Preface

- [About this Guide](#)
- [Intended Audience](#)
- [Conventions Used](#)
- [Common Icons in OBCFPM](#)

1.1 About this Guide

This guide provides the user with all the information necessary to perform Covenant Tracking process in **OBCFPM**.

1.2 Intended Audience

This document is intended for the banking personnel responsible for tracking covenants set for the corporate customer.

1.3 Conventions Used

The following table lists the conventions that are used in this document.

Table 1-1 Conventions Used

Convention	Description
Bold	Bold indicates: • Field Name • Screen Name • Drop-down Options • Other UX labels
	This icon indicates a Note.

Figure 1-1 Note

1.4 Common Icons in OBCFPM

The following table describes the icons that are commonly used in **OBCFPM**:

Table 1-2 Common Icons

Icons	Purpose
Figure 1-2 Add 	To add new record.
Figure 1-3 Edit 	To modify existing record.
Figure 1-4 Delete 	To delete a record.
Figure 1-5 Calendar 	To select start or end date.
Figure 1-6 Upload 	To upload a record.

Table 1-2 (Cont.) Common Icons

Icons	Purpose
	To remove the record.
	To change the screen layout to list view.
	To change the screen layout to table view.
	To change the screen layout to tree view.
	To view, edit, and delete a record.

Table 1-2 (Cont.) Common Icons

Icons	Purpose
Figure 1-12 Hold 	To hold the process.
Figure 1-13 Back 	To go back to the previous screen.
Figure 1-14 Next 	To go to the next data segment.
Figure 1-15 Save and Close 	To save the captured information and exit the process window.
Figure 1-16 Submit 	To submit the task to next stage.

Table 1-2 (Cont.) Common Icons

Icons	Purpose
Figure 1-17 Cancel 	To exit the window without saving the captured information.

2

Covenant Tracking

- [Covenant Tracking Overview](#)

2.1 Covenant Tracking Overview

Covenant tracking plays a major role in mitigating the risks associated with corporate lending. In **OBCFPM**, covenant tracking is automatically triggered with the help of a new batch program before the commencement of the covenant tracking period. Initiation of the covenant tracking before due date of the covenant prevents heavy loss that the bank might face due to covenant breach.

The batch program is designed to group the covenants based on their due dates and the monitoring information and trigger a single covenant tracking task for the group of covenants.

3

RM Response

Covenant tracking task is automatically created with the covenant details and moved to the RM Response stage through covenant batch before the start of covenant tracking period.

In this stage, the RM must interact with the customer and update the covenant details along with the required documents. If multiple covenants are part of the covenant tracking task, then all the covenant details are displayed and RM has to update the status and remarks for each covenant.

- To **Acquire & Edit** the RM Response task, navigate to **Tasks > Free Tasks** from the left menu and select the required task.

The **RM Response** screen is displayed.

User will be notified if new financial document is uploaded when the covenant tracking application is in progress.

Figure 3-2 RM Response

In **RM Response** screen, all the covenants that are due for RM review are listed. The RM can perform following actions for each covenant individually:

- Update Covenant details
- View Covenant details
- Upload / download Documents
- View Covenant History
- [Updating Covenant Details](#)
- [Viewing Covenant Details](#)
- [Uploading Documents](#)
- [Viewing Covenant History](#)
- [Comments](#)

3.1 [Updating Covenant Details](#)

1. To update the covenant details, click **Action** icon in the covenant record and select **Update Covenant**.

The **Covenant Details - RM Response** window is displayed.

Figure 3-3 Covenant Details - RM Response

In the above window, the result value and the compliance status derived from the uploaded financial documents are displayed as **Derived Result Value** and **Derived Compliance Status**, respectively. However, the RM can capture their result value and compliance status for the covenants based on manual verification.

Note

Refer **Uploading Financial Document** chapter and upload the financial documents to view the system derived value and status.

In the **Covenant Details** window, all the details (formula, target type, covenant check condition, and target value) maintained for the covenant are displayed only for reference purpose. You cannot modify the same.

To view covenant linkage details, click and expand **Covenant Details** section.

2. Select **Covenant Compliance Status** from the drop-down list.

In the Covenant Tracking - RM Response stage, the RM can specify only if the covenant is breached or not. If the covenant is not breached, the compliance status should not be selected and the covenant should not be deferred.

