1. Preface

1.1 Introduction

This user manual is designed to help you quickly get acquainted with Trade 360 **Degree** process in Oracle Banking Trade Finance Process Management.

1.2 Audience

This manual is intended for the following User/User Roles:

- Oracle Implementers
- Customer Service Representatives (CSRs)
- Oracle user

1.3 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Organization

This manual is organized into the following chapters:

- Preface gives information on the intended audience, structure, and related documents for this User Manual.
- The subsequent chapters provide an overview to the module.

1.5 Related Documents

- Getting Started User Guide
- Common Core User Guide

1.6 Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry

standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

1.7 Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

1.8 Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes.

1.9 Glossary of Icons

This User Manual may refer to all or some of the following icons.

Icons	Function
	Exit
	Add row
	Delete row
	Option List

2. Trade 360 Degree

Corporates usually have multiple Trade transaction involving various trade products, the Trade 360 widget allows the user to view wholistically.

The Trade 360 allows the user to view all the Trade transactions booked by the customer in various trade products in a single page. The user can view Trade-360 details through widget and through Menu.

Following are the tabs in Trade 360 Degree screen

- Trade 360 Summary
- Documentary Credit
- Documentary Collection
- Guarantees and Stand By LCs

On Customer ID Search, the Trade 360 page loads with the transaction details by default. On visiting of each tab, the transaction pertaining to each widget should display based on the filter criteria.

The user can set the filter criteria for each widget and the results get displayed based on the filter criteria. The user can view the transaction details as separate screen (read only), by clicking the Reference number link in any of the table grid.

The facility of switching over from the Table structure to Pie chart mode and vice versa is also available in the screen.

This section contains the following topics:

Accessing Trade 360 Degree	Trade 360 Summary
Documentary Credit Tab	Documentary Collection Tab
Guarantee and Stand-By-LCs Collection Tab	Limit Tab
Transaction Details	

2.1 Accessing Trade 360 Degree

1. Using the entitled login credentials, login to the OBTFPM application.

2. On login, user must be able to view the dashboard screen with widgets as mapped to the user.

The screenshot displays the FuTura Bank Dashboard. On the left is a navigation menu with items like Core Maintenance, Dashboard, Maintenance, Tasks, and Trade Finance. The main area contains several widgets:

- Draft Confirmation Pending:** A table with columns Customer Name, Application Date, and a status column. Data rows include EMR & CO (25-06-2018), NA (25-06-2018), and NA (21-06-2018).
- High Value Transactions:** A bubble chart showing transaction values for different branches. The y-axis ranges from -20K to 140K. A legend indicates 'GBP'.
- SLA Breach Details:** A table with columns Customer Name, SLA Breached(mins), and Priority. Data rows include NA (23474 mins, H, KEERTIV01), HSBC BANK (26667 mins, M, SHUBHAM), WALL MART (23495 mins, SHUBHAM), and EMR & CO (26780 mins, M, GOPINATH01).
- Priority Details:** A table with columns Branch, Process Name, and Stage Name. Data rows include Bank Futura (NA, Retry HandOf), Bank Futura (NA, Amount Blo), and 004 (NA, Loan Applic).
- SLA Status:** A dropdown menu currently set to "Cucumber Testing".
- Tasks Detailed:** A dropdown menu currently set to "Cucumber Testing".

3. Click Trade Finance> Trade 360 Degree.

The screenshot shows the Oracle Trade Finance Dashboard. The left sidebar contains a navigation menu with 'Trade 360 Degree' highlighted in red. The main dashboard area contains several widgets:

- % Oversight Corrections:** A line chart showing data filtered on "All records" across weeks -4 to -1.
- Priority Summary:** A table with columns: Branch, Process Name, Stage Name, No of High Priority. It shows "No data to display."
- Model Inference Time:** A line chart showing data filtered on "All records" for Transaction Bucket Size.
- Model Tag Performance:** A table showing "No data to display."
- High Priority Tasks:** A table with columns: Branch, Process Name, Stage. It shows one item: PK2, Import Documentary Collection Booking, DataEnr.
- Pending Exception Approval:** A table showing (0) items.

2.1.1 Trade 360 Degree

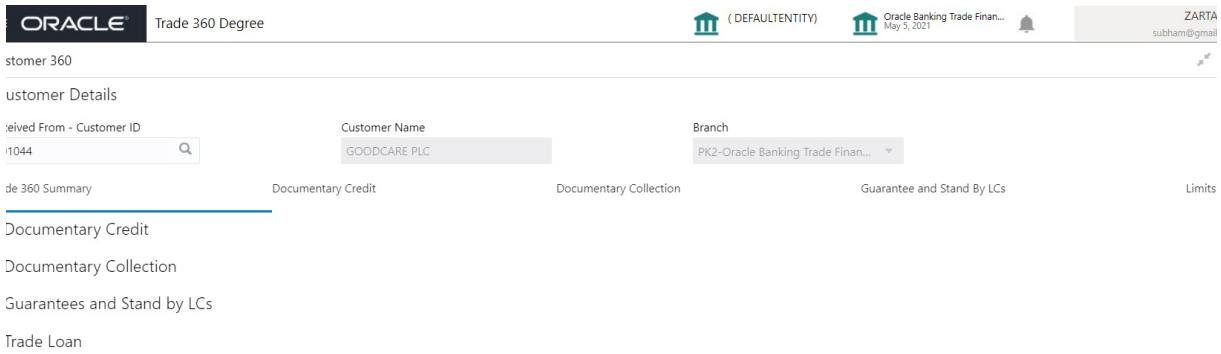

The screenshot shows the Oracle Trade 360 Degree Customer Details page. The page title is 'Trade 360 Degree'. Under the 'Customer Details' section, there are two input fields: 'Customer ID' and 'Customer Name'. The 'Customer ID' field has a search icon (magnifying glass) to its right. The 'Customer Name' field is currently empty.

Field	Description	Sample Values
Customer Id	Provide the Customer Id. Alternatively, user can search the Customer Id using LOV. During the Fetch action, the Customer Id, Customer Name and Brancisd display as result	
Customer Name	Customer Name will be populated based on the selected Customer Id from the LOV.	EMR & CO

4. On successful selection of the Customer Id, the pie chart is displayed.

5. Click the Customer 360 speedometer icon. The Trade 360 Summary screen will display the details. The user can click each tab to view the details.

2.1.2 Trade 360 Summary

The Summary Tab displays the Outstanding Balances of trade transactions in various heads like Documentary Credit (Import & Export), Documentary Collection (Import & Export), and Guarantees and Stand-By-LCs. The user can click each head to view the details.
