Oracle® Retail Merchandising Foundation Cloud Service Recent Orders Mobile User Guide, Release 23.1.201.0

Oracle welcomes customers' comments and suggestions on the quality and usefulness of this document.

Your feedback is important, and helps us to best meet your needs as a user of our products. For example:

- Are the implementation steps correct and complete?
- Did you understand the context of the procedures?
- Did you find any errors in the information?
- Does the structure of the information help you with your tasks?
- Do you need different information or graphics? If so, where, and in what format?
- Are the examples correct? Do you need more examples?

If you find any errors or have any other suggestions for improvement, then please tell us your name, the name of the company who has licensed our products, the title and part number of the documentation and the chapter, section, and page number (if available).

Note:

Before sending us your comments, you might like to check that you have the latest version of the document and if any concerns are already addressed. To do this, access the Online Documentation available on the Oracle Technology Network Web site. It contains the most current Documentation Library plus all documents revised or released recently.

Send your comments to us using the electronic mail address: retail-doc_us@oracle.com

Please give your name, address, electronic mail address, and telephone number (optional).

If you need assistance with Oracle software, then please contact your support representative or Oracle Support Services.

If you require training or instruction in using Oracle software, then please contact your Oracle local office and inquire about our Oracle University offerings. A list of Oracle offices is available on our Web site at <http://www.oracle.com>.

Preface

This document describes the Oracle Retail Merchandising Mobile User Interface. It provides step-by-step instructions to complete most tasks that are performed using the user interface.

Audience

This document is for users and administrators of Oracle Retail Merchandising such as buyers, inventory analysts and managers, and administrative personnel.

Documentation Accessibility

For information about Oracle's commitment to accessibility, visit the Oracle Accessibility Program website at <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=docacc>.

Access to Oracle Support

Oracle customers that have purchased support have access to electronic support through My Oracle Support. For information, visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=info> or visit <http://www.oracle.com/pls/topic/lookup?ctx=acc&id=trs> if you are hearing impaired.

Improved Process for Oracle Retail Documentation Corrections

To more quickly address critical corrections to Oracle Retail documentation content, Oracle Retail documentation may be republished whenever a critical correction is needed. For critical corrections, the republication of an Oracle Retail document may at times not be attached to a numbered software release; instead, the Oracle Retail document will simply be replaced on the Oracle Technology Network Web site, or, in the case of Data Models, to the applicable My Oracle Support Documentation container where they reside.

This process will prevent delays in making critical corrections available to customers. For the customer, it means that before you begin installation, you must verify that you have the most recent version of the Oracle Retail documentation set. Oracle Retail documentation is available on the Oracle Technology Network at the following URL:

<https://docs.oracle.com/en/industries/retail/index.html>

An updated version of the applicable Oracle Retail document is indicated by Oracle part number, as well as print date (month and year). An updated version uses the same part number, with a higher-numbered suffix. For example, part number E123456-02 is an updated version of a document with part number E123456-01.

If a more recent version of a document is available, that version supersedes all previous versions.

Oracle Retail Documentation on the Oracle Help Center (docs.oracle.com)

Oracle Retail product documentation is also available on the following Web site:

<https://docs.oracle.com/en/industries/retail/index.html>

(Data Model documents can be obtained through My Oracle Support.)

Conventions

The following text conventions are used in this document:

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

1

Overview

This guide describes the methods by which you review recent purchase orders from Merchandising. You can approve or reject one or multiple orders that are in worksheet and submitted status.

The following topics are discussed in this chapter:

- [Getting Started](#)
- [Recent Orders](#)
- [Order Summary Screen](#)
- [Order Details](#)
- [Order Actions: Order Summary and Order Detail Screens](#)

2

Getting Started

Merchandising has a mobile workflow for purchase orders. The Recent Orders workflow contains the following screens:

- Recent Orders
- Filter Criteria
- Order Summary
- Order Details

URL Path

To access the Merchandising Mobile workflows: <https://<hostname>/MerchMobile/>. Place this URL in a web browser and use the same login credentials used to log into the Merchandising desktop applications.

Security

Access to each of the Merchandising mobile workflows and actions within are controlled by the same privileges which grant access to the same functional areas in the desktop applications. For example, a user with the ability to create, view, modify and approve purchase orders in the desktop application, will be able to perform those same actions in the Recent Orders mobile workflow.

