Sample Code

Oracle may provide sample code in SuiteAnswers, the Help Center, User Guides, or elsewhere through help links. All such sample code is provided “as is” and “as available”, for use only with an authorized NetSuite Service account, and is made available as a SuiteCloud Technology subject to the SuiteCloud Terms of Service at www.netsuite.com/tos.

Oracle may modify or remove sample code at any time without notice.

No Excessive Use of the Service

As the Service is a multi-tenant service offering on shared databases, Customer may not use the Service in excess of limits or thresholds that Oracle considers commercially reasonable for the Service. If Oracle reasonably concludes that a Customer's use is excessive and/or will cause immediate or ongoing performance issues for one or more of Oracle's other customers, Oracle may slow down or throttle Customer's excess use until such time that Customer's use stays within reasonable limits. If Customer's particular usage pattern requires a higher limit or threshold, then the Customer should procure a subscription to the Service that accommodates a higher limit and/or threshold that more effectively aligns with the Customer's actual usage pattern.

Beta Features

Oracle may make available to Customer certain features that are labeled “beta” that are not yet generally available. To use such features, Customer acknowledges and agrees that such beta features are subject to the terms and conditions accepted by Customer upon activation of the feature, or in the absence of such terms, subject to the limitations for the feature described in the User Guide and as follows: The beta feature is a prototype or beta version only and is not error or bug free and Customer agrees that it will use the beta feature carefully and will not use it in any way which might result in any loss, corruption or unauthorized access of or to its or any third party's property or information. Customer must promptly report to Oracle any defects, errors or other problems in beta features to support@netsuite.com or other designated contact for the specific beta feature. Oracle cannot guarantee the continued availability of such beta features and may substantially modify or cease providing such beta features without entitling Customer to any refund, credit, or other compensation. Oracle makes no representations or warranties regarding functionality or use of beta features and Oracle shall have no liability for any lost data, incomplete data, re-run time, inaccurate input, work delay, lost profits or adverse effect on the performance of the Service resulting from the use of beta features. Oracle's standard service levels, warranties and related commitments regarding the Service shall not apply to beta features and they may not be fully supported by Oracle's customer support. These limitations and exclusions shall apply until the date that Oracle at its sole option makes a beta feature generally available to its customers and partners as part of the Service without a “beta” label.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
3. **Grant of Patent License.** Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. **Redistribution.** You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

   1. You must give any other recipients of the Work or Derivative Works a copy of this License; and
   2. You must cause any modified files to carry prominent notices stating that You changed the files; and
   3. You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
   4. If the Work includes a “NOTICE” text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License. You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. **Submission of Contributions.** Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. **Trademarks.** This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. **Disclaimer of Warranty.** Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an “AS IS” BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. **Limitation of Liability.** In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out
of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

Big Faceless Organization End User License Agreement

Big Faceless Report Generator License

IMPORTANT NOTICE TO END USER:

CAREFULLY READ THE FOLLOWING LEGAL AGREEMENT. PLEASE NOTE THAT IF YOU DO NOT AGREE TO THE TERMS OF THIS AGREEMENT, DO NOT PRESS THE "I ACCEPT" BUTTON AT THE END. ONLY PRESS THE "I ACCEPT" BUTTON IF YOU AGREE TO THE TERMS OF THIS AGREEMENT.

1 Definitions & interpretation

1.1 Definitions

In this Agreement, the following words and expressions will have the following meanings unless otherwise stated:

'Authorised User' means the named person for whom a license has been paid by You. Use by anyone other than the named user is unlawful and automatically terminates your rights under this Agreement.

'Development Environment' means the computers used to develop and maintain a Product linked to the Generator that are used exclusively by people involved in the development cycle of the Product. Specifically this includes Quality Assurance ("QA") or Test systems, and excludes "live" or production systems accessible to the end-users of the Product, and systems whose primary purpose is disaster recovery.

'Generator', means the Big Faceless Report Generator which is a product of and is Copyright (c) Big Faceless Organization.

