What's New?

A clarification regarding Enterprise Data Management Business Process was added to the following products:

- B91074 Oracle Enterprise Performance Management Enterprise Cloud Service - Hosted Named User
- B91077 Oracle Additional Application for Oracle Enterprise Performance Management Enterprise Cloud Service - Hosted Environment

ORACLE

Purpose

Use this document to review how Oracle measures and counts Oracle Fusion metrics. The products listed are those that are currently being measured. You can use this document in conjunction with the *Oracle Fusion Service Descriptions* document found at https://www.oracle.com/contracts/cloud-services/. Select the appropriate Product, then View Documents.

The cloud portal enables your Service Administrator(s) to download the SaaS Services Usage Metrics Report which shows you what you bought, how much you bought, and how much you've used in the last three months. To learn how to find these reports, see *Finding Your SaaS Service Usage*. Please contact My Oracle Support (https://support.oracle.com/portal/) if you have any questions.
