1. Preface

1.1 Purpose

Welcome to the User Guide for Oracle Banking Digital Experience. This guide explains the operations that the user will follow while using the application.

1.2 Audience

This manual is intended for Customers and Partners who setup and use Oracle Banking Digital Experience.

1.3 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit, <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

1.4 Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

1.5 Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>Italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

1.6 **Screenshot Disclaimer**

The images of screens used in this user manual are for illustrative purpose only, to provide improved understanding of the functionality; actual screens that appear in the application may vary based on selected browser, theme, and mobile devices.

1.7 **Acronyms and Abbreviations**

The list of the acronyms and abbreviations that you are likely to find in the manual are as follows:

Abbreviation	Description
OBDX	Oracle Banking Digital Experience

2. Accounts

Current and savings accounts are the most basic and critical products of Business banking. Most banking customers hold either a current or a savings account with their banks. Banks, in turn, encourage the use of current or savings accounts as it results in a higher profit margin for the bank.

This application provides a platform by which banks are able to offer their customers an enriching online banking experience in performing activities on their accounts.

Through the online banking application, customers can perform various activities on their accounts. Customers can view account balances and statements, initiate service requests and perform other inquiries as well as perform financial transactions on their accounts.

Features Supported In the Application:

The Small & Medium Business accounts module of the application supports the following features:

- Overview Widget
- Current & Savings Accounts Summary
- Current & Savings Account Details
- Cheque Book Request
- Cheque Status Inquiry
- Stop/Unblock Cheque
- View Account Statement
- Request Statement
- Download Pre-Generated Statements

Pre-Requisites

- Transaction access is provided to Small & Medium Business users
- CASA (Current and Savings Account) accounts are maintained in the host system under a party ID mapped to the user

Note: In application

1) Account searchable drop-down will allow user to search the account number basis on the Account Number, Account Name, Account Currency or Branch Code.

2) Bank can configure the fields to be shown as additional values in the accounts drop-down.

3) International Bank Account Number (IBAN) is now available in account searchable drop-down in place of current and savings account (CASA) number.

2.1 Overview Widget

The Small & Medium Business dashboard page displays an overview of the customer's holdings with the bank as well as links to various transactions offered to the customer. The **Overview** widget displays the customer's holdings in each account type such as Current and Savings Accounts, Term Deposits, Loans, Credit Cards, and Investments. It is a container and user can scroll from left to right, right to left. On clicking on any account type record, the widget displays details specific to that account type. One such example is that of Current & Savings accounts.

On selection of account type **Current & Savings**, details of the current and savings accounts held with the bank are displayed on next page. The Current & Savings Accounts summary page provides users with a holistic view of all their both Islamic and Conventional active/dormant accounts along with the basic details of each current & savings account.

General details such as the total amount due for bill payment, the total count of current & savings accounts and the total net current balance, Total debit cards linked to the account are also displayed.

On Summary page the basic details of individual accounts are displayed as record. Each record displays basic information of the account which comprises of the account number, Available Balance and the kebab menu. Each record also has a kebab menu which enables the customer to quickly access related screens.

Note:

The Overview widget is available on both desktop and mobile (responsive) view.

If the user does not have any Current & Savings accounts, system displays the text message and the card which re-directs user to the origination flow to apply for a CASA account.

How to reach here:

Dashboard > Overview Widget > Current and Savings

3. Current & Savings Accounts Summary

The Current & Savings Accounts summary page provides users with a holistic view of all their current and savings accounts held with the bank.

All the active & dormant Current & Savings accounts of the user are listed as records. Each record comprises of information such as account number, status (only in case of dormant accounts), account nickname (if assigned), product name, current balance, and available balance. The user can view further details of each account or view the summary of transactions undertaken through that account, by selecting the provided option under the kebab menu of each account record.

Note:

- 1) If the user does not have any Current & Savings accounts, system displays the text message and the card which re-directs user to the origination flow to apply for a CASA account.
- 2) The left swipe and Long Press gesture is implemented on mobile and tablets devices.

Long press gesture - Users can now press and hold down on a screen for an extended duration, which displays additional options or actions. This feature is available on Account Listing, which triggers Cheque Book Request, Request Statement functionalities.

The **More Actions** menu on the right top corner of the page lists the relevant allowed actions based on the module. The user can also navigate to other Current and Savings account related screens from the **More Actions** menu provided on the screen.

Utilizing the '**Manage Columns**' feature, users are empowered to tailor their display preferences to suit their individual needs. This includes the ability to handpick the columns they wish to see and rearrange them in the order that best aligns with their personal preferences. These customized preferences will be securely saved and persist for all subsequent logins, ensuring a seamless and personalized experience each time they access the platform.

