Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches, Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Auto Loan Application

An auto or vehicle loan is a secured personal loan taken to purchase a new or used vehicle. In an auto loan, the vehicle being purchased is considered as the collateral on the loan. The auto loan application has been built so as to capture details of the vehicle for which the loan is being applied, specific loan requirements as well as basic personal, employment and financial information of the applicant.

Oracle Banking Digital Experience supports both single as well as joint applications for auto loan products (depending on whether the product, as maintained in the mid-office system, supports joint applications). If the product supports joint applications, the option to apply jointly will be provided on the kickoff page. On selecting this option, the application form will be adapted to also capture information of joint applicants. This will include the joint applicant's personal information and, depending on the maintenances in the mid-office system with regards to capture of financial and employment information, might also include sections to capture this information of the joint applicant.

The application form is Optical Character Recognition (OCR) enabled so as to save the applicant's time and effort in filling out the application form. The inline document upload feature that is provided on various sections of the form, enables the applicant to upload supporting documents to have the specific section prefilled with information.

Online KYC of the prospect can also be conducted by means of liveness check or through integration with third party identity verification service providers. For more information, please refer **User Manual Oracle Banking Digital Experience Originations - KYC Modes**.

Once the applicant's identity is verified successfully through online KYC, he/she will be able to proceed with the application form. The personal information section will also be prefilled with information as fetched on the basis of the identification provided.

Existing digital banking customers can simply provide their online banking credentials to log in to the system.

The application form also has the feature of QR code scan enablement which can be used to continue applications on mobile devices.

The application tracker has been built so as to enable tracking of the application once it has been submitted. The application tracker also enables the applicant to retrieve and complete an application that has been saved. Additionally, the applicant can view documents that have been uploaded as part of the application form and can also view details as defined in the application form in PDF format.

Note

Oracle Banking Digital Experience is integrated with Oracle KYC to fetch the applicant's risk level (high risk or low risk) along with the reference number for the same as generated in the Oracle KYC system, at the time of application submission. OBDX will further send this information to the mid office system to be utilized as required.

Following are the steps involved in the application submission:

- **Product Selection:** All the products belonging to the selected product category will be listed here. Each product will be listed as a separate card which will display the name and image of the product along with a short description, features and the options to view further details, or to apply for the product. The additional option to select the product so as to compare it with others within the same category will also be provided on each card. You can select a maximum of three products for comparison.
- **Kick Off:** This page serves as an introduction to the application form. You can also view the documents required to be uploaded as part of the application. As an applicant, you can identify how you are going to proceed with the application – whether you want to apply for a single or joint account, If you, the primary applicant, are a new/unregistered user, you can continue as a guest, or if you are an existing online banking customer, you can login with your online banking credentials to have your information pre-populated in the application.
- **Mobile Verification:** This step is applicable if you are filling out the application as a new/unregistered user. You will be instructed to enter your mobile number, after which the system will identify whether your mobile number is already registered with the bank or not. You will then be required to enter the OTP sent to this mobile number in order to proceed with the application form.
- **Online KYC:** Online KYC of the applicant can be done through any of the following modes, depending on which mode has been enabled by the bank in the Originations Workflow Maintenance screen available to bank administrators.

1. Liveness Check – Selfie Capture
2. (National) ID Verification

For more information on Online KYC and modes, please refer **User Manual Oracle Banking Digital Experience Originations - KYC Modes**.

- **Financial Profile:** The capture of financial information is dependent on the maintenances in the mid office system that impact the product being applied for.
- **Loan Requirements:** In this section you are required to specify information about the vehicle for the purchase of which you are seeking a loan. Additionally, you will also need to provide information related to the loan such as loan amount and tenure of the loan.
- **Disbursement & Repayment:** In this section, you can specify details of the account in which the sanctioned loan amount is to be disbursed along with details of the account from which the regular loan repayments are to be made. This section will be part of the application form only in case the capture of disbursement and repayment information is mandatory for the product selected.
- **Personal Information:** This section captures information pertaining to your personal information which will include your full name, date of birth, address details, etc. You can opt to upload an identity proof document to have the information on this section pre-populated or you can alternately enter the required information manually. If applying jointly, you will also need to furnish the same information of your joint applicant.
- **Employment Information:** Employment details might need to be collected or could be an optional part of the form, based on the bank administrator's settings in the Originations Workflow Maintenance screen.
The first record should be that of your current main source of income. You can include additional entries to document other current or past employment details. If applying jointly you might also be required to specify the joint applicant's employment information.
- **Review and Submit:** Once you have filled out all the information required in the auto loan application form, you will be displayed this information on the review page. You can verify the details provided and if required, can edit the information in any sections by selecting the option provided against each section.

- **Terms of Service:** On having reviewed the application, you can then proceed to view the terms and conditions of the auto loan you are applying for. You can also add a digital signature by means of uploading a document containing your signature or by physically signing the provided space if you are filling out the application from a touchscreen device.
- **Confirmation:** Once you have submitted your application after having reviewed it and having accepted the terms and conditions, a confirmation page will be displayed. This page will display a success message along with the application reference number. You can track your application on the basis of this reference number. Additionally, this page will also contain a button, by clicking on which you can navigate to the application tracker.

