Preface

1.1 Purpose

This guide is designed to help the user to quickly get acquainted with the Customer Standard Instructions maintenance process.

1.2 Audience

This guide is intended for the central administrator of the Bank who controls the system and application parameters and ensures smooth functionality and flexibility of the banking application.

1.3 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <https://www.oracle.com/corporate/accessibility/>.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

1.4 Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches, Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

1.5 Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

1.6 Conventions

The following text conventions are used in this document:

Table 1-1 Conventions

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

1.7 Related Resources

For more information on any related features, refer to the following documents

- End user license agreement.
- Oracle Banking Enterprise Limits and Collateral Management User Manuals.

1.8 Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes.

1.9 Acronyms and Abbreviations

The list of the acronyms and abbreviations used in this guide are as follows:

Table 1-2 Acronyms and Abbreviations

Abbreviation	Description
System	Core Maintenance Module
NLP	Natural Language Processing
REST	Representational State Transfer

1.10 Basic Actions

Table 1-3 Basic Actions

Action	Description
Approve	Used to approve the initiated report. This button is displayed, once the user click Authorize .
Audit	Used to view the maker details, checker details, and report status.
Authorize	Used to authorize the report created. A maker of the screen is not allowed to authorize the report. Only a checker can authorize a report, created by a maker.
Close	Used to close a record. This action is available only when a record is created.
Confirm	Used to confirm the performed action.

Table 1-3 (Cont.) Basic Actions

Action	Description
Cancel	Used to cancel the performed action.
Compare	Used to view the comparison through the field values of old record and the current record. This button is displayed in the widget, once the user click Authorize .
Collapse All	Used to hide the details in the sections. This button is displayed, once the user click Compare .
Expand All	Used to expand and view all the details in the sections. This button is displayed, once the user click Compare .
New	Used to add a new record. When the user click New , the system displays a new record enabling to specify the required data.
OK	Used to confirm the details in the screen.
Save	Used to save the details entered or selected in the screen.
View	Used to view the report details in a particular modification stage. This button is displayed in the widget, once the user click Authorize .
View Difference only	Used to view a comparison through the field element values of old record and the current record, which has undergone changes. This button is displayed, once the user click Compare .
Unlock	Used to update the details of an existing record. System displays an existing record in editable mode.

1.11 Icons

Introduction

2.1 About Collateral Review Process

A brief introduction to the Collateral Review process.

