1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

3. Trade Finance

Trade finance is process of financing commerce, i.e. both domestic and international trade based transactions. It comprises a seller, a buyer along with other service providing institutions to facilitate transactions such as banks, insurers, credit rating agencies etc. This may be considered as a tool to safeguard against the distinct risks present in doing international trade viz. fluctuations in currency conversions, political conditions, creditworthiness of the buyer etc. Some of the majorly used tools are Letter of Credits, Import and Export Bills, Outward Guarantees.

In the Trade Finance module, you can initiate, amend and view Letter of Credits (LC). You can also view details of Import and Export Bills, and Export Bills under LC, and Outward Guarantees raised. User can initiate Collection and outward Guarantees. User can initiate standalone shipping Guarantee and also Shipping Guarantee under LC.

Note: This module is not supported on mobile devices.

Workflow

3.1 **Letter of Credit**

Letter of credit is a financial tool which acts as an obligation of the issuing bank to pay the agreed amount to the seller on behalf of the buyer, if buyer provides compliant documents about those goods as specifically mentioned in the sales contract or purchase agreement to the advising bank. They are governed by rules set by International Chamber of Commerce known as Uniform Customs and Practice for Documentary Credits (UCP 600).

These are of different types; most commonly used ones are irrevocable LC, transferable LC. Mostly they are used in situations where both parties i.e. seller and buyer are new to each other and are operating in different countries and seller thinks to safeguard his interests against multiple risks involved in the trade.

Bill is a trade transaction, in which the Exporter forwards the required commercial documents to the Importer's bank, against which the payment is to be done. Banks facilitates documents movement, makes the required checks and then process payments to the Exporter against the Bill.

There occurs some situations where the sales contract goes for some modification, and in order to replicate the same over Bills and Letter of Credits, acceptance from other party is also required. Using this option, user can accept or reject, the discrepancies raised in Import Bills or amendments under Export Letter of Credit. It is then forwarded for further approval from bank. A search facility is also provided to easily locate the discrepancy or amendment raised.

3.2 **Collection**

Import Collection offers a view about the Collection from the point of view of an Importer and Export Collection offers the same from the point of view of an Exporter.

3.3 **Guarantees**

It is a contract released by bank for its customer, who has signed an agreement to purchase goods from a supplier and agrees to fulfil any financial obligations to the supplier in case of default. In other words, if the debtor fails to settle a debt, the bank will cover it. Using this option, user can apply for an Outward Bank Guarantee. For the BG application, user must enter the details in the four tabs available in this option viz. Parties, Commitment Details, Bank Instructions and Guarantee. Any amendment raised by the counterparty can also be accepted or declined by customer.

3.4 **Other Party Maintenance**

To ease the user from filling up the details of beneficiary, a facility to maintain beneficiary is added. User can create add, edit or delete beneficiary details and also have different access type, if he wants to share the same beneficiary with other users. Also, it can be defined as in which transactions, user will be able to use the beneficiaries viz. LC, BG or Collection. This enables user to directly choose a beneficiary from the maintained list and save time of filling up the detail every time he is initiating a new transaction.

3.5 Shipping Guarantee

Shipping Guarantee refers to a written guarantee, issued by the bank which will bear joint liability, and is presented by the Importer to the goods carrier or its agent for picking up the goods in the case of arrival of cargo prior to the receipt of shipping documents. Shipping Guarantee is commonly used under L/C with full set of documents of title to goods. This helps Importer to pick up the goods in time to avoid port demurrage.

3.6 Application Tracker

User gets a simple tracking tool for all his applications which are either saved and can be fetched further for retrieval or which are submitted for further processing. He can also look for the pending clarifications received from bank, and reply to them.

3.7 Documents and Clause Maintenance

A corporate user can save the clauses under documents, so that it can use the same as and when required while initiating an LC. User also have an option to mark it to be available to other users of corporate.

3.8 Additional Conditions Maintenance

Additional Condition is required while creating Letter of Credits. A user can create (if maintenance is not already there), view and edit the additional conditions. User will have the facility to save his custom conditions and use as and when required. Each Condition is saved with the help of an identifier which is unique for the customer, and all identifiers needs to be mapped to codes of additional conditions as maintained by bank.

3.9 Assignee Maintenance

Assignee Maintenance allows the user to create (if maintenance is not already there), view and edit the assignee.

3.10 Islamic Transactions

Sharia laws also govern and guide how trade finance works, and Islamic Trade Finance caters to these needs. These transactions will be available to those users entitled for it. For details, refer *User Manual Oracle Banking Digital Experience Corporate Trade Finance - Islamic*

Hey, I am here to help if you need it!

4-2

Bi-Directional Flow:

The corporate user can click the link to request for clarification. Whenever the user submits a trade finance transaction, then the bank's trade finance team sends back the transaction with their comments or reason for rejection to the user, so that he can rectify the transaction and resubmit again.

Trade 360

This widget provides a Trade 360 view of user's all trade instruments of the selected party. The various tabs of trade instruments displays the total active contracts and their sum total.

This widget provides overall status of all of the existing Trade instruments so that one can have a better understanding of Trade Finance instruments and transactions. The user can see the summary of various active records and can download the report of all the contracts in a trade instrument.

Quick Links

The most commonly used transactions are provided as quick links for quick access to the transactions. Following transactions are provided as quick links:

- Initiate LC Amendment
- Lodge Bill
- Apply Outward Guarantee
- Raise Shipping Guarantee
- Issue Import LC
- Raise Collection
- App Tracker

Trade Instruments

This widget allows the user to view the details of different transactions and filter them as per the need. The different transactions are listed in two tabs that is Import and Export. User can switch between tabs to see the transactions available under each head.

- Transactions: Following are the transactions(conventional/Islamic) that can be selected from the drop-down and can be viewed under this widget:
 - Letter of Credit
 - Import (As internal Tab)
 - Export (As internal Tab)
 - Bills
 - Import (As internal Tab)
 - Export (As internal Tab)
 - Bank Guarantee
 - Inward (As internal Tab)
 - Outward (As internal Tab)
 - Shipping Guarantee
 - Collection
 - Import (As internal Tab)
 - Export (As internal Tab)
- Party: There is an option to select the party from the drop-down list.
- Status: The user can filter the transactions by selecting the status from the drop-down list. The status can be: Active, Hold, Reversed, Cancelled, Closed, Liquidated (Bills)
- Frequency: There is an option to select whether the user wants to see the data for all CIFs or choose a specific CIF. There is also an option to select whether it is maturing/expiring in how many days. The values in this field to be reflected based on the value selected in the "Transactions" field. The user can also filter the transaction based on Period - From Date and To Date and clicking 'Go' icon.

Based on the selection, the Total Contracts and its equivalent LCY is also displayed.

The user can also see the graph which displays the sum total of transactions selected in various states as per the applicable filter such as Active/Expired/Liquidated etc.

