# Corporate Customer Onboarding

This topic describes the information on the various activities performed for the Corporate Customer Onboarding process.

#### Overview

This topic describes the information about the Corporate Customer Onboarding.

#### Prerequisites

#### Onboarding Initiation

This topic describes the systematic instructions to capture the basic demographic information about the corporate customer to be onboarded using Oracle Banking Enterprise Party Management.

#### KYC Details

This topic describes the systematic instructions to capture KYC details about the corporate customers to be onboarded using Oracle Banking Enterprise Party Management.

#### Onboarding Enrichment

This topic describes the systematic instruction to capture detailed information about the corporate customer to be added in Oracle Banking Enterprise Party Management.

#### Review

This topic describes the systematic information to enable the final reviewers to review the customer details and moves the task to the *Approval* stage if the details are appropriate.

#### Recommendation

This topic describes the systematic instruction to enable the recommending user to review the progress did so far and provides recommendations for each of the data segments with a the decision as approve/reject

#### Approval

This topic describes the systematic instruction to enable the approver to review the activity done across all the stages and provides final signoff to approve the customer onboarding.

#### Amendment

This topic describes the systematic instruction to enable the Relationship Manager to amend the information or can add additional information about a corporate customer using Oracle Banking Enterprise Party Management.

## 1.1 Overview

This topic describes the information about the Corporate Customer Onboarding.

Corporate Customer Onboarding is an umbrella term that is often used to describe the entire process that users go through when they start their journey as a customer of a banking product or service. Onboarding is an ongoing process, which helps banks to create a relationship with customers. In a bank, there would be a Relationship Manager (RM) for every corporate customer. The respective RM would take care of the customer to successfully onboard into the bank.

The various activities performed for the Corporate Customer Onboarding process are:

- Initiation
- KYC
- Enrichment
- Review
- Recommendation
- Approval

#### **Process Flow Diagram**

The flow diagram illustrating the different stages in the corporate customer onboarding process is shown below for reference:

Start Quick Initiation (QuickInitiation) KYC (KYC) IS\_PROCEED\_KYC Approve OnBoardingEnrichment (OnBOardingEnrichment) Review (Review) Additional Info IS\_PROCEED\_Review gotoOnBoardingEnrichment (gotoOnBoardingEnrichment) Recommendation (Recommendation) Approval (Approval) Additional Info terminate APPROVAL\_IS\_PROCESSE (terminate) Proceed http\_handoff\_call (http\_handoff\_call) GotoRecommendation (GotoRecommendation) Failure customer\_handoff\_failure

Figure 1-1 Corporate Onboarding Process Flow

## 1.2 Prerequisites

Before you begin, log in to the application Home page. For information on how to log in, refer to the *Getting Started User Guide*.

## 1.3 Onboarding Initiation

This topic describes the systematic instructions to capture the basic demographic information about the corporate customer to be onboarded using Oracle Banking Enterprise Party Management.

Before you begin, log in to the application Home page. For information on how to log in, refer to the *Getting Started User Guide*.

#### To initiate the Onboarding process:

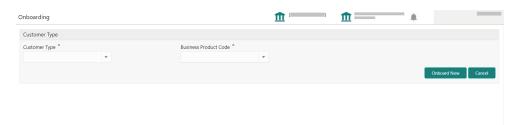

The fields, which are marked with an asterisk, are mandatory.

 On the Home page, click Party Services. Under Party Services, click Onboarding.

The **Onboarding** screen displays.

Figure 1-2 Onboarding Initiation

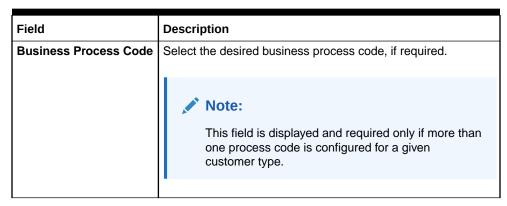

On the Onboarding screen, specify the fields. For more information on fields, refer to the field description table.

Table 1-1 Onboarding - Field Description

Field	Description
Customer Type	Select Corporate from the drop-down values.

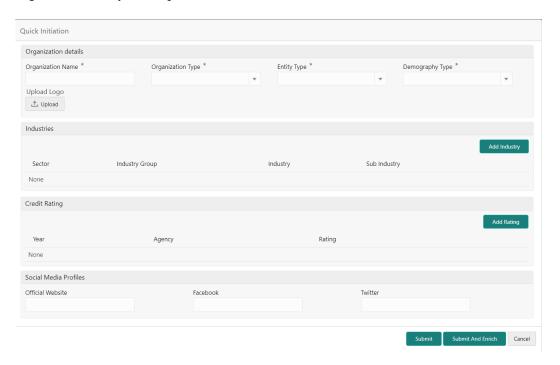

Table 1-1 (Cont.) Onboarding - Field Description

3. Click Onboard Now.

The Quick Initiation screen displays.

