Table of Contents

1. Preface	1-1
1.1 Intended Audience	1-1
1.2 Documentation Accessibility	1-1
1.3 Access to Oracle Support	1-1
1.4 Structure	1-1
1.5 Related Information Sources	1-1
2. File Upload.....	2-1
2.1 Upload a File.....	2-3
2.2 Uploaded Files Inquiry	2-7
3. File Approval	3-1
3.1 File Approval	3-1
3.2 Record Level Approval	3-2

1. Preface

1.1 Intended Audience

This document is intended for the following audience:

- Customers
- Partners

1.2 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

1.3 Access to Oracle Support

Oracle customers have access to electronic support through My Oracle Support. For information, visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit

<http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Structure

This manual is organized into the following categories:

Preface gives information on the intended audience. It also describes the overall structure of the User Manual.

Introduction provides brief information on the overall functionality covered in the User Manual.

The subsequent chapters provide information on transactions covered in the User Manual.

Each transaction is explained in the following manner:

- Introduction to the transaction
- Screenshots of the transaction
- The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.
- Procedure containing steps to complete the transaction- The mandatory and conditional fields of the transaction are explained in the procedure. If a transaction contains multiple procedures, each procedure is explained. If some functionality is present in many transactions, this functionality is explained separately.

1.5 Related Information Sources

For more information on Oracle Banking Digital Experience Release 22.2.0.0.0, refer to the following documents:

- Oracle Banking Digital Experience Licensing Guide
- Oracle Banking Digital Experience Installation Manuals

2. File Upload

Corporates often look forward for an option to make multiple transactions and multiple maintenances quickly and conveniently through a single file upload typically for processing the salary of the corporate staff, for making the vendor payments or even for managing their Virtual Accounts or creating invoices on buyers through uploading a file.

File Upload module of Oracle Banking Digital Experience provides with an ability to the corporate customers to manage file uploads. Various financial and non-financial type of files can be upload by the corporate using pre-defined templates resulting in saving the transaction processing time than entering single record for each transaction.

Salary payments, fund transfers, vendor payments are a few examples of financial transactions that can be supported through file upload. A non-financial file upload facilitates upload of multiple payee creation records, Virtual Account creation, Virtual Account structure creation, Virtual Account closure and remitter list creation, at a single instance.

The File Upload functionality enables users to process the following with respect to Supply Chain Finance and Cash Management:

- Invoices
- Purchase Orders
- Credit Notes
- Debit Notes
- Payments
- Cash Flow Transaction records

Oracle Banking Digital Experience File Upload module enables banks to upload files according to the agreed operational and business rules. It also allows the users view the status of the files and records uploaded using OBDX Platform. Further, users can view and download error and response files.

File Uploads facility is simple to use, has daily transaction limits and comes with the security of dual / multi signatory approvals with an option to approve the entire file (File Level approval) or each record uploaded as a part of the file (Record level approval).

Features Supported in the Application

- Upload a File
- Approve a File (File Authorization)
- View Uploaded Files and status of file and its records (Uploaded Files Inquiry)
- Access Error File (if any)
- Access Response File

Prerequisites

- Party Preferences set for Corporate
- Corporate user is created
- Transaction and Party ID access is provided to corporate user.
- Approval rule set up for corporate user to perform the actions.
- Account and Transaction access has been provided to the user
- Access of the file identifiers are provided to the party and user to perform uploads and view other details.

2.1 Upload a File

The 'File Upload' feature provides an option to the corporate user to upload files containing multiple records of supply chain and cash management instruments such as, invoices, or purchase orders, or debit/credit notes, or cash-flow transactions, or payments.

While files are managed entirely within the OBDX File Uploads module, the supply chain specific instruments/transactions are queued in the respective Core Banking system/Back office system, once submitted.

OR

Corporate Dashboard > Quick Links > File Upload

File Upload

Field Description

Field Name	Description
File Identifier	File identifier created earlier, in order to identify the file. This will list the file identifiers assigned by the administrator user to the logged in user for handling of file uploads.
File Name	Browse and select the file to be uploaded.

To upload a file:

1. From the **File Identifier** list, select the file identifier.
The file identifier details appear.
2. In the **File Name** field, select the file to be uploaded.

File Upload

The screenshot shows the 'File Upload' page in the Futura Bank system. The page header includes the Futura Bank logo, a search bar, and user information: 'Welcome, nehal joshi' with a last login time of '26 Aug 07:23 PM'. The main form area contains the following fields:

- File Identifier:** A dropdown menu with 'nenpo-nehpo' selected.
- Transaction Type:** A dropdown menu with 'Create Purchase Orders' selected.
- File Format Type:** A dropdown menu with 'CSV, XLS, XLSX' selected.
- Approval Type:** A dropdown menu.
- File Level:** A dropdown menu.
- File Name:** A text input field with 'BulkPaymentsUploadTemplate.xlsx' entered.

