This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software, software documentation, data (as defined in the Federal Acquisition Regulation), or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software," "commercial computer software documentation," or "limited rights data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle®, Java, MySQL, and NetSuite are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Inside are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Epyc, and the AMD logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

## Licensing Information: Oracle Hyperion Enterprise Performance Management Applications

This chapter, which is part of the Program Documentation under the terms of your Oracle licensing agreement, is intended to help you understand the features, functionality, and options available for Oracle Programs and the licenses required to use them. Oracle offers a variety of licensing options that determine your rights to run the Oracle Programs. If you have a question about your licensing needs, please contact your Oracle sales representative or refer to the resources listed in the "Related Documents" section below for more information.

This chapter details Oracle Hyperion Enterprise Performance Management Applications licensed programs and their included products, components, options, and restrictions.

### In this Chapter:

- [Included Products and Components](#)
- [Options](#)
- [Usage Notes and Restrictions](#)

## Included Products and Components

**Table 1-1 Oracle Hyperion Enterprise Performance Management Applications: Included Products and Components**

Product	Description	Included Products and Components
Hyperion Financial Close Suite	Comprehensive suite of required modules for financial consolidation, close and statutory reporting	<ul style="list-style-type: none"><li>• Hyperion Financial Management Plus</li><li>• Hyperion Financial Close Management</li><li>• Hyperion Financial Data Quality Management, Enterprise Edition</li><li>• Hyperion Financial Data Quality Management, Enterprise Edition Adapter for Financial Management</li><li>• Hyperion Financial Data Quality Management, Enterprise Edition Adapter Suite</li><li>• Hyperion Financial Data Quality Management, Enterprise Edition ERP Source Adapter for SAP</li><li>• Restricted use Essbase Plus (restricted to use with Hyperion Financial Close Suite only and further restricted to require each Aggregate Storage Option application created to share data and metadata with a deployed instance of Hyperion Financial Management Plus.)</li></ul> <p>For a listing of options to this product, see <a href="#">Options</a>.</p>

**Table 1-1 (Cont.) Oracle Hyperion Enterprise Performance Management Applications: Included Products and Components**

Product	Description	Included Products and Components
Hyperion Financial Management Plus	<p>Hyperion Financial Management Plus is a financial consolidation and reporting application built with advanced Web technology, but used and maintained by the finance team. It provides financial managers the ability to rapidly close and report financial results, meet global regulatory requirements, reduce the cost of compliance and deliver confidence in the numbers.</p> <p>Restrictions and Notes:</p> <ul style="list-style-type: none"> <li>• WebLogic Server Standard Edition may only be used to host J2EE or Java application logic that is distributed as part of Hyperion Financial Management Plus.</li> <li>• HAL BASIC is not included.</li> <li>• See item (1) under <a href="#">Usage Notes and Restrictions</a>.</li> </ul>	<ul style="list-style-type: none"> <li>• Restricted use Hyperion Data Relationship Management (restricted to use where dimensions and hierarchies may be targeted only to applications included with this product. Dimensions and hierarchies may not be targeted to other systems, such as a data warehouse.)</li> <li>• Restricted use Data Relationship Steward (restricted to quantity five (5) and restricted to use where dimensions and hierarchies may be targeted only to applications included with this product. Dimensions and hierarchies may not be targeted to other systems, such as a data warehouse.)</li> <li>• Hyperion Financial Reporting</li> <li>• Restricted use Oracle Data Integrator Enterprise Edition (restricted to use of the Oracle Data Integrator Studio Embedded Agent component for use with Hyperion Financial Management Plus as the only target. Please note that the embedded agent only allows execution of scenarios from the ODI studio user interface. Running scenarios in batch mode with the stand alone agent requires a full use Oracle Data Integrator Enterprise Edition license.)</li> <li>• Restricted use WebLogic Server Standard Edition (restricted to use for running Hyperion Financial Management Plus only)</li> <li>• Restricted use Oracle Internet Directory (restricted to storing Hyperion Financial Management Plus user information only)</li> <li>• Oracle Hyperion Foundation Services</li> <li>• Oracle Smart View for Office</li> </ul>

**Table 1-1 (Cont.) Oracle Hyperion Enterprise Performance Management Applications: Included Products and Components**

Product	Description	Included Products and Components
Hyperion Financial Close Management	<p>Financial Close Management helps companies define, execute, and report on the interdependent activities of a financial close period. It provides centralized monitoring of all close process tasks and provides a visible, automated, repeatable system of record for running close processes.</p> <p>Restrictions and Notes:</p> <ul style="list-style-type: none"> <li>• WebLogic Server Standard Edition may only be used to host J2EE or Java application logic that is distributed as part of Hyperion Financial Close Management.</li> <li>• The restricted use license of WebLogic Server Standard Edition does not support HTTP Session or Servlet clustering functionality within WebLogic Server (as WebLogic Server Standard Edition does not include clustering).</li> <li>• Hyperion Financial Data Quality Management, Enterprise Edition and Hyperion Financial Data Quality Management, Enterprise Edition Adapter Suite must be licensed for use of the Account Reconciliation component of Hyperion Financial Close Management.</li> </ul>	<ul style="list-style-type: none"> <li>• Restricted use WebLogic Server Standard Edition (restricted to use for running Hyperion Financial Close Management only)</li> <li>• Restricted use Oracle Internet Directory (restricted to storing Hyperion Financial Close Management user information only)</li> <li>• Restricted use Web Services Manager (restricted to enabling web services within the Hyperion Financial Close Management application)</li> <li>• Restricted use Oracle Virtual Directory (restricted to enabling multiple external provider support within Hyperion Financial Close Management)</li> <li>• Oracle Hyperion Foundation Services</li> </ul>

