Pre-requisites

Specify **User ID** and **Password**, and login to **Home** screen.

Audience

This document is intended for the following audience:

- Customers
- Partners

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches, Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Checking Account Application

This topic describes the structure of the Checking Account application, which captures information regarding the applicant's personal, employment, nominee information and financial information.

OBDX supports both single as well as joint applications for checking account products (depending on whether the product, as maintained in the mid-office system, supports joint applications). If the product supports joint applications, the option to apply jointly will be provided on the kickoff page. On selecting this option, the application form will be adapted to also capture information of joint applicants. This will include the joint applicant's personal information and, depending on the maintenances in the mid-office system with regards to capture of financial and employment information, might also include sections to capture this information of the joint applicant.

The application form is OCR (Optical Character Recognition) enabled so as to save the applicant's time and effort in filling out the application form. The inline document upload feature that is provided on various sections of the form, enables the applicant to upload supporting documents to have the specific section prefilled with information.

Online KYC of the prospect (primary applicant as well as joint applicant) can also be conducted by means of liveness check or through integration with third party identity verification service providers. For more information, please refer **User Manual Oracle Banking Digital Experience Originations - KYC Modes**. Once the online KYC of the applicants are completed successfully, the personal information sections of each applicant will be prefilled with information fetched from the identification proof documents uploaded as part of the online KYC process.

In case the applicant is an existing digital banking customer (only supported in case of single applicant applications and not joint applications), he/she can simply provide his/her online banking credentials to have his/her personal information and if required, his/her employment and information sections of the form prefilled with information as maintained with the bank.

The application form also has the feature of QR code scan enablement which can be used to continue applications on mobile devices.

The application tracker has been built so as to enable tracking of the application once it has been submitted. The application tracker also enables the applicant to retrieve and complete an application that has been saved. Additionally, the applicant can view documents that have been uploaded as part of the application form and can also view details as defined in the application form in PDF format.

Note

1. OBDX is integrated with Oracle KYC to fetch the applicant's risk level (high risk or low risk) along with the reference number for the same as generated in the Oracle KYC system, at the time of application submission. OBDX will further send this information to the mid office system to be utilized as required.
2. At present, only the primary applicant will have access to the application tracker.
3. Currently, in the case of joint application forms, OBDX only supports the scenario where both the primary as well as the joint applicant are new to the bank i.e. neither of the applicants can be existing customers of the bank.

Following are the steps involved in the application submission:

- **Product Selection:** All the products belonging to the selected product category will be listed here. Each product will be listed as a separate card which will display the name and image of the product along with a short description, features and the options to view further details, or to apply for the product. The additional option to select the product so as to compare it with others within the same category will also be provided on each card. You can select a maximum of three products for comparison.
- **Kick Off:** This page serves as an introduction to the application form. You can also view the documents required to be uploaded as part of the application. As an applicant, you can identify how you are going to proceed with the application – whether you want to apply for a single or joint account, If you, the primary applicant, are a new/unregistered user, you can continue as a guest, or if you are an existing online banking customer (not supported for either primary or joint applicant in case of joint application forms) you can login with your online banking credentials to have your information pre-populated in the application.
- **Mobile Verification:** This step is applicable if you are filling out the application as a new/unregistered user. You will be instructed to enter your mobile number, after which the system will identify whether your mobile number is already registered with the bank or not. You will then be required to enter the OTP sent to this mobile number in order to proceed with the application form. Please note – as of this release, mobile verification is applicable only for the primary applicant even in the case of joint application forms.
- **Online KYC:** Online KYC of the applicant/s can be done through any of the following modes, depending on which mode has been enabled by the bank in the **Originations Workflow Maintenance** screen available to bank administrators.
 1. Liveness Check – Selfie Capture
 2. (National) ID Verification

For more information on Online KYC and modes, please refer to the user manual **User Manual Oracle Banking Digital Experience Originations - KYC Modes**

