1. Preface

1.1 Purpose

Welcome to the User Guide for Oracle Banking Digital Experience. This guide explains the operations that the user will follow while using the application.

1.2 Audience

This manual is intended for Customers and Partners who setup and use Oracle Banking Digital Experience.

1.3 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit, <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches, Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

1.5 Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

1.6 Conventions

The following text conventions are used in this document:

Convention	Meaning
------------	---------

boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>Italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

1.7 Screenshot Disclaimer

The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.

1.8 Acronyms and Abbreviations

The list of the acronyms and abbreviations that you are likely to find in the manual are as follows:

Abbreviation	Description
OBDX	Oracle Banking Digital Experience

2. Portal Page

A bank's landing page should be designed in a manner that connects with its customers and also leads to quick conversions of prospects into customers of the bank. The bank's portal page designed in a manner that enable existing customers can easily login to the system and register themselves for channel access. Which helps customers to enable self-service channels for their banking needs as it makes transactions and inquiries accessible anywhere anytime. In order to access online banking, users need to have login credentials. This feature enables users to register themselves for channel access.

2.1 Overview Page

Overview page provides users to perform tasks such as to view and apply for the bank's product offerings, register for online banking access, track existing product applications, search for the bank's ATMs and branches etc.

The date format will be configured at bank level as long or short e.g. DD/Month/YYYY or DD/MM/YY. The date in all alerts/reports sent to the users displays the date as per the format defined in locale.

The **Oracle Banking Digital Experience** portal overview page displays various options that enable users to undertake required tasks and gain information about the bank and its products. The different sections and features provided on the portal page are documented as follows:

Portal Page

Icons

The following icons are present on the portal page:

- : The logo of the bank.
- : Click this icon to log in to the application.

Our Products

This section displays tabs for **Retail, Corporate, and Business**. Clicking on a tab redirects the user to the respective product offerings section of the bank tailored for retail customers, corporate clients, and small to medium-sized business users.

Customer Services

- **Our Products:** Click to view the product offerings of the bank.
- **Claim Money:** Click to claim money if you are a recipient of a peer to peer transfer.
- **Track Your Application:** Click to track the progress of an account opening application.
- **Register:** Click to register for online banking access.
- **Calculators:** Click to access the calculators provided by the bank.
- **Help:** Click this option to launch online help.
-
- **Contact Us:** The physical address, email ID and phone numbers of the bank are displayed here.

Login

The user can log in to the **Oracle Banking Digital Experience** application by entering their login username and password in the provided fields.

Our Product Offerings

This section showcases the bank's offerings for **retail customers, corporate clients, and small to medium-sized businesses**. Users can choose a product category to explore its products and apply for their preferred options. Additional features include the ability to apply for bundled products and access the **Application Tracker**. To navigate further, click the **More >** icon within a specific product category to view detailed information on that category's dedicated page.

Features

This section outlines the features provided by the **Oracle Banking Digital Experience (OBDX)** application, offering users a seamless and convenient online and mobile banking experience. It caters to individual financial needs with offerings like personal loans, savings accounts, and credit cards. Key features of the OBDX platform include:

- **Instant Account Opening:** Open new accounts instantly, without the need for paperwork or delays.

- **Holistic Financial Support:** Gain a comprehensive overview of your finances by viewing all your accounts and transactions at one place, eliminating the need to log in to multiple accounts separately.
- **Stay on Top of Your Finances:** Track and manage your finances efficiently using intuitive tools designed for budgeting and financial planning.
- **Financial Insights:** Access personalized financial insights and recommendations to help you make informed decisions about your money.
- **Digital Payments:** Effortlessly make payments digitally across various channels, ensuring convenience and security.
- **Card Controls:** Manage and personalize credit and debit cards, including setting spending limits, turning cards on or off, controlling transaction notifications, and 2 factor authentication.

About Us

This section displays the information about the bank.

Seamless Onboarding

This feature allows customers to complete digital onboarding by simply clicking on **Register Now** for channel access. It is designed for customers who do not have access to online banking channels or those who prefer not to visit the bank physically. By using this feature, customers can easily onboard themselves through a fully online process, which eliminates the need for in-person visits and streamlines the registration process, providing a more convenient and efficient way to gain access to banking services.

Get Out Application

This feature allows customers to download the Futura bank application on their mobile.

Retail Banking Features

This section outlines the **Retail Banking** features provided by the **Oracle Banking Digital Experience (OBDX)** application. It is designed to meet individual financial needs and includes:

- **Tailored Support:** Personalized assistance to guide customers in achieving their financial goals.
- **Robust Security Measures:** Advanced security protocols to protect sensitive financial data and transactions.
- **Effortless Accessibility:** Customers can manage their finances conveniently from anywhere, at any time, using both online and mobile platforms.
- **Diverse Range of Banking Products:** A variety of products such as personal loans, savings accounts, and credit cards to cater to diverse financial needs and objectives.
- **Innovation & Customer Focus:** Combining cutting-edge technology and a focus on customer experience to redefine and elevate banking.

Global Footprints

This section provides an overview of the bank's **Locations, Branches, Regions, and Total Number of Customers**.

Customer Feedback

This section displays the Customer Feedback related to the product, including valuable insights and opinions. It encompasses **Customer Insights** with the product or service, **Opinions & Reactions, Preferences, Complaints** or service improvement.

This feedback helps companies understand customer satisfaction, identify areas for improvement, and enhance the overall customer experience.

Header Menu Options

- **Theme:** Select your preferred application theme colour. Options are Dark, Light, and System.
 - **Preferred Language:** Click on the language to set your desired language to use the application.
 - **Select Entity:** Users with multiple relationships (Retail and Business relationships) will be able to login using single login credentials. Click on the Entity, then select your desired entity. Based on the selected entity, the parties within it and listed for selection.
 - **ATM & Branch Locator:** Click this option to view the address and location of the ATMs and the branches of the Bank. For more information, refer ATM/ Branch Locator.
-

3. Log-In & Log-Out of Oracle Banking Digital Experience

A user can access online banking services by logging in to the system from the login page. By enabling user login through entry of user name and password, the bank can ensure that its customers' financial information is always accessed in a safe and secure manner.

Once a user is done accessing the online banking system, he/she can log out by selecting the Log Out option provided. Logging out enables users to exit from the system in a secure manner, thus ensuring that no one else can gain access to the user's online banking services (without supplying valid credentials).

Users with multiple relationships (Retail and Business relationships) will be able to login using single login credentials. Users will be landed on the default relationship maintained as day 0, however, will be able to switch between the different relationships by selecting the specific party mapped at each entity level.

Note:

- No consolidated view of multiple parties will be available for Retail and Business users.
 - For retail profile, 'Personal' will be shown in the party expansion. On selecting 'Personal', the Party Name will be shown next to the user initials.
 - For all business profiles, the Business Names will be shown in the party expansion as well as next to the user initials.
-

Pre-requisites

- The user must be registered for online banking access and must have valid login credentials.
- The user must have a valid account with bank that is enabled for online banking access.
- Other features related to accounts must be supported by the host system.

Features Supported In the Application

- Log-in to the application
- Log-out of the application

In case the user has forgotten their username or password, they can use the Forgot Username and Forgot Password links to retrieve these details. For more information, refer the Forgot Username and Forgot Password sections respectively.

3.1 Log-in to the application

The user can log in to the **Oracle Banking Digital Experience** application by entering his/her login username and password in the provided fields.

To log in to the application:

1. Access the bank's portal page.

Login Page

Field Description

Field Name	Description
Username	Enter your login user name.
Password	Enter your login password.

2. In the **Username** field, enter your user name.
3. In the **Password** field, enter your login password.

Note:

- 1) Click inside the field, the Virtual Keyboard link appears. Click on the link to use virtual keyboard to enter the Username/Password.
- 2) The characters typed in the Password field appear masked (•••••) for security reasons.
- 3) Click the  eye icon while typing passwords, it will enable you to check the typing of your password to show you what you have typed.
4. Click **Login**.
The **Dashboard** screen appears.

3.2 Log-out of the application

To log out of the application:

1. In the top right corner, click  icon.
The drop-down with the options to change entity, Settings and logout appears.

Logout

2. Select the **Logout** option.
The user is logged out of the system and a message confirming successful logout appears.

3.3 Session Timeout

Session timeout represents the event occurring when a user does not perform any action on an application during a configured interval.

The below configurations are provided:

- To configure the inactive screen time. It is a backend configuration where the inactive time after which a warning message will be shown can be configured. This time needs to be lower than the configured active timeout.

Note: Default inactive screen time is configured as 10 minutes

- To configure if timeout warning needs to be shown or not. Session timeout warning configuration flag is added on the System Configuration screen

The session timeout feature is available across Oracle Banking Digital Experience product i.e., for Retail User, Corporate User and Administrator screens.

A timeout warning message will be shown when the configured inactive time is reached. The user can view the time remaining for timeout in the warning message. The below actions will be visible to the user on the timeout warning message:

1. Stay Connected
2. Logout

When the user clicks on 'Stay Connected', whichever transaction the user was on will be shown with any pre-filled information previously captured. When the user clicks on 'Logout', the user will be logged out of the application. At the end of timeout, the 'Login' option will be shown to the user as the session is expired.

Note:

- In case the user clicks on 'x' (right hand side top corner on popup), then the popup will close but the timer would continue in the backend. If any action is performed, then timer will reset

- On timeout, if the user clicks on 'x' (right hand side top corner on popup) or login button, the login page will appear.

Session Warning – Pre Session Timeout Message

1. Click **Stay Connected** to continue.
OR
Click **Logout** to log out of the application.

When the session expires, the **Session Warning** popup appears.

Session Warning- Post Session Timeout Message

2. Click **Login** to re-login to the application.

4. Channel On-boarding

In the current scenario, bank customers are comfortable and adept at using digital channels, which have increasingly become the primary mode of banking. Customers prefer self-service channels for their banking needs as it makes transactions and inquiries accessible anywhere anytime.

In order to access online banking, users need to have login credentials. This feature enables users to register themselves for channel access.

4.1 Self-Register

This feature enables customers to register themselves for channel access. Customers who do not have access to online channels can onboard themselves without having to approach the bank physically. Bank customers who have existing savings accounts, term deposits Loans or Credit Cards can onboard themselves by authenticating their relationship with the bank. Customer authentication is done on the basis of primary details registered with the bank.

On the successful authentication of the details provided by the user, user receives a link to set up his user ID and password on his registered email ID.

Pre-requisites

In order to be able to register oneself, a user must have any of the following existing relationships with the Bank:

- Demand Deposit
- Loan
- Term Deposit
- Credit Card

How to reach here:

Bank's Portal Page > Open a new account > Register

OR

Bank's Log-IN page > Click Register

To register for access to banking channels:

1. Access the bank's portal page, click  to expand the toggle menu and click on **Register**.

2. The **Channel Onboarding - User Registration** screen appears. Enter the relevant information.

Field Description

Field Name	Description
Account Type	Identify your relationship with the bank by selecting the type of account that you hold with the bank. The options are: • Demand Deposit • Loan • Term Deposit • Credit Card
The following fields appear if you have selected options Demand Deposit, Loan or Term Deposit from the Account Type list.	
Customer ID	Enter your customer ID.

Field Name	Description
Account Number	Specify the account number that you hold with the bank corresponding to the account type selected in the Account Type field.
First Name	Enter your first name.
Last Name	Enter your last name.
Email ID	Enter your email ID.
Date of Birth	Specify your date of birth.
Debit Card Number	Specify the debit card number associated with the account defined in the Account Number field. This field is displayed only if you have selected Demand Deposit against the Account Type field.
Debit Card PIN	Enter the PIN of the debit card defined in the Debit Card Number field. This field is displayed only if you have selected Demand Deposit against the Account Type field.

Credit Card

The following fields appear if you have selected the option **Credit Card** from the **Account Type** list. Credit Cards are maintained with a third party system.

Credit Card Number	Enter the number of the credit card that you hold with the bank.
Name as on Card	Enter your name as embossed on the credit card.
Email Id	Enter your Email ID.
Credit Card Expiry Date	Specify the date on which your credit card will expire by selecting the month and year from the provided fields.
CVV Number	Enter the Card Verification Value (CVV) number printed on your credit card. This number can be found printed on the bank of most credit cards.
Date of Birth	Specify your date of birth.

3. From the **Account Type** list, select the type of account that you hold with the bank.
4. If you have selected options **Demand Deposit, Loan or Term Deposit** from the **Account Type** list:

- a. In the **Customer ID** field, enter your customer ID.
 - b. In the **Account Number** field, enter your account number corresponding to the account type selected against the **Account Type** field.
 - c. In the **First Name** and **Last Name** fields, enter your first and last name.
 - d. In the **Email ID** field, enter your email ID.
 - e. From the **Date of Birth** field, select your date of birth.
 - f. If you have selected the option **Demand Deposit** against the **Account Type** field, in the **Debit Card Number** and **Debit Card PIN** fields, specify your debit card number and PIN.
5. If you have selected option **Credit Card** from the **Account Type** list:
 - a. In the **Credit Card Number** field, enter your credit card number.
 - b. In the **Name as on Card** field, enter your name as embossed on the card.
 - c. In the **Email ID** field, enter your email address.
 - d. In the **Credit Card Expiry Date** fields, select the month and year in which your credit card will expire.
 - e. In the **CVV Number** field, enter your CVV number.
 - f. From the **Date of Birth** field, select your date of birth.
 6. Click **Continue**.
OR
Click **Cancel** to end the registration process.
 7. The **Verification** screen appears. For more information refer the [One Time Password](#) section.

Verification

8. Enter the verification code and click **Submit**.
The Confirmation screen appears along with a message stating that the link to generate username and password has been sent on your email.
9. Click on the link received on your email. The link will be redirected to OBDX portal for setting up your user name and password.
10. Enter a user name and password that you want to set as your log in credentials.

Create your log in details

The screenshot shows a web form titled 'Create your log in details' for 'futura bank'. The form has a header with 'ATM/Branch', 'English', and 'FCR 11.7 EOD Branch'. The main content area contains three input fields: 'User Name' with the value 'Smith@example.com', 'Password' with masked characters '*****', and 'Re Enter Password' also with '*****'. Each password field has a small icon to toggle visibility. Below the fields is a checkbox labeled 'I agree to Terms and Conditions' which is checked. At the bottom are two buttons: 'Sign up' and 'Cancel'.

Field Description

Field Name	Description
Create your login details	
User Name	Enter a value that you want to set as your user name.
Password	Enter a password to be considered as your login password.
Re-Enter Password	Re-enter the password entered in the Password field to confirm the same.
I agree to Terms and Conditions	Select the checkbox to acknowledge acceptance of registration terms and conditions.
Terms and Conditions	The link to view the terms and conditions.