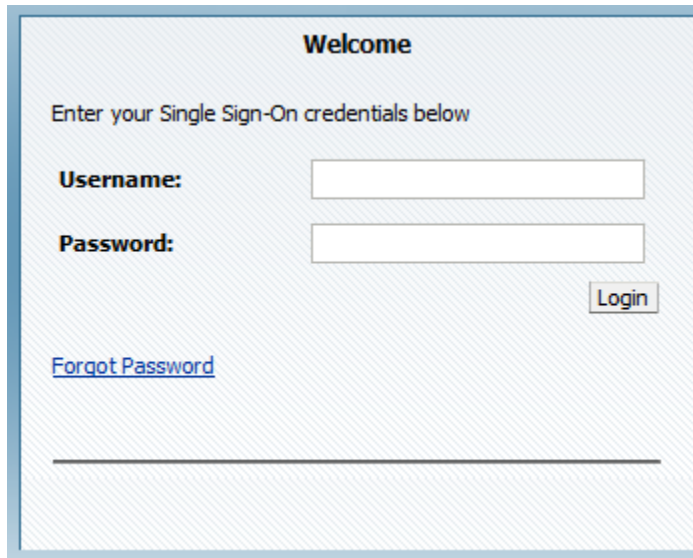

For more details on security privileges and the access granted by each, refer to the *Oracle Retail Merchandising Security Guide*.

Accessing the Recent Orders Workflow

When accessing the Recent Orders workflow for the first time, you will see a screen displayed indicating the need to set your default search criteria before Purchase Orders can be viewed. To access Recent Orders:

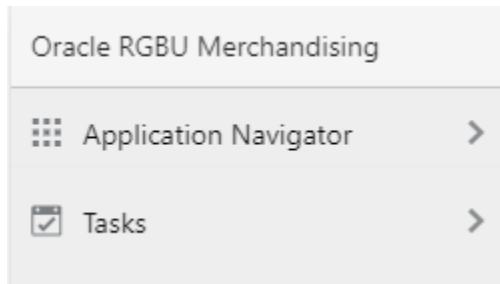

1. Login to the application.

Figure 2-1 Welcome Screen

2. Tap the Menu icon. The Merchandising options appear.

Figure 2-2 Merchandising Options

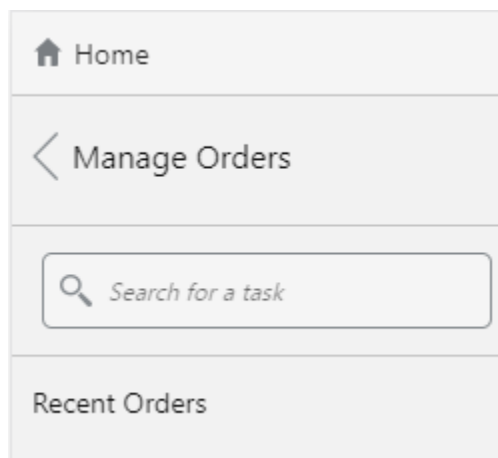

3. Tap Tasks. The Tasks options appear.

4. Tap Manage Orders. The Recent Orders task appears.

Figure 2-4 Recent Orders

5. Tap Recent Orders. The Recent Orders screen appears.

Figure 2-5 Recent Orders Screen

The screenshot shows the Oracle interface for the 'Recent Orders' screen. At the top, there is a navigation bar with the Oracle logo and a menu icon. Below it, the title 'Recent Orders' is displayed with a close button. A search bar is present with the placeholder text 'Search by Order No.' and icons for search, filter, and help. The main content area lists several orders, each with a status icon (checkmark or calendar), a name, an order number, a status, two dates, and a monetary value.

Status	Name	Order No.	Status	Start Date	End Date	Amount
✓	[Redacted] - Charlotte	2495002	Approved	12/16/19	12/17/19	200.00 USD

Recent Orders

Recent Orders Screen

The Recent Orders screen shows the list of orders based on the criteria selected. Actions include tapping an order in the list, which allows you to quickly select approve, reject, share, or update dates.

Figure 3-1 Recent Orders

The screenshot shows the Oracle 'Recent Orders' interface. At the top, there is a search bar labeled 'Search by Order No.' with a magnifying glass icon, a dropdown arrow, and a help icon. Below the search bar, a list of orders is displayed. Each order entry includes a status icon (checkmark or calendar), a supplier site name (blurred), an order number, a status (e.g., 'Approved' or 'Worksheet'), two dates, and a monetary value in USD.

Status	Supplier Site	Order Number	Status	Start Date	End Date	Amount (USD)
Approved	[Blurred]	2495002	Approved	12/16/19	12/17/19	200.00

Worksheet	[Blurred]	2465002	Worksheet	11/22/19	11/30/19	USD

Field	Description
Supplier Site	Displayed at the top of each order in bold
Order Number	Displays the numeric identifier for the purchase order.

Field	Description
Status	The description of the status of the order: <ul style="list-style-type: none"> • Worksheet (GRAY) • Submitted (GRAY) • Approved (GREEN) • Closed (GRAY)
Not Before Date	Not Before Date of the purchase order
Not After Date	Not After Date of the purchase order
Total Cost	The total cost of the order in order currency Example: 10,000.00 USD

**Note:**

Availability of action will be based on the status of the orders selected.