'Licensor' means Kensington Software Management Limited (Company Number 4526134) whose registered address is: 4-6 Canfield Place, London NW63BT, England

'Link to' means the Generator is linked in binary form to a product and is required by the build process of that product to build successfully.

'Product' means a computer program, including a program required to generate the output of a website.

'Website' means any Website owned and maintained by the Licensor relating to the Product.

'You' are the person or organisation licensing the Generator and the Product and are, accordingly, the Licensee in respect of it.

1.2 Interpretation

1.2.1 Any headings in this Agreement are for ease of use and are not intended to form part of this Agreement nor effect its interpretation.
1.2.2 Reference to something in the masculine form includes the feminine and neuter forms and vice versa and reference to the singular includes the plural and vice versa.

1.2.3 Reference to clauses and schedules in this Agreement are to clauses of and schedules to this Agreement unless the context otherwise requires.

1.2.4 For all purposes in this Agreement, “writing” includes electronic transmissions.

2 License Grant

2.1 The Generator product is licensed under exactly one of the following license types. You agree to abide by the restrictions listed below.

(a) Demo stamped trial version

Under this License the generator may be downloaded for free and used by You for a limited period for development and initial testing. The intention is to allow You time to assess whether the generator is suitable for their purposes. Under this License, the generator MAY NOT be used outside of a development environment.

(b) CPU License

Under this License You are granted the non-transferable, non-exclusive and perpetual right to link the Generator to part of an applet or product running on (or in the case of applets, downloaded from) a fixed number of production servers - defined as a computer run by You excluding the Development Environment. The price of this License depends on the total number of CPUs used by programs linked to the generator, not the number of physical machines used. This License may be transferred between servers, provided that the number of server CPUs concurrently running products linked to the generator never exceeds the number of server CPUs specified in this License Agreement.

(c) OEM License

(i) Under this License You are granted the global, irrevocable, non-transferable, non-exclusive and perpetual right to link the Generator to products requiring the Generator as an integral part, and that are developed, marketed and distributed by You and distributed to third parties. The price of this License is based on the total number of products distributed that are linked to the Generator, including any non-free updates to the Product. The products distributed by You and linked to the Generator must add considerable functionality to the Generator. Programs, which in essence mimic the functionality of the Generator, or a subset thereof, are expressly prohibited under this License.

(ii) This License includes the right for You to sub-license to third parties the right to use this generator only as part of the product developed by You - any other use will require a separate license agreement with the Licensor. This License specifically excludes use which falls under the category of a “CPU License” as defined above.

(iii) You undertake and warrant that you will not reveal, divulge or disclose to any third party whatsoever the key code of this OEM License and further undertake to embed the OEM key code in a secure manner. The key must be hard coded into the source and not be stored external to the code. In addition, it should not be accessible by anyone not covered within the license agreement.

(d) Annual Subscription License

Under this License You are granted the non-transferable and non-exclusive right to link the Generator to a website or intranet. The price of this License depends on the total number of CPUs used by programs linked to the Generator, not the number of physical machines used. Fees for this License are renewed annually as a subscription. This License may be transferred between servers, provided that the number of server CPUs concurrently running products linked to the Generator never exceeds the number of server CPUs specified in this License Agreement.

2.2 Development License
In addition to the License grants defined in 2.1, an annual charge may apply for running the Generator in a Development Environment. This charge will apply only while the Product is "live" - it specifically excludes the period when the product is under development and has not yet been released.

3 Copyright

3.1 You acknowledge that no title to the intellectual property in any part of the Product is transferred to You. You further acknowledge that title and full ownership rights to the Product will remain the exclusive property of The Licensor and its suppliers and You will not acquire any rights to the Product except as expressly set out in this Agreement. You agree that any copies of any part of the Product will contain the same proprietary notices which appear on and in the Product (as appropriate).

3.2 The Licensor warrants that all intellectual property rights in the Product either reside with itself or its suppliers and that the Licensor is entitled to enter into this Agreement and that use of the Product by an Authorised User is not in breach of any third party's intellectual property rights. The Licensor agrees to indemnify You against all costs, claims and liabilities arising from breach of this warranty provided that you immediately notify the Licensor about any alleged breach and render all reasonable assistance to the Licensor (at the cost of the Licensor) in defending any such claim.