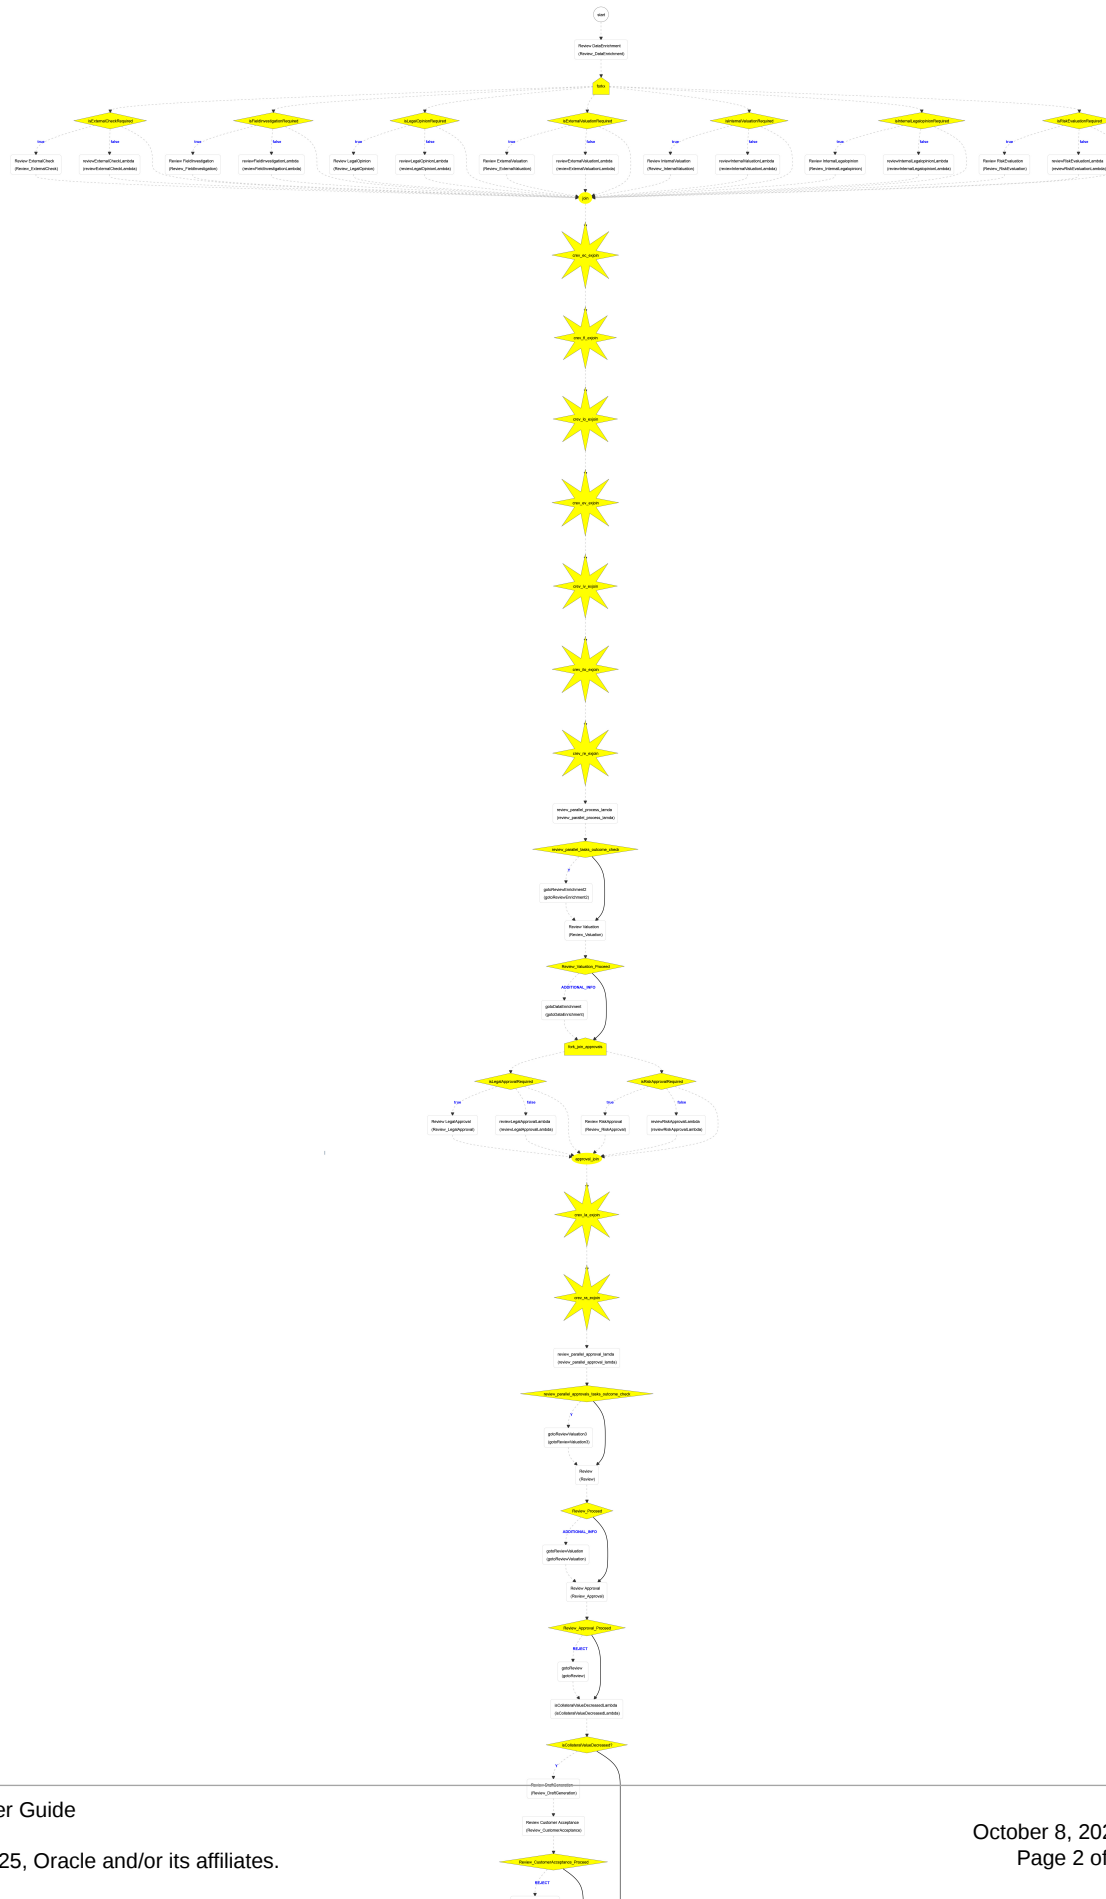

As part of Credit Portfolio management, the banks undertake periodic / Event Triggered Review of collateral of its customers. This ensures that the bank can control and mitigate the inherent credit risk involved in collateral management.

The Collateral Review process can be triggered manually by the Credit Officer as well as automatically by the back office system (OBELCM). The various activities performed in the Collateral Review process are:

- Capturing application details
- Uploading related Mandatory and Non Mandatory documents
- Verifying documents and capture collateral details
- Capturing Internal/External Legal Opinion
- Performing Risk Evaluation
- Performing Internal/External Valuation of Collateral
- Performing Field Investigation
- Generating Collateral Agreement
- Receiving customer acceptance of Collateral Agreement
- Collateral Safekeeping

The flow chart illustrating various stages in the Collateral Review process is provided below for reference.

Figure 2-1 Process Flow Diagram

3

Data Enrichment

3.1 Data Enrichment

Detailed information about the Data Enrichment stage in the Collateral Review process.

In this stage, the Credit Officer can capture collateral details such as basic information, information specific to collateral type, and insurance details, upload collateral documents, and manage Covenants for the collateral.

The data segments available in the Data Enrichment stage are:

- Review Initiation
- Collateral Type (Property)
- Linked Customers
- Comments

3.2 Review Initiation

This topic describes information on the Review Initiation data segment in Data Enrichment stage.

This data segment allows to add the review details and basic information about the collateral as a part of review initiation.

1. From **Collaterals**, click **Review**.

The **Review Initiation** screen is displayed.

Figure 3-1 Review Initiation

The screenshot displays the 'Review Initiation' screen. On the left is a sidebar with a search bar and a list of navigation items: Collaterals, Collateral 360, Collateral Pool, Collateral Summary, Eligibility Check, Evaluation, Insurance, Liquidation, Perfection, Release, Review, Simplified Amend, and Substitution. The 'Review' item is selected. The main area has a header with 'Menu Item Search...' and a search icon. Below the header are four filters: 'Selected Customer' (with a search bar containing '00010810'), 'Collateral ID' (empty), 'Collateral Type' (dropdown menu), and 'Collateral Category' (dropdown menu). There are 'Reset' and 'Fetch' buttons. Below the filters are two buttons: 'Initiate Review' and 'Submit and enrich'. The main content is a table with four rows of collateral items. Each row has a checkbox, a collateral ID, collateral details, collateral category, customer name, and limit contribution. The first two rows have a 'Review Initiated' button next to the ID. The last two rows have a 'Review Initiated' button next to the ID.

