1. Preface

1.1 Purpose

Welcome to the User Guide for Oracle Banking Digital Experience. This guide explains the operations that the user will follow while using the application.

1.2 Audience

This manual is intended for Customers and Partners who setup and use Oracle Banking Digital Experience.

1.3 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit, <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches, Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

1.5 Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

1.6 Conventions

The following text conventions are used in this document:

Convention	Meaning
------------	---------

boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>Italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

1.7 **Screenshot Disclaimer**

The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.

1.8 **Acronyms and Abbreviations**

The list of the acronyms and abbreviations that you are likely to find in the manual are as follows:

Abbreviation	Description
OBDX	Oracle Banking Digital Experience

2. Accounts

Current and savings accounts are the most basic and critical products of retail banking. Most banking customers hold either a current or a savings account with their banks. Banks, in turn, encourage the use of current or savings accounts as it results in a higher profit margin for the bank.

This application provides a platform by which banks are able to offer their customers an enriching online banking experience in performing activities on their accounts.

Through the online banking application, customers can perform various activities on their accounts. Customers can view account balances and statements, initiate service requests and perform other inquiries as well as perform financial transactions on their accounts.

Features Supported In the Application:

The retail accounts module of the application supports the following features:

- Overview Widget
- Current & Savings Accounts Summary
- Current & Savings Account Details
- Debit Card Limits
- Apply for New Debit Card
- Block/ Unblock Debit Card
- Upgrade Debit Card
- Update Debit Card Limits
- Re-issue Debit Card
- Request for new Debit Card PIN
- Reset Debit Cards PIN
- Cheque Book Request
- Cheque Status Inquiry
- Stop/Unblock Cheque
- View Account Statement
- E-Statement Subscription
- Request Statement
- Download Pre-Generated Statements
- Sweep-In

Pre-Requisites

- Transaction access is provided to retail users
- CASA (Current and Savings Account) accounts are maintained in the host system under a party ID mapped to the user

Note: In application

1) Account searchable drop-down will allow user to search the account number basis on the Account Number, Account Name, Account Currency or Branch Code.

2) Bank can configure the fields to be shown as additional values in the accounts drop-down.

3) International Bank Account Number (IBAN) is now available in account searchable drop-down in place of current and savings account (CASA) number.

2.1 Overview Widget

The retail dashboard page displays an overview of the customer's holdings with the bank as well as links to various transactions offered to the customer. The **Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans, Credit Cards, and Investments. It is a container and user can scroll from left to right, right to left. Each relationship card displays details specific to that account type. One such example is that of Current & Savings accounts.

On clicking on account type **Current & Savings card**, details of the current and savings accounts held with the bank are displayed on next page. The Current & Savings Accounts summary page provides users with a holistic view of all their both Islamic and Conventional accounts along with the basic details of each current & savings account.

General details such as the total count of current & savings accounts and the total current balance, are also displayed.

On Summary page the basic details of individual accounts are displayed as record. Each record displays basic information of the account which comprises of the account number, Available Balance, Current Balance, Product Name, Status and the **More Actions** menu.

Note:

The Overview widget is available on both desktop and mobile (responsive) view.

If the retail user does not have any Current & Savings accounts, system displays the text message and the card which re-directs user to the origination flow to apply for a CASA account.

How to reach here:

Dashboard > Overview Widget > Current and Savings card

3. Current & Savings Accounts Summary

The Current & Savings Accounts summary page provides users with a holistic view of all their current and savings accounts held with the bank.

All the Current & Savings accounts of the user are listed as records. Each record comprises of information such as account number, status (only in case of dormant accounts), account nickname (if assigned), product name, current balance, and available balance. Click on the specific account to view further details of that account or view the summary of transactions undertaken through that account.

Note: If the retail user does not have any Current & Savings accounts, system displays the text message and the card which re-directs user to the origination flow to apply for a CASA account. 1) If the user does not have any Current & Savings accounts, system displays the text message and the card which re-directs user to the origination flow to apply for a CASA account. 2) The left swipe and Long Press gesture is implemented on mobile and tablets devices.

Long press gesture - Users can now press and hold down on a screen for an extended duration, which displays additional options or actions. This feature is available on Account Listing, which triggers Cheque Book Request, Request Statement actions.

