

Oracle® Application Integration Architecture

Licensing Information User Manual

Release 14.0

G48699-01

March 2026

Copyright © 2000, 2026, Oracle and/or its affiliates.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by Government end users are commercial computer software or commercial computer software documentation pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Inside are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Epyc, and the AMD logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

Introduction

This Licensing Information document is a part of the product or program documentation under the terms of your Oracle license agreement and is intended to help you understand the program editions, entitlements, restrictions, prerequisites, special license rights, and/or separately licensed third party technology terms associated with the Oracle software program(s) covered by this document (the “Program(s)”). Entitled or restricted use products or components identified in this document that are not provided with the particular program may be obtained from the Oracle Software Delivery Cloud website (<https://edelivery.oracle.com>) or from media Oracle may provide. If you have a question about your license rights and obligations, please contact your Oracle sales representative, review the information provided in Oracle’s Software Investment Guide (<http://www.oracle.com/us/corporate/pricing/software-investment-guide/index.html>), and/or contact the applicable Oracle License Management Services representative listed on <http://www.oracle.com/us/corporate/license-management-services/index.html>.

Licensing Information

Product	Licensing Information
Communications Order to Cash Integration Pack for Oracle Communications Billing and Revenue Management	<p>Order to Cash Integration Pack for Oracle Billing and Revenue Management for customer synchronization and billing initiation and fulfillment requests initiated from any central order management system via Application Integration Architecture (“AIA”).</p> <p>Prerequisites:</p> <ul style="list-style-type: none"> Oracle Communications Billing and Revenue Management <p>Restricted Use Licenses:</p> <p>Included products are restricted to use with Communications Order to Cash Integration Pack for Oracle Communications Billing and Revenue Management only to configure, modify and extend the integration packs to meet customer’s business requirements within the context of the delivered business process and Application(s). If a user wishes to add another application system (i.e., a new application beyond the original applications the AIA program provided integration for), full use licenses of the included products are required:</p> <ul style="list-style-type: none"> Oracle WebLogic Suite Oracle SOA Suite for Oracle Middleware <p>Note: A license to Oracle Application Integration Architecture for Communications 14.0 includes a restricted use license for Oracle SOA Suite on Containers 14.1.2, solely for running Oracle Application Integration Architecture for Communications.</p> <ul style="list-style-type: none"> Oracle Data Integrator Enterprise Edition Oracle Database Enterprise Edition
Communications Order to Cash Integration Pack for Oracle Communications Order and Service Management	<p>Order to Cash Integration Pack for Oracle Communications Order and Service Management for OSM central order management integration to any CRM, billing and service provisioning system via AIA for the purposes of customer order fulfillment.</p> <p>Prerequisites:</p> <ul style="list-style-type: none"> Oracle Communications Order and Service Management <p>Restricted Use Licenses:</p> <p>Included products are restricted to use with Communications Order to Cash Integration Pack for Oracle Communications Billing and Revenue Management only to configure, modify and extend the integration packs to meet customer’s business requirements within the context of the delivered business process and Application(s). If a user wishes to add another application system (i.e., a new application beyond the original applications the AIA program provided integration for), full use licenses of the included products are required:</p> <ul style="list-style-type: none"> Oracle WebLogic Suite Oracle SOA Suite for Oracle Middleware <p>Note: A license to Oracle Application Integration Architecture for Communications 14.0 includes a restricted use license for Oracle SOA Suite on Containers 14.1.2, solely for running Oracle Application Integration Architecture for Communications.</p> <ul style="list-style-type: none"> Oracle Data Integrator Enterprise Edition Oracle Database Enterprise Edition
Communications Order to Cash Integration Pack for Siebel CRM	<p>Order to Cash Integration Pack for Siebel CRM for order capture and service integration to any central order management system and any billing system via AIA for the purpose of customer order fulfillment interaction with central order management.</p> <p>Prerequisites:</p> <ul style="list-style-type: none"> Siebel CRM <p>Restricted Use Licenses:</p>