11. In the **User Name** field, enter a value to be considered as your user name.

12. In the **Password** field, enter a password to be set as your login password.

13. In the **Re-enter Password** field, re-enter the password.

Note: Click inside the field to use  virtual keyboard to enter the Re-enter Password/Password

14. To accept the terms and conditions, select the check box.

15. Click **Sign Up**.

OR

Click **Cancel** to end the registration process.

16. The success message appears.

A mail is sent to the user's email ID containing his login user name and password.

17. Click **Login** to start using online banking.

Note: Click **Up** arrow to go to **Portal Overview** page.

5. Calculators

Financial calculators are tools used to arrive at a certain calculation helping to take a decision with some predefined criteria. Banks can provide details of their products and offers such as loan interest rates, fixed deposit interest rates, loan tenure etc. through calculators. Users can also use these calculators to compare different offers and products offered by the bank.

Oracle Banking Digital Experience provides calculators which banks can offer to their users on their digital channel. Calculators can be used by customers as well as prospects.

Features Supported In the Application

The different calculators are:

- Loan Eligibility Calculator
- Loan Installment Calculator
- Term Deposit Calculator
- Forex Calculator
- Goal Calculator

5.1 Loans Installment Calculator

The loans instalment calculator is a simple installment calculator which identifies the monthly installment amount payable on a loan based on the loan amount, tenure in years and interest percentage.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Loans & Finances tab > More Actions > Dashboard > Toggle Menu > Menu > Accounts > Loans & Finances tab > More Actions > Loan Calculator > Loan Installment Calculator

OR

Dashboard > Overview widget > Loans & Finances card > Accounts > More Actions > Loan Calculator > Loan Installment Calculator

OR

Dashboard > Toggle Menu > Menu > Financial Management > Personal Finance Management > Loan Calculator > Loan Installment Calculator

OR

Bank's Portal Page > Customer Services > Calculators > Loan Calculator > Loan Installment

Loan Installment Calculator

The screenshot shows the Futura Bank Loan Calculator interface. At the top, there's a search bar and a user profile icon. The main heading is 'Loan Calculator' with an 'Apply for Loan' button. Below this, there are two tabs: 'Loan Installment Calculator' (active) and 'Loan Eligibility Calculator'. The 'Loan Installment Calculator' tab contains three input fields: 'Loan Amount' (GBP 41,420.00), 'Loan Tenure (In Years)' (3), and 'Interest Rate' (0.31%). Each field has a range constraint below it. A 'Calculate' button is at the bottom left of the input section. To the right, the results are displayed: 'Loan Installment' (GBP 1,356.12), 'Total Interest Payable' (GBP 7,400.18), and 'Total Payment (P+I)' (GBP 48,820.18). Below the results is an 'Apply Now' button and a 'Frequently Asked Questions' section with five expandable items.

Field Description

Field Name	Description
Loan Amount	The user is required to specify the amount that he/she wants to borrow from the bank.
Loan Tenure (Years)	The user should specify the desired tenure of the loan in terms of years.
Interest Rate	The user must specify the desired interest rate that is to be charged on the loan.
Loan Installment	The monthly installment payable on the loan calculated on the basis of the loan amount, tenure and interest rate specified by the user.
Total Interest Payable	Total Interest Payable amount.
Total Payment	Total Payment amount.
Apply Now	Link to apply for a new loan.
Frequently Asked Questions	A list of questions and answers that are most frequently asked about a topic.

1. In the **Loan Amount** field, type or drag the slider to enter the loan amount.
2. In the **Loan Tenure (Years)** field, type or drag the slider to enter the loan tenure in years.

3. In the **Interest Rate** field, type or drag the slider to enter the interest rate.
4. Click **Calculate**. The application calculates and displays the monthly installment along with the total interest payable, and the total payment need to be done for the loan required.

5.2 **Loan Eligibility Calculator**

Loan eligibility calculator plays an important role in helping a customer understand their current position with respect to their borrowing capacity. The calculator enables customers to gain an understanding of their loan eligibility, considering their average monthly income and expenditure. It computes the loan amount and repayment amount based on income, expense, interest rate and tenure of the loan. Loan eligibility is calculated by the application and is displayed to the customer.

The eligibility is calculated on the basis of:

- The customer's average monthly income
- The customer's average Monthly Expenditures
- Tenure of the loan being inquired applied
- Estimated rate of interest

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Loans & Finances tab > More Actions > Loan Calculator > Loan Eligibility Calculator

OR

Dashboard > Overview widget > Loans & Finances card > Accounts > More Actions > Loan Calculator > Loan Eligibility Calculator

OR

Dashboard > Toggle Menu > Menu > Financial Management > Personal Finance Management > Calculators > Loan Calculator > Loan Eligibility Calculator

OR

Bank's Portal Page > Customer Services > Calculators > Loan Calculator > Loan Eligibility Calculator

Loan Eligibility Calculator

The screenshot shows the 'Loan Eligibility Calculator' interface on the Futura Bank website. The interface includes a search bar at the top, a navigation menu, and a main content area. The calculator is divided into two tabs: 'Loan Installment Calculator' and 'Loan Eligibility Calculator'. The 'Loan Eligibility Calculator' tab is active, showing input fields for 'Gross Monthly Income' (85460), 'Monthly Expenses' (38710), 'Duration (In Years)' (8), and 'Rate of Interest' (0.04). Below these fields is a 'Calculate' button. To the right of the input fields, the calculated results are displayed: 'Eligibility Amount' (GBP 5,834,256.00) and 'Average Installment' (GBP 46,750.01 / Month). There is also an 'Apply Now' link. At the bottom right, there is a 'Frequently Asked Questions' section with several questions and answers.

Field Description

Field Name	Description
Gross Monthly Income	The user is required to specify his gross monthly income.
Monthly Expenses	The user is required to specify the total amount spent per month towards expenses.
Duration (In Years)	The user is required to specify the desired loan tenure in years.
Rate of Interest	The user should specify the desired interest rate of the loan.
Eligibility Amount	Based on all the values defined by the user in the previous fields, the system will calculate the amount of loan that the user is eligible to borrow.
Average Installment	The system will display the estimated monthly installment amount.
Apply Now	Link to apply for a new loan.
Frequently Asked Questions	A list of questions and answers that are most frequently asked about a topic.

1. In the **Gross Monthly Income** field, enter your monthly income.
2. In the **Monthly Expenses (Monthly)** field, enter your monthly expenses.
3. In the **Duration (In Years)** field, enter the desired loan tenure.

4. In the **Rate of Interest Rate** field, enter the rate of interest.
5. Click **Calculate**. The application (In %) calculates and displays the eligible loan amount and the average installment amount.

5.3 Term Deposit Calculator

The Term Deposit calculator gives an indication to the user about the maturity amount which will be available, if a particular amount is invested at the bank and left for a fixed period of time. It calculates the total amount of the term deposit at the end of maturity period. The user can choose amongst different products which suits his requirements best.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Deposits tab > More Actions > Term Deposit Calculator

OR

Dashboard > Overview widget > Term Deposits card > More Actions > Term Deposit Calculator

Term Deposit Calculator

The screenshot shows the 'Term Deposit Calculator' interface on the Futura Bank website. The interface is divided into two main sections: a calculation form on the left and a summary/information area on the right.

Calculation Form (Left):

- TD Product:** A dropdown menu showing 'FD-Floating Rate'.
- Currency:** A dropdown menu showing 'GBP'.
- Term Deposit Amount:** A slider input field. The current value is 'GBP 5,928,220.00'. Below the slider, it says 'Values can range from 1000 to 91000000'.
- Tenure:** Three input fields for 'Years' (5), 'Months' (4), and 'Days' (12).
- Calculate:** A button to perform the calculation.
- Maturity Amount:** Displays 'GBP 6,931,859.35'.
- Total Interest:** Displays 'GBP 1,003,639.35'.
- Rate of Interest:** Displays '17.00%'.
- Apply Now:** A button to proceed with the application.
- Chart:** A pie chart showing the breakdown of the maturity amount: 86% Principal (dark blue) and 14% Total Interest (orange).

Summary/Information Area (Right):

- Unlock the freedom to invest on your terms!** A heading followed by a paragraph about the benefits of the Term Deposit product.
- At a Glance:** A list of bullet points:
 - Flexible choice of deposit tenure
 - Multiple redemption options for growing income
 - Cover shortfalls in savings account by sweeping in funds from linked deposits
- Check our interest rate here:** A link to view the interest rate.

Footer: A navigation bar with links to 'Current & Savings', 'Loans & Finances', and 'Deposits'.

Field Description

Field Name	Description
TD Product	The name of the product under which the term deposit is to be opened.
Currency	Currency in which the deposit is to be held.
Term Deposit Amount (Gross Monthly Income)	The customer is required to specify the amount for which the deposit is to be opened.
Tenure	Option to specify tenure in terms of Years / Months / Days.
Maturity Amount	The value of your deposit at maturity.
Total Interest	Displays the calculated amount as interest on the principal amount of deposit.
Interest Rate (In %)	Rate Interest applicable to the TD account to be opened.
Pie Chart	Displays the Principle Amount and Total Interest Amount in percentage (%).
Check our interest rate	Click on the link, it will redirect you to an external page where the rates, as maintained by the bank, are displayed. The content on this page is managed and updated by the bank.

To calculate deposit value at maturity:

1. From the TD **Product** drop-down list, select the term deposit product under which the TD is to be opened.
2. From the **Currency** drop-down list, select the desired currency in which the deposit is to be held.
3. In the **Term Deposit Amount (Gross Monthly Income)** field, type or drag the slider to enter the deposit amount.
4. In the **Tenure** fields, enter the relevant information in the **(Years/ Months / Days)** fields.
5. Click **Calculate**. The application calculates and displays the deposit value at maturity.

Note: Click on the **Apply Now** to open a new term deposit.

5.4 Forex Calculator

The foreign exchange calculator calculates the rate at which one currency can be exchanged for another. The Calculator displays the converted amount and the currency exchange rate applied. Exchange rates of only predefined currencies can be viewed by the customer.

Exchange rates for the currency will be fetched online from the host system and calculations will be done based on the exchange rate retrieved.

Features Supported In the Application:

This section enables user to see the value expected for a conversion of currency into other.

- Exchange rate of currencies
- Calculation of amount of currency converted to the other

Pre-Requisites

- Support for the currencies provided by host

How to reach here:

Bank's Portal Page > Customer Services > Calculators > Forex Calculator

Forex Calculator

The screenshot shows the Futura Bank website's Forex Calculator. The interface has a dark blue header with the Futura Bank logo and a search bar. Below the header, the title 'Forex Calculator' is displayed. The main content area contains two columns for input and output. The 'From' column has a 'Currency' dropdown set to 'USD' and an 'Amount' input field with '12300'. The 'To' column has a 'Currency' dropdown set to 'GBP', showing exchange rates '@1 USD = 50 GBP' and '@1 GBP = 0.02 USD', and an 'Amount' output field displaying 'GBP 615,000.00'. A red chat icon is visible in the bottom right corner.

Field Description

Field Name	Description
From	
Currency	Currency to be sold for which the exchange rate is to be inquired.
Amount	Amount for which conversion is required.

Field Name	Description
------------	-------------

To	
-----------	--

Currency	Buy currency for which the exchange rate is to be inquired.
-----------------	---

Amount	Amount which you will get post conversion.
---------------	--

To calculate currency exchange amount:

1. From the **From – Currency** list, select the appropriate currency.
2. In the **Amount** field, enter the amount to be converted.
3. From the **To - Currency** list, select the currency and enter the amount in the next field.
4. Application calculates, and displays the currency exchange value.
The exchange rate for both the buy and sell options for currency pair entered, appears.

5.5 Goal Calculator

The goal calculator helps users to calculate how much money they will need to contribute at a regular frequency in order to arrive at a specific savings goal.

This option allows the user to identify the amount of money that will need to be saved regularly in order to achieve a certain goal. This feature, hence, enables the user to figure out the feasibility of creating a goal based on the regular contribution amount for a defined period.

The user needs to enter the goal details along with his/her targeted amount. The outcome will be based on the values entered by the user.

How to reach here:

Bank's Portal Page > Open a new account > Click Futura Bank icon > OBDX portal Overview page> Achieve your Dream with Us > Apply Now

OR

Dashboard > Toggle menu > Menu > Financial Management > Personal Finance > Goals > Goal Calculator

Goal Calculator

Goal Calculator

Goal Category: BMW

Goal Fulfilment Period in Years: 5

Goal Fulfilment Period in Months: 4

Goal Amount: 25000

Initial Contribution: 1500

Remaining Amount: GBP 21,500.00

Frequency of Contribution: Quarterly

Amount to be contributed - GBP 758.00 Per Quarter

We are here to help you achieve goal! Total Savings: 21.1%

You pay 78.9% We contribute 21.1%

Please Note - All calculations are of approximate values.

Set your goal now! Cancel

Field Description

Field Name	Description
Goal Category	Select a goal category, e.g. Shopping, Education, Vacation etc.
Goal Fulfilment period in Years	Specify the tenure of the goal in years.
Goal Fulfilment period in Months	Specify the tenure of the goal in months.
Goal Amount	Enter the targeted amount of your goal.
Initial Contribution	Enter an amount, if any, that you are willing to contribute upfront towards the goal.
Remaining Amount	Application calculates and displays the amount that is remaining after deducting the initial contribution amount from the goal amount.

Field Name	Description
Frequency of Contribution	Select the frequency in which you will be making regular contributions towards the goal. The options are • Quarterly • Monthly • Weekly
Amount To be contributed	Application calculates and displays the amount you will be required to contribute monthly/quarterly/weekly, as generated by the system, based on your entries, will be displayed.
Goal Tenure	Displays the tenure to achieve the goal.
We are here to help you achieve goal	Displays the contribution of user in percentage. Also the bar displays the amount paid by you, the amount paid by the bank, and the total savings percentage in the specified period.

To calculate a goal:

1. From the **Goal Category** list, select the desired goal category for which calculation is to be done.
2. From the **Goal Fulfilment Period in Years** list, select the tenure of the goal in years, i.e. the time frame in which you plan to achieve the goal.
3. From the **Goal Fulfilment Period in Months** list, select the tenure of the goal in months, i.e. the time frame in which you plan to achieve the goal.
4. In the **Goal Amount** field, enter the targeted goal amount.
5. In the **Initial Contribution** field, enter the amount that you are willing to contribute upfront towards the goal. The **Remaining Amount** is calculated and get displayed.
6. In the **Frequency of Contribution** field, select the desired option.
By default, the **Monthly** option appears selected.

The system calculates and displays the amount that you will be required to contribute regularly in order to achieve your goal. The percentage of the amount that you will be required to contribute towards the goal, as well as the percentage of amount that the bank will contribute towards your goal, will be displayed alongside a bar graph.