Collateral ID	Collateral Type	Collateral Category	Customer Name	Limit Contribution
000COLL24814	Machine	MACHINERY	THINKPAD LTD	\$207,000.00
000COLL24816	Machine	MACHINERY	THINKPAD LTD	\$207,000.00
000COLL27367	Inventory	INVENTORY	THINKPAD LTD	\$1,413,000.00
COL125123456	Aircraft	PASSENGER AIRCRAFT	THINKPAD LTD	\$12,600.00

2. **Fetch** the required collateral.

You can specify collateral details in any or all of the below fields to fetch the collateral record.

- Selected Customer
 - Collateral ID
 - Collateral Type
 - Collateral Category
3. Select the required collateral from search result and click **Initiate Review**.
The Collateral Release Review task is generated and listed in the Free Tasks queue.
 4. From **Tasks**, click **Free Tasks**.

Figure 3-2 Free Task

Review Details

Review Date: October 10, 2019

Reason For Review: Collateral due for review

Customer details

Customer ID: 00010810

Customer Name: Axon Automobiles Pvt Ltd

Liability number: 00010810

Collateral details

Collateral ID: COL241918361

Collateral Type: USD

Collateral Category: COMMERCIAL PROPERTY

Collateral Subcategory: Select

Collateral Description: Property as a collateral for new facility

Collateral Currency: USD

Agreed Collateral Value: USD \$500,000.00

Purpose Of Collateral: New Facility

Applicable Business: LT_Lending

Charge Type: Lien

LTV Percentage: 100

Collateral Value: USD 500,000.00

Bank Value: USD 400,000.00

Collateral Status: Not Submitted

Document Status: Not Submitted

Charge Registration Required: Not Submitted

Charge Renewal Frequency: Yearly

Fee Class Code: 5

Collateral Start and End Date: September 2

Seniority of Charge: Exclusive

Bank haircut: 20%

External Collateral ID: 10

Filing Lead Days: 10

Buttons: Audit, Cancel, Hold, Save & Close, Next

6. Provide all the details in the **Enrichment - Review Initiation** screen.

For field level information, refer the following tables.

Table 3-1 Enrichment - Review Initiation - Field Description

Field	Description
Review Date	Specify the date on which the Collateral Review process is initiated.
Reason for Review	Specify the reason for initiating Collateral Review process.

Table 3-2 Enrichment - Review Initiation - Customer Details - Field Description

Field	Description
Customer ID	The system displays the Customer ID linked to the selected collateral.
Customer Name	The system displays the Customer Name linked to the selected collateral.

Table 3-3 Enrichment - Review Initiation - Collateral Details - Field Description

Field	Description
Collateral Type	Type of the selected collateral is displayed.
Agreed Collateral Value	Collateral value agreed at the time of perfection is displayed.
Purpose of Collateral	Purpose of Collateral mentioned at the time of collateral perfection is displayed.
Collateral Description	Description maintained for the collateral in the Perfection process is displayed.
Seniority of Charge	Seniority of Charge specified at the time of perfection is displayed.
Collateral Start and End Date	Collateral Start and End Date specified at the time of perfection is displayed.
Ownership Type	Ownership Type specified at the time of perfection is displayed.
Is Sharable Across Customers?	This flag if enabled indicates that the collateral is sharable across customers.
Applicable Business	This indicates Applicable Business for the collateral.
Bank Value	Bank value of the collateral is displayed.
Market Value	Market Value of the collateral is displayed.
Bank Haircut	This indicates Bank Haircut for the collateral category.
Category Haircut	This indicates market haircut for the collateral category.
Exposure Type	Exposure Type specified at the time of perfection is displayed.

Note

You can modify collateral details in the **Enrichment - Review Initiation** screen, if the fields are configured as editable in Business Process maintenance.

7. After capturing all the details, click **Next**.

3.3 Property

Information on the Property data segment in Data Enrichment stage.

This data segment allows to modify collateral details added in the perfection process, and manage insurance details, covenants, and documents for the collateral.

Upon clicking **Next** in the **Enrichment - Review Initiation** screen, the Collateral Type data segment is displayed based on the collateral selected for review.

Figure 3-4 Enrichment - Property

The screenshot shows the 'Collateral Review - DataEnrichment' interface. On the left, a sidebar contains links for 'Review Initiation', 'Property' (selected), 'Linkage Details', and 'Comments'. The main area is titled 'Property' and shows 'Collateral details' in a table:

COL241918361 Collateral ID	Property Collateral Type	USD Collateral Currency	\$450,000.00 Total Value
-------------------------------	-----------------------------	----------------------------	-----------------------------

Below the table, there is a '+' icon and a list of items. The first item is expanded, showing:

- Registration number: TNSCI23
- Market value: \$450,000.00
- Property type: COMMERCIAL BUILDING
- Registered owner: John

An action menu is visible on the right of the list item, containing 'Edit', 'View', and 'Delete' options. At the bottom, there are buttons for 'Audit', 'Cancel', 'Hold', 'Save & Close', 'Back', and 'Next'.

To modify the collateral details, click the action icon in the collateral record and select **Edit**. The **Enrichment - Configure - Property** screen is displayed.

3.3.1 Adding Property Details

Procedure to add/modify property details.

1. Provide/modify the property details about property in the **Enrichment - Configure - Property** screen.

For field level information, refer the following tables.