3. To defer a covenant, select **Yes** under **Deferred?** field and specify **Deferred Days**.

Mentioned **Deferred Days** will be compared with the maximum allowed deferred days set for the covenant.

The system displays the number of times a covenant has been deferred in **Deferred Count** field.

4. Select **Waiver Status**, if the covenant is breached.

The options available are :

- **Waive** - Waive is used when the user wants to waive the covenant compliance check for this particular instance.
- **Waive All** - Waive All is used when the user wants to waive the covenant compliance check forever.

5. In the **Comments** text box, capture remarks for the covenant if any.

6. Click **Update**.

The **Compliance Status** is updated in the **RM Response** screen.

3.2 Viewing Covenant Details

- To view the covenant details, click **Action** icon in the covenant record and select **View Covenant**.

3.3 Uploading Documents

1. To upload documents related to specific covenant, click **Action** icon in the covenant record and select **Documents**.

The **Documents** window is displayed.

Figure 3-5 Documents

2. Click **Add New Documents**.

The **Document Details** window is displayed.

Figure 3-6 Document Details

For information on fields in the **Document Details** window, refer the below table.

Table 3-1 Document Details - Field Description

Field	Description
Document Type	Search and select Document Type . Document types maintained in the Maintenance module are displayed in the option list.
Document Code	Search and select Document Code . Document codes maintained in the Maintenance module are displayed in the option list.
Document Type Description	Document Type Description maintained for the selected Document Type is defaulted.
Document Code Description	Document Code Description maintained for the selected Document Code is defaulted.
Document Expiry Date	Click Calendar icon and select the expiry date of document to be uploaded.
Remarks	Specify Remarks for the document, if any.
Drop files here or click to select	In this section, click and upload or drag and drop the required document. Total selected count is updated to display the number of documents added.

- After specifying document details and uploading documents, click **Upload**.

Document is uploaded and displayed in the **Documents** window.

3.4 [Viewing Covenant History](#)

- To view the history of specific covenant, click **Action** icon in the covenant record and select **Covenant History**.

3.5 Comments

On clicking **Next** in the **RM Response** screen, the **RM Response - Comments** screen is displayed.

Figure 3-7 RM Response - Comments

1. **Post** comments for the RM Response stage.

Posted comments are displayed at the bottom of **Comments** box.

2. Click **Submit**.

Checklists maintained for the stage are displayed.

3. Verify all the checklist and select **Outcome**.

4. Click **Submit**.

If **Outcome** is selected as **DEFERRED**, the covenant tracking task is directly moved to **Handoff** stage.

If **Outcome** is selected as **BREACH**, the covenant tracking task is moved to **Covenant Breach – Credit Officer** stage.

If **Outcome** is selected as **PROCEED**, the covenant tracking task is moved to the **Covenant Review** stage.

If **Outcome** is selected as **CLOSED**, the task is moved to closed covenant parking lot and the application is closed.

4

Covenant Review

In this stage, the credit or monitoring team must derive the covenant formula with the available Document/MIS/Financial Information and check if the borrower has either met or breached the covenant. The system also derives the formula for Financial Covenants and displays the compliance status automatically for all the covenants for which monitoring information is available in Balance Sheet, Profit and Loss, or Cash Flow Statement.

To **Acquire & Edit** the Covenant Review task, navigate to **Tasks > Free Tasks** from the left menu and select the required task.
The **Covenant Review** screen is displayed.

Figure 4-1 Covenant Review

In the **Covenant Review** screen, the following actions can be performed for each covenant individually:

- Update Covenant details
- View Covenant details
- Upload / download Documents
- View Covenant History

In the above window, the result value and the compliance status derived from the uploaded financial documents are displayed as **Derived Result Value** and **Derived Compliance Status**, respectively. However, the covenant reviewer can capture their result value and compliance status for the covenants based on manual verification.

Note

Refer **Uploading Financial Document** chapter and upload the financial documents to view the system derived value and status.

In the **Covenant Details - Covenant Review** window, all the details (formula, target type, covenant check condition, and target value) maintained for the covenant are displayed only for reference purpose. You cannot modify the same.