7. Click **Set your goal Now!**, to create the goal. If you have accessed the goal calculator from the pre-login portal page, you will be prompted to log in to the system so as to arrive at the **Create a Goal** screen where all the values as already defined, will be prefilled.
OR
Click **Cancel** to cancel the transaction.

FAQ

1. What do the “you pay”, “We Contribute” fields suggest?

You pay is the amount in percentage, the customer contributes towards his goal, while the **We Contribute** component is the interest contributed by the bank towards fulfilment of the goal.

2. Can the customer calculate how much time he will need to achieve a Goal, if he pays x amount every month for 2 years?

The goal calculator helps the customer to identify the amount he needs to contribute frequently so that he can achieve his goal within the desired time frame. Reverse calculation is not possible.

6. First Time Login

When a new user logs into the application for the first time with the user name and password provided by bank, there are certain tasks that he/she needs to fulfill before being able to access the online services of the bank. These steps are configured by Bank and can include accepting Terms and Conditions, Setting up Security Question, My profile and limit information.

Note: The steps and sequence for 'First Time Login' may vary for different users as defined or configured by System Administrator.
Each step will either have **Next** or **Skip** button basis on the configuration done by Bank Administrator.

Prerequisites:

- The bank administrator has enabled the First time login steps for Retail users.

How to reach here:

Portal Page > Login

To log in to the application:

1. Open an internet browser to access the application.
2. Type the Oracle Banking Digital Experience URL in the Address bar, and press Enter.
The **Portal** page appears.
3. Click **Login**.
The Login screen appears.

Login

Field Description

Field Name	Description
Username	Enter your login user name. <u>Note: Usernames are case insensitive i.e. User can login in OBDX with any case.</u>

Field Name	Description
Password	Enter your login password.

1. In the **Username** field, enter your user name.
2. In the **Password** field, enter your password.

Note:

- 1) Click inside the field, the Virtual Keyboard link appears. Click on the link to use virtual keyboard to enter the Username/Password.
- 2) The characters typed in the **Password** field appear masked (•••••) for security reasons.

3. Click **Login**.
The next **configured** screen appears.

Note: Force Change password is not a part of First Time Login flow wizard, this screen will appear for every new user.
The Force Change Password screen will only appear for users for whom the password is set by administrator and not for the users who have self-registered themselves.

Terms and Conditions

These Terms mentioned herein form the contract between the User using the Internet Banking services and the Bank. By applying for Internet Banking Services and accessing the service the User acknowledges and accepts these Terms of Service (Terms and Conditions). Any conditions relating to the accounts of customer other than these Terms will continue to apply except that in the event of any conflict between these Terms and the account conditions, these Terms will continue to prevail. The agreement shall remain valid until it is replaced by another agreement or terminated by either party or account is closed, whichever is earlier.

1. APPLICATION FOR INTERNET BANKING SERVICES

The Bank may offer Internet Banking Service to selected customers at its discretion. The customer would need to be Internet User or have access to the Internet. The acceptance of the application and the acknowledgement thereof does not automatically imply the acceptance of application for Internet Banking Services. The Bank may advise from time to time the Internet software such as browser, which are required for using Internet Banking Services. There will be no obligation on the part of the Bank to support all the versions of this internet software.

2. INTERNET BANKING SERVICES

The Bank shall endeavor to provide to the User through Internet Banking services such as inquiry about the balance in his/her account(s), details about transactions, statement of account, request for issue of cheque-books, request for transfer of funds between accounts of the same User and other accounts and many other facilities as the Bank may decide to provide from time to time. These facilities shall be offered in a phased manner at the discretion of the Bank. The Bank at its sole discretion may also make additions/deletions to the Internet Banking Services being offered without giving any prior notices or reasons. The availability/non availability of a particular service shall be advised through the web page of the Bank or written communication or any other mode as the Bank thinks fit. The Bank shall take reasonable care to, ensure the security of and prevent unauthorized access to the Internet Banking Services using technology reasonably available to the Bank. The User shall not use or permit to use Internet Banking Service or any related service for any illegal or improper purposes.

The USER would be allotted a User-id and a password (to be used at the time of login) by the BANK in the first instance. The USER will be required to mandatorily change the User-Id and password assigned by the BANK on accessing Internet Banking Services for the first time.

As a safety measure the USER shall change the password as frequently as possible, at least once in 90 days. In addition to User-id and Password the BANK may, at its discretion, advise the USER to adopt any other means of authentication including but not limited to One Time SMS Password and/or Digital certification issued by Bank, licensed or approved Certifying Authorities or vendors.

The USER shall not attempt or permit others to attempt accessing the account information stored in the computers and computer networks of the BANK through any means other than the Internet Banking Services.

3. USER-ID AND PASSWORD

The USER shall:

1. Keep the User-id and password totally confidential and not reveal them to any third party.
2. Create a password of at least 8 characters long and shall consist of a mix of alphabets, numbers and special characters which must not relate to any readily accessible personal data such as the USER's name, address, date of birth, telephone number, vehicle number, driver license etc. or easily guessable combination of letters and / or numbers.
3. Commit the User-id and password to memory and not record them in a written or electronic form, and
4. Not let any unauthorized person have access to his computer or leave the computer unattended while using Internet Banking Services.
5. Not disclose/reveal his/her personal or confidential information to anyone over email/SMS/phone call even if it's purportedly from our bank. Our bank or any of its representatives will never send you email/SMS or call you over phone to seek your personal information like Username, passwords, One Time SMS passwords etc. For tips on safe usage of password(s), "Password Management" displayed as a link on the login page of our bank may be referred.
6. Not access internet banking if his/her computer device is not free of malware (Viruses, Trojans, etc.).

In the event of forgetting of User-id and/or password or expiry/ disability of password(s) USER can request for change of the password by sending a written request to the BANK or call up the customer care. The selection of a new password and/or the replacement of User-id shall not be construed as the commencement of a new contract. The User agrees and acknowledges that BANK shall in no way be held responsible or liable if the User incurs any loss as a result of compromise of User-id and password by the User himself or User has failed to follow the Internet Banking Service instructions as published by the BANK on the site from time to time. User agrees to fully indemnify and hold harmless BANK in respect of the same.

Locking of User ID

Internet Banking Password / User ID shall get locked after a number of incorrect attempts, up to such number (at present 3 failed attempts) as may be decided by the Bank from time to time. The same shall be available on the next day. In case of emergency, the User ID / password can be unlocked through the branch.

Deactivation of User ID

The Bank has the discretion to deactivate a User Internet Banking ID if the same has not been used for a period defined by the Bank. Also the Bank has the right to deactivate the Internet Banking login of User due to unsatisfactory behavior in the account.

User Security Question Setup

The screenshot shows the Futura Bank user interface. At the top, there's a header with the Futura Bank logo and a welcome message for Jones Smith. Below the header, a large banner reads "Thank You for choosing Futura Bank as your Banking needs partner. We welcome you to the Futura Bank family. Happy Banking!!!". The main content area is titled "User Security Question" and states "User Security Questions have not been set up yet." There is a "Set up now" button. To the right, a "Note" box explains that security questions are an added layer of security and lists two requirements: choosing difficult-to-guess answers and avoiding questions found on public or social media sites. The footer contains copyright information for 2006, 2020, Oracle and/or its affiliates.

12. Click **Setup Now** to setup security questions.
The **Set Security Questions** screen appears.
OR
Click **Skip** to skip this step.

Set Security Questions

The screenshot shows the "Set Security Questions" screen. It features a list of four security questions, each with a dropdown menu for the answer. The questions and answers shown are: "What is the brand of your first mo..." with answer "XYZ brand"; "In what county were you born?" with answer "India"; "What is your favourite teacher's na..." with answer "Joseph Colt"; and "Which sport you like most?" with answer "Football". The fourth question, "How many siblings do you have?", has the answer "2". At the bottom, there are "Save" and "Skip" buttons. A "Note" box on the right side of the screen provides the same explanation and requirements as in the previous screenshot. The footer contains the same copyright information.

Field Description

Field Name	Description
Security Questions	Select a question to be assigned as a security question. The security questions will be numbered, e.g. Security Question 1, Security Question 2 and so on. The number of security questions and answers available will be dependent on the number configured by the bank administrator.
Answer	Specify an answer for the selected security question. The fields in which you can specify answers to selected security questions will be displayed below each security question and will be numbered, e.g. Answer 1, Answer 2 and so on.

13. From the **Security Question** list, select the security question to be added in your security question set.
14. In the **Answer** field, enter an answer for the corresponding security question.
15. Click **Save** to save the security questions.
The user is directed to the Dashboard screen.

7. Dashboard

The dashboard is the first landing page that the customer views after logging in. It displays the summary of all the user's accounts in a single screen. It also enables the user to access various functions quickly without having to use the toggle menu to navigate to the required screen.

7.1 Retail Dashboard

The Retail Dashboard is displayed in the form of widgets. It follows the creative concept of cards which results in an organized dashboard that engages the user and displays information that is easy to decipher.

Dashboard Overview

Header Icons

The following icons are present on the retail dashboard:

- : This option is provided on all screens and enables the user to return to the dashboard.
- : Click this icon to navigate to the Mailbox screen.
- : Enter the transaction name and click search icon to search the transactions.
- : Click this icon to access to transactions like Personalize Dashboard, Change Theme, Switch to Dark Mode, Switch to Default Dashboard, and Language selection

- : Click this icon to view the user's name along with the last login date and time. Clicking on this icon displays a drop-down with the options to change entities, view the user's profile or to log out from the application.
- : Click the toggle/hamburger menu to access the transactions.
- : Click this icon to close the toggle menu. This icon appears if the toggle menu is open.

Header Menu Options

- **Preferred Language:** Click on the , and click **Language** to set your desired language to use the application.
- **Select Entity:** Users with multiple relationships (Retail and Business relationships) will be able to login using single login credentials. Click on  icon and then click on the **Entity**, then select your desired entity. Based on the selected entity, the parties within it and listed for selection.

Note:

- For retail profile, 'Personal' will be shown in the party expansion. On selecting 'Personal', the Party Name will be shown next to the user initials.
 - For all business profiles, the Business Names will be shown in the party expansion as well as next to the user initials.
 - If the user has presence only in a single entity with single party, then the entity value will not be available in the drop-down.
-

FATCA & CRS link: Click the link to access the FATCA and CRS Self – Certification Form so as to provide information required by the bank to comply with the FATCA and CRS regulations. This link will be displayed on the dashboard only if you are required to submit the FATCA & CRS Self-Certification form.

Toggle Menu Transactions

The following items are present on the Toggle Menu:

- **Accounts** : This menu consists of sub menu items like Current and Savings account, Term Deposits and Loans and Finances to navigate to the respective account related transactions.
- **Futura Wallet** : This menu contains options to access all the wallet related transactions and screens.
- **Cards** : Click this menu to access the credit card related transactions.
- **Payments** : Click here to access Payments related transactions or setting up of payments.
- **Bill Payments** : Click here to access the Electronic Bill Payments and Presentment related transactions.
- **UPI** : Click here to access the UPI Payments transaction.
- **Personal Finance** : Click this menu to plan finances and track expenditure. It consists of sub menu items like Goal, Spends and Budget.
- **Wealth Management** : Click this menu to access the wealth management related transactions.
- **Service Requests** : Click this menu to raise a new service request and track the status of a service request.
- **Account Settings** : Click this menu to set your preferences and daily limits, change password and personalize your dashboard.

-  **Mailbox** : Click this menu to view the Mails, Alerts and Notifications.
-  **Product Offerings** : Click this menu to apply for a new account.
-  **Calculators** : Click this menu to access financial calculators to do certain calculation.
-  **Leave Feedback** : Click this menu to leave your feedback about the user interaction of the application.
-  **ATM & Branch Locator** Click to view the address and location of the ATMs and the branches of the Bank. For more information click here.
-  **Help** : Click this menu to launch the online help.
-  **About** : Click this menu to view the information about the application like version number, copyright etc.
-  **Logout** : Click this menu to log out of the application.

Overview

This section displays an overview of the customer's holdings with the bank as well as links to various transactions offered to the customer. The **Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans Credit Cards, and Mutual Funds. The user can select an account type in order to view details of each account belonging to that specific account type. It is a container and user can scroll from left to right, right to left.

Note: If the user does not have any **Loans, Credit Cards and CASA** - On the empty state screen, when the retail user selects a product for CASA, loans or credit cards, then the user is re-directed to the origination flow.

If the user does not have any **Term Deposits and Recurring Deposits** - On the empty state screen, when the retail user selects a product for recurring or term deposit, then the user is re-directed to the **New Term Deposits** or **New Recurring Deposits** screen.

The account types the can be listed in this widget are as follows:

- Overview
- Recent Transactions
- Financial Advisor
- Special Offers
- Spend Analysis
- Budgets
- Quick Insights
- Bills
- Calculators
- Credit Score
- Rewards

The **Overview** widget displays cross sell cards i.e. cards which enable the user to navigate to the other modules of the bank. The **Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans, Credit Cards, and Mutual Funds as well as links to various transactions offered to the customer. The widget displays details specific to that account type, such as summary of that specific module which consists of information like the total count of accounts/loans/cards, etc. held by the customer with the bank along with information such as the current balance across all accounts of that module, total dues (in case of credit cards), the total amount of loan outstanding, etc.

On clicking on any account type card, the summary page gets displayed which consist of information such as the total count of accounts/loans/cards, etc. held by the customer with the bank, along with information such as the current balance across all accounts of that module, total dues (in case of credit cards), the total amount of loan outstanding, etc. on next page.

Note: The **Overview** widget is applicable for both desktop and mobile (responsive) view.

Quick Insights

This widget will display notifications to the user based on events such as when the user's term deposit is nearing maturity or has matured, an upcoming credit card bill due date, etc. A separate card will be displayed for each event and the user will be able to take actions as provided on each card. Multiple cards can be displayed at a time in the widget and the user will be able to scroll through the cards. Following are the insights are added for retail user:

- Personal Loan to Credit Card user: If a credit card customer is making partial credit card payment or if the credit card payment is overdue, an Insight will be shown to the customer to avail a Personal Loan from the bank to pay the credit card outstanding amount.
- Investment advice on deposit maturity: If a user's Deposit account has just matured, an Insight will be shown to invest the proceeds in another Deposit account to get better returns as compared to just keeping the funds in the savings account.
- Investment advice on Excess funds: If a user's Savings Account has some excess funds (amount threshold defined by the bank admin), an Insight will be shown to invest the excess amount in a Deposit account to get better returns as compared to just keeping the funds in the savings account.
- Renewal advice for deposit nearing maturity: If a user's Deposit account is nearing maturity and auto-renew is set to 'Off' for the deposit, then an Insight will be shown to user to enable auto-renew for the deposit
- Warning on insufficient funds: If the user's account does not have sufficient funds for upcoming payments scheduled for the current month, then a warning is shown to the customer. There are options to see the details of the upcoming payments as well as to add funds to the account.
- Relevant activities for the customer: There is a widget that lists the frequently used activities by the user. It allows the user to quickly navigate to the desired section of the application.