At the bottom of the form, there are two buttons: 'Upload' and 'Cancel'. The footer of the page contains the copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
File Identifier	Select the File identifier created earlier and mapped to the user in order to identify the file.
Transaction Type	<p>Displays the transaction type of the file upload.</p> <p>The transaction type could be:</p> <ul style="list-style-type: none"> • Create Invoices • Create Invoice with Linked Purchase Orders • Create Purchase Orders • Create Debit Notes • Create Credit Notes • Create and Modify Cash Flow Transactions • Create Payments <p>A number of other transaction types are also present. The above types are specific to supply chain finance and cash management. The information displayed is based on the parameters defined for the file identifier selected by the user.</p>

Field Name	Description
File Format Type	<p>Displays the format in which the file can be uploaded.</p> <p>The file formats could be:</p> <ul style="list-style-type: none"> • CSV • XLS • XLSX • Fixed Length <p>Information is displayed based on the parameters defined at the file identifier selected by the user.</p>
Approval Type	<p>Displays approval level of the file.</p> <p>The approval could be:</p> <ul style="list-style-type: none"> • Record Level: In record type approval, the approver can approve some records (in a file), and reject others. Only approved records are processed. • File Level: In a file type approval, the approver accepts or rejects the entire file, and all records are either processed or rejected. <p>Information is displayed based on the parameters defined at the file identifier selected by the user.</p>
Accounting Type	<p>Displays accounting type of the file.</p> <p>This field is displayed for the files that are financial in nature.</p>
File Name	<p>Choose the file from the local machine for upload.</p> <p>Post choosing the file, displays the file name.</p>

Note: While uploading a .XLSX / .XLS file, if you do not have the required data for a particular cell, and need to leave it blank, then ensure that the particular empty cell has been formatted to the data type of the expected data of that cell. For example, a cell that is supposed to hold textual content, such as name or description, should be formatted to 'Text'. Similarly, a cell that is supposed to hold a number, should be formatted to 'Number'.

3. Click **Upload**.
OR
Click **Cancel** to abort the file uploading process.
4. The success message along with the file reference ID and status of the transaction appears.
Click **OK** to complete the file upload.
OR
Click the **File Reference ID** to inquire about the uploaded file status.
The Uploaded Files Inquiry screen appears.

FAQ

1. What are the different file formats that can be uploaded?

The file upload formats supported are:

Delimited (CSV, XLS, XLSX) / Fixed Length

Note: VAM supports only CSV file format for upload.

2. Can a file upload fail, before generating a File Reference Number?

Yes, system performs validations on the uploaded file before generating a file reference number. If one or more validations fail – the error message will be displayed on the screen and the file reference number will not be generated.

Validations include a check for maximum size, that the file is not malicious in nature; that the file is not a duplicate file, that it has the correct extension, that it is not empty etc.

[Home](#)

2.2 Uploaded Files Inquiry

Through this option the user can view the files uploaded by the corporate user using OBDX platform (only those files that the user has access to) and their status.

- The search can be filtered on various parameters like status and file reference ID.
- The user can track the status of the file and in case of an error in the file, the user can download the error file to arrive at the exact reason for error.
- For files in the 'Processed' status, the user can download the Response file, to vet status of processing (in the host) for each record, of the file.
- The user can track file history and also check Individual record details.

How to reach here:

Corporate Dashboard > Toggle Menu > File Upload > Uploaded Files Inquiry
 OR
Corporate Dashboard > Quick Links > Uploaded Files Inquiry

2.2.1 Uploaded Files Inquiry

The corporate user can search and view files that are uploaded under a party with the file identifier, date range, file name, file reference ID, transaction type, file status, and view the record details.

Users can provide at least two search parameters to get better search results.

The screenshot displays the 'Uploaded Files Inquiry' page in the Futura Bank system. At the top, there's a navigation bar with 'Maker', 'ATM/Branch', and 'English' dropdowns. The main header includes the Futura Bank logo, a search bar, and a user profile for 'Welcome, nehal joshi' with a last login time of '26 Aug 07:23 PM'. The central area is titled 'Uploaded Files Inquiry' and contains several search filters: 'File Identifier' (dropdown), 'Transaction Type' (dropdown), 'File Name' (text input), 'File Reference ID' (text input), 'File Status' (dropdown), 'From Date' (calendar icon, set to '27 Aug 2021'), and 'To Date' (calendar icon, set to '27 Aug 2021'). Below these filters are 'Search' and 'Clear' buttons. At the bottom, a 'File Status' legend explains various statuses: **Uploaded**: File has been uploaded and file reference number is generated. **Approved**: File has been approved. **Rejected**: File has been rejected. **Processing in Progress**: File is pending for liquidation. **Error**: File has been pre-processed and contains error. **Processed**: File is liquidated. **Processed with Exceptions**: File is processed but some of the records are in error. **Deleted**: File has been deleted. **Verified**: File has been pre-processed and authorization checks are done (limit + account access check). **Expired**: File has been expired. The footer contains copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