To view covenant linkage details, click and expand **Covenant Details** section.

2. Specify **Result Value** which is manually derived from the financial documents using covenant formula.
3. Select the covenant **Compliance Status** from the drop-down list.

The options available are **Met** and **Breached**.

If **Compliance Status** is selected as **Met**, the Waiver Status must not be selected.

The system displays the status of previous compliance and the number of times a covenant has been deferred in **Previous Compliance Status** and **Deferred Count** fields, respectively.

4. Select **Waiver Status**, if the covenant is breached.
The options available are **Waive** and **WaiveAll**.
5. In the comments text box, capture remarks for the covenant if any.
6. Click **Update**.
The **Compliance Status** is updated in the **Covenant Review** screen.

4.2 View Covenant

Refer [Viewing Covenant Details](#) for information on viewing covenant.

4.3 Uploading Documents

Refer [Uploading Documents](#) for information on uploading covenant related documents.

4.4 Covenant History

To view the history of specific covenant, click **Action** icon in the covenant record and select **Covenant History**.

4.5 Comments

On clicking **Next** in **Covenant Review** screen, the **Covenant Review - Comments** screen is displayed.

Figure 4-3 Covenant Review - Comments

1. **Post** comments for the Covenant Review stage.
Posted comments are displayed at the bottom of **Comments** box.
2. Click **Submit**.
Checklists maintained for the stage are displayed.
3. Verify all the checklist and select **Outcome**.

4. Click **Submit**.

If **Outcome** is selected as **PROCEED**, covenant details are handed off to back office system (**OBELCM**) and the covenant tracking process is completed on clicking **Submit**.

If **Outcome** is selected as **BREACH**, the covenant tracking application is moved to **Covenant Breach – Credit Officer** stage on clicking **Submit**.

If **Outcome** is selected as **CLOSED**, the covenant tracking application is closed on clicking **Submit**.

If **Outcome** is selected as **SEND_TO_APPROVER**, the covenant tracking application is moved to **Covenant Approval** stage on clicking **Submit**.

- [Comments](#)

5.1 Covenant Breach - Credit Officer

In this stage, the Credit Officer must discuss about the covenant breach with the client and capture the reason for breach. If the covenant is breached temporarily, then the Credit Officer can request for a waiver on covenant check for the particular instance from the Risk team.

If the borrower mentions that the breach will continue in future as well, then the Credit Officer can request for a complete removal of covenant, take remedial action, request to withdraw the facility, or take any other corrective action.

To **Acquire & Edit** the Covenant Breach - Credit Officer task, navigate to **Tasks > Free Tasks** from the left menu and select the required task.

The **Covenant Breach - Credit Officer** screen is displayed.

Update

In the above window, covenant details derived by the system as well as captured by the users in previous stage are displayed. The Approver can modify the covenant details only if the fields are set as editable in Business Process maintenance.

Note

To upload financial documents in this stage, refer **Uploading Financial Document** chapter.

To view covenant linkage details, click and expand the **Covenant Details** section.

2. In the **Risk Approver Decision** section, capture comments for the covenant if any.
3. Click **Post**.
Comments are posted below the comments text box.
4. Click **Update**.

7.3 Viewing Covenant Details

To view the covenant details, click **Action** icon in the covenant record and select **View Covenant**.

7.4 Uploading Documents

Refer [Uploading Documents](#) for information on uploading covenant related documents.

7.5 Viewing Covenant History

To view the history of specific covenant, click **Action** icon in the covenant record and select **Covenant History**.

7.6 Comments

On clicking **Next** in the **Risk Approval** screen, the **Risk Approval - Comments** screen is displayed.

Figure 7-4 Risk Approval - Comments

1. **Post** comments for the **Covenant Tracking - Covenant Approval** stage.

Posted comments are displayed at the bottom of **Comments** box.

2. Click **Submit**.

Checklists maintained for the stage are displayed based on the application category.

3. Verify all the checklist and select **Outcome**.

The options available for Outcome are:

- PROCEED
- ADDITIONAL_INFO

4. Click **Submit**.

If **Outcome** is selected as **PROCEED**, the covenant tracking task is moved to **Handoff** stage on clicking **Submit**.

