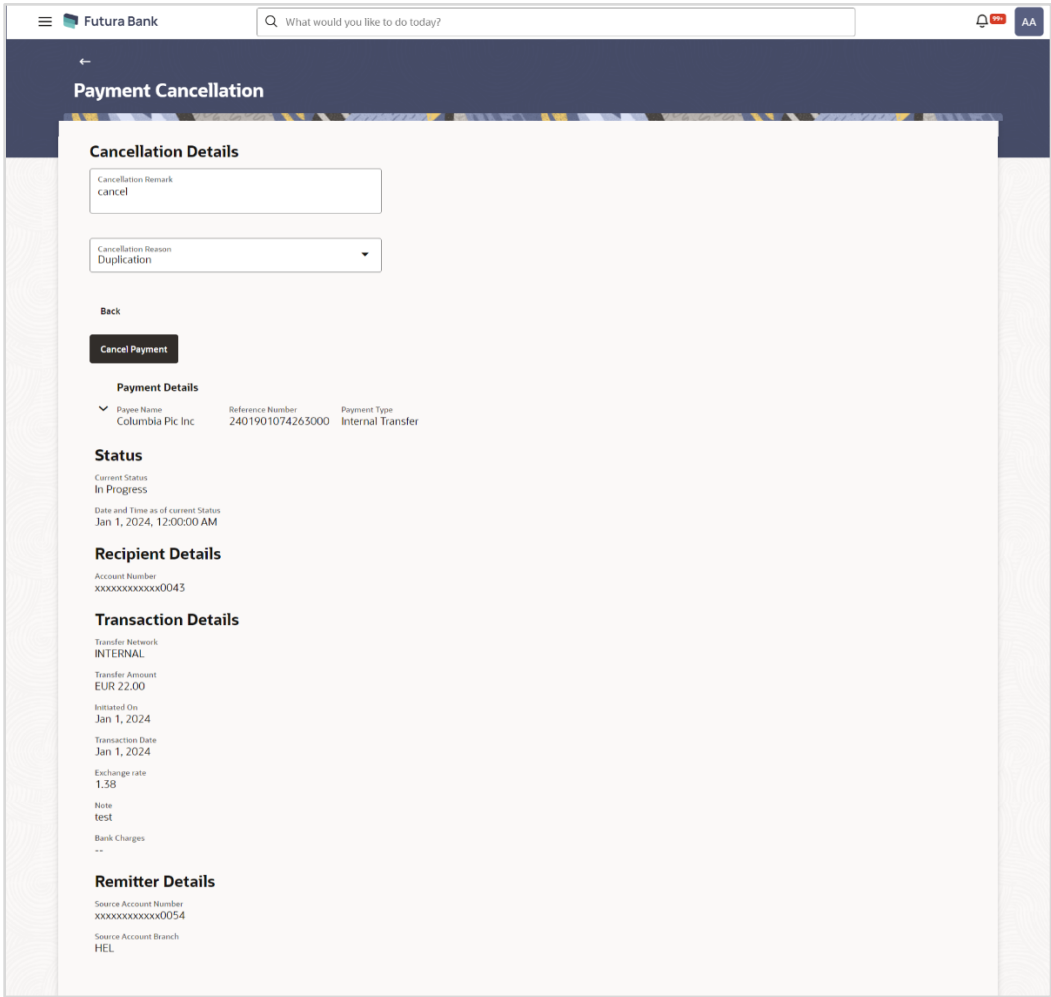

Click **Back** to navigate back to previous screen.

19.3 Payment Cancellation

This feature allows user to cancel the payments.

Note: The cancellation is currently supported only for Internal Transfers that are not yet processed and for SWIFT Transfers that are processed as well as in progress.

Payment Cancellation – Internal Transfer

Payment Cancellation – International Transfer

Field Description

Field Name	Description
Cancellation Details	
Cancellation Remarks	Relevant remarks need to be entered to process cancellation of the payment. Mandatory field.
Cancellation Reason Code	A drop down of reason codes available only for SWIFT Payments

To cancel payment:

1. Enter the search criteria.
2. Click **Search** to view transactions. The search result appears on **Payment Status Inquiry** screen based on search criteria entered.
3. Click on the  icon to cancel payments against the record which to be cancelled. The user will be redirected to the **Payment Cancellation** screen where the cancellation of the respective payment is facilitated.
4. Verify the payment details and click on **Cancel Payment**.
OR
Click on **Back** to navigate to the previous screen.
5. The success message of payment cancellation appears along with the transfer request number.
6. Click **Home** to navigate to the dashboard.

19.4 Payment Cloning

The **Copy** feature available on the **Payment Status Inquiry** summary screen allows user to clone a payment. This is to make it convenient for the end user to initiate the same payment again, on a different date. The cloning does not intend to stop the user from changing any of the data. Therefore it is just another Adhoc Payment transaction, and the user will be able to change any fields he wants to.

Note: The feature, out of the box, will support International, Internal and SEPA Credit transfers only.

For a Self-Transfer that was initiated from OBDX and visible in Payment Status Inquiry, clicking on the Clone button will open up the **Transfers – Adhoc Payee** Internal Payment page. This is because, from the bank's perspective both Self Transfer and Internal Transfer are payments between accounts within the bank.