Note: All view/approval pages are available on mobile device.

5. Initiate a Letter of Credit

Using this option, you can initiate an Import Letter of Credit (LC) in the application. A Letter of Credit is a bank document which undertakes that the seller will receive payment against the stipulated documents, provided the terms and conditions have been satisfied.

An **Import Letter of Credit** provides the credit worthiness of the Importer, with the involvement of financial institutions such as banks.

Pre-Requisites

User must be having a valid corporate login credentials to get into the system. This will be under a maker – approver system, or as per user's access. User must be having a sanctioned limit /credit available for his perusal.

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Letter of Credit > Import Letter of Credit > Initiate Letter of Credit

OR

Dashboard > Trade Finance > Overview > Quick Links > Issue Letter of Credit

User has four options to initiate LC

- Using existing Templates
- Using existing Drafts
- Initiating LC (New Application)
- Copy & Initiate (Copying the contents of existing LC transaction and initiate)

Using existing Templates - Initiate LC Template Summarized View

This is a default view; the user is landed on this screen on accessing 'Initiate Letter of Credit' menu option. The summary of all the Initiated LC template of a corporate are listed with basic information of each LC. User can choose to check the complete details of a specific template by clicking on a card.

The user has the facility to save incomplete transactions automatically as a draft, which can be resumed at a later stage. If user forgot to save those applications explicitly in draft/template or couldn't save those due to session timeout. On next login same day, system will give option to user to continue using auto saved application.

In case when the user clicks on cross of the auto saved message in the ribbon, an alert that the saved application will get deleted is displayed.

However, if the user is working from an existing Draft, it will also get automatically saved with the click of each next button. It will be saved with the old name only, and the default naming convention used for auto save will not be exercised here.

Field Description

Field Name	Description
Party Name	The name of the applicant is displayed.
Party ID	The party Id of the LC product is displayed in a masked format.
Search	Enter the name of the LC template to search and view its details. Partial search is allowed.
Initiate Letter of Credit Template Card	The Initiate Letter of Credit template card displays the name of the Initiate Letter of Credit template along with the other details like date of update, name of the beneficiary, type of LC, LC amount and draft at.

Initiate Letter of Credit Template Card Details

5.5.4 Initiate Letter of Credit - Linkages tab

This tab allows the user to view the default percentage of collateral and the corresponding amount of cash collateral as maintained at back office and can edit the same.

The user has options to attach multiple accounts and indicate the contribution amount or percentage of the total collateral amount. This will be based on the mapped settlement accounts for user. User can add the cash collaterals in transaction currencies only, however customer account can be in any currency. He will get to see the exchange rate in cases where transaction currency and settlement account currency is different.

User will be shown the sum of all linkages for easy reference.

Initiate Letter of Credit - Linkages tab

Field Description

Field Name	Description
Cash Collateral Linkages	
Currency	The contract currency of cash collateral as maintained at back office. The user can change the currency.
Description	The description of collateral linkage.
Percent	Percentage of LC to be used as collateral – as maintained at OBTF.

Click **Back** to go back to previous screen.
OR
Click **Cancel** to cancel the transaction. The **Dashboard** appears.
84. The success message initiation of LC creation appears along with the reference number.
Click **OK** to complete the transaction.

5.6 Initiate Back to Back Letter of Credit

Using this option, the user can initiate a Back to Back Letter of Credit (LC) in the application. This LC reduces the fund constraints problems of the exporter by providing the opportunity to open the LC against Export LC and to pay after getting the export proceeds.

The application will do the Amount and Expiry Date Validation with the underlying Export LC while listing the export LCs where Back to Back LC can be initiated.

System validates that Back to Back LC should not have maturity date/ tenor date/ expiry date greater than that in parent LC and the application amount of Back to back should not be more than parent export LC.

Once submitted by user, the application would be available in OBTFPM for bank user to process. The created LC will be available along with other initiated Import LCs and also available in application tracker for tracking purpose.

To initiate the Back to Back LC:

1. In the Initiate Letter of Credit - Back to Back Search Results screen, click **the Reference Number** link. The **Initiate Letter of Credit Back to Back** screen.

Field Description

Field Name	Description
------------	-------------

Draft Name	Name of the draft.
-------------------	--------------------

- In the **Draft Name** field, enter the desired name for the draft.
- Click **Save** to save the draft.
The transaction details are saved as a draft which can be accessed from the **Draft** tab.
OR
Click **Cancel** to cancel the transaction.

FAQs**1. Can I create a Letter of Credit without providing Advising Bank Details?**

Yes, you can, but you will need to give the same later.

2. What if I do not want to have any tolerance?

Please put 0 in the fields under % and above %. By default application will take 10% tolerance, if no value has been provided which is in accordance to SWIFT guidelines.

3. When should I create a draft and when should I create a Template?

When you want to use the LC application again and again having the same, save it as template. While if you are leaving your create LC application to be filled at a later stage or usage on a later date, you can save it as draft.

4. Can I initiate LC from my mobile device?

Currently, you cannot perform any Trade Finance related transaction from mobile devices.

[Home](#)

6. Initiate Import LC Amendment

Using this option, you can apply for amendment of an existing Letter of Credit (LC) in the application. You can reopen a closed LC using this screen too. You can also attach the scanned copies of the supporting documents for the amendment, file size should not be more than 5 MB. Supported file types: .jpeg, .png, .doc, .pdf, .txt, .zip. Multiple files can be uploaded at a time.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Import LC should exist for the party ID and party must having view rights for it

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Letter of Credit > Import Letter of Credit > Amend Letter of Credit

OR

Dashboard > Toggle menu > Trade Finance > Letter of Credit > Import Letter of Credit > View Letter of Credit > Amendments > Initiate Amendment link

OR

Dashboard > Trade Finance > Overview > Quick Links > Initiate LC Amendment

6.1 Search Import LC Amendments

User can search the list existing LC application using LC Number, Applicant Name, and Beneficiary Name and apply for amendments.

To search the LC Amendments:

1. From the **All Parties** list, select the appropriate option.

OR

In the **Search By** field, enter the LC Number/ Applicant Name/ Beneficiary Name/ LC Status/ LC Amount and click . Based on search criteria the list of existing LC appears.

OR

Click  to filter the Letter of Credit based on following criteria.

6.2 Re-Open Closed LC

The application has a facility for user to re-open a closed LC. The user can search the specific LC by providing the LC no directly, or by doing an advanced lookup to find the correct LC with the filters available.

The user can search the LC which are in 'Closed' status.

To Re-Open the closed LC:

1. Click  search the LC based on the filter criteria. The **Filter** overlay screen appears.

Import LC Amendments - Filter

The screenshot shows the 'Import LC Amendment' interface for 'GOODCARE PLC | ***044'. A table lists several LCs. A 'Filter' dialog is open on the right, with the following settings:

- Beneficiary Name: (empty)
- Customer Reference Number: (empty)
- LC Status: Closed
- LC Amount Range: All
- Issue Date: 3/1/21 to 5/30/21
- Expiry Date: (empty)

- From the LC Status list, select the **Closed** option. The list of all the closed LC appear.

