

Solution Test Automation Platform Software Compatibility

This document lists the software compatible with Oracle Communications Solution Test Automation Platform (STAP).

See the following sections for details:

- [Common Software Compatibility](#)
- [Kubernetes Technology Stack](#)

Common Software Compatibility

This section lists the common software compatible with the Oracle® Communications Solution Test Automation Platform.

[Table 1-1](#) lists the supported software for STAP.

Table 1-1 Supported Software for STAP

Software	Version	Notes
Helidon MP	4.2.2	Microservices platform for the application
Java SE	21	Computing platform to run the application
Oracle Linux	8.x (x>=10)	Operating System Note: Oracle Applications are developed and tested on Oracle Linux, which is optimized for performance, stability, and security.
Oracle JavaScript Extension Toolkit	18.1.5	JavaScript Extension Toolkit
Oracle Identity Cloud Service	24.x (x>=2)	Identity and access management service for user authentication

Table 1-1 (Cont.) Supported Software for STAP

Software	Version	Notes
Web Browser	Google Chrome 119.0 or later Microsoft Edge Chromium 118.0 or later Mozilla Firefox ESR 115.4 or later	Web user interface
STAP Design Experience	• Oracle Linux 8 • Microsoft Windows 11 • Mac OS 15	Design Experience for test automation

Kubernetes Technology Stack

The following table lists the recommended versions of the software in the Kubernetes Technology Stack supported with STAP.

Note

Oracle recommends that if you use any of the components listed in this table, then use only the versions of other components listed in this table.

[Table 1-2](#) lists the recommended versions of Kubernetes Technology Stack for STAP.

Table 1-2 Recommended Versions of Kubernetes Technology Stack for STAP

Software	Version	Notes
Helm	3.18.5	Package manager for Kubernetes
Kubernetes	1.31.x (x>=1)	Container Platform
Podman	4.x (x >= 9)	Build and manage container images

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software, software documentation, data (as defined in the Federal Acquisition Regulation), or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software," "commercial computer software documentation," or "limited rights data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Intel and Intel Inside are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Epyc, and the AMD logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

This document describes how to implement and use Oracle Communications Solution Testing Automation Platform.

Audience

This document is intended for anyone who installs, configures, administers, or customizes Solution Testing Automation Platform.

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

Conventions

The following text conventions are used in this document.

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.
