Chapter 1 - Introduction

Preface

About this guide

This guide provides step-by-step instructions to close the liability / facility provided to the corporate customer.

Intended Audience

This document is intended for the banking personnel responsible for performing Liability / Facility Closure process for the corporate customer.

Conventions Used

The following table lists the conventions that are used in this document:

Convention	Description
Italic	Italic denotes a screen name
Bold	Bold indicates • Field name • Drop down options • Other UX labels
	This icon indicates a note
	This icon indicates a tip
	This icon indicates a warning

Chapter 1 - Introduction

Common Icons in OBCFPM

The following table describes the icons that are commonly used in OBCFPM:

Icons	Icon Name
	Add icon
	Calendar icon
	Configuration / settings icon
	Delete icon
	Edit icon

About Closure Process

Liability / Facility closure is the process of closing / canceling a single or a group of facilities / liability offered to the corporate customer. This process can be initiated by both the bank as well as the customer under certain circumstances.

The circumstances under which the customer initiates Closure process include:

- The facility is no more required by the customer
- The customer is offered with higher amount of facilities from the competing bank
- The customer is offered with similar amount of facilities at a better rate of interest from the competing bank
- The customer is unable to repay the outstanding amount, thus decided to liquidate the collateral and close the facilities

The circumstances under which the bank initiates Closure process include:

- The customer is unable to repay the outstanding amount, thus the bank has decided to liquidate the collateral
- Worsening of the financial performance of the customer
- The customer breaches the covenant or Terms and Conditions set by the bank
- Maturity of the facility as per its natural course
- The bank has discontinued the sanctioned facilities, tenor, rates, etc.

Process Flow Diagram

The flow diagram illustrating various stages in the Closure process is provided below for reference:

Chapter 3 - Overview

The Closure process in OBCFPM has the following stages:

- Initiation
- Validation
- Approval
- Customer Notification
- Manual Retry

Refer each chapter in this book for information on the stages in Closure process.

Chapter 3 - Initiation

Closure Initiation

In this stage, the user can close the liability / facilities provided to the customer as well as the collaterals provided as a security for the facility.

To initiate Liability / Facility Closure:

1. Login to OBCFPM.
2. Navigate to **Credit Facilities > Corporate > Facility Closure** from the left menu. The *Facility Closure Initiation* window appears:

Facility Closure

Chapter 3 - Initiation

In the **Collaterals** tab:

The screenshot shows the 'Facility Closure' application with the 'Collaterals' tab selected. At the top, there are three summary boxes: 'Total Collateral to be Released' (blue), 'Collaterals Updated with Release Instructions' (orange), and 'Collaterals Yet to be Updated with Release Instructions' (green). Below these is a filter section with a 'Filter' icon, a 'Type to filter' text box, and a 'Type to filter' button. A table view icon is also present. The main area displays a list of collateral items. The first item is highlighted, showing details: 'Collateral Id: COL202470460', 'Collateral Type: Machine', 'Owner Estimated Value:', 'Charge Hierarchy: -1', 'Valuation Date:', 'Valuation Amount:', and 'Collateral Details:'. At the bottom, there are navigation buttons: 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel'.

32. To filter a collateral, click the **Filter** icon and specify the search parameters or directly type the collateral detail in **Type to filter** text box.

33. To change the collateral view to table view, click the table view icon.

34. To view the details of particular collateral, click the **Collateral Id** in corresponding record.

35. To initiate closure for a collateral, select the collateral and click the Close Collateral icon. The *Comments* window appears:

The screenshot shows the 'Comments' window. It has a title bar 'Comments'. Below the title bar is a rich text editor with a toolbar containing icons for undo, redo, bold, italic, underline, text color, background color, bulleted list, numbered list, link, unlink, H1, H2, H3, H4, H5, H6, and a 'Post' button. The text area contains the placeholder text 'Enter text here...'. Below the text area is a 'No items to display.' message. At the bottom right, there is an 'Ok' button.

36. Type the **Comments** for collateral closure in the text box.

37. Click **Post**. Comments are posted below the text box.

38. Click **Ok**.

39. Click **Next** to go to the next page. The *Closure Summary* page appears.

42. Type the **Comments** for the Closure Initiation stage in the text box.
43. Click **Post**. Comments are posted below the text box.

Chapter 3 - Initiation

- 44. To hold the Closure Initiation task, click **Hold**.
- 45. To go back to the previous page, click **Back**.
- 46. To save and exit the page, click **Save & Close**.
- 47. To go to the next stage, click **Submit**.
- 48. To cancel the Facility Closure operation, click **Cancel**.

Upon clicking **Submit**, the *checklist* window appears.

- 49. Select the **Outcome** as Proceed and click **Submit**. The task is moved to the Closure Validation stage.

Closure Validation

In this stage, the credit officer validates the Liability / Facility Closure request and further enhance it before submitting for approval.

To validate the Closure request:

1. Navigate to **Task > Free Task** from the left menu. The *Free Task* page appears:

Refresh Acquire Delegate Reassign Flow Diagram								
	Action	Priority	Application Number	Branch	Customer Number	Amount	Process Name	Stage
☐	Acquire & Edit	Low	APP191407528	000	ACME Corporation	£0.00	Facility Closure	Validation
☐	Acquire & Edit	Medium	APP191377514	004	PTY183443391	\$129,000.00	Collateral Perfection	Data Enrichment
☐	Acquire & Edit	Low	APP191377513	004	SampleOrg	\$0.00	Facility Amendment	Risk Evaluation
☐	Acquire & Edit	Low	APP191377513	004	SampleOrg	\$0.00	Facility Amendment	Legal Evaluation
☐	Acquire & Edit	Low	APP191377509	004	SampleOrg	\$0.00	Facility Amendment	Legal Evaluation

2. **Acquire & Edit** the required Validation task. The Liability / *Facility Closure* page appears.