The **More Actions** menu on the right top corner of the page lists the relevant allowed actions based on the module. The user can also navigate to other Current and Savings account related screens from the **More Actions** menu provided on the screen.

Utilizing the '**Manage Columns**' feature, users are empowered to tailor their display preferences to suit their individual needs. This includes the ability to handpick the columns they wish to see and rearrange them in the order that best aligns with their personal preferences. These customized preferences will be securely saved and persist for all subsequent logins, ensuring a seamless and personalized experience each time they access the platform.

Note:

1) The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.

2) The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.

Available Balance The available balance in the account.

- Click on the **More Actions** menu to access other Current and Savings account related transactions.
OR

Click on the  **Download** to download the records in CSV & PDF format.
OR

Click on the  **Manage Columns** to setup a column preference by rearranging or removing columns.

- Click **Apply** to apply the new changes to the table.
OR
Click **Reset** to clear the data entered.

4. Current & Savings Account Details

The account details screen displays important information pertaining to a current or savings account such as the account holding pattern and the names of all the account holders, the current status of the account and the branch in which the account is held along with details on various balances and limits applicable on the account. The details are displayed under four main section **Account Details**, **Recent Transactions**, **Debit Cards**, and **Additional Information**. To navigate between the different sections, **Recent Transactions**, **Debit Cards**, and **Additional Information** the user can use the bookmark options available on top right corner.

The **Account Details** section provide general information about the account such as the current balance, nickname, status of the account and product name, unclear funds, and overdraft limit. The **Recent Transactions** sections displays the debit and credit entries along with each transaction amount and reference details. The **Debit Cards** section lists all the Debit Card/s linked to the account in the card form and also to apply for a new debit card on any of their accounts. The **Additional Information** section displays the account holding pattern and the names of all the account holders, the branch in which the account is held along with details on various balances and limits applicable on the account. It has feature to generate the QR to receive payment. Users can account details via a QR code, so that within-bank account holders can initiate payments using the Scan and Pay QR code functionality.

Note:

- 1) This feature is available from scan to pay from both pre and post login case.
 - 2) Desktop platforms support the **Download** function exclusively, and mobile platforms support both **Download** and **Share** functions.

Branch	Branch name in which the account is held along with address.
IBAN	Displays the IBAN associated with selected CASA account.

You can also perform the following account related transaction:

- Click **Show More Information** to view more account information.
- Under the **QR Code to receive payment** section, click **Set Amount** link to set the amount you wish to transfer.
 2. In the **Set Amount** field, enter the transfer amount.

3. Click **Save** the data entered. The detail of amount is get saved in the QR code, and generated QR code is displayed as per the set currency and amount for the payment transfer.

OR

Click **Cancel** to cancel the transaction.

4. Click **Download QR Code** to download the generated QR code for payment transfer.

Note: For mobile, the **Share Account Details** option will be displayed, whereas on the desktop, the **Download QR Code** option will be shown.

- For more information on **Nickname** (add/ modify/ delete), the option available under **Account Details** section. Refer **Account Nickname** section.
- For more information on **Nominee**, the option available under **Account Details** section. Refer **Nomination** section in **Oracle Banking Digital Experience Retail Customer Services User Manual**.

Note: If a nominee is already defined for the account, then the **Edit Nominee** option is displayed in kebab menu to modify it.

- Click on the kebab menu on the debit card footer section to access additional action related to debit cards.
- Click on the **More Actions** menu to access account related transactions.

5. Debit Cards

Debit cards are used for funds withdrawal at ATMs and for making purchase transactions at Point of sale (POS) terminals. Since debit cards are used for most basic banking transactions, it is essential for the bank to provide a means by which customers can view the details of their debit cards as well as apply for new debit cards online.

This feature allows customers to view the details of debit cards linked to their current or savings accounts and perform debit card-related transactions using the kebab menu options.

Note

- 1) If the user does not have any debit cards or the empty state screen, then the user is redirected to the origination flow, where they can apply for a new debit card.
 - 2) The Card images vary based on the type of card product and the card network provider.

