Preface

1.1 Before You Begin

Kindly refer to our getting started user guide for common elements, including Symbols and Icons, Conventions Definitions, and so forth.

1.2 Pre-requisites

Specify the **User ID** and **Password**, and login to **Home** screen.

1.3 Purpose

This guide is designed to help the user to quickly get acquainted with the Customer Standard Instructions maintenance process.

1.4 Acronyms and Abbreviations

The list of the acronyms and abbreviations used in this guide are as follows:

Table 1-1 Acronyms and Abbreviations

Abbreviation	Description
System	Core Maintenance Module
NLP	Natural Language Processing
REST	Representational State Transfer

1.5 Audience

This guide is intended for the central administrator of the Bank who controls the system and application parameters and ensures smooth functionality and flexibility of the banking application.

1.6 Basic Actions

Table 1-2 Basic Actions

Action	Description
Approve	Used to approve the initiated report. This button is displayed, once the user click Authorize .
Audit	Used to view the maker details, checker details, and report status.

Table 1-2 (Cont.) Basic Actions

Action	Description
Authorize	Used to authorize the report created. A maker of the screen is not allowed to authorize the report. Only a checker can authorize a report, created by a maker.
Close	Used to close a record. This action is available only when a record is created.
Confirm	Used to confirm the performed action.
Cancel	Used to cancel the performed action.
Compare	Used to view the comparison through the field values of old record and the current record. This button is displayed in the widget, once the user click Authorize .
Collapse All	Used to hide the details in the sections. This button is displayed, once the user click Compare .
Expand All	Used to expand and view all the details in the sections. This button is displayed, once the user click Compare .
New	Used to add a new record. When the user click New , the system displays a new record enabling to specify the required data.
OK	Used to confirm the details in the screen.
Save	Used to save the details entered or selected in the screen.
View	Used to view the report details in a particular modification stage. This button is displayed in the widget, once the user click Authorize .
View Difference only	Used to view a comparison through the field element values of old record and the current record, which has undergone changes. This button is displayed, once the user click Compare .
Unlock	Used to update the details of an existing record. System displays an existing record in editable mode.

1.7 Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

1.8 Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also

mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

1.9 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

1.10 Related Resources

For more information on any related features, refer to the following documents

- *Oracle Banking Security Management System User Guide*
- *Routing Hub Configuration User Guide*
- *Oracle Banking Getting Started User Guide*

1.11 Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes.

1.12 Post-requisites

After finishing all the requirements, please log out from the Home screen.

2

ESG Management

ESG Definition

Environmental, Social and Governance (ESG) management is the ability to identify factors that determine whether an organization is performing well or poorly in terms of ESG. Therefore, banks need to finalize the list of factors they will assess before evaluating their corporate borrowers. Regulatory bodies generally recommend that companies conduct ESG parametrization across two main dimensions: Country/Region and Sector/Industry.

Banks should identify the parameters and establish benchmarks for each factor within a specific region or sector. Banks can implement measures for data or responses that do not meet the benchmarks, using these definitions. These measures may include covenants, terms and conditions, or adjustments to pricing, such as processing fees and charges.

3

Create ESG Definition

This topic describes the systematic instructions to Create ESG Definition.

The bank needs to capture ESG related data points which helps the banks to assess the ESG performance of the borrower.

1. On **Homescreen**, click **Credit Facilities**. Under **Credit Facilities**, click **Maintenance**. Under **Maintenance**, click **ESG Definition Maintenance**. Under **ESG Definition Maintenance**, click **Create ESG Definition**.

The **Create ESG Definition** screen displays.

Figure 3-1 Create ESG Definition

For more information on fields, refer to the field description table.

Table 3-1 Create ESG Definition

Fields	Description
Country	Click Search icon and select the Country from the list.

