U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate failsafe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

This software or hardware and documentation may provide access to or information on content, products and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services.

Table of Contents

1. Preface	1-1
1.1 Purpose	1-1
1.2 Audience	1-1
1.3 Documentation Accessibility	1-1
1.4 Critical Patches	1-1
1.5 Diversity and Inclusion	1-1
1.6 Conventions	1-1

1.8 Acronyms and Abbreviations	1-2
2. Introduction	2-1
3. View Forex Deal Bookings	3-2
4. Initiate Forex Deal booking	4-7
5. Make Payment (Transfer Money) using forex deal	5-13
5.1 Make Payment - Existing Payee	5-14
5.2 Make Payment - My Accounts	5-20

1. Preface

1.1 Purpose

Welcome to the User Guide for Oracle Banking Digital Experience. This guide explains the operations that the user will follow while using the application.

1.2 Audience

This manual is intended for Customers and Partners who setup and use Oracle Banking Digital Experience.

1.3 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit, <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches, Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

1.5 Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

1.6 Conventions

The following text conventions are used in this document:

Convention	Meaning
------------	---------

boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>Italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

1.7 **Screenshot Disclaimer**

The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.

1.8 **Acronyms and Abbreviations**

The list of the acronyms and abbreviations that you are likely to find in the manual are as follows:

Abbreviation	Description
OBDX	Oracle Banking Digital Experience

2. Introduction

In the application, you can book spot, forward and SWAP forex deals for the maintained currency pairs. You can also view the details of existing booked forex deals along with any transactions done for the same.

Pre-Requisites

- User must be having a valid corporate account
- Currency pairs and exchange rates must be maintained at host by bank
- Currency pair which has to be permitted for online deal booking, needs to be maintained by admin

Features Supported In Application

- Forex Deal Maintenance
- Initiate Forex Deal Booking
- View Forex Deal
- Usage of FX Deal in payments

3. View Forex Deal Bookings

Using this option, user can view the deals which are booked. This option displays the status of the deal, validity, booked deal amount, and the outstanding amount from the deal for use in future and the validity of the deals.

Prerequisites:

- Currency pairs are maintained
- This option is available only if the view deal booking is enabled for the user in the application.

How to reach here:

Dashboard > Toggle menu > Forex Deal

To view forex deal booking:

1. The **View Forex Deal Bookings** screen appears. This has different filters to narrow down the search for right forex deal.

Note

It is a secure and reliable platform to book forex deals online for corporates. The system is developed with a view to reduce the turnaround time and provide complete transparency in the dealings. It enables customers in booking spot / forward / swap contracts at best price and gives control to the user. This enables forward deal booking and facilitating entire life cycle (booking, cancellation, roll-over). This module also maintains trade history and trade details.

8. The success message of forex deal booked along with the transaction reference number, host reference number, deal details.
Click **Book Another Deal** to initiate another forex deal.
OR
Click **Back To Dashboard** link to go back to dashboard.

5. Make Payment (Transfer Money) using forex deal

Transfer Money using forex deal enables the user to initiate payment from his bank account to any other bank account without visiting the bank, through digital banking. Payments are categorized on the basis of the transfer being made to an account within the bank, outside the bank and beyond geographical boundaries. When transfer is to an account within the bank it is an internal transfer. A transfer to an account outside the country is called an International payment. This categorization takes place when a customer saves the payee bank account details during payee maintenance.

User can initiate a money transfer when the payees to whom transfers are required to be made are registered in the system.

Application provides a solution to the users through Transfer Money to cater their requirement of different types of payments. User is provided a single screen of Transfer money using forex deal for their Own, Internal, and International payments.

Note: Adhoc payment does not support the usage of Forex Deals.

Prerequisites:

- Transaction and account access is provided to corporate user
- Approval rule set up for corporate user to perform the actions
- Transaction working window is maintained
- Payees are maintained
- Purposes of Payments are maintained which are mandatory for Internal payments
- Transaction limits are assigned to user to perform the transaction

Features supported in application

Transfer money allows the user to make payments

- To Existing Payees – by selecting a registered payee
- To My Account - within own accounts

Workflow

How to reach here:

Dashboard > Toggle menu > Payments > Transfer Money > Make Payment

OR

Dashboard > Quick Links > Fund Transfer

OR

Dashboard > Quick Links > Own Account Transfer

5.1 Make Payment - Existing Payee

Application provides an option to the user to initiate a payment to an existing payee. All account payees created by the logged in user and shared by other users of the Party, are listed for selection. Details of selected payee are auto populated on transaction screen. User needs to fill in payment details to initiate the transaction. User can also view the transaction limits associated with a current transaction.

E-Receipt gets generated on successful completion of transaction in the Core Banking Application. E-Receipt also can be accessed from Activity Log detailed view.

How to reach here:

Dashboard > Toggle Menu > Payments > Payments > Transfer Money > Make Payment
OR
Dashboard > Quick Links > Fund Transfer > Make Payment

To transfer the money to existing payee:

1. In the **Transfer Type** field, select the **Existing Payee** option.

Make Payment - Existing Payee

The screenshot displays the 'Make Payment' screen in the Futura Bank application. At the top, the header shows the Futura Bank logo and a user greeting: 'Welcome, Aubrey Plaza' with a last login time of '04 Dec 12:46 PM'. The main title of the screen is 'Make Payment'. Below this, there are two radio buttons for 'Transfer Type': 'Existing Payee' (which is selected) and 'My Accounts'. The 'Payee' section shows 'M MessiBD' as the selected payee. Below the payee name, there is a table with details: Account Number (22342), Account Type (International), and Account Name (MessiBD). The 'Bank Details' section lists 'Universal Bank, Toronto, Toronto, CA'. The 'Transfer From' section shows a masked account number 'xxxxxxxxxxxx0302' and a balance of '€300,689.00'. The 'Amount' section shows 'EUR' as the currency and '€1,200.00' as the amount, with a 'View Limits' link. There are two buttons: 'View Current Exchange Rate' and 'Book New Deal'. A checkbox 'Use Pre-existing Deals' is checked. The 'Deal Number' is 'AT3FFB114002BDDY', the 'Deal Type' is 'Forward', and the 'Exchange Rate' is '€1.49'. There is a 'Reset' button. The 'Transfer When' section has two radio buttons: 'Now' (selected) and 'Later'. There is a 'Note' section with a dropdown menu showing 'Account with institution'. At the bottom, there are 'Pay' and 'Cancel' buttons. On the right side of the screen, there is a promotional message: 'Transferring money has never been easier!' followed by text about transferring money to registered payees and a link to 'Adhoc Transfer'. Below this, there is a section 'Haven't registered your payee yet?' with text about using the Adhoc Transfer service. At the bottom of the screen, there is a footer with copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

FAQs

1. Can I use a spot deal for payment?

No, only forward deals can be used while doing a payment.

2. Can I set a future date for a fund transfer?

You can set a future date for a payment using Pay Later payment option.

3. What happens if I have set up a future dated transfer, but don't have enough funds left under the booked deal earmarked against the transaction on the transaction date for the transfer?

Balance check will not be performed at the time of transaction initiation with future date. However, the transaction will get declined in case of insufficient funds are available in the booked deal on the given transaction date.
