

## What's New in Oracle Coherence Cloud

Here's an overview of new features and enhancements added recently to improve your Oracle Coherence Cloud experience. You don't need to request an upgrade to be able to use the new features—they come to you automatically.

### Topics:

- [April 2020](#)
- [December 2019](#)

### April 2020

---

Feature	Description
Added Support for Oracle Coherence 14.1.1.0	You can provision your Coherence environment and create clusters in the Oracle Cloud Infrastructure Marketplace with Oracle Coherence version 14.1.1.0. See: <ul style="list-style-type: none"><li>• <a href="#">What's New in this Release</a> in <i>Release Notes for Oracle Coherence</i></li><li>• <a href="#">About Oracle Coherence Cloud</a> in <i>Using Oracle Coherence Cloud</i></li></ul>

---

### December 2019

---

Feature	Description
Scale out a Coherence Cluster	To address the needs of increasing workloads, Oracle Coherence Cloud provides support for manually scaling out an existing cluster by adding more compute instances to your cluster.  See <a href="#">Scale Out a Coherence Cluster</a> in <i>Using Oracle Coherence Cloud</i> .

Documentation for Oracle Coherence Cloud that describes new and changed features.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software" or "commercial computer software documentation" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.