- **Personal Information:** This section captures information pertaining to the applicants' personal information which will include full name, date of birth, address details, etc. In case, you have skipped online KYC, you can opt to upload an identity proof document to have the information on this section pre-populated or you can alternately enter the required information manually. In case of joint application forms, there will be two sections to capture personal information i.e. one to capture the personal information of the primary applicant and another to capture the personal information of the joint applicant.
- **Employment Information :** Employment information of the primary and or joint applicant might be required to be captured or can also be an optional step in the form, depending on certain product maintenances in the mid office system. In case the product supports

overdraft and if it is opted for, then the employment as well as financial information of atleast one applicant will be required to be captured mandatorily.

Depending on whose employment information is being captured, the first record will have to be that of the current main source of employment. You can also add additional records to capture other current or past employment details.

- **Financial Information:** Similar to employment information, the capture of financial information is dependent on the maintenances in the mid office system that impact the product being applied for. Also if the overdraft feature is opted for, it would be mandatory to capture the financial information of atleast one applicant in the form
- **Checking Account Specifications:** The bank may offer certain add-on services for the account. These might include a Debit Card, Passbook, Cheque Book, Access to Direct Banking, Phone Banking, etc. In this section, you can define your preferences with regards to these features. You can also specify the currency in which you would like the account to be maintained and define your preferences regarding account statement frequency and mode of delivery. In case of joint account applications forms, you will be able to provide specifications related to optional services available to both the primary as well as the joint applicant separately. There will also be an additional sub section under this section in which you can specify the mode of operation of the account.
- **Nominee Information:** If you wish to do so, you can specify details of your nominee in this section. Nominee details will include basic information such as name, date of birth, address etc. In case the nominee is a minor, you will have to mandatorily also specify information of the nominee's guardian.
- **Review and Submit :** Once you have filled out all the information required in the account application form, you will be displayed this information on the review page. You can verify the details provided and if required, can edit the information in any sections by selecting the option provided against each section.
- **Terms of Service :** On having reviewed the application, you can then proceed to view the terms and conditions of the account application you are applying for. In case of joint account application forms, this section will list down the terms and conditions specific to the product being applied for, as well as terms and conditions that are required to be read and accepted by each of the applicant, separately. The signature sub section will also have a provision to capture the signature of both applicants.

Digital signatures can be added by uploading a document containing the applicant's signature or by physically signing the provided space in case the application is being filled out from a touchscreen device.

- **Fund your account:** This step will be part of the application form if it has been configured for Checking Account applications. Through this step you will be able to fund your new account if you wish to do so. If you opt to fund your account, you will be required to specify the initial deposit amount and then proceed to furnish information regarding mode of transfer. In case of single applications, if you are a prospect applicant, you will be navigated to the payment gateway where you will be able to specify information related to the mode of transfer. If you are an existing customer you will be provided with the additional feature of being able to select any of your existing savings or checking accounts that you hold with the bank, from which to transfer funds. The same will be the case if in the case of joint applications, the primary applicant is a prospect or an existing customer.

Note

In case a prospect is applying, this step will be part of the application form only if host integration is third party.

- **Confirmation** :Once you have submitted your application after having reviewed it and having accepted the terms and conditions, a confirmation page will be displayed. This page will display a success message along with the application reference number. You can track your application on the basis of this reference number. Additionally, this page will also contain a button, by clicking on which you can navigate to the application tracker.

Note

In the case of joint application forms, only the primary applicant will have access to the application tracker.

Apart from the **Review and Submit** and **Confirmation** steps, the sequence of the remaining steps may vary based on the configuration maintained for the product applications, by the bank.

1.4 Initiate Application Kick Off

This topic describes the product application process that you need to fill out to apply for the product.

This page provides information pertaining to the application that you are required to fill out in order to apply for the product. The information will cover the eligibility criteria you are required to meet in order to apply for the product and the documents that can serve as various proofs including ID proof, address proof etc. This page also provides the means by way of which you can proceed with the application form – as an existing customer of the bank or as a guest who has no current relationship with the bank.

