# Chapter 4 - Overview

## About Credit Extension Process

The Credit Extension process is a simple work-flow for modifying the expiry date of facilities available under a particular liability to any future date based on requirement.

This process can be initiated for any of the bank's existing customers under many circumstances, among which following are two examples:

- The borrower requests an amendment to the expiry date of the facility
- The financial regulatory body announces to extend the facility expiry date due to natural calamities or other situations

Upon successful completion of all the stages in this process, the expiry date of facility modified will get updated in the back office system (OBELCM) and the facility will be made available to the borrower till the mentioned expiry date.

The stages available in the Credit Extension process are:

- Credit Extension Initiation
- Credit Extension Enrichment
- Credit Extension Review and Recommendation
- Credit Extension Approval
- Credit Extension Documentation

Each of the above stages must be performed by the bank users assigned to perform the respective task.

# Chapter 4 - Credit Extension Initiation

## Credit Extension Initiation

In this stage, the Relationship Manager or other user responsible for this stage must select the required party and initiate the Credit Extension process.

In this page, you can capture the overall comments for the Approval stage. Posting comments help the user in the next stage to better understand the application.

# Chapter 4 - Approval

The screenshot shows a web application window titled "Credit Extension Process - Credit Extension Proposal Approval". On the left is a sidebar with a navigation menu containing "Customer Summary", "Liability", "Funding Requirement", and "Comments" (which is selected and highlighted in blue). The main content area is titled "Comments" and includes a rich text editor with a toolbar (containing icons for undo, redo, bold, italic, underline, text color, font size, bulleted list, numbered list, link, unlink, and H1) and a large text input area with the placeholder "Enter text here...". Below the text area is a green "Post" button. Underneath the "Post" button is a box displaying "No items to display." At the bottom of the window is a navigation bar with buttons: "Hold", "Back", "Next", "Save & Close", "Submit", and "Cancel". The top right corner of the window shows a "Documents" icon and "Screen (4 / 4)".

15. Type the approval **Comments**.
16. Click **Post**. The comments are posted below the **Comments** text box.
17. To hold the approval task, click **Hold**.
18. To go back to the previous page and modify necessary details, click **Back**.
19. To save and exit the window, click **Save & Close**.
20. If changes are not necessary, click **Submit**.
21. To exit the window without saving information, click **Cancel**.

Upon clicking **Submit**, the *Policy Exception* window appears:

# Chapter 4 - Approval

By default, policy exception is displayed for both the party and its child parties. You can select the required party from the drop down list at top left corner to view policy exceptions specific to that party.

22. View the policy exceptions and click the **Checklist** data segment.

# Chapter 4 - Approval

The screenshot shows a web application window with a close button (X) in the top right corner. At the top, there is a progress bar with two steps: 'Policy exceptions' (indicated by a grey circle) and 'Checklist' (indicated by a blue circle with the number 2). Below the progress bar, there is a message box that says 'No items to display.' At the bottom right, there is a label '\* Outcome' followed by a dropdown menu currently showing 'Proceed'. To the right of the dropdown is a green 'Submit' button.

23. Select the required **Outcome**. The options available are: **Approve**, **Send Back**, and **Reject**.

24. Click **Submit**.

If the **Outcome** is selected as 'Approve', the credit extension application will be moved to the Documentation stage on clicking **Submit**.

If the **Outcome** is selected as 'Reject', the Credit Extension process will get terminated on clicking **Submit**.

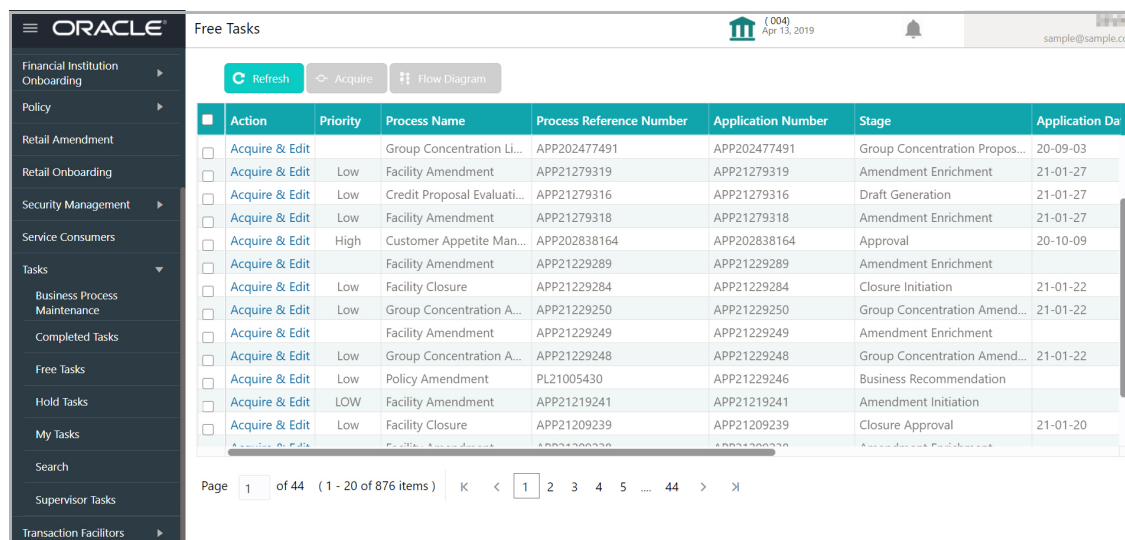

If the **Outcome** is selected as 'Send Back', the credit extension application will be moved back to the Review and Recommendation stage on clicking **Submit**.

# Chapter 4 - Documentation

## Credit Extension Documentation