**Table 1-1 (Cont.) Oracle Hyperion Enterprise Performance Management Applications: Included Products and Components**

Product	Description	Included Products and Components
Hyperion Planning Plus	<p>Hyperion Planning Plus is a centralized, Microsoft Excel- and Web-based planning, budgeting, and forecasting solution that integrates financial and operational planning processes. Hyperion Planning Plus provides an in-depth look at business operations and its impact on financials by tightly integrating financial and operational planning models. With Hyperion Planning Plus, you can meet your immediate financial planning needs while enabling a platform for future cross-functional expansion and automated process integration.</p> <p>Restrictions and Notes:</p> <ul style="list-style-type: none"> <li>• WebLogic Server Standard Edition may only be used to host J2EE or Java application logic that is distributed as part of Hyperion Planning Plus.</li> <li>• This restricted-use license of WebLogic Server Standard Edition does not support HTTP Session or Servlet clustering functionality within WebLogic Server (as WebLogic Server Standard Edition does not include clustering). While the included restricted use version (SE) of WebLogic Server's servlet engine is restricted to be not clusterable, Hyperion Planning Plus applications can be clustered even when deployed on WebLogic Server SE using the Hyperion Planning Plus application's clustering and state replication mechanisms that are distinct from HTTP Session or Servlet clustering.</li> <li>• Essbase Plus cannot be used to create Essbase cubes that do not contain data used by the Hyperion Planning Plus application.</li> </ul>	<ul style="list-style-type: none"> <li>• Restricted use Hyperion Data Relationship Management (restricted to use where dimensions and hierarchies may be targeted only to applications included with this product. Dimensions and hierarchies may not be targeted to other systems, such as a data warehouse.)</li> <li>• Restricted use Data Relationship Steward (restricted to quantity five (5) and restricted to use where dimensions and hierarchies may be targeted only to applications included with this product. Dimensions and hierarchies may not be targeted to other systems, such as a data warehouse.)</li> <li>• Restricted use Essbase Plus (restricted to use only for accessing data from Hyperion Planning Plus) Customers that have both (i) Hyperion Planning Plus entitlement and (ii) full-use Oracle Essbase Plus entitlement may use Essbase deployed with Hyperion Planning Plus to support their full-use Oracle Essbase Plus user entitlement. In this scenario, users with entitlement to Hyperion Planning Plus may access only Hyperion Planning Essbase cubes. Users with entitlement to Hyperion Essbase Plus may not access Hyperion Planning Essbase cubes. Users with entitlement to both Hyperion Planning Plus and Oracle Essbase Plus may access all Essbase cubes.</li> <li>• Hyperion Financial Reporting</li> <li>• Restricted use Oracle Data Integrator Enterprise Edition (restricted to use of the Oracle Data Integrator Studio Embedded Agent component for use with Hyperion Planning Plus as the only target. Please note that the embedded agent only allows execution of scenarios from the ODI studio user interface. Running scenarios in batch mode with the stand alone agent requires a full use Oracle Data Integrator Enterprise Edition license.)</li> <li>• Restricted use WebLogic Server Standard Edition (restricted to use for running Hyperion Planning Plus only)</li> <li>• Restricted use Oracle Internet Directory (restricted to storing Hyperion Planning Plus user information only)</li> <li>• Oracle Hyperion Foundation Services</li> <li>• Oracle Smart View for Office</li> </ul>

**Table 1-1 (Cont.) Oracle Hyperion Enterprise Performance Management Applications: Included Products and Components**

Product	Description	Included Products and Components
Hyperion Tax Provision	<ul style="list-style-type: none"> <li>• The Aggregate Storage Option component of Essbase Plus may not be used.</li> <li>• See item (1) under <a href="#">Usage Notes and Restrictions</a>.</li> </ul> Prerequisites: <ul style="list-style-type: none"> <li>• Hyperion Financial Management Plus Or</li> <li>• Hyperion Financial Close Suite</li> </ul>	
Hyperion Tax Governance		