Note:

- 1) The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
 - 2) The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.
-

Field Description

Field Name	Description
Account Number	The account number in masked format.
Nickname	The account nickname will be displayed under the Account Number column if a nickname is assigned to the account.
Status	If the account is in dormant state, the status tag 'Dormant' will be displayed against the account. Note: The summary page will only list active and dormant Current & Savings accounts.
Product Name	The name of the CASA product.
Current Balance	The current balance in the account.
Available Balance	The available balance in the account.

- Click on the **More Actions** menu to access other Current and Savings account related transactions.
OR
Click on the  **Download** to download the records in CSV & PDF format.
OR
Click on the  **Manage Columns** to setup a column preference by rearranging or removing columns.
- 1. Click **Apply** to apply the new changes to the table.
OR
Click **Reset** to clear the data entered.

4. Current & Savings Account Details

The account details screen displays important information pertaining to a current or savings account such as the account holding pattern and the names of all the account holders, the current status of the account and the branch in which the account is held along with details on various balances and limits applicable on the account. The details are displayed under four main section **Account Details**, **Recent Transactions**, **Debit Cards**, and **Additional Information**. To navigate between the different sections, **Recent Transactions**, **Debit Cards**, and **Additional Information** the user can use the bookmark options available on top right corner.

The **Account Details** section provide general information about the account such as the current balance, nickname, status of the account and product name, unclear funds, and overdraft limit. The **Recent Transactions** sections displays the debit and credit entries along with each transaction amount and reference details. The **Debit Cards** section lists all the Debit Card/s linked to the account in the card form and also to apply for a new debit card on any of their accounts. The **Additional Information** section displays the account holding pattern and the names of all the account holders, the branch in which the account is held along with details on various balances and limits applicable on the account. It has feature to generate the QR to receive payment. Users can account details via a QR code, so that within-bank account holders can initiate payments using the Scan and Pay QR code functionality.

Note:

- 1) This feature is available from scan to pay from both pre and post login case.
 - 2) Desktop platforms support the **Download** function exclusively, and mobile platforms support both **Download** and **Share** functions.

- Click on the **More Actions** menu to access account related transactions.

5. Cheque Book Request

Cheques are the most widely used instruments that are used to make different kinds of payments.

The **Cheque Book Request** feature enables customers to request for a new cheque book online. This feature is enabled only for those accounts for which cheque book facility is enabled.

Customers can specify the number of cheque books required, leaves per cheque book, cheque book type and also the delivery location as to where the cheque book is to be delivered, while initiating a cheque book request. User can access account related transactions on the kebab menu.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current & Savings Accounts tab > Click on the Current & Savings Account Number > Current & Savings Account Details > More Actions > Cheque Book Request

OR

Dashboard > Overview widget > Current & Savings card > Current & Savings Accounts tab > Click on the Current & Savings Account > Current & Accounts Details > More Actions > Cheque Book Request

OR

Search bar > Current & Savings – Cheque Book Request

Cheque Book Request

The screenshot shows the 'Cheque Book Request' form in the Futura Bank interface. The form is titled 'Cheque Book Request' with a dropdown menu showing 'xxxxxxxxxxxx8297'. Below the title, there are several input fields: 'Type of Cheque Book' (dropdown menu showing 'CH22GBPCH'), 'Number of Leaves per Book' (dropdown menu showing 'Cheque Book with 10 Leaves'), 'Number of Cheque Books' (text input field showing '2'), 'Deliver to' (dropdown menu showing 'Branch Near Me'), 'City' (dropdown menu showing 'California'), and 'Branch Name' (dropdown menu showing 'FLEXCUBE UNIVERSAL BANK'). Below these fields, there is an 'Address' section with the text 'Unit 1, Block A, California, GREAT BRITAIN'. At the bottom of the form, there are three tabs: 'Current & Savings', 'Loans & Finances', and 'Deposits'. The 'Current & Savings' tab is selected. In the top right corner, there are 'Cancel' and 'Submit' buttons. A red notification bubble with the number '1' is visible in the bottom right corner.