Field Description

Field Name	Description
Search Results	
Upload Details	Displays the file upload date and time.
Type	Displays the transaction type of file uploaded
File Identifier	Displays the file identifier selected while uploading the file.
File Name	Displays the name of the uploaded file.

Field Name	Description
File Reference ID	Displays the file reference number generated after the file was uploaded.
File Status	<p>Displays the status of the uploaded file.</p> <p>The file status could be:</p> <ul style="list-style-type: none"> • Uploaded: File Uploaded and file reference number is generated. • Verified: File has been pre-processed and authorization checks done (limit + account access check). File is now Pending Approval. • Error: File has been pre-processed and contains error. The end of the life cycle of the file (File Level). The user can download the error file at this stage. • Processing in Progress: File is not yet liquidated. • Rejected: File has been rejected (File level). The end of the life cycle of the file. • Approved: File has been fully approved. • Processed: File is completely liquidated. The user can download a response file at this stage. • Processed with exception: File is partially liquidated – i.e. while some records are processed, others are not. • Expired: File has expired. • Deleted: File was deleted.
Action	<p>The available action icon against the uploaded file.</p> <p>The action is to delete the uploaded file. Only those files with record type of approval, and which are uploaded with a future date can be deleted. Such files are in Processing in Progress status.</p>

3. Click the **File Reference ID** link to view the details. The **Uploaded Files Inquiry - File Details** screen appears.
OR
Click **Cancel** to cancel the transaction.

2.2.2 Uploaded Files Inquiry - File Details - Payments File

Through this option, the user can view files that have been uploaded by the corporate user with respect to Payments.

File Details

The screenshot displays the 'Uploaded Files Inquiry' interface. At the top, there's a navigation bar with 'Viewer', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. The user is logged in as 'Welcome, Mayur Thakkar' with a last login time of '27 Apr 07:34 PM'. The main content area is titled 'Uploaded Files Inquiry' and shows 'File Details' for a file named 'payment file 010.csv'. The details include: File Reference ID (771491842704), File Status (Processed), Transaction Type (Create Payments), Number of Records (1), and Transaction Reference ID (2704AE954CAF). A workflow diagram shows five steps: 1. Uploaded, 2. Verified, 3. Approved, 4. Processing In Progress, and 5. Processed. Below the workflow is a table with columns: Record Reference Number, Customer Payment Reference Number, Payment Type, Payment Amount, Payment Date, and Status. The table contains one row: 771491842704000001, FileTestN010, Outgoing, USD4,400.00, 09 Jan 2020, Completed. At the bottom, there's a pagination control showing 'Page 1 of 1 (1 of 1 items)' and a 'Download as' button.

Field Description

Field Name	Description
File Details	
File Name	Displays the name of the uploaded file. The  icon is also provided to download the file.
Transaction Type	Transaction type associated with the file.
File Reference ID	The file reference number, which was generated while uploading the file.
Number of Records	The total number of payment records in the file.
File Status	Status of the file uploads.
Error Report	Shows an icon to download the error file in case the uploaded file faced some runtime issue and failed to execute.

Field Name	Description
Transaction Reference ID	The transaction reference number, which was generated at the time of transaction execution.
Response File Download	Click the  icon to download the response file.
File Workflow	Flow displaying various stages and status of file upload.
Payment Records	
If the user is inquiring about 'Payments' type of transaction, then the following fields are displayed.	
Record Reference Number	The reference ID for identification of each payment record. This is a hyperlink which when clicked displays the details of the payment record.
Customer Payment Reference Number	The reference number assigned to the payment by the customer, as fetched from the host system.
Payment Type	The type of payment, whether incoming or outgoing.
Payment Amount	The currency and amount of the payment.
Payment Date	The date when the payment was made.
Status	Status of the record in the uploaded file.

1. In the **Uploaded Files Inquiry – File Details** screen, you can do one of the following:

- In the **File Name** field, click  to download the originally uploaded file.
- In the **Response File Download** field click  to download the response file.
- Click the link under the **Record Reference Number** column of a particular record, to view its details.
- Click **Download as** to download the file in .pdf or .csv format.
- Click **Back** to navigate to the previous screen.