**Table 1-1 (Cont.) Oracle Hyperion Enterprise Performance Management Applications: Included Products and Components**

Product	Description	Included Products and Components
Hyperion Profitability and Cost Management	<p>Understanding profitability and cost in your business is fundamental to improving performance. Hyperion Profitability and Cost Management is a new performance management application that provides actionable insights into cost and profitability. Hyperion Profitability and Cost Management drives business performance by discovering drivers of cost and profitability, empowering users with visibility and flexibility, and improving resource alignment.</p> <p>Restrictions and Notes:</p> <ul style="list-style-type: none"> <li>• Hyperion Essbase Plus cannot be used to create Essbase cubes that do not contain data used by the Hyperion Profitability and Cost Management application.</li> <li>• WebLogic Server Standard Edition may only be used to host J2EE or Java application logic that is distributed as part of Hyperion Profitability and Cost Management.</li> </ul>	<ul style="list-style-type: none"> <li>• Restricted use Hyperion Data Relationship Management (restricted to use where dimensions and hierarchies may be targeted only to applications included with this product. Dimensions and hierarchies may not be targeted to other systems, such as a data warehouse.)</li> <li>• Restricted use Data Relationship Steward (restricted to quantity five (5) and restricted to use where dimensions and hierarchies may be targeted only to applications included with this product. Dimensions and hierarchies may not be targeted to other systems, such as a data warehouse.)</li> <li>• Restricted use WebLogic Server Standard Edition (restricted to use for running Hyperion Profitability and Cost Management only)</li> <li>• Restricted use Oracle Internet Directory (restricted to storing Hyperion Profitability and Cost Management user information only)</li> <li>• Hyperion Financial Reporting</li> <li>• Restricted use Oracle Data Integrator Enterprise Edition (restricted to use of the Oracle Data Integrator Studio Embedded Agent component for use with Hyperion Profitability and Cost Management as the only target. Please note that the embedded agent only allows execution of scenarios from the ODI studio user interface. Running scenarios in batch mode with the stand alone agent requires a full use Oracle Data Integrator Enterprise Edition license.)</li> <li>• Restricted use Essbase Plus (restricted to use only for accessing data from Hyperion Profitability and Cost Management)</li> </ul> <p>Customers that have both (i) Hyperion Profitability and Cost entitlement and (ii) full-use Oracle Essbase Plus entitlement may use Essbase deployed with Hyperion Profitability and Cost Management to support their full-use Oracle Essbase Plus user entitlement. In this scenario, users with entitlement to Hyperion Profitability and Cost Management may access only Hyperion Profitability and Cost Management cubes. Users with entitlement to Hyperion Essbase Plus may not access Hyperion Profitability and Cost Management Essbase cubes. Users with entitlement to both Hyperion Profitability and Cost Management and Oracle Essbase Plus may access all Essbase cubes.</p> <ul style="list-style-type: none"> <li>• Oracle Hyperion Foundation Services</li> <li>• Oracle Smart View for Office</li> </ul>

**Table 1-1 (Cont.) Oracle Hyperion Enterprise Performance Management Applications: Included Products and Components**

Product	Description	Included Products and Components
Hyperion Financial Data Quality Management, Enterprise Edition	<p>Finance organizations need to enhance the quality of internal controls and reporting processes. To meet these goals, you need a source-to-report view of financial data. Hyperion Financial Data Quality Management, Enterprise Edition allows business analysts to develop standardized financial data management processes and validate data from any source system—all while reducing costs and complexity. Fully integrated with Oracle’s performance management applications, Hyperion Financial Data Quality Management is the only enterprise-class system for managing the quality of financial data.</p> <p>Restrictions and Notes: These components must be licensed separately:</p> <ul style="list-style-type: none"> <li>Hyperion Financial Data Quality Management, Enterprise Edition Adapter for Financial Management, or</li> <li>Hyperion Financial Data Quality Management, Enterprise Edition Adapter Suite, or</li> <li>Hyperion Financial Data Quality Management, Enterprise Edition ERP Source Adapter for SAP</li> </ul>	<ul style="list-style-type: none"> <li>Restricted use Hyperion Data Relationship Management (restricted to use where dimensions and hierarchies may be targeted only to applications included with this product. Dimensions and hierarchies may not be targeted to other systems, such as a data warehouse.)</li> <li>Restricted use Data Relationship Steward (restricted to quantity five (5) and restricted to use where dimensions and hierarchies may be targeted only to applications included with this product. Dimensions and hierarchies may not be targeted to other systems, such as a data warehouse.)</li> <li>Restricted-use license to Oracle Data Integrator Enterprise Edition (ODI), restricted to use and modification of the Oracle Data Integrator Projects delivered with the Oracle Hyperion Financial Data Quality Management Enterprise Edition solely when used for Oracle Enterprise Performance Management applications. The ODI repository delivered with FDMEE may not be used for any other purpose or any custom integrations.</li> <li>Oracle Hyperion Foundation Services</li> <li>Oracle Smart View for Office</li> </ul>
Data Relationship Management Suite	<p>Oracle Data Relationship Management Suite represents a bundle of components to help enterprises master, govern and analyze enterprise dimensions, alternate hierarchies and related attributes with a view to build alignment between how one runs one’s business and measures its performance.</p> <p>The solution delivers referential integrity by mastering dimensions across transactional and analytical applications, either Oracle or third-party, on premise or in the cloud.</p>	<ul style="list-style-type: none"> <li>Oracle Data Relationship Management</li> <li>Oracle Data Relationship Management – Read Only Access</li> <li>Oracle Data Relationship Governance</li> <li>Oracle Data Relationship Steward</li> <li>Oracle Data Relationship Management Analytics (available only with Data Relationship Management Suite)</li> <li>Restricted use Oracle Internet Directory (restricted to storing DRM user information for use with DRM Suite components only).</li> </ul>