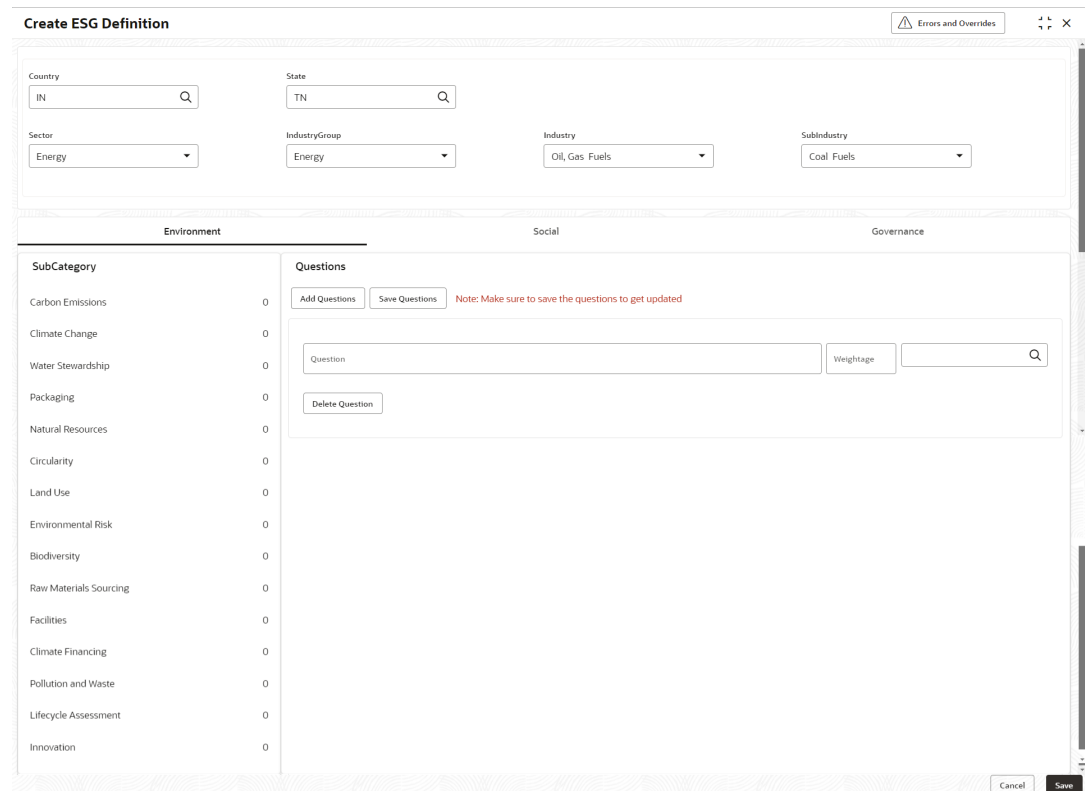

Table 3-1 (Cont.) Create ESG Definition

Fields	Description
State	Click Search icon and select the State from the list.
Sector	Specify the Sector . The options available are: <ul style="list-style-type: none"> • Energy • Utilities • Real Estate • Materials • Industrials • Consumer Discretionary • Consumer Staples • Health Care • Financials • Information Technology • Telecommunication Services
Industry Group	Specify the Industry Group .
Industry	Specify the Industry .
Sub Industry	Specify the Sub Industry .

Environment

- Click on **Environment** and select **Sub Category** to which question to be add.
The **Create ESG Definition - Environment** screen displays.