Apart from the **Review and Submit** and **Confirmation** steps, the sequence of the remaining steps may vary based on the configuration maintained for the product applications, by the bank.

To apply for an auto loan:

1. Perform one of the following navigation to access the **Auto Loan** application screen.
 - a. From the Bank Portal page, click on the **Retail** tab and scroll down to access the **Product Offerings** section, click **Auto Loan**.
 - b. From the Bank Portal page, click **Customer Services**, then click **Our Products**.

The **Product Offerings** page is loaded, click **Personal**, and then click **Auto Loan**.

Kick Off Page

This describes the product application process that you need to fill out to apply for the product.

This page provides information pertaining to the application that you are required to fill out in order to apply for the product. The information will cover the eligibility criteria you as well as any joint applicant are required to meet in order to apply for the product and the documents that can serve as various proofs including ID proof, address proof etc. This page also provides the means by way of which you can proceed with the application form – as an existing customer of the bank or as a guest who has no current relationship with the bank.

In case the product you have selected, allows for joint applications, this page will also provide the option by way of which you can add a joint account. The eligibility criteria will reflect the conditions that both you, as the primary applicant, as well as the joint applicant, will need to meet in order to be able to apply for the account.

If you are an existing customer of the bank with online access, you can select the option provided and continue to log in using your online banking credentials. In this case, you will be required to only specify information pertaining to the account. Information related to your personal details, etc will not be required to be entered as it is already available with the bank.

If you are new to the bank, you will be required to furnish all information including information pertaining to your personal details and will also be provided with the option to complete online KYC. You will also be required to upload mandatory documents such as ID proof, proof of employment etc. to support your application. If applying with a joint applicant, you will also be required to specify personal and other details, as required, of the joint applicant.

Note

In case of Joint Applications, Oracle Banking Digital Experience only supports two applicants to apply i.e. the primary applicant along with one joint applicant.

1. Perform any of the following actions:
 - a. From the **Product Listing** page, click **Apply Now** proceed to the application form for that specific product.
 - b. From the **Product Details** page, click **Apply Now** proceed to the application form for that specific product.

Joint Applicant Information

This step is displayed in joint application forms only. You will be able to specify whether the joint applicant is an existing customer of the bank or not. If the joint applicant is an existing customer of the bank, you will only be required to specify their customer ID, their name and date of birth. The system will validate this information and you can proceed with the application form. You will not be required to provide any personal information of the applicant since this information is already available with the bank. The employment and financial information sections of the joint applicant (if enabled for the product application) will be displayed and can be modified. If the joint applicant is new to the bank, you will be required to furnish personal as well as employment and financial information (if enabled for the product application) of the joint applicant.

This section documents the joint applicant information screen, which captures the relationship of the joint applicant with the bank—specifically, whether they are an existing customer or a new customer. It also details the fields displayed if the option indicating that the joint applicant is an existing customer, is selected.

For information on all other sections that capture the joint applicant's details if they are new to the bank—such as Personal Information (including the sub-sections Basic Information, Identity, and Contact), and Employment Information—please refer to the respective sections labeled as such in this user manual.

Terms of Service

This topic describes the terms and conditions associated with the product for which you are applying.

You will be required to read the terms and conditions and then click on the check-box to provide your acknowledgment to having agreed to the terms and conditions.

You can also provide your digital signature at this step. If you are applying for the product from a touchscreen device, you can also digitally sign the area identified. Alternately, you can upload a document containing your signature.

In the case of joint application forms, the consent of each applicant to certain terms and conditions, will be required. Hence, in this case, there will be two separate sub sections capturing the consents of each applicant, in addition to the sub section capturing the primary applicant's consent to product specific terms and conditions. Each individual consent subsection of the applicants will be marked with the name of the respective applicant and their role, such as Primary Applicant or Joint Applicant, to clarify whose consent needs to be obtained. Similarly, in the case of joint applications, each applicant can also provide their digital signatures, if they wish to do so. The sub sections capturing the signatures of each applicant will also be labelled with the name as well as the role of the applicant.

Submitted Application - Confirmation

This topic describes the confirmation page that appears after application submission.

This page displays the name of the product that you have applied for along with the application reference number. It also provides a link by means of which you can track your application.

Figure 1-22 Confirmation

- Click the **Track your application** link to navigate to the **Application Tracker Login** page. For information on the **Application Tracker**, view the **Oracle Banking Digital Experience Retail Originations Application Tracker User Manual**.

Existing User

This topic describes the product application process for existing customers.

An application form being initiated by an existing online banking customer of the bank (registered user) will differ from that of one being initiated by a new/unregistered user.

You will be able to apply as an existing customer either by selecting the provided option on the kick-off page and proceeding to specify your login credentials (applicable if you have applied via the bank portal page) or by selecting the product of choice from the product showcase available to you post login via the hamburger menu. In either case, the application form will vary from that of a prospect customer's.

