This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software, software documentation, data (as defined in the Federal Acquisition Regulation), or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software," "commercial computer software documentation," or "limited rights data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle®, Java, MySQL, and NetSuite are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Inside are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Epyc, and the AMD logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

# Preface

This topic contains following sub-topics:

- [Purpose](#)
- [Acronyms and Abbreviations](#)
- [Audience](#)
- [Background](#)
- [Conventions](#)
- [Diversity and Inclusion](#)
- [Documentation Accessibility](#)
- [Related Resources](#)
- [Screenshot Disclaimer](#)

## Purpose

The purpose of this Release Note is to propagate the features of Oracle Banking Corporate Lending Cloud Service for the 14.8.1.0.0 release.

## Acronyms and Abbreviations

**Table 1 Acronyms and Abbreviations**

Abbreviation	Description
JDK	Java Development Kit
OBCLCS	Oracle Banking Corporate Lending Cloud Service
OHC	Oracle Help Center
OJET	Oracle JavaScript Extension Toolkit
RDMS	Relational Database Management System
SME	Small and Medium Sized Enterprises
UI	User Interface

## Audience

This document is intended for the following audience:

- Customers
- Partners

## Background

Oracle Financial Services Software Limited has developed Oracle Banking Corporate Lending Cloud Service (OBCLCS), which enable banks to streamline their Corporate Lending operations. Oracle Banking Corporate Lending Cloud Service supports business processes for Corporate loans proposals, evaluation, issuance and subsequent life cycle operations, for Bilateral, SME (Small and Medium sized Enterprises).

A robust workflow engine enables transparency of the process from initiation to fulfilment and brings in rich user experience and process efficiencies.

## Conventions

The following text conventions are used in this document:

**Table 2 Conventions**

Convention	Meaning
<b>boldface</b>	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
<code>monospace</code>	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

## Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

## Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

### Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

## Related Resources

For more information on any related features, you can refer to the following documents:

- *Oracle Banking Corporate Lending Cloud Service User Manuals*
- *Oracle Banking Microservices Architecture Guides*

## Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes.

## Release Notes

This topic describes the information about the release notes added to the product for the current release.

This topic contains the following subtopics:

- [Release Highlights](#)  
This topic describes the information on the release highlights added to the product in this release.
- [Release Enhancements](#)  
This topic provides information about the release enhancements for this release.

### 1.1 Release Highlights

This topic describes the information on the release highlights added to the product in this release.

The rationale for the product release of Oracle® Banking Corporate Lending Cloud Service 14.8.1.0.0 is to support the business processes for Corporate loans proposal, evaluation, issuance and subsequent life cycle operations, for Bilateral, SME (Small and Medium sized Enterprises) and help improve the competitiveness of our product in the market.

The scope of the current release is to deliver the following enhancements:

- Corporate Lending Loan Origination Processes
- Corporate Lending Servicing Processes
- Corporate Lending Rate Quotation and Draft Proposal Process
- Settlement Instructions
- Entity Details
- SME Lending Origination Process

This release also focused on technical qualification to comply with approved Tech Stack along with data privacy features.

### 1.2 Release Enhancements

This topic provides information about the release enhancements for this release.

This topic contains the following subtopics:

- [Functional Features](#)  
This topic describes the information about the various functional features added in this release.
- [Non-Functional Changes](#)  
This topic describes about the non-functional changes added in this release.
- [Technical Changes](#)  
This topic describes the information about the technical changes added in this release.

- [Platform Changes](#)  
This topic describes information about the platform changes added in this release.
- [Deprecated Features](#)  
This topic provides the information on the features deprecated from the product in this release.

## 1.2.1 Functional Features

This topic describes the information about the various functional features added in this release.

- **Corporate Lending Loan Origination Processes**  
The Loan Origination process provides a facility to create corporate loans, taking the application through various stages of the business process flow, from loan request initiation to loan account creation and disbursement.
- **Corporate Lending Servicing Processes**  
In Servicing process, the Product supports Business process flows related to maturity extensions, including the following:
  - Loan Payment
  - Non Financial Amendment
  - Financial Amendment
  - Rollover
- **Corporate Lending Rate Quotation and Draft Proposal Process**  
Draft Proposal supports to check the eligibility, basic details, and structure of the loan. Rate quotation is used to inquire about the current Cost of Fund interest rate.
- **Settlement Instructions**  
A new process flow has been introduced for users to maintain settlement instructions for customers. After approval, the system will trigger the back-office service to create the settlement instructions.
- **Entity Details**  
A new process flow has been introduced, allowing users to manage new entities for customers. After approval, the system will trigger the back-office service to create the instructions.
- **SME Lending Origination Process**  
This process has been added to originate bilateral loans for SME customers, enabling users to create loans for SME customers.

## 1.2.2 Non-Functional Changes

This topic describes about the non-functional changes added in this release.

There are no non-functional changes in this release.

## 1.2.3 Technical Changes

This topic describes the information about the technical changes added in this release.

There are no technical changes in this release.

## 1.2.4 Platform Changes

This topic describes information about the platform changes added in this release.

There are no platform changes in this release.

## 1.2.5 Deprecated Features

This topic provides the information on the features deprecated from the product in this release.

There is no deprecated feature for this release.

## Components of the Software

This topic describes the information on the components of the software.

### **Documents Accompanying the Software**

The various documents accompanying the software are as follows:

- Product Release Note
- Installation Manuals
- User Manuals

### **Software Components**

The following are the Software Components of Oracle® Banking Corporate Lending Cloud Service that are included in this release:

- Host
  - Service and API Components
  - UI Components (OJET)
  - Database objects which include tables, sequences, and static data
  - Configuration files used for deployment
  - Locale files (xliff)

# A

## Environment Details

This topic describes the information on the environment details of Oracle® Banking Corporate Lending Cloud Service.

### Note

- # Browser support is no longer based on Operating Systems but strictly tied to the browser themselves, no matter on which Operating Systems they are installed. Current release is certified on client workstations with Windows 10 and Mac OS.
- # **Client Machines:** For detailed information on Browser Support, please refer to the Oracle Software Web Browser Support Policy at: <https://www.oracle.com/middleware/technologies/browser-policy.html>.
- Oracle Applications are developed and tested on Oracle Linux, which is optimized for performance, stability and security.