Field Description

Field Name	Description
Account Number	Select the current or savings account number for which cheque book request is to be done. For more information on Account Nickname, refer Account Nickname.
Type of Cheque Book	The type of cheque book required.
Number of Cheque Books	Number of cheque books required. This field appears if you have the facility to request for multiple cheque books.
Number of Leaves per Book	Number of cheque leaves required in each cheque book. The options are: • Cheque book with 10 leaves • Cheque book with 25 leaves • Cheque book with 50 leaves
Address Type	The customer is required to specify where the new card is to be delivered. The options are: • Postal Address • Residential Address • Office Address • Branch Near Me
This section appears if the customer selects Branch Near Me option in the Address Type field.	
City	The customer can filter branches based on city.
Branch Near Me	The customer can select a branch at which the cheque book is to be delivered. The names of all the branches in the city selected in the previous field will be displayed. Note: The options in this field depend on the selected option in the City field.
Branch Address	The complete address of the branch selected will be displayed once the customer selects a branch. Note: The address displayed here depends on the selected option in the Branch Near Me field.

To request a cheque book:

1. From the **Account Number** list, select the current or savings account for which a cheque book is to be requested.
1. From the **Type of Cheque Book** list, select the desired option.
2. From the **Number of Leaves per Book** list, select the number of leaves required in each cheque book.
3. In the **Number of Cheque Book** field, specify the required number of cheque books.
4. In the **Address Type** field, select the delivery location of choice.
 - a. If you select the **Branch Near Me** option as delivery location:
 - i. From the **City** list, select the desired city.
 - i. From the **Branch Near Me** list, select the desired branch.
The complete address of the selected branch appears.
5. Click **Submit** to submit the cheque book request.
OR
Click **Cancel** to cancel the transaction.
6. The **Confirmation** popup appears.
Click **Yes** to proceed.
OR
Click **No** to cancel the transaction..
7. The success message of cheque book request along with the transaction reference number appears.

Click **Transaction Details** to view the details of the transaction.
OR
Click **Account Details** to view the account details.
OR
Click on the **View Accounts** link to visit Current & Savings Accounts Summary page.
OR
Click on the **View Transactions** link to view the related transactions.
OR
Click on the **Go To Dashboard** link to navigate back to dashboard page.

6. Cheque Status Inquiry

The **Cheque Status Inquiry** transaction enables customers to view the status of cheques written by them at any point of time. The customer can view the status of either a single cheque by providing a cheque number or that of a cheque series by defining a cheque range. Customers can also search for cheques based on their status i.e. used, not used, stopped, etc.

Note:

- 1) The **Cheque Range** and **Cheque Status** fields are displayed if the Oracle Banking Digital Banking Experience application is integrated with **Universal Banking Solutions** and the region is not **India**.
 - 2) The left swipe and Long Press gesture is implemented on mobile and tablets devices. Swipe gesture - This feature is available on the transaction which triggers Block/Unblock functionalities.
-

Using the **Manage Columns** feature, bank can configure and enable customizable UI display/download option for the end users. Using this feature, users can personalize the information to be displayed/downloaded from search grid displayed on the screen.

By clicking on '**Manage Columns**' option available on the screen, user can

- Rearrange columns
 - Remove specific columns.
-

Note:

- 1) The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
 - 2) The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.

--------	---

Action	Click on the Block link to stop a cheque that has been issued for making payment.
--------	--

Filter Criteria

Filter By	Allows the customer to specify the criteria by which to view the status of cheques.
-----------	---

The options are:

- Cheque Number
- Cheque Range
- Cheque Status

Note: The **Cheque Range** and **Cheque Status** fields are displayed if the Oracle Banking Digital Banking Experience application is integrated with **Oracle FLEXCUBE Universal Banking** and the region is not **India**.

Cheque Number	The customer can define the cheque number for which he wants to view the status.
---------------	--

This field appears if you select **Cheque Number** option from the **Filter By** list.

From	The customer is required to define the starting cheque number of the range for which to view cheque status.
------	---

This field is appears if you select **Cheque Range** option from the **Filter By** list.

To	The customer is required to define the last cheque number of the range for which to view cheque status.
----	---

This field appears if you select **Cheque Range** option from the **Filter By** list.

Cheque Type

The customer is required to identify a specific status in order to view cheques that belong to that status.

The options are:

- Used
- Not Used
- Stopped
- Rejected
- Cancelled

This field appears if you select the **Status** option from the **Filter By** list.

The **From Date** and **To Date** search fields will be disabled if the customer selects either the **Not Used** or **Cancelled** status.

From Date

The customer is required to specify the start date in a date range from which cheques of a particular status are to be fetched.

This field appears if you select **Status** option from the **Filter By** list.

To Date

The customer is required to specify the last date in the date range for which cheques of a particular status are to be fetched.

This field appears if you select **Status** option from the **Filter By** list.

To inquire about the cheque status:

1. From the **Account Number** list, select an account to view the status of cheques associated with that account. The cheque status inquiry appears of the selected account.