Recent Transactions

This widget displays the recent activity in the user's Savings, Term Deposit and Loans accounts. It displays the date of transaction, a description of the transaction and the debit / credit amount. The user can select an account number of a particular account type, to view the recent account activity of that account.

Click the **View All** link to view the statements of the selected account type.

Bills

The Bills widget enables the retail user to access the Electronic Bill Payments and Presentment related transactions. Different bills are placed on the widgets, which enables the users to pay utility bills towards various types of billers such as 'payment', 'payment and presentment or recharge'. All the bills, that are due to be paid are listed in this widget, users can pay their bills easily and quickly. The bill payments widget enables the user to gain easy access to the following transactions and features:

- **Pay Now:** This feature enables users to pay utility bills towards various types of billers like 'payment', 'payment and presentment, recharge.
- **View All :** This feature enables users to view all the billers.

Spend Analysis

This section displays the spending analysis of the customer. The user can view the total expenditure incurred during the past 1/3/6/9 months. Click the **View All** link to open the **Spend Analysis transaction** screen.

Goals

This widget displays all the active goals that are created by the user. Click the **Add Goal** link to open the My Goal transaction screen from which the customer can view, modify, contribute to a goal or even withdraw some amount from a goal.

Budgets

This widget displays the all the budgets created by the user. Click the **View All** link to open the Budgets transaction screen where all budgets are listed. It allows user to view, edit and delete budget.

Calculators

This widget showcases financial calculators which helps users to do certain calculation helping to take a decision with some predefined criteria. Banks can provide details of their products and offers such as loan interest rates, fixed deposit interest rates, loan tenure etc. through calculators. Users can also use these calculators to compare different offers and products offered by the bank.

Oracle Banking Digital Experience provides calculators which banks can offer to their users on their digital channel. Calculators can be used by customers as well as prospects.

The different calculators offered are:

- Loan Calculator
- Term Deposit Calculator
- Forex Calculator

Credit Score

This widget **assists** users in comprehending their current credit status more effectively.

Rewards

This widget presents the rewards points, vouchers, and total cashback accumulated by the user, enabling them to redeem these for merchandise, gift vouchers, or air miles as desired. **Financial Advisor**

This widget displays the names and contact details of the user's relationship manager. If the relationship manager is not assigned to the user, then bank's contact details are displayed .

Note:

- 1) Click  arrow to go back to the **previous** page.
 - 2) Retail User can access the transactions under 'More Actions' based on the status of Credit Card/ Debit Card/ Loan Account/ Term Deposit account/ CASA account.
 - 3) All transactions are supported on 'Desktop', 'Mobile' and 'Tablet' form factor.
-

8. Forgot Password

The login password is the password using which the user can log into the internet banking platform. The user cannot access his bank accounts without this password. The Forgot Password feature enables users to reset their login password. While resetting password system displays the password policy block as a popup message.

The user is required to enter his User ID and Date of Birth. Post successful validation of the user's details, user is asked to enter the second factor authentication details (as per the authentication mode maintained by the Bank).

Once the user is authenticated, user will receive a link to generate the new password, on his registered email ID.

Pre-requisites

- The user must have valid login credentials to access the digital banking platform.
- The system administrator must have setup 2 factor authentication for Forgot Password.

Features Supported In the Application

- User Verification
- New Password Creation

How to reach here:

Portal > Forgot Password

To reset the password:

1. In the **Login** page, click **Forgot Password**. The **Forgot Password** screen appears.

Forgot Password - User Verification

The screenshot displays the 'Forgot Password' user verification interface. At the top, there is a navigation bar with the Futura Bank logo, a search bar, and links for 'ATM & Branch Locator', 'English', and 'UB5 OBPM 14.4 HEL Branch'. Below the navigation bar, the title 'Forgot Password' is displayed. The main form contains two input fields: 'Username' and 'Date of Birth', both marked as 'Required'. Below the 'Date of Birth' field, there is a calendar icon. At the bottom of the form, there are 'Cancel' and 'Submit' buttons. A red chat bubble icon is visible in the bottom right corner of the form area.

Field Description

Field Name	Description
Username	Enter your login username.
Date of birth	Enter your date of birth.

2. In the **Username** field, enter your login username.
3. In **Date of birth** field, enter your date of birth.
4. Click **Submit**.
OR
Click to **Cancel** the transaction.

Note: Click Up arrow to navigate back to Dashboard.

5. The **Verification** screen appears. The user has to enter the 2factor authentication, before he can proceed. 2 factor authentication (OTP/Security question/Soft Token) will be displayed as per the setup done by the system administrator.
A **Confirmation** screen appears, along with a message stating that the link to reset password has been sent to user's registered email.
6. Click the link received in your email to reset the password. The **Reset Password** screen appears with the **Password Policy** popup screen. Click **OK** to continue.

Reset Password – New Password Creation

Password Policy popup

Field Description

Field Name	Description
Please enter your new password	
Password	Enter a new password for channel access.
Re-enter Password	Re-enter the new password to confirm the same.

7. In the **Password** field, enter a new password.
8. In the **Re-enter Password** field, re-enter the new password.

Note: Click inside the field to use  virtual keyboard to enter the Re-enter Password/Password

9. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
10. A message confirming the successful reset of the password appears. Click **Login** to log in to the application.

9. Forgot Username

Using this feature user can retrieve his channel banking Username, in case he has forgotten the same.

Pre-requisites

- The user must have valid login credentials to access the digital banking platform.
- The system administrator must have setup 2 factor authentication for Forgot Username.

How to reach here:

Portal > Forgot Username

To reset the username:

1. In the **Login** page, click **Forgot Username**. The **Forgot Username** screen appears.

Forgot Username

Field Description

Field Name	Description
Email	Enter your email ID that is registered with the bank.
Date of birth	Enter your date of birth.

2. In the **Email** field, enter your email ID that is registered with the bank.
3. In **Date of birth** field, enter your date of birth.

Note: Click Up arrow to navigate back to Dashboard.

4. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.

5. The verification screen appears if the transaction is configured for 2 Factor Authentication.
6. Enter the details required for second factor authentication.
The **Forgot Username** confirmation screen appears.
7. A message stating that the username has been sent to your registered email address appears. Click the **Click here** link to log in to the application.

Note: If a user has more than one user ID with the same email ID and DOB, then he/she will not be able to retrieve his/her User ID using the above function. In that case, the user will have to contact the bank for retrieving his/her user ID.

10. Live Chat

Multi-Modal Assisted Banking allows you to initiate a video or voice call and can share his / her screen with the Bank user in case they face an issue while completing a transaction or have any queries pertaining to their account. The multi-modal assisted banking feature is configurable. Below are the features being provided as part of the current release:

- Integration with Oracle Live Experience for assisting customer.
- An assisted banking icon across the application for end user, by clicking on which he/she can start the call.
- Business user can enable and disable this option from his user preferences.

Note: Live Chat is supported only when the user is logging from desktops.

How to reach here:

Bottom right corner of the application

To start a meeting:

1. Click  icon.
2. The session recording message is displayed,
Click **Yes** to continue with the modal assisted banking session.
OR
Click **Cancel** to close the session.

Live Chat

3. Application prompt user to give access to the devices like camera, microphone.
Click **Allow** to give access.
OR
Click **Block** to disallows the access to devices.
4. Share your screen message is displayed. Select the application and click **Share**.
OR
Click **Cancel** to abort the live chat session.
5. The screen is shared with the customer support representative.

6. Business user can voice or video chat with the Bank executive basis on the configuration done by bank.
7. Screen shows the confirmation message once the session gets ended.

11. FATCA & CRS Form

The Foreign Account Tax Compliance Act (FATCA) is a United States federal law that was introduced to enable the Internal Revenue Service (IRS) to obtain detailed account information of US tax payers that invest and earn income through non U.S. institutions.

The Common Reporting Standard (CRS), is a global reporting standard developed by the Organization for Economic Cooperation and Development (OECD). This information standard was brought into effect for the purpose of combatting tax evasion at a global level.

The goal of both FATCA and CRS is to enable tax authorities to obtain information pertaining to the financial assets held by their citizens in foreign or overseas financial institutions, thereby greatly strengthening global tax compliance.

The FATCA and CRS Self – Certification Forms for Individuals and Entities has been created so as to capture required information for the purposes of complying with both FATCA and CRS.

A FATCA & CRS check is maintained under system configurations by the system administrator to identify if FATCA & CRS is to be enabled or not. If enabled, every time a business user logs into the banking application, the system will identify whether the user is required to fill out the form or not and further identify the type of form to be provided to the user based on the type of user. Individuals and sole proprietors will be displayed the FATCA & CRS Self – Certification form for Individuals and Corporates and other business entities will be displayed the FATCA & CRS Self – Certification form for Entities. Moreover, the FATCA & CRS Self – Certification form for Entities will be made available only to users that are accessing the online banking services of the entities in the capacity of trustees, sole owners or authorized signatories.

This section documents the information captured in the FATCA & CRS Self – Certification forms for both Individuals and Entities.

Workflow

The following workflow identifies the steps involved in the process of capturing customer information required from the view point of complying with FATCA & CRS, considering that the FATCA & CRS check in system configuration is set to Enabled.

How to reach here:

Retail Dashboard > FATCA and CRS Self - Certification Form link > FATCA and CRS self - certification Form

11.1 **FATCA & CRS Self - Certification Form for Individuals**

The FATCA and CRS – Self Certification form for Individuals is displayed to those users that are required to fill out the FATCA and CRS form and are either individuals or sole proprietors. The sections that consist of this form are documented as follows:

To fill the FATCA & CRS Self - Certification Form for individuals:

1. Select the **FATCA & CRS** link displayed as part of a message on the dashboard.
The FATCA & CRS Self - Certification Form for Individuals appears.

11.1.1 **Customer Identification**

In this section, enter basic personal details that includes your name, primary address, identification information, etc.

Customer Identification

The screenshot shows the 'FATCA & CRS Self-Certification Form For Individuals' on the Futura Bank website. The form is titled 'Customer Identification' and contains the following fields:

FATCA & CRS Instructions

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

Substantial Presence Test

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
 - All the days you were present in the current year, and
 - 1/3 of the days you were present in the first year before the current year, and
 - 1/6 of the days you were present in the second year before the current year.

What is FATCA & CRS?

&

Why are you being asked to fill this form?

FATCA (Foreign Account Tax Compliance Act) and CRS (Common Reporting Standard) aim at combatting tax evasion on a global level.

As per the Inter-governmental agreement (IGA) with the US and OECD, all financial institutions including Zigbank are required to obtain self-certification and to carry out due diligence of all accounts held with the bank.

Please complete all sections of this form. In certain circumstances, the bank may be required to share this information with relevant tax authorities.

Please consult your professional tax advisor if you have any questions regarding this form.

FATCA & CRS Instructions

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Field Description

Field Name	Description
Was the Entity established in a country other than <Name of Country>? (Applicable to Sole Proprietors only)	This field is applicable to sole proprietors only. Specify whether the entity was established in the country or in another country. The options are: • Yes – Select this option to identify that the entity was established in a country other than the country in which your accounts are held. • No – Select this option to identify that the entity was established in the country in which your accounts are held.
Are you a tax resident of any country other than <Name of Country>?	Specify whether you are a tax resident of country other than the country in which your accounts are held. The options are: • Yes – Select this option to identify that you are a tax resident of a country/countries other than the one in which your accounts are held. • No – Select this option to identify that you are not a tax resident of any country other than the country in which your accounts are held.
The following fields are enabled if you have selected the option Yes in either of the two fields above.	
Country of Tax Residence	Select the country in which you are considered a tax resident.
TIN Available	Specify whether your Taxpayer Identification Number (TIN) of the country in which you are a tax resident, is available or not. The options are: • Yes – Select this option if your TIN for the country selected in the Country of Tax Residence field is available. • No – Select this option if you do not have a TIN for the country selected in the Country of Tax Residence field.
Tax Identification Type	Select your TIN type from the list. The values in this list are populated based on the Identification documents that are accepted as TINs in the country that you have selected as Country of Tax Residence. This field appears if you have selected the option Yes against the TIN Available field.

Field Name	Description
Other Tax Identification Type	Specify the identification document that you are providing as TIN if you have selected the option Other from the list of values available under Tax Identification Type. This field appears if you have selected the option Other in the Tax Identification Type field.
TIN/ TIN Equivalent	Specify the taxpayer identification number. This field appears only if you have selected the option Yes against the field TIN Available.
Reason for Non Availability	Specify the reason of non-availability of taxpayer identification number. This field appears if you have selected the option No in the TIN Available field.
Add Another Country	The link to add details of another country in which the user is a tax resident. You may choose to add further records, up to a defined number, if you are a tax resident of more than one country.
Remove Country	This link is displayed against the record of a country that has been added as country of tax residence. Select this link to delete the specific record against which the link is displayed.
The following fields are specific to the United States of America, in which you are required to identify your relationship with the United States specifically.	
Are you a citizen of the United States of America?	Specify whether you are a citizen of the United States of America. The options are: • Yes • No
Do you meet the Substantial Presence Test?	Specify whether you meet the substantial presence test criteria. By means of the substantial presence test, it can be identified whether you are to be considered a citizen of the United States or not. The options are: • Yes • No

Field Name	Description
Do you have a U.S. Green Card?	Specify whether you hold a United States green card. A U.S. Green Card is allotted to persons who are considered lawful permanent residents of the United States and who have been granted permission to reside in as well as to seek employment in the United States. The options are: • Yes • No

1. In the **Was the Entity established in a country other than <Country name>? (Applicable to Sole Proprietors only)** field, select the applicable option.
2. In the **Are you a tax resident of any country other than <Country name>?** field, select the applicable option.
 - a. If you have selected the option **Yes** in either of the two fields - **Was the Entity established in a country other than <Country name>?** or **Are you a tax resident of any country other than <Country name>?**, specify details pertaining to the country/ countries in which you are a tax resident. The steps are as follows:
 - i. In the **Country of Tax Residence** list, select the country in which you are a tax resident.
 - ii. In the **TIN Available** field;
 1. Select the option **Yes** if you have a TIN for the country in which you are a tax resident.
OR
Select the option **No** if you do not have a TIN for the country in which you are a tax resident.
 - iii. If you have selected the option **Yes** against the field **TIN Available**, select the TIN type from the **Tax Identification Type** field and specify the TIN number in the **TIN/TIN Equivalent** field.
OR
If you have selected the option **No** against the field **TIN Available**, specify the reason for which you do not have a TIN in the field **Reason for Non Availability**.
 - iv. Click the **Add Another Country** link, to add another country record if you are a tax resident of more than one country.
Repeat Steps I to iii.
 - v. Click the **Remove Country** link displayed against a country record if you wish to delete the country record.
3. In the **Are you a citizen of the United States of America** field, select the applicable option.
4. In the **Do you meet the Substantial Presence Test?** field, select the applicable option.
5. In the **Do you have a U.S. Green Card?** field, select the applicable option.
6. Click **Continue**. The **Declaration** section appears.