Figure 3-2 Create ESG Definition - Environment

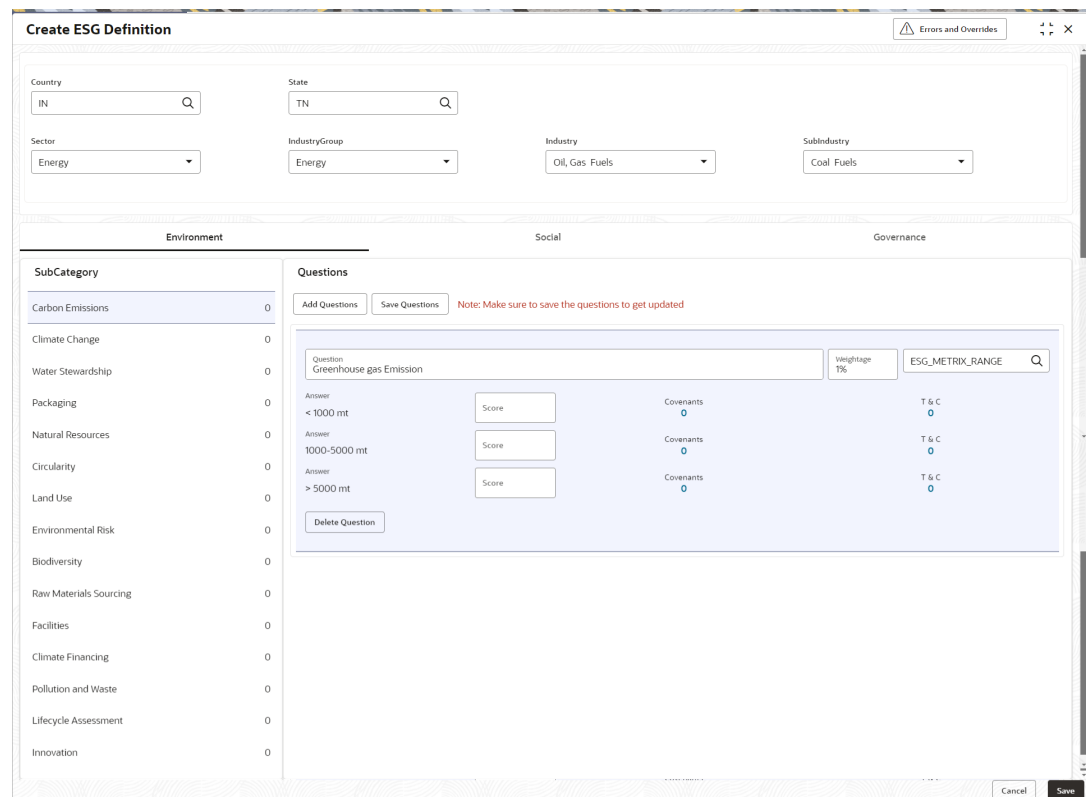

- Click **Add Questions**.

For more information on fields, refer to the field description table.

Table 3-2 Add Question

Field	Description
Question	Enter the Question .
Weight age	Enter the Weight age of the question.
Linked Code Details	Click Search icon and select the Linked Code Details from the list.

6

ESG Assessment

This topic describes the systematic instructions to initiate ESG Assessment.

1. On Home screen, click **ESG**. Under **ESG**, click **ESG Assessment**.

The **ESG Assessment** screen displays.

Figure 6-1 ESG Assessment

The screenshot shows the ESG Assessment interface. At the top, there's a search bar and a navigation menu. The main area contains a form with several fields: 'App Priority' (radio buttons for Low, Medium, High), 'Branch' (000 -FLEXCUBE UNIVERSAL BRANCH), 'Party ID' (230654171), and 'Period' (AN (2019-04-01 to 2019-09-25)). Below this is a table with columns for Sector Code, Industry Group Code, Industry Code, and Subindustry. The Sector Code 'ENER' is selected. Below the table is a section for 'ESG Transactions' with 'No items to display.' and a pagination bar showing 'Page 1 (0 of 0 items)'. An 'Initiate' button is at the bottom right.

For more information on fields, refer to the field description table.

Table 6-1 ESG Assessment

Field	Description
Application Priority	Specify the Application Priority . The available options are: <ul style="list-style-type: none">• Low• Medium• High
Branch	Displays the branch name.
Party ID	Specify the Party ID .
Period	Specify the Period .
Sector Code	Displays the Sector Code for the selected Party ID.
Industry Group Code	Displays the Industry Group Code for the selected Party ID.
Industry Code	Displays the Industry Code for the selected Party ID.
Sub Industry	Displays the Sub Industry for the selected Party ID.

2. Click **Initiate**.
 - [ESG Assessment - Initiation](#)
This topic describes the systematic instruction to Initiate ESG Assessment.
 - [ESG Assessment - Approval](#)
This topic describes the systematic instruction to Approve ESG Assessment.