In case the product you have selected, allows for joint applications, this page will also provide the option by way of which you can choose to apply for a single account or joint account. In case you select the option to apply jointly, the eligibility criteria will reflect the conditions that both you, as the primary applicant, as well as the joint applicant, will need to meet in order to be able to apply for the account.

If you are an existing online banking customer of the bank, you can select the provided option and proceed to Login with your online banking credentials. In this case, you will be required to only specify information pertaining to the account. Information related to your personal details, etc will not be required to be entered as it is already available with the bank.

On the other hand, if you are new to the bank, you will be required to furnish all information including information pertaining to your personal details and will also be provided with the option to complete online KYC. You will also be required to upload mandatory documents such as ID proof, proof of employment etc. to support your application.

1. In case of Joint Applications, OBDX only supports two applicants to apply i.e. the primary applicant along with one joint applicant.
2. At present, joint online applications only support the case where both the primary and the joint applicants are prospects i.e. new to the bank.
1. On Compare Products screen, click Apply against any product to apply for that product and proceed to the application form for that specific product.

The **Kick Off** screen is displayed.

I want to open	Select the type of account. The options are: • A single account - If the A Single Account option is selected, clicking the Apply Now button initiates the application process accordingly. • A joint account - If the A Joint Account option is selected, clicking the Apply Now button loads the application form specific to a joint account. This field is enabled only if the product being applied for supports joint applications.
I am a Futura Bank online banking customer	Select this check-box if you are an existing online customer of the bank. This check-box will be worded as such in case the product being applied for does not support joint applications or if in the case that the product does support joint applications, the option A single account has been selected. This check-box will not appear in case the Joint Account option has been selected since in this case both the applicants will need to be new to the bank.

2. Click **View List** link.

An overlay window on which the list of documents required to support the application for the selected product, will be listed.

3. Click **View Privacy Policy** link to view the privacy policy of the bank on a new tab within the same browser window.
4. Select the **I am a Futura Bank online banking customer** option and click **Apply Now**.

The **Login** screen is displayed.

For more information on the application of an existing online banking customer, view the [Existing Online Banking Customer](#) section.

1.5 Mobile Number Verification

This topic describes the registration process for guest customers, enabling them to track submitted applications and retrieve abandoned applications.

This step is applicable only for prospect/guest customers. Even in the case of joint applications, at present, it is only the primary applicant's mobile that gets verified. This check is used to register guest customers so that they can track submitted applications and also retrieve applications that were abandoned before submission. This check is also used to identify whether the applicant is truly a new customer or if he/she is already an existing customer of the bank. Additionally, the system is able to identify if there are any existing applications in draft mode for the mobile number defined and can provide applicants with the option to continue with those applications if they wish to do so.

Once the mobile verification process is completed, the auto save capability of the application is enabled. Any entry/changes you make to the application form will get saved automatically.

1.11 Review and Submit

This topic describes how to review and edit your application summary.

Each step of the application is available as a section. The order of the section will be the same as the order of the steps in the application, except for the Personal Information panel and the Documents panel. These panels always appear first and last respectively. In the case of joint application forms as well, the personal information of both applicants will appear first starting with the information of the primary applicant and followed by the joint applicant's information. You can modify the information in any section by selecting the link provided against each section.

1.12 Terms of Service

This topic describes the terms and conditions associated with the product for which you are applying.

You will be required to read the terms and conditions and then click on the checkbox to provide your acknowledgment to having agreed to the terms and conditions.

You can also provide your digital signature at this step. If you are applying for the product from a touchscreen device, you can also digitally sign the area identified. Alternately, you can upload a document containing your signature.

In the case of joint application forms, the consent of each applicant to certain terms and conditions, will be required. Hence, in this case, there will be two separate sub sections capturing the consents of each applicant, in addition to the sub section capturing the primary applicant's consent to product specific terms and conditions. Each of the applicant specific consents sub sections will be labelled with the name of each applicant to make it clear as to whose consents are required to be captured. Similarly, in the case of joint applications, each applicant can also provide their digital signatures, if they wish to do so. The sub sections capturing the signatures of each applicant will also be labelled with the name of the applicant.