Table 3-4 Configure - Property - Field Description

Field	Description
Property ID	Specify the Property ID .
Property Type	Select the Property Type from the drop down list. The options available include but are not limited to: • Residential Building • Residential Plot
Property Category	Select the Property Category from the drop down list. The options available include but are not limited to: • Individual • Corporate
Description	Provide a brief description about the property.
Property Purpose	Select the purpose of the property from the drop down list. The options available include but are not limited to: • Personal • Commercial
Registered Owner	Specify the name of Registered Owner of the property.
Land Registry	Specify the property Land Registry details.
Purchase Date	Specify the date on which the property was purchased.
Zone Classification	Select the Zone Classification from the drop down list. The options available include but are not limited to: • EARTH QUAKE ZONE • FLOOD ZONE • NORMAL
Flood Zone	Enable this flag, if the property is in flood zone.
Flood Zone Type	Select the Flood Zone Type from the drop down list, if the Flood Zone flag is enabled. The options available include but are not limited to: • Zone1 • Zone2 • Zone3a • Zone3b
Seismic Zone	Enable this flag, if the property is in seismic zone.

Table 3-4 (Cont.) Configure - Property - Field Description

Field	Description
Seismic Zone Type	Select the Seismic Zone Type from the drop down list, if the Seismic Zone flag is enabled. The options available include but are not limited to: • Low Damage Risk • Moderate Damage Risk • High Damage Risk • Highest Damage Risk
Income Producing	Enable this flag, if the property is producing income through rent or lease.
Environment Assessment Required	Enable this flag, if environment assessment is required for the property.
Restricted Property	Enable this flag, if the property is restricted by government authorities.
Under Construction	Enable this flag, if the property is under construction.
Nature of Property	Select the Nature of Property from the drop down list. The options available include but are not limited to: • Fee Simple • Leasehold
Property Status	Select the Property Status from the drop down list. The options available include but are not limited to: • Rented • Leased • Self Owned
Wall Material	Select the property Wall Material from the drop down list. The options available include but are not limited to: • Asbestos • Bamboo • Brick Veneer • Clay • Concrete • Double Brick • Mud Brick • Polystyrene • Steel • Stone • Timber • Others

Table 3-4 (Cont.) Configure - Property - Field Description

Field	Description
Roof Type	Select the property Roof Type from the drop down list. The options available include but are not limited to: • Asphalt Shingles • Bamboo • Metal • Bricks • Built-Up Roof • Clay • Concrete Tiles • Mud • Rubber Slate • Slate • Solar Tiles • Solid Wood • Stone Coated Steel • Thatched • Copper • Others
Registration Date	Specify the date on which the property is registered.
Property Value	Select a currency and specify the value of property.
Adverse Comments	Capture Adverse Comments about the property, if any.

The following window is displayed.

Figure 3-14 Collateral Details

The screenshot shows a web form titled "Collateral Details". It is divided into two main sections: "Insurance Basic Details" and "Insurance Premium Details".

Insurance Basic Details:

- Policy Number ***: Text input with value "45678043687".
- Policy Name ***: Text input with value "Contract Policy".
- Insurance Provider ***: Text input with value "First Bank".
- Insurance Name**: Text input with value "Contract Insurance".
- Insurance Type**: Dropdown menu with value "Asset Insurance".
- Policy Status**: Dropdown menu with value "Inforced".
- Insurance Currency ***: Text input with value "INR" and a search icon.
- Insurance Amount ***: Text input with value "₹100,000.00".
- Start Date ***: Date input with value "May 1, 2020" and a calendar icon.
- End Date ***: Date input with value "May 1, 2021" and a calendar icon.
- Grace Days**: Spin box with value "10".
- Notice Days**: Spin box with value "10".
- Policy Assigned To Bank**: Dropdown menu with value "Yes".

Insurance Premium Details:

- Premium Currency ***: Text input with value "INR" and a search icon.
- Premium Amount ***: Text input with value "₹9,000.00".
- Premium Frequency**: Dropdown menu with value "Monthly".
- Premium End Date ***: Date input with value "May 1, 2021" and a calendar icon.

Remarks: A large text area for additional notes.

At the bottom right, there are three buttons: "Add", "Cancel", and "Clear".

- Specify all the details in the **Insurance Details** screen.

For field level information, refer the following tables.

Table 3-11 Insurance Basic Details - Field Description

Fields/ Icons	Description
Policy Number	Specify the insurance Policy Number .
Policy Name	Specify the insurance Policy Name .
Insurance Provider	Specify the name of Insurance Provider .
Insurance Name	Specify the name of insurance.
Insurance Type	Select the Insurance Type from the drop down list. The options available include but are not limited to: - Asset Insurance - Life Insurance - Corporate Insurance - Borrower Insurance
Policy Status	Select the Policy Status from the drop down list. The options available include but are not limited to: - Inforced - Lapsed - Paidup
Insurance Amount	Specify the Insurance Amount in selected insurance currency.
Start Date	Click the calendar icon and select the insurance Start Date .
End Date	Click the calendar icon and select the insurance End Date .

Table 3-11 (Cont.) Insurance Basic Details - Field Description

Fields/ Icons	Description
Grace Days	Specify the Grace Days for making insurance premium payment.
Notice Days	Specify the Notice Days for insurance premium payment.
Policy Assigned To Bank	Specify if the policy is assigned to your bank by selecting required option from the Policy Assigned To Bank drop down list.

Table 3-12 Collateral Details - Insurance Premium Details - Field Description

Fields/ Icons	Description
Premium Currency	Click the search icon in the Premium Currency field and select the currency in which insurance premium is paid.
Premium Amount	Specify the Premium Amount in selected premium currency.
Premium Frequency	Select the Premium Frequency from the drop down list.
Premium End Date.	Click the calendar icon and select the Premium End Date .
Remarks	Type Remarks about the insurance, if any.

- Click **Add**. The insurance details are added and displayed in the **Enrichment - Configure - Collateral Insurance** screen.

You can **Edit**, **View**, or **Delete** the insurance record by clicking on the action icon and selecting the required option.

- After performing necessary actions, click **Next** in the **Enrichment - Configure - Collateral Insurance** screen.