**Table 1-1 (Cont.) Oracle Hyperion Enterprise Performance Management Applications: Included Products and Components**

Product	Description	Included Products and Components
Data Relationship Management	<p>Data Relationship Management provides a dimension change management foundation for business applications, on-premise or in the cloud, to help curate, master and govern enterprise dimensions, hierarchies and reporting attributes across operational and analytical silos to enable fully reconciled, consistent, accurate and trustworthy reporting and business analytics.</p> <p>Restrictions and Notes</p> <ul style="list-style-type: none"> <li>Set up of more than one public view requires the Data Relationship Read Only Access option.</li> <li>See item (3) under <a href="#">Usage Notes and Restrictions</a>.</li> </ul>	<p>A license to Oracle Data Relationship Management (DRM) includes restricted-use licenses to Oracle Data Integrator Enterprise Edition (ODI), the Java container in Oracle WebLogic Server Standard Edition (WLS), Oracle Data Relationship Read-Only Access Option (DRM ROA), and Oracle SOA Suite (SOA). ODI is restricted to its database, files, and XML knowledge modules used solely for extracting and preparing data for import into DRM. WLS is restricted to use with DRM, including SOA as restricted here. DRM ROA is restricted to a single public view. SOA is restricted to use of two components</p> <ul style="list-style-type: none"> <li>Oracle Web Services Manager (OWSM), to authenticate and provide message-level security for DRM web services on WLS through the predefined policies provided with OWSM); and</li> <li>Oracle BPEL Process Manager, to enable workflow functions to process requests within DRM.</li> </ul>
Data Relationship Steward	<p>Oracle Data Relationship Steward entitles licensed users to interactively manage, administer, and secure master data within the Oracle Data Relationship Management repository. The data steward is a role established within organizations to manage the consistency, quality and integrity of master reference data sets across enterprise information systems.</p> <p>Restrictions and Notes:</p> <p>Prerequisites to be licensed separately:</p> <ul style="list-style-type: none"> <li>Data Relationship Management and/or</li> <li>Data Relationship Management for Oracle Hyperion Financial Close Suite and/or</li> <li>See item (3) under <a href="#">Usage Notes and Restrictions</a>.</li> </ul>	N/A

**Table 1-1 (Cont.) Oracle Hyperion Enterprise Performance Management Applications: Included Products and Components**

Product	Description	Included Products and Components
Data Relationship Governance	<p>Oracle Data Relationship Governance entitles licensed users to participate in master data change management and remediation workflows that are targeted at the Oracle Data Relationship Management repository. Any user who needs to submit, enrich, approve, commit or be notified of a request within the Oracle Data Relationship Governance application, whether it be via a user interface or a service interface, must be have licensed access to this module.</p> <p>Restrictions and Notes: Data Relationship Management must be licensed separately.</p>	

## Options

Options for products are listed in the following sections.

### Options for Hyperion Financial Close Suite

**Table 1-2 Options for Hyperion Financial Close Suite**

Product	Notes	Included Products and Components
Data Relationship Management for Hyperion Financial Close Suite	<p>Restrictions and Notes:</p> <ul style="list-style-type: none"> <li>Hyperion Financial Close Suite must be licensed separately. (License metric and quantity of this option and Hyperion Financial Close Suite must be the same.)</li> <li>Data Relationship Steward must be licensed separately (minimum 1 per customer).</li> <li>See item (2) under <a href="#">Usage Notes and Restrictions</a>.</li> </ul>	Restricted use Data Relationship Management (restricted to use where dimensions and hierarchies may be targeted only to applications included within Hyperion Financial Close Suite). Dimensions and hierarchies may not be targeted to other systems, such as a data warehouse.

## Options for Hyperion Financial Data Quality Management, Enterprise Edition

Table 1-3 Options for Hyperion Financial Data Quality Management, Enterprise Edition

Product	Notes	Included Products and Components
Hyperion Financial Data Quality Management, Enterprise Edition Adapter for Financial Management	Restrictions and Notes: Hyperion Financial Data Quality Management, Enterprise Edition and Hyperion Financial Management Plus must be licensed separately.	N/A
Hyperion Financial Data Quality Management, Enterprise Edition Adapter Suite	Restrictions and Notes: To be licensed separately: Hyperion Financial Data Quality Management, Enterprise Edition and the associated target application such as Hyperion Planning Plus, Essbase Plus, and/or other Oracle Application	<ul style="list-style-type: none"> <li>• Hyperion Planning Plus Adapter</li> <li>• Essbase Adapter</li> <li>• Hyperion Financial Close Management Adapter</li> <li>• Oracle ERP Application Adapters</li> <li>• Planning and Budgeting Cloud Service Adapter</li> </ul> See the EPM System Certification Matrix for specific sources and versions.
Hyperion Financial Data Quality Management, Enterprise Edition ERP Source Adapter for SAP	Restrictions and Notes: Hyperion Financial Data Quality Management, Enterprise Edition must be licensed separately.	N/A