Note: If there is an error during file verification (i.e. the file is in error status), an option will be available to download the generated error file.

2.2.3 Uploaded Files Inquiry - File Details - Invoices File

Through this option, the user can view files that have been uploaded by the corporate user with respect to Invoices.

File Details

The screenshot displays the 'Uploaded Files Inquiry' interface. At the top, there is a navigation bar with 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. The user is identified as 'Mac Thomas' with a last login of '07 Jun 01 AM'. The main content area is titled 'Uploaded Files Inquiry' and contains a 'File Details' section. This section shows the following information:

File Name	PmgmakerNewIC2142021001.csv	Transaction Type	Invoice
File Reference ID	164396922104	Number of Records	34
File Status	Processed	Transaction Reference ID	2104EFAB095F

Below the details is a 'Response File Download' link with a download icon and a 'File Workflow' diagram. The workflow consists of five steps: 1. Uploaded, 2. Verified, 3. Approved, 4. Processing In Progress, and 5. Processed. Step 5 is currently active.

The 'Invoice Records' section displays a table with the following data:

Reference Number	Customer Invoice Number	Record Status
164396922104000001	INVNEW2104501	Completed
164396922104000002	INVNEW2104502	Completed
164396922104000003	INVNEW2104503	Completed
164396922104000004	INVNEW2104504	Completed
164396922104000005	INVNEW2104505	Completed
164396922104000006	INVNEW2104506	Completed
164396922104000007	INVNEW2104507	Completed
164396922104000008	INVNEW2104508	Completed
164396922104000009	INVNEW2104509	Completed
164396922104000010	INVNEW2104510	Completed

At the bottom of the records table, there is a pagination control showing 'Page 1 of 3 (1-10 of 21 items)' and a 'Download as' button with a dropdown menu. A 'Back' button is also present.

Field Description

Field Name	Description
------------	-------------

File Details

File Name

Displays the name of the uploaded file. The  icon is also provided to download the file.

Transaction Type

Transaction type associated with the file.

Field Name	Description
File Reference ID	The file reference number, which was generated while uploading the file.
Number of Records	The total number of invoice records in the file.
File Status	Status of the file uploads.
Error Report	Shows an icon to download the error file in case the uploaded file faced some runtime issue and failed to execute.
Transaction Reference ID	The transaction reference number, which was generated at the time of transaction execution.
Response File Download	Click the  icon to download the response file.
File Workflow	Flow displaying various stages and status of file upload.
Invoice Records	
If the user is inquiring about 'Invoice' type of transaction, then the following fields are displayed.	
Reference Number	The reference ID for identification of each invoice record. This is a hyperlink which when clicked displays the details of the invoice record.
Customer Invoice Number	The reference number assigned to the invoice by the customer, as fetched from the host system.
Record Status	Status of the record in the uploaded file.

- In the **Uploaded Files Inquiry – File Details** screen, you can do one of the following:
 - In the **File Name** field, click  to download the originally uploaded file.
 - In the **Response File Download** field click  to download the response file.
 - Click the link under the **Reference Number** column of a particular record, to view its details.
 - Click **Download as** to download the file in .pdf or .csv format.
 - Click **Back** to navigate to the previous screen..

Note: If there is an error during file verification (i.e. the file is in error status), an option will be available to download the generated error file.

2.2.4 Uploaded Files Inquiry - File Details – Invoices with Linked Purchase Orders File

Through this option, the user can view files that have been uploaded by the corporate user with respect to Invoices with Linked Purchase Orders.

File Details

The screenshot displays the 'Uploaded Files Inquiry' interface. At the top, there's a navigation bar with 'futura bank' logo, a search bar, and user details: 'Welcome, Cristiano Ronaldo' with a last login time of '3/24/23, 11:16 AM'. The main content area is titled 'Uploaded Files Inquiry' and contains a 'File Details' section. This section lists the following information:

- File Name:** InvPoFlagNot7May.csv (with a download icon)
- Transaction Type:** Create Invoices With Linked Purchase Orders
- File Reference ID:** 743292391805
- Number of Records:** 2
- File Status:** Processing In Progress
- Transaction Reference ID:** 1805C62E327C

Below the details is a 'File Workflow' diagram consisting of five numbered steps connected by a horizontal line:

1. Uploaded
2. Verified
3. Approved
4. Processing In Progress (highlighted with a blue circle)
5. Processed

At the bottom of the page, there is a copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. [Security Information] Terms and Conditions'.

