Oracle MICROS Tablet 700 Series Accessories

| ACCESSORY	DETAILS
Li-Polymer Battery *Part Number 7601701*	The High-Capacity Li-ion Polymer Battery allows for long use and quick swap without requiring the tablet to be docked. The battery can be charged separately using the 4-Bay Battery Charger or with the Oracle MICROS Tablet 700 Series tablets using the Desktop Charging Cradle, 4-Bay Tablet Charger, or external power adapter. Installing/uninstalling the battery: • To insert the battery, slide the battery into the battery compartment with the terminal slots aligned with the battery terminals, and then gently push into place. To remove the battery, use the battery latch on the back of the tablet to unlock and release the battery. **Note**: *The Tablet 720 requires BIOS v0.01.25ORC or greater to support the new Lithium-Ion Polymer battery. Download the BIOS update (patch number 28178739) from https://support.oracle.com*