Figure 1-3 Corporate Quick Initiation

4. On the **Quick Initiation** screen, specify the details about the customer. For more information on fields, refer to the field description table.

Table 1-2 Quick Initiation - Field Description

Field Name	Description
Organization details	Specify the fields under this section.
Organization Name	Specify the registered name of the organization.
Organization Type	Select the type of organization from the following drop-down values:

Table 1-2 (Cont.) Quick Initiation - Field Description

Field Name	Description
Customer Category	Click <b>Search</b> icon and select the customer category from the list of values.
Entity Type	Select the type of business entity from the following drop-down values:  Private Limited  Public Limited  Trusts  Government Owned  Associations
Demography Type	Specify the company demography from the following drop-down values:  Global Domestic
Geographical Spread	Select the geographical spread of the company from the given list.
Classification Type	Select the Classification of the Corporate as per the local regulations from the following drop-down values:  • Micro  • Small  • Medium
Branch Code	Specify the branch code.
	Note:  For the parent customer, the branch code defaults to the logged-in branch. For subsidiaries, the values can be entered at the time of capturing the details.
Logo	Upload the logo of the company.
Customer Access Group	Click Search icon and select the customer access group for the party.  Note:  The user should have required access to onboarding a party within a customer access group.  For more details, refer Oracle Banking Party Configuration User Guide.

Return On Investment	Specify the return on investment for the selected year.
Return On Equity	Specify the return on equity for the selected year.
Return On Asset	Specify the return on assets for the selected year.

3. Click Save to save the details.

### 1.5.3 Add Stakeholders

This topic describes the systematic instruction to add the details about the stakeholder such as authorized signatories, management team, etc. of the business.

Stakeholders' detail is necessary for the bank to ascertain the credibility of the business. Stakeholders to a customer can be either of the following:

- An existing customer of the Bank
- An existing party that is not a customer but is a stakeholder to another customer of the bank
- A new party, which is neither a customer nor an existing party (stakeholder)

The following stakeholder types are supported for the corporate customer:

- Shareholders
- Customers
- Owners
- Authorized Signatories Signature can be uploaded for Authorized Signatories.
- Guarantors
- Suppliers
- Bankers
- Insurers
- Buyers
- Management Team
- Sponsors
- Directors
- Contractors
- Auditors
- Debtors
- Creditors
- Advisor

#### Note:

- Users should have the required access to add a party within a customer access group as a stakeholder. For more details, refer to Oracle Banking Party Configuration User Guide.
- User should have required Personal Identifiable Information (PII) access to add individual stakeholders if PII fields are configured. For more details, refer
   Oracle Banking Party Configuration User Guide.

#### To update the stakeholder details:

1. On the Party Details screen, click on the Stakeholders section.

The Demographic Details - Stakeholders Details screen displays.

Figure 1-26 Stakeholder Details

**Stakeholders Detail** is necessary for the bank to ascertain the credibility of the business. Stakeholders to a customer can be either of the following:

- An existing customer of the Bank.
- An existing party that is not a customer but is a stakeholder to another customer of the bank.
- A new party, which is neither a customer nor an existing party (stakeholder).

The Following **Stakeholder** types are supported for the FI customer:

- Shareholders
- Customers
- Owners
- Authorized Signatories Signature can be uploaded for Authorized Signatories.
- Guarantors
- Suppliers

- Bankers
- Insurers
- Buyers
- Management Team
- Sponsors
- Directors
- Contractors
- Auditors
- Debtors
- Creditors
- Advisor

#### Note:

- Users should have the required access to add a party within a customer access group as a stakeholder. For more details, refer to Oracle Banking Party Configuration User Guide.
- User should have required Personal Identifiable Information (PII)
  access to add individual stakeholders, if PII fields are configured. For
  more details, refer to Oracle Banking Party Configuration User
  Guide.
- 2. Select the corresponding Stakeholder and click the + icon to add the desired stakeholder.

The Add New Owners screen displays.

Figure 1-27 Add New Owners

- 3. On the Add New Owners screen.
  - Specify the existing CIF if the stakeholder is an existing customer.