Import LC Amendments - Search Result

The screenshot shows the search results for the 'Import LC Amendment' page. The table displays one record:

LC Number	Applicant Name	Beneficiary Name	Customer Reference Number	LC Amount	Equivalent LC Amount	Issue Date	Date of Expiry	LC Status
PK2ILSN221107021	GOODCARE PLC	MARKS AND SPENCER		GBP 50,000.00	GBP 50,000.00	4/19/2022	4/20/2022	Closed

Below the table, a note states: "Displayed Local currency amount is indicative and actual amount may differ."

- Click on the desired **LC Number** for whom amendments to be made. The warning message of amendment of closed LC appears.
- Click **Continue** to continue the amendment of closed LC. The **Initiate Import LC Amendment - LC Details** screen appears.
OR
Click **Cancel** to cancel the amendment process.
- Repeat step 4 to 8 of **Initiate Import LC Amendments** section.

[Home](#)

7. View Import Letter of Credit

Using this option, you can view the details of existing Import Letters of Credit (LC) in the application. You can search the required LC using different search criteria.

The LC details include LC amount, outstanding, date of issue, date of expiry, parties to the LC, bank details, payment terms, and shipment/goods/documents details. You can also view the Bills presented under the LC and Guarantees issued against LC.

Note: Whenever the API services are called by the OBDX, then OBTf pass only those incoming and outgoing SWIFT messages details that are flagged as External by the bank in the “Trade Finance Message Type Maintenance” screen.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Import LC should exist for the party ID and party must having view rights for it

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Letter of Credit > Import Letter of Credit > View Import Letter of Credit

To view Import LC:

1. The **View Import LC** screen appears.
2. From the **All Parties** list, select the appropriate option.
OR
In the **Search By** field, enter the LC Number/ Beneficiary Name/ LC Status/ LC Amount and click . Based on search criteria the list of existing LC appears.
OR
Click to filter the Letter of Credit based on following criteria.

Filter Import Letter of Credit

The screenshot displays the 'View Import Letter of Credit' page for GOODCARE PLC | ***044. It features a table of recently issued letters of credit and a 'Filter' dialog box. The table has columns for LC Number, Applicant Name, Beneficiary Name, Customer Reference Number, and LC Amount. The filter dialog includes fields for Beneficiary Name, Customer Reference Number, LC Status (dropdown), LC Amount Range (From/To), LC Drawing Status (dropdown), Issue Date (From/To), Expired Status (radio buttons for Expired/Not Expired), and Expiry Date (From/To). Buttons for Apply, Cancel, and Clear are at the bottom of the filter dialog.

FAQs

1. Why are Bills showing attached to the LC?

These are those Bills which are linked to your Import LC and here you have the facility to view all such Bills.

2. Where can I see details of Bills and Guarantees linked to my LC?

You can click on the reference number of Bills or Shipping Guarantees and get the detailed view.

[Home](#)

8. View Import Bill

Using this option, you can view the details of existing Import Bills in the application. You can search the required Import Bills using different search criteria and download the Import Bill list in different file formats.

Note: Whenever the API services are called by the OBDX, then OBTf pass only those incoming and outgoing SWIFT messages details that are flagged as External by the bank in the “Trade Finance Message Type Maintenance” screen.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Import Bill should exist for the party ID and party must having view rights for it

Workflow

View Import Bill – Search Result

The screenshot displays the 'View Import Bill' interface for GOODCARE PLC. It features a search bar at the top, a 'Related Party' field, and a table of search results. The table has the following columns: Bill Reference Number, LC Reference Number, Customer Reference Number, Exporter Name, Importer Name, and Released Against. The results show multiple entries for 'MARKS AND SPENCER' and 'WELLS FARGO LA' as exporters, all with 'GOODCARE PLC' as the importer. The 'Released Against' column contains various bill types like 'INCOMING DOCUMENTARY USANCE BILLS UNDE' and 'INCOMING CLEAN SIGHT BILLS UNDER LC ON AD'. At the bottom, there is a summary of the total equivalent outstanding amount and a chatbot icon.

Bill Reference Number	LC Reference Number	Customer Reference Number	Exporter Name	Importer Name	Released Against

10. Settlement of Bills

Once the goods are shipped and the Importer receives the trade documents, the Exporter draws out the Bills to be paid by the Importer. With the introduction of the 'Settlement of Bill' transaction, the Importer can now liquidate the Bills he has received under his Import LC, i.e. he can instruct the bank to pay the Bills he has received, from one of his accounts. The user can also use one of his booked forward deals while settling the Bill.

The user can settle either multiple bills from his account, with or without a forex deal, or apply for a loan to settle the bills. The user can link the FX deals.

Using this option, user can settle one or more Bills under LC in the application.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Import Bill should exist for the party ID and party must having view rights for it

Workflow

These are explained in detail underneath.

How to reach here:

Dashboard > Toggle menu > Trade Finance > Letter Of Credit > Import Letter of Credit > Settlement of Bills

OR

Dashboard > Toggle menu > Trade Finance > Import Letter of Credit > View Bills > View Bill details > Settle

10.1 Single Bill Detailed Settlement Instruction

This facility allow the corporate users, to settle single Import Bills so that transaction can be initiated directly from channel as per the laws.

To settle a single Bill:

[Home](#)

12. View Export Letter of Credit

Using this option, you can view the details of existing Export Letters of Credit (LC) in the application. You can search the required LC using different search criteria and download the LC list in pdf.

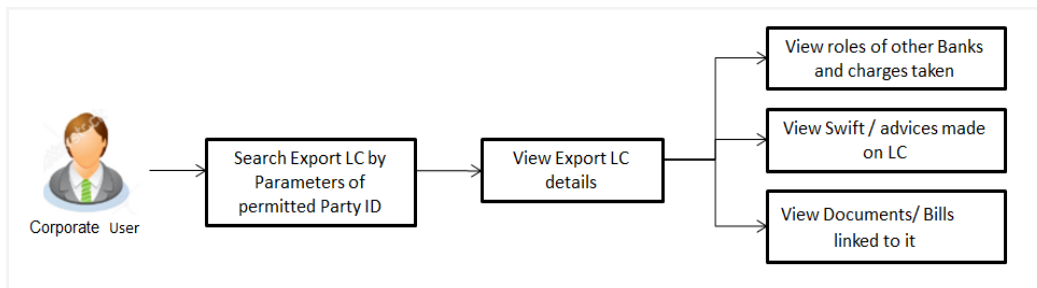

The LC details include LC amount, outstanding amount, date of issue, date of expiry, parties to the LC, bank details, payment terms, and shipment/goods/documents details. You can also view the Amendment details and the Bills presented under the LC. You can also download the Export LC list in pdf formats.