## Options for Data Relationship Management

Table 1-4 Options for Data Relationship Management

Product	Notes	Included Products and Components
Data Relationship Management Read Only Access	Data Relationship Read Only Access provides the ability to create multiple public views within Oracle Data Relationship Management. Each public view may be configured to allow casual business users to browse, query, compare, export and download, without user authentication, those perspectives most relevant to the target user community.  Restrictions and Notes: <ul style="list-style-type: none"> <li>• Data Relationship Management must be licensed separately.</li> <li>• See item (2) under <a href="#">Usage Notes and Restrictions</a>.</li> <li>• See item (3) under <a href="#">Usage Notes and Restrictions</a>.</li> </ul>	

## Usage Notes and Restrictions

1. Customers with legacy Hyperion pre-System 9 product licenses must pay a Foundation Enablement migration fee to migrate to the corresponding Oracle Hyperion licenses, which include Hyperion Foundation Services. Additional information can be found on eSource at License > Migration > Migration Pricing Practices > Acquisition Specific Migration Practices > Hyperion Migration Practices. A detailed license mapping spreadsheet can be found on eSource at License > Migration > Product Migration Listing > Hyperion Pre-System 9. If you are an Oracle partner, please contact your Oracle Representative for additional information.

2. Hyperion product option license quantities must match the number of licenses of the associated Hyperion product. This rule applies to all license models: Component, Customer Application Suite, and Enterprise. Examples include the following:

The number of Data Relationship Management for Hyperion Enterprise Financial Close Suite Application User licenses must match the number of Hyperion Enterprise Financial Close Suite Application User Licenses. Similarly, the number of Data Relationship Management for Hyperion Enterprise Financial Close Suite Enterprise \$M in Revenue licenses must match the number of Hyperion Enterprise Financial Close Suite Enterprise \$M in Revenue licenses.

3. Authorized use of DRM APIs: Data Relationship Management Web Services APIs are available to Oracle Data Relationship Steward or Oracle Data Relationship Governance licensed users who have been provisioned with an appropriate role in one or more Data Relationship Management applications. Individual licensed users must be used when performing API operations which modify data in a Data Relationship Management application. Proxy users with an Oracle Data Relationship Steward license are \*not\* permitted to perform create, update or delete operations in real-time or in batch using the DRM API or DRM Batch Client.

Proxy users are permitted to use the DRM Request API. This API offers the ability to create and update requests which would be used by external workflow applications to persist pending changes to DRM. Proxy users may \*not\* be used to commit changes to DRM that were approved via an external workflow. Final approvers or committers must be licensed Oracle Data Relationship Steward users with user roles authorized to interactively make changes within DRM to ensure audit integrity.

Similarly, a proxy user with the Governance User role may be used to programmatically submit changes from external systems into the Oracle Data Relationship Governance application. Further, proxy users may also invoke the DRM API/web services via the Anonymous User role provided one has licensed the Oracle Data Relationship Management Read Only Access option. In addition to enabling public browse access to specific target audiences, this license authorizes read access using the DRM web services API.

# 2

## Third-Party Components by Product

The following table lists the Oracle Enterprise Performance Management System products and the third-party components that are included with them.

Click the Third-Party Acknowledgement links to display licensing information.

**Table 2-1 Third-Party Components and Acknowledgements**

EPM Product	Included Third Party Components
Oracle Data Relationship Management	<ul style="list-style-type: none"><li>• <a href="#">CodeMirror</a></li><li>• <a href="#">Dxperience Enterprise</a></li><li>• <a href="#">Installshield Premier</a></li><li>• <a href="#">IronJS</a></li><li>• <a href="#">jQuery</a></li><li>• <a href="#">jQuery Validation Plugin</a></li><li>• <a href="#">Json.NET</a></li><li>• <a href="#">Log4J</a></li><li>• <a href="#">Log4Net</a></li><li>• <a href="#">Microsoft Visual C++ Redistributable</a></li><li>• <a href="#">Quartz Job Scheduler</a></li><li>• <a href="#">Visual Studio 2019</a></li></ul>

## Licensing Information: Third-Party Products

This chapter lists the license and copyright information for open-source and proprietary third-party software (or portions thereof) provided with Oracle Hyperion Products. This guide lists only those components that require license attribution. Components are grouped under the license that governs their use. Third-party components that do not require license attribution are not listed.