Click on **Credit Cards** tab available on footer of the **Debit Cards** listing page to access the credit cards listing page.
OR
Click on the **New Debit Card** button to apply for new debit card. The application redirect user to **New Debit Card** page.

6. New Debit Card

This feature enables customers to submit requests for new debit cards to be issued against their operating accounts. Customers can request for new debit cards to be issued against any of their current or savings accounts. While initiating the request for a new debit card, the customer must specify the reason for which a new card is being requested and also define the name to be embossed on the card. The customer must also specify where the new card has to be delivered.

This feature acts as a service request (SR) and an SR number is generated when the customer submits the request. Customers can track the status of their service requests by clicking on the **Track Request** link provided on the **Service Request** widget or by directly selecting the **Track Request** option from the toggle menu.

How to reach here:

Dashboard > Toggle menu > Menu > Accounts > Current & Savings Accounts tab > Click on the Current & Savings Account > Current & Savings Accounts Details > Click on the New Debit Card
OR

Dashboard > Overview widget > Current & Savings card > Click on the Current & Savings Account Number > Current & Savings Account Details > Debit Card section > Click on the Apply for debit card link

OR

Search bar > Debit Cards - New Debit Card

OR

Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen

New Debit Card

The screenshot shows the 'New Debit Card' form within the Futura Bank application. The form is titled 'New Debit Card' and includes a 'Cancel' button and a 'Submit' button. The form fields are as follows:

- Account Number:** A dropdown menu showing 'XXXXXXXXXXXX8297'.
- Reason:** A dropdown menu showing 'Previous Card Was Hotlisted'.
- Name on Card:** A text input field containing 'Smith John'.
- Deliver to:** A dropdown menu showing 'Branch Near Me'.
- City:** A dropdown menu showing 'California'.
- Branch Name:** A dropdown menu showing 'FLEXCUBE UNIVERSAL BANK'.
- Address:** A text input field containing 'Unit 1, Block A, California, GREAT BRITAIN'.

At the bottom of the form, there are two tabs: 'Debit Cards' (selected) and 'Credit Cards'. A red notification bubble with the number '1' is visible in the bottom right corner of the form area.

Field Description

Field Name	Description
Account Number	Select an account for which you wish to apply a debit card.
Balance	The net balance of the selected CASA account. This amount is displayed once a CASA account is selected in the Account Number field.
Reason	The reason for which a new debit card is being applied. The options can be: • New Card • Previous card was hotlisted • Previous card not working
Name on Card	The name to be embossed on the card.
Address Type	The customer is required to specify where the new card is to be delivered. The options are: • Postal Address • Residential Address • Office Address • Branch Near Me
This section appears if the customer selects Branch Near Me option in the Address Type field.	
City	The customer can filter branches based on city.
Branch Near Me	The customer can select a branch at which the new card is to be delivered. The names of all the branches in the city selected in the previous field will be displayed.
Address	The complete address of the branch selected will be displayed once the customer selects a branch.

To apply for a new debit card:

1. From the **Account Number** list, select the current or savings account number against which you want to apply for a new debit card.
2. From the **Reason** list, select the appropriate reason to apply for a new card.

Click on the **Current & Savings Accounts** link to visit Current & Savings Accounts Summary page.
OR
Click on the **Debit Cards** link to visit the Debit Cards summary page.
OR
Click on the **Go To Dashboard** link to navigate back to dashboard page.

7. Debit Card Limits

A customer can view the limits of an existing debit card linked to his current or savings account. The customer can view the existing limits and has the option to update the limits of active debit cards. In addition to the existing limits, the screen also displays the maximum limit count/ amount that can be set for the card.

The customer can view the various transaction limits associated with the debit card. The system displays limits in terms of count and amount in each category, which are as defined below:

- Own ATM Limits
- Remote ATM Limits
- Own Point of Sale Limits (PoS)
- Remote Point of Sale Limits (PoS)
- E-commerce Limits

The customer also has the provision to configure a combined limit on his debit card. It is the maximum allowed limit across all sections and if this limit is breached, user will not be allowed for any further transaction on the day irrespective of the individual daily limits set under various categories.