The **Enrichment - Configure - Covenants** screen is displayed.

3.3.3 Managing Covenants

Procedure to Add, Edit, and Delete covenants for the collateral.

For RSO Covenant Details, additional placeholder fields can be configured in Maintenance screen. For more information on managing these placeholders, refer to the Maintenance User Manual.

The system supports configuration of up to 20 fields each for the following data types:

- Text
- Numeric
- Boolean
- Date

Each field type allows a minimum of 0 and a maximum of 20 fields per Covenant details, based on the requirements. These fields displays in the Covenant Details screen only if they are configured. If no additional fields are defined, the screen will display only the standard condition details fields.

For example, we maintained 20 additional fields each for text, numeric, boolean, and date.

The **Covenant Details** screen displays.

2. Click **Next**.

3.5 Comments

Information on the Comments data segment in the Data Enrichment stage.

The Comments data segment allows you to post your overall comments for the Data Enrichment stage. Posting comments helps the user of next stage to better understand the application.

Figure 3-25 Enrichment - Comments

The screenshot shows a web application window titled "Collateral Review - DataEnrichment". On the left is a sidebar with a navigation menu containing "Review Initiation", "Miscellaneous", "Substitution Linkages", and "Comments" (which is selected). The main area is titled "Comments" and includes a rich text editor with a toolbar (bold, italic, underline, text color, background color, bulleted list, numbered list, link, unlink, indent, outdent, undo, redo, and a "GO" button). Below the editor is a "Post" button. At the bottom of the main area, a message states "No items to display." At the very bottom of the window is a row of buttons: "Hold", "Back", "Next", "Save & Close", "Submit", and "Cancel".

1. Type your comments for the Data Enrichment stage in the **Comments** text box.
2. Click **Post**.
Comments are posted below the **Comments** text box.
3. To submit the Data Enrichment task to next stage, click **Submit**.
The **Checklist** window is displayed.

Figure 3-26 Enrichment - Checklist

The screenshot shows a modal window titled "Checklist" with a close button (X) in the top right corner. Inside the window, a message states "No items to display." Below this is a pagination control showing "Page 1 (0 of 0 items)" and navigation arrows. At the bottom left, there is an "Outcome" label next to a dropdown menu currently set to "Approve". At the bottom right is a "Submit" button.

Note

Checklist can be configured for each stage of a process in Business Process Maintenance screen. Refer **Credit Facilities Process Maintenance User Guide** for more information.

4. Manually verify all the checklist and enable the corresponding check box.
5. Select the **Outcome** as **PROCEED** and click **Submit**.

The application is moved to the next stage.

4

External Check

4.1 External Check

Detailed information about the External Check stage in Collateral Review process.

In this stage, the Credit Officer verifies if the collateral submitted by the customer has an existing charge in the external system and captures the external check details.

External systems are maintained by the external agencies like CERSAI of India and Land Registry of UK to store the data of mortgage registrations. The lenders inquire these external systems online to check if there is an existing charge on a property.

The following data segments are available in the External Check stage:

- Summary
- External Check
- Comments

4.2 Summary

Information on the Summary data segment in External Check stage.

In the Summary data segment, the following collateral details captured in the previous stages are displayed.

- Basic Information
- Collateral Type (Property) Details
- Linked Facilities Details
- Ownership
- Seniority of Details
- Covenants
- Insurance
- Configured Stage Status

Note

The Configured Stage Status is updated based on the status of parallel tasks generated in the system.

1. To launch the **External Check - Summary** screen, navigate to Tasks > Free Tasks from the left menu.

The **Free Tasks** screen is displayed.

External Valuation

5.1 External Valuation

Detailed information about the External Valuation stage in the Collateral Review process.

In addition to internal valuations performed by the bank users, the collaterals are valued by the third-party external agencies with expertise in the field to determine the final collateral value.

In this stage, the Credit Officer or the user authorized to edit the External Valuation task must capture the valuation details from the external agencies.

The following data segments are available in the External Valuation stage.

- Summary
- External Valuation
- Comments

5.2 Summary

Information about the Summary data segment in the External Valuation stage.

In the Summary data segment, the following collateral details captured in the previous stages are displayed.

- Basic Information
- Collateral Type (Property) Details
- Linked Facilities Details
- Ownership
- Seniority of Details
- Covenants
- Insurance
- Configured Stage Status

Note

The Configured Stage Status is updated based on the status of parallel tasks generated in the system.

1. To launch the **External Valuation - Summary** screen, navigate to Tasks > Free Tasks from the left menu.

The **Free Tasks** screen is displayed.

Type of Property	Select the Type of Property from the drop down list. The options available are: • Urban • Rural • Semi-Urban
Date of Property Visit	Specify the date on which the valuation agency has visited the property.
Number of Blocks/Wings	Specify the number of blocks or wings in the property.
Number of Stories	Specify the Number of Stories available in the building.
Number of Units Per Floor	Specify the number of flats available per floor.
Age of the Property	Specify the present date of the property in years.
Residual Life	Specify the remaining life of the building in years.
Sanctioned Plan Details	Provide details about the plan sanctioned for building construction.
Construction Permission / Commencement Certificate	Provide details of construction permission from the local authority.
Permissible Usage As Per Sanctioned/ Approved Plan	Specify the purpose of building as per the permission obtained from the local authority.
Deviations If Any	If there is any deviation in the construction from the approved plan, specify the deviation details.
Land Rate	Specify the Land Rate in the locality.
Construction Rate	Specify the cost of construction per unit.
Amenity Value	Specify the value of other amenities provided to the customers.
Total Fair Market Value	Specify the fair market value of the building or apartment or unit.
Forced/Distress Sale Value	Specify the possible sale value in case of default by customer.
Realizable Value	Specify the value of realization in case of sale.
Ready Reckoner Rate/Circle Rate	Specify the indexed rate or prevailing rate in the locality.
Stage of Construction	Specify the current Stage of Construction .
Negative Remarks	Capture Negative Remarks from the External Valuator, if any

Figure 5-8

Table 5-3 Immovable Collateral Area Details - Field Description

Field	Description
Unit of Area	Select the Unit of Area from the drop down list. The options available are: • Acre • Hectare • Square Meter • Square Yard
Land/Plot Area	Specify the Land/Plot Area in the selected unit.
Area per Agreement / Sale Deed	Specify the area as mentioned in the sale deed or agreement.
Area Per Plan	Specify the area covered per flat as per the building plan.
Area Per Measurement	Specify the proprty area as per measurement.
Land Area	Specify the Land Area in the selected unit.
Construction Area	Specify the total Construction Area on the land.