### In this Chapter:

- [Apache Software License, Version 2.0](#)
- [ANTLR4](#)
- [ANTLR4 Runtime](#)
- [ANTLR3 Runtime](#)
- [String Template4](#)
- [Bindows Framework Developers Kit, Bindows Linker, Bindows Compile](#)
- [Boost C++ Libraries](#)
- [CodeMirror](#)
- [InstallShield](#)
- [jQuery](#)
- [jQuery Treeview Plugin](#)
- [jQuery Validation Plugin](#)
- [JSON-Java](#)
- [JSON.NET](#)
- [Object-Graph Navigation Language \(OGNL\)](#)
- [Quartz Job Scheduler](#)
- [Rhino](#)
- [ScroogeXHTML](#)
- [SLF4J](#)
- [SmartHeap](#)

### Apache Software License, Version 2.0

The following unmodified components are licensed under the Apache Software License, Version 2.0:

- [Axis2 1.8.2](#)
- [Batik SVG Toolkit 1.17](#)
- [Commons Beanutils 1.9.4](#)

- Commons Codec 1.14
- Commons Collections 4.4
- Commons Compress 1.21
- Commons Configuration 2.8
- Commons DBCP 2.9.0
- Commons FileUpload 1.5
- Commons Lang 3.12.0
- Commons IO 2.11.0
- Commons Logging 1.2
- Commons Pool 2.11.1
- Commons Text 1.10
- HttpComponents HttpClient 4.5.14
- IronJS 2.0.1
- jackson-datatype-jdk8 - 2.15.2
- Log4J 2.17.1
- log4net 2.1.0-eb1570e
- Lucene 8.11.2
- MVFlex Expression Language (MVEL) 2.4.14
- OWASP Java HTML Sanitizer, Version: 20211018.2
- PDFBox 2.0.27
- POI 5.2.3
- Struts 2.5.33
- Thrift 0.17.0
- Xerces-C++ 3.2.3
- XMLBeans 5.1.1

### License Provisions

Apache License

Version 2.0, January 2004

<http://www.apache.org/licenses/>

### TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

#### 1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the

purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. **Grant of Copyright License.** Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
3. **Grant of Patent License.** Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:
  - a. You must give any other recipients of the Work or Derivative Works a copy of this License; and
  - b. You must cause any modified files to carry prominent notices stating that You changed the files; and
  - c. You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
  - d. If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special,

incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. **Accepting Warranty or Additional Liability.** While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

## ANTLR4 Tool

Version: 4.11.1

## Bindows Framework Developers Kit, Bindows Linker, Bindows Compile

Version: None specified

Vendor: MB Technologies, Inc.

This component was licensed through acquisition of Hyperion and is approved ONLY for use in the products and bundles shipping at the time of the acquisition. It may not be used in new Oracle products or bundles, licensed in any new outbound model, or otherwise utilized in connection with any new use case without consulting Oracle Legal and obtaining any necessary additional approvals.

May not allow the modification, removal, alteration, erasing, covering or obscuring of any copyright notice or any other notice or mark appearing on the MB Products or copies/media. Access to the MB Products is limited to those employees and contractors of ORCL requiring

access for the agreement purposes who have signed a confidentiality agreement agreeing to protect third party confidential info with terms no less stringent than those in the agreement.

May use MB's then current names, marks, etc. in accordance with MB's quality standards and only during agreement term and as soon as possible thereafter but no longer than up to 6 months thereafter

## Boost C++ Libraries

Version: 1.80.0

Vendor: Boost Software

Boost Software License, Version 1.0

August 17, 2003

Permission is hereby granted, free of charge, to any person or organization obtaining a copy of the software and accompanying documentation covered by this license (the "Software") to use, reproduce, display, distribute, execute, and transmit the Software, and to prepare derivative works of the Software, and to permit third-parties to whom the Software is furnished to do so, all subject to the following:

The copyright notices in the Software and this entire statement, including the above license grant, this restriction and the following disclaimer, must be included in all copies of the Software, in whole or in part, and all derivative works of the Software, unless such copies or derivative works are solely in the form of machine-executable object code generated by a source language processor

THE SOFTWARE IS PROVIDED "AS IS", WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT. ## Rhino

Versions: 1.7.14

Vendor: Mozilla

Mozilla Public License Version 2.0 (C) Mozilla

The majority of Rhino is licensed under the MPL 2.0:

Mozilla Public License Version 2.0

### 1. Definitions

1.1 "Contributor" means each individual or legal entity that creates, contributes to the creation of, or owns Covered Software.

1.2 "Contributor Version" means the combination of the Contributions of others (if any) used by a Contributor and that particular Contributor's Contribution.

1.3 "Contribution" means Covered Software of a particular Contributor.

1.4 "Covered Software" means Source Code Form to which the initial Contributor has attached the notice in Exhibit A, the Executable Form of such Source Code Form, and Modifications of such Source Code Form, in each case including portions thereof.

1.5 "Incompatible With Secondary Licenses" means

(a) that the initial Contributor has attached the notice described in Exhibit B to the Covered Software; or

(b) that the Covered Software was made available under the terms of version 1.1 or earlier of the License, but not also under the terms of a Secondary License.

1.6 "Executable Form" means any form of the work other than Source Code Form.

1.7 "Larger Work" means a work that combines Covered Software with other material, in a separate file or files, that is not Covered Software

1.8 "License" means this document.

1.9 "Licensable" means having the right to grant, to the maximum extent possible, whether at the time of the initial grant or subsequently, any and all of the rights conveyed by this License.

1.10 "Modifications" means any of the following:

(a) any file in Source Code Form that results from an addition to, deletion from, or modification of the contents of Covered Software; or

(b) any new file in Source Code Form that contains any Covered Software.