Filter Criteria

The Criteria screen sets and refines default search criteria. Each time the user logs into the Recent Orders mobile workflow, it renders their "Recent Orders" search list against the criteria saved here. To access the Filter Criteria screen:

1. Login to the application. See [Accessing the Recent Orders Workflow](#) for details.
2. Tap the Menu icon. The Merchandising options appear.
3. Tap Tasks. The Tasks options appear.
4. Tap Manage Orders. The Recent Orders task appears.
5. Tap Recent Orders. The Recent Orders screen appears.

Field	Description
Status	Limits the orders returned by an order's current status. You can select any status or a single status for which to return results. Valid values include: Any Status (Default), Worksheet, Submitted, Approved, and Closed. Note: Any Status is the default. It only returns the statuses listed above.
Created By	Limits the returned orders by a User ID. You can select one or more User IDs to be applied to the criteria from a list. This is defaulted to "All Users" the first time you enter this screen. If one User ID is selected, then the User ID is displayed. If multiple User IDs are selected, then this reads "Multiple Users".
Created Date	Limits the returned orders based on the create date for the Purchase Order. Valid values include: Today, Last 2 days, Last 7 days, Last 30 days, and All Dates (Default).
Supplier Site	Limits the returned orders to a specific supplier site. You can select one or more supplier sites to be applied to the criteria from a list. This is defaulted to "All Supplier Sites" when you access this screen for the first time. If one supplier site is selected, then the supplier site's ID is displayed. If multiple supplier sites are selected, then this reads "Multiple Supplier Sites". All active supplier sites are able to be selected, however if you are assigned to a specific organizational unit in Merchandising, then only those suppliers associated with the organizational unit associated with the user are able to be selected.
Origin	Limits the returned orders based on how they originated. Only one value can be selected to limit the criteria. Valid values include: Any Origin (Default), Current System Generated, Past System Generated, Manual, Buyer Worksheet, Consignment Sales Generated PO, Vendor Generated, AIP Generated PO, SIM Generated PO, Allocation Generated PO, Consignment Transfer Generated PO, and Consignment Ownership Generated PO.
Department	Limits the returned orders to only those that have corresponding items in the specified departments. If one department is selected, then the department's ID is displayed. If multiple departments are selected, then this reads "Multiple Departments". All departments are able to be selected, however it is limited based on any data level security for the user set in Merchandising.

The following three actions are available in the Filter Criteria screen:

- Tap **Cancel** to return to the Recent Orders screen without applying any new criteria selections.
- Tap **Reset** to reset the search criteria to the initial first time settings.
- Tap **Apply** to execute the search based on the choices made during criteria selection.

The following criteria has the ability to search for specific information and selects one or more values:

- Created By
- Supplier Site
- Departments

Tap on the following to access the search capabilities for the choices above:

- All Users
- All Supplier Sites
- All Departments

 **Note:**

It may not be these values always. If you had previously selected one or more values then it will not show as 'All Users' but either the specific user or multiple users for example.

Add Users is outlined here. The other choices use a similar process:

1. Tap the Created By criteria: All Users X icon to delete the criteria.
2. Tap anywhere in the Search by User box. A list of users and a keyboard appears.

Figure 3-4 Created by Search

The screenshot shows a 'Filter Criteria' dialog box with the following sections:

- Status:** A dropdown menu currently set to 'Any Status'.
- Created By:** A search input field with a list of suggestions below it. The suggestions include 'All Users', 'RMS01', 'RMS01APP', 'RMS01_USER1', 'RMS01_USER2', 'RMS01_USER3', and 'RMS01_USER4'. Each suggestion has a small 'X' icon to its right for deletion.
- Departments:** A search input field currently containing 'All Departments' with an 'X' icon to its right.

A virtual keyboard is overlaid on the bottom half of the screen, featuring a 'Done' button in blue. Below the keyboard are three buttons: 'Reset', 'Cancel', and 'Apply' (in blue).

3. Enter all or part of a user name. As you type, the list of names dynamically change.
4. Tap on the desired name.
5. Repeat Steps 3 and 4 to add more names. Any users selected based on the previously entered criteria remain in the list.
6. To delete a user, tap on the X icon next to each name in the list.

5. Tap anywhere on the screen to accept the new dates. Tapping **Cancel** discards any changes.
6. Tap **OK**. The Confirm pop up window appears.
7. Tap **Yes**. A pop up appears confirming the dates are updated.
8. Tap **OK**. The new dates appear in the corresponding fields for that order.

Share an Order

The Share button located in the bottom toolbar will enable you to send a summarized view of the orders on this page via SMS or e-mail to a contact. This will allow you to clarify information about the Purchase Order or provide an explanation for why it cannot be approved in its current state. To share a Purchase Order:

1. Tap the Share button in the Order Summary or Order Details screen.