Note: Whenever the API services are called by the OBDX, then OBTF pass only those incoming and outgoing SWIFT messages details that are flagged as External by the bank in the “Trade Finance Message Type Maintenance” screen.

Pre-Requisites

- User must have a valid login credentials
- User must have certain Export LCs received by his bank under his party ID

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Letter of Credit > Export Letter of Credit > View Letter of Credit

To view Export Letter of Credit:

1. Navigate to the **View Export Letter of Credit** screen.

View Export Letter of Credit

The screenshot displays the 'View Export Letter of Credit' page for customer GOODCARE PLC. The main table lists 12 letters of credit with columns for LC Number, Applicant Name, Beneficiary Name, Customer Reference Number, and LC Amount. A 'Filter' dialog box is overlaid on the right, providing search criteria for Customer Reference Number, Applicant Name, LC Status (All), LC Amount Range (From/To), LC Drawing Status (All), Issue Date (From/To), Expiry Date (From/To), and Transfer Status (All). The dialog includes 'Apply', 'Cancel', and 'Clear' buttons.

Field Description

Field Name	Description
------------	-------------

Customer Reference Number	The option to search export LC via customer reference number.
----------------------------------	---

Applicant Name	The name of applying party.
-----------------------	-----------------------------

LC Status	The status of LC currently. The options are:
------------------	---

- Hold
- Active
- Cancelled
- Closed
- Reversed

LC Amount From	The start of the amount range used for searching the LC.
-----------------------	--

LC Amount To	The end of the amount range used for searching the LC.
---------------------	--

Field Name	Description
LC Drawing Status	The LC drawing status. The options are: <ul style="list-style-type: none"> • Partial • Full • Undrawn • Expired
Issue Date From	The start date of the issue date range used for searching the LC.
Issue Date To	The end date of the issue date range used for searching the LC.
Expiry Status	Select whether LC being searched is expired or not. The options are: <ul style="list-style-type: none"> • Expired • Non Expired
Expiry Date From	The start date of the expiry date range used for searching the LC.
Expiry Date To	The end date of the expiry date range used for searching the LC.
Transfer Status	The transfer status. The options are: <ul style="list-style-type: none"> • All • Transferable • Transferred

2. From the **All Parties** list, select the appropriate option.

3. Click **Search**.

The **View Export LC screen** appears with the search results.

OR

Click **Clear** to reset the search criteria.

OR

Click  to filter based on the above criteria.

OR

Click **Cancel** to cancel the transaction, The **Dashboard** appears.

4. Click the **Download** icon to download all or selected columns in the Export LC details list. You can download the list in PDF or CSV format.

5. Click on the Manage Column icon to setup a column preference by rearranging or removing columns.

14. Initiate Bills

Using this option, user can initiate Bill in the application. It will be linked to a Letter of Credit.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place

Workflow

User has two options to initiate Bills

- Using existing Drafts
- Initiating Bills (New Application)

These are explained in detail underneath.

How to reach here:

Dashboard > Toggle menu > Trade Finance > Export Letter of Credit > Initiate Bills

OR

Dashboard > Trade Finance > Overview > Quick Links > Lodge Bill

14.1 Search Bills Drafts

User can save Bills application as a Draft so that it can be used if required in future. User can search the saved Bill draft using Draft Name.

Note: Bill Application saved as **Draft** can be used only one time for Bill Application initiation.

To search the Bill draft:

1. In the **Search** field, enter the draft name.
2. Click . The saved Bill draft appears based on search criteria.

Bills Draft - Search Result

Field Description

Field Name	Description
------------	-------------

Search Result

Draft Name The name of the Bill application saved as draft.

Updated On The date on which the draft was saved.

Beneficiary Name Displays the name of the beneficiary of the bill.

Product Displays the product type as coming from Host.

Amount Displays the bill amount.

3. Click **Initiate Bills** to initiate the bill transaction.

OR

Click  or  to view the initiate LC draft as Card or Tabular view.

14.2 Initiate a Bill

Using this option, the user can initiate a Bill in the application. To initiate a Bill in the application, the user has to enter details such as LC number, Parties details, and Bill details etc. The user can also give specific instructions to bank.

There also an option to allow substitution of documents while initiating Bill. The user, who is the first beneficiary of Transferable LC, and has received a drawing under the transferred LC wishes to initiate a drawing under parent LC with substitution of the received documents.

To initiate a Bill:

1. Click **Initiate Bills** on **Initiate Bills** screen.

Initiate Bills

The screenshot displays the 'Initiate Bills' interface for 'GOODCARE PLC | ***044'. The 'LC Details' section is expanded, showing a radio button for 'Do you wish to substitute Documents' with 'No' selected. Below this is a 'Lookup LC Reference' field containing 'PK2ELAC2125CD9J' and a 'Reset' button. The 'Exporter & Importer Details' section is also visible, with fields for 'Exporter Name' (GOODCARE PLC), 'Importer Name' (MARKS AND SPENCER), 'Address', and 'Country' (United Kingdom). The 'Issuing Bank' section shows 'BARCBG22' and 'BARCLAYS PLC'. At the bottom, there are 'Next', 'Save as Draft', and 'Cancel' buttons.

18.1.3 Attachments tab

The user can attach documents to the settlement in this tab.

To Attach Documents:

Attachments tab

The screenshot displays the 'Settlement Of Collection' page. At the top, there's a navigation bar with 'futura bank' logo, a search bar, and user information: 'Welcome, OBDX maker' and 'Last login 24 Feb 06:22 PM'. Below the navigation, there are two tabs: 'Single Collection' (selected) and 'Multiple Collection'. A sidebar on the left lists 'Settlement Details', 'Charges and taxes', and 'Attachments' (selected). The main content area is titled 'Attachments' and features a 'Drag and Drop' box with a plus sign and the text 'Select or drop files here.' Below this, a file 'LetterOfCredit.txt' is shown with a category dropdown set to 'GUARANTEE' and an 'Add Remarks' field. There are 'Upload' and 'Delete All' buttons. A checkbox for 'I accept the Terms & Conditions' is checked. At the bottom, there are 'Preview', 'Submit', 'Cancel', and 'Back' buttons. The footer contains the text: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved.[SecurityInformation] Terms and Conditions'.

Field Description

Field Name	Description

Modify Collection – Search Result

The screenshot displays the 'Modify Collection' interface for 'GOODCARE PLC | ***044'. It features a search bar at the top with the text 'What would you like to do today?'. Below the search bar, there are buttons for 'Filters', 'Download', and 'Manage Columns'. A table with 86 records is shown, with columns for 'Collection Reference Number', 'Drawee', 'Drawer', 'Released Against', 'Transaction Date', and 'Coll An'. The records list various collection transactions, including 'COLLECTIONS TO COACCEPTANCE' and 'INCOMING DOCUMENTARY SIGHT BILLS NOT UNDER LC ON COLLECTION'. At the bottom, a summary bar shows 'Total Equivalent Outstanding Amount GBP 101,211,000'. There are also two footnotes: 'All authorized and on hold transactions are listed here. Others will be listed once approved. Please contact the bank for details.' and 'Displayed Local currency amount is indicative and actual amount may differ.' A chatbot icon is visible in the bottom right corner.