Note: Combined Limits will be applicable only for third party host system.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current & Savings Accounts tab > Click on the Current & Savings Account > Current & Savings Accounts Details > Debit Cards > Kebab menu > Debit Card Limits

OR
Click **Current & Savings Account Details** to view the account details.
OR
Click on the **Current & Savings Accounts** link to visit Current & Savings Accounts Summary page.
OR
Click on the **Go To Dashboard** link to navigate back to dashboard page.

8. Block Card

Debit card fraud costs individuals and businesses millions of dollars every year globally. The speed at which fraudulent transactions can be performed on a stolen debit card is incredible; hence customers need a means by which to communicate the status of a lost or stolen card to the bank in the fastest possible manner with least amount of friction.

The Block Debit Card feature enables users to report stolen or lost debit cards to the bank, so that the bank can block the processing of any transaction performed on the debit card immediately.

This feature also enables the user to replace damage cards or stolen/lost cards with new card by requesting request for a replacement debit card which will have the same attributes as that of the debit card that is being blocked. This also allows user to perform debit card-related transactions using the kebab menu options.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current & Savings Accounts tab > Click on the Current & Savings Account > Current & Savings Accounts Details > Debit Cards > Block Card
OR

Dashboard > Overview widget > Current & Savings card > Current & Savings Accounts tab > Click on the Current & Savings Account > Current & Savings Accounts Details > Debit Card section > Cards > Block Card
OR

Dashboard > Toggle Menu > Menu > Cards > Debit Cards > Block Card
OR

Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen

Block Debit Card

6. Click **Transaction Details** to view the details of the transaction.
OR
Click **Debit Cards** to visit the Cards summary page.
OR
Click on the **Current & Savings Accounts Details** link to view the Current & Savings Accounts details.

OR

Click on the **Go To Dashboard** link to navigate back to dashboard page.

12. Request PIN

A debit card PIN is required to authenticate any debit card transaction. Without a PIN, the customer will not be able to withdraw funds from his account or make any Point of Sale purchases. This feature enables a customer to request for a new debit card PIN to be delivered at the address of his choice.

The debit card PIN request is a service request transaction and on initiating the request, an SR number is generated, which can be used by the customer to track the status of the request. Duplicity checks are done by the system to ensure that no duplicate requests are being initiated. This also allows user to perform debit card-related transactions using the kebab menu options.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current & Savings Accounts tab > Click on the Current & Savings Account > Current & Savings Accounts Details > Debit Cards > Kebab menu > Request PIN

OR

Dashboard > Overview widget > Current & Savings card > Current & Savings Accounts tab > Click on the Current & Savings Account > Current & Savings Accounts Details > Debit Cards > Kebab menu > Request PIN

OR

Search bar > Debit Cards -Request PIN

OR

OR

Access through the kebab menu of transactions available under the kebab menu of any other Debit Cards screen

Request PIN

The screenshot shows the 'Request PIN' form in the Futura Bank interface. The form has a header with 'Request PIN' and a masked card number 'XXXXXXXXX1009'. Below the header, there are three dropdown menus: 'Deliver to Branch Near Me', 'City California', and 'Branch Name FLEXCUBE UNIVERSAL BANK'. An 'Address' section shows 'Unit 1, Block A, California, GREAT BRITAIN'. At the bottom, there are tabs for 'Debit Cards' and 'Credit Cards'. OR
Click **Debit Cards** to visit the Cards summary page.
OR
Click on the **Current & Savings Accounts Details** link to view the Current & Savings Accounts details.
OR
Click on the **Go To Dashboard** link to navigate back to dashboard page link to navigate back to dashboard page.

14. Cheque Book Request

Cheques are the most widely used instruments that are used to make different kinds of payments.

The **Cheque Book Request** feature enables customers to request for a new cheque book online. This feature is enabled only for those accounts for which cheque book facility is enabled.

