Chapter 1 Introduction

This Licensing Information document is a part of the product or program documentation under the terms of your Oracle license agreement and is intended to help you understand the program editions, entitlements, restrictions, prerequisites, special license rights, and/or separately licensed third party technology terms associated with the Oracle software program(s) covered by this document (the “Program(s)”). Entitled or restricted use products or components identified in this document that are not provided with the particular Program may be obtained from the Oracle Software Delivery Cloud website (<https://edelivery.oracle.com>) or from media Oracle may provide. If you have a question about your license rights and obligations, please contact your Oracle sales representative and/or contact the applicable Oracle License Management Services representative listed on <https://www.oracle.com/us/corporate/license-management-services/index.html>.

Chapter 2 Oracle Linux Support

2.1 Oracle Linux Support Levels

Oracle Linux support consists of the following support levels:

- Oracle Linux Premier Support
- Oracle Linux Basic Support
- Oracle Linux Network Support

The [Oracle Linux and Oracle VM Support Policies](#) identify the features for each support level. This licensing guide identifies additional entitlements and restricted use licenses which are available at a given support level(s).

2.2 Restricted Use Licenses Associated With Oracle Linux Support

The following software packages are licensed to customers with a valid Oracle Linux Support subscription, subject to the restricted use licenses provided below.

Product	Premier Support	Basic Support	Network Support	Licensing Information
Ksplice	Yes	No	No	You may download the Ksplice client software and system updates from the Ksplice channel on the Unbreakable Linux Network at https://linux.oracle.com and use it to update Oracle Linux and/or Red Hat Enterprise Linux as described in Oracle® Linux: Ksplice User's Guide Except for any separately licensed components, your use of the Ksplice client software is subject to these terms and Oracle's terms for your Oracle Linux Premier support subscription. You are entitled to use Ksplice only during the term of your Oracle Linux Premier Support subscription and only on machines that are covered by that subscription. Any kernel or other updates that you obtain as a result of using the Ksplice service are subject to separate open source license terms, which are provided with the updates. These terms are not intended to restrict or otherwise limit your use of any separately licensed software that is provided as part of the Ksplice service, including any open source or separately licensed components that are delivered as part of the Ksplice client software.

Chapter 3 Third-Party Notices and Licenses

The Oracle Linux programs contain many components that are developed by Oracle and various third parties. The license for each component is located in this licensing documentation and, or, in the component's source code. In addition, a list of components may be delivered with the Oracle Linux programs and the Additional Oracle Linux programs (as defined in the Oracle Linux License Agreement) or accessed online at <https://oss.oracle.com/linux/legal/oracle-list.html>. The source code for the Oracle Linux Programs and the Additional Oracle Linux programs can be found and accessed online at <https://oss.oracle.com/sources/>.