If **Outcome** is selected as **ADDITIONAL_INFO**, the covenant tracking task is moved to **Covenant Breach – Credit Officer** stage on clicking **Submit**.

8

Handoff

- [Hand Off to Back Office System](#)

8.1 Hand Off to Back Office System

Once the covenant is successfully approved, the covenant details are automatically handed off to the back office system. If the automatic Handoff fails, then the system moves the Handoff task to the **Manual Retry** Stage.

9

Handoff - Manual Retry

Manual Retry task is created for the failed Handoff task to manually hand over the covenant details to back office system. In this stage, the credit officer or the risk officer will go through the error details and take necessary steps to solve the errors operationally.

10

Supporting Documents

- [Uploading Supporting Documents](#)

10.1 Uploading Supporting Documents

In **OBCFPM**, covenant related documents can be uploaded in any stage of Covenant Tracking process. Uploading the covenant related documents help the covenant approver in making better decisions.

Steps to upload documents

1. Click

Figure 10-1 Documents

at the top right corner of any page. Documents window appear:

Figure 10-2 Documents

2. To change the table view to the list view, click the list icon at the top right corner.
Documents window appears as shown below:

4. Select **Document Type** and **Document Code** from the drop-down list. The options available are: **Amendment Documents**, **Proposal Documents** and **Closure Documents**.
5. Enter **Document Title**.
6. Enter **Document Description** that best describes the document.
7. Enter **Remarks** based on your need.
8. Click **Calendar** icon and select **Document Expiry Date**.
9. In **Drop files here** or **click to select** area, drag and drop the documents or click and select the documents. Selected files are displayed at the bottom.

Note

To upload multiple supporting documents at the same time, drag and drop or click and select all the documents.

10. Click **Upload**. **Checklist** window appears.

Figure 10-5 Checklist

The screenshot shows a 'Checklist' window with a close button (X) in the top right corner. It contains two checklist items, each with a checked checkbox, a title, a 'Remarks:' label, and a 'Mandatory' tag. The first item is 'Yearly Financial Documents Uploaded' and the second is 'Action on Covenant Breach Notified'. Below the items is a pagination bar showing 'Page 1 of 1 (1-2 of 2 items)' and navigation icons. A 'Save Checklist' button is located at the bottom left of the window.

Item	Status	Remarks	Tag
Yearly Financial Documents Uploaded	✓		Mandatory
Action on Covenant Breach Notified	✓		Mandatory

Save Checklist

11. Select the Outcome as **Proceed**.
12. Click **Submit**. Document is uploaded and listed in Document window.
13. To edit or delete the document, click **Edit** or **Delete** icons.

11

Financial Documents

- [Uploading Financial Documents](#)

11.1 Uploading Financial Documents

Financial documents are mandatory for the system to derive compliance status of covenants. It must be uploaded before performing other actions in all the stages.

Steps to upload financial documents

1. Click **Financial Document** Icon at the top right corner of any page.
The **Financial Documents** window appear:

Figure 11-1 Financial Documents

Financial documents				
Balance sheet		Profit & loss statement		Cash flow statement
+				
Period	Quarter	Statement type	Download	Reupload
FY2018-2019	Annual	Balance sheet	Download	Reupload
FY2017-2018	Annual	Balance sheet	Download	Reupload

Done

In the above window, you can upload the following documents for financial covenant verification:

- Balance Sheet
 - Profit & Loss Statement
 - Cash Flow Statement
2. To upload a specific financial document, click on the corresponding tab and then click **Add**.
The **Document Upload** window appears:

Figure 11-2 Document Upload

The screenshot shows a modal dialog box titled "Balance sheet details" with a close button (X) in the top right corner. The dialog contains two dropdown menus: "Period" and "Quarter", both labeled "Required". Below these is a dashed box with the text "Drop files here or click to select". Underneath this box, it says "Current selected files:" followed by an empty array notation []. At the bottom right of the dialog are "Cancel" and "Add" buttons. In the background, a table is partially visible with columns for "Period" and "Quarter", showing rows for "FY201" and "FY20T".