1.13 Fund your account

This topic describes the option that allows you to fund your checking account by specifying an initial deposit amount and providing the details of the card or account to be debited.

Alternately, you can also opt to fund your checking account later, in which case you will be required to fund your checking account once your application has been processed.

Note

In case a prospect is applying, this step will be part of the application form only if host integration is third party.

Figure 1-20 Fund your account

The screenshot shows a web form titled "Premier Checking Account" with a sub-header "Fund your account". The form includes a dropdown menu for "Initial Deposit Amount" set to "INR", a text input field for "Deposit Amount" containing "INR 45,000.00", and a note stating "Minimum amount - INR 100.00". Below this, there is a paragraph: "Fund your account easily by specifying details of card or account to be debited." followed by two buttons: "Fund Now" (dark grey) and "Fund Later" (light grey). A final note at the bottom states: "Your application will still be processed and you can fund your account once it is open."

1.14 Submitted Application - Confirmation

This topic describes the confirmation page that appears after application submission.

This page displays the name of the product that you have applied for along with the application reference number. It also provides a link by means of which you can track your application.

Note

In case of non-insta account application or if, for any reason (such as KYC verification failure), the account number could not be generated, the application reference number will be displayed along with the link to track the application.

Figure 1-23 Confirmation

- Perform one of the following actions:
 - In case of insta account application processed successfully:
 1. Click on the **Register for Online Banking** link navigate to the **Registration** page.
For information on **Registration**, refer to the **Oracle Banking Digital Experience Retail Customer Services** user manual.
 - In case of non-insta account application or if the insta account application could not be processed instantly:
 1. Click on the **Track your application** link to navigate to the **Application Tracker Login** page.
For information on the **Application Tracker**, refer to the **Oracle Banking Digital Experience Retail Originations Application Tracker User Manual**.

1.15 Existing User

This topic describes the product application process for existing customers.

An application form being initiated by an existing online banking customer of the bank (registered user) will differ from that of one being initiated by a new/unregistered user.

You will be able to apply as an existing customer either by selecting the provided option on the kickoff page and proceeding to specify your login credentials (applicable if you have applied via the bank portal page) or by selecting the product of choice from the product showcase available to you post login via the hamburger menu. In either case, the application form will vary from that of a prospect applicant's.

The system will identify your KYC status and depending on the status, you will either be allowed to proceed with the application or not i.e. if your Re-KYC is active you will be allowed to enter and submit your application form but if your Re-KYC is pending, you will not be allowed to apply for the product and will be displayed a message informing you of the same.

Note

When applying for a joint Savings account online, the system does not support application by existing customers of the bank i.e. both the primary as well as the joint applicant will always be prospects or new to the bank.

The checking account application form for existing customers will comprise of the following sections:

- 1. Employment Information** – This section will only be part of the application form if employment information is to be captured for the product you have selected and if your employment information is either not maintained with the bank at all or if the information is maintained but is not current.
- 2. Financial Profile** – Like employment information, the financial information section will also be part of the application form only if you have specified that you are currently employed by having selected the provided option on the disclaimer modal window displayed once you select a product for application. Subsequently, if you have identified that you are currently employed, this section will be part of the application form only if financial profile is configured for the product you have selected as well as certain factors such as whether your financial information is already maintained with the bank or not and if maintained whether the information is current or not. Hence, the financial information section will only be part of the application form if your information is either not maintained with the bank at all or if the information is maintained but is not current.
- 3. Account Preferences** – This section will be part of the application form and you will be required to define the currency in which you would like the account to be maintained and define your preferences regarding account statement frequency and mode of delivery.
- 4. Nominee Information** – This section will be part of the application form if it is configured for the product that you are applying for. You can add information pertaining to the nominee that you wish to add to the account in this section.
- 5. Terms of Service** – You will be required to read through and accept the terms and conditions related to the online application of the product you have selected.
- 6. Fund your Account** – If this step is configured for checking account applications, it will appear as part of your application form. You will be able to specify your preference with regards to funding your account. If you opt to fund your account, you will be required to specify the amount that is to be deposited in your account and also select the mode through which you will be making the transfer.
- 7. Confirm** – Once you have submitted your application, you will be displayed a confirmation page. If the application is processed instantly, the account number as generated by the bank will be displayed along with the link to access the Current & Savings Accounts (summary) page. In case the application is being processed through the non-insta or manual processing mode, the application reference number along with the link to access the Application Tracker will be displayed.