1.11 "Patent Claims" of a Contributor means any patent claim(s), including without limitation, method, process, and apparatus claims, in any patent Licensable by such Contributor that would be infringed, but for the grant of the License, by the making, using, selling, offering for sale, having made, import, or transfer of either its Contributions or its Contributor Version.

1.12 "Secondary License" means either the GNU General Public License, Version 2.0, the GNU Lesser General Public License, Version 2.1, the GNU Affero General Public License, Version 3.0, or any later versions of those licenses.

1.13 "Source Code Form" means the form of the work preferred for making modifications.

1.14 "You" (or "Your") means an individual or a legal entity exercising rights under this License. For legal entities, "You" includes any entity that controls, is controlled by, or is under common control with You. For purposes of this definition, "control" means (a) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (b) ownership of more than fifty percent (50%) of the outstanding shares or beneficial ownership of such entity.

## **2. License Grants and Conditions**

### **2.1 Grants**

Each Contributor hereby grants You a world-wide, royalty-free, non-exclusive license:

(a) under intellectual property rights (other than patent or trademark) Licensable by such Contributor to use, reproduce, make available, modify, display, perform, distribute, and otherwise exploit its Contributions, either on an unmodified basis, with Modifications, or as part of a Larger Work; and

(b) under Patent Claims of such Contributor to make, use, sell, offer for sale, have made, import, and otherwise transfer either its Contributions or its Contributor Version.

### **2.2 Effective Date**

The licenses granted in Section 2.1 with respect to any Contribution become effective for each Contribution on the date the Contributor first distributes such Contribution.

### 2.3 Limitations on Grant Scope

The licenses granted in this Section 2 are the only rights granted under this License. No additional rights or licenses will be implied from the distribution or licensing of Covered Software under this License.

Notwithstanding Section 2.1(b) above, no patent license is granted by a Contributor:

- (a) for any code that a Contributor has removed from Covered Software; or
- (b) for infringements caused by: (i) Your and any other third party's modifications of Covered Software, or (ii) the combination of its Contributions with other software (except as part of its Contributor Version); or
- (c) under Patent Claims infringed by Covered Software in the absence of its Contributions.

This License does not grant any rights in the trademarks, service marks, or logos of any Contributor (except as may be necessary to comply with the notice requirements in Section 3.4).

### 2.4. Subsequent Licenses

No Contributor makes additional grants as a result of Your choice to distribute the Covered Software under a subsequent version of this License (see Section 10.2) or under the terms of a Secondary License (if permitted under the terms of Section 3.3).

### 2.5. Representation

Each Contributor represents that the Contributor believes its Contributions are its original creation(s) or it has sufficient rights to grant the rights to its Contributions conveyed by this License.

### 2.6. Fair Use

This License is not intended to limit any rights You have under applicable copyright doctrines of fair use, fair dealing, or other equivalents.

### 2.7. Conditions

Sections 3.1, 3.2, 3.3, and 3.4 are conditions of the licenses granted in Section 2.1.

## 3. Responsibilities

### 3.1. Distribution of Source Form

All distribution of Covered Software in Source Code Form, including any Modifications that You create or to which You contribute, must be under the terms of this License. You must inform recipients that the Source Code Form of the Covered Software is governed by the terms of this License, and how they can obtain a copy of this License. You may not attempt to alter or restrict the recipients' rights in the Source Code Form.

### 3.2. Distribution of Executable Form

If You distribute Covered Software in Executable Form then:

- (a) such Covered Software must also be made available in Source Code Form, as described in Section 3.1, and You must inform recipients of the Executable Form how they can obtain a copy of such Source Code Form by reasonable means in a timely manner, at a charge no more than the cost of distribution to the recipient; and

(b) You may distribute such Executable Form under the terms of this License, or sublicense it under different terms, provided that the license for the Executable Form does not attempt to limit or alter the recipients' rights in the Source Code Form under this License.

### 3.3. Distribution of a Larger Work

You may create and distribute a Larger Work under terms of Your choice, provided that You also comply with the requirements of this License for the Covered Software. If the Larger Work is a combination of Covered Software with a work governed by one or more Secondary Licenses, and the Covered Software is not Incompatible With Secondary Licenses, this License permits You to additionally distribute such Covered Software under the terms of such Secondary License(s), so that the recipient of the Larger Work may, at their option, further distribute the Covered Software under the terms of either this License or such Secondary License(s).

### 3.4. Notices

You may not remove or alter the substance of any license notices (including copyright notices, patent notices, disclaimers of warranty, or limitations of liability) contained within the Source Code Form of the Covered Software, except that You may alter any license notices to the extent required to remedy known factual inaccuracies.

### 3.5. Application of Additional Terms

You may choose to offer, and to charge a fee for, warranty, support, indemnity or liability obligations to one or more recipients of Covered Software. However, You may do so only on Your own behalf, and not on behalf of any Contributor. You must make it absolutely clear that any such warranty, support, indemnity, or liability obligation is offered by You alone, and You hereby agree to indemnify every Contributor for any liability incurred by such Contributor as a result of warranty, support, indemnity or liability terms You offer. You may include additional disclaimers of warranty and limitations of liability specific to any jurisdiction.