3. Select **Period** and **Quarter** for which you want to upload financial documents.
4. In the **Drop files here or click to select** section, click and upload or drag and drop the required document. Current selected files count is updated to display the number of documents added.
5. Click **Add**. Document is uploaded and displayed in the Financial Documents window.
6. To download the added document, click **Download** in the Download column.
7. To upload the document again, click **Reupload** in the **Reupload** column. This will override the already uploaded document.
8. To exit **Financial Documents** window, click **Done**.

12

Conditions Compliance Initiation

This topic provides systematic instructions about the Conditions Compliance Initiation stage in the Conditions Compliance Tracking Process.

The conditions compliance process is a simple two stage work-flow for tracking the compliance status of various conditions set for the customer during review process. This conditions compliance process must be initiated by the banks at regular intervals throughout the life-cycle of the facilities to ensure the repayment of facility on stipulated time.

The two stages available in the conditions compliance process are:

- Initiation
- Approval

In this stage, the user can update the status of customer's compliance with various Conditions and send the same for approval.

1. On **Home** screen, select **Credit Facilities**. Under Credit Facilities, select **My Portfolio**. The **My Portfolio** screen is displayed.

Figure 12-1 My Portfolio

Customer	Customer Id	Amount Sanctioned	Balance Available	Earmarked	Annual Review Date

12.1 Terms and Conditions Details

This topic provides systematic instructions about the Terms and Conditions Details data segment in the Terms and Conditions Compliance Tracking Process Initiation stage.

This data segment lists all the Terms and Conditions directly or indirectly associated with the selected customer. You can select the required Terms and Conditions and modify the status of the same.

Figure 12-5 Initiation - Terms and Conditions Details

The screenshot shows the 'Terms Conditions Compliance Initiation' interface. The left sidebar has three tabs: 'Terms Conditions Details' (selected), 'Customer Summary', and 'Comments'. The main area is titled 'Terms Conditions Details' and shows data for 'Party001'. It includes a summary table with counts for 'Total', 'Met', and 'Breached' categories, and a list of individual terms and conditions.

Category	Count	Sub-category
Total	5	Total
Total Terms & Conditions	1	Facility Based
	4	Entity Based
Met	0	Pre disbursement
	0	Post disbursement
Breached	0	Pre disbursement
	0	Post disbursement

Below the summary table, there is a 'Filter' button and a 'Type to filter' text box. A list of terms and conditions is displayed below, with the first item showing 'Type: Pre-disbursement', 'Linkage ID: F202049', 'Condition Code: INRP', and 'Terms & Conditions: Interest Repayment'. A 'Not Updated' status is shown next to the first item.

Page 1 of 1 (1 - 1 of 1 items)

- 6. Click the **Checklist** data segment.

Figure 13-8 Checklist

The screenshot shows a checklist interface. At the top, there is a progress bar with two steps: "Policy exceptions" (indicated by a white circle) and "Checklist" (indicated by a blue circle with the number 2). Below the progress bar, there is a box labeled "No items to display." At the bottom right, there is a dropdown menu for "Outcome" with "Proceed" selected, and a green "Submit" button.

7. Select the required **Outcome**. The options available are **Approve** and **Reject**.
8. Click **Submit**.

If the **Outcome** is selected as **Approve**, the process is completed on clicking **Submit**.

If the **Outcome** is selected as **Reject**, the task is sent back to the Initiation stage on clicking **Submit**. You must modify the compliance status and submit it to the Approval stage again.

Document Upload and Checklist

This topic provides systematic instructions about the procedure to upload documents during Terms and Conditions Compliance Tracking Process.

In Oracle Banking Credit Facilities Process Management, supporting documents such as insurance certificate, valuation report, and machine fitness certificate can be uploaded in any stage of Terms and Conditions Compliance Tracking process. Supporting documents act as a proof for customer's compliance with respect to the terms and conditions set by bank. Added documents can be removed whenever the document expires.

1. Click **Documents** at the top right corner of any screen.

The **Documents** window is displayed.

Figure 14-1 Documents

If the document list is configured in Business Process Maintenance, the same is displayed in the above window. You can also click the add icon to upload other documents.

In case the mandatory document is not uploaded, the system prompts an alert. You need to upload the necessary documents and proceed further.

2. To change the table view to the list view, click the list icon at the top right corner.

The **Documents** window is displayed as shown below.