11.1.4 Declaration

This section displays the FATCA & CRS declaration for which you are required to provide consent by selecting the provided check box.

Declaration

The screenshot shows the 'FATCA & CRS Self-Certification Form For Individuals' on the Futura Bank website. The form is divided into several sections:

- Customer Identification**
- Additional KYC Information**
- Tax Residency Information**
- Declaration**

The Declaration section contains the following text:

I acknowledge and agree that information contained in this form and information regarding income above may be reported to the tax authorities of the country in which such income arises and that those tax authorities may provide the information to the country or countries in which I am a resident for tax purposes.

Zigbank is not able to offer any tax advice on FATCA or CRS or its impact on me. I shall seek advice from a professional tax advisor for any tax related questions. I undertake to notify Zigbank of any change in circumstances that causes any information on this form to become incorrect and to provide Zigbank with updated information within 30 days of said change.

I authorize Zigbank to close or suspend my account(s) without any obligation of advising me of the same if any information provided by me in this form or hereafter is found to be false, untrue or misleading. I have understood the FATCA and CRS instructions and the requirement of information collected through this form and hereby confirm that the information provided by me in this form is true, correct and complete to the best of my knowledge.

FATCA & CRS Instructions

Along with many governments, the government of Country Name has entered into an Inter-governmental Agreement (IGA) with other governments that require financial institutions such as the Bank to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all account holders. In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

Substantial Presence Test

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

- 31 days during the current year, and
- 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:

- All the days you were present in the current year, and
- 1/3 of the days you were present in the first year before the current year, and
- 1/6 of the days you were present in the second year before the current year.

Field Description

Field Name	Description
Is the Entity a tax resident of any country other than <country name>?	Specify whether the entity is a tax resident of any country other than country in which the entity's accounts are held. The options are: • Yes – Select this option to identify that the entity is a tax resident of a country/countries other than the one in which it's accounts are held. • No – Select this option to identify that the entity is not a tax resident of any country other than the country in which it's accounts are held.
The following fields are enabled if you have selected the option Yes against the field Is the entity a tax resident of any country other than <country name>?	
Country of Tax Residence	Select the country in which the entity is considered a tax resident.
TIN Available	Specify whether the entity's taxpayer identification number of the country of which it is a tax resident, is available or not. The options are: • Yes – Select this option if the entity's TIN for the country selected in the Country of Tax Residence field is available. • No – Select this option if the entity's TIN for the country selected in the Country of Tax Residence field is not available.
Tax Identification Type	Specify the tax identification type of the entity that will be provided as proof of tax residency. The values in this list are populated based on the Identification documents that are accepted as TINs in the country that you have selected as Country of Tax Residence. This field appears if you have selected the option Yes in the TIN Available field.
Other Tax Identification Type	Specify the identification document of the entity that you are providing as TIN, if the tax identification type is other than the listed option in the Tax Identification Type list. This field appears if you have selected the option Other in the Tax Identification Type field.
TIN/ TIN Equivalent	Specify the Taxpayer Identification number.

Field Name	Description
Reason for Non Availability	Specify the reason of non-availability of taxpayer identification number. This field appears if you have selected the option No in the TIN Available field.
Add Another Country	The link to add details of another country in which the entity is a tax resident. You may choose to add further records, up to a defined number, if the entity is a tax resident of more than one country.
Remove Country	This link is displayed against the record of a country that has been added as country of tax residence. Select this link to delete the specific record against which the link is displayed.
Is the entity incorporated in the United States of America	Specify whether the entity was incorporated in the United States of America. The options are: • Yes • No
Does the entity have any ultimate beneficial owners (incl. controlling persons) who are a tax residents (incl. US citizens/ green card holders) of countries other than <country name>?	Specify whether the beneficial owners including the controlling persons of the entity/ organization are tax residents of any other country. The options are: • Yes • No

7. In the **Is the Entity a tax resident of any country other than <country name>?** field, select the applicable option.
 - a. If you have selected **Yes**, specify details pertaining to the country/countries in which the entity is a tax resident. The steps are as follows:
 - i. In the **Country of Tax Residence** list, select the country in which the entity is a tax resident.
 - ii. In the **TIN Available** field;
 1. Select the option **Yes** if the entity's TIN for the country in which it is a tax resident is available.
OR
Select the option **NO** if the TIN is not available.
 - iii. If you have selected the option **Yes** against the field **TIN Available**, select the TIN type from the **Tax Identification Type** field and specify the TIN number in the **TIN/TIN Equivalent** field.
OR
If you have selected the option **No** against the field **TIN Available**, specify the

reason for which the entity's TIN is not available in the field **Reason for Non Availability**.

- iv. Click the **Add Another Country** link, to add another country record if you are a tax resident of more than one country.
Repeat steps i to iii
 - v. Click the **Remove Country** link displayed against a country record if you wish to delete the country record.
8. In the **Is the entity incorporated in the United States of America?** field, select the applicable option.
 9. In the **Does the entity have any ultimate beneficial owners (incl. controlling persons) who are a tax residents (incl. US citizens/ green card holders) of countries other than <country name>?** field, select the applicable option.
 10. Click **Continue**. The **Entity Certification** section appears.

In relevant cases, information will have to be reported to tax authorities or appointed agencies. In order to comply with the standards set by FATCA and CRS we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with Zigbank or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

Substantial Presence Test

You will be considered a United States resident for tax purposes if you meet the substantial presence test for the calendar year. To meet this test, you must be physically present in the United States (U.S.) on at least:

31 days during the current year, and

183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:

All the days you were present in the current year, and

1/3 of the days you were present in the first year before the current year, and

1/6 of the days you were present in the second year before the current year.

FATCA & CRS Self-Certification Form For Entities

Please review the following details before you submit the FATCA & CRS Self-Certification Form.

Identification of the Entity

Legal Name of Entity or Organization
JUST EAT

Current Legal Address
1022, Redwood Shores
Island Parkway
CA
Idaho
United States
94065

Country of Incorporation or Organization
United Kingdom

Tax Residency

Is the entity a tax resident of any country other than <country name>?
Yes

Country of Tax Residence
United Kingdom

TIN Available
Yes

Tax Identification Type
TIN/TIN Equivalent

Is the entity incorporated in the United States of America?
No

Does the entity have any ultimate beneficial owners (incl. controlling persons) who are tax residents (incl. U.S. citizens/green card holders) of countries other than <country name>?
No

Entity Certification

Please select a category to which the entity belongs
Non-Financial Institution

Non-Financial Institution
Active Non-Financial Entity (NFE)

Name of the related corporation whose stock is traded
Example Coporationm

Nature of relation
Subsidiary of the listed company

Name of the established securities market on which the stock of the related corporation is regularly traded
ABC Traders

Declaration

I acknowledge and agree that information contained in this form and information regarding income above may be reported to the tax authorities of the country in which such income arises and that those tax authorities may provide the information to the country or countries in which I am a resident for tax purposes.
Zigbank is not able to offer any tax advice on FATCA or CRS or its impact on me. I shall seek advice from a professional tax advisor for any tax related questions. I undertake to notify Zigbank of any change in circumstances that causes any information on this form to become incorrect and to provide Zigbank with updated information within 30 days of said change.
I authorize Zigbank to close or suspend my account(s) without any obligation of advising me of the same if any information provided by me in this form or hereafter is found to be false, untrue or misleading. I have understood the FATCA and CRS instructions and the requirement of information collected through this form and hereby confirm that the information provided by me in this form is true, correct and complete to the best of my knowledge.

FAQ

1. What is FATCA, why I have to fill the FATCA & CRS form?

FATCA stands for 'Foreign Account Tax Compliance Act' and is a legislation designed to prevent tax evasion. Introduced by the United States Department of Treasury and the US Internal Revenue Service (IRS), the purpose of FATCA is to encourage better tax compliance by preventing US Persons from using foreign banks and other financial organizations in order to avoid US taxation on their income and assets.

2. What is a tax identification number (TIN)?

This is your unique number issued in your jurisdiction to you as a tax payer. However we are aware that some jurisdictions do not issue a specific tax numbers. UK residents can use their National Insurance number.

3. Does the Co-Applicant also need to login for the system to populate the information if he/she is an existing channel user?

No. The co-applicant's customer ID needs to be entered by the primary applicant if he/she is an existing user. A verification code will be sent to the co-applicants email ID and/or mobile number. Once the verification process is successful, the co-applicant's details will be populated.

4. Why am I asked to capture previous residential address details?

The bank has a resident stability policy in place wherein if the applicant is staying at the current address for less than a defined term then he/she needs to define the previous residential address.

5. My co-applicant and I live in the same house, do I need to enter address details again while defining co-applicant information?

No. There is an option in the co-applicant contact information section to default the primary applicant's address in that of the co-applicant's residential address fields.

6. Why am I being asked to capture previous employment details?

The bank has a employment stability policy in place wherein if the applicant has not completed a defined term in the current organization then he/she needs to define previous employment details.

7. I have saved the application. Can my co-applicant resume the application from the application tracker?

Yes. The co-applicant needs to be a registered channel user to login to the application tracker and resume the application.

8. Can the co-applicant perform all the pending tasks (if applicable) in the application tracker?

Yes, the co-applicant has all the rights as that of the primary applicant.

12. Product Showcase and Application Tracker

This option serves as a means by which the retail user can view the bank's online product offerings and also apply for any products of choice. Alternately, if the user has already applied for a product or if the user has a product application in draft, on selecting the Product Offerings option from the hamburger menu, the Application Tracker listing page will be displayed. The user will be able to track the status of any submitted applications and also retrieve applications that are in draft from the Application Tracker listing page. If the user wishes to apply for any other product, he/she can select the Start a New Application option provided on the Application Tracker Listing screen.

Note: To view detailed information about the Application Tracker as well as product offerings, please refer the **Oracle Banking Digital Experience Retail Originations Application Tracker** user manual.

Features Supported In Application

- Application of bank's online product offerings
- Tracking of submitted application status
- Accessing saved/in draft applications

13. Interest Certificates

An interest certificate is a summary of the interest credited or debited on an account. Banks issue interest certificates against accounts held by users, so that they can ascertain how much interest they have gained on their balances in their CASA or deposit accounts, or how much interest they have paid on their loans.

Interest certificates are widely used to complete tax returns.

Using this option, the user can view and download interest certificates for current and savings accounts, deposits (Term Deposits and Recurring Deposits) and loans.

Note: Interest certificates prior to 3 years are not available.

How to reach here:

Toggle Menu > Menu > Accounts > More Actions > Certificates > Interest Certificates

OR

Access through the kebab menu of Certificates (Balance Certificates & TDS Certificates)

Interest Certificates

Deposit Number	The number of deposits made in the term deposit in the specific month.
Balance	The balance maintained in the account as on the last day of the month.

3. Click **Download** to download the certificate in pdf format.

OR

Click on the  icon to change filter criteria.

Note: For the current month, balance certificate will show the values till last working day only. For example if Today is 6th November and user wants to view the balance certificate, he will be able to see the balances of all his accounts and deposits till 5th November if it was a working day else the previous working day.

15. TDS Certificates

TDS or Tax Deducted at Source, is a means of indirect tax collection by Indian authorities according to the Income Tax Act, 1961. As per the Act, any company or person making a payment is required to deduct tax at source if the payment exceeds certain limits. TDS has to be deducted at the rates prescribed by the tax department. The concept of TDS was introduced with an aim to collect tax from the very source of income. TDS is applicable on the various incomes received such as salaries, interest received etc. which is deducted when income is generated rather than at a later date.

TDS is deducted when the interest payable or reinvested on Recurring Deposits or Fixed Deposits is above the government specified limit in a financial year. A retail user can view the TDS deducted from his account for the financial year. This option provides a consolidated view of TDS for all user's accounts and deposits. For taxation purposes, the retail user can download the TDS report for all his accounts.

How to reach here:

Toggle Menu > Menu > Accounts > Current & Savings tab > More Actions > Certificates > TDS Certificates

OR

Access through the kebab menu of Certificates (Balance Certificates & Interest Certificates)

TDS Certificates

The screenshot displays the 'TDS Certificates' interface within the Futura Bank app. At the top, there's a navigation bar with options like 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. Below this, the 'TDS Certificates' section features a 'Select Financial Year' dropdown menu currently set to '2017-2018', with 'Apply' and 'Reset' buttons. To the right, a 'Note' box explains that TDS is deducted when interest on RD and FD exceeds Rs. 10,000 annually, and mentions the requirement to submit form 15 G H for a TDS waiver. The bottom of the screen shows a copyright notice for Oracle and its affiliates from 2006 to 2020.

Field Description

Field Name	Description
Select Financial Year	The financial year for which TDS deducted on different accounts is to be viewed.

Note: TDS of only the previous three years are displayed.

To generate a TDS Certificate:

1. From the **Select Financial Year** list, select the year for which TDS deducted on accounts is to be viewed.
2. Click **Apply** to generate the TDS certificate for the specified year. The TDS certificate gets displayed.

OR
Click **Reset** to clear the details entered.

TDS Certificate

Deposit Account	Interest Earned	Tax Deducted

3. Click **Download** to download the certificate in pdf format.

OR
Click on the  icon to change filter criteria.

16. Service Requests

This feature enables users to initiate service requests as well as to view all the service requests initiated by them along with the updated status of each service request.

16.1 Raise a New Request

The user can view all the service requests defined by the System/ Bank administrator on this screen. These service requests are grouped under Product and Request Category so that the user can easily locate and raise a service request according to their requirement. A free search is also provided on the screen that enables the user to search for a specific service request on the basis of the service request name.

Using this screen the users can raise a new service request by inputting the data in the fields (fields chosen by the System/ Bank administrator while creating Service Request Definition).

Pre-Requisites

- Transaction access is provided to the Retail User.

Features Supported In Application

The module supports the following features:

- Raise New Request – Summary
- Schedule an Appointment for Branch Visit
- Raise New Request

How to reach here:

Dashboard > Toggle menu > Menu > Service & Support > Service Requests > Raise a New Request

OR

*Access through the kebab menu of **Track Requests** transaction*

16.1.1 Raise a New Request - Summary

To raise a service request:

1. The page from which the user can select the service request form on the basis of product and category appears.

Field Description

Field Name	Description
Search Criteria	
Product Name	The name of the product for which the service request is to be searched.
Category Name	The service request category name related to the product selected.
Date Range (From Date – To Date)	The user can search for service requests initiated between two dates by specifying a date range.
Status	The user can search for service requests based on status.
Search Results	
Date	The date on which the service request was raised.
Request Name	The name of the service request.
Reference Number	The reference number generated at the time the service request was raised.
Status	The current status of the service request.