5. Click **Add**.

The external valuation details are added and displayed as shown below.

Figure 5-9 External Valuation - Configure - Valuation Added

You can **Edit**, **View**, or **Delete** the added external valuation details by clicking the action icon in the corresponding record and selecting the required option.

6. Click **Next** in the **External Valuation - Configure - Valuation** screen.

The **External Valuation - Configure - Questionnaire Evaluation** screen is displayed. For information on questionnaire based evaluation, refer **External Check** chapter.

Note

If the minimum number of valuation record is not added, the system prompts an error message based on the configured rule. You can capture the appropriate remarks and proceed to the next stage by obtaining exception approval or add the valuation records at a later date.

7. After performing necessary actions in the External Valuation data segment, click **Next**.

5.4 Comments

Information about the Comments data segment in the External Valuation stage.

The Comments data segment allows you to post overall comments for the External Valuation stage. Posting comments helps the user of next stage to better understand the application.

Upon clicking **Next** in the **External Valuation - External Valuation** screen, the Comments data segment is displayed.

Figure 5-10 External Valuation - Comments

1. Type your comments for the External Valuation stage in the **Comments** text box.
2. Click **Post**.
Comments are posted and displayed below the **Comments** text box.
3. Click **Submit**.
The Checklist window is displayed.

Figure 5-11 Checklist

4. Manually verify all the checklist and enable the corresponding check box.
5. Select the required **Outcome** and click **Submit**.
The options available in the drop down list are:
 - PROCEED

- ADDITIONAL INFO

If **PROCEED** is selected as the **Outcome**, the application is moved to the next stage after successful completion of all the parallel stages.

If **ADDITIONAL INFO** is selected as the **Outcome**, the application is moved to the previous stage.

Field Investigation

6.1 Field Investigation

Detailed information about the Field Investigation stage in Collateral Review process.

The Field Investigation task is generated, if the Field Investigation stage is configured for the selected collateral type in the Business Process configuration. Some of the collateral types for which field investigation is applicable are Vehicle, Machinery, and Property.

In general, field investigation is carried out by the specialized external field investigation agencies to prevent chances of fraud & misrepresentation of facts by customer. In this stage, the user authorized for this stage must capture the field investigation details provided by the external agencies.

The following data segments are available in the Field Investigation stage:

- Summary
- Field Investigation
- Comments

6.2 Summary

Information on the Summary data segment in Field Investigation stage.

In the Summary data segment, the following collateral details captured in the previous stages are displayed.

- Basic Information
- Collateral Type (Property) Details
- Linked Facilities Details
- Ownership
- Seniority of Details
- Covenants
- Insurance
- Configured Stage Status

Note

The Configured Stage Status is updated based on the status of parallel tasks generated in the system.

1. To launch the **Field Investigation - Summary** screen, navigate to Tasks > Free Tasks from the left menu.

The **Free Tasks** screen is displayed.

Figure 6-1 Free Tasks

2. Click **Next** and navigate to the Field Investigation menu.

Figure 6-5 Field Investigation - Configure - Field Investigation

3. Click the add icon in the **Field Investigation - Configure - Field Investigation** screen. The **Field Investigation Details** window is displayed.

Figure 6-6 Field Investigation Details

A screenshot of a window titled 'Field Investigation Details'. It contains four input fields arranged in a 2x2 grid. The top-left field is 'Field Investigation Agency' with a dropdown arrow and the word 'Select' inside. The top-right field is 'Field Investigation Date' with a calendar icon. The bottom-left field is 'Field Investigation Outcome' and the bottom-right field is 'Field Investigation Remarks', both are text areas. Below these fields are three buttons: 'Add', 'Cancel', and 'Clear'.

4. Capture the field investigation details in the above screen.
For field level explanation, refer the below table.

Table 6-1 Field investigation Details - Field Description

Field	Description
Field Investigation Agency	Select the agency which carried out the field investigation for the collateral.

Table 6-1 (Cont.) Field investigation Details - Field Description

Field	Description
Field Investigation Date	Specify the date on which the field investigation is carried out.
Field Investigation Outcome	Specify the Field Investigation Outcome .
Field Investigation Remarks	Capture the Field Investigation Remarks for the collateral.

- Click **Add** in the **Field Investigation Details** window.

The field investigation details are added and displayed as shown below.

Figure 6-7 Field Investigation - Configure - Investigation Details Added

You can **Edit**, **View**, or **Delete** the added field investigation detail by clicking the action icon and selecting the required option.

- After capturing field investigation details, click **Next**.

The **Field Investigation - Configure - Questionnaire Evaluation** screen is displayed.

Note

For information on questionnaire based evaluation, refer the **External Check** chapter.

- After performing necessary actions in the **Field Investigation** screen, click **Next**.

6.4 Comments

Information on the Comments data segment in the Field Investigation stage.

The Comments data segment allows you to post overall comments for the Field Investigation stage. Posting comments helps the user of next stage to better understand the application.

Upon clicking **Next** in the **Field Investigation** screen, the Comments data segment is displayed.

