# Oracle Banking Trade Finance Process Management

Welcome to the Oracle Banking Trade Finance Process Management (OBTFPM) User Guide. This guide provides an overview on the OBTFPM application and takes you through the various steps involved in creating and processing Trade Finance transactions.

This document will take you through following activities in OBTFPM:

- To create and handle Export LC Closure Process.

## Overview

OBTFPM is a Trade Finance Middle Office platform, which enables bank to streamline the Trade Finance operations. OBTFPM enables the customers to send request for new Trade Finance transaction either by visiting the branch (offline channels) or through SWIFT/Trade Portal/other external systems (online channels).

## Benefits

OBTFPM helps banks to manage Trade Finance operations across the globe in different currencies. OBTFPM allows you to:

- Handle all Trade Finance transactions in a single platform.
- Provides support for limit verification and limit earmarking.
- Provide amount block support for customer account.
- Provides acknowledgement to customers.
- Enables the user to upload related documents during transaction initiation.
- Enables to Integrate with back end applications for tracking limits, creating limit earmarks, amount blocks, checking KYC, AML and Sanction checks status.
- Create, track and close exceptions for the above checks.
- Enables to use customer specific templates for fast and easy processing of Trade transactions that reoccur periodically.

## Key Features

- Stand-alone system that can be paired with any back end application.
- Minimum changes required to integrate with bank's existing core systems.
- Faster time to market.
- Capable to interface with corporate ERP and SWIFT to Corporate.
- Highly configurable based on bank specific needs.
- Flexibility in modifying processes.

## Export LC Closure - Islamic

As part of Conventional Export LC Closure, System enables the user to Close the LC which had been already issued.

The various stages involved for Export LC Close are:

- Receive and verify documents and Input basic details(Non Online Channel)- Registration stage
- Upload of related mandatory and non-mandatory documents
- Input/Modify details of Close of LC - Data Enrichment stage
- Capture remarks for other users to check and act
- Hand off request to back office

The design, development and functionality of the Islamic Export LC Close process flow is similar to that of conventional Export LC Close process flow.

In the following sections, let's look at the details for Export LC closure process.

This section contains the following topics:

[Common Initiation Stage](#)

[Registration](#)

[Data Enrichment](#)

[Multi Level Approval](#)

## Common Initiation Stage

The user can initiate the new Islamic Export LC closure request from the common Initiate Task screen.

1. Using the entitled login credentials, login to the OBTFPM application.
2. Click **Trade Finance > Initiate Task**.

The screenshot shows the Oracle OBTFPM application interface. The top navigation bar includes the Oracle logo, user information (ZARTAB01, subham@gmail.com), and system details (Oracle Banking Trade Finan..., Jun 13, 2021). The main content area is titled 'Initiate Task' and contains a 'Registration' form. The form has two dropdown menus: 'Process Name' with the value 'Export LC Closure - Islamic' and 'Branch' with the value 'PK2-Oracle Banking Trade Finan...'. There are 'Proceed' and 'Clear' buttons at the bottom right of the form. The left sidebar shows the navigation menu with 'Initiate Task' highlighted under 'Trade Finance'.

Provide the details based on the description in the following table:

Field	Description
Process Name	Select the process name to initiate the task.
Branch	Select the branch.

## Action Buttons

Use action buttons based on the description in the following table:

Field	Description
Proceed	Task will get initiated to next logical stage.
Clear	The user can clear the contents update and can input values again.

## Registration

User can register request for Islamic Export LC closure in the Registration stage received at the front desk (as an application received physically/received by mail/fax). During Registration stage, user can capture the basic details of the application and upload the related documents of the applicant. On submit of the request, the request will be available for an LC close expert to handle the request in the next stage.