Customers can specify the number of cheque books required, leaves per cheque book, cheque book type and also the delivery location as to where the cheque book is to be delivered, while initiating a cheque book request. User can access account related transactions on the kebab menu.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current & Savings Accounts tab > Click on the Current & Savings Account Number > Current & Savings Account Details > More Actions > Cheque Book Request

OR

Dashboard > Overview widget > Current & Savings card > Current & Savings Accounts tab > Click on the Current & Savings Account > Current & Accounts Details > More Actions > Cheque Book Request

OR

Search bar > Current & Savings – Cheque Book Request

Cheque Book Request

The screenshot shows the 'Cheque Book Request' form in the Futura Bank interface. The form is titled 'Cheque Book Request' with a dropdown menu showing 'xxxxxxxxxxxx8297'. Number of Leaves per Book	Number of cheque leaves required in each cheque book. The options are: • Cheque book with 10 leaves • Cheque book with 25 leaves • Cheque book with 50 leaves
Number of Cheque Books	Number of cheque books required. This field appears if you have the facility to request for multiple cheque books.
Address Type	The customer is required to specify where the new card is to be delivered. The options are: • Postal Address • Residential Address • Office Address • Branch Near Me
This section appears if the customer selects Branch Near Me option in the Address Type field.	
City	The customer can filter branches based on city.
Branch Near Me	The customer can select a branch at which the cheque book is to be delivered. The names of all the branches in the city selected in the previous field will be displayed. Note: The options in this field depend on the selected option in the City field.
Branch Address	The complete address of the branch selected will be displayed once the customer selects a branch. Note: The address displayed here depends on the selected option in the Branch Near Me field.

To request a cheque book:

1. From the **Account Number** list, select the current or savings account for which a cheque book is to be requested.
2. From the **Type of Cheque Book** list, select the desired option.
3. From the **Number of Leaves per Book** list, select the number of leaves required in each cheque book.
4. In the **Number of Cheque Book** field, specify the required number of cheque books.
5. In the **Address Type** field, select the delivery location of choice.
 - a. If you select the **Branch Near Me** option as delivery location:
 - i. From the **City** list, select the desired city.
 - ii. From the **Branch Near Me** list, select the desired branch.
The complete address of the selected branch appears.
6. Click **Submit** to submit the cheque book request.
OR
Click **Cancel** to cancel the transaction.
7. The **Confirmation** popup appears.
Click **Yes** to proceed.
OR
Click **No** to cancel the transaction..
8. The success message of cheque book request along with the transaction reference number appears.

Click **Transaction Details** to view the details of the transaction.
OR
Click **Account Details** to view the account details.
OR
Click on the **View Accounts** link to visit Current & Savings Accounts Summary page.
OR
Click on the **View Transactions** link to view the related transactions.
OR
Click on the **Go To Dashboard** link to navigate back to dashboard page.

15. Cheque Status Inquiry

The **Cheque Status Inquiry** transaction enables customers to view the status of cheques written by them at any point of time. The customer can view the status of either a single cheque by providing a cheque number or that of a cheque series by defining a cheque range. Customers can also search for cheques based on their status i.e. used, not used, stopped, etc.

Note:

1) The **Cheque Range** and **Cheque Status** fields are displayed if the Oracle Banking Digital Banking Experience application is integrated with **Universal Banking Solutions** and the region is not **India**.

2) The left swipe and Long Press gesture is implemented on mobile and tablets devices.

Swipe gesture - This feature is available on Cheque Status Inquiry.

Using the **Manage Columns** feature, bank can configure and enable customizable UI display/download option for the end users. Using this feature, users can personalize the information to be displayed/downloaded from search grid displayed on the screen.

By clicking on '**Manage Columns**' option available on the screen, user can

- Rearrange columns
 - Remove specific columns.
-

Note:

1) The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.

2) The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.

Field Description

Field Name	Description
Account Number	Select an account number to view the status of cheques associated with that account.
Cheque Status Inquiry Results	
Cheque Number	The cheque number of which status is being viewed.
Status	The current status of the cheque is displayed against it.
Reason	The reason for which the cheque has been stopped, rejected or cancelled. A value will be displayed here only if the cheque is in any of these three statuses.
Amount	The amount for which the cheque was issued.
Action	Click on the Block link to stop a cheque that has been issued for making payment.
Filter Criteria	
Filter By	Allows the customer to specify the criteria by which to view the status of cheques. The options are: • Cheque Number • Cheque Range • Cheque Status Note: The Cheque Range and Cheque Status fields are displayed if the Oracle Banking Digital Banking Experience application is integrated with Oracle FLEXCUBE Universal Banking and the region is not India.
Cheque Number	The customer can define the cheque number for which he wants to view the status. This field appears if you select Cheque Number option from the Filter By list.
From	The customer is required to define the starting cheque number of the range for which to view cheque status. This field is appears if you select Cheque Range option from the Filter By list.
To	The customer is required to define the last cheque number of the range for which to view cheque status.

