Preface

About this Guide

A brief introduction to the Collateral Review User Guide.

This guide helps you get familiar with the Collateral Review process in OBCFPM to review customer collaterals on a periodic basis.

Audience

Audience of Collateral Review User Guide.

This guide is intended for the Credit Officer responsible for valuating existing customer collaterals on a periodic basis.

2

Introduction

About Collateral Review Process

A brief introduction to the Collateral Review process.

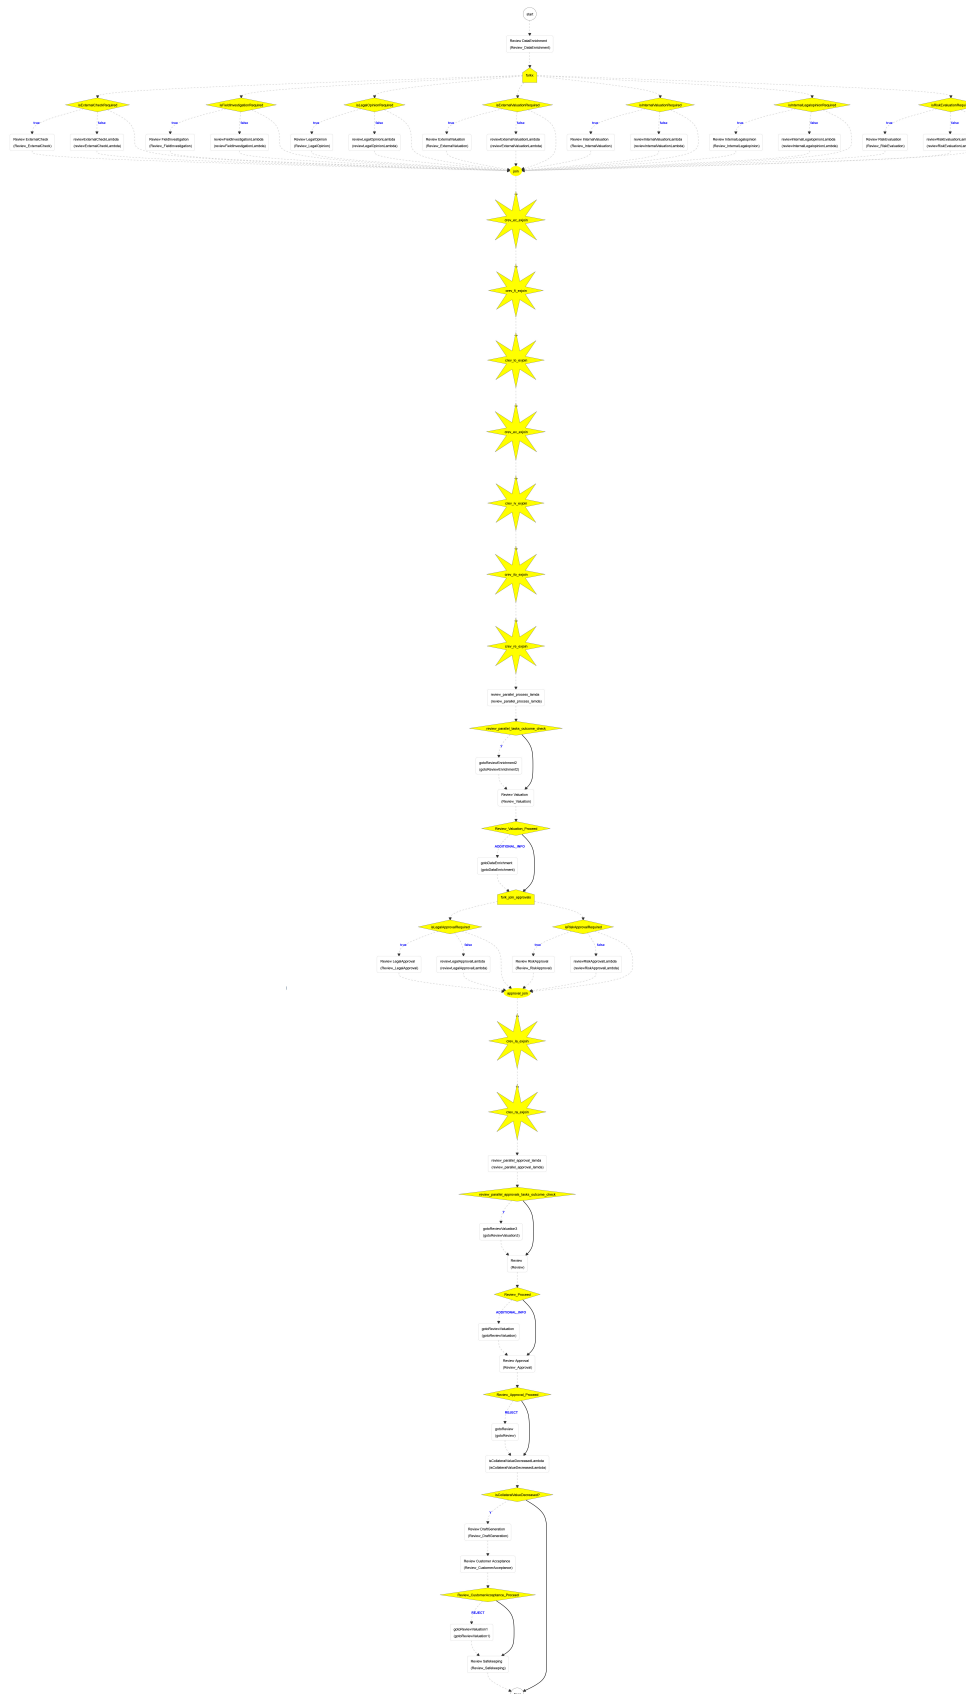

As part of Credit Portfolio management, the banks undertake periodic / Event Triggered Review of collateral of its customers. This ensures that the bank can control and mitigate the inherent credit risk involved in collateral management.

The Collateral Review process can be triggered manually by the Credit Officer as well as automatically by the back office system (OBELCM). The various activities performed in the Collateral Review process are:

- Capturing application details
- Uploading related Mandatory and Non Mandatory documents
- Verifying documents and capture collateral details
- Capturing Internal/External Legal Opinion
- Performing Risk Evaluation
- Performing Internal/External Valuation of Collateral
- Performing Field Investigation
- Generating Collateral Agreement
- Receiving customer acceptance of Collateral Agreement
- Collateral Safekeeping

The flow chart illustrating various stages in the Collateral Review process is provided below for reference.

External Check

External Check

Detailed information about the External Check stage in Collateral Review process.

In this stage, the Credit Officer verifies if the collateral submitted by the customer has an existing charge in the external system and captures the external check details.

External systems are maintained by the external agencies like CERSAI of India and Land Registry of UK to store the data of mortgage registrations. The lenders inquire these external systems online to check if there is an existing charge on a property.

The following data segments are available in the External Check stage:

- Summary

Internal Legal Opinion

Internal Legal Opinion

Detailed information about the Internal Legal Opinion stage in the Collateral Review Process.

In this stage, the Legal Officer in bank must review the collateral and its documents to check if the collateral can secure bank's exposure. In general, legal department in the bank considers the following possible aspects

- How helpful the local jurisdiction is in facilitating quick disposal and recovery of money (legal processes related to collateral sale)