The Closure Validation task is similar to the Closure Initiation task. Refer **Initiation** chapter for information on validating the Closure request.

Upon submitting the Closure Validation task, the task is moved to the Approval stage.

Closure Approval

In this stage, the Credit Approver reviews the Closure request and takes any of the following actions based on the available information:

- Approve
- Send Back for more info
- Reject

1. Navigate to **Task > Free Task** from the left menu. The *Free Task* page appears:

Refresh Acquire Delegate Reassign Flow Diagram								
	Action	Priority	Application Number	Branch	Customer Number	Amount	Process Name	Stage
☐	Acquire & Edit	Low	APP191407528	000	ACME Corporation	£0.00	Facility Closure	Validation

Upon clicking **Submit**, the *checklist* window appears.

34. Select the **Outcome** as Proceed and click **Submit**. The task is moved to the Customer Notification stage.

Chapter 3 - Customer Notification

Customer Notification

In this stage, the Relationship Manager downloads the documents necessary for Facility Closure process and distributes the same to the customer for acceptance.

1. Navigate to **Tasks > Free Tasks** from the left menu. The *Free Tasks* page appears.
2. **Acquire & Edit** the required Customer Notification task. The *Draft Generation* page appears.

Draft Generation

This data segment allows to configure communication details of the party for email notification.

The screenshot shows the 'Draft Generation' window. On the left is a sidebar with 'Draft Generation' (selected), 'Closure Summary', and 'Comments'. The main area has a header 'Draft Generation' and a sub-header 'FAC01'. Below this is a card with a blue circle containing a white plus sign, followed by 'FAC01' and a 'Generate Document' button with a document icon. At the bottom right are buttons: 'Hold', 'Back', 'Next', 'Save & Close', and 'Cancel'. The top right corner shows 'Screen (1 / 3)'.

3. Click **Generate Document**. The *Draft Generation Details* window appears.

The screenshot shows the 'Draft Generation Details' window. It has a header 'Draft Generation Details'. Below this are two columns of form fields. The left column has 'Communication Type' with a dropdown set to 'Email', 'E-Mail CC' with a text field containing 'john_doe@example.com', and 'E-Mail To' with a text field containing 'john_doe@example.com'. The right column has 'Subject' with a text field containing 'Proposal draft'. At the bottom right are 'Cancel' and 'Generate' buttons.

Chapter 3 - Customer Notification

4. In **E-mail To** field, type the E-mail address to which the closure draft has to be sent.
5. In **E-mail CC** field, type the E-mail address which has to be in CC of draft closure mail.
6. In **Subject** field, type the mail subject.
7. Click **Generate**. Closure draft configured in the system is sent to the mail ID mentioned in **E-Mail To** field.

8. To view the generated draft document, click **View Document**.
9. To download the generated draft document, click **Download Document**.
10. After generating closure draft, click **Next**. The *Closure Summary* page appears.

Closure Summary

This data segment provides a preview of the actions made in the *Facility / Liability Closure* page. The user can check the facilities and collaterals detail in this page.

Hold Back Next Save & Close Submit Cancel

13. Type the **Comments** for the Customer Notification stage in the text box.
14. Click **Post**. Comments are posted below the text box.
15. To hold the Closure Notification task, click **Hold**.
16. To go back to the previous page, click **Back**.
17. To save and exit the page, click **Save & Close**.
18. To go to the next stage, click **Submit**.

Chapter 3 - Customer Notification

19. To cancel the Facility / Liability Closure operation, click **Cancel**.

Upon clicking **Submit**, the *checklist* window appears.

20. Select the **Outcome** as Proceed and click **Submit**. The application will be automatically transferred to the Back Office System for closing the facility.

Handoff - Manual Retry

If Handoff to the Back Office System fails in automatic Handoff stage, the credit officer can manually retry the Handoff process.

To acquire the Facility Closure - Manual Retry task, navigate to **Tasks > Free Tasks** and click **Acquire & Edit** on the required item.

Refer **Initiation** chapter for field level explanation of the data segments in Handoff - Manual Retry process.

Upon submitting the Handoff - Manual Retry task, the closure application will be sent to the Back Office System.

Chapter 3 - Document Upload

Document Upload and Checklist

In OBCFPM, closure documents can be uploaded in any stage of Facility Closure process. Uploading documents help the senior officers in bank to accurately evaluate the closure application and approve the same.

Steps to upload documents

1. Click  at the top right corner of any page. The *Documents* window appears.

If the document list is configured in Business Process Maintenance, the same appears in the above window. You can also click the add icon to upload other documents.

In case the mandatory document is not uploaded, the system prompts an alert. You need to upload the necessary documents and proceed further.

2. To change the table view to the list view, click the list icon at the top right corner. The *Documents* window appears as shown below.

Chapter 3 - Document Upload

3. Click the add icon. The *Document Details* window appears.

Document

Document Type *