Product	Licensing Information
	<p>Included products are restricted to use with Communications Order to Cash Integration Pack for Oracle Communications Billing and Revenue Management only to configure, modify and extend the integration packs to meet customer's business requirements within the context of the delivered business process and Application(s). If a user wishes to add another application system (i.e., a new application beyond the original applications the AIA program provided integration for), full use licenses of the included products are required:</p> <ul style="list-style-type: none"> • Oracle WebLogic Suite • Oracle SOA Suite for Oracle Middleware <p>Note: A license to Oracle Application Integration Architecture for Communications 14.0 includes a restricted use license for Oracle SOA Suite on Containers 14.1.2, solely for running Oracle Application Integration Architecture for Communications.</p> <ul style="list-style-type: none"> • Oracle Data Integrator Enterprise Edition • Oracle Database Enterprise Edition
<p>Siebel CRM Integration Pack for Oracle Communications Billing and Revenue Management: Agent Assisted Billing Care</p>	<p>The Oracle Communications Billing and Revenue Management: Agent Assisted Billing Care process integration pack (PIP) integrates the billing management process between Siebel Customer Relationship Management (Siebel CRM) and Oracle Communications Billing and Revenue Management (Oracle BRM) to empower customer care agents and improve customer service value by providing an integrated, real-time, and actionable view of billing data from the Siebel CRM console.</p> <p>Prerequisites:</p> <ul style="list-style-type: none"> • Oracle Communications Billing and Revenue Management • Siebel CRM • Oracle Data Integrator <p>Restricted Use Licenses:</p> <p>Included products are restricted to use with Communications Order to Cash Integration Pack for Oracle Communications Billing and Revenue Management only to configure, modify and extend the integration packs to meet customer's business requirements within the context of the delivered business process and Application(s). If a user wishes to add another application system (i.e., a new application beyond the original applications the AIA program provided integration for), full use licenses of the included products are required:</p> <ul style="list-style-type: none"> • Oracle WebLogic Suite • Oracle SOA Suite for Oracle Middleware <p>Note: A license to Oracle Application Integration Architecture for Communications 14.0 includes a restricted use license for Oracle SOA Suite on Containers 14.1.2, solely for running Oracle Application Integration Architecture for Communications.</p> <ul style="list-style-type: none"> • Oracle Data Integrator Enterprise Edition • Oracle Database Enterprise Edition
<p>Communications Order to Cash Integration Packs Cloud Native Deployment Option</p>	<p>Cloud Native architectures increase operational efficiency by improving hardware utilization and scaling real-time business events to capture revenue.</p> <p>The AIA Cloud Native deployment option combines the features and extensibility of AIA with the agility and efficiency of cloud infrastructure with a DevOps aligned.</p> <p>Key benefits of AIA Cloud Native are:</p> <ul style="list-style-type: none"> • Design, test and deploy faster: easier installs, agile service development and launch • Operate more efficiently: run on Oracle Cloud Infrastructure, simplified upgrades • Grow with the business: efficient scaling, foundation for the digital future <p>Key features of AIA Cloud Native are:</p> <ul style="list-style-type: none"> • Container images (Docker, CRI-O), orchestrated in Kubernetes - production support for AIA-RODOD Deployment on Kubernetes • Install and Manage using Helm charts • Opensource Docker Files and scripts for Dev and Test

Third-Party Notices and/or Licenses

Commercial Software

Commercial software products or components distributed in Oracle Application Integration Architecture (AIA) are identified in the following table along with the applicable licensing information.

Provider	Component(s)	Functionality	Licensing Information
N/A	N/A	N/A	There is no commercial software in this product.

Open Source or Other Separately Licensed Software

Required notices for open source or other separately licensed software products or components distributed in Oracle Application Integration Architecture (AIA) are identified in the following table along with the applicable licensing information. Additional notices and/or licenses may be found in the included documentation or readme files of the individual third party open source software.

Provider	Component(s)	Functionality	Licensing Information
N/A	N/A	N/A	There is no open source or shareware software in this product.

Note: Refer to the Fusion Middleware LIUM for details of third-party licenses used by SOA Suite. The link to the FMW LIUM is <https://docs.oracle.com/en/middleware/fusion-middleware/fmwlc/oracle-fusion-middleware-options.html#GUID-19E4223F-1F98-433E-BC7C-2BAC2568964F>