Field Name	Description
	This field appears if you select Cheque Range option from the Filter By list.
Cheque Type	The customer is required to identify a specific status in order to view cheques that belong to that status. The options are: • Used • Not Used • Stopped • Rejected • Cancelled This field appears if you select the Status option from the Filter By list. The From Date and To Date search fields will be disabled if the customer selects either the Not Used or Cancelled status.
From Date	The customer is required to specify the start date in a date range from which cheques of a particular status are to be fetched. This field appears if you select Status option from the Filter By list.
To Date	The customer is required to specify the last date in the date range for which cheques of a particular status are to be fetched. This field appears if you select Status option from the Filter By list.

To inquire about the cheque status:

1. From the **Account Number** list, select an account to view the status of cheques associated with that account. The cheque status inquiry appears of the selected account.
OR

Click on the  **Download** to download the records in CSV & PDF format.
OR

Click on the  **Manage Columns** to setup a column preferences by rearranging or removing columns.
OR

Click on the **Block** link under **Action** column to stop a cheque that has been issued for making payment. The system redirects to the **Stop/Unblock Cheque** scree,

2. Click  **Filter** to search the cheque based on search criteria; The **Filter** overlay screen appears.
 - a. From the **Filter By** list, select the criteria by which user wish to view the status of cheques.
 - i. If you select the **Cheque Number** option:
 1. In the **Cheque Number** field, enter the cheque number.

- ii. If you select the **Cheque Range** option:
 - 1. In the **From** field, enter the cheque start number.
 - 2. In the **To** field, enter the cheque end number.
- iii. If you select the **Cheque Status** option:
 - 1. From the **Cheque Type** list, select the appropriate option.
 - 2. From the **From Date** list, select the appropriate date.
 - 3. From the **To Date** list, select the appropriate date.

Note : The **From Date** and **To Date** fields enabled if the **Used** or **Stopped** or **Rejected** option is selected in the **Cheque Type** field.

- b. Click **Apply** to apply the search criteria.
The results of the cheque status inquiry appear.
OR
Click **Reset** to clear the data entered.

16. Stop/ Unblock Cheque

Cheques are physical instruments used for the purpose of making payments. A customer might require to block a cheque payment in case the cheque has been lost or stolen. Hence it is critical to provide an option to stop such cheques so that they cannot be misused.

The Stop/ Unblock cheque feature enables a customer to stop a cheque that has been issued for making payment. In order to request for a cheque to be stopped, the customer will have to specify the account number from which the cheque has been issued as well as the cheque number and the reason for which the request is being raised. In addition to requesting for a stop cheque on a specific cheque, the customer can also request for a stop cheque to be performed on a cheque series by specifying the cheque range.

Additionally customers can also request for a cheque or cheque range that has been stopped or blocked to be unblocked.

Both stop cheque as well as unblock cheque requests are online i.e. do not require manual intervention by a bank official and the specific cheque or cheque range is immediately stopped or unblocked based on the request raised.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current & Savings Accounts tab > Click on the Current & Savings Account Number > Current & Savings Account Details > More Actions > Stop/Unblock Cheque

OR

Dashboard > Overview widget > Current & Savings card > Current & Savings Accounts tab > Click on the Current & Savings Account > Current & Savings Accounts Details > More Actions > Stop/Unblock Cheque

OR

Search bar > Current & Savings – Stop/Unblock Cheque

Stop /Unblock Cheque

The screenshot shows the 'Stop/Unblock Cheque' form in the Futura Bank interface. At the top, there's a search bar with the placeholder 'What would you like to do today?'. Below it, the form title 'Stop/Unblock Cheque' is displayed next to a dropdown menu showing 'xxxxxxxxxxxx0022 - M'. To the right of the title are 'Submit' and 'Cancel' buttons. The form has two tabs: 'Stop' (selected) and 'Unblock'. Under the 'Stop' tab, there's a section 'Enter Cheque Number or Range' with two radio buttons: 'Cheque Number' (selected) and 'Cheque Range'. Below these is a text input field containing '242341'. Further down is a 'Specify Reason' section with a text input field containing 'Insufficient funds'. At the bottom of the form, there's a navigation bar with three options: 'Current & Savings Accounts' (selected), 'Loans & Finances', and 'Deposits'. A red notification bubble with the number '1' is visible in the bottom right corner.