1. Using the entitled login credentials for Registration stage, login to the OBTFPM application.

**FuTura Bank**

Sign In

User Name \*

SRIDHAR

Sign In

Cancel

2. On login, user must be able to view the dashboard screen with widgets as mapped to the user.

3. Click Trade Finance - Islamic > Export - Documentary Credit > Export LC Closure - Islamic.

The Registration stage has two sections Application Details and LC Details. Let's look at the details of Registration screens below:

## Application Details

The screenshot displays the Oracle application interface for an 'Export LC Closure - Islamic' transaction. The top navigation bar includes the Oracle logo, user information (ZARTABOT, subham@gmail.com), and system details (DEFAULTTENITY, Oracle Banking Trade Finan..., Jun 13, 2021). The main content area is divided into two sections: 'Application Details' and 'LC Details'. The 'Application Details' section includes fields for Advising Bank Reference (PK2ELIC21125AENW), Process Reference Number (PK2ECL00017184), User Reference Number (PK2ELIC21125AENW), Beneficiary ID (001044), Priority (Medium), Issuing Bank (WELLS FARGO L), 59A - Beneficiary Name (GOODCARE PLC), Submission Mode (Desk), and Branch (PK2-Oracle Banking Trade Finan...). The 'LC Details' section includes fields for LC Type (Sight), 40A - Form of Documentary Credit (IRREVOCABLE), 30 - Date of Issue (May 5, 2021), 51A - Applicant Bank, 39A - Percentage Credit Amount Tolerance (10 / 10), Auto Close, Advising Bank, Form of Documentary Credit Details, 40C - Applicable Rules (UCP LATEST VERSION), 50 - Applicant (MARKS AND SPI), Limits Required, Closure Date, Product Code (ELIC), 20 - Documentary Credit Number (AAA), 31D - Date of Expiry (Aug 3, 2021), 32B - Currency Code, Amount (GBP, £21,000.00), 39C - Additional Amount Covered, Product Description (Islamic Export LC with Adding Confirms), Contract Reference Number (PK2ELIC21125AENW), 31D - Place of Expiry (CHN), Amount In Local Currency (GBP, £21,000.00), and Sender's Reference. The bottom of the interface features a toolbar with buttons for Hold, Cancel, Save & Close, and Submit.

Provide the Application Details based on the description in the following table:

Field	Description	Sample Values
Advising Bank Reference	Provide the advising bank reference number of the LC to be closed. Alternatively, user can search the advising bank reference number using LOV.  In the LOV, user can input Customer ID, Beneficiary name, Currency and amount or User Reference Number. System displays all the Export LC's outstanding against the given Applicant-beneficiary combination which are active and not closed.	
Beneficiary ID	Read only field.  Beneficiary ID will be auto-populated from the value available in LC.	001344
Beneficiary Name	Read only field.  Beneficiary Name will be auto-populated based on the value available in LC.	EMR & CO
Branch	Read only field.  Branch details will be auto-populated based on the Export LC details.	203-Bank Futura -Branch FZ1
Process Reference Number	Unique sequence number for the transaction.  This is auto generated by the system based on process name and branch code.	
Priority	System will default the Priority as Low/Medium/High based on customer priority maintenance.	High

Field	Description	Sample Values
Submission Mode	The submission mode of Export LC Closure request. By default the submission mode will have the value as 'Desk', for the transactions created via registration. User can change the defaulted priority.  <b>Desk</b> - Request received through Desk <b>Fax</b> - Request received through Fax <b>Email</b> - Request received through Email <b>Courier</b> - Request received through Courier	Desk
Closure Date	By default, the application will display branch's current date. User cannot change the date to a back date or a future date. System should change the date to branch date as on approval if the task is approved on a date later than the registration date.	04/13/2018
User Reference Number	Read only field.  User Reference Number will be auto populated by the system based on the selected Export LC.	
Issuing Bank	Read only field.  Issuing Bank details will be auto-populated based on the value available in Export LC.	

## LC Details

Registration user can view the latest LC values defaulted in the respective fields in the LC Details section. All the fields in this section are read only.

The screenshot displays the 'LC Details' form with the following fields and values:

- LC Type:** Sight
- 40A - Form of Documentary Credit:** IRREVOCABLE
- 30 - Date of Issue:** May 5, 2021
- 51A - Applicant Bank:** 001043 MARKS AND SPI
- 39A - Percentage Credit Amount Tolerance:** 10 / 10
- Auto Close:** (Toggle off)
- Advising Bank:** (Empty)
- Form of Documentary Credit Details:** (Empty)
- 40C - Applicable Rules:** UCP LATEST VERSION
- 50 - Applicant:** 001043 MARKS AND SPI
- Limits Required:** (Toggle off)
- Closure Date:** (Empty)
- Product Code:** ELIC
- 20 - Documentary Credit Number:** AAA
- 31D - Date of Expiry:** Aug 3, 2021
- 32B - Currency Code, Amount:** GBP £21,000.00
- 39C - Additional Amount Covered:** (Empty)
- Product Description:** Islamic Export LC with Adding Confirm
- Contract Reference Number:** PKZELIC21125AENW
- 31D - Place of Expiry:** CHN
- Amount In Local Currency:** GBP £21,000.00
- Sender's Reference:** (Empty)