Field Description

Field Name	Description
File Details	
File Name	Displays the name of the uploaded file. The  icon is also provided to download the file.
Transaction Type	Transaction type associated with the file.
File Reference ID	The file reference number, which was generated while uploading the file.
Number of Records	The total number of invoice records in the file.
File Status	Status of the file uploads.

Field Name	Description
Error Report	Shows an icon to download the error file in case the uploaded file faced some runtime issue and failed to execute.
Transaction Reference ID	The transaction reference number, which was generated at the time of transaction execution.
Response File Download	Click the  icon to download the response file.
File Workflow	Flow displaying various stages and status of file upload.
Invoice Records	
If the user is inquiring about 'Invoice' type of transaction, then the following fields are displayed.	
Reference Number	The reference ID for identification of each invoice record. This is a hyperlink which when clicked displays the details of the invoice record.
Customer Invoice Number	The reference number assigned to the invoice by the customer, as fetched from the host system.
Record Status	Status of the record in the uploaded file.

2. In the **Uploaded Files Inquiry – File Details** screen, you can do one of the following:

- In the **File Name** field, click  to download the originally uploaded file.
- In the **Response File Download** field click  to download the response file.
- Click the link under the **Reference Number** column of a particular record, to view its details.
- Click **Download as** to download the file in .pdf or .csv format.
- Click **Back** to navigate to the previous screen.

Note: If there is an error during file verification (i.e., the file is in error status), an option will be available to download the generated error file.

2.2.5 Uploaded Files Inquiry - File Details – Purchase Orders File

Through this option, the user can view files that have been uploaded by the corporate user with respect to Purchase Orders.

File Details

The screenshot shows the 'Uploaded Files Inquiry' page in the Futura Bank system. The page header includes 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. The user is identified as 'Mac Thomas' with a last login of '07 Jun 01:01 AM'. The main content area is titled 'Uploaded Files Inquiry' and contains a 'File Details' section and a 'Purchase Order Records' table.

Field Description

Field Name	Description
File Details	
File Name	Displays the name of the uploaded file. The icon is also provided to download the file.
Transaction Type	Transaction type associated with the file.
File Reference ID	The file reference number, which was generated while uploading the file.

Field Name	Description
Number of Records	The total number of purchase order records in the file.
File Status	Status of the file uploads.
Error Report	Shows an icon to download the error file in case the uploaded file faced some runtime issue and failed to execute.
Transaction Reference ID	The transaction reference number, which was generated at the time of transaction execution.
Response File Download	Click the  icon to download the response file.
File Workflow	Flow displaying various stages and status of file upload.
Purchase Order Records	
If the user is inquiring about 'Purchase Order' type of transaction, then the following fields are displayed.	
Reference Number	The reference ID for identification of each purchase order record. This is a hyperlink which when clicked displays the details of the purchase order record.
Customer Purchase Order Number	The reference number assigned to the purchase order by the customer, as fetched from the host system.
Record Status	Status of the record in the uploaded file.

1. In the **Uploaded Files Inquiry – File Details** screen, you can do one of the following:

- In the **File Name** field, click  to download the originally uploaded file.
- In the **Response File Download** field click  to download the response file.
- Click the link under the **Reference Number** column of a particular record, to view its details.
- Click **Download as** to download the file in .pdf or .csv format.
- Click **Back** to navigate to the previous screen.

Note: If there is an error during file verification (i.e., the file is in error status), an option will be available to download the generated error file.

2.2.7 Uploaded Files Inquiry - File Details – Credit Notes File

Through this option, the user can view files that have been uploaded by the corporate user with respect to Credit Notes.

File Details

The screenshot displays the 'Uploaded Files Inquiry' interface. At the top, there's a navigation bar with 'My Dashboard', 'ATM/Branch', 'English', and 'UBS OBPM 14.4 HEL Branch'. The main header shows 'futura bank' and a user greeting 'Welcome, Mac Thomas' with the last login time '07 Jun 01:01 AM'. The page title is 'Uploaded Files Inquiry'. Below this, the 'File Details' section shows:

- File Name:** Credit Note2804002.csv (with a download icon)
- File Reference ID:** 109088332804
- File Status:** Processed
- Response File Download:** (with a download icon)
- Transaction Type:** Credit Note
- Number of Records:** 3
- Transaction Reference ID:** 2804DED1D699

A workflow diagram below shows five steps: 1. Uploaded, 2. Verified, 3. Approved, 4. Processing In Progress, and 5. Processed. The 'Processed' step is highlighted with a blue circle.