To search for a service request:

1. Enter search criteria in the service request search fields.
2. Click **Apply**. The search results based on the search criteria appears on the **Track Requests** screen.
OR
Click **Reset** to clear the search parameters.
3. Click the **Request Name** link of the specific service request record to view the details of that service request.
OR
Click on the  icon to change filter criteria. The search results based on the new defined search criteria appears on the **Track Requests** screen.

16.2.2 Service Request Details

Once the user clicks on a service request record from the search results page, an overlay page opens displaying all the details of the service request, along with the status.

To view the details of a service request:

1. In the **Track Request** search results screen, click the **Request Name** link of the specific service request record to view the details of that service request. An overlay displaying the details along with the status of the specific service request appears.

Service Request Details

The screenshot shows the 'Service Request Details' overlay on the 'Track Requests' page of the Futura Bank system. The overlay is divided into two main sections: 'Status History' and 'Details'.

Status History: A progress bar with two steps. Step 1 is 'PENDING TO RETAIL' and Step 2 is 'COMPLETE TO RETAIL'. Step 2 is currently active, indicated by a blue circle with a '2'.

Details: A list of fields and their values for a specific service request.

Field	Value
Reference Number	911
Date Requested	09 Sep 2021
Request Type	Update Card Limits
Credit Card ID	624700*****0001
Credit Card Limit Type	Credit

Field Description

Field Name	Description
Status History	The status history of the service request, highlighting the current status is displayed.
Details	
Reference Number	The reference number generated at the time the service request was raised.
Date Requested	The date on which the service request was raised.
Request Name	The name of the service request.
Comments from Bank	Any comments made by the bank are displayed here.
Request Details	The details of the requested service. All the fields captured at the time of raising the SR will be populated.

2. Click  icon to close the overlay and to navigate back to the **Service Request Summary** screen.

17. Settings

This option lets the user disable login through any of his registered devices. If the user disables login from any device, the system disables all login modes (Touch ID/ PIN/ Pattern) for that device. This feature is beneficial to users, as a user can easily disable his alternate login modes if he loses his phone/ device (on which his mobile application is installed). The user can, thereby, prevent anyone from logging into his online banking account from any of the lost/stolen devices.

This option also lets the user disable receiving alerts via push notification, disable his alternate login from all his wearable devices and disable feedback popup that appears after every transaction for security reasons.

Through this screen, user can set their preferred delivery mode for receiving One Time Password (OTP). By default 'Both' (SMS and email) mode is selected, the user can disable any of the option. It also allows the user to set his preferred language after logging in, so that whenever the user logs in, the preferred language will be automatically selected.

How to reach here:

Dashboard > My Profile icon > Settings

OR

*Access through the kebab menu of any other **Preferences** screens*

To update the settings:

1. The **Profile** screen appears under **Settings**.

17.1 Profile

Using this option, the customer can view and edit his profile details. Profile details include the user's personal and contact details.

Pre-requisites

The user must be a customer of the bank and have valid login credentials.

Features Supported In the Application

- View the profile details and preferences of user
- Edit the profile details and preferences of user

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Profile

OR

Dashboard > My Profile icon > Settings > Profile

Profile

Field Description

Field Name	Description
User ID	Name of the logged in user gets displayed.
Personal Information	
Date of Birth	Date of birth of the user gets displayed.
Aadhaar Card Number	Aadhaar number of the user, as maintained with the bank gets displayed in masked format. It is an identification number issued by government of India. Note: This identification type is applicable for India region. Bank can configure the identification types to be displayed and to be available for modification as per their region.
Driving Licence	Driving licence number of the user, as maintained with the bank gets displayed in masked format.
PAN Card	PAN number of the user, as maintained with the bank gets displayed in masked format. It is issued by the income tax department of India. Note: This identification type is applicable for India region. Bank can configure the identification types to be displayed and to be available for modification as per their region.
Passport	Passport number of the user, as maintained with the bank gets displayed in masked format.

Field Name	Description
Contact Information	
Communication Address	Address of the user, as maintained with the bank, will be displayed.
Email ID	Email ID of the user, as maintained with the bank, in masked format.
Fax Number	Fax number of the user, as maintained with the bank, in masked format.
Contact Number (Mobile)	The contact number of the user alongwith an international subscriber dialing (ISD) code in the masked format.

1. Click on  icon on profile picture;
 - a. Click on the **Upload Image** link to update the profile picture.
 - b. Click on the **Delete** link to delete the profile picture
2. Click **Edit** to update the personal or contact details.
3. Click **Download** to download the profile.

Note: Click  arrow to go back to the **previous** page.

17.1.1 Profile - Edit

The user can edit any his personal information as well as contact information, except his date of birth.

To edit any information in Profile:

1. Click **Edit** to update the personal or contact details. An overlay on which you can edit the desired information, appears.

Profile - Edit

The screenshot displays the Futura Bank user interface. On the left, a 'Settings' menu is visible with options: Passwords & Security, Device Registration, Preferences, Access & Consent, and Alerts. The main content area shows 'Personal Information' and 'Contact Information' sections. The 'Edit Profile' modal is open on the right, allowing users to update their details. The modal includes fields for Address (Line 1, Line 2, Line 3), City, Country (United Kingdom), Zip Code (564856), Email ID (swa****te@oracle.com), Fax Number (1, 8857****), and Contact Number (Mobile) (+7 28851). The modal has 'Cancel' and 'Save' buttons at the bottom right.

Field Description

Field Name	Description
Field Names in editable format	All the fields applicable for the specific option selected to be edited, are displayed in editable format.

2. Update the field with the required information.
 - a. Click **Save** to save the changes.
The success message appears.
OR
Click **Cancel** to cancel the transaction.

FAQ

1. Can the user edit his profile information?

Yes, user can edit his profile information except date of birth.

17.2 Password & Security

Using this option user can update the Change Password, Passkey, Alternate Login, Wearable PIN, Security Questions, Soft Token Authentication, Facial ID, and OTP Delivery Mode details.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security

Settings-Password & Security

17.2.1 Change Password

This feature enables existing users of the bank to change their login password.

Pre-requisites

- User must have existing login credentials.

Features Supported In Application

- Changing the login password.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Change Password

Change Password

Settings

John Brown

Change Password

Current Password Required

New Password Required

Confirm New Password Required

Save **Cancel**

Password Policy

Your Password can :

- Have 6 to 16 characters
- Have upper case (Minimum 1 mandatory)
- Have lower case (Minimum 1 mandatory)
- Have numbers (Minimum 1 mandatory)
- Have special characters (Minimum 1 mandatory, Allowed characters are @ # \$)
- Not contain successive characters more than 4
- Not contain repetitive characters more than 5
- Not be a common password
- Not be a password from previous 1 password(s) from password history

Field Description

Field Name	Description
Current Password	Enter your current login password.
New Password	Enter a new password to replace your current login password.
Confirm New Password	Re-enter the new password to confirm the same.

To reset the password:

1. In the **Current Password** field, enter your current login password.
2. In the **New Password** field, enter a new password.

(Read the conditions defined under the **Password Conditions** section on the application screen to view the password policy.)
3. In the **Confirm New Password** field, re-enter the new password.
4. Click **Save**.
OR
Click **Cancel** to cancel the transaction.
5. A message confirming successful change of login password appears.
6. As the login user changed his password using 'Change Password' option, system will logout the user and user will be shown a confirmation message of password change along with an option to login again. Click **Login** on confirmation screen to log in to the application.

Note:

- 1) Password Conditions gets highlighted in green if the user's password is meeting the Password Policy criteria and similarly in Red if the password is not as per the Password Policy maintained.
 - 2) Click inside the **Password** field, the Virtual Keyboard link appears. Click on the link to use virtual keyboard.
-

17.2.2 Change Username

This feature enables existing users of the bank to change their login username.

Note: Enable or disable the ability for users (Retail, Corporate, Business, Admins) to change their login ID/username through **Role Maintenance** screen (**Change Username-Perform** option under **Transactions- Profile** category) to control the availability of this feature based on business requirements or security policies.

Pre-requisites

- User must have existing login credentials.

Features Supported In Application

- Changing the login username.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Change Username

Change Username

Field Description

Field Name	Description
New Username	Enter a new username to replace your current login username.

To change the username:

1. In the **New Username** field, enter a new username.
2. Click the **Check Availability** link to confirm if the username is available for use.
If a **revoked user** needs to be granted access again and a user with the **same username** already exists, the system should prompt the **admin** to change the username before proceeding with the granting process. Click **Save**.
A message confirming successful change of login username appears.
As the login user changed his username using 'Change Username option, system will logout the user and user will be shown a confirmation message of username change along with an option to login again. Click **Login** on confirmation screen to log in to the application.
OR
Click **Cancel** to cancel the transaction.

Note:

- 1) On updating username, user need to re-register for passkey and soft token authentication.
 - 2) The username change can be recorded in the **Audit Logs** screen.
-

17.2.3 Passkey

Passkeys work only on their registered websites and apps. Using this option you can register/de-register the passkey. For more details, refer **User Manual Oracle Banking Digital Experience Passwordless Login through Passkeys**.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Passkey

Passkey

2. Click **Setup Passwordless Authentication**. The **Passkey Registration** page appears.

Passkey Registration screen

3. Click on the **Setup Passkey**.
4. System prompts the user to save passkey in the device itself or in other mobile or table device with camera or in any security key.
5. Select a desired device.
Click **Continue with Password**.
OR
You can select **Security Key** or select **Save a passkey on a device with a camera**.
 - 1) **QR Code** is displayed on the device, and it needs to be scanned with a device with camera that supports passkey authentication.
 - 2) Open the Camera app on your device. Point the camera at the QR code on the screen of the device you want to connect to.
6. Click **Save Passkey**.
7. Click **Continue** on the device.
8. The operating system may ask for authentication mechanism such as Face ID/Fingerprint/device password for registering passkey. The same mechanism will be used during login through stored passkey.

Note : For this feature to work, Bluetooth on both the devices needs to be turned ON.

9. On successful registration, passkey will be saved.

17.2.4 Alternate Login

Using this option you can set PIN / Pattern / Face ID as an alternate login method for authentication and can be used instead of entering their user ID and password. For more details, refer **User Manual Oracle Banking Digital Experience PIN Pattern Touch and Face Authentication**.

Following are the alternate method for authentication:

- PIN- define a 4 or 6 digit numeric PIN for login
- Pattern- define a pattern for authentication
- Face ID- define Face ID for login
- Touch ID- define a fingerprint (touch ID) for login

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Alternate Login

Alternate Login

10. Click on the > icon of the method to be set as alternate login method.

- a. If **PIN** option selected;
 - i. In the **Set PIN** field, enter the PIN of 4 or 6 digit that needs to be set for login.
 - ii. In the **Confirm PIN** field, re-enter the pin for confirmation.
 - iii. The success message of PIN set appears.
- b. If **Pattern** option selected;
 - i. Select the **Pattern** option as the login method. The **Set Pattern** screen appears.
 - ii. Set the **desired** pattern. Draw a pattern connecting a minimum of 4 dots.
 - iii. Click **Confirm**. The **Confirm Pattern** screen appears.
OR
Click **Undo** to reset the pattern and redraw it.
OR
Click **Cancel** to cancel the transaction.
 - iv. The success message of pattern set appears.
- c. **Pattern Visibility**
 - i. Toggle **Pattern Visibility** button to make the pattern visible.
Next time you draw the pattern at the time of login, you will be able to see it on the screen.

Note: By default, the **Pattern Visibility** option is disabled. If you keep the pattern visibility as disabled, you will not be able to see the pattern that you are drawing at the time of login and this will prevent any unauthorized access to the application.

- d. If **Face ID** option selected;
 - i. A message is displayed prompting you to use the Face ID.
 - ii. Click **OK**. The **Set Face ID** confirmation screen is displayed.
 - iii. Once the face ID recognition is successfully set as an alternate login, you will get an option to login with Face ID on the login page.
- e. If **Touch ID** option selected;
 - i. A message is displayed prompting you to use the Touch ID.

- ii. Once the fingerprint is authenticated, a message confirming the fingerprint recognition is displayed.
- iii. Click **OK**. The **Set Touch ID** confirmation screen is displayed.
- iv. Once the touch ID as an alternate login is successfully set, you will have an option to **Login with Fingerprint** on the login page.

Wearable PIN

User needs to register the wearable along with PIN definition so that he/she can perform inquiries and transactions using the wearable. You will need to install the application on the wearable and start the registration process by pairing the wearable with the mobile application i.e. pair your Apple/Android watch with iPhone / Android phone.

Wearable Registration (Mobile)

11. Click **Proceed**. The **Verify User** screen is displayed.
12. Enter the **Password**. The message is displayed prompting that the Device ID will be stored.

13. Click **Allow** to proceed with storage of device ID.
OR
Click **Deny** to disallow storage of device ID.
14. You will be prompted to define the **PIN** for the wearable.
15. Re-enter the **PIN** in the **Confirm** screen.
16. Once the **PIN** is confirmed, a pop-up message is displayed with confirmation of PIN setup.
17. Click **OK**, The **PIN** successfully submitted message is displayed.
18. Once the wearable is registered and the PIN is set, you can login to the application (with access to limited features) through the wearable by entering the PIN.

17.2.5 Security Questions

Using this option, the user can setup security question maintenance. Security question maintenance entails selecting questions from a pre-defined list and defining answers for each selected question. This list of security questions and answers becomes the user's security question set and the user will be asked to answer these questions while initiating certain transactions (as defined by the bank administrator) as a second level of authentication.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Security Questions

OR

*Access through the kebab menu of **Preference** transactions*

Security question setup is part of the first time login steps. The user can opt to skip setting security questions during first time login and can instead complete security question setup from the Security and Login screen.

To set up security questions:

Note: If security questions have not been set-up by the user, the following message will be displayed - "Security Questions have not been set up yet". The user will be provided with the option to set up security questions.

1. Click **Set up now** to set-up security questions. The **Set Security Question** screen appears.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous page.

Security Question Maintenance

Field Description

Field Name	Description
User Security Questions	
Security Question	Select a question to be assigned as a security question. The security questions will be numbered, e.g. Security Question1, Security Question 2 and so on. The number of security questions and answers available will be dependent on the number configured by the bank administrator.
Answer	Specify an answer for the selected security question. The fields in which you can specify answers to selected security questions will be displayed below each security question and will be numbered, e.g. Answer 1, Answer 2 and so on.

2. From the **Security Question** list, select the appropriate security question to be added in the security question set.
3. In the **Answer** field, enter an answer for the corresponding security question.
4. Click **Submit** to save the security questions.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
5. The **Security Question Maintenance – Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR

Click **Back** to edit the security question setup.
The **User Security Question – Edit** screen with values in editable form appears.