Figure 6-8 Field Investigation - Comments

The screenshot shows a web application window titled "Collateral Review - FieldInvestigation". On the left is a sidebar with a tree view containing "Summary", "Field Investigation", and "Comments", with "Comments" selected. The main area is titled "Comments" and contains a rich text editor with a toolbar (bold, italic, underline, text color, background color, font size, bulleted list, numbered list, link, unlink, table, etc.) and a text input area with the placeholder "Enter text here...". Below the editor is a "Post" button. Underneath the post area is a message "No items to display." At the bottom of the window are buttons for "Audit", "Cancel", "Hold", "Save & Close", "Back", and "Submit". The top right corner shows "Screen(5/5)".

- 1. Type your comments for the Field Investigation stage in the **Comments** text box.
- 2. Click **Post**.
Comments are posted and displayed below the **Comments** text box.
- 3. Click **Submit**.
The Checklist window is displayed.

Figure 6-9 Checklist

The screenshot shows a "Checklist" window with a close button (X) in the top right. It contains a list of items, each with a checkbox, a label, a "Remarks:" field, and a comment icon (speech bubble). The first item is "Enrich Approval" with an unchecked checkbox. The second item is "* Tax rcpt" with a checked checkbox. Below the list is a pagination bar showing "Page 1 of 1 (1-2 of 2 items)" and navigation buttons (K, <, 1, >, >K). At the bottom left is a "Save Checklist" button. At the bottom right is a "Submit" button. Below the "Submit" button is a field for "* Outcome" with a dropdown menu showing "Enter Out..." and a "Submit" button.

4. Manually verify all the checklist and enable the corresponding check box.
5. Select the required **Outcome** and click **Submit**.

The options available in the drop down list are:

- PROCEED
- ADDITIONAL_INFO

If **PROCEED** is selected as the **Outcome**, the application is moved to the next stage after successful completion of all the parallel stages.

If **ADDITIONAL_INFO** is selected as the **Outcome**, the application is moved back to the previous stage.

7

Legal Opinion

7.1 Legal Opinion

Detailed information about the Legal Opinion stage in the Collateral Review Process.

In general, banks capture internal as well as external legal opinions for the collateral in order to precisely ascertain the level of security the collateral provides the bank. In this stage, the Credit Officer or the user authorized to edit the Legal Opinion task in bank must capture legal opinion for the collateral from the external agencies.

The following data segments are available for the legal user in this stage to review the collateral and provide Legal Opinion.

- Summary
- External Legal Opinion
- Comments

7.2 Summary

Information about the Summary data segment in the Legal Opinion stage.

In the Summary data segment, the following collateral details captured in the previous stages are displayed.

- Basic Information
- Collateral Type (Property) Details
- Linked Facilities Details
- Ownership
- Seniority of Details
- Covenants
- Insurance
- Configured Stage Status

Note

The Configured Stage Status is updated based on the status of parallel tasks generated in the system.

1. To launch the **Legal Opinion - Summary** screen, navigate to Tasks > Free Tasks from the left menu.

3. Click **Submit**.
The Checklist window is displayed.

Figure 7-9 Checklist

The screenshot shows a modal window titled "Checklist" with a close button (X) in the top right corner. Inside the modal, there is a text box containing "No items to display." Below this, there is a pagination bar showing "Page 1 (0 of 0 items)" and navigation controls including arrows and a box containing the number "1". At the bottom of the modal, there is a label "Outcome" followed by a dropdown menu currently showing "Approve" with a downward arrow. To the right of the dropdown is a dark "Submit" button.

4. Manually verify all the checklist and enable the corresponding check box.
5. Select the required **Outcome** and click **Submit**.

The options available in the drop down list are:

- PROCEED
- ADDITIONAL INFO

If **PROCEED** is selected as the **Outcome**, the application is moved to the next stage on clicking **Submit**.

If **ADDITIONAL INFO** is selected as the **Outcome**, the application is moved to the previous stage after completion of all the parallel stages.

8

Risk Evaluation

8.1 Risk Evaluation

Detailed information about the Risk Evaluation stage in the Collateral Review process.

Risk Evaluation is performed by the bank for certain collateral types to check if the collateral can secure bank's exposure and identify the risk level. In this stage, the Risk Officer or the user authorized to edit the Risk Evaluation task must review the collateral and its documents, and capture the risk evaluation details.

The following data segments are available in the Risk Evaluation stage.

- Summary
- Risk Evaluation
- Comments

8.2 Summary

Information about the Summary data segment in the Risk Evaluation stage.

In the Summary data segment, the following collateral details captured in the previous stages are displayed.

- Basic Information
- Collateral Type (Property) Details
- Linked Facilities Details
- Ownership
- Seniority of Details
- Covenants
- Insurance
- Configured Stage Status

Note

The Configured Stage Status is updated based on the status of parallel tasks generated in the system.

Below this, there is a pagination bar showing "Page 1 (0 of 0 items)" and navigation icons. At the bottom of the modal, there is a label "Outcome" followed by a dropdown menu currently showing "Approve" with a downward arrow. To the right of the dropdown is a dark "Submit" button.

4. Manually verify all the checklist and enable the corresponding check box.
5. Select the required **Outcome** and click **Submit**.

The options available in the drop down list are:

- PROCEED
- ADDITIONAL INFO

If **PROCEED** is selected as the **Outcome**, the application is moved to the next stage on clicking **Submit**.

If **ADDITIONAL INFO** is selected as the **Outcome**, the application is moved to the previous stage after completion of all the parallel stages.

Collateral Approval

9.1 Collateral Approval

Detailed information about the Collateral Approval stage in Collateral Review process.

In this stage, the Credit Approver in bank reviews the collateral details along with the Legal Opinion, Risk Evaluation and Valuation details from the corresponding department and recommendation from the Collateral Review stage, and then approves/rejects the Collateral.