Below the workflow is a table with the following data:

Record Reference Number	Credit Note Reference Number	Credit Note Date	Credit Note Amount	Record Status
109088332804000001	CNAPR26042104	07 Jan 2020	GBP200.00	Completed

At the bottom, there's a pagination control showing 'Page 1 of 1 (1 of 1 items)' and a 'Download as' button. A 'Back' button is also present. A 'Help' button and a video call icon are in the bottom right corner. The footer contains copyright information: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. | Security Information | Terms and Conditions'.

2.2.9 Uploaded Files Inquiry - File Details – Cash Flow Transactions File

Through this option, the user can view files that have been uploaded by the corporate user with respect to Cash Flow Transactions.

File Details

The screenshot shows the 'Uploaded Files Inquiry' page in the Futura Bank system. The page header includes the Futura Bank logo, a search bar, and user information: 'Welcome, nehal joshi' and 'Last login 27 Aug 05:53 PM'. The main content area is titled 'Uploaded Files Inquiry' and contains a 'File Details' section. This section displays the following information:

File Name	Bulkcashflow14065.csv	Transaction Type	Create And Modify Cash Flow Transactions
File Reference ID	688474841808	Number of Records	1
File Status	Processed	Transaction Reference ID	1808BA724226
Response File Download			

Below the details is a 'File Workflow' diagram with five steps: 1. Uploaded, 2. Verified, 3. Approved, 4. Processing In Progress, and 5. Processed. Step 5 is highlighted with a blue circle. Below the workflow is a table with columns: Reference Number, Customer Reference Number, Type, Category, Expected Date, and Status. The table contains one row of data:

Reference Number	Customer Reference Number	Type	Category	Expected Date	Status
688474841808000001	55702673	Inflow	Paint	30 Mar 2020	Completed

At the bottom of the page, there is a pagination control showing 'Page 1 of 1 (1 of 1 items)' and a 'Download as' button with a 'Back' link. The footer contains the copyright notice: 'Copyright © 2006, 2020, Oracle and/or its affiliates. All rights reserved. [SecurityInformation]Terms and Conditions'.

Field Description

Field Name	Description
------------	-------------

File Details

File Name

Displays the name of the uploaded file. The  icon is also provided to download the file.

Transaction Type

Transaction type associated with the file.

File Reference ID

The file reference number, which was generated while uploading the file.

Number of Records

The total number of cash flow transaction records in the file.

File Status

Status of the file uploads.

Field Name	Description
Error Report	Shows an icon to download the error file in case the uploaded file faced some runtime issue and failed to execute.
Transaction Reference ID	The transaction reference number, which was generated at the time of transaction execution.
Response File Download	Click the  icon to download the response file.
File Workflow	Flow displaying various stages and status of file upload.
Cash Flow Transaction Records	
If the user is inquiring about 'Cash Flow Transaction' type of transaction, then the following fields are displayed.	
Reference Number	The reference ID for identification of each cash flow transaction record. This is a hyperlink which when clicked displays the details of the cash flow transaction.
Customer Reference Number	The reference number assigned to the cash flow transaction by the customer, as fetched from the host system.
Type	The type of cash flow transaction, whether Inflow or Outflow.
Category	The category of the cash flow transaction.
Expected Date	The date when the cash flow transaction was/will be made.
Status	Status of the record in the uploaded file.

- In the **Uploaded Files Inquiry – File Details** screen, you can do one of the following:
 - In the **File Name** field, click  to download the originally uploaded file.
 - In the **Response File Download** field click  to download the response file.
 - Click the link under the **Reference Number** column of a particular record, to view its details.
 - Click **Download as** to download the file in .pdf or .csv format.
 - Click **Back** to navigate to the previous screen.

Note: If there is an error during file verification (i.e. the file is in error status), an option will be available to download the generated error file.

FAQ

1. What are some of the validations that a file goes through at various stages, in its life cycle?

The following are the validations performed on an uploaded file by OBDX and subsequently by the Host, before file is liquidated.

Sr No	Events	Applicable to	Checks
1	On File Upload	All Files	File contents should not match an already uploaded file
2	On File Upload	All Files	File should not exceed the Maximum Size limit
3	On File Upload	All Files	The File Extension type should be the ones permitted
4	On File Upload	All Files	The file should not be Malicious
5	At Pre-Processing	All Files	The format for all fields, should be as per template viz., Date, Currency in accordance with ISO standards, CIF- numeric, account number-alphanumeric etc.
6	At Pre-Processing	All Files	The CIF should be valid, should exist
7	File At Pre-Processing	All Files	CIF and Debit account should belong to each other
8	At Pre-Processing	All Files	User should have access to Debit Account
9	At Pre-Processing	All Files	Debit account should not be in closed status
10	At Pre-Processing	All Files	Transaction Limits are not violated at user level
11	At Pre-Processing	All Files	Payment date should not be in the past
12	At Pre-Processing	All Files	Payment date should not be a holiday as per the host calendar maintenance
13	At Pre-Processing	All Files	Debit account should be a CASA account, not loan or TD