Field Description

Field Name	Description
Collection Reference Number	The collection reference number. Displays the link to view the Import collection details.
Drawee	The name of the drawee of the import collection.
Drawer	The name of the drawer of the import collection.
Release Against	The product name of the import collection.
Transaction Date	The transaction date of the import collection.
Collection Amount	The import collection amount.
Equivalent Collection Amount	The equivalent import collection amount.

4. Click the **Download** icon to download the collection list. You can download the list in PDF or CSV formats.
5. Click on the Manage Column icon to setup a column preferences by rearranging or removing columns.
6. Click the required link in the **Collection Reference Number** column. The **Modify Collection** details screen appears with the details of the selected Export Collection. By default, **Discount** tab appears.

Note: If there is a Relationship pricing maintained for the customer, the same would be reflected in the charges instead of the standard pricing.

19.1 **Modify Collection - Settlement**

User will be able to see the collection details along with the Base Date and Tenor and will be allowed to change the tenor, which automatically would get reflected in Maturity Date of the transaction.

The user can change whether collaterals are to be used and Advance by Loan is required or not.

20.4 Save As Template

User can save Collection application as a Template so that same can be used for creation of similar Collections, if required in future. The application allows the template access as public or private if saved as template.

User can search the saved Collection template by template name in search tab. The Collection applications earlier saved as template can also be saved as draft while initiating a Collection.

To save Collection application as template:

1. Enter the required details in Collection application.
2. Click **Save As** and then select **Template** option.

Save as Template

Field Description

Field Name	Description
------------	-------------

Template Type	Indicates the type of access for the template.
----------------------	--

The options are:

- **Public:** A template marked as 'Public' is visible to all the users mapped to the Party ID for which the user has created the template. All such users will only be able to view and use this template, however they will not be able to edit or delete the template. Only the creator of the template is allowed to edit or delete the template.
- **Private:** A template marked as 'Private' is available to only the creator of the template. Only creator of the template can use while initiating Collection and modify or delete such template.

Template Name	Name of the template to be saved.
----------------------	-----------------------------------

3. From the **Template Type** list, select the appropriate option.

4. In the **Template Name** field, enter the desired name for the template.
5. Click **Save** to save the template.
The transaction details are saved as a template which can be access from the **Template** tab.
OR
Click **Cancel** to cancel the transaction.

20.5 Save As Draft

User can save Collection application as a Draft so that it can be completed in future. It can be re used only one time for Collection Application initiation. User can search the saved Collection draft using the draft name in search box. The saved drafts can be accessed from the **Draft** tab. The Collection applications, which were saved as draft can also be saved as template after adding all other necessary fields.

To save Collection application as draft:

1. Enter the required details in Collection application.
2. Click **Save As** and then select **Draft** option.

Save as Draft

Field Description

Field Name	Description
Draft Name	Name of the draft.

3. In the **Draft Name** field, enter the desired name for the draft.
4. Click **Save** to save the draft.
The transaction details are saved as a draft which can be access from the **Draft** tab.
OR
Click **Cancel** to cancel the transaction.

Note: You cannot save Draft or Template with an attached document.

[Home](#)

21. View Export Collection

Using this option, you can search, view, and download the details of the Export Collection.

You can perform search on the Collection reference number, drawee name, drawer name, Collection amount etc. and view the details of an individual Export Collection. The individual Export Collection details are shown under various tabs. The system provides Export Collection details such as Collection amount, Collection documents, status, and parties to the Collection, bank details, bank instructions, etc. You can also download the Export Collection list in pdf format.

Note: Whenever the API services are called by the OBDX, then OBTF pass only those incoming and outgoing SWIFT messages details that are flagged as External by the bank in the “Trade Finance Message Type Maintenance” screen.

Pre-Requisites

- User must have a valid login credentials
- User must have certain Export Collection

Verify the details and click **Confirm**.
OR
Click **Back** to go back to previous screen.
OR
Click **Cancel** to cancel the transaction. The **Dashboard** appears.
26. The success message appears along with the reference number. Click **OK** to complete the transaction.

[Home](#)

23. View Inward Guarantee/Stand By LC

Using this option, you can view existing Inward guarantees in the application.

A guarantee from a lending institution ensures that the liabilities of a debtor will be met. In other words, if the applicant fails to fulfil a commitment, the lending institution will cover it. A Bank Guarantee enables user to show more credibility while doing business.

This option allows you to search for guarantees based on a certain search criterion. It allows you to view a list of Bank Guarantees (also called Inward Guarantee) for the selected customer. Details of an individual guarantee can be viewed and Exported in various formats.

Note: Whenever the API services are called by the OBDX, then OBTF pass only those incoming and outgoing SWIFT messages details that are flagged as External by the bank in the “Trade Finance Message Type Maintenance” screen.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Inward Guarantee should exist for the party ID and party must having view rights for it

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Bank Guarantee > Inward Bank Guarantee > View Bank Guarantee/Stand By LC

To view Inward guarantee:

1. The **View Inward Guarantee/Stand By LC** screen appears.
2. Click  to filter based on the filter criteria. The Filter overlay screen appears.

Click **Back** to go back to previous screen.
OR
Click **Cancel** to cancel the transaction.

27.7.2 Presentation Documents and Undertaking Terms and Conditions tab

This tab includes the documents and undertaking terms and conditions present in the Outward Guarantee application.

Initiate Outward Guarantee/Stand By LC - Presentation Documents and Undertaking Terms and Conditions tab

The screenshot shows the Oracle NetSuite interface for 'Initiate Outward Guarantee/Stand By LC'. The top navigation bar includes the Futura Bank logo, a search bar, and a notification bell. An error message 'Timed out exception.' is displayed at the top. The main header indicates the transaction is for 'GOODCARE PLC | ***044'. The left sidebar contains a menu with the following items: Outward Guarantee Details, Commitment Details, Presentation Terms and Conditions (selected), Instructions, Delivery Details, Local Undertaking, Linkages, Charges, and Attachments. The main content area is titled 'Presentation Documents and Undertaking Terms and Conditions'. It shows '77U Undertaking Terms and Conditions' with radio buttons for 'Standard' (selected) and 'Non standard'. Below this is a text area containing the following text: 'WE FUTURA BANK LONDON ON BEHALF OF OUR CLIENT SUPREME CORP HEREBY PRESENT OUR CONFIRMATION OF THE FUNDS WHICH IS THE ABOVE MENTIONED AMOUNT IN AN ACCOUNT NUMBER WITH US AS OF THE DATE OF THIS TRANSMISSION. BY VIRTUE OF THIS INSTRUMENT WE FUTURA BANK'. Below this text is a section labeled '45C' with a text box containing 'Document and Presentation Instructions new cond for docs'. At the bottom of the main content area, there are four buttons: 'Next', 'Save As Draft', 'Cancel', and 'Back'. The footer contains the copyright notice: 'Copyright © 2006, 2023, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

The **Linkages** tab appears in the **Initiate Outward Guarantee** screen.