- Whether the collateral submission has been duly authorized by customer's board (board resolution to authorize company management to provide collateral)
- In case of existing first charge, will there be any issue in claiming

The following data segments are available for the legal user in this stage to review the collateral and provide Legal Opinion.

Figure 17-7 Manual Retry - Comments

The screenshot shows a web application window titled "Collateral Review - Manual Retry". On the left is a sidebar with a navigation menu containing: "Collateral Summary", "Collateral Handoff Errors", "Basic Info", "Property", and "Comments" (which is selected and highlighted in blue). The main content area is titled "Comments" and includes a rich text editor with a toolbar (containing icons for undo, redo, bold, italic, underline, text color, font size, bulleted list, numbered list, link, unlink, indent, outdent, H1, H2, and source code) and a text input field with the placeholder "Enter text here...". Below the editor is a "Post" button. Underneath the post area, a message states "No items to display." At the bottom of the window is a footer bar with buttons: "Audit", "Hold", "Back", "Next", "Save & Close", "Submit", and "Cancel".

1. Type your comments for the Manual Retry stage in the **Comments** text box.
2. Click **Post**.
Comments are posted below the **Comments** text box.
3. To manually handoff the review details, click **Submit**.
The **Checklist** window is displayed.

Figure 17-8 Enrichment - Checklist

The screenshot shows a modal window titled "Checklist" with a close button (X) in the top right corner. Inside the window, there is a list item with a checked checkbox, the text "Doc Upload", a "Remarks:" label, and a speech bubble icon. Below the list item is a pagination bar showing "Page 1 of 1 (1 of 1 items)" and navigation arrows. At the bottom left of the window is a "Save Checklist" button. Below the window, outside its border, is a label "* Outcome" followed by a dropdown menu currently showing "PROCEED" and a "Submit" button.

 Note:

Checklist can be configured for each stage of a process in Business Process Maintenance screen. Refer **Credit Facilities Process Maintenance User Guide** for more information.

4. Manually verify all the checklist and enable the corresponding check box.
5. Select the **Outcome** as **PROCEED** and click **Submit**.
Review details are handed off to the back office system.

 Note:

Manual Retry task is generated until successful hand off of review details. You must carefully view the error details and fix the handoff errors for successful hand off.