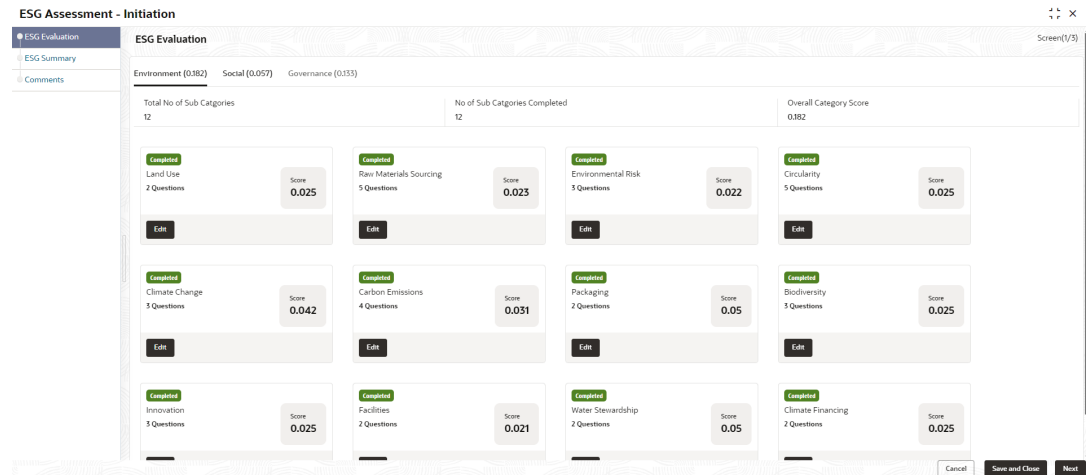

6.1 ESG Assessment - Initiation

This topic describes the systematic instruction to Initiate ESG Assessment.

1. Click **Initiate** in the **ESG Assessment** screen to Initiate.

The **ESG Assessment - Initiation** screen displays.

Figure 6-2 ESG Assessment - Initiation

ESG Evaluation

2. Click **Environment** and click on **Edit** to configure the answers.

The questions added to the environment sub category screen displays.

Figure 6-3 Questions

Employees and Human Capital

Are human rights and labor standards upheld throughout the supply chain?

Cancel	Click Cancel , to exit the process without saving the information.