FAQ

1. Can I proceed with the application if I am an existing customer of the bank but do not have online banking access?

You will need to first onboard yourself on the digital banking platform. You can do so by selecting the 'Register for online banking access' link on the kick off page or by selecting the 'Register Now' option provided on the login page. Once you have completed the registration process, you can login and proceed with application initiation. Please note that currently existing customer applications are supported only for single applicant applications and not for joint applications.

2. Can I add a joint applicant while applying for any of the products?

Yes, provided the product you have selected supports this feature. If the joint account feature is supported for the selected product, you will be required to specify information of both applicants i.e. the primary applicant as well as the joint applicant's information. An account can have only two joint account holders. Please note that currently joint application forms are available only to prospects i.e. both the primary as well as the joint applicant should be new to the bank.

3. I am applying for the product as a guest user. The address that is mentioned in the document that I have uploaded in support of the application is different from my current permanent address. Can I update that information in the application form?

Yes, all the information that is fetched from your document is displayed in editable format in the Personal Information section. You can update the required details and submit your application. However, please note that once your mobile number, as provided in the Mobile Verification page, is verified, you will not be able to modify it in the Personal Information section.

4. How many products can I apply for as part of a bundled application?

Out of the box, you can add a maximum of three products in a bundle. This number is configurable by the Bank and may change.

5. In case my application is saved as a draft, can I request a bank executive to complete this application on my behalf?

Only you can resume and complete a draft application.

6. Can I cancel one of the product applications that has been submitted as part of a bundled application?

No. Currently, it is not possible to cancel a specific product application that is part of a bundled application. You can however, cancel the entire bundled application, if you wish to do so.

7. If I am applying for a product as an existing user, can I update my personal information while initiating an application?

No, you cannot update any personal details while applying as an existing online banking customer. You may contact the bank to update your personal information before applying for a new product.

8. For how long I can access and resume my applications that are saved as drafts?

This is based on the Bank's purging policy. The draft applications will be available for x days in the application tracker before they are purged by the bank.

9. Can I apply for a product that I have already applied for and that the bank is currently processing?

Yes, you can still submit an application for the same product. The decision to process or reject either of the two (or more) applications will rest on the bank.

- 10. I have started my application on my laptop. However, I have realized that some of the documents that I need to upload are available on my tablet. Do I need to abandon the application that I started on my laptop to restart the entire process on my tablet?**

No, you can scan the QR code available on every step of the application form, post the Mobile Verification step, and resume the application from your tablet or mobile device.

- 11. Can bank administrators define the sequence in the steps of the application forms?**

Yes, bank administrators can configure the sequence of steps in the application forms of all product categories supported for online application, through the Origination Workflow Maintenance feature available on the OBDX platform.

- 12. How does National ID verification work?**

The bank can integrate with government or other third party systems (which store and maintain data of National ID holders), through available hook points. Online authentication will be performed to verify the identity claim of the ID holder and to fetch the required personal information.

- 13. How does OCR work?**

The bank can integrate with the third party adapters that provide OCR services, through available hook points. The system will be able to prefill certain fields in the Personal Information section from data fetched from the applicant's uploaded documents.

Similarly, an out of box integration is available with the internal 'Document verification framework'.

Extensibility hooks can be used to support OCR for most identity and financial documents.