Sr No	Events	Applicable to	Checks
14	At Pre-Processing	All Files	Debit currency in the file, should match the currency of the CASA account
15	At Pre-Processing	Internal Files	Transaction currency should match either the debit or credit CASA
16	At Pre-Processing	Internal Files	The Credit Account should be a CASA account, not loan or TD
17	At Pre-Processing	All SDSC and SDMC files	A file with multiple records, should have the same debit account
18	At Pre-Processing	Internal Ad hoc	The Purpose of remittance should be valid
19	At Pre-Processing	Domestic Files	The NEFT / RTGS code should be valid
20	At Approval	All Files	Cumulative limits should not be violated either for the Approver and the Party
21	Validations in Core	All Files	The Debit account should have sufficient balance
22	Validations in Core	All Files	Debit account should not be in dormant status
23	Validations in Core	All Files	Debit account should not be in debit block status
24	Validations in Core	Internal Files	The Credit CASA account should not be closed
25	Validations in Core	Internal Files	There should not be a Credit Block on the CASA account
26	Validations in Core	International Files	The BIC / SWIFT code should be valid, as per the BIC / Clearing directory as maintained in the host system

2. If some records in a file are liquidated, others are deleted, what will the status of the file be?

The following table shows the file status which is followed to depict various status of the file upload. So if all the records of file are liquidated then the file status is processed, and if any of the records in the file is liquidated while all the other are rejected the file status will be processed, and if any of the records is liquidated and rest all have an error the file status will be processed with exception.

Verified	Approved	Processing in Progress	Liquidated	Rejected	Deleted	Error	File Status
All							Verified
	All						Approved
		All					Processing in Progress
			All				Processed
				All			Rejected
					All		Deleted
						All	Error
			1	1			Processed
			1		1		Processed
			1			1	Processed with exception
			1	1	1		Processed
			1	1	1	1	Processed with exception
				1	1		Deleted
				1		1	Processed with exception
					1	1	Processed with exception

3. If a payment file is in the approved status, does it mean that all the records are successfully liquidated?

No, the file still has to successfully pass validations in the host system, before records are processed.

4. Can a user delete the entire file or deletion of only individual records within a file is allowed?

Whether only records can be deleted, or the entire file will be deleted depends on the accounting type of the file, and the approval type (Record Level or File level)

The table below throws light on the combinations allowed

Sr No	Accounting Type	Authorization Type	File / Record Deletion allowed?
1	SDMC	File Level	The entire file, as well as individual records can be deleted.
2	SDSC	File Level	The entire file, as well as individual records can be deleted.
3	SDSC	Record Level	Only records can be deleted, and not the entire file
4	MDMC	Record Level	Only records can be deleted, and not the entire file

5. If a working window is set for the File Upload transaction – how will processing be impacted outside of the working window?

Outside of the transaction working window set for file uploads, processing will depend on whether the file has a Record Level approval or a File Type approval.

Files with a File Type approval – will be rejected, outside of the transaction working window
Files with Record Type approval – if some records are processed within the working window, will be completed – if processing of some records, falls outside of the working window – these will be rejected.

6. What is the impact of limits on processing of File Upload transactions?

File uploads transaction will utilize limits depending on if the transfer is an internal, domestic, or international funds transfer.

Further, for domestic funds transfer – limits are defined for each network – NEFT, RTGS and IMPS. Limits will be checked at the pre-processing's stage for file uploads.

7. Does this functionality solely cater to bulk payment transactions?

No, File uploads is used for bulk payment transactions and to add multiple payees. Internal, domestic or international payees can be added through the file upload functionality.

8. After a file is successfully uploaded, is the user provided notifications on its status?

Yes, Users mapped to the FI – initiators and approvers of the file, are provided with alerts / notification, as file progresses from the Uploaded stage to Approved to Processing in Progress to the Processed stage. Alternately, users can log in to view the status of the file.

[Home](#)

3. File Approval

This option allows the approver to approve / reject the uploaded file. File approval could be either

- File Type
- Record Type

In a File type Approval, the approver accepts or rejects the entire file, and all records are either processed or rejected, respectively. While in a Record type approval, the approver could approve some records, and reject others. Only the approved records are processed further.

How to reach here:

Approver Dashboard > Pending for Approvals

3.1 File Approval

Once a file is uploaded and pre-processing checks are successfully completed, the file is pending approval, and is in the respective Approver's queue.