7

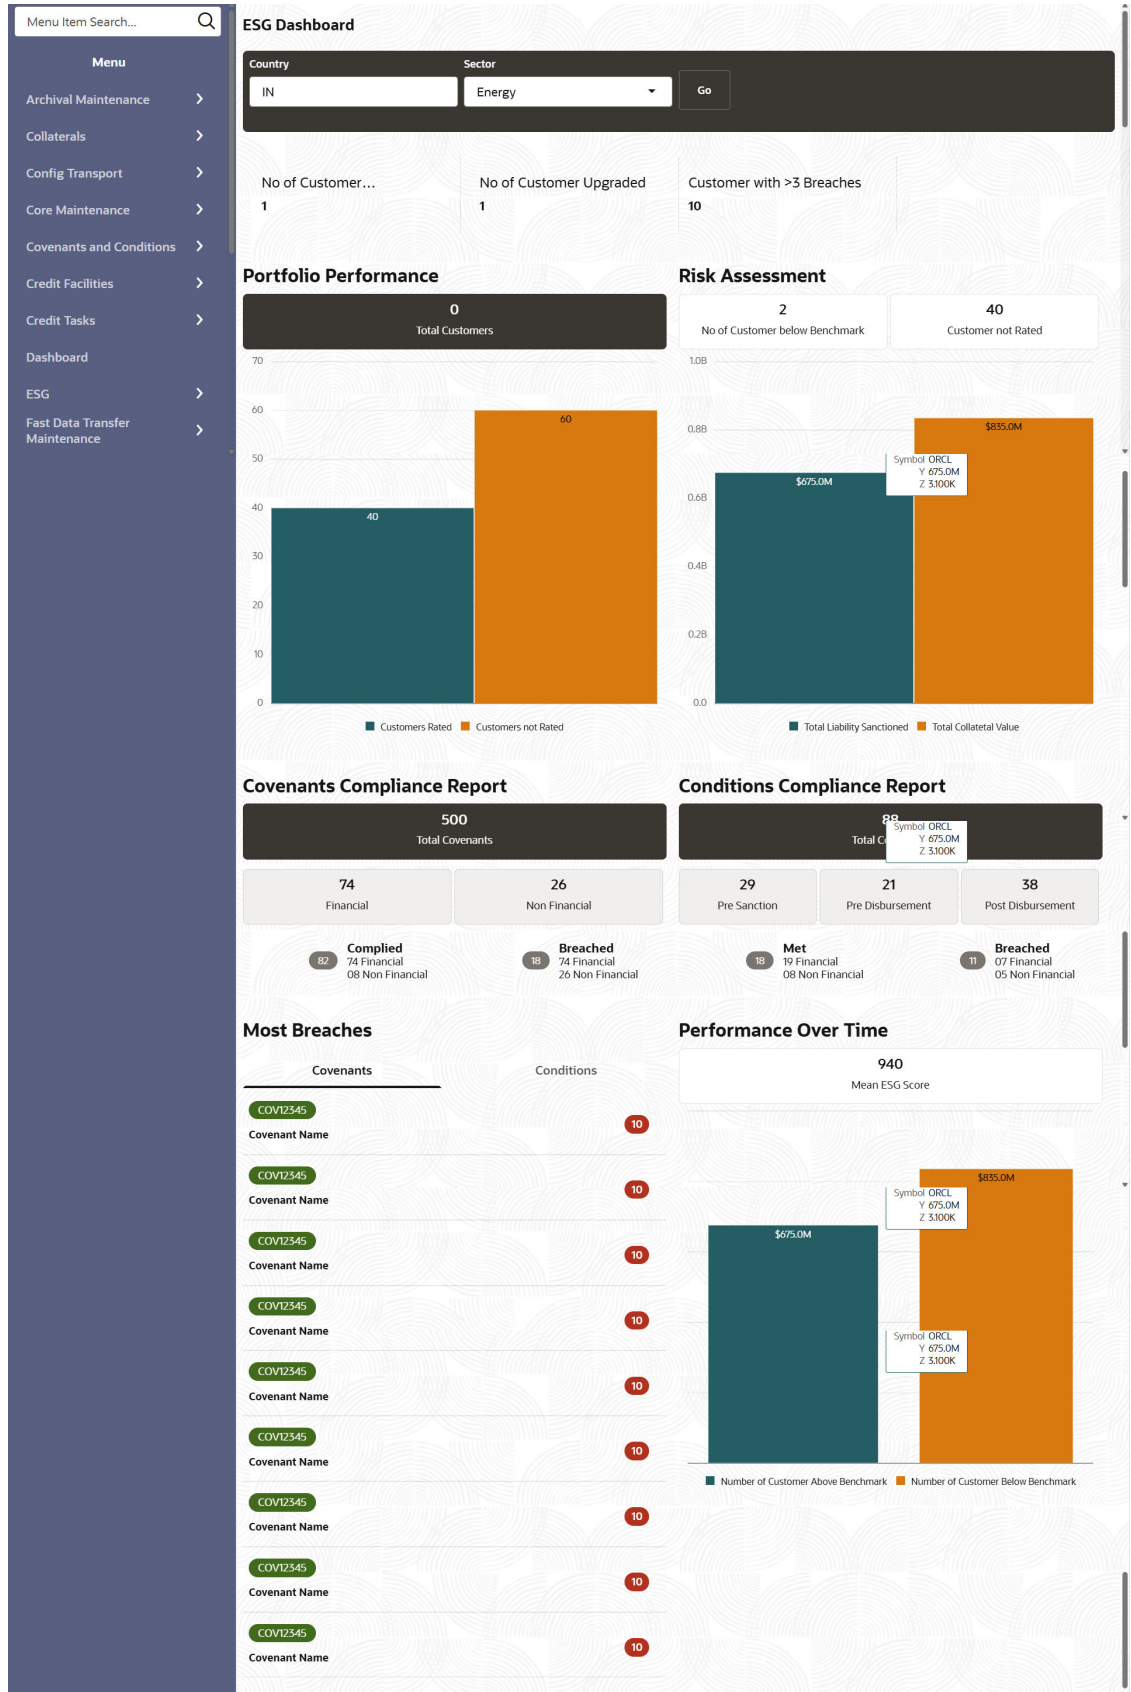

ESG Dashboard

This topic describes the systematic information of ESG Dashboard.

This tool is available to the Regional Manager, giving a clear overview of the organization's ESG (Environmental, Social, and Governance) score. It breaks down important ESG metrics, helping the regional manager track performance.

The **ESG Dashboard** screen displays.

Figure 7-1 ESG Dashboard

For more information on ESG dashboard, refer below:

- **Portfolio Performance:** Customers who haven't finished the ESG evaluation will be marked as non-rated in the portfolio performance section.
- **Risk Assessment:** The risk assessment tile shows the total number of users whose liability matches the required collateral amount.
- **Covenants Compliance Report:** The compliance report shows the customer's breached covenants and the count of compliance.
- **Conditions Compliance Report:** In conditions compliance report tile displays the customers conditions breached and compliance count
- **Most breached :** This tile displays the customers covenant breached count with its name.
- **Performance over time:** The performance over time tile shows the average ESG score of customers and the collateral value of those below the benchmark.
