This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software, software documentation, data (as defined in the Federal Acquisition Regulation), or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software," "commercial computer software documentation," or "limited rights data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle®, Java, MySQL, and NetSuite are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Inside are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Epyc, and the AMD logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

Preface

This topic contains the following sub-topics:

- [Purpose](#)
- [Audience](#)
- [Documentation Accessibility](#)
- [Critical Patches](#)
- [Diversity and Inclusion](#)
- [Conventions](#)
Specific text conventions are used in this document.
- [Screenshot Disclaimer](#)
- [Acronyms and Abbreviations](#)

Purpose

This guide helps the user to perform the initial setup for Oracle Banking Origination application. The procedures given in this document must be completed to run the application successfully.

Audience

This document is intended for WebLogic admin or ops-web team who are responsible for installing the Oracle Financial Software Service banking products.

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customer access to and use of Oracle support services will be pursuant to the terms and conditions specified in their Oracle order for the applicable services.

Critical Patches

Oracle advises customers to get all their security vulnerability information from the Oracle Critical Patch Update Advisory, which is available at [Critical Patches, Security Alerts and Bulletins](#). All critical patches should be applied in a timely manner to ensure effective security, as strongly recommended by [Oracle Software Security Assurance](#).

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to

build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Conventions

Specific text conventions are used in this document.

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Screenshot Disclaimer

Personal information used in the interface or documents is dummy and does not exist in the real world. It is only for reference purposes.

Acronyms and Abbreviations

The list of the acronyms and abbreviations used in this guide are as follows:

Table Acronyms and Abbreviations

Abbreviation	Description
SMS	Security Management System

1

Installation Index

This topic provides the information on the security guidelines, environmental setup, installation and troubleshooting required to run the Oracle Banking Origination application.

Security Guidelines

Before proceeding with the below installation, make sure that the security guidelines for Oracle Banking Origination have been adhered to as mentioned in the [Security Guides](#).

Installation Index

This topic describes an overview of the chapters included in the installation manuals and provides a summary of each chapter. The user can identify the chapters containing the details of each activity that user can perform during Oracle Banking Origination installation.

Table 1-1 Installation Index

Setup/Installation	Description of Guide
Environment Setup	The installation guides are organized as follows: • Pre-Installation Guide describes the prerequisites required for installing Oracle Banking Origination. • Initial Setup Guide describes the order in which the user need to perform the installation process. • Configuration and Deployment Guide describes various configurations required to set up the WebLogic server including LDAP setup.
Oracle Banking Microservices Architecture Services Installation	Oracle Banking Microservices Architecture Installer Guide describes the steps to install Oracle Banking Microservices Architecture services on designated environment.
Security Management System Services Installation	Security Management System Services Installation Guide describes the steps to install SMS Core services on designated environment.
Common Core Services Installation	Common Core Services Installation Guide describes the steps to install Common Core services on designated environment.
Party Services Installation	Party Services Installation Guide describes the steps to install Party services on designated environment.
Customer Services Installation	Customer Service Installation Guide describes the steps to install Customer services on designated environment.
Oracle Banking Origination Services Installation	Oracle Banking Origination Installation Guide describes the steps to install Oracle Banking Origination services on designated environment, and Initial Setup Scripts to create required maintenance for Oracle Banking Origination.
SSL Setup Guide	SSL Setup Guide describes the configurations for SSL on Oracle Weblogic application server.
Multi-Entity Deployment	Oracle Banking Multi-Entity Deployment Guide describes about the approach that could be considered as a reference, while moving into multi-entity model.

Table 1-1 (Cont.) Installation Index

Setup/Installation	Description of Guide
Troubleshooting	Troubleshooting Guide describes the resolution details for some of the known flyway related issues faced during the service deployments.