To approve / reject a file:

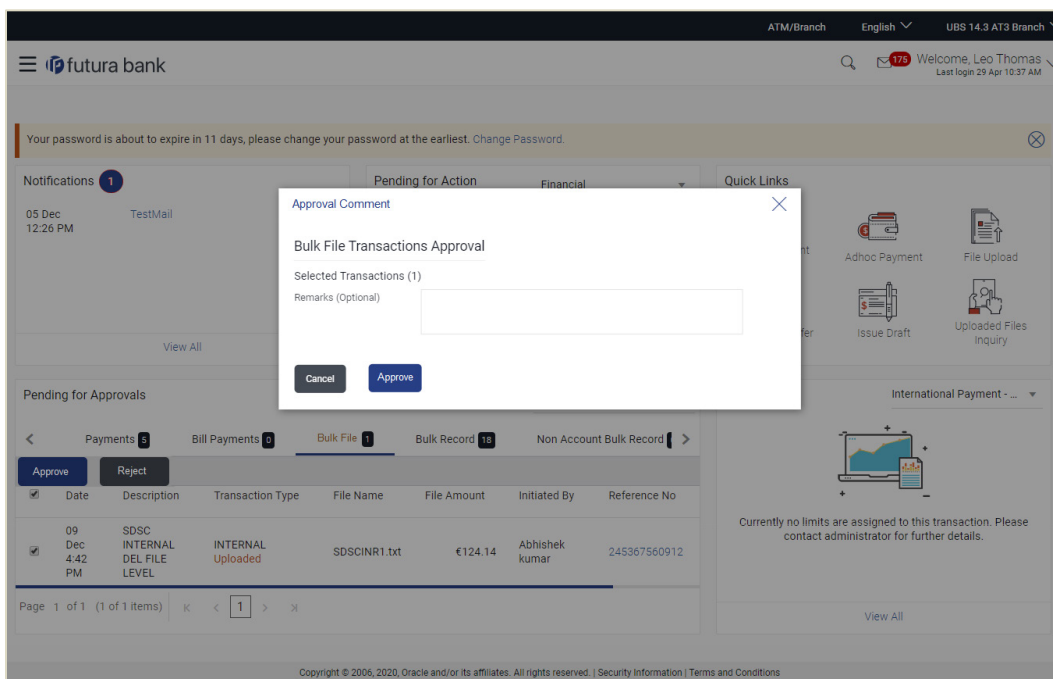

1. In the **Pending for Approval** section, click the **Bulk File** tab. All the uploaded files that require approval appears.
2. Select the multiple files and click **Approve** to approve the transactions.
OR
Click the link under the **Reference No** column. The **File Details** screen appears.

Transaction rejected message appears.

Note: To approve / reject bulk records, select multiple check boxes, and then click approve / reject.

Record Approval - File Details

1. In the **Pending for Approval** section, click the **Reference Id** link of the file that is to be approved.
The **Bulk Record Approval – File Details** screen appears.

The screenshot displays the 'Bulk File Approval' interface for Futura Bank. At the top, there are navigation options for 'Viewer', 'ATM/Branch', and 'English'. The user is logged in as 'McLeodschecker obpm 14.3' with a last login time of '18 Apr 05:06 PM'. The main section is titled 'Bulk File Approval' and has 'Approve' and 'Reject' buttons. Below this, the 'File Details' section shows:

- File Name: SDSCINR1.txt
- File Reference Id: 245367560912
- File Status: Verified
- File Workflow: A progress bar with 5 steps: 1. UPLADED, 2. VERIFIED (current), 3. APPROVED, 4. PROCESSING_IN_PROGRESS, 5. PROCESSED.
- Transaction Type: Internal Funds Transfer
- Number of Records: 2
- Transaction Reference Id: 09123744D5EF

Below the file details is a table of transactions:

Value Date	Debit Account No	Amount	Credit Account Details	Type	Record Status	Action
30 Jan 2019	00000033	€61.57	Pizza Retail 00000164	Internal Funds Transfer	VERIFIED	-
30 Jan 2019	00000033	€62.57	Pizza Retail 00000164	Internal Funds Transfer	VERIFIED	-

The table shows 2 items on page 1 of 1. Below the table is the 'Transaction Journey' section, which shows a timeline with three stages: 'Initiation' (Abhishek kumar, 09 Dec 04:42 PM), 'Approval', and 'Completion'.

- a. Click **Approve to approve the transaction**.
The **Approval Comment** screen appears.
 - i. Enter the remarks for approval. Click **Approve**.
Transaction successfully approved message appears.
OR
- b. Click **Reject to reject the transaction**.
The **Approval Comment** screen appears.
 - i. Enter the remarks for rejection. Click **Reject**.
Transaction rejected message appears.