Provide the LC Details based on the description in the following table:

Field	Description	Sample Values
LC Type	Read only field.  LC type will be populated based on the latest LC details.	
Advising Bank	Read only field.  The advising bank details of the selected Export LC.	

Field	Description	Sample Values
Product Code	Read only field. This field displays the product code used during Issuance.	
Product Description	Read only field. This field displays the description of the product as per the product code displayed as in Export LC Issuance.	
40A - Form of Documentary Credit	Read only field. This field displays the form of documentary credit details available in Export LC.	
Form of Documentary Credit Details	Read only field. This field displays the form of documentary credit details, if confirmation details are received from Advising Bank. If Confirmation details are received from Advising Bank.	
Documentary Credit Number	Read only field. The Documentary Credit Number as available in Export LC.	
Customer Reference Number	The 'Reference number' provided by the beneficiary bank. The unique Customer Reference Number which will be the User Reference Number in LC.	
Date of Issue	Read only field. This field displays the LC issuance date.	
Applicable Rules	Read only field. The rules of the selected Export LC as per the latest LC details.	
Date Of Expiry	Read only field. The expiry date as per the latest LC details. The Export LC should be allowed to be closed only if the LC is expired.	
Place of Expiry	Read only field. The place of expiry as per the latest LC details.	
Applicant Bank	Read only field. The applicant bank details if available as per the latest LC details.	
Applicant	Read only field. The details of the applicant as per the latest LC details.	

Field	Description	Sample Values
Currency Code, Amount	Read only field. The currency code and LC amount as per the latest LC details.	
Amount In Local Currency	System fetches the local currency equivalent value for the LC amount from back office (with decimal places).	
Percentage Credit Amount Tolerance	Read only field. The percentage credit amount tolerance details as per the latest LC details.	
Limits Required	Read only field. Limits Required (Y/N) will be auto-populated as per the latest LC details.	
Additional Amount Covered	Read only field. The details of additional amount covered as per the latest LC details.	
Sender's Reference	Read only field. The sender's reference value as in underlying LC.	
Auto Close	Read only field. System default the value from the previous versions of the contracts.	
Closure Date	Read only field. System default the value from the previous versions of the contracts.	

## Miscellaneous

Provide the Miscellaneous Details based on the description in the following table:

Field	Description	Sample Values
Documents	Upload the required documents. System displays the mandatory and optional documents that have been maintained in Document Maintenance. If mandatory documents are not uploaded, system should display an error on submit. The possible documents submitted under an Export LC closure request are: Export LC Closure Request	
Remarks	Provide any additional information regarding the amendment request. This information can be viewed by other users processing the request.	
Customer Instructions	Click to view/ input the following <ul style="list-style-type: none"> <li>● <b>Standard Instructions</b> – In this section, the system will populate the details of Standard Instructions maintained for the customer. User will not be able to edit this.</li> <li>● <b>Transaction Level Instructions</b> – In this section, OBTFPM user can input any Customer Instructions received as part of transaction processing. This section will be enabled only for customer initiated transactions.</li> </ul>	
Common Group Message	Click Common Group Message button, to send MT799 and MT999 messages from within the task.	

Field	Description	Sample Values
View LC	Enables the user to view the latest snap shot of the LC details in a page.	
View LC Events	Enables the user to view the latest snap shot of the various events under the LC.	
<b>Action Buttons</b>		
Submit	On submit, task will get moved to next logical stage of Export LC Closure. If mandatory fields have not been captured, system will display an error message until the mandatory fields data are provided.	
Save & Close	Save the information provided and displays the task in you queue for working later. This option will not submit the request.	
Cancel	Cancel the Export LC Closure Registration stage inputs.	
Hold	The details provided will be registered and status will be on hold. This option is used, if there are any pending information yet to be received from beneficiary/ customer and appropriate remarks must be provided.	
Checklist	Make sure that the details in the checklist are completed and acknowledge. If mandatory checklist items are not marked, system will display an error on submit.  	