Field Description

Field Name	Description
Account Number	Savings account number in masked format along with the account nickname.
Action	The action to be taken on the cheque i.e. whether to stop or unblock the cheque. The options are: • Stop • Unblock
Enter Cheque Number or Range	Select the option to stop either a specific cheque by selecting Number or to stop multiple cheques by selecting Range. The options are: • Number • Range This field will be displayed if the option Stop is selected.
Unblock	Select the option to unblock either a specific cheque by selecting Number or to unblock multiple cheques by selecting Range. The options are: • Cheque Number • Cheque Range This field will be displayed if the option Unblock is selected.
Cheque Number	Cheque number of the cheque to be stopped or unblocked. This field appears if you select the Cheque Number option.
From	Start number of the cheque range to be stopped or unblocked. This field appears if you select the Cheque Range option.
To	End number of the cheque range to be stopped or unblocked. This field appears if you select the Cheque Range option.
Specify Reason	The reason for stopping or unblocking the cheque.

To stop or unblock cheque:

1. From the **Account Number** list, select the account number of which cheque/cheques have to be stopped or unblocked.
2. In the **Select Action** field, select the appropriate option.

3. If **Stop** is selected under the **Action** field, in the **Enter Cheque Number or Range** field, select the desired option:
 - a. If you select the **Cheque Number** option:
 - i. In the **Cheque Number** field, enter the cheque number.
 - b. If you select the **Cheque Range** option:
 - i. In the **From** field, enter the cheque start number.
 - ii. In the **To** field, enter the cheque end number.
4. If **Unblock** is selected under the **Action** field, in the **Enter Cheque Number or Range** field, select the desired option:
 - a. If you select the **Cheque Number** option:
 - i. In the **Cheque Number** field, enter the cheque number.
 - b. If you select the **Cheque Range** option:
 - i. In the **From** field, enter the cheque start number.
 - ii. In the **To** field, enter the cheque end number.
5. In the **Specify Reason** list, enter the reason to stop or unblock the cheque.
6. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
7. The **Review** screen appears. Verify the details and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
8. The success message of stopping/ unblocking the check along with the transaction reference number.
9. Click **Transaction Details** to view the details of the transaction.
OR
Click **Account Details** to view the account details.
OR
Click on the **Current & Savings Accounts** link to visit Current & Savings Accounts Summary page.
OR
Click on the **Inquire Cheque Status** link to view the status of the cheque.
OR
Click on the **Go To Dashboard** link to navigate back to dashboard page.

17. Transactions

Customers can track the transactions taking place in their accounts. This feature enables customers to view the details of all the transactions performed in their accounts. All the debit and credit entries along with each transaction amount and reference details are displayed.

Using the **Manage Columns** feature, bank can configure and enable customizable UI display/download option for the end users. Using this feature, users can personalize the information to be displayed/downloaded from search grid displayed on the screen.

By clicking on '**Manage Columns**' option available on the screen, user can

- Rearrange columns
- Remove specific columns.

Note:

1) The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
2) The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.

The user can also navigate to other Current and Savings account statement related screens from the **More Actions** menu provided on the screen.

Customers can also undertake the following from the **More Actions** menu:

- Request for Statements –The customer will be able to define the period for which he/she requires to receive statements at his/her registered address.
- Download Pre-Generated Statements –The customer can view /download the pre-generated statements for the selected period.
- Subscribe for E-Statements –The customer can opt to subscribe for e-statements, he/she will receive monthly e-statements on his/her registered email address.

 - a. Click **Unsubscribe** to opt out of receiving monthly statements on your registered email address.
 - b. The success message of request submission appears. Click **OK** to complete the transaction.
 - c. Click **Proceed** to Unsubscribe.
3. The success message of request submission appears.

4. Click **Home** to go to the **Dashboard** screen.
OR
Click **View Account Details** to visit the account details page.