OR

Click on the  **Download** to download the records in CSV & PDF format.

OR

Click on the  **Manage Columns** to setup a column preferences by rearranging or removing columns.

OR

Click on the **Block** link under **Action** column to stop a cheque that has been issued for making payment. The system redirects to the **Stop/Unblock Cheque** screen,

1. Click  **Filter** to search the cheque based on search criteria; The **Filter** overlay screen appears.
 - a. From the **Filter By** list, select the criteria by which user wish to view the status of cheques.
 - i. If you select the **Cheque Number** option:
 1. In the **Cheque Number** field, enter the cheque number.

- i. If you select the **Cheque Range** option:
 - 1. In the **From** field, enter the cheque start number.
 - 2. In the **To** field, enter the cheque end number.
- ii. If you select the **Cheque Status** option:
 - 1. From the **Cheque Type** list, select the appropriate option.
 - 2. From the **From Date** list, select the appropriate date.
 - 3. From the **To Date** list, select the appropriate date.

Note : The **From Date** and **To Date** fields enabled if the **Used** or **Stopped** or **Rejected** option is selected in the **Cheque Type** field.

- b. Click **Apply** to apply the search criteria.
The results of the cheque status inquiry appear.
OR
Click **Reset** to clear the data entered.

7. Stop/ Unblock Cheque

Cheques are physical instruments used for the purpose of making payments. A customer might require to block a cheque payment in case the cheque has been lost or stolen. Hence it is critical to provide an option to stop such cheques so that they cannot be misused.

The Stop/ Unblock cheque feature enables a customer to stop a cheque that has been issued for making payment. In order to request for a cheque to be stopped, the customer will have to specify the account number from which the cheque has been issued as well as the cheque number and the reason for which the request is being raised. In addition to requesting for a stop cheque on a specific cheque, the customer can also request for a stop cheque to be performed on a cheque series by specifying the cheque range.

Additionally customers can also request for a cheque or cheque range that has been stopped or blocked to be unblocked.

Both stop cheque as well as unblock cheque requests are online i.e. do not require manual intervention by a bank official and the specific cheque or cheque range is immediately stopped or unblocked based on the request raised.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current & Savings Accounts tab > Click on the Current & Savings Account Number > Current & Savings Account Details > More Actions > Stop/Unblock Cheque

OR

Dashboard > Overview widget > Current & Savings card > Current & Savings Accounts tab > Click on the Current & Savings Account > Current & Savings Accounts Details > More Actions > Stop/Unblock Cheque

OR

Search bar > Current & Savings – Stop/Unblock Cheque

Stop /Unblock Cheque

The screenshot shows the 'Stop/Unblock Cheque' form in the Futura Bank interface. At the top, there's a search bar with the placeholder 'What would you like to do today?'. Below it, the form title 'Stop/Unblock Cheque' is displayed next to a dropdown menu showing 'xxxxxxxxxxxx0022 - M'. To the right of the title are 'Submit' and 'Cancel' buttons. The form has two tabs: 'Stop' (selected) and 'Unblock'. Under the 'Stop' tab, there's a section 'Enter Cheque Number or Range' with two radio buttons: 'Cheque Number' (selected) and 'Cheque Range'. Below these is a text input field containing '242341'. Further down is a text input field for 'Specify Reason' with the placeholder text 'Insufficient funds'. At the bottom of the form, there's a navigation bar with three icons: 'Current & Savings Accounts' (selected), 'Loans & Finances', and 'Deposits'. A red notification bubble with the number '1' is visible in the bottom right corner.

Field Description

Field Name	Description
Account Number	Savings account number in masked format along with the account nickname.
Action	The action to be taken on the cheque i.e. whether to stop or unblock the cheque. The options are: • Stop • Unblock
Enter Cheque Number or Range	Select the option to stop either a specific cheque by selecting Number or to stop multiple cheques by selecting Range. The options are: • Number • Range This field will be displayed if the option Stop is selected.
Unblock	Select the option to unblock either a specific cheque by selecting Number or to unblock multiple cheques by selecting Range. The options are: • Cheque Number • Cheque Range This field will be displayed if the option Unblock is selected.
Cheque Number	Cheque number of the cheque to be stopped or unblocked. This field appears if you select the Cheque Number option.
From	Start number of the cheque range to be stopped or unblocked. This field appears if you select the Cheque Range option.
To	End number of the cheque range to be stopped or unblocked. This field appears if you select the Cheque Range option.
Specify Reason	The reason for stopping or unblocking the cheque.