OR

OR

Click **Save As Draft**, system allows transaction details to be saved as a template or draft.

(For more details, refer **Save As Template** or **Save As Draft** section.)

OR

Click **Back** to go back to previous screen.

OR

Click **Cancel** to cancel the transaction.

27.7.6 Linkages tab

This tab allows the user to view the default percentage of collateral and the corresponding amount of cash collateral as maintained at back office and can edit the same.

The user has options to attach multiple accounts and indicate the contribution amount or percentage of the total collateral amount. This will be based on the mapped settlement accounts for user. User can add the cash collaterals in transaction currencies only, however customer account can be in any currency. He will get to see the exchange rate in cases where transaction currency and settlement account currency is different.

User will be shown the sum of all linkages for easy reference.

Linkages tab

The screenshot shows the 'Linkages' tab in the 'Initiate Outward Guarantee/Stand By LC' process for GOODCARE PLC. The interface includes a sidebar with navigation options like 'Outward Guarantee Details', 'Commitment Details', 'Presentation Terms and Conditions', 'Instructions', 'Delivery Details', 'Local Undertaking', 'Linkages', 'Charges', and 'Attachments'. The main content area is divided into 'Cash Collateral Linkages' and 'Select Deposits'.

27.8 Save As Template

User can save Outward Guarantee application as a Template so that same can be used for creation of similar Guarantee, if required in future. The application allows the template access as public or private if saved as template.

- **Public:** A template marked as 'Public' is visible to all the users mapped to the Party ID for which the user has created the template. All such users will only be able to view and use this template, however they will not be able to edit or delete the template. Only the creator of the template is allowed to edit or delete the template.
- **Private:** A template marked as 'Private' is available to only the creator of the template. Only creator of the template can use the template while initiating Guarantee and modify or delete such templates.

User can search the saved Outward Guarantee template by template name in search tab. The Outward Guarantee applications earlier saved as template can also be saved as draft while initiating an Outward Guarantee.

Note: User cannot save application with attached document as Template.

To save Guarantee application as template:

1. Enter the required details in Guarantee application.
2. Click **Save As** and then select **Template** option.

Save as Template

Field Description

Field Name	Description
Template Type	Indicates the type of access for the template. The options are: <ul style="list-style-type: none"> Public: A template marked as 'Public' is visible to all the users mapped to the Party ID of the user who created the template. All such users will only be able to view and use whereas they will not be able to edit and delete template. Only the creator of the template is allowed to edit or delete the template. Private: A template marked as 'Private' is available to only the creator of the template. Only creator of the template can use while initiating Guarantee and modify or delete such template.
Template Name	Name of the template.

- From the **Template Type** list, select the appropriate option.
- In the **Template Name** field, enter the desired name for the template.
- Click **Save** to save the template.
The transaction details are saved as a template which can be access from the **Template** tab.
OR
Click **Cancel** to cancel the transaction.

27.9 Save As Draft

User can save Guarantee application as a Draft so that it can be used if required in future. It can be re used only one time for Guarantee Application initiation. User can search the saved Guarantee draft using the draft name in search box. The saved drafts can be accessed from the **Draft** tab. The Guarantee applications, which were saved as draft can also be saved as template after adding all other necessary fields.

Note: User cannot save application with attached document as Draft.

To save Guarantee application as draft:

- 1. Enter the required details in Guarantee application.
- 2. Click **Save As**, and then select **Draft** option.

Save as Draft

Field Description

Field Name	Description
Draft Name	Name of the draft.

- 3. In the **Draft Name** field, enter the desired name for the draft.
- 4. Click **Save** to save the draft.
The transaction details are saved as a draft which can be access from the **Draft** tab.
OR
Click **Cancel** to cancel the transaction.

29. View Outward Guarantee/Stand By LC

Using this option, you can view existing Outward Guarantees in the application.

A guarantee from a lending institution ensures that the liabilities of a debtor will be met. In other words, if the applicant fails to fulfil a commitment, the lending institution will cover it. A Bank Guarantee enables user to show more credibility while doing business.

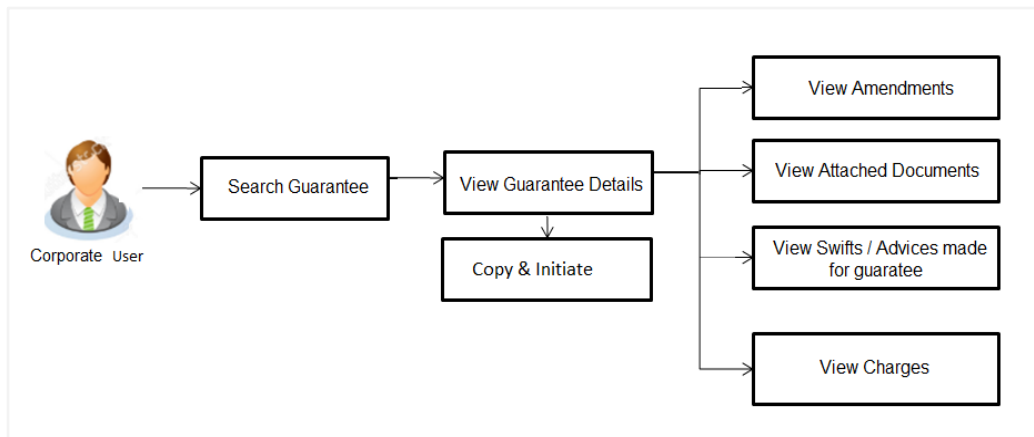

Guarantees can be initiated in the system using the Initiate Guarantee option. This option allows you to search for guarantees based on a certain search criterion. It allows you to view a list of Bank Guarantees (also called Outward Guarantee) for the selected customer. Details of an individual guarantee can be viewed and exported in various formats.

Note: Whenever the API services are called by the OBDX, then OBTF pass only those incoming and outgoing SWIFT messages details that are flagged as External by the bank in the “Trade Finance Message Type Maintenance” screen.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Outward Guarantee should exist for the party ID and party must having view rights for it

 Click **Back** to go back to previous screen.
 OR
 Click **Cancel** to cancel the transaction, The Dashboard appears.
36. The review screen appears. It displays all the 4 sections with their respective fields namely Shipping **Guarantee Details, Shipment Details, Documents, Instructions, and Attachments** with an option to edit them individually.
 Verify the details, and click Confirm.
 OR
 Click **Back** to go back to previous screen.
 OR
 Click **Cancel** to cancel the transaction. The Dashboard appears.
37. The success message initiation of guarantee creation appears along with the reference number. Click **OK** to complete the transaction.