6. The success message of submitting the request appears.
Click **OK** to complete the transaction and navigate back to '**Dashboard**'.

Security Questions – View and Edit

If the user has already set-up of Security Questions, the application displays the list of security questions. It also enables the user to modify the set of security questions.

To edit the set of security questions:

1. Navigate to **Set Security Questions** screen, the **Set Security Question - View** screen appears.

Set Security Questions - View

Field Description

Field Name	Description
Security Questions	The list of security questions, which is the existing set of the user

2. Click **Edit** to make changes, if required. The **Security Question Maintenance – Edit** screen with values in editable form appears.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.

7. The success message of security question setup appears along with the transaction reference number.
Click **OK** to complete the transaction and to navigate back to the **Dashboard**.

17.2.6 Soft Token Application

This option enables Multi-factor authentication for a specific user and for a specific device. This same device must be used to generate the time-based one-time passcode every time the user signs in.

A Soft token authentication is a two - factor authentication based on Passcode or PIN. Using this option, the user can generate security token i.e. a single-use 6 digit login PIN or passcode.

If you set up 2-Step Verification, you can use the Oracle Mobile Authenticator(OMA), Google Authenticator, Microsoft Authenticator with TOTP only app to receive QR codes.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Soft Token Application

Soft Token Application

Field Description

Field Name	Description
Choose Authentication Type	Specify the authentication type for to generate the time-based one-time passcode every time the user signs in. The options are: • Oracle Mobile Authenticator • Other Mobile Authenticator
Can't scan? Copy the key	Click on the link to generate the key to authenticate.
QR Code	Generated QR code to authenticate.

1. In the **Choose Authentication Type** field, select the desired authentication type.

2. Click **Next** to generate QR Code. QR code is generated by application.

Scanning QR Code

3. Get the authenticator app from the **App Store**.
4. Install the authenticator app on iphone or android device.
5. Open authenticator app.
6. Click on the + icon of the authenticator.

Authenticator

7. Choose option to scan the QR code or enter authentication key.
8. Scan the QR code by authenticator app.

Note: If you can't scan the QR Code, click on the **Can't scan? Copy the key** link to generate the key to authenticate.

9. The success screen appears as user is all set to use authenticator to authorise.

17.2.7 Facial ID

This option allows the user to login to the Futura Bank application using Face ID instead of user ID and password. The user also has the option of changing their alternate login from Face ID to any other method.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Facial ID

Facial ID

1. Click on the link **Continue on Mobile Device** to take selfie from your mobile camera.
OR
Click **Take Selfie** to set the face ID from the desktop.
2. The success message of face ID for authentication appears.

17.2.8 OTP Delivery Mode

You can define delivery preference for dispatch of OTP i.e. whether you want it delivered on SMS or Email or Both. If there is a preference defined, system will dispatch the OTP on preferred delivery mode.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > OTP Delivery Mode

OTP Delivery mode

Field Description

Field Name	Description
Preferred Delivery Mode (Only for OTP)	
Dispatch Method	Select the preferred delivery mode to receive the one-time password (OTP). The options are: • SMS • Email Note: The preference is applicable only for OTP defined as authentication mode for transactions by the bank.

1. Toggle specific delivery mode to set as an OTP delivery mode for authentication.
2. Click **Save** to save the changes.
OR
Click **Cancel** to cancel the transaction.
3. The success message appears.

17.2.9 Session Summary

This option is used by the user to check the log of transactions and login details for the previous five logins. The user can view the entire session summary of the previous five logins, login and logoff date and time for each session, channel in which transactions are carried out in each session along with the IP address of the channel.

How to reach here:

Dashboard > My Profile icon > Settings > Password & Security > Session Summary

Session Summary

The screenshot shows the Futura Bank user interface. At the top, there's a header with the Futura Bank logo, a search bar containing 'JohnCDavid', and a user profile icon. Below the header is a 'Settings' section with a sidebar menu on the left containing options like 'John David', 'Passwords & Security', 'Device Registration', 'Preferences', 'Access & Consent', and 'Alerts'. The main content area displays the 'Session Summary' table.

Start Date & Time	End Date & Time	Channel	IP Address
▶ 11/10/2023, 11:44AM	11/10/2023, 12:34PM	Internet	10.213.205.193
▶ 11/10/2023, 11:26AM	11/10/2023, 12:16PM	Internet	10.191.255.218

▶ 11/10/2023, 10:56AM	11/10/2023, 11:46AM	Internet	10.191.250.41

Copyright © 2009, 2023, Oracle and/or its affiliates. All rights reserved. [SecurityInformation] Terms and Conditions

Field Description

Field Name	Description
Start Date & Time	The date and time at which the particular session was started.
End Date & Time	The date and time at which the particular session was ended.
Channel	The channel of access for the session (Desktop Browser / Mobile / Application etc.)
IP Address	The IP address of the channel.

Session Summary – Details

All the transactions initiated during the selected session are listed down one below the other. The fields documented below form part of a transaction record.

Transaction Name	The name of the transaction that was performed during the session.
Status	The status of the transaction.
Transaction Date & Time	The date and time at which the transaction was performed.

17.3 Device Registration

This option lets the user to deregister lost or stolen devices for enhanced security, update registered device when user switch to a new one, temporarily stopping the use of a registered device for quick snapshots, iMessage, or an alternate login, and allow to re-register existing device in the future after login.

Device Registration

Field Description

Field Name	Description
Phones & Tablets	This feature permits the user to deregister all their iOS and Android mobile devices, eliminating the device mapping from their mobile. As a result, alternative login methods like PIN, pattern, or facial recognition won't function on those devices.
Wearables	This feature enables the user to de-register their wearable devices, effectively removing the device mapping by turning off the wearable option. As a result, PIN login will not work on the wearables.

1. Under the **Phones/ Tablets** section, click the toggle button to deregister IOS/Android devices.
Your alternate login gets disabled from all the android devices on which you have installed the banking application.
2. Under **Wearables**, click the toggle button to deregister your IOS/Android wearable devices.
Your alternate login gets disabled from all the android wearable devices on which you have installed the banking application.
3. Click **Save** to save the changes. The success message appears.
OR
Click **Cancel** to cancel the transaction.

17.4 Preferences

Preferences

17.4.1 Primary Account Number

This option enables the user to define his primary account number.

Note: The account number selected in this screen will appear as a default account in all the account number selection fields (applicable for all existing and new transactions).

Pre-requisites

- The user must have a valid login credential to access the digital banking platform.

Features Supported In the Application

- Definition of Primary Account Number

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Primary Account Number

OR

Dashboard > My Profile icon > Settings > Preferences > Primary Account Number

To select the primary account number:

- All the user's account numbers with account type, party name and nickname (if added) appears on the **Primary Account Number** screen.

Primary Account Number

Field Description

Field Name	Description
Select	The option to select any account number to be marked as primary account number.
Account Type and Number	The account numbers (in masked format) and the type of accounts are displayed as records.

Field Name	Description
Party Name	The party name of the account is displayed against the account record.
Nickname	The nickname given to the account by the account holder, is displayed against the account record.

2. Click on the account number that you wish to be marked as the primary account number.
3. Click **Save**.
A message confirming definition of primary account number appears.
OR
Click **Clear Selection** to deselect the selection.
OR
Click **Cancel** to cancel the transaction.

17.4.2 Appearance

Using this option, business user can personalize the view of their application with the desired themes. The list of theme templates are available to the business users for selection, the user can select the desired theme and activate it by clicking the Apply button.

At any point in time, the user can deactivate a theme and activate another one or revert to the default theme.

Pre-requisites

- The user must be a customer of the bank and have valid login credentials
- Bank Administrator has created the themes that are available for business user for personalization

Features supported in application

- Apply Theme
- Switch to default Theme

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Appearance

OR

Dashboard > My Profile icon > Settings > Preferences > Appearance

Themes

To apply the theme:

1. All the themes defined by the bank users get listed here. User can view the colors of the themes in the theme templates being displayed.
2. Select the required theme from the list of available themes.

17.4.3 Language

Using this option user can set desired language to use in the application.

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > Preferences > Language

OR

Dashboard > My Profile icon > Settings > Preferences > Language

Language

Field Description

Field Name	Description
Preferred Language	The option to set the user/s preferred language to use the application.

To set the preferred language:

3. Click on the **Language** to set as preferred language for application.
4. Click **Save**. A success message appears.
OR
Click **Cancel** to cancel the transaction.

17.4.4 Feedback

Using this option, users can disable the feedback window, which is an option to provide feedback on generic aspects about the application.

How to reach here

Dashboard > My Profile icon > Settings > Preferences > Feedback

Feedback

1. Under the **Feedback** section, click the **Feedback** toggle button to disable the feedback option provided for transactions.

17.4.5 Transaction Limits

The bank can put restrictions on the transactions initiated by customers from the online banking channels. The bank applies different types of limits on different transactions. These limits may vary depending on the user / customer type.

The different types of limits are as follows:

- Permitted number of transactions in a day
- Cumulative amount of transactions in a day
- Minimum amount for a transaction
- Maximum amount for a transaction

The limits function enables a retail user to view the daily limits (applicable at specific transaction level and at transaction group level) assigned by the bank for a specific channel or for a group of channels. The user can edit and reduce the cumulative transaction amount limit offered by the bank for individual transactions. The user can also reduce the maximum transaction count limit offered by the bank for individual transactions.

Further modification of limits will be enabled up to the limits offered by the bank for each transaction. Updated limits will be applicable from the next calendar day.

Pre-requisites

The user must have an active Current and Savings Account relationship with Bank.

Features supported in the Application

- View Transaction Limits: Daily and monthly
- Reduce cumulative daily/monthly amount limit for each transaction
- Reduce cumulative daily/monthly count limit for each transaction

How to reach here:

Dashboard > Toggle Menu > Menu > Account Settings > My Limits

17.4.5.1 Transaction Limits – View

The logged in Retail user can view the transaction limits offered by the bank for each transaction using this option.

Limits

Field Description

OR
Click **Cancel** to cancel the transactions.

FAQ

1. **If I have more than one iOS devices and I need to deregister one of my devices from the Futura Bank application, can I do so using the 'Registered Device' option?**

If you disable 'iOS Devices' in the 'Register Device' option, it will disable your alternate login from all the devices. You need to re-install the application if you want to use it again on that device.

2. **Why would I need to unregister a device?**

The unregistering of devices is done in case you have lost your device and you want to disable your alternate login from that device to prevent any misuse of your Bank account.

18. Security Question Authentication

Security Questions are the second factor authentication mechanism provided by the bank to its customers. The user needs to maintain a security question set by selecting questions and defining answers to these questions. At the time of transfer authentication, any or all of these questions are displayed to the user and the user must enter correct answers (as defined while setting up security questions) in order to enable the system to authenticate the user.

For security question authentication:

1. In the transaction review screen, verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
2. The 2 Factor Authentication (2FA) screen appears (if 2FA has been configured).

Security Question Authentication

The screenshot displays the Futura Bank interface for security question maintenance. At the top, there's a header with the bank logo, ATM/Branch, and language settings. A user greeting 'Welcome, Nehal Joshi' is visible. The main content area is divided into a 'REVIEW' section and a 'Security Question Maintenance' section. The 'REVIEW' section shows details of a self-transfer request, including the amount (£1,000.00) and the date (30 Jan 2019). The 'Security Question Maintenance' section lists two questions: 'How many siblings do you have?' and 'Which sport you like most?'. Below these questions are input fields for answers. At the bottom, there are 'Submit' and 'Cancel' buttons. The footer contains copyright information.

Field Description

Field Name	Description
Questions	The list of security questions set for the 2Factor authentication is displayed.
Answer	Enter answers to each security question as defined at the time of security question maintenance.

3. For the Security Question - 2 Factor Authentication, in the **Answers** field, enter the answers corresponding to the security question.

4. Click **Next** to go to the next level of authentication.
OR
Click **Cancel** to cancel the transaction.
5. Complete the 2 Factor Authentication and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
6. The success message of appears along with the transaction reference number.

18.1 One Time Password

One Time Password is a second factor authentication method. It is a unique code that can be used only once. A verification code is sent to the registered mobile number or email ID of the account holder. The user has to enter the received code to complete the process. The user can click on Resend Code, to receive the code again (if the code was not received or if the code has expired).

For OTP verification:

1. In the **Verification Code** field, enter the code as received.
OR
Click **Resend Code**, if you wish to receive the verification code again or your verification code got expired.

Verification

- Verification** (Title)
- One Time Verification** (Section Header)
- A verification code has been sent to your registered mobile number. Please enter that code below to complete the process.
- A text input field for the verification code, with a 'Required' label and a toggle icon.
- [Resend Code](#) (Link)
- Attempts Left** (Label)
- 4 (Value)
- [Reference Number](#) (Link)
- 182858 (Value)
- Cancel** and **Submit** buttons.

Field Description

Field Name	Description
Verification Code	Enter the code sent in an email to your registered email ID or as an SMS to your mobile number.

2. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
On successful authentication, the user is enabled to proceed with the transaction.

FAQ

1. Why is there a need for a One-Time Password (OTP)?

An OTP helps to protect against online fraud. It is a secure way to authenticate whether a customer who is making an online transaction is the rightful owner of the credit / debit card being used.

2. When do I key in the OTP and how do I receive the OTP?

When you make an online transaction using your credit/debit card, OTP is set up will be required. OTP will be sent to your mobile phone via SMS or email.

19. Personalize Dashboard

Dashboard personalization feature provides an ability to the business users to reconfigure and customize their dashboards around the tasks and information they use most frequently. This feature will enable business users to create their own dashboard that is easier to navigate, making every visit more efficient.

Retail users can reconfigure/ customize their dashboards by dragging and dropping the desired widget at desired location while configuring new dashboard to add more widgets. The users can also move the widgets already present in the dashboard to the desired location using this function. The user can also change the size of the widget (expand and compress) and can remove the widget if desired. The widgets on the dashboard auto adjust itself according to the place available on the dashboard.

OBDX dashboards are responsive and can adapt to any size of device that Bank wants to enable for the customers. User can preview his dashboard for different form factors i.e. desktop, mobile and tablet. An option to revert to the default dashboard (configured by bank) is also provided.

Note:

- 1) Dashboard personalization feature is currently not supported by mobile and tablet devices.
 - 2) Widgets available for selection for users are on the basis of the widget access given to the associated application role of the user for Internet touch point.
-

Prerequisites

- Transaction access is provided to the retail user
- Widgets are available for designing the dashboard

Features supported in application

- Personalize/ Customize the Dashboard
- Revert to default dashboard

How to reach here:

Dashboard >  icon > Personalize Dashboard

19.1 Personalize Dashboard

Using this option retail users can customize their dashboard according to their convenience. A default dashboard is displayed as the user navigate to the Personalize Dashboard option.

