This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software, software documentation, data (as defined in the Federal Acquisition Regulation), or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, then the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software," "commercial computer software documentation," or "limited rights data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed, or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government's use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle®, Java, MySQL, and NetSuite are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners.

Intel and Intel Inside are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Epyc, and the AMD logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information about content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services unless otherwise set forth in an applicable agreement between you and Oracle. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

Preface

This preface contains the following sections:

- [Diversity and Inclusion](#)
- [Documentation Accessibility](#)

Diversity and Inclusion

Oracle is fully committed to diversity and inclusion. Oracle respects and values having a diverse workforce that increases thought leadership and innovation. As part of our initiative to build a more inclusive culture that positively impacts our employees, customers, and partners, we are working to remove insensitive terms from our products and documentation. We are also mindful of the necessity to maintain compatibility with our customers' existing technologies and the need to ensure continuity of service as Oracle's offerings and industry standards evolve. Because of these technical constraints, our effort to remove insensitive terms is ongoing and will take time and external cooperation.

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Oracle Health Connection Hub 1.0 (July 24, 2025)

The Oracle Health Connection Hub Release Notes for Release 1.0 provide information on the new features and solution changes that are available with this release.

This release contains the following sections:

- [Highlights](#)
This topic provides an overview of the functionality that is available with this release.
- [Intended Audiences](#)
This topic describes the intended audience for these Release Notes.
- [Solution Change Details](#)
This topic describes the solution changes that are available with this release.
- [Dependencies and Technical Requirements](#)
This topic describes the dependencies and other technical requirements for this release.

Highlights

This topic provides an overview of the functionality that is available with this release.

The following list provides a high-level overview of the capabilities provided with this release:

- Providers can now sign in to the Oracle Cloud Console to access Oracle Health Connection Hub.
- Providers can now assign the Connection Hub Service Manager Role.
- Providers can now use Oracle Health Connection Hub for Oracle Health Clinical Data Exchange.
- Providers can now use Oracle Health Connection Hub for Oracle Health Information Network (OHIN).

Intended Audiences

This topic describes the intended audience for these Release Notes.

This functionality is intended for healthcare provider organizations that want to onboard services such as Oracle Health Clinical Data Exchange and OHIN.

Solution Change Details

This topic describes the solution changes that are available with this release.

The following solution changes are available with this release:

Solution Change	Description, and UI Impact	Reference Materials	Validation Guidelines	Implementation and Maintenance Impact
Activate Subscriptions	You can now activate your subscription. UI Impact: Workflow (Automatic) Providers can now activate Oracle Health Connection Hub subscriptions.	Activate Your Account	Verify that you can successfully complete the workflows in the Reference Materials.	No implementation or maintenance impact.
Sign In	You can now sign in. UI Impact: Workflow (Automatic) Providers can now sign in to Oracle Health Connection Hub.	Sign In	Verify that you can successfully complete the workflows in the Reference Materials.	No implementation or maintenance impact.