18. Sweep-In

A sweep in facility enables customers to link their Current and Savings/Term Deposit account to another Current and Savings account held with the bank. Whenever there is insufficient funds, the shortfall in the account is swept in from the linked Term Deposit/Current and Savings account, thereby providing the customer the convenience of getting payments processed with ease.

The Sweep-in option enables the user to manage all his linked current and savings accounts and term deposit accounts. With this option, the user can add his Current and Savings / Term Deposit account held with the bank, as a sweep-in account. There is also an option to delete or delink sweep-in from an existing Current and Savings account / Term Deposit accounts, which has sweep in facility. After logging in to the application, when the user clicks the Sweep-in option, the user has to select his provider account, which directs him to the Sweep-in summary page. This page has options to add and delete the sweep-in accounts.

Pre-Requisites

- Transaction access is provided to the retail user

Features supported in the application

- View Sweep In
- Add Sweep In
- Delete Sweep In

Workflow

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current & Savings Accounts tab > Click on the Current & Savings Account Number > Current & Savings Account Details > More Actions > Sweep-In

OR

Dashboard > Overview widget > Current & Savings card > Current & Savings Accounts tab > Click on the Current & Savings Account > Current & Savings Account Details > More Actions > Sweep-In

OR

Search bar > Current & Savings – Sweep-In

To manage sweep-in accounts:

1. Select the beneficiary account number from the **Account Number** list.
2. Select an account type from the **Linked Account Type** option. All the linked accounts of the account type selected are listed under the **Linked Accounts** table. All the accounts available for linkage of the selected account type are listed under the **Link Accounts** table.

OR
Click **Home**, to go to the dashboard.
OR
Click **Manage Sweep-In** to navigate to the **Sweep-In** screen.

18.2 Sweep In - Delete

The user can delete or delink an account linked to a current or savings account for sweep-in.

To delete a Sweep In account:

1. In the **Link Deposits table**, below the **Action** column, select and click  against the account of which sweep-in linkage you want to delete.
The **Delete Sweep In** message box with a message prompting the user to confirm the deletion appears.

Sweep In - Delete

2. Click **Confirm** to proceed with the deletion request.
OR
Click **Cancel** to cancel the deletion process.
3. The success message of deletion appears along with the transaction reference number.
4. Click **Home**, to go to the dashboard.
OR
Click **Manage Sweep-In** to navigate to the **Sweep-In** screen.

19. Account Nickname

Customer can assign a specific name to a current or savings account. This is useful if customer wishes to remember accounts with a particular name instead of account numbers. Once a nickname is assigned to an account, it is displayed on various transactions instead of the standard account description. The application also allows customer to modify or delete the nickname whenever required.

The customer can access this option by selecting the **Add/Edit Nickname** option from the kebab menu.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current & Savings Accounts tab > Click on the Current & Savings Account Number > Current & Savings Account Details > Account Details section

To add/edit nickname against an account:

1. Click on the **Add** link if nickname is not assigned to the account.
OR
Click on the nickname if nickname is already been assigned to modify the nickname. The **Add/Edit Nickname** popup appears.

Add/Edit Nickname

Field Description

Field Name	Description
Nickname	Specify a nickname to be assigned to the account. If a nickname has already been assigned to the account, it will be displayed in editable mode.

2. In the **Nickname** field, enter the nickname you want to use.

3. Click **Save** to save your changes.
Nicknames will be displayed on various transactions instead of the standard account description.
OR
Click **Delete** to delete the nickname.

FAQs

1. What is the advantage of assigning a nickname to an account?

You can personalize your account by giving it a nickname. This way you will be able to easily identify it when viewing account summary.

2. Can I assign a nickname to a joint account?

Yes, you can add nickname to any account of which you are the primary holder.

3. Can I have multiple debit cards linked to a CASA account?

This depends on the features of the specific current or savings account. Generally, in joint accounts, both the primary account holder as well as the joint holder are provided a debit card each.

4. If a lost debit card is found and restored to the cardholder, can it be reactivated?

If the card is hotlisted, it cannot be reactivated, you can make a request for a new debit card. However, if the card was blocked, it can be unblocked and reused.