## Data Enrichment

On successful completion of Registration of an Export LC Closure request, the task moves to Data Enrichment stage. At this stage the gathered information during Registration are scrutinized.

As a part of Data Enrichment, the user can review and input/enrich Export LC closure request. The user can also verify the basic details of closure request and can verify if the request can be progressed further. The transaction will have the details entered during the registration stage.

**Note**

For expired line of limits, the task moves to “Limit Exception” stage under Free Tasks, on ‘Submit’ of DE Stage with the reason for exception as “Limit Expired”.

Do the following steps to acquire a task currently at Data Enrichment stage:

1. Using the entitled login credentials for Data Enrichment stage, login to the OBTFPM application.

2. On login, user must be able to view the dashboard screen with widgets as mapped to the user.

### 3. Click Trade Finance> Tasks> Free Tasks.

The Data Enrichment stage has six sections as follows:

- Main Details
- Additional Fields

- Advices
- Additional Details
- Settlement Details
- Summary

Let's look at the details for Data Enrichment stage. User can enter/update the following sections. Some of the fields that are already having value from Registration/online channels may not be editable.

## Main Details

Main details section has three sub section as follows:

- Application Details
- LC Details

This section provides a quick snapshot of details of LC. This Application section will be available in all the sections of Data Enrichment stage and the fields will be read only. This section is collapsible.

## Application Details

All fields displayed under Application details section, would be read only except for the **Priority**. Refer to [Application Details](#) for more information of the fields.

Following fields are the additional new fields apart from the fields carried over from [Application Details of Registration](#). Provide the details for the two additional fields based on the description in the following table:

Field	Description	Sample Values
52a Issuing Bank	This field displays the issuing bank as available in LC.	

## LC Details

The fields listed under this section are same as the fields listed under the [LC Details](#) section in [Registration](#). Refer to [LC Details](#) for more information of the fields. All fields displayed under LC Details section, would be read only.

## Action Buttons

Use action buttons based on the description in the following table:

Field	Description	Sample Values
Reject	<p>On click of Reject, user must select a Reject Reason from a list displayed by the system.</p> <p>Reject Codes:</p> <ul style="list-style-type: none"> <li>● R1- Documents missing</li> <li>● R2- Signature Missing</li> <li>● R3- Input Error</li> <li>● R4- Insufficient Balance/Limits</li> <li>● R5 - Others.</li> </ul> <p>Select a Reject code and give a Reject Description.</p> <p>This reject reason will be available in the remarks window throughout the process.</p>	
Refer	<p>On click of Refer, user will be able to refer the task back to the selected stage user. User must select a Refer Reason from the values displayed by the system.</p> <p>Refer Codes:</p> <ul style="list-style-type: none"> <li>● R1- Documents missing</li> <li>● R2- Signature Missing</li> <li>● R3- Input Error</li> <li>● R4- Insufficient Balance/Limits</li> <li>● R5 - Others.</li> </ul>	

Field	Description	Sample Values
Hold	The details provided will be on hold. This option is used, if there are any pending information yet to be received from beneficiary/customer and appropriate remarks must be provided.	
Cancel	Cancel the Data Enrichment stage inputs.	
Save & Close	Save the information provided and holds the task in you queue for working later. This option will not submit the request.	
Next	On click of Next, system should validate if all the mandatory fields have been captured. Necessary error and override messages to be displayed. On successful validation, system moves the task to the next data segment.	
Documents	Upload the required documents. Application displays mandatory documents to be uploaded for export LC Closure. Place holders are also available to upload additional documents submitted by the applicant. The user can view and input/view application details simultaneously. When a user clicks on the uploaded document, Document window get opened and on clicking the view icon of the uploaded document, Application screen should get split into two. The one side of the document allows to view and on the other side allows to input/view the details in the application.	
Remarks	Provide any additional information regarding the LC. This information can be viewed by other users processing the request.	
Overrides	Click to view the overrides accepted by the user.
