This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software, software documentation, data (as defined in the Federal Acquisition Regulation), or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software," "commercial computer software documentation," or "limited rights data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle®, Java, MySQL, and NetSuite are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Inside are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Epyc, and the AMD logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

5.3	Enable Pop-ups for Oracle Banking Enterprise Limits and Collateral Management	5-3
5.4	Browser Behavior	5-4

1

Preface

- [Purpose](#)
- [Audience](#)
- [Documentation Accessibility](#)
- [Critical Patches](#)
- [Diversity and Inclusion](#)
- [Conventions](#)
- [Screenshot Disclaimer](#)

1.1 Purpose

This guide helps the user to create the required resources for Oracle Banking Enterprise Limits and Collateral Management.

1.2 Audience

This guide is intended for anyone responsible for installing Oracle Banking Application.

1.3 Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <https://www.oracle.com/corporate/accessibility/>.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

1.4 Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches, Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

1.5 Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve.

Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

1.6 Conventions

The following text conventions are used in this document:

Table 1-1 Conventions

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
<code>monospace</code>	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

1.7 Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes.

2

Apple Safari (Latest Qualified Version) Configuration

For details on latest version of the software qualified with Oracle Banking Enterprise Limits and Collateral Management, refer to the release certificate.

This topic has the following topics:

- [Clear Cache](#)
- [Remove 'Back/Forward' Icon from Toolbar](#)
- [Hide Bookmarks Bar, Status Bar and Tab Bar](#)
- [Browser Behavior](#)

2.1 Clear Cache

1. Start the **Apple Safari** and go to the **Edit** option.
2. Click on the **Empty Cache** option.
A pop-up message displays to confirm the emptying cache.

Figure 2-1 Empty the Cache Message

3. Click on the **Empty** button.

2.2 Remove 'Back/Forward' Icon from Toolbar

1. Start the **Apple Safari** and go to the **View** option.
2. Go to the **Customize Toolbar** option.
3. Drag and drop the **Back/Forward** icon from the toolbar to the browser area.

Figure 2-2 Customize Toolbar

4. Click on the **Done** button.

2.3 Hide Bookmarks Bar, Status Bar and Tab Bar

1. Start the **Apple Safari** and go to the **View** option.
2. Uncheck the **Bookmarks Bar** option to hide bookmarks bar.
3. Uncheck the **Status Bar** option to hide status bar.
4. Uncheck the **Tab Bar** option to hide tab bar.

2.4 Browser Behavior

On clicking **List of Values** (LOV) button in the **Apple Safari** application, the cursor is positioned after the % symbol in the query field.

3

Configuring Google Chrome (Latest Qualified Version)

This topic contains the configurations for Google Chrome.

For details on latest version of the software qualified with Oracle Banking Enterprise Limits and Collateral Management, refer to the release certificate.

- [Clearing Cache](#)
- [Limitations](#)
- [Browser Behavior](#)

3.1 Clearing Cache

To clear cache, follow the steps given below:

(Optional) Enter task prerequisites here.

1. Start Google Chrome. Click the **Settings** then click **Advanced** and choose **Clear browsing data**.

Clear Browsing Data screen is displayed.

Figure 3-1 Clear Browsing Data

2. Check the items to be cleared as shown above.

3. Click the **Clear Browsing Data** button.

3.2 Limitations

Once the user changes the branch, the title of the screen will be updated or refreshed only after double clicking the screen title. It is refreshed once the user tabs out from the browser window and tabs back in

3.3 Browser Behavior

On clicking List of Values (LOV) button in the application, the cursor is positioned after the '%' symbol in the query field.

4

Configuring Edge

This section contains the configurations for Microsoft Edge.

For details on latest version of the software qualified with Oracle Banking Enterprise Limits and Collateral Management, refer to the release certificate.

This topic has the following sub-topics:

- [Clearing Cache](#)
- [Launching the URL](#)

4.1 Clearing Cache

To clear cache, follow the steps given below:

1. Open EDGE and in Settings, click on Choose what to clear.
Settings pane is displayed.

Figure 4-1 Settings pane

2. Check the highlighted options and press clear.
Clear browsing data settings pane.

Figure 4-2 Clear browsing data

4.2 Launching the URL

While launching the URL specify /LoginServlet along with the URL provided.

If the URL already has /LoginServlet, then no need to specify. The URL specified should be in the format <ip address>:<port>/<application context>/LoginServlet

5

Firefox (Latest Qualified Version) Configuration

For details on the latest version of the software qualified with Oracle Banking Enterprise Limits and Collateral Management, refer to the release certificate.

This topic has the following topics:

- [Clear Cache](#)
- [Suppress Caching](#)
- [Enable Pop-ups for Oracle Banking Enterprise Limits and Collateral Management](#)
- [Browser Behavior](#)

5.1 Clear Cache

1. Start the **Firefox** application.
2. Go to the **Tools** and then click on the **Options**.
3. Click on the **Privacy** option and then click on the **Clear your Recent History**.
Clear All History window displayed.

Figure 5-1 Clear All History

4. Choose **Everything** in the field of **Time range to clear** and then click on the **Clear Now** button.

5.2 Suppress Caching

1. Start the **Firefox** application.
2. Go to the **Tools** and then click on the **Options**.
3. Click on the **Privacy** tab.
Privacy window displayed.

Figure 5-2 Privacy

4. Under the **History**, select **Use custom settings for history** option from the drop-down list for the **Firefox will** field.
5. Check the **Automatically start Firefox in a private browsing session** option .
6. Click on the **OK**.

5.3 Enable Pop-ups for Oracle Banking Enterprise Limits and Collateral Management

1. Start the **Firefox** application.
2. Go to the **Tools** and then click on the **Options**.
3. Click on the **Content** tab.
4. Under **Pop-ups**, check the **Block pop-up windows** option and click on the **Exceptions** button.

Allowed sites- Pop-ups window displayed.

Figure 5-3 Allowed sites- Pop-ups

Allowed Sites - Pop-ups

You can specify which websites are allowed to open pop-up windows. Type the exact address of the site you want to allow and then click Allow.

Address of website:

Allow

Site	Status
https://10.184.132.131:7004	Allow
https://10.184.132.131:7207	Allow
https://10.184.133.180:7044	Allow
https://10.184.133.21:7033	Allow
https://10.184.134.122:7303	Allow
https://10.184.134.224:7014	Allow

Remove Site Remove All Sites

Cancel Save Changes

5. Enter the URL of the Oracle Banking Enterprise Limits and Collateral Management Application in the **Address of website** field and then click on the **Allow** button.
6. Click on the **Save Changes** and then click on the **OK** button.

5.4 Browser Behavior

On clicking **List of Values** (LOV) button in the **Firefox** application, the cursor is positioned before the % symbol in the query field.