The following data segments are available in the Collateral Approval stage:

- Summary
- Collateral Review
- Linkage Details
- Comments

9.2 Summary

Information on the Summary data segment in Collateral Approval stage.

In the Summary data segment, the following collateral details captured in the previous stages are displayed.

- Basic Information
- Collateral Type (Property) Details
- Linked Facilities Details
- Ownership
- Seniority of Details
- Covenants
- Insurance
- Configured Stage Status

1. To launch the **Collateral Approval - Summary** screen, navigate to Tasks > Free Tasks from the left menu.

The **Free Tasks** screen is displayed.

Confirmation Date	Specify the safekeeping Confirmation Date .

6. Click **Ok** in the **Document Safekeeping** window.

The document safekeeping details are added and displayed in the **Safekeeping - Configure Safekeeping** screen.

You can **Edit**, **View**, or **Delete** the added safekeeping detail by clicking the action icon and selecting the required option.

7. After capturing safekeeping details, click **Next** and then click **Submit**.

12.4 Comments

Information on the Comments data segment in the Safekeeping stage.

The Comments data segment allows you to post overall comments for the Safekeeping stage.

Upon clicking **Next** in the **Safekeeping - Collateral Safekeeping** screen, the Comments data segment is displayed.

Figure 12-7 Safekeeping - Comments

The screenshot shows a web application window titled "Collateral Review - Safekeeping". On the left is a sidebar with three items: "Summary", "SafeKeeping", and "Comments", with "Comments" selected. The main area is titled "Comments" and contains a rich text editor with a toolbar (bold, italic, underline, text color, font size, bulleted list, numbered list, indent, outdent, link, unlink, H1, H2, undo, redo) and a text area with the placeholder "Enter text here...". Below the editor is a "Post" button. At the bottom of the main area is a message "No items to display." The bottom of the window has a row of buttons: "Audit", "Cancel", "Hold", "Save & Close", "Back", and "Submit". The top right corner shows "Screen(3/3)".

1. Type your comments for the Safekeeping stage in the **Comments** text box.
2. Click **Post**.
Comments are posted and displayed below the **Comments** text box.
3. Click **Submit**.
The Checklist window is displayed.

Figure 12-8 Checklist

The screenshot shows a "Checklist" window with a close button (X) in the top right. It contains two items, each with a checkbox, a label, a "Remarks:" label, and a speech bubble icon. The first item has an unchecked checkbox and the label "Enrich Approval". The second item has a checked checkbox (marked with an asterisk) and the label "Tax rcpt". Below the items is a pagination bar showing "Page 1 of 1 (1-2 of 2 items)" and navigation buttons (K, <, 1, >, >K). At the bottom left is a "Save Checklist" button. At the bottom right is a "Submit" button. Below the "Submit" button is a label "* Outcome" followed by a dropdown menu showing "Enter Out..." and a downward arrow.

4. Manually verify all the checklist and enable the corresponding check box.
5. Select the **Outcome** as **Proceed**.
6. Click **Submit**.

The Collateral Review details are handed off to the Back office System (OBELCM) and the process is completed. In case of any failure in handoff, the system generates Handoff - Manual Retry task and lists in the Free Task queue. You must fix the handoff errors and retry the handoff.

13

Handoff - Manual Retry

13.1 Handoff - Manual Retry

Detailed information about the Manual Retry stage in Collateral Review process.

Collateral review details are automatically handed off to the back office system on submitting the last stage task. In case of any failure, the system generates the Manual Retry task and lists in the Free Tasks queue. The user must edit the task and fix all the handoff errors before submitting the task.

13.2 Collateral Summary

Information on the Collateral Summary data segment in Manual Retry stage.

In the Collateral Summary data segment, the following collateral details captured in the previous stages / perfection process are displayed.

- Basic Information
 - Collateral Type (Property) Details
 - Linked Facilities Details
 - Ownership
 - Seniority of Details
 - Covenants
 - Insurance
 - Configured Stage Status
1. To launch the **Manual Retry - Collateral summary** screen, navigate to Tasks > Free Tasks from the left menu.

The **Free Tasks** screen is displayed.

13.6 Comments

Information on the Comments data segment in the Manual Retry stage.

The Comments data segment allows you to post your overall comments for the Manual Retry stage.

Upon clicking **Next** in the **Manual Retry - Property** screen, the Comments data segment is displayed.

Figure 13-7 Manual Retry - Comments

The screenshot shows a web application window titled "Collateral Review - Manual Retry". On the left is a sidebar with a list of navigation items: "Collateral Summary", "Collateral Handoff Errors", "Basic Info", "Property", and "Comments". The "Comments" item is selected and highlighted. The main area of the window is titled "Comments" and contains a rich text editor with a toolbar (including undo, redo, bold, italic, underline, link, unlink, bulleted list, numbered list, indent, outdent, and text color) and a large text input area with the placeholder text "Enter text here...". Below the text input area is a "Post" button. At the bottom of the main area, there is a message box that says "No items to display." At the very bottom of the window, there is a row of buttons: "Audit", "Cancel", "Hold", "Save & Close", "Back", and "Submit".

1. Type your comments for the Manual Retry stage in the **Comments** text box.
2. Click **Post**.

Comments are posted below the **Comments** text box.

3. To manually handoff the review details, click **Submit**.

The **Checklist** window is displayed.

Submit

Note

Checklist can be configured for each stage of a process in Business Process Maintenance screen. Refer **Credit Facilities Process Maintenance User Guide** for more information.

4. Manually verify all the checklist and enable the corresponding check box.
5. Select the **Outcome** as **PROCEED** and click **Submit**.

Review details are handed off to the back office system.

Note

Manual Retry task is generated until successful hand off of review details. You must carefully view the error details and fix the handoff errors for successful hand off.