## 4. Inability to Comply Due to Statute or Regulation

If it is impossible for You to comply with any of the terms of this License with respect to some or all of the Covered Software due to statute, judicial order, or regulation then You must: (a) comply with the terms of this License to the maximum extent possible; and (b) describe the limitations and the code they affect. Such description must be placed in a text file included with all distributions of the Covered Software under this License. Except to the extent prohibited by statute or regulation, such description must be sufficiently detailed for a recipient of ordinary skill to be able to understand it.

## 5. Termination

5.1. The rights granted under this License will terminate automatically if You fail to comply with any of its terms. However, if You become compliant, then the rights granted under this License from a particular Contributor are reinstated (a) provisionally, unless and until such Contributor explicitly and finally terminates Your grants, and (b) on an ongoing basis, if such Contributor fails to notify You of the non-compliance by some reasonable means prior to 60 days after You have come back into compliance. Moreover, Your grants from a particular Contributor are reinstated on an ongoing basis if such Contributor notifies You of the non-compliance by some reasonable means, this is the first time You have received notice of non-compliance with this License from such Contributor, and You become compliant prior to 30 days after Your receipt of the notice.

5.2. If You initiate litigation against any entity by asserting a patent infringement claim (excluding declaratory judgment actions, counter-claims, and cross-claims) alleging that a Contributor Version directly or indirectly infringes any patent, then the rights granted to You by any and all Contributors for the Covered Software under Section 2.1 of this License shall terminate.

5.3. In the event of termination under Sections 5.1 or 5.2 above, all end user license agreements (excluding distributors and resellers) which have been validly granted by You or Your distributors under this License prior to termination shall survive termination.

## **6. Disclaimer of Warranty**

Covered Software is provided under this License on an "as is" basis, without warranty of any kind, either expressed, implied, or statutory, including, without limitation, warranties that the Covered Software is free of defects, merchantable, fit for a particular purpose or non-infringing. The entire risk as to the quality and performance of the Covered Software is with You. Should any Covered Software prove defective in any respect, You (not any Contributor) assume the cost of any necessary servicing, repair, or correction. This disclaimer of warranty constitutes an essential part of this License. No use of any Covered Software is authorized under this License except under this disclaimer.

## **7. Limitation of Liability**

Under no circumstances and under no legal theory, whether tort (including negligence), contract, or otherwise, shall any Contributor, or anyone who distributes Covered Software as permitted above, be liable to You for any direct, indirect, special, incidental, or consequential damages of any character including, without limitation, damages for lost profits, loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses, even if such party shall have been informed of the possibility of such damages. This limitation of liability shall not apply to liability for death or personal injury resulting from such party's negligence to the extent applicable law prohibits such limitation. Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so this exclusion and limitation may not apply to You.

## **8. Litigation**

Any litigation relating to this License may be brought only in the courts of a jurisdiction where the defendant maintains its principal place of business and such litigation shall be governed by laws of that jurisdiction, without reference to its conflict-of-law provisions. Nothing in this Section shall prevent a party's ability to bring cross-claims or counter-claims.

## **9. Miscellaneous**

This License represents the complete agreement concerning the subject matter hereof. If any provision of this License is held to be unenforceable, such provision shall be reformed only to the extent necessary to make it enforceable. Any law or regulation which provides that the language of a contract shall be construed against the drafter shall not be used to construe this License against a Contributor.

## **10. Versions of the License**

### **10.1. New Versions**

Mozilla Foundation is the license steward. Except as provided in Section 10.3, no one other than the license steward has the right to modify or publish new versions of this License. Each version will be given a distinguishing version number.

### **10.2. Effect of New Versions**

You may distribute the Covered Software under the terms of the version of the License under which You originally received the Covered Software, or under the terms of any subsequent version published by the license steward.

### 10.3. Modified Versions

If you create software not governed by this License, and you want to create a new license for such software, you may create and use a modified version of this License if you rename the license and remove any references to the name of the license steward (except to note that such modified license differs from this License).

### 10.4. Distributing Source Code Form that is Incompatible With Secondary Licenses

If You choose to distribute Source Code Form that is Incompatible With Secondary Licenses under the terms of this version of the License, the notice described in Exhibit B of this License must be attached.

#### Exhibit A - Source Code Form License Notice

This Source Code Form is subject to the terms of the Mozilla Public License, v. 2.0. If a copy of the MPL was not distributed with this file, You can obtain one at <http://mozilla.org/MPL/2.0/>.

If it is not possible or desirable to put the notice in a particular file, then You may include the notice in a location (such as a LICENSE file in a relevant directory) where a recipient would be likely to look for such a notice. You may add additional accurate notices of copyright ownership.

#### Exhibit B - "Incompatible With Secondary Licenses" Notice

This Source Code Form is "Incompatible With Secondary Licenses", as defined by the Mozilla Public License, v. 2.0.

Rhino is licensed subject to the terms of the Mozilla Public License, v. 2.0.