32.4 Save As Template

User can save the application as a Template so that it can be used for creation of similar shipping guarantees, if required in future. The application allows the template access as public or private if saved as template.

- **Public:** A template marked as 'Public' are visible to all the users mapped to the Party ID of the user who created the template. All users mapped to the party will only be able to view and use whereas they will not be able to edit or delete template. Only the creator of the template is allowed to edit or delete the template.
- **Private:** A template marked as 'Private' is available to only the creator of the template. Only creator of the template can use the template while initiating shipping guarantee and modify or delete such templates.

User can search the saved shipping guarantee template by template name in search tab. The LC applications earlier saved as template can also be saved as draft while initiating a shipping guarantee.

Note: User cannot save application with attached document as Template.

To save Shipping Guarantee application as template:

1. Enter the required details in application.
2. Click Save As , and then select Template option.

Save as Template

Field Description

Field Name	Description
Template Type	Indicates the type of access for the template. The options are: <ul style="list-style-type: none"> • Public: A template marked as 'Public' is visible to all the users mapped to the Party ID for which the user has created the template. All such users will only be able to view and use this template, however they will not be able to edit or delete the template. Only the creator of the template is allowed to edit or delete the template. • Private: A template marked as 'Private' is available to only the creator of the template. Only creator of the template can use it while initiating Shipping Guarantee and modify or delete such template.
Template Name	Name of the template to be saved.

3. From the **Template Type** list, select the appropriate option.
4. In the **Template Name** field, enter the desired name for the template.
5. Click **Save** to save the template.
The transaction details are saved as a template which can be access from the **Template** tab.
OR
Click **Cancel** to cancel the transaction. The **Dashboard** appears.

32.5 Save As Draft

User can save Shipping Guarantee application as a Draft so that it can be used if required in future. It can be re used only one time for Shipping Guarantee Application initiation. User can search the saved Shipping Guarantee draft using the draft name in search box. The saved drafts can be accessed from the **Draft** tab. The Shipping Guarantee applications, which were saved as draft can also be saved as template after adding all other necessary fields.

Note: User cannot save application with attached document as Draft.

To save Shipping Guarantee application as draft:

1. Enter the required details in Shipping Guarantee application.
2. Click **Save As** and then select **Draft** option.

Save as Draft

Field Description

Field Name	Description
------------	-------------

Draft Name	Name of the draft.
-------------------	--------------------

3. In the **Draft Name** field, enter the desired name for the draft.
4. Click **Save** to save the draft.
The transaction details are saved as a draft which can be accessed from the **Draft** tab.
OR
Click **Cancel** to cancel the transaction. The **Dashboard** appears.

Note: When shipping Guarantee is linked with LC it cannot be saved as Draft, when it is not linked with LC, then it can be saved either as a draft or as a template.

[Home](#)

33. View shipping Guarantee

Using this option, you can view existing shipping guarantees in the application.

A guarantee from a lending institution ensures that the liabilities of a debtor will be met. In other words, if the applicant fails to fulfil a commitment, the lending institution will cover it. A Bank Guarantee enables user to show more credibility while doing business.

Guarantees can be initiated in the system using the Initiate Shipping Guarantee option. This option allows you to search for guarantees based on a certain search criterion. It allows you to view a list of guarantees for the selected customer. Details of an individual guarantee can be viewed and Exported in various formats.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single shipping guarantee should exist for the party ID and party must having view rights for it

Workflow

How to reach here:

Dashboard > Toggle menu > Trade Finance > Shipping Guarantee > View Shipping Guarantee

To view Shipping guarantee:

37. Application Tracker

The Application Tracker enables you to view the progress of submitted applications and also to retrieve and complete applications that have been saved as Draft. You can search for the required application using the application number or draft name. The Trade Finance Application tracker currently supports Initiate Import LC and Initiate Outward Guarantee, Initiate LC Amendment and Customer Acceptance – Bills & LC which are going to be processed through Trade Finance mid office.

Through the application tracker, you can perform the following actions:

- **View and update application in draft:** While filling out an application form, if you opt to save the application instead of submitting it, the application is saved in the app tracker as an 'In Draft application'. You can select any of the applications available under this widgets in order to complete not yet started stages and submit that application.
- **View submitted application:** The application tracker enables you to view details of submitted applications, which includes viewing status history, application summary and uploaded documents.
- **View applications with Pending Clarifications:** the application tracker enables you to look into the applications which has received certain clarifications from bank. User can choose to respond from there,
- **View application in progress:** The application form that are picked up by the mid-office user and are under processing, comes under "In progress" state.
- **View approved application:** The application tracker enables you to view details of applications that are approved by the approver.
- **View rejected application:** The application tracker enables you to view details of applications that are rejected by the approver.

How to reach here:

Dashboard > Toggle menu > Application Tracker

To track an application:

1. Click on the **Trade Finance** option or Click **[Click Here](#)**.
The **Application Tracker- Trade Finance** screen appears with all the Letter of Credit and guarantees applications.
OR
Click **Cancel** to cancel the operation and to navigate back to 'Dashboard'.
OR
Click **Back** to navigate back to previous screen.

Application Tracker - Trade Finance

The screenshot shows the Oracle Application Tracker interface for Trade Finance. The page header includes the Oracle logo, 'futura bank', and a search bar. The user is logged in as 'obdx checker' with the last login time of 22 Nov 12:10 PM. The main content area is titled 'Application Tracker' and features a 'Trade Finance' icon. Below the icon are tabs for 'Draft', 'Submitted', 'Pending Clarification', 'In Progress', 'Approved', and 'Rejected'. A message states: 'The Applications submitted to bank, and yet to be picked for processing would appear here.' The current filter is 'GOODCARE PLC'. The table below displays six application items, each with a document icon and a unique ID. Each item is a 'Letter Of Credit' for 'BeneLCPubli' (or 'Belgium' in the last two items) with an amount of GBP1,234.00 (or GBP80.00) and an application date of 05 May 2021. A 'Load More' button is located at the bottom of the table, with the text 'Showing 6 of 17 items' above it. The footer contains the copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. [SecurityInformation]Terms and Conditions'.

Application Type	Beneficiary Name	Amount	Application Date
Letter Of Credit	BeneLCPubli	GBP1,234.00	05 May 2021
Letter Of Credit	BeneLCPubli	GBP1,234.00	05 May 2021
Letter Of Credit	BeneLCPubli	GBP1,234.00	05 May 2021
Letter Of Credit	Belgium	GBP80.00	05 May 2021
Letter Of Credit	Belgium	GBP80.00	05 May 2021
Letter Of Credit	Belgium	GBP1,000.00	05 May 2021

Field Description

Field Name	Description
Application Card	
Party Name	The option to select the party.
Pending Clarification Card	The Pending Clarification card displays the name of the card along with the other details like party name, Product name, amount and last updated date.
Application No	The reference no using which application was saved.
Party Name	The name of the party.
Transaction Name	The name of the transaction for which clarification s required.
Beneficiary Name	The name of the beneficiary.
Amount	The LC/ BG amount.
Last Updated On	The latest updated date of the clarification.