The payments seen in **Payment Status Inquiry** are a combination of all payments posted to the back end payments processor. The payments could have originated from other channels too, or directly from the payments processor itself. And therefore to repeat/copy the same payment at a later time, OBDX makes use of the Adhoc Payments transaction since the beneficiary information may not be present within OBDX as a payee.

Pre-Requisites

- Entitlements to Adhoc Payments

To clone the payments:

1. Enter the search criteria.
2. Click **Search** to view transactions. The search result appears on the **Payment Status Inquiry** screen based on search criteria entered.

3. Click on the  icon against the payment record which to be cloned. The user will be redirected to the **Transfers -Adhoc Payee** screen transaction with most of the data of the existing payment copied to the input fields. For more information refer **Transfers - Adhoc Payee** section.

20. UETR Status Inquiry

For SWIFT Payments, OBDX supports a detailed status screen. One needs to know the UETR number in order to view the status of the payment.

The UETR reference number of an outbound payment can be seen in the details screen of Payment Status Inquiry. One can click on the reference number there itself to open up the UETR Status Inquiry screen.

For inbound payments though, one needs to visit this screen and enter the UETR reference number manually. The kebab menu is provided to access other payment inquiry related transactions.

How to reach here:

Toggle menu > Menu > Payments > Payment Inquiries > UETR Status Inquiry

OR

Search Bar > Payment Inquiries – UETR Status Inquiry

OR

*Access through the kebab menu of transactions available under the **Payments Inquiries***

UETR Status Inquiry – Search Criteria

The screenshot shows the 'UETR Status Inquiry' screen in the Futura Bank mobile application. At the top, there is a search bar with the placeholder text 'What would you like to do today?'. Below this, the title 'UETR Status Inquiry' is displayed. The main form contains three input fields: 'UETR Number' with the value 'd2ecb184-b622-41e9-a2a3-2a2ae2dbce4', 'Account Number' with a dropdown menu showing 'XXXXXXXXXXXX0054', and 'Transaction Type' with a dropdown menu showing 'Outward Remittance'. Below the form are 'Search' and 'Reset' buttons. A notification icon with a '1' is visible in the bottom right corner.

To view / search for UETR status records:

1. Enter the search criteria.
 - i. In the **UETR Number** field, enter a UETR transaction reference .
 - ii. From the **Account Number** list, select a CASA (Current Account and Savings Account) account.
 - iii. From the **Transaction Type** list, select the appropriate transaction type by which records to be searched.
2. Click **Search** to view transactions based on the defined criteria. Based on the search criteria the payments records gets displayed on the **UETR Status Inquiry** screen.

- OR
- Click **Cancel** to cancel the transaction.
- OR
- Click **Reset** to clear the details entered.

UETR Status Inquiry – Search Result

The screenshot shows the Futura Bank UETR Status Inquiry interface. At the top, there is a search bar with the text "What would you like to do today?". Below the search bar, the title "UETR Status Inquiry" is displayed. The main content area shows a search result for a transaction with ID "d2ecb1b4-b622-41e9-a2a3-2a2ae20bce4" and type "Outward Remittance". The status is "ACCC" and the description is "Settlement Completed". Below this, a table lists the transaction details:

From Bank	To Bank	Status Code	Status Description	Settlement Amount	Confirmed Amount	Charges Amount	Charge Bearer
BANABEBBXXX	BANBUS33XXX	ACSP	Accepted Settlement In Progress	USD990.00		USD10	CRED
BANCUS33XXX	BANDJPJTXXX	ACSP	Accepted Settlement In Progress	USD940.00		USD60	CRED
BANDJPJTXXX	TRCKCHZZXXX				USD900.00	USD100	CRED

At the bottom of the table, there is a pagination control showing "Page 1 of 1 (1-3 of 3 items)".

21. MT101 Instructions Inquiry

The MT101 Instructions Inquiry screen enables users to view all the MT101 Instructions raised.

This screen lists down instructions based on search criteria defined in the provided search fields. Users can search for a record based on the BIC Code used to initiate the instruction, the reference number generated by the host or even by defining the execution date range. The number of transactions that are displayed on the Payment Status Inquiry summary screen by default, depends on the configuration set by the bank.

User can view additional details by clicking on the hyperlink provided on the host reference number. On clicking the eye icon, the system generated MT101 message will be displayed in a pop-up, which can be downloaded in PDF format.

Toggle menu > Payments > Inquiries > MT101 Instructions Inquiry

21.1 MT101 Instructions Inquiry – Summary

MT101 Instructions Inquiry – Summary

The screenshot displays the 'MT101 Instructions Inquiry' interface. At the top, there's a navigation bar with 'futura bank' logo, a search bar, and user information: 'Welcome, ASHLEY CHARLES', 'Last login 07 Jun 07:55 PM'. The main area contains search filters: 'Receiver BIC Code' with a 'Lookup BIC Code' link, 'Host Reference Number', 'Execution From Date' (01 Jan 2021), and 'Execution To Date' (08 Jun 2021). Below these are 'Search', 'Cancel', and 'Reset' buttons. A table lists the following data:
