This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software, software documentation, data (as defined in the Federal Acquisition Regulation), or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software," "commercial computer software documentation," or "limited rights data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Structure

This manual is organized into the following chapters:

- Preface gives information on the intended audience, structure, and related documents for this User Manual.
- The subsequent chapters provide an overview to the module.

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Related Documents

For more information on any related features, you can refer to the following documents:

- Procedures User Manual
- Messaging User Manual
- Core Entities and Services User Manual
- Settlements User Manual
- Oracle Banking Common Core User Guide

Conventions

The following text conventions are used in this document:

Convention	Meaning

3

Common Events

Events	Description
ACCR	Accrual This event is fired whenever a periodic commission is linked to an LC and it has to be accrued
AMND	Amendment This is the event fired whenever an LC is amended without any change in operation i.e. amendment from Preadvice to advice is not AMND but a change in the LC amount for the AMND event
AVAL	Availing an LC This is fired whenever an LC is availed i.e. the LC amount is actually paid.
CALC	Calculation of Commission This event too is fired when the calculation of the periodic commission takes place. It is a purely internal event.
CANC	Cancellation This is when an already issued or advices LC is cancelled.
CLIQ	Commission Liquidation This is the event when a periodic commission is liquidated
CLOS	Closure of an LC This is the event when the LC is finally closed after it has run its lifetime.
RAVL	Reversal of an Availment
REVR	Reversal of the Contract.
ROPN	Reopening of an LC after closure.
REAS	Reassign it means the reassignment of a contract from one user to another.
REIN	Reinstate This means the reinstatement of an LC to its original amount. It is similar to Rollover.
TRGN	Tracer generation Tracers are generated for Import LCs and when this is done this event is fired.
REVE	This event is to reverse the previous version creating event