To stop or unblock cheque:

1. From the **Account Number** list, select the account number of which cheque/cheques have to be stopped or unblocked.
2. In the **Select Action** field, select the appropriate option.
3. If **Stop** is selected under the **Action** field, in the **Enter Cheque Number or Range** field, select the desired option:
 - a. If you select the **Cheque Number** option:
 - i. In the **Cheque Number** field, enter the cheque number.
 - a. If you select the **Cheque Range** option:
 - ii. In the **From** field, enter the cheque start number.
 - iii. In the **To** field, enter the cheque end number.
4. If **Unblock** is selected under the **Action** field, in the **Enter Cheque Number or Range** field, select the desired option:
 - a. If you select the **Cheque Number** option:
 - i. In the **Cheque Number** field, enter the cheque number.
 - b. If you select the **Cheque Range** option:
 - ii. In the **From** field, enter the cheque start number.
 - iii. In the **To** field, enter the cheque end number.
5. In the **Specify Reason** list, enter the reason to stop or unblock the cheque.
6. Click **Submit**.
OR
Click **Cancel** to cancel the transaction.
7. The **Review** screen appears. Verify the details and click **Confirm**.
OR
Click **Cancel** to cancel the transaction.
OR
Click **Back** to navigate back to the previous screen.
8. The success message of stopping/ unblocking the check along with the transaction reference number.
9. Click **Transaction Details** to view the details of the transaction.
OR
Click **Account Details** to view the account details.
OR
Click on the **Current & Savings Accounts** link to visit Current & Savings Accounts Summary page.
OR
Click on the **Inquire Cheque Status** link to view the status of the cheque.
OR
Click on the **Go To Dashboard** link to navigate back to dashboard page.

8. Transactions

Customers can track the transactions taking place in their accounts. This feature enables customers to view the details of all the transactions performed in their accounts. All the debit and credit entries along with each transaction amount and reference details are displayed.

Using the **Manage Columns** feature, bank can configure and enable customizable UI display/download option for the end users. Using this feature, users can personalize the information to be displayed/downloaded from search grid displayed on the screen.

By clicking on '**Manage Columns**' option available on the screen, user can

- Rearrange columns
- Remove specific columns.

Note:

1) The downloaded report will have the same columns as displayed on the UI as per user preference as well as there will also be an option to modify the column selection while downloading.
2) The column preferences setup by the user will be saved for future reference i.e. in case the user revisits this screen, the preferred columns will only be displayed in the table.

The user can also navigate to other Current and Savings account statement related screens from the **More Actions** menu provided on the screen.

Customers can also undertake the following from the **More Actions** menu:

- Request for Statements –The customer will be able to define the period for which he/she requires to receive statements at his/her registered address.
- Download Pre-Generated Statements –The customer can view /download the pre-generated statements for the selected period.

9. Account Nickname

Customer can assign a specific name to a current or savings account. This is useful if customer wishes to remember accounts with a particular name instead of account numbers. Once a nickname is assigned to an account, it is displayed on various transactions instead of the standard account description. The application also allows customer to modify or delete the nickname whenever required.

The customer can access this option by selecting the **Add/Edit Nickname** option from the kebab menu.

How to reach here:

Dashboard > Toggle Menu > Menu > Accounts > Current & Savings > Current & Savings Account Details > kebab menu > Add/Edit Nickname

To add/edit nickname against an account:

1. Click on the  icon on the screen, and click **Add/Edit Nickname** option to add/edit nickname against an account. The **Add/Edit Nickname** popup appears.

Add/Edit Nickname

Field Description

Field Name	Description
Nickname	Specify a nickname to be assigned to the account. If a nickname has already been assigned to the account, it will be displayed in editable mode.

2. In the **Nickname** field, enter the nickname you want to use.

3. Click **Save** to save your changes.
Nicknames will be displayed on various transactions instead of the standard account description.
OR
Click **Delete** to delete the nickname.

FAQs

1. What is the advantage of assigning a nickname to an account?

You can personalize your account by giving it a nickname. This way you will be able to easily identify it when viewing account summary.

2. Can I assign a nickname to a joint account?

Yes, you can add nickname to any account of which you are the primary holder.

3. Can I have multiple debit cards linked to a CASA account?

This depends on the features of the specific current or savings account. Generally, in joint accounts, both the primary account holder as well as the joint holder are provided a debit card each.

4. If a lost debit card is found and restored to the cardholder, can it be reactivated?

If the card is hotlisted, it cannot be reactivated, you can make a request for a new debit card. However, if the card was blocked, it can be unblocked and reused.
