

Oracle® Database

Database Client Release Notes

19c for IBM: Linux on POWER Little Endian Systems

F21093-01

July 2019

This document contains important information that was not included in the platform-specific or product-specific documentation for this release.

This document supplements *Oracle Database Release Notes*.

This document may be updated after it is released. You can check for updates to this document and view other Oracle documentation at

<http://docs.oracle.com/en/database/>

This document contains the following topics:

- [Certification Information](#)
- [Unsupported Product](#)
- [Other Known Issues](#)
- [Documentation Accessibility](#)

Certification Information

The latest certification information for Oracle Database 19c is available on My Oracle Support at

<https://support.oracle.com>

The following or later versions of the operating system are supported for Oracle Database 19c for Linux on POWER Systems:

- Red Hat Enterprise Linux Server 7.1
- SUSE Linux Enterprise Server 12

Starting with release 12.1.0.2, Oracle Database Client is supported on Linux on Power (64-Bit).

Unsupported Product

Pro*COBOL is not supported on Linux on POWER Systems.

Other Known Issues

The following section contains information about issues related to Oracle Database 19c and associated products:

Pro*C Does Not Support C99 Headers

Pro*C parser fails to recognize C99 headers on Linux on POWER Systems.

This issue has no workaround.

This issue is tracked with Oracle bug 6142780.

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.