The system will identify your KYC status and depending on the status, you will either be allowed to proceed with the application or not i.e. if your Re-KYC is active you will be allowed to enter and submit your application form but if your Re-KYC is pending, you will not be allowed to apply for the product and will be displayed a message informing you of the same.

The auto loan application form for existing customers will comprise of the following sections:

- **Kickoff Page** - Regardless of whether you are applying from the bank's portal (pre-login page) or after having logged into the bank's website/application, you will be displayed a kickoff page. In addition to the eligibility criteria that need to be met in order to apply for the

product, you will be displayed the fields applicable to application type (single or joint) and the subsequent fields related to overdraft if you opt to apply for a joint account.

- **Employment Information** - This section will only be part of the application form if employment information is to be captured for the product you have selected and if your employment information is either not maintained with the bank at all or if the information is maintained but is not current.
- **Financial Information** – Like employment information, the financial information section will also be part of the application form only if it is configured for the product you have selected as well as certain factors such as whether your financial information is already maintained with the bank or not and if maintained whether the information is current or not. Hence, the financial information section will only be part of the application form if your information is either not maintained with the bank at all or if the information is maintained but is not current.
- **Loan Information** – This section will be part of the application form and you will be required to specify details about the vehicle for the purchase of which you are seeking a loan. Additionally, you will also need to provide information related to the loan such as loan amount and tenure of the loan.
- **Disbursement & Repayment** – The Disbursement & Repayment section will be part of the application form in case the capture of this information is mandatory for the product selected. In this section you will be required to specify information pertaining to the account in which you wish to have the loan amount disbursed and also specify information related to the account from which you will be making regular payments to the bank towards repayment of the loan.
- **Terms of Service** – You will be required to read through and accept the terms and conditions related to the online application of the product you have selected.
- **Review** - The details filled in the application form will be displayed. The user can edit the information in any section by clicking the edit icon displayed against the section header.
- **Confirm** – Once you have submitted your application, you will be displayed a confirmation page. This page will contain a success message along with the application reference number that you will be able to use to track your application in the application tracker.

FAQ

- 1. Can I proceed with the application if I am an existing customer of the bank but do not have online banking access?**

You will need to first onboard yourself on the digital banking platform. You can do so by selecting the 'Register for online banking access' link on the kick off page or by selecting the 'Register Now' option provided on the login page. Once you have completed the registration process, you can login and proceed with application initiation.
- 2. Can I add a joint applicant while applying for any of the products?**

Yes, provided the product you have selected supports this feature. If the joint account option is available for the chosen product, the user must provide details of both applicants, i.e, the primary applicant as well as the joint applicant. An account applied for online can have a maximum of two joint account holders.
- 3. I am applying for the product as a guest user. The address that is mentioned in the document that I have uploaded in support of the application is different from my current permanent address. Can I update that information in the application form?**

Yes, all the information that is fetched from your document is displayed in editable format in the Personal Information section. You can update the required details and submit your application. However, please note that once your mobile number, as provided in the Mobile Verification page, is verified, you will not be able to modify it in the Personal Information section.
- 4. How many products can I apply for as part of a bundled application?**

Out of the box, you can add a maximum of three products in a bundle. This number is configurable by the Bank and may change.
- 5. Can I cancel an application once it has been submitted?**

No. Currently, it is not possible to cancel an application once it has been submitted to the bank. If you wish to cancel your application, you will be required to contact the bank via phone/email or visit a branch in person.

It is possible to cancel an application that has been saved and is in-draft.
- 6. If I am applying for a product as an existing user, can I update my personal information while initiating an application?**

No, you cannot update any personal details while applying as an existing online banking customer. You may contact the bank to update your personal information before applying for a new product.
- 7. For how long I can access and resume my applications that are saved as drafts?**

This is based on the Bank's purging policy. The draft applications will be available for x days in the application tracker before they are purged by the bank.
- 8. Can I apply for a product that I have already applied for and that the bank is currently processing?**

Yes, you can still submit an application for the same product. The decision to process or reject either of the two (or more) applications will rest on the bank.
- 9. Can I view the offer provided by the bank against my application?**

Yes, you can view the bank offer from the application tracker. You will even be able to accept or reject the offer issued by bank.

- 10. I have started my application on my laptop. However, I have realized that some of the documents that I need to upload are available on my tablet. Do I need to abandon the application that I started on my laptop to restart the entire process on my tablet?**

No, you can scan the QR code available on every step of the application form, post the Mobile Verification step, and resume the application from your tablet or mobile device.
- 11. Can bank administrators define the sequence in the steps of the application forms?**

Yes, Bank administrator can define the sequence of steps using 'Origination Workflow Maintenance'.
- 12. How does National ID verification work?**

The bank can integrate with government or other third party systems (which store and maintain data of National ID holders), through available hook points. Online authentication will be performed to verify the identity claim of the ID holder and to fetch the required personal information.
- 13. How does OCR work?**

The bank can integrate with third party adapters that provide OCR services through available hook points. The system will be able to prefill certain fields in the sections that support this feature with data fetched from the applicant's uploaded documents.