To customize the dashboard:

1. Navigate to the **Personalize Dashboard** screen. The **Personalize Dashboard** overlay screen appears.

Personalize Dashboard

Field Description

Field Name	Description
Component Type	Select the component type, which you want to appear on your dashboard. This field is applicable only if the selected widget has multiple components.

- From the **Component Type** list, select the widget component type that you want to appear on the dashboard.
- Select the Checkbox (es) against the subcategories if you wish you want to appear on the dashboard.
 - Click on the > icon to preview the widget before adding.
- Click **Confirm** to add the widget on dashboard. The selected component appears as a widget on the selected location of your dashboard.
OR
Click **Cancel** to cancel the transaction.

19.2 Switch to Default dashboard

Using this option a retail user can revert back to the default dashboard as defined by the bank.

How to reach here:

Dashboard >  icon > Switch to Default Dashboard

To switch to the default dashboard:

- The Switch to Default popup appears. The Dashboard Restore pop-up message, prompting the user to confirm the restoration of default Dashboard appears.

Switch to Default Dashboard

2. Click **Confirm**.
OR
Click **Cancel** to cancel the transaction and navigate to the 'Dashboard'.

FAQ

1. Can I design new widgets using Dashboard Builder functionality?

No, designing of a new widget is not allowed using this functionality. Administrator can use the existing widgets and can design the required dashboard.

2. Can I design different dashboards for different device types (desktop, mobile and tablet) using one template?

Yes, you can design different dashboards for different types of devices using one template. An edit option is available while previewing the dashboard on each type of device, which will help the user to make the necessary changes for specific device type.

20. Mailbox

Mailbox helps in two way communication between the bank administrator and the business user. Mailbox displays the list of messages to the user with date and time and message subject. Users can send mail messages to bank administrators with specific pre-defined subjects for their queries/complaints/feedback.

Prerequisites:

- The user must have a relationship with Bank.
- User must have login credentials.

Feature supported in the Application:

- **Inbox** – This folder displays all the messages sent by bank administrators to the user. The user can reply to any of these mail messages or can delete any message.
- **Compose** – This enables the user to select a predefined subject and to initiate a mail with a query/ complaint/ feedback.
- **Sent Mail** – This folder lists down the mails sent by the user. An option is provided to delete any or all sent mails.
- **Deleted Mail** – This folder displays the mails deleted from the user's **Inbox** and **Sent Mail** folders. The user can opt to permanently delete any or all of these mail messages.
- **Alerts** – This folder lists down the alerts sent by the bank to the user. The user can opt to delete any or all of these alerts.
- **Notifications** - This section enables the user to view all the notifications sent by the bank.

20.1 Mails

The following features are available under Mails:

- **Inbox:** This folder displays all the mail messages received by the user.
- **Compose Mail:** This option enables the user to create and send a new mail message.
- **Sent Mails:** This folder displays the list of mail messages sent by the user to the bank.
- **Deleted Mails:** This folder contains the list of mail messages deleted by the user from the inbox and the sent mail folders.

How to reach here:

Dashboard > Toggle Menu > Menu > *Service & Support* > Mailbox > Mails

OR

Dashboard > Click  > Mails > View All

20.1.1 Inbox

Using this feature, the user can view the messages received in his Inbox. The user can view an individual message by clicking on the subject of the specific mail.

How to reach here:

Dashboard > Toggle Menu > Menu > Mailbox > Mails > Inbox

OR

Access through the kebab menu of any other screens available under Mailbox

To view received mails:

1. The list of received messages appears on the **Inbox** screen. Click on the subject link of an individual message to view the details of that message.

Inbox

Field Description

Field Name	Description
Subject	The subject of the mail is displayed against each mail record.
Date	The date and time on which the mail was received is displayed against each mail record.

To access the Inbox:

1. Click the subject of a mail you want to view. The mail details are displayed on the overlay window.
OR
Click **Refresh** to refresh the folder.
OR
To delete one or multiple messages, select the specific check boxes against the mail and click **Delete**.
OR
Click on kebab menu to access mailbox related transactions.

Inbox - Message Details

Field Description

Field Name	Description
Message Details	
Message Heading	The subject of the received mail.
From	The name of the sender of the mail.
Sent	The date and time on which the mail was received.
Content	The content of the mail.
Mail Chain	All the mails forming part of the mail chain being viewed are displayed one below the other with the mail received most recently displayed on top. Each mail in the chain contains the following: • The name or ID of the sender of the mail. Mails sent by you will have your name displayed against the From field and those sent by a bank administrator will have the ID of the bank administrator displayed. • The date and time at which the mail was sent. • The content of the mail as sent by you or the administrator. Note: A mail chain is formed when a user sends a mail to the bank and a bank administrator responds to the mail.

2. An overlay containing the details of the mail appears. Click **Reply** if you wish to respond to the mail.
OR
Click **Delete** to delete the message.
OR 
Click  to close the overlay window.

Inbox - Reply

Field Description

- Click **Send** to send the response to the bank.
A message confirming that the mail has been sent successfully appears.
OR
Click **Attach File +** to add an attachment to the response mail.

20.1.2 Compose Mail

Using this option the user can initiate a mail communication with the bank. The mailbox is a communication channel between the bank and the user. In order to send a mail to the bank, the user needs to first select a category which identifies the purpose for which the message is being sent. The specification of a category enables the bank to appoint the user's concern / query to the desired team which ensures a timely and accurate response.

How to reach here:

Access through the kebab menu of transactions available under the Mailbox

To send a message:

1. Click **Compose Mail**. The overlay window on which you can compose and send a mail to the bank appears.

Compose Mail

Field Description

Field Name	Description
Category	Select a category/ subject related to which the message is to be sent.
Message	Enter the message that is to be sent to the bank.
Attach File +	Browse and select the reference document file sent along with an email message.
Note: Maximum allowed file size 5MB and allowed file types are JPEG, PNG, DOC, PDF, TXT, ZIP.	

2. From the **Category** list, select the desired option.
3. In the **Message** section, enter the message.
4. Click **Attach File +** if you want to attach any reference document.

- Click **Send**.
The success message appears.
OR
Click  to close the overlay window.

20.1.3 Sent Mail

This folder displays all the messages sent by the user to the bank.

How to reach here:

Access through the kebab menu of transactions available under the Mailbox

To view the sent messages

- Click **Sent Mail**. The list of sent mails appears on the screen. Click on the subject link of an individual message to view the details of that message.

FAQ

1. Can customers initiate fresh mails?

Yes, customers of the bank can initiate fresh mails by accessing compose mail option through secure mailbox. Customers can only send mails to bank administrators using this feature.

2. Can customer delete multiple mails?

Yes, users can select multiple mails and delete the same.

3. Can customers restore the deleted mails?

Yes, deleted mails can be restored from the deleted folder. User can go to the Deleted folder, select the mails and click on restore button to move those mails back to respective folder.

4. Can Customer send a reply to the alerts/ notifications sent by the Bank?

No, customer cannot reply to the alerts/ notifications.

5. What are notifications generally about?

Notifications inform customers of the bank about any new offers, promotional rates, and launch of new products or services.

21. Feedback Capture

Feedback option enables you to provide feedback on various aspects of the application as well as specific to transactions. You will be asked a feedback question on which you need to rate on a rating scale and answer subsequent questions if defined for a scale weight that you rate. The feedback captured is analyzed by the bank administrator to decide on the course corrections in case of issues.

Feedback can be provided by the user through the following options in the system:

- General Feedback
- Transaction Specific Feedback

21.1.1 General Feedback

General feedback is available as an option to provide feedback on generic aspects about the application.

How to reach here

Dashboard > Toggle Menu > Service & Support > Feedback > Leave Feedback

To provide general feedback:

1. Click **Leave Feedback**. The **Feedback** pop-up screen appears.
2. A feedback question appears along with a rating scale.
3. Select an appropriate rating on the scale.
4. Depending on the rating, the system will provide you with a question along with a set of options.
5. Select an appropriate option corresponding to the question.
6. You can also add comments, if required.

General Feedback

7. Click **Submit**. A message confirming successful submission of feedback appears.

21.1.2 Transaction Specific Feedback

You can capture feedback specific to a transaction provided the transaction has been enabled for feedback capture by the bank. Feedback will be available as an option post transaction confirmation. Transaction specific feedback is recorded and stored for further analysis.

To provide transaction specific feedback:

1. Once the transaction is successfully submitted, feedback as an option is displayed on confirmation page.
2. Click **Feedback**. The **Feedback** pop-up screen appears.
OR
Click **Go to Dashboard** link to navigate to the Dashboard.
3. A feedback question appears along with a rating scale.
4. Select an appropriate rating on the scale.
5. Depending on the rating, the system will provide you with a question along with a set of options.
6. Select an appropriate option corresponding to the question.
7. You can also add comments, if required.
OR
Click **Skip** to skip the feedback process. The **Dashboard** screen is displayed.
OR
Click **Never ask me again** if you do not wish to be asked to provide for any transaction. The system will suspend the feedback process for all transactions and you can enable the same again (if required) through 'My Preferences' from the toggle menu.

22. ATM & Branch Locator

Using this option a user can view the address and location of the ATMs and the branches of the Bank available to serve the user in a certain location. The user is provided with the options to search for the bank's ATMs and branches in his vicinity by entering a location. The search results display the list of ATMs / branches name and distance from the user's current location.

This feature enables the user to locate the bank's ATMs/ branches available within a specific radius of his current location. The user can select a Branch / ATM from the search list and on clicking the **View Details** icon; the user will be able to view the address and services provided by the specific ATM/ branch. The additional filter feature is provided to search the ATM/Branch based on their services. In addition the user can view the detailed directions to the ATM/ branch by clicking **Get Directions**, and will also be able to view its location on a map.

Features supported in the application

- Locate Branches
- Locate ATMs

How to reach here:

OBDX portal landing page > *ATM & Branch Locator*

FAQ

1. Can I view ATM/ Branches of other cities/ states/ countries?

Yes, you can view the ATMs or Branches of the bank located in any city/state or country in the map and also get their details such as address and phone numbers, working hours, services offered, etc.

23. E-Receipts

E-receipts are electronic receipts that are generated for a transaction from the confirmation page. E-receipts are proof of payment, showing that a payment or a transaction has been done in the bank account. Alternately e-receipts can be generated from the transaction journey page, on the dashboard – for all completed transactions.

An e-receipt displays the transaction name, transaction details along with date and time stamp. It's a configurable feature; the user can view the E-receipt button on the transaction only if it is configured (this is done by the bank, when the user requests for the feature)

Pre-requisites

- User has a Current and/or Savings account with the bank with online banking enabled
- The E-receipts maintenance is configured, for the user by the admin.

Features Supported In Application

- Provide e-receipts for a transaction

23.1 Example for e-receipt generation

To make payment to saved payee:

4. Under the **Transfer To** section, click on the **Saved Payee**, the **Transfer To** overlay screen will appear with the **Saved Payee** tab.

Note:

- 1) Users can also add new payee from the **New Payee** tab.
- 2) Users can search the specific payees by typing a few characters (type to search). This can be done in fields such as Payee Type, Nickname, Account Name, Account Number.

OR

Click on the  icon to add the new payee. The system redirects to **Add Bank Account Payee** screen.

Make Payment- Transfer To overlay screen

-

FAQ

1. Can the user download or print e-receipt?

Yes, the user can download or print e-receipt.

24. Nominations

Nominations enables retail users to appoint nominees to their accounts (each account can be appointed a single nominee only), who will be entitled to receive the amount in the bank account upon the death of the account holder.

The application provides the options to add a new nominee to the user's singly held Current and Savings, Term Deposit or Recurring Deposit account so that the nominee can claim funds in case of any death event.

The user can view or edit the existing nominee details of all his Current and Savings account, Term Deposit or Recurring Deposit accounts. The user also has an option to delete the nominee, from any of his accounts in case of any issues or disputes.

Pre-Requisites

- Transaction access is provided to the retail user

Features supported in the application

- Add Nominee
- View Nominee
- Edit Nominee
- Delete Nominee

Features applicable for single and joint account holder

Account Holder	View	Add	Edit	Delete
Single	✓	✓	✓	✓
Joint	✓	×	×	×

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Nominations

To view nominations:

1. From the **Account Category** list, select the account category of which nominees you wish to view.
2. In the **View Nominees of** field, select an option that identifies whether you wish to view the nominees of a specific account or of all accounts under the selected account category.
 - a. If you have selected the Specific Account option, from the **Account Number** list, select the account of which you wish to view the nominee.
3. Click **Apply** to view the records based on the defined criteria.
OR
Click **Reset** to clear the details entered.

24.1.2 Add Nominee - Replicate Existing Nominee

To add a nominee from the existing nominee list:

1. In the **Nominations** screen, click the **Add** link against the account for which you want to add a new nominee.
The **Add Nominee** screen with options, **Add New Nominee** and **Replicate Existing Nominee** appears.
2. If you select **Replicate Existing Nominee** option, the **Select Nominee** overlay screen appears.

Add Nominee - Replicate Existing Nominee

The screenshot shows the 'Add Nominee' screen in the Futura Bank app. The screen has a dark header with the Futura Bank logo and a search bar. Below the header, the title 'Add Nominee' is displayed. The form contains an 'Account Number' field with the value 'xxxxxxxxxx0033' and a 'Select Option' section with two radio buttons: 'Add Nominee' and 'Replicate Existing Nominee'. The 'Replicate Existing Nominee' option is selected. An overlay titled 'Select Nominee' is shown on the right side of the screen. This overlay contains a table with three columns: 'Nominee Name', 'Account Type', and 'Account Number'. The table lists three nominees: 'Ms Meenal' (Current and Savings, xxxxxxxxxxxx0014), 'Mr Meekesh' (Term Deposit, xxxxxxxxxxxx0047), and 'Ms Meena' (Recurring Deposit, xxxxxxxxxxxx0048). Below the table, there is a pagination bar showing 'Page 1 of 1' and '(1-3 of 3 items)'. There are also navigation arrows and a page number '1'. An 'Ok' button is located at the bottom of the overlay.

3. Select a nominee record that you want to replicate and click **OK**.
The **Add Nominee** screen with pre-populated nominee details of the selected nominee appears. You can modify information as required.
4. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
5. The **Review** screen appears. Verify the details, and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
6. The success message appears.
Click **Home**, to navigate to the dashboard.
OR
Click **View Nominee** to go to the **Nominations** page.

24.2 View Nominee

This option enables the user to view the existing nominee details of all his CASA/ Term Deposit/ Recurring Deposit accounts.

To view the details of a nominee:

1. In the **Nominee Summary** screen, click the **View** or **View / Edit** link against the account for which you want to view the nominee.
The **View Nominee** screen appears.