1. Select and click the Pending Clarification card whose details you want to view. The **Pending Clarification** detailed screen appears.

Pending Clarification – Details

The screenshot displays the 'Application Tracker' interface for 'Wayne Corp' with application number 'TA529120223334'. The application is in a 'Pending Clarification' state. Key details include: Product: 'OBDX Import LC Sight Revolving', Amount: '\$ 100000.00', and Updated on: '12 Dec 2018, 10.00 a.m.'. A message from 'Futura Bank' dated '18 March 2020, 10.20 a.m.' is shown, stating that while scrutinizing the application, certain details are missing: 'COMMERCIAL INVOICES, BILL OF LADING, CERTIFICATE OF ORIGIN AND PACKING LIST MUST INDICATE THE FOLLOWING'. A list of required details is provided: A) LCAF NO - 9430, B) IRC NO - TR75869, C) TAX IDENTIFICATION NO - TL87327, D) BIN - 67327, and E) U.S. CODE. A text input field contains the same list of details, and there is an 'Attach Documents' button. Below the message, two other clarification requests are listed: 'CL1223349877' (12 March 2020, 02.20 p.m.) with the note 'Few Corrections needed in the contract', and 'CL122333890' (12 March 2020, 02.20 p.m.) with the note 'Futher Clarification regarding the insurance policy is required'. At the bottom, there are two buttons: 'Documents' (View / Download your documents) and 'Application Details' (View your application details).

Field Description

Field Name	Description
Bank Message Window	The window displays the banks message which requires clarification.
Clarification Window	The window in which the user writes its clarification. The user can also attach the supporting documents for clarification. Once the clarification has been provided, user will not be able to modify the clarification or provide further clarification until bank sends a revised clarification request.

Field Name	Description
List of Clarifications	The previous communication between the bank and the user appears as list. User can click and view the details.

2. In the **Clarification Window**, enter the clarification.
3. Click the **Attach Documents** icon to attach the supporting documents.
4. Click **Send** to send the clarification to the bank.
OR
Click **Clear Text** to clear the entered details.
OR
Click the previous clarification list to view the earlier communication.
5. Click on an application card, it opens the application details screen as 'submitted' by the customer.
OR
Click the **Documents (View/ Download Your Documents)** icon to view and download the documents that are submitted.
OR
Click the **Application Details (View Your Application)** icon to view your submitted application. Refer Initiate LC or Initiate Guarantee transactions for more details.
OR
Click **Close** to cancel the operation and to navigate back to 'Dashboard'.
OR
Click **Back** to navigate back to the previous screen.

Note: Once bank accepts the clarification sent from OBDX, corporate user will receive an alert that clarification has been received and transaction will be processed if all in order.

FAQs

1. **Can I see the changes which has been done by mid office to my initial application submitted through channel?**

User can only see the clarifications requested and provided and once the LC is issued, he can see the details using View LC.

2. **Can I change some part of my application, once submitted from channel?**

It can be done by calling bank directly and not from channel.

[Home](#)

38. Assign Proceeds

Using this option, user who is a beneficiary can assign the proceeds to assignee (third parties) which has to be received from the issuing or confirming bank.

The user can search an export LC against which he wants to assign the proceeds, he can verify the LC and view its summary of LC for reference. Post that he can provide the details of assignee such as name, address and account details and then add multiple assignees to a single Export LC with varying amount.

Once he submits the assignment, it proceeds to OBTFPM for entry in the contract.

The user can view the assignment done to the Export LC and have the facility to modify them until any bill has been booked/submitted. The user can also view and change the amount in the assignment details of all the bills under the export LC.

Pre-Requisites

- User must have a valid corporate party Id and login credentials in place
- At least a single Outward Guarantee should exist for the party ID and party must having view rights for it

How to reach here:

Dashboard > Toggle menu > Trade Finance > Letter Of Credit > Export Letter of Credit > Assignee Management > Assign Proceeds

38.1 Search Assignment of Proceeds

User can search the list existing assignment using filter LC Number/Currency/ LC Amount From-To/Expiry Date From-To.

To search the assignment of proceeds:

1. Navigate to the **Assign Proceeds** screen.

40.5 Transfer Letter of Credit – Charges, Commissions and Taxes Tab

This tab defaults the charges details, if charges, commissions and taxes are available under the product.

Charges, Commissions and Taxes

The screenshot shows the 'Transfer Letter of Credit' page on the futura bank portal. At the top, there is a navigation bar with the bank logo, search bar, and user information. Below this, a summary card displays key details: Parent LC Reference Number (PK2ELAC21125D4NN), Product (Export LC Usance Non Revolving), LC Amount (GBP40,000.00), Balance LC Amount (GBP20,000.00), and Parent LC Date of Expiry (05 Aug 2021). A progress bar indicates the current step is 'Charges' (step 6 of 7). The main content area is divided into three sections: Charges, Taxes, and Commissions. Each section contains a table with columns for Account No, Description, and Amount. The Charges table shows 'LC CONFIRMATION CHARGES' for GBP50.00. The Taxes table lists 'LCTAX', 'LCTAX1', and 'LCTAX2' with amounts of GBP88.00, GBP4.00, and GBP11.00 respectively, totaling GBP103.00. The Commissions table shows 'LC issuance Commission (Commitment)- Non periodic' at 1.25% for GBP220.00. Navigation buttons for 'Next', 'Cancel', and 'Back' are at the bottom.

Account No	Description of Charges	Amount
xxxxxxxxxxxx0019	LC CONFIRMATION CHARGES	GBP50.00
Total Charges		GBP50.00

Account No	Description of Taxes	Amount
xxxxxxxxxxxx0017	LCTAX	GBP88.00
xxxxxxxxxxxx0017	LCTAX1	GBP4.00
xxxxxxxxxxxx0017	LCTAX2	GBP11.00
Total Taxes		GBP103.00

Account No	Description of Commissions	Percentage	Tax Amount
xxxxxxxxxxxx0017	LC issuance Commission (Commitment)- Non periodic	1.25	GBP220.00
Total Commissions			GBP220.00

Field Description

Field Name **Description**

Charges

Account No The applicant charge account.

Description of Charges The description of the charges.

Amount The amount that is maintained under the charge.

Total Charges Displays the total amount of charges.

Taxes

Field Name	Description
Account No	The applicant tax account.
Description of Taxes	Displays the description of taxes applicable.
Amount	Displays the amount of taxes.
Total Taxes	Displays the total amount of taxes.
