Introduction to OFS Loan Loss Forecasting and Provisioning Application Pack

International Financial Reporting Standards (IFRS) guidelines have set new requirements for the classification and measurement of financial assets and liabilities.

It specifies two approaches for the measurement of assets, namely, Amortized Cost and the Fair Value Approach. The scope of Oracle Financial Services Loan Loss Forecasting and Provisioning is to focus only on the Amortized Cost Approach.

3

OFS Loan Loss Forecasting and Provisioning Language Pack

This is a Language Pack release for OFS Loan Loss Forecasting and Provisioning Application Pack v8.1.2.0.4.

A language pack for a given language and release contains artifacts at the specific release level (in this case v8.1.2.0.0) that are translated to the specific language. The language supported in this release is Japanese.

4

Prerequisites

This document contains detailed information on the prerequisites requirements for the Language Pack

1. Install the OFS Loan Loss Forecasting and Provisioning Application Pack 8.1.2.0.0 before you proceed to the Language Pack Installation. Log in to [My Oracle Support](#) and search for **33813714** under the Patches & Updates Tab. For more information on installing this release, see the [OFS Loan Loss Forecasting and Provisioning Installation Guide](#).