3.3 You agree that this License does not include ownership of the source-code for the Generator, which may be covered by a separate license.

4 Third party copyright notices

4.1 Some icons used by the PDFViewer section of this product were created by Mark James (http://www.famfamfam.com), and are used here with his kind permission.

4.2 The PDF Library includes JBIG2 image decoding routines originally written by IDR solutions and modified by the Licensor. A condition of distribution for these routines is that the following copyright notice be included:

5 Restrictions

5.1 You may not resell, transfer, rent or lease the Product. You are not allowed to transfer the rights obtained under this License to any third party, except as defined under the Runtime License defined above.
5.2 The Generator is distributed in digital form only from the Website. We will not distribute the product in any other form.

6 Support

6.1 In the event of bugs being found in the Generator over and above those known bugs and limitations listed in the accompanying documentation and not including enhancements to the documented functionality of the Generator, the Licensor agrees to provide updates free of charge which can be downloaded from the Website and used with the same license key as the original version licensed by You. Although the licensor will endeavour to keep the generator bug-free, they specifically exclude any warranty to that effect, and also specifically deny any time span either express or implied for the correction of any bugs found.

6.2 Technical support over and above the level described in the clause above is available by email only from the licensor at an additional cost.

7 Reverse Engineering

You will not attempt to reverse compile, modify, translate, or disassemble the Product or any part of the Product (including anything that may from time to time be available in the Members' Area) in whole or in part (except as provided for by section 50B of the Copyright, Design and Patents Act 1998 (as amended)).

8 Limited Warranties and Exclusions of Liability

8.1 No warranty of any kind, including the implied warranty of merchantability and fitness for purpose, is available if this product is licensed under the “Trial Download” License defined above. For other license types ONLY, the following apply

8.2 The Licensor warrants that the Product may be used substantially in accordance with any online information on the Website at the time of purchase and with any demonstration contained within the Website and as described in its accompanying documentation.

8.3 The Licensor further warrants that the Generator is free from backdoors and any form of disablement, which would damage or render any system using the Generator inoperable. The Licensor further warrants that even in the event of the breach of this License by You, the Licensor will not impair the operation of the Generator except pursuant to an order of court.

8.4 EXCEPT FOR THE LIMITED WARRANTIES SET OUT ABOVE, THE LICENSOR MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES TO THE EXTENT PERMITTED BY LAW AND SPECIFICALLY DISCLAIMS THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. IF SUCH DISCLAIMER IS NOT PERMITTED BY LAW, THE DURATION OF ANY SUCH IMPLIED WARRANTIES IS LIMITED TO [90] DAYS FROM THE DATE OF DELIVERY.

8.5 Any information and advice on the Website is by its nature general and should not be relied on by You without obtaining independent advice and verification. The Licensor cannot therefore accept responsibility for any losses arising as a result of reliance placed on such information and advice.

9 Severability

In the event of invalidity of any provision of this Agreement, the parties agree that such invalidity shall not affect the validity of the remaining portions of this Agreement.

10 No Liability for Consequential Damages

EXCEPT FOR THE LICENSOR’S INDEMNIFICATION AND EACH PARTY’S CONFIDENTIALITY OBLIGATIONS HEREUNDER, IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY CONSEQUENTIAL, SPECIAL, PUNITIVE, INCIDENTAL OR INDIRECT DAMAGES OF ANY KIND ARISING OUT OF THE USE OF THE PRODUCT, EVEN IF THE LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL THE LICENSOR’S LIABILITY FOR ANY CLAIM, WHETHER IN CONTRACT, TORT OR ANY OTHER THEORY OF LIABILITY, EXCEED THE LICENSE FEE PAID BY YOU.

11 Confidentiality Obligations
11.1 If either party (the "Recipient") obtains access to Confidential information of the other through
disclosure by the other (the "Disclosing Party") or by any other means, the Recipient agrees that it will
not use the Confidential Information (except as authorised in the Agreement) or disclose the Confidential
Information to any third party without the prior written consent of the Disclosing Party. For the purpose
of this Agreement, "Confidential Information" shall mean all information about or belonging to the
Disclosing Party that is not a matter of public knowledge and all trade secrets and intellectual property
owned or licensed by the Disclosing Party. The restrictions of this paragraph shall not apply to any
information that: (i) is already rightfully known by the Recipient free of any confidentiality obligation; (ii)
is or becomes publicly known except through any wrongful act of the Recipient; (iii) is independently
developed by the Recipient without breach of this Agreement; or (iv) is subject to disclosure pursuant to
a subpoena, judicial or governmental requirement or order, provided that the Recipient has given the
Disclosing Party sufficient prior notice of such subpoena, requirement, or order, to permit the Disclosing
Party a reasonable opportunity to object to the subpoena, requirement, or order and to allow the
Disclosing Party the opportunity to seek a protective order or other appropriate remedy. The obligations
described in this paragraph shall survive termination of the Agreement.

party and any information about its relationship with the other party, including but not limited to the
inclusion of the other party's name in reference lists or for advertising or other promotional purposes,

13.3 Neither party will be responsible for any breach of this Agreement insofar as that breach is a result
of an act of event beyond that party's reasonable control but if that situation arises, the relevant party will
make reasonable efforts to overcome that problem as soon as reasonably possible.

13.4 This Agreement is not intended to benefit anyone other than the parties to it.

SIL Open Font License

Version 1.1 - 26 February 2007

PREAMBLE

The goals of the Open Font License (OFL) are to stimulate worldwide development of collaborative font projects, to support the font creation efforts of academic and linguistic communities, and to provide a free and open framework in which fonts may be shared and improved in partnership with others.

The OFL allows the licensed fonts to be used, studied, modified and redistributed freely as long as they are not sold by themselves. The fonts, including any derivative works, can be bundled, embedded, redistributed and/or sold with any software provided that any reserved names are not used by derivative works. The fonts and derivatives, however, cannot be released under any other type of license. The requirement for fonts to remain under this license does not apply to any document created using the fonts or their derivatives.

DEFINITIONS

"Font Software" refers to the set of files released by the Copyright Holder(s) under this license and clearly marked as such. This may include source files, build scripts and documentation. "Reserved Font Name" refers to any names specified as such after the copyright statement(s).

"Original Version" refers to the collection of Font Software components as distributed by the Copyright Holder(s).

"Modified Version" refers to any derivative made by adding to, deleting, or substituting — in part or in whole — any of the components of the Original Version, by changing formats or by porting the Font Software to a new environment. "Author" refers to any designer, engineer, programmer, technical writer or other person who contributed to the Font Software.

PERMISSION & CONDITIONS

Permission is hereby granted, free of charge, to any person obtaining a copy of the Font Software, to use, study, copy, merge, embed, modify, redistribute, and sell modified and unmodified copies of the Font Software, subject to the following conditions:

1) Neither the Font Software nor any of its individual components, in Original or Modified Versions, may be sold by itself.

2) Original or Modified Versions of the Font Software may be bundled, redistributed and/or sold with any software, provided that each copy contains the above copyright notice and this license. These can be included either as stand-alone text files, human-readable headers or in the appropriate machine-readable metadata fields within text or binary files as long as those fields can be easily viewed by the user.
3) No Modified Version of the Font Software may use the Reserved Font Name(s) unless explicit written permission is granted by the corresponding Copyright Holder. This restriction only applies to the primary font name as presented to the users.

4) The name(s) of the Copyright Holder(s) or the Author(s) of the Font Software shall not be used to promote, endorse or advertise any Modified Version, except to acknowledge the contribution(s) of the Copyright Holder(s) and the Author(s) or with their explicit written permission.

5) The Font Software, modified or unmodified, in part or in whole, must be distributed entirely under this license, and must not be distributed under any other license.
